INDEPENDENT AUDITOR'S REPORT

January 25, 2000

Pointe Coupee Parish Nursing Home
New Roads, Louisiana

I have audited the accompanying general purpose financial statements of the Pointe Coupee Parish Nursing Home, Inc., a component unit of the Pointe Coupee Parish Police Jury, as of October 31, 1999, and the year then ended. These financial statements are the responsibility of the Pointe Coupee Parish Nursing Home's management. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

Except as discussed in the following paragraph, I conducted my audit in accordance with generally accepted auditing standards and the standards for financial audits contained in the Government Audit Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provided a reasonable basis for my opinion.

Governmental Accounting Standards Board Technical Bulletin 98-1, Disclosures about Year 2000 Issues, requires disclosure of certain matters regarding the year 2000 issue. The Pointe Coupee Parish Nursing Home has included such disclosures in Note 11. Because of the unprecedented nature of the year 2000 issue, its effect and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Accordingly, insufficient audit evidence exists to support the Pointe Coupee Parish Nursing Home's disclosure with respect to the year 2000 issue made in Note 11. Further, I do not provide assurance that the Pointe Coupee Parish Nursing Home is or will be year 2000 ready, that the Pointe Coupee Parish Nursing Home's year 2000 remediation efforts will be successful in whole or in part, or that parties with whom the Pointe Coupee Parish Nursing Home does business will be 2000 ready.

In my opinion, except for the effects of such adjustments, if any might have been determined to be necessary had I been able to examine evidence regarding year 2000 disclosures, the general purpose financial statements referred to above presented fairly, in all material respects, the financial position of the Pointe Coupee Parish Nursing Home as of October 31, 1999, and the results of its operations for the year ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, I have also issued a report dated January 25, 2000, on our consideration of Pointe Coupee Parish Nursing Home's internal control over financial reporting and our tests of its compliance with laws and regulations.

My audit was made for the purpose of forming an opinion on the financial statements of Pointe Coupee Parish Nursing Home taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

A handwritten signature in cursive script, appearing to read "Paul C. Rutledge". The signature is written in black ink and is positioned to the right of the main body of text.

POINTE COUPEE PARISH NURSING HOME
NEW ROADS, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 1999

INTRODUCTION

The Pointe Coupee Parish Nursing Home (Nursing Home) was created as part of the Pointe Coupee Health Service District No. 1 as provided by Article VI, Section 19 of the Louisiana Constitution of 1974, and Chapter 10 of Title 46 of the Louisiana Revised Statutes of 1950, as amended. In October, 1987, pursuant to the long range plan of the Board of Commissioners of the Pointe Coupee Parish Health Service District No. 1, the Nursing Home was removed from the District for the purposes of budgeting, cost control and efficiency.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. PRINCIPLES DETERMINING SCOPE OF REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, Pointe Coupee Parish Police Jury is the reporting entity for the Pointe Coupee Parish. Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining which component units should be considered part of the Pointe Coupee Parish Police Jury for financial reporting purposes. The basic, but not the only, criterion for including a potential general purpose within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant factors of this ability is financial interdependence.

Other factors of the ability to exercise oversight responsibility include, but are not limited to, the selection of or appointment of governing boards, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the Police Jury and/or its residents or whether the activity is conducted within the geographic boundaries of the Police Jury and is generally available to the citizens of the parish. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the Police Jury is able to exercise oversight responsibilities.

Based on the previous criteria, the Nursing Home has been determined to be a component unit of the Pointe Coupee Parish Police Jury based on since the Police Jury is the governing board.

POINTE COUPEE PARISH NURSING HOME
NEW ROADS, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 1999

B. BASIS OF PRESENTATION - FUND ACCOUNTING

The accompanying financial statements of the Pointe Coupee Parish Nursing Home have been prepared in conformity with generally accepted accounting principles (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Nursing Home is organized and operated on a fund basis whereby a separate self-balancing set of accounts (Enterprise Fund) is maintained that comprise its assets, liabilities, fund equity, revenues and expenses. These funds are used to account for operations (a) that are financed and operated in a manner similar to a private business enterprise, where the intent of the governing body is the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

C. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures (or expenses) are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied. The proprietary funds are accounted for and reported using a flow of economic resources measurement focus whereby all assets and liabilities associated with the operation of these funds are included on the balance sheet and fund equity consists of contributed capital and retained earnings. Additionally, operating statements of this fund present increases and decreases in net total assets.

D. BUDGETS

Proprietary funds are not required to prepare budgets.

POINTE COUPEE PARISH NURSING HOME
NEW ROADS, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 1999

E. ASSETS, LIABILITIES AND FUND EQUITY

CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest bearing demand deposits and money market accounts. Cash equivalents include amounts in time deposits with maturities of 90 days or less. Under state law, the Nursing Home may deposit funds in demand deposits, interest bearing demand deposits, money market accounts or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana.

