### INDEPENDENT AUDITOR'S REPORT

Honorable Richard Edwards, Jr. Jefferson Davis Parish Sheriff Jennings, Louisiana

I have audited the accompanying general purpose financial statements of the Jefferson Davis Parish Sheriff, a component unit of the Jefferson Davis Parish Police Jury, as of June 30, 1999, and for the year then ended. These general purpose financial statements are the responsibility of the Jefferson Davis Parish Sheriff's management. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Jefferson Davis Parish Sheriff, as of June 30, 1999 and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, I have also issued my report dated December 15, 1999, on my consideration of Jefferson Davis Parish Sheriff's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grants.

My audit was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Jefferson Davis Parish Sheriff. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in my opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

### Notes to the Financial Statements As of and for the Year Ended June 30, 1999

### INTRODUCTION

As provided by ArticleV, Section 27 of the Louisiana Constitution of 1974, the sheriff serves a four-year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, and serving subpoenas.

As the chief law enforcement officer of the parish, the sheriff has the responsibility for enforcing state and local laws and ordinances within the territorial boundaries of the parish. The sheriff provides protection to the residents of the parish through on-site patrols and investigations and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. In addition, when requested, the sheriff provides assistance to other law enforcement agencies within the parish.

As the ex-officio tax collector of the parish, the sheriff is responsible for collecting and distributing ad valorem property taxes, parish occupational licenses, state revenue sharing funds, sporting licenses, and fines, costs, and bond forfeitures imposed by the district court.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. BASIS OF PRESENTATION

The accompanying financial statements of the Jefferson Davis Parish Sheriff have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

### **B. REPORTING ENTITY**

The sheriff is an independently elected official; however, the sheriff is fiscally dependent on the Jefferson Davis Parish Police Jury. The police jury maintains and operates the parish courthouse in which the sheriff's office is located and provides funds for equipment and furniture of the sheriff's office. Because the sheriff is fiscally dependent on the police jury, the sheriff was determined to be a component unit of the Jefferson Davis Parish Police Jury, the financial reporting entity.

The accompanying financial statements present information only on the funds maintained by the sheriff and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

### Notes to the Financial Statements As of and for the Year Ended June 30, 1999

### C. FUND ACCOUNTING

The sheriff uses funds and account groups to report on its financial position and the results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect not expendable available resources.

Funds of the sheriff are classified into two categories: governmental (General Fund) and fiduciary (Agency Funds). These funds are described as follows:

#### **General Fund**

The General Fund, as provided by Louisiana Revised Statute 33:1422, is the principal fund of the sheriff's office and accounts for the operations of the sheriff's office. The sheriff's primary source of revenue is an ad valorem tax levied by the law enforcement district. Other sources of revenue include commissions on state revenue sharing, state supplemental pay for deputies, civil and criminal fees, fees for court attendance and maintenance of prisoners, et cetera. General operating expenditures are paid from this fund.

#### **Agency Funds**

The agency funds are used as depositories for civil suits, cash bonds, taxes, fees, et cetera. Disbursements from these funds are made to various parish agencies, litigants in suits, et cetera, in the manner prescribed by law. The agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Tax Collector Agency Fund included in the accompanying financial statements is reported for the year ending June 30, 1999.

#### D. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The General Fund is accounted for using a flow of current financial resources measurement focus. The accompanying financial statements have been prepared on the modified accrual basis of accounting (except for the Tax Collector Agency Fund, which is prepared on the cash basis of accounting, which approximates the modified accrual basis of accounting). The General Fund uses the following practices in recording revenues and expenditures:

### Notes to the Financial Statements As of and for the Year Ended June 30, 1999

### Revenues

Ad valorem taxes are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. The taxes are generally collected in December, January, and February of the fiscal year.

State grants are recorded when the sheriff is entitled to the funds.

Intergovernmental revenues and fees, charges, and commissions for services are recorded when the sheriff is entitled to the funds.

Interest earnings on time deposits are recorded when the time deposits have matured and the interest is available to the sheriff.

Substantially all other revenues are recorded when received.

### Expenditures

Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences and claims and judgements which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

### Other Financing Sources

Proceeds from the sale of fixed assets are accounted for as other financial sources and are recognized when received. Fixed assets acquired through capital leases are recorded as expenditures and other financing sources at the time of acquisition.

#### E. BUDGET PRACTICES

The proposed budget for 1999 was made available for public inspection on June 19, 1998. The proposed budget, prepared on the modified accrual basis of accounting, was published in the official journal 10 days prior to the public hearing, which was held at the Jefferson Davis Parish Sheriff's office on June 25, 1998, for comments from taxpayers. The budget is legally adopted and amended, as necessary, by the sheriff.

All expenditure appropriations lapse at year end. Unexpended appropriations and any excess of revenues over expenditures are carried forward to the subsequent year as beginning fund balance.

### Notes to the Financial Statements As of and for the Year Ended June 30, 1999

Encumbrance accounting is not used. However, formal integration of the budget into the accounting records is employed as a management control device. Budget amounts included in the accompanying financial statements include the original adopted budget and all subsequent amendments.

### F. ENCUMBRANCES

The sheriff does not use encumbrance accounting.

### G. CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits and interest-bearing demand deposits. Cash equivalents include amounts in time deposits and those other investments with original maturities of 90 days or less. Under state law, the sheriff may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana. Tax collections must be deposited in a bank domiciled in the parish where the funds are collected.

#### H. FIXED ASSETS

Fixed assets are recorded as expenditures at the time purchased, and the related assets are capitalized (reported) in the general fixed assets account group. General fixed assets provided by the parish police jury are not recorded within the general fixed assets account group. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical cost or estimated cost if historical cost is not available. Approximately 15 per cent of fixed assets costs have been estimated.

