IOTA FIRE PROTECTION DISTRICT OF THE
PARISH OF ACADIA, STATE OF LOUISIANA
Notes to the Financial Statements
December 31, 2003

INTRODUCTION

As provided by Louisiana Revised Statute Title 40, the fire protection district is governed by five commissioners who are resident property taxpayers of the district. These five commissioners are collectively referred to as the board of commissioners and are appointed by the Acadia Parish Police Jury and the Town of Iota. The members serve terms of two years. Vacancies are filled by the bodies making the original appointments. The fire protection district was created to acquire and maintain buildings, machinery, equipment, water tanks, water hydrants and water lines, and any other such things necessary to provide proper fire prevention and control within the district. The fire district is a component unit of the Acadia Parish Police Jury and it has a concentration of risk in that it is supported by the geographical area of the Town of Iota.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying general purpose financial statements of the Iota Fire District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Acadia Parish Police Jury is the financial reporting entity for Acadia Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Acadia Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and

IOTA FIRE PROTECTION DISTRICT OF THE
PARISH OF ACADIA, STATE OF LOUISIANA
Notes to the Financial Statements
December 31, 2003

- a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
 3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury created the district and is able to exercise influence on the district thru appointments, the district was determined to be a component unit of the Acadia Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity or on assets owned by the police jury but used by the district.

C. FUND ACCOUNTING

The district uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly effect net expendable available financial resources.

Funds of the district are classified as governmental funds. Governmental funds account for the district's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term debt. Governmental funds of the district include:

1. General Fund--the general operating fund of the district and accounts for all financial resources, except those required to be accounted for in other funds.

IOTA FIRE PROTECTION DISTRICT OF THE
PARISH OF ACADIA, STATE OF LOUISIANA
Notes to the Financial Statements
December 31, 2003

2. Debt Service Fund--accounts for transactions relating to resources retained and used for payment of principal and interest on those long-term obligations recorded in the general long-term obligations account group.

Fixed assets are accounted for in the general fixed asset account group, rather than in the General Funds. No depreciation had been provided on general fixed assets. All fixed assets are valued at historical cost. The account group is not a fund. It is concerned only with measurement of financial position and does not involve measurement of results of operations.

Long term liabilities expected to be financed from governmental funds are accounted for in the general long-term debt account group. Long-term debt is recognized as a liability of a governmental fund when due.

D. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operation statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by the governmental funds. The governmental funds use the following practices in recording revenues and expenditure:

Revenues are recognized in the accounting period in which they become available and measurable. Specifically, ad valorem taxes are mailed to property owners by the Acadia Parish Sheriff in November of each year and are generally collected the following year. The revenues are budgeted to be spent after they are collected. Liens for non payment are generally placed in August of the ensuring year. Fire insurance rebates are recognized in the year collected.

Expenditures

Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable. Principal and interest on long-term debt are recorded in the accounting period that they were paid.

Other Financing Sources (Uses)

Transfers between funds that are not expected to be repaid (and any other financing source/use) are accounted for as other financing sources (uses). These transactions are recorded as they take place.

E. BUDGETS

The district uses the following practices:

The proposed budget was prepared on the modified accrual basis of accounting 15 days prior to the beginning of the year. The budget included all amendments and all appropriations lapse at year end.

Revenues

F. BOARD MEMBERS PER DIEM

Board members and officers received the following per diem for their services for the year ended December 31, 2003.

Robert Walker - President	\$ 360
Euna Raspberry	150
Mahlon McCoy	210
Darrell Trahan	360
Phil Lacasse	360
Mike Pousson	360
Phillis LeJeune - Secretary	<u>360</u>
	<u>\$2,160</u>

G. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments purchased with original maturities of 90 days or less.

Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the district may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. All cash was secured by FDIC insurance and a \$100,000 Federal Home Loan Bank Bond.

H. FIXED ASSETS

Fixed assets are recorded as expenditures at the time purchased or constructed, and the related assets are capitalized (reported) in the general fixed assets account group. No depreciation has been provided

IOTA FIRE PROTECTION DISTRICT OF THE
 PARISH OF ACADIA, STATE OF LOUISIANA
Notes to the Financial Statements
December 31, 2003

on general fixed assets. All fixed assets are valued at historical cost.

