INDEPENDENT AUDITOR'S REPORT

Board of Directors
Louisiana State Board of Examiners of Interior Designers
Baton Rouge, Louisiana

I have audited the accompanying financial statements of the Louisiana State Board of Examiners of Interior Designers, a component unit of the State of Louisiana, as of and for the year ended June 30, 2004, as listed in the table of contents. These financial statements are the responsibility of the Louisiana State Board of Examiners of Interior Designers management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Audit Standards*, issued by the Controller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

As discussed in Note A, the financial statements present only the Louisiana State Board of Examiners of Interior Designers and do not purport to, and do not, present fairly the financial position of the State of Louisiana of the *Office of the Governor*, as of June 30, 2004 and the changes in financial position and cash flows, for the year ended in conformity with accounting principles generally accepted in the United States of America.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Louisiana State Board of Examiners of Interior Designers a component unit of the State of Louisiana, as of June 30, 2004, and the changes in financial position and cash flows for the year ended June 30, 2004, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Audit Standards*, I have also issued my report dated August 14, 2004, on my consideration of Louisiana State Board of Examiners of Interior Designers internal control over financial reporting and my test of its compliance with certain provision of laws, regulations, and contracts. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of my audit.

Independent Auditor's Report

August 14, 2004

Page 2

The Management's Discussion and Analysis on pages 4 - 6 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

My audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of Louisiana State Board of Examiners of Interior Designers a component unit of the State of Louisiana. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

**Report on Compliance and on Internal Control over Financial Reporting
Based on an Audit of Financial Statements Performed in Accordance with Government
Auditing Standards**

I have audited the financial statement of the Louisiana State Board of Examiners of Interior Designers, a component unit of the State of Louisiana, as of and for the year ended June 30, 2004, and have issued my report thereon dated August 14, 2004. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Louisiana State Board of Examiners of Interior Designers, a component unit of the State of Louisiana, financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on the compliance with those provisions was not an objective on my audit and, accordingly, I do not express such an opinion. The results of my test disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, I have noted certain immaterial instances of noncompliance that I have reported to management of the Louisiana State Board of Examiners of Interior Designers in a separate letter dated August 14, 2004.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Louisiana State Board of Examiners of Interior Designers internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the specific internal control structure elements does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I have noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses. However, I have noted a certain immaterial instances of noncompliance that I have reported to management of the Louisiana State Board of Examiners of Interior Designers in a separate letter dated August 14, 2004.

This report is intended solely for the information of management and interested federal and state agencies and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

LOUISIANA STATE BOARD OF EXAMINERS AND INTERIOR DESIGNERS
STATE OF LOUISIANA
Notes to Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Introduction

The Louisiana State Board of Examiners of Interior Designers (the Board) is a component unit of the State of Louisiana under the Office of the Governor, as provided by Louisiana Revised Statutes (LSA-R.S) 36:4.1 and 37:3173. The Board is composed of seven members, five of whom shall be registered interior designers and a citizen of Louisiana. Three members shall be selected from a list of nine names from its membership submitted by the American Society of Interior Designers, two shall be selected from licensed or registered interior designers and one shall be selected from its membership. The members serve a four year term and a maximum of two consecutive terms. The Board is charged with adopting rules of organization, practice and procedure; establish criteria for eligibility for licensing and to provide for the taking of examinations. Operations of the Board are funded entirely through self-generated revenues.

Reporting Entity

Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included in the reporting entity. In conformance with GASB Codification Section 2100, this entity is a component unit of the State of Louisiana because the governor appoints the board members, the state exercises oversight responsibility, and public service is rendered within the state's boundaries. The accompanying financial statements present only the transactions of the Louisiana State Board of Examiners of Interior Designers as a component unit of the State of Louisiana.

Basis of Presentation

The financial statements of the Board are prepared in accordance with generally accepted accounting principles (GAAP) generally accepted in the United States of America. The Board's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and applicable Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The Board may also apply all FASB pronouncements or interpretations issued after November 30, 1989, except for those that conflict with or contradict GASB pronouncements.

