Independent Auditors' Report

FRANKLIN PARISH POLICE JURY
Winnsboro, Louisiana

We have audited the primary government financial statements of the Franklin Parish Police Jury, as of December 31, 2003, and for the year then ended, as listed in the table of contents. These primary government financial statements are the responsibility of the Franklin Parish Police Jury's management. Our responsibility is to express an opinion on these primary government financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the primary government financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the primary government financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

A primary government is a legal entity or body politic and includes all funds, organizations, institutions, agencies, departments, and offices that are not legally separate. Such legally separate entities are referred to as component units. In our opinion, the primary government financial statements present fairly, in all material respects, the financial position of the primary government of Franklin Parish Police Jury, as of December 31, 2003, and the results of its operations for the year then ended, in conformity with U.S. generally accepted accounting principles.

However, the primary government financial statements, because they do not include the financial data of component units of the Franklin Parish Police Jury, do not purport to, and do not, present fairly the financial position of the Franklin Parish Police Jury at December 31, 2003, and results of its operations for the year then ended in conformity with U.S. generally accepted accounting principles.

FRANKLIN PARISH POLICE JURY

Winnsboro, Louisiana
Independent Auditors' Report,
December 31, 2003

Our audit was made for the purpose of forming an opinion on the primary government financial statements taken as a whole. The supplemental information schedules listed in the table of contents, including the schedule of expenditures of federal awards as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for the purpose of additional analysis and are not a required part of the primary government financial statements of the Franklin Parish Police Jury. Such information has been subjected to the auditing procedures applied in the audit of the primary government financial statements and, in our opinion, is fairly presented in all material respects in relation to the primary government financial statements taken as a whole.

In accordance with *Government Auditing Standards*, we have also issued reports dated March 17, 2004, on our consideration of the Franklin Parish Police Jury's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. These reports are an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Notes to the Financial Statements
As of and for the Year Ended December 31, 2003

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The *Franklin Parish Police Jury* is the governing authority for Franklin Parish and is a political subdivision of the State of Louisiana. The police jury is governed by seven jurors representing the various districts within the parish. The jurors serve four-year terms which expire in December, 2003.

Louisiana Revised Statute 33:1236 gives the police jury various powers in regulating and directing the affairs of the parish and its inhabitants. The more notable of those are the powers to make regulations for their own government, to regulate the construction and maintenance of roads and bridges, to regulate the construction and maintenance of drainage systems, to regulate the sale of alcoholic beverages, and to provide for the health and welfare of the poor, disadvantaged, and unemployed in the parish. Funding to accomplish these tasks is provided by ad valorem taxes, sales taxes, beer and alcoholic beverage permits, state revenue sharing, and various other state and federal grants.

In accomplishing its objectives, the police jury also has the authority to create special districts (component units) within the parish. The districts perform specialized functions, such as fire protection, water distribution, sewerage collection and disposal, drainage control, library facilities, and health care facilities.

A. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Franklin Parish Police Jury is the financial reporting entity for Franklin Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 (Codification Section 2100.120-140) establishes criteria for determining which component units should be considered part of the Franklin Parish Police Jury for financial reporting purposes. The basic criteria for including a potential component unit within the reporting entity is financial accountability. This criteria includes:

FRANKLIN PARISH POLICE JURY
 Winnsboro, Louisiana
 Notes to the Financial Statements (Continued)

1. Appointing a voting majority of an organization's governing body, and;
 - a. The ability of the police jury to impose its will on that organization and/or;
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the police jury has determined that the following component units are part of the reporting entity:

	<u>Fiscal</u> <u>Year End</u>	<u>Criteria Used</u>

Library	December 31	1 & 3
Tourist Commission	December 31	1 & 3

FRANKLIN PARISH POLICE JURY
Winnsboro, Louisiana
Notes to the Financial Statements (Continued)

The police jury has chosen to issue financial statements of the primary government (police jury) only; therefore, none of the previously listed component units, except as discussed in the following paragraph, are included in the accompanying primary government financial statements.

These primary government (police jury) financial statements include all funds, account groups, and organizations for which the police jury maintains the accounting records. Organizations for which the police jury maintains the accounting records include the Fifth Judicial District Criminal Court, Fire District No. 2, Fire District No. 3, Fire District No. 4, and the Franklin Parish Tourist Commission.

