Independent Auditor's Report

Board of Commissioners  
Housing Authority of DeRidder  
DeRidder, Louisiana

Regional Inspector General for Audit  
Office of Inspector General  
Department of Housing and Urban  
Development

We have audited the accompanying general-purpose combined financial statements of the Housing Authority of DeRidder, Louisiana at and for the year ended September 30, 2003, as listed in the table of contents. These general-purpose combined financial statements are the responsibility of the Housing Authority of DeRidder, Louisiana's management. Our responsibility is to express an opinion on these general-purpose combined financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose combined financial statements referred to above present fairly, in all material respects, the financial position of the Housing Authority of DeRidder, Louisiana as of September 30, 2003, the results of its operations, changes in its total net assets and statement of cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated February 28, 2004 on our consideration of Housing Authority of DeRidder's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part on an audit performed in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the combined general-purpose financial statements of the Housing Authority of DeRidder, Louisiana taken as a whole. The accompanying Schedule of Expenditures of Federal Awards and other supplementary information is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the accompanying financial statements. Such information has been subjected to the auditing procedures applied in the audit of the accompanying financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

The accompanying Financial Data Schedules required by HUD are presented for purposes of additional analysis and are not a required part of the general purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

HOUSING AUTHORITY OF THE CITY OF DERIDDER  
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2003

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** The accompanying general-purpose financial statements of the Housing Authority of the City of DeRidder have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

**A. BASIS OF PRESENTATION** Housing Authorities are chartered as a public corporation under the laws (LSA-R.S. 40:391) of the state of state for the purpose of providing safe and sanitary dwelling accommodations. This creation was contingent upon the local governing body of the city declaring a need for the Housing Authority to function in such city. The Housing Authority is governed by a five-member board of Commissioners. The members, appointed by the Honorable Mayor of the City of DeRidder, serve staggered multi-year terms.

Under the United States Housing Act of 1937, as amended, the U.S. Department of Housing and Urban Development (HUD) has direct responsibility for administering low-rent housing programs in the United States. Accordingly, HUD has entered into an annual contributions contract with the Housing Authority for the purpose of assisting the Housing Authority in financing the acquisition, construction and leasing of housing units and to make annual contributions (subsidies) to the Housing Authority for the purpose of maintaining this low-rent character.

The Housing Authority had 124 units in Low Rent management in two projects.

Program	Contract Number	Number Of Units
PHA owned housing	FW-826	124

**B. REPORTING ENTITY** GASB Statement 14 establishes criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Housing Authority is considered a *primary government*, since it is a special purpose government that has a separate governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement 14, fiscally independent means that the Housing Authority may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt.

The Housing Authority is a related organization of the City of DeRidder since the City of DeRidder appoints a voting majority of the Housing Authority’s governing board. The City of DeRidder is not financially accountable for the Housing Authority as it cannot impose its will on the Housing Authority and there is no potential for the Housing Authority to provide financial benefit to, or impose financial burdens on, the City of DeRidder. Accordingly, the Housing Authority is not a component unit of the financial reporting entity of the City of DeRidder.

HOUSING AUTHORITY OF THE CITY OF DERIDDER  
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2003

Governmental Accounting Standards Board (GASB) Codification Section 2100 establishes criteria for determining which, if any, component units should be considered part of the Housing Authority for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability, which includes:

1. Appointing a voting majority of an organization's governing body, and:
  - a. The ability of the Housing Authority to impose its will on that organization's body, and:
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Housing Authority.
2. Organizations for which the Housing Authority does not appoint a voting majority but are fiscally dependent on the Housing authority.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the Housing Authority has determined that there are no component units that should be considered as part of the Housing Authority reporting entity.

**C. FUNDS** The accounts of the Housing Authority are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

All funds of the Housing Authority are classified as proprietary. Proprietary funds account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Proprietary funds differ from governmental funds in that their focus is on income measurement, which together with the maintenance of equity, is an important financial indicator.

Proprietary funds are accounted for on the flow of economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. With this measurement focus for all assets and all liabilities associated with the operation of these funds are included on the balance sheet. The Housing Authority has elected, pursuant to GASB Statement No. 20, to apply all GASB pronouncements and only FASB pronouncements issued before November 30, 1989.

**D. BUDGETS**

**General Budget Policies** The following summarizes the budget activities of the Housing Authority during the year ended September 30, 2003:

HOUSING AUTHORITY OF THE CITY OF DERIDDER  
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2003

The Housing Authority adopted budgets for all HUD-funded programs. The budget is controlled by fund at the function level. All appropriations lapse at year end. Budgets are prepared on the modified accrual basis of accounting.

The Executive Director is authorized to transfer amounts between line items within any fund, with the exception of salaries, provided such does not change the total of any function.

**E. CASH AND CASH EQUIVALENTS** Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the Housing Authority may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under state law and national banks having their principal offices in state.

Under state law, the Housing Authority may invest in United States bonds, treasure notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are state at the lower of market or cost.

**F. INVESTMENTS** Investments are limited by R.S. 33:2955 and the Housing Authority's investment policy. If the original maturities of investments exceed 90 days they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

The investments are reflected at quoted market prices except for the following which are required/permitted as per GASB Statement No. 31:

Investments in *nonparticipating* interest-earning contracts, such as nonnegotiable certificates of deposit with redemption terms that do not consider markets rates, are reported using a cost-based measure.