Basis of Accounting

The accompanying financial statement have been prepared in conformity with general accepted accounting principles (GAAP) generally accepted in the United States of America using the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

LOUISIANA STATE BOARD OF EXAMINERS AND INTERIOR DESIGNERS
STATE OF LOUISIANA
Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits that mature within 90 days after year end and other investments with original maturities of 90 days or less. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or under the laws of the United States.

Under state law, the districts may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days. However, if the original maturities are 90 days or less, they are classified as cash equivalents.

Capital Assets

Capital assets purchased in excess of \$5,000 are recorded at historical cost and depreciated over their estimated useful lives (excluding salvage value). Estimated useful life is management's estimate of how long the asset is estimated to meet service demands. Straight line depreciation is used based on the following estimated useful lives:

Furniture	5-7 years
Equipment	5-10 years

Revenues and Expenses

Revenues and expense are recorded on the accrual basis of accounting. Operating income includes revenues and expenses related to the continuing operation of the license Board. Principal operating revenues are license renewal and continuing education fees charged to licensees for the renewal of their license. Principal operating expenses are the costs of providing services and includes administrative expenses. Other revenues and expenses are classified as non-operating in the financial statements. Licenses are renewed on January 1, of each year. Using the accrual method of accounting, the revenues for licenses are recorded in the Statement of Activities as earned. Expenses are recorded as they are incurred.

LOUISIANA STATE BOARD OF EXAMINERS AND INTERIOR DESIGNERS
STATE OF LOUISIANA
Notes to Financial Statements

Encumbrances

Encumbrance accounting is used to record purchase orders as they are incurred to reserve that portion of the application appropriation. This method of accounting is not employed.

Statement of Cash Flows

This statement is prepared using the direct method. For purposes of this statement, this entity considers all highly liquid investments with a maturity of three months or less when purchased as a cash equivalent.

2. BUDGET PRACTICES

The budget is legally adopted and amended, as necessary, by the Board. All expenditure appropriations lapse at year end. The budgeted amounts are not included in the financial statements.

3. LITIGATION

There are no judgments, claims or similar contingencies pending against the Board at June 30, 2004.

4. BOARD MEMBERS' PER DIEM

The Board members are paid per diem of \$97 per day for each day in actual attendance of board meetings and for attending to official business of the Board as authorized by the House Concurrent Resolution No. 54 of the 1979 Session of the Louisiana Legislature.

5. COMPENSATED ABSENCES

A. Annual and Sick Leave

The Louisiana State Board of Examiners of Interior Designers has the following policy related to annual and sick leave for the Board's unclassified clerical employees. The earning of annual and sick leave is based on the equivalent of full-time services. It is credited at the end of each month of regular service. Accrued unused annual and sick leave shall be carried forward to the succeeding calendar year without limitation. Annual leave must be applied for by the employee and may only be used when approved by the Board.

There was no liability for compensated absences for the year ended June 30, 2004.

6. OPERATING LEASES

The total payment for operating leased during fiscal year 2004 amounted to \$ 7,061 during the year. The annual lease payments are as follows:

2005	\$ 8,100
2006	<u>6,750</u>
	\$ 14,850

Statement D

STATE OF LOUISIANA

Louisiana State Board of Examiners of Interior Designers (BTA)

Notes to the Financial Statement

As of and for the year ended June 30, 2004____

INTRODUCTION

The Louisiana State Board of Examiners of Interior Designers was created by the Louisiana State Legislature under the provisions of Louisiana Revised Statute 37:3173. The following is a brief description of the operations of Louisiana State Board of Examiners of Interior Designers which includes the parish/parishes in which the Board is located:

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. BASIS OF ACCOUNTING

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of Louisiana State Board of Examiners of Interior Designers present information only as to the transactions of the programs of the Louisiana State Board of Examiners of Interior Designers as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the Louisiana State Board of Examiners of Interior Designers are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

Expense Recognition

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized in the period incurred, if measurable.

B. BUDGETARY ACCOUNTING

The appropriations made for the operations of the various programs of the Louisiana State Board of Examiners of Interior Designers are annual lapsing appropriations.