GASB Statement 14 provides for the issuance of primary government financial statements that are separate from those of the reporting entity. However, the primary government's (police jury) financial statements are not a substitute for the reporting entity's financial statements. The accompanying primary government financial statements have been prepared in conformity with U.S. generally accepted accounting principles as applied to governmental units. These financial statements are not intended to and do not report on the reporting entity but rather are intended to reflect only the financial statements of the primary government (police jury).

Considered in the determination of component units of the reporting entity were the Franklin Parish School Board and the various municipalities in the parish. It was determined that these governmental entities are not component units of the Franklin Parish Police Jury reporting entity because they have separately elected governing bodies, are legally separate, and are fiscally independent of the Franklin Parish Police Jury.

B. FUND ACCOUNTING

The police jury uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities (general fixed assets and general long-term obligations) that are not recorded in the "funds" because they do not directly affect net expendable available financial resources. They are concerned only with the measurement of financial position, not with the measurement of results of operations.

Funds are classified into three categories; governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types." Governmental funds are used to account

FRANKLIN PARISH POLICE JURY
Winnsboro, Louisiana
Notes to the Financial Statements (Continued)

for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees. Fiduciary funds are used to account for assets held for others. The police jury's current operations require the use of governmental funds. The governmental fund types used by the police jury are described as follows:

Governmental Funds:

General Fund

The General Fund is the general operating fund of the police jury. It accounts for all activities except those required to be accounted for in the special revenue funds.

Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources such as ad valorem taxes, sales taxes and federal grants. Those revenues are legally restricted, either by tax proposition or grant agreement, to expenditures for specified purposes such as road and bridge maintenance and construction, drainage maintenance, solid waste collection and disposal, operation of the criminal court, and operation of the parish health unit.

Capital Projects Fund

The capital projects funds account for financial resources received and used for the acquisition, construction, or improvement of capital facilities not reported in the other governmental funds.

C. GENERAL FIXED ASSETS AND LONG-TERM OBLIGATIONS

General fixed assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisition and construction are reflected as expenditures (capital outlay) in governmental funds and the related assets are reported in the general fixed assets account group. All purchased fixed assets are valued at cost where historical records are available and at estimated cost where no historical records are available. Approximately 91 per cent of general fixed assets are valued at actual cost while the remaining 9 per cent are based on estimated cost. Donated fixed assets are valued at their estimated fair market value on the date received.

FRANKLIN PARISH POLICE JURY
Winnsboro, Louisiana
Notes to the Financial Statements (Continued)

The costs of normal maintenance and repairs that do not add to the value of fixed assets or materially extend their useful lives are not capitalized but are only recognized as a normal current expenditure of the governmental funds. Public domain or infrastructure general fixed assets consisting of roads, bridges and drainage systems are not capitalized, as these assets are immovable and of value only to the police jury. No depreciation is recognized on general fixed assets.

Long-term obligations, such as capital leases payable are recognized as a liability of a governmental fund only when due. For other long-term obligations, such as compensated absences, only that portion expected to be financed from expendable available financial resources is reported as a liability of a governmental fund. The remaining portion is reported as general long-term obligations.

D. BASIS OF ACCOUNTING

The financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements for these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used for reporting all governmental fund types. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The police jury uses the following practices in recognizing and reporting revenues and expenditures:

Revenues

Ad valorem taxes and the related state revenue sharing are budgeted as revenues in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis and attach as an enforceable lien and become due and payable on the date the tax rolls are filed with the recorder of mortgages. Louisiana Revised Statute 47:1993 requires that the tax roll be filed on or before November 15 of each year. Ad valorem taxes become delinquent if not paid by December 31. The taxes are normally collected in December of the current year and January and February of the ensuing year.

Federal and state grants are recorded when the police jury is entitled to the funds.

FRANKLIN PARISH POLICE JURY
Winnsboro, Louisiana
Notes to the Financial Statements (Continued)

Sales taxes are recognized in the month received by the police jury's collection agent, the Franklin Parish School Board.

Interest income on time deposits is recorded when the time deposits have matured and the income is available.

Substantially all other revenues are recorded when they become available to the police jury.

Based on the above criteria, ad valorem taxes, state revenue sharing, sales taxes, and federal and state grants are treated as susceptible to accrual.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for principal and interest on general long-term obligations, which are recognized when due, and compensated absences, which are recognized when paid.

Other Financing Sources (Uses)

Proceeds from sales of fixed assets and insurance recovery are accounted for as other financing sources (uses) and are recognized when the underlying events occur.