RECEIVABLES

Receivables include all amounts which have been earned, but have not been collected at October 31. Receivables are shown net of any uncollected amounts. Accounts receivables are written off under the direct write-off method where by bad debts are recorded when a receivable is deemed uncollectible. If they are subsequently collected they are recorded as revenue. The direct write-off method is used because it does not cause a material departure from GAAP and it approximates the valuation method.

INVENTORIES

Inventories of the Nursing Home consist of food. The inventories are recorded as an expense when consumed. All inventory items purchased are valued at the lower of cost or market.

PREPAID ASSETS

Insurance and similar services which extend over more than one accounting period have been recorded as prepaid assets except for prepaid licenses for next year.

FIXED ASSETS AND DEPRECIATION

Fixed assets of the enterprise fund are stated at cost, and are reported net of depreciation. Theses assets are depreciated principally on the straight-line basis over the estimated useful lives of the assets, as follows:

Buildings	5-40 Years
Improvements other than buildings	10-25 Years
Equipment	4-20 Years

POINTE COUPEE PARISH NURSING HOME
NEW ROADS, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 1999

DEFERRED REVENUE

These are amounts collected in the current accounting period for which asset recognition criteria has been met, but for the revenue recognition criteria has not been met.

COMPENSATED ABSENCES

The Nursing Home accrues vacation leave when earned. Employees earn and vest vacation leave in varying amounts, according to their years of service, as follows:

5 Days After	1 Year	of Employment
8 Days After	3 Years	of Employment
10 Days After	5 Years	of Employment
12 Days After	8 Years	of Employment

Upon retirement or resignation, unused annual leave of up to 300 hours are paid to employees at the employee's current rate of pay. Upon retirement, annual leave in excess of 300 hours is used in the retirement benefit computation as earned service.

At October 31, 1999, employees of the Nursing Home had accumulated and vested \$7,090 of employee leave benefits, which was computed in accordance with GASB Codification Section C-60. Of this amount, all of it is recorded as an obligation of the enterprise fund.

After one year of seniority, an employee will be eligible for four annual sick leave days, to be used on a calendar year basis.

FUND EQUITY - CONTRIBUTED CAPITAL

Contributed capital represents the amount of permanent fund capital in a proprietary fund contributed from general government revenues and resources or other governmental entities.

F. COMPARATIVE DATA

Comparative data for the prior year have been presented in the accompanying financial statements to provide an understanding of changes in the Nursing Home's financial position and operations. However, presentation of comparative data by fund type have not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

POINTE COUPEE PARISH NURSING HOME
NEW ROADS, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 1999

G. TOTAL COLUMN ON COMBINED STATEMENTS

Total Column on the Combined Statements is captioned "Memorandum Only" to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles, nor is such data comparable to consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2 - CASH AND CASH EQUIVALENTS

At October 31, 1999, the Nursing Home has cash and cash equivalents (book balances) totaling \$525,377 as follows:

Petty Cash	\$250
Demand Deposits	52
Interest Bearing Demand Deposits	125,145
Money Fund	204,891
Time Deposits	193,839
	<hr/>
	524,177
Restricted Demand Deposits	1,200
	<hr/>
Total	525,377
	<hr/> <hr/>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At October 31, 1999, the Nursing Home had \$577,370 in deposits (collected bank balances). All of these deposits are insured from risk by \$200,052 of federal deposit insurance and \$543,664 of pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 1999

NOTE 3 - RECEIVABLES AND PAYABLES

A SUMMARY OF RECEIVABLES AS OF OCTOBER 31, 1999, FOLLOWS:

<u>CLASS OF RECEIVABLE</u>	<u>10/31/99</u>	<u>10/31/98</u>	<u>10/31/97</u>
Accounts:			
Medicaid	180,557	\$182,219	\$172,918
Private	144,447	112,561	36,052
	<u>325,004</u>	<u>294,780</u>	<u>208,970</u>
Accrued Interest	<u>1,683</u>	<u>1,321</u>	<u>837</u>

NOTE 4 - FIXED ASSETS

A summary of Proprietary fund type property, plant and equipment at October 31, 1999, is as follows:

Land	\$8,202
Buildings	2,751,460
Improvements Other Than Buildings	94,310
Equipment	687,351
Motor Vehicles	38,305
Accumulated Depreciation	(2,001,709)
Total	<u>1,577,919</u>

NOTE 5 - PENSION PLAN AND RETIREMENT COMMITMENTS

Plan Description.