1. The budgetary process is an annual appropriation valid for one year.
2. The agency is prohibited by statute from over expending the categories established in the budget.
3. Budget revisions are granted by the Joint Legislative Budget Committee, a committee of the Louisiana Legislature. Interim emergency appropriations may be granted by the Interim Emergency Board.
4. The budgetary information included in the financial statements include the original appropriation plus subsequent amendments as follows:

C. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (If all agency cash and investments are deposited in the State Treasury, disregard Note C.)

1. DEPOSITS WITH FINANCIAL INSTITUTIONS

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the Louisiana State Board of Examiners of Interior Designers may deposit funds within a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the Board may invest in time certificates of deposit of state banks organized under the laws of Louisiana, national banks having their principal office in the state of Louisiana, savings accounts or shares of savings and loan associations and savings banks, and share accounts and share certificate accounts of federally or state chartered credit unions.

For the purpose of the Statement of Cash Flows, all highly liquid investments (including restricted assets with a maturity of three months or less when purchased) are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

Following the issuance of GASB Statement 3, deposits were classified into three categories of custodial credit risk depending on whether they were insured or collateralized, and who held the collateral and how it was held.

Category 1 – Deposits that are covered by insurance (FDIC) or collateralized with securities that are held by the entity in the entity's name or registered in the entity's name. **(separate disclosure no longer required)**

Category 2 – Deposits that are not insured but are collateralized with securities that are held by the financial institution's trust department or agent and are in the entity's name. **(separate disclosure no longer required)**

Category 3 – Deposits that are not covered by insurance and also are not collateralized. Not collateralized includes when the securities (collateral) are held by the financial institution's trust department or agent and they are not in the entity's name. **(separate disclosure still required)**

GASB Statement 40 only requires category 3 deposits to be disclosed in the custodial credit risk section of Note C. If an entity has deposits exposed to custodial credit risk category 3, it should

disclose the amount of those balances, the fact that they are uninsured, and whether the balances are either uncollateralized, collateralized with securities held by the pledging financial institution,

or collateralized with securities held by the pledging financial institution's trust department or agent, but not in the entity's name.

The deposits at June 30, 2004, consisted of the following:

Notes to the Financial Statement
As of and for the year ended June 30, 2004

Investments can be classified according to the level of risk to the entity. Using the following categories, list each type of investment disclosing the carrying amount, market value, and applicable category of risk. **Beginning with fiscal year ending June 30, 2004, only risk category 3 has to be broken out separately. However, the total reported amount and fair value columns still must be reported for total investments (including category 3).**

Category 1 - Insured or registered in the entity's name, or securities held by the entity or its agent in the entity's name. (separate disclosure no longer required)

Category 2 - Uninsured and unregistered with securities held by the counterparty's trust department or agent in the entity's name. (separate disclosure no longer required)

Category 3 - Unsecured and unregistered with securities held by the counterparty, or by its trust department or agent but not in the entity's name. (separate disclosure still required)

NOTE: GASB Statement 40 requires investments to be listed by type, and whether any of those are category 3 investments. If so, those category 3 investments are reported in one of two separate columns depending upon whether they are held by a counterparty, or held by a counterparty's trust department or agent not in the entity's name.

G. LEAVE N/A

1. COMPENSATED ABSENCES

The _____ (BTA) has the following policy on annual and sick leave: (Describe leave policy.)

An example disclosure follows:

Employees earn and accumulate annual and sick leave at various rates depending on their years of service. The amount of annual and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused annual leave at the employee's hourly rate of pay at the time of termination. Upon retirement, unused annual leave in excess of 300 hours plus unused sick leave is used to compute retirement benefits.

The cost of leave privileges, computed in accordance with GASB Codification Section C60, is recognized as a current year expenditure in the fund when leave is actually taken; it is recognized in the enterprise funds when the leave is earned. The cost of leave privileges applicable to general government operations not requiring current resources is recorded in long-term obligations.