E. BUDGET PRACTICES

The police jury adopts annual cash basis budgets for the General Fund and all special revenue funds except the Criminal Court Special Revenue Fund, which is exempt from the budget requirements of the Louisiana Local Government Budget Act. The proposed budgets are prepared by the treasurer and the finance committee of the police jury during October of each year. The availability of the proposed budgets for public inspection and the date of the public hearing on the budgets are advertised in the official journal. Prior to its regular December meeting, the police jury holds a public hearing on the proposed budgets in order to receive comments from residents. Changes are made to the proposed budgets based on the public hearing and the desires of the police jury as a whole. The budgets are then adopted during the police jury's regular December meeting, and notice is published in the official journal.

Budget comparisons are prepared by the treasurer and are presented to the jury on a monthly basis. The treasurer presents necessary budget amendments to the jury during the year when, in her

judgment, actual operations are differing materially from those anticipated in the original budget. The jury, during a regular meeting, reviews the proposed amendments, makes changes as they feel necessary, and formally adopts the amendments. The adoption of amendments is included in police jury minutes published in the official journal.

The police jury exercises budgetary control at the functional level. Within functions, the treasurer has the authority to make amendments, as necessary. Unexpended appropriations lapse at year end and must be reappropriated in the next year's budget to be expended.

Budget comparison statements included in the accompanying financial statements include the original adopted budgets and all subsequent amendments. The following schedule reconciles the excess of revenues and other sources over expenditures and other uses as shown on the budget comparison Statement C (budget basis) to the same amounts shown on Statement B (GAAP basis):

	General Fund	Special Revenue Funds
	<u> </u>	<u> </u>
Excess of revenues and other sources over expenditures (budget basis)	(\$126,933)	\$382,365
Adjustments:		
Receivables	(81,194)	(228,241)
Interfund- receivables	4,838	9,227
Payables	(40,651)	(9,278)
Interfund- payables	(21,733)	6,159
Deferred revenue		6,464
Payroll payables	<u>(205)</u>	<u>(11,020)</u>
Excess of revenues and others source over expenditures and other uses (GAAP basis)	<u>(\$265,878)</u>	<u>\$155,676</u>

F. CASH

Under state law, the police jury may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana.

At December 31, 2003, the police jury has cash (book balances) totaling \$3,617,191.

These deposits are stated at cost, which approximates market. Under state law, these deposits, or the resulting bank balances, must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit

FRANKLIN PARISH POLICE JURY
 Winnsboro, Louisiana
 Notes to the Financial Statements (Continued)

insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Cash and cash equivalents (bank balances) at December 31, 2003, are secured as follows:

Bank Balances	<u>\$3,636,194</u>
Federal deposit insurance	\$100,000
Pledged securities (uncollateralized)	<u>4,516,495</u>
Total	<u>\$4,616,495</u>

Because the pledged securities are held by a custodial bank in the name of the fiscal agent bank rather than in the name of the police jury, they are considered uncollateralized (Category 3) under the provisions of GASB Codification C20.106; however, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the police jury that the fiscal agent bank has failed to pay deposited funds upon demand. Further, LRS 39:1224 states that securities held by a third party shall be deemed to be held in the police jury's name.

A. ANNUAL AND SICK LEAVE

After one year of service, employees of the police jury are granted from 5 to 20 days of annual leave each year, depending upon length of service. Upon resignation or retirement an employee will be compensated for annual leave accumulated to the date of separation, not to exceed 90 days. Any days over 90 will be credited to their retirement. Employees are granted one day of sick leave for each month of continuous employment and can accumulate up to 90 days sick leave. Employees are not compensated for accumulated sick leave upon separation of service.

Criminal court employees earn from 5 to 10 days of annual leave each year. Sick leave is granted to employees on an as needed basis. Neither annual leave nor sick leave may be accumulated. Employees are not paid for unused annual and sick leave upon separation of service.

The Franklin Parish Tourist Commission has no employees and, therefore, no annual and sick leave policies.

At December 31, 2003, employees of the police jury had accumulated and vested \$63,819 of employee leave benefits, computed in accordance with GASB Codification C60. The liability is recorded within the general long-term obligations account group.

FRANKLIN PARISH POLICE JURY
Winnsboro, Louisiana
Notes to the Financial Statements (Continued)

The cost of leave privileges, computed in accordance with the previous codification, is recognized as a current year expenditure within the various funds when leave is actually taken or when employees are paid for accrued annual leave upon resignation or retirement, while the cost of leave privileges not requiring current resources is recorded in the general long-term obligations account group.