Substantially all Nursing Home's employees are members of the Parochial Employees' Retirement System of Louisiana ("System"), a multiple-employer, public employee retirement system (PERS), controlled and administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and separate benefit provisions. All employees of the Nursing Home are members of Plan A. All permanent Nursing Home employees working at least 28 hours a week who are paid wholly or in part from parish funds and all elected parish officials are eligible to participate in the System. Under Plan A, employees who retire at or after age 60 with at least 10 years of credited service, at or

POINTE COUPEE PARISH NURSING HOME
NEW ROADS, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 1999

NOTE 5 - PENSION PLAN AND RETIREMENT COMMITMENTS (Continued)

after age 55 with 25 years of credited service, or at any age with at least 30 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 3 per cent of their final-average salary for each year of creditable service. However, for most employees who were members of the supplemental plan only prior to January 1, 1980, the benefit is equal to one per cent of final average salary plus \$24 for each year of supplemental plan only service earned prior to January 1, 1980. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of credited service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Parochial Employee's Retirement System, Post Office Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (504) 928-1361.

Funding Policy

Under Plan A, members are required by state statute to contribute 9.5 percent of their annual covered salary and the Nursing Home is required to contribute at an actuarially determined rate. The current rate is 7.75 percent of annual covered payroll. Contributions to the System also include one-fourth of one per cent of the taxes shown to be collectible by the tax rolls of each parish, except Orleans and East Baton Rouge Parishes. These tax dollars are divided between Plan A and Plan B, based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the Nursing Home are established and may be amended by state statute.

As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Nursing Home's contributions to the System under Plan A for the years ended **October 31, 1999, October 31, 1998,** and **October 31, 1997,** were **\$79,481, \$74,106, and \$82,215,** respectively, equal to the required contributions for each year.

POINTE COUPEE PARISH NURSING HOME
NEW ROADS, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 1999

NOTE 6 - POST-RETIREMENT BENEFITS

The Nursing Home does not have any retired employees.

NOTE 7 - AMORTIZATION OF CONTRIBUTED CAPITAL

External contributions of capital relating to the acquisition of plant and equipment for the Nursing Home are being amortized over periods equal to the lives of assets acquired with such contributions of capital. Amortization of contributed capital amounts to \$86,508 for the year ended October 31, 1999. Contributed capital is comprised as follows:

Contributed Capital:	
Public	\$3,090,973
Private	16,108
	3,107,081
Less: Accumulated Amortization	(1,820,944)
Total	1,286,137

NOTE 8 - INCOME TAX STATUS

The Nursing Home, a general purpose of the Pointe Coupee Parish Police Jury, is exempt for federal income taxes under Section 501 (C) (1) of the Internal Revenue Code.

NOTE 9 - LITIGATION AND OTHER CONTINGENCIES

The Nursing Home, the Police Jury and its insurance carrier are defendants in a lawsuits filed in the 18th Judicial District Court. Although the suit are still pending, the defendants denies any liability and are actively defending their position along with its liability insurance carrier. While the ultimate outcome of the above matters cannot be predicted at this time, it is the opinion of management that the disposition of these matters will not have a material adverse effect on the financial position of the Nursing Home.

No claims were paid out during the year ended October 31, 1999, and the Nursing Home incurred no litigation costs during the current year.

POINTE COUPEE PARISH NURSING HOME
NEW ROADS, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 1999

NOTE 10 - FEDERAL COMPLIANCE CONTINGENCIES

The Nursing Home receives large amounts of Federal and State reimbursements for specific purposes that are subject to audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grant. Management fees based on past experience, disallowed cost, if any, for grants will be immaterial.

NOTE 11 - YEAR 2000 ISSUE

The year 2000 is the result of shortcomings in many processing systems and other electronic equipment that may adversely affect the Pointe Coupee Parish Nursing Home's operations as early as fiscal year 1999. The Pointe Coupee Parish Nursing Home is in the process of inventorying computer systems and other electronic equipment that may be affected by the year 2000 issue and that are necessary to conducting the operations of the Pointe Coupee Parish Nursing Home's operations. It is unknown as of October 31, 1999, what effects, if any, failing to remediate any such systems will have upon Pointe Coupee Parish Nursing Home's operations and financial reporting. Because of the unprecedented nature of the year 2000 issue, its effect and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Management of the Pointe Coupee Parish Nursing Home cannot assure that the Pointe Coupee Parish Nursing Home is or will be successful in whole or in part, or that parties with whom the Pointe Coupee Parish Nursing Home does business will be 2000 ready.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

January 25, 2000

Pointe Coupee Parish Nursing Home
New Roads, Louisiana

I have audited the financial statements of the Pointe Coupee Parish Nursing Home as of and for the year ended October 31, 1999, and have issued my report thereon dated January 25, 2000. I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

COMPLIANCE

As part of obtaining reasonable assurance about whether Pointe Coupee Parish Nursing Home's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed instances of noncompliance that are required to be reported under Government Auditing Standards which are described in the accompanying schedule of findings.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing my audit, I considered Pointe Coupee Parish Nursing Home's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the management, and federal awarding agencies and pass-through entities. However, this report is a matter of public record and distribution is not limited.