2. COMPENSATORY LEAVE

Employees who are considered having non-exempt status according to the guidelines contained in the Fair Labor Standards Act may be paid for compensatory leave earned (K-time). Upon termination or transfer, an employee will be paid for any time and one-half compensatory leave earned and may or may not be paid for any straight hour-for-hour compensatory leave earned. Compensation paid will be based on the employees' hourly rate of pay at termination or transfer. The liability for accrued payable compensatory leave at _____ (fiscal close) computed in accordance with the Codification of Governmental Accounting and Financial Reporting Standards, Section C60.105 is estimated to be \$ _____. The leave payable (is) (is not) recorded in the accompanying financial statements.

H. RETIREMENT SYSTEM

Substantially all of the employees of the (BTA) are members of the _____ (System), a cost sharing multiple-employer, defined benefit pension plan. The System is a statewide public employee retirement system (PERS) for the benefit of state employees, which is administered and controlled by a separate board of trustees.

All full-time (BTA) employees are eligible to participate in the System. Benefits vest with 10 years of service. At retirement age, employees are entitled to annual benefits equal to \$300 plus 2.5% of their highest consecutive 36 months' average salary multiplied by their years of credited service.

STATE OF LOUISIANA

Louisiana State Board of Examiners of Interior Designers (BTA)

Notes to the Financial Statement

As of and for the year ended June 30, 2004____

Vested employees are entitled to a retirement benefit, payable monthly for life at (a) any age with 30 years of service, (b) age 55 with 25 years of service, or (c) age 60 with 10 years of service. In addition, vested employees have the option of reduced benefits at any age with 20 years of service. The System also provides death and disability benefits. Benefits are established or amended by state statute. The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the State Employees Retirement System, Post Office Box 44213, Baton Rouge, Louisiana 70804-4213, or by calling (225) 922-0608 or (800) 256-3000.

Members are required by state statute to contribute 7.5% of gross salary, and the (BTA) is required to contribute at an actuarially determined rate as required by R.S. 11:102. The contribution rate for the fiscal year ended June 30, 20__, decreased to ____% of annual covered payroll from the ____% and ____% required in fiscal years ended June 30, 2003 and 2002, respectively. The (BTA) contributions to the System for the years ending June 30, 2004, 2003, and 2002, were \$____, \$____, and \$____, respectively, equal to the required contributions for each year.

I. POST RETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS N/A

GASB 12 requires the following disclosures about an employer's accounting for post retirement health care and life insurance benefits:

1. A description of the benefits provided and the employee group covered.
2. A description of the accounting and funding policies followed for those benefits.
3. The cost of those benefits recognized for the period, unless the costs are not readily determinable.**
4. The effect of significant matters affecting the comparability of the costs recognized for all periods presented.

****If the cost of any post retirement health care or life insurance benefits cannot readily be separated from the cost of providing such benefits for active employees or otherwise be reasonably approximated, the total cost of providing those benefits to active employees and retirees, as well as the number of active employees and the number of retirees covered by the plan must be disclosed.**

Substantially all (BTA) employees become eligible for post employment health care, dental and life insurance benefits if they reach normal retirement age while working for the (BTA). These benefits for retirees and similar benefits for active employees are provided through an insurance company whose premiums are paid jointly by the employee and the (BTA). For 2004, the cost of providing those benefits for the ____ retirees totaled \$_____.

The _____(BTA) provides certain continuing health care and life insurance benefits for its retired employees. Substantially all (BTA) employees become eligible for those benefits if they reach normal retirement age while working for the (BTA). Those benefits for retirees and similar benefits for active employees are provided through an insurance company whose monthly premiums are paid jointly by the employee and by the (BTA). The (BTA) recognizes the cost of providing these benefits ((BTA)'s portion of premiums) as an expenditure when paid during the year, which was \$_____ for the year ended _____, 20____. The cost of providing those benefits for _____ retirees is not separable from the cost of providing benefits for the _____ active employees. (or, The (BTA)'s cost of providing retiree health care and life insurance benefits are recognized as expenditures when the monthly premiums are paid. For the year ended _____, 20____ the costs of _____ retiree benefits totaled \$_____).

3. LESSOR DIRECT FINANCING LEASES N/A

A lease is classified as a direct financing lease (1) when any one of the four capitalization criteria used to define a capital lease for the lessee is met and (2) when both the following criteria are satisfied:

- Collectibility of the minimum lease payments is reasonably predictable.
- No important uncertainties surround the amount of the unreimbursable costs yet to be incurred by the lessor under the lease.