B. SALES TAXES

On January 19, 2002, voters of the parish approved the renewal of a one-half of one per cent sales and use tax which is dedicated for the purpose of solid waste collection and disposal. The renewal tax is for a period of five years beginning December 1, 2003, and ending November 30, 2008. On January 19, 2002, voters of the parish approved the renewal of a one per cent sales and use tax which is dedicated for the construction, operation, and maintenance of roads and bridges within the parish. The tax is for a period of ten years beginning July 1, 2003, and ending June 30, 2013. The police jury entered into an agreement with the Franklin Parish School Board whereby the school board provides collection services for a pro rata fee of the total based on taxes collected by the school board.

On March 5, 1985, as provided by Louisiana Revised Statute 33:4574, the police jury levied a two per cent tax on the occupancy of all hotel/motel rooms in the parish. Proceeds of the tax are used by the Franklin Parish Tourist Commission for the purpose of promoting tourism in the parish. The Franklin Parish School Board collects and remits the taxes, net of collection costs, to the police jury.

I. TOTAL COLUMNS ON COMBINED STATEMENTS

Total columns on the combined statements are captioned Memorandum Only (overview) to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with U.S. generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

J. RISK MANAGEMENT

The police jury is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; liability; and injuries to employees and others. To handle such risk of loss, the police jury maintains commercial insurance policies covering; automobile liability and medical payments; general liability; and surety bond coverage on the secretary/ treasurer and other employees handling money. The police jury maintains an escrow fund for unemployment claims that requires a minimum balance of \$40,000. No claims were paid on any of the policies during the past three years which exceeded the policies' coverage amounts. This amount is shown as a reserve of fund balance

5. PENSION PLAN

Substantially all employees of the Franklin Parish Police Jury are members of the Parochial Employees Retirement System of Louisiana (System), a cost -sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the police jury are members of Plan A.

All permanent employees working at least twenty-eight hours per week who are paid wholly or in part from parish funds and all elected parish officials are eligible to participate in the System. Under Plan A, employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 25 years of creditable service, or at any age with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3 per cent of their final average salary for each year of creditable service. However, for those employees who were members of the supplemental plan only before January 1, 1980, the benefit is equal to one per cent of final average salary plus \$24 for each year of supplemental-plan-only service earned before January 1, 1980, plus 3 per cent of final-average salary for each salary for each year of service credited after the revision date. Final average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above, and do not withdraw their employee contributions, may retire at the ages specified above and receive the benefits accrued to their date of termination. The system also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Parochial Employees' Retirement System of Louisiana, Post Office Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (504) 928-1361.

Under Plan A, members are required by state statute to contribute 9.50 per cent of their annual covered salary and the Franklin Parish Police Jury is required to contribute at an actuarially determined rate. The current rate is 7.75 per cent of annual covered payroll. Contributions to the system also include one-fourth of one per cent (except Orleans and East Baton Rouge Parishes) of the taxes shown to be collectible by the tax rolls of each parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the Franklin Parish Police Jury are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Franklin Parish Police Jury's contributions to the System under Plan A for the years ending December 31, 2003, 2002, and 2001, were \$80,947, \$71,224, and \$61,318, respectively, equal to the required contributions for each year.

Retirees participating in the program are required to pay 100 per cent of the monthly premium.

**Independent Auditors' Report on Compliance and
Internal Control Over Financial Reporting**

FRANKLIN PARISH POLICE JURY
Winnsboro, Louisiana

We have audited the primary government financial statements of the Franklin Parish Police Jury as of and for the year ended December 31, 2003, and have issued our report thereon dated March 17, 2004. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Franklin Parish Police Jury's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Franklin Parish Police Jury's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance

We have audited the compliance of the Franklin Parish Police Jury with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended December 31, 2003. The Franklin Parish Police Jury's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Franklin Parish Police Jury's management. Our responsibility is to express an opinion on the Franklin Parish Police Jury's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Franklin Parish Police Jury's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Franklin Parish Police Jury's compliance with those requirements.

In our opinion, the Franklin Parish Police Jury complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 2003.

Internal Control Over Compliance

Management of the Franklin Parish Police Jury is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Franklin Parish Police Jury's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of the members of the Franklin Parish Police Jury, management of the police jury, federal awarding agencies and pass-through entities, and the Louisiana Legislative Auditor and is not intended to be and should not be used by anyone other than these specified parties.