I. COMPENSATED ABSENCES

The district has no employees and therefore has no accrual for compensated absences.

J. LONG-TERM OBLIGATIONS

Long-term obligations expected to be financed from governmental funds are reported in the general long-term obligations account group.

Expenditures for principal and interest payments for long-term obligations are recognized in the governmental funds when due.

K. TOTAL COLUMNS ON STATEMENTS

The total columns on the statements are captioned Memorandum only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

3. LEVIED TAXES

The following is a summary of authorized and levied ad valorem taxes:

	<u>Levied Millage</u>
<u>General Obligation Bonds</u>	<u>11.49</u>
<u>Maintenance Funding</u>	<u>10.60</u>

4. CASH AND CASH EQUIVALENTS

At December 31, 2003, the district has cash and cash equivalents and investments (book balances) totaling \$179,053 as follows:

Demand deposits / Savings	\$ 28,014
Certificates of Deposit	<u>151,039</u>
	<u>\$179,053</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or resulting bank balance) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent

bank in a holding or custodial bank that is mutually acceptable to both parties. At December 31, 2003 the district has \$179,053 in deposits. All deposits are insured by the FDIC or collateralized by security agreements.

5. CHANGES IN GENERAL FIXED ASSETS

A summary of changes in general fixed assets follows:

	Balance January 1, 2003	Additions	Deductions	Balance December 31, 2003
Land, Buildings & Equipment	\$ 475,710	\$54,320	\$ -	\$ 530,030
Total	<u>\$ 475,710</u>	<u>\$54,320</u>	<u>\$ -</u>	<u>\$ 530,030</u>

6. CHANGES IN GENERAL LONG-TERM OBLIGATIONS

The fire district issued general obligation bonds for the purpose of acquiring buildings, machinery and equipment to be used in giving fire protection to the district. The bonds were issued during 1996, in the amount of \$300,000, to be retired annually in various installment amounts with interest at 6.25% per annum, secured by unlimited ad valorem taxation.

Balance January 1, 2003	\$215,000
Principal Payments	<u>(20,000)</u>
Balance December 31, 2003	<u>\$195,000</u>

The annual requirements to amortize all bonds outstanding at December 31, 2003 including interest payments of \$50,075 are as follows:

2004	30,907
2005	29,683
2006	28,510
2007	32,238
2008	30,800
2009-2011	<u>92,937</u>
	<u>\$245,075</u>

7. CONCENTRATION OF RISKS

The district serves citizens of Rural Acadia Parish, Louisiana.

8. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Independent Accountants' Report on Applying Agreed-Upon Procedures

To the Iota Fire Protection District

We have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of the Iota Fire Protection District and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about Iota Fire Protection District compliance with certain laws and regulations during the year ended December 31, 2003 included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$15,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:221151 (the public bid law)

There were no expenditures in excess of Public Bid Law requirements.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

The District has no employees.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

The District has no employees.

Budgeting

5. Obtained a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the amended budget.

6. Trace the budget adoption and amendments.

We traced the adoption of the original budget to the minutes of a meeting held in December 2002, which indicated that the budget had been adopted by the Board of Directors. The Budget was amended prior to the end of 2003.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual total revenues and expenditures for the year did not exceed budgeted amounts by more than 5%.

Accounting and Reporting

8. Randomly select 6 disbursements made during the period under examination and:
 - (a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

- (b) determine if payments were properly coded to the correct fund and general ledger account; and

The payments were properly coded.

- c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approvals from Board of Directors.

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

The District is only required to post a notice of each meeting and the accompanying agenda on the door of the district's office building.

The regular meetings and agendas are posted once a year and any special meetings were advertised.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advance and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advance, or gifts.

The District has no employees.

Our prior year report, dated December 31, 2002, did not include any comments or unresolved matters.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you. This report is intended solely for the use of management of the Iota Fire Protection District and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purpose. However, this report is a matter of public record and its distribution is not limited.