The Housing Authority reported at amortized cost money market investments *participating* interest-earning investment contracts that have a remaining maturity at time of purchase of one year or less.

Definitions:

Interest-earning investment contract include time deposits with financial institutions (such as certificates of deposit), repurchase agreements, and guaranteed investment contracts.

Money market investments are short-term, highly liquid debt instruments that include U.S. Treasury obligations.

HOUSING AUTHORITY OF THE CITY OF DERIDDER  
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2003

**G. SHORT-TERM INTERFUND RECEIVABLES/PAYABLES** During the course of operations, numerous transactions occur between individual funds for services rendered. These receivables and payables are classified as due from other funds or due to other funds on the balance sheet. Short-term interfund loans are classified as interfund receivables/payables.

**H. INVENTORY AND PREPAID ITEMS** Inventories consist of expendable supplies held for consumption stated on a lower of cost or market on a first-in, first-out basis. They are reported at cost which is recorded as an expenditure at the time individual inventory items are used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid expenses consist of prepaid insurance.

**I. FIXED ASSETS** Fixed assets are recorded at historical cost and depreciated over their estimated useful lives (excluding salvage value). Donated capital assets are recorded at their estimated fair value at the date of donation. Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Interest costs during construction have not been capitalized. Straight-line depreciation is used based on the following estimated useful lives:

Site improvements	15 years
Buildings	33 years
Building improvements	15 years
Furniture and fixtures	5 to 7 years
Computers	3 years

**J. COMPENSATED ABSENCES** The Housing Authority follows state Civil Service regulations for accumulated annual and sick leave. Employees may accumulate up to three hundred hours of annual leave which may be received upon termination or retirement. Sick leave hours accumulate, but the employee is not paid for them if not used by his/her retirement or termination date.

**K. DEFERRED REVENUES** The Housing Authority reports deferred revenues on its combined balance sheet. Deferred revenues arise when resources are received by the Housing Authority before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when the Housing Authority has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and the revenue is recognized.

**L. USE OF ESTIMATES** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts off revenues and expenses during the reporting period. Actual results could differ from those estimates.

HOUSING AUTHORITY OF THE CITY OF DERIDDER  
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2003

**NOTE 2 - CASH, CASH EQUIVALENTS, AND INVESTMENTS** Both cash deposits and investments held at a financial institution can be categorized according to three levels of risk. These three levels of risk are:

Category 1 - Insured or collateralized with securities held by the entity or by its agent in the entity's name

Category 2 - Collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name

Category 3 - Uninsured and unregistered investments held by the counter-party, its trust department, or its agent, but not in the Authority's name

At September 30, 2003 the Housing Authority has Cash equivalents, and investments totaling \$261,168 as follows:

Cash on hand	\$	200
Demand deposits		6,215
Interest-bearing demand deposits		246,650
Time deposits		8,103
Total	\$	261,168
Cash and cash equivalents	\$	244,055
Cash and cash equivalents – restricted		9,010
Investments		8,103
Total	\$	261,168

Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At September 30, 2003, the Housing Authority's carrying amount of deposits was \$260,968 and the bank balance was \$274,323. Of the bank balance, \$214,323 was covered by federal depository insurance (GASB Category 1). The remaining \$60,000 was collateralized with securities held by the pledging financial institution's trust department or agent but in the Housing Authority's name (GASB Category 2).

Investments during the year were solely in time deposits at banks.

Although the grant programs have been audited in accordance with the Single Audit Act Amendments of 1996 and OMB circular No. A-133 through September 30, 2003, these programs are still subject to compliance audits. Housing Authority management believes that the amount of disallowances, if any, which may arise from future audits will not be material.

Report on Compliance with Requirements Applicable to Each  
Major Program and Internal Control Over Compliance in  
Accordance with OMB Circular A-133

Housing Authority of DeRidder  
DeRidder, Louisiana

We have audited the compliance of the Housing Authority of DeRidder, Louisiana with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended September 30, 2003. The Housing Authority of DeRidder, Louisiana's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Housing Authority of DeRidder, Louisiana's Management. Our responsibility is to express an opinion on the Housing Authority of DeRidder, Louisiana's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority of DeRidder, Louisiana's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Housing Authority of DeRidder, Louisiana's compliance with those requirements.

In our opinion, the Housing Authority of DeRidder, Louisiana complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended September 30, 2003.

## Internal Control Over Compliance

The management of The Housing Authority of DeRidder, Louisiana is responsible for establishing and maintaining internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Housing Authority of DeRidder, Louisiana's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of the audit committee, management, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than the specified parties. Under state Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Report on Compliance and on Internal Control Over Financial Reporting  
Based on an Audit of Financial Statements Performed in  
Accordance with Governmental Auditing Standards

Housing Authority of DeRidder  
DeRidder, Louisiana

We have audited the financial statements of the Housing Authority of DeRidder, Louisiana as of and for the year ended September 30, 2003, and have issued our report thereon dated February 28, 2004. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Housing Authority of DeRidder, Louisiana's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing a opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Housing Authority of DeRidder, Louisiana's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce, to a relatively low level, the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the audit committee, management, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than the specified parties. Under state Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

03 MI – Income Verification

We reviewed eight tenant files. No exceptions were noted. However, we recommended to the PHA that they either adopt an income verification policy or revise their ACOP to include a priority of income verification. The policy should include the following verification preferences in order of first to last:

- 1) via internet
- 2) third party written-unanswered requests should be kept
- 3) check stubs and telephone
- 4) resident provides information