STATE OF LOUISIANA

Notes to the Financial Statement

As of and for the year ended June 30, 2004 _____

Provide a general description of the direct financing agreement, and complete the chart below:

<u>Composition of lease</u>	<u>Date of lease</u>	<u>Minimum lease payment receivable</u>	<u>Remaining Interest to end of lease</u>	<u>Remaining Principal to end of lease</u>
a. Office space	_____	\$ _____	\$ _____	\$ _____
b. Equipment	_____	_____	_____	_____

4. LESSOR – OPERATING LEASE N/A

When a lease agreement does not satisfy at least one of the four criteria (common to both lessee and lessor accounting), and both of the criteria for a lessor (collectibility and no uncertain reimbursable costs), the lease is classified as an operating lease. In an operating lease, there is no simulated sale and the lessor simply records rent revenues as they become measurable and available.

Q. COOPERATIVE ENDEAVORS N/A

LRS 33:9022 defines cooperative endeavors as any form of economic development assistance between and among the state of Louisiana, its local governmental subdivisions, political corporations, public benefit corporations, the United States government or its agencies, or any public or private association, corporation, or individual. The term cooperative endeavor includes cooperative financing, cooperative development, or any form of cooperative economic development activity. The state of Louisiana has entered into cooperative endeavor agreements with certain entities aimed at developing the economy of the state.

Some cooperative endeavor contracts are not coded with a document type of "COP" on the Contract Financial Management Subsystem (CFMS), but are considered cooperative endeavors. Include these below with your cooperative endeavor contracts coded with a document type of "COP". Examples of contracts that are considered cooperative endeavors, but are not coded with a document type of "COP" include contracts that fall under delegated authority, Facility Planning and Control "CEA" contracts, certain federal government contracts, contracts that legislative auditors may have designated as such within your agency, work incumbent programs, etc. In prior years, this information was requested as supplemental documentation after the AFRs were submitted, usually in October or November.

The liability outstanding as of June 30, 2004, by funding source, is as follows:

W. SUBSEQUENT EVENTS N/A

[Disclose any material event(s) affecting the (BTA) occurring between the close of the fiscal period and issuance of the financial statement.]

X. SEGMENT INFORMATION N/A

Governments that report enterprise funds or that use enterprise fund accounting and reporting standards to report their activities are required to present segment information for those activities in the notes to the financial statements. For the purposes of this disclosure, a segment is an identifiable activity (or group of activities), reported as or within an enterprise fund or an other stand-alone entity that has one or more bonds or other debt instruments outstanding, with a revenue stream pledged in support of that debt. In addition, the activity's revenues, expenses, gains and losses, assets, and liabilities are required to be accounted for separately. This requirement for separate accounting applies if imposed by an external party, such as accounting and reporting requirements set forth in bond indentures. Disclosure requirements for each segment should be met by identifying the types of goods and services provided and by presenting condensed financial statements in the notes, including the elements in A through C below (GASB 34, paragraph 122, as modified by GASB 37, paragraph 17.)

Type of goods or services provided by the segment _____.

A. Condensed Balance Sheet:

- (1) Total assets – distinguishing between current assets, capital assets, and other assets. Amounts receivable from other funds or BTA's should be reported separately.
- (2) Total liabilities – distinguishing between current and long-term amounts. Amounts payable to other funds or BTA's should be reported separately.
- (3) Total net assets – distinguishing among restricted; unrestricted; and amounts invested in capital assets, net of related debt.

To the Board of Directors of the Louisiana
State Board of Examiners of Interior
Designers
Baton Rouge, Louisiana

I have audited the basic financial statements of the Louisiana State Board of Examiners of Interior Designers, as of and for the year ended June 30, 2004, and have issued my report thereon dated August 14, 2004. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Controller General of the United States.

As a part of my examination, I have issued my report on the financial statements, dated August 14, 2004, and my report on internal control and compliance with laws, regulations, and contracts, dated August 14, 2004.