Compliance

I have audited the compliance of Pointe Coupee Parish Nursing Home with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended October 31, 1999. The organization's major federal programs are identified in the schedule of federal financial assistance. Compliance with the requirements of law, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Organizations management. My responsibility is to express an opinion on the Organization's compliance based on my audit.

I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as I considered in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination on the Organization's Compliance with those requirements.

In my opinion, the Organization complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended October 31, 1999. However, the results of my auditing procedures disclosed instances of noncompliance with those requirements that are required to be reported in accordance with OMB A-133 and which are described in the accompanying schedule of findings.

Internal Control Over Compliance

The management of the Organization is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant applicable to federal programs. In planning and performing my audit, we considered the Organization's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

My consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over compliance and its operation that I consider to be material weaknesses.

This report is intended for the information of the management, and federal awarding agencies and pass-through entities. However, this report is a matter of public record and distribution is not limited.

Respectively submitted,

A handwritten signature in black ink, appearing to read "R. L. P. D. C.", is written in a cursive style.

POINTE COUPEE PARISH NURSING HOME
NEW ROADS, LOUISIANA
SCHEDULE OF FINDINGS
October 31, 1999

REPORTABLE CONDITION: The resident's Personal Funds account had not been reconciled for some time. The running balance in the residents manual ledgers were not posted, as a result patients over spent their balances. There was no segregation of duties to ensure the soundness of the resident fund.

CRITERIA: Good accounting control requires that bank accounts are reconciled monthly and by someone independent of the payroll function and that adequate records be maintained.

CAUSE: There was no segregation of duties to ensure the soundness of the resident's funds.

EFFECT: \$986 has been over spent by patients.

RECOMMENDATION: Since the patients fund has been turn over to the bookkeeper and social services I have no recommendation.

* * *

REPORTABLE CONDITION: The private pay accounts receivable have escalated from \$13,928 in 1996 to \$36,052 in 1997 to \$112,561 in 1998, and to \$144,447 in 1999.

CRITERIA: Good accounting control requires monthly tabulation in an accounts receivable subsidiary ledger and monthly billings and collections.

CAUSE: Seventy-two percent (72%) of the receivable consist of three delinquent patients whose balances total \$103,573.

EFFECT: Cash that the nursing home could use for operations is tied up in accounts receivables. The Nursing Home is at greater risk of not being able to collect on the balances as they grow.

RECOMMENDATION: I recommend that the accounts receivable subsidiary ledger be updated monthly and attempts made to collect timely.

NEW ROADS, LOUISIANA
SCHEDULE OF FINDINGS
October 31, 1999

REPORTABLE CONDITION: The daily census was not maintained adequately.

CRITERIA: Standards for Payment for Nursing Facilities requires accurate statistical information to substantiate resident days reported on the cost report.

CAUSE: The new census form was not used.

EFFECT: Patient days could not be substantiated but there was no material effect to the financial statements.

RECOMMENDATION: Since the new census reports are now being used I have no recommendation.

CORRECTIONS FOR FINDINGS

REPORTABLE CONDITION: The resident's Personal Funds account had not been reconciled for some time. The running balance in the residents manual ledgers were not posted, as a result patients over spent their balances. There was no segregation of duties to ensure the soundness of the resident fund.

RESPONSE: Resident fund account was moved to another bank and is balanced and reconciled on a monthly basis by the Bookkeeper. The Assistant Social Service Designee now handles \$200.00 of resident fund account and replenishes the funds as needed via signed receipts prior to disbursing any funds. The Assistant Social Service Designee checks with the Bookkeeper to assure that residents has the funds to cover the withdrawal.

REPORTABLE CONDITION: The private pay accounts receivable have been escalated from \$13,928 in 1996 to \$36,052 in 1997 to \$112,561 in 1998, and to \$144,447 in 1999.

RESPONSE: We are currently gathering the information needed in order to file suits to recover two past residents bills totaling \$90,589. Prior Administration was not collecting resident liabilities upon admit which we currently collect. The A/R subsidiary ledger will be updated monthly and attempts to collect will be made in a timely fashion.

REPORTABLE CONDITION: The daily census was not maintained adequately.

RESPONSE: Facility is currently utilizing new census reports which allow the Census to be maintained adequately.