During the course of my examination, I became aware of the following matters which represent immaterial deviations of compliance or suggestions for improved internal controls.

Budget

Observation

The differences between the actual revenues and expenditures and those budgeted were greater than 10% over actual amounts. Further observation in reviewing the Board minutes determined the Board was not amending the budget when known circumstances existed that either increased or decreased revenues and expenditures.

Recommendation

The budget should be review by the board along with the financial statements at each meeting. If circumstances are known or events are evident that would change budgeted amounts, the original budget should be changed to reflect any determinable increases of decreases.

Observation

RS: 39:1335 require licensing agencies to submit their proposed budgets to the respective State agencies no later than January 1, of each year, the Board did not approve the budget until May of 2004.

Recommendation

The proposed budget should be approved by the Board before the January 1, and submitted to the Joint Legislative Committee on the Budget, to each chairman of standing committee of the legislative having jurisdiction as listed in RS 49:968, to the legislative auditor, and to the legislative fiscal office, after the budget has been approved.

Bank Account

Observation

Authorized signatures obtained from Bank One account number 000002006007422 indicated a past board member and past employee have authorized signatures on this account.

Recommendation

The authorized signature on this account should be changed to include only current members of the board and employees. These signature cards should be updated each time there is a change of board member and/or employee that needs to be listed on this card.

I recommend management address the foregoing issues as an improvement to operations and the administration of public programs. I am available to further explain the suggestions or help implement the recommendations.

In answer to your letter dated August 22, 2004.

Budget

Observation

The differences between the actual revenues and expenditures and those budgeted were greater than 10% over actual amounts. Further observation in reviewing the board minutes determined the board was not amending the budget when known circumstances existed that either increased or decreased revenues and expenditures.

Recommendation

The budget should be reviewed by the board along with the financial statement at each meeting. If circumstances are known or events are evident that would change budgeted amounts, the original budget should be changed to reflect any determinable increases or decreases.

Response

I will bring your recommendation to the board. And make sure they have a copy of Chapter 9-A, Louisiana Licensing Agency Budget Act.

Observation

RS: 39:1335 requires licensing agencies to submit their proposed budget to the respective State agencies no later than January 1, of each year, the Board did not approve the budget until May of 2004.

Recommendation

The proposed budget should be approved by the board before January 1, and submitted to the Joint Legislative Committee on the Budget, to each chairman of standing committee of the legislature having jurisdiction as listed in RS 49:968, to the legislative auditor, and to the legislative fiscal office, no later than January 1 of each year.

Response

The budget was submitted to the Joint Legislative Committee on the Budget by January 1, 2004, but was not put on the agenda for board meeting until May 2004.

Bank Account

Observation

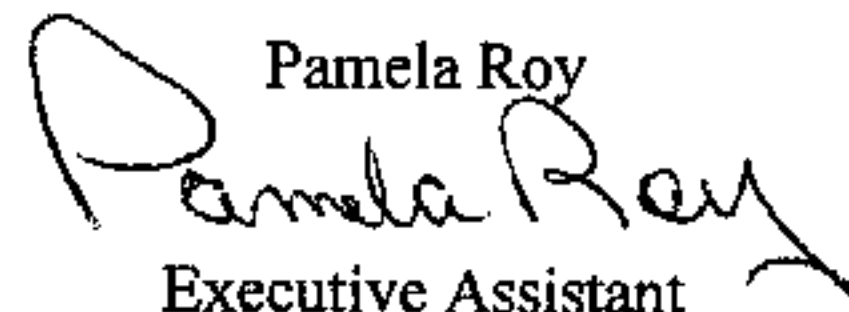

Authorized signatures obtained from Bank one account number 000002006007422 indicated a past board member and past employee have authorized signatures on this account.

Recommendation

The authorized signature on this account should be changed to include only current members of the board and employees. These signature cards should be changed each time there is a change of board member and employees that are listed on this card.

Response

I have obtained the new signature card and a copy of the "Patriot Act" of requirements to obtain a checking account in the USA. I will inform the board of what is required before the next board meeting so they can have the necessary information with them to sign the signature card and "Patriot Act" information.