### I. COMPENSATED ABSENCES

All employees who have completed 12 months (12) of service receive ten (10) days vacation leave each year. Vacation leave does not accumulate or vest. Employees can accumulate compensatory time in lieu of payment for overtime. The sheriff's standard policy is that sick leave does not accumulate or vest. However, each instance of sick leave is handled on an individual basis at the discretion of the sheriff. No liability is reported for unpaid accumulated sick leave.

Vacation and compensatory time that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the general fund. Amounts not expected to be liquidated with expendable available financial resources are reported in the general long-term debt account group. No expenditure is reported for these amounts.

### Notes to the Financial Statements As of and for the Year Ended June 30, 1999

#### J. LONG-TERM OBLIGATIONS

Long-term obligations expected to be financed from the General Fund are reported in the general long-term obligations account group. Expenditures for principal and interest payments for long-term obligations are recognized in the General Fund when due.

### K. FUND EQUITY

#### Reserves

Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use.

### L. TOTAL COLUMN ON BALANCE SHEET

The total column on the balance sheet is captioned Memorandum Only to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

### 2. LEVIED TAXES

A summary of authorized and levied ad valorem taxes follows:

	Authorized	Levied	Expiration
	Millage	Millage_	Date
Law enforcement:			
Constitutional	6.08	6.08	NONE
Special	5.84	5.84	2000

The following are the principal taxpayers for the parish and related ad valorem tax revenue for the sheriff (assessed valuation expressed in thousands):

### 3. CASH

At June 30, 1999, the sheriff has cash (book balances) totaling \$1,269,429 as follows:

Cash on hand	\$ 1,100
Demand deposits	76,198
Interest-bearing demand deposits	627,052
Certificates of deposits	 565,079
	\$ 1,269,429

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At June 30, 1999, the sheriff has \$1,345,799 in deposits (collected bank balances). These deposits are secured from risk by \$387,810 of federal deposit insurance and \$957,989 of pledged securities held by the custodial bank in the name of the fiscal bank (GASB Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the sheriff that the fiscal agent has failed to pay deposited funds upon demand.

Total	\$ 836,671	\$ 114,701	\$ 96,255	\$ (23,826)	\$ 831,291

#### 7. PENSION PLAN

Plan Description. Substantially all employees of the Jefferson Davis Parish Sheriff's office are members of the Louisiana Sheriff's Pension and Relief Fund (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

All sheriffs and all deputies who are found to be physically fit, who earn at least \$400 per month, and who were between the ages of 18 and 50 at the time of original employment are required to participate in the System. Employees are eligible to retire at or after age 55 with at least 12 years of credited service and receive a benefit, payable monthly for life, equal to a percentage of their final-average salary for each year of credited service. The percentage factor to be used for each year of service is 2.5 per cent for each year if total service is at least 12 but less than 15 years, 2.75 per cent for each year if total service is at least 20 years (Act 1117 of 1995 increased the accrual rate by 0.25 per cent for all service rendered on or after January 1, 1980.) In any case, the retirement benefit cannot exceed 100 per cent of their final-average

salary. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefit accrued to their date of termination as indicated previously. Employees who terminate with at least 20 years of credited service are also eligible to elect early benefits between ages 50 and 55 with reduced benefits equal to the actuarial equivalent of the benefit to which they would otherwise be entitled at age 55. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing the Louisiana Sheriffs Pension and Relief Fund, Post Office Box 3163, Monroe, Louisiana 71220, or by calling (318) 362-3191.

### Notes to the Financial Statements As of and for the Year Ended June 30, 1999

Funding Policy. Plan members are required by state statue to contribute 8.7 per cent of their annual covered salary and the Jefferson Davis Parish Sheriff is required to contribute at an actuarially determined rate. The current rate is 5.0 per cent of annual covered payroll. Contributions to the system also include one-half of one per cent of the taxes shown to be collectible by the tax rolls of each parish and funds as required and available from insurance premium taxes. The contribution requirements of plan members and the Jefferson Davis Parish Sheriff are established and may be amended by state statute. As provided by Louisiana Revised statue 11:103, the employer contributions are determined by actuarially valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Jefferson Davis Parish Sheriff's contributions to the System for the years ending June 30, 1999, 1998, 1997, were \$44,635, \$44,958 and \$46,757, respectively, equal to the required contributions for each year.

#### 8. OTHER POST EMPLOYMENT BENEFITS

The sheriff does not provide other post employment benefits for its retired employees.

### 9. COMPENSATED ABSENCES

At June 30, 1999, employees of the sheriff have accumulated and vested \$55,259 of employee leave benefits, which was computed in accordance with GASB Codification Section C60. The entire liability has been recorded within the general long-term obligations account group since it is unfunded and not expected to be liquidated with expendable available financial resources.

#### 10. LEASES

The sheriff has entered into lease agreements as lessee for financing the acquisition of vehicles. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of future minimum lease payments as of the inception date in the general fixed assets account group.

The sheriff has \$167,630 of equipment recorded in general fixed assets account group that was acquired through capital leases.

Future minimum lease payments under capital leases, together with the present value of net minimum lease payments, as of June 30, 1999, are scheduled as follows:

### Notes to the Financial Statements As of and for the Year Ended June 30, 1999

The certificate of Indebtedness, Series 1996, was issued on May 1, 1996, in the amount of \$200,000 for the purpose of paying a portion of the cost of acquiring patrol cars, specialty vehicles and equipment, upgrading computer system, telephone, and communications equipment. This debt is secured by a pledge or dedication of the excess annual revenues above statutory, necessary and usual charges of the Law Enforcement District of the Parish of Jefferson Davis, State of Louisiana. The debt was issued in accordance with the requirements and provisions of LA R.S 33:2921-2925 with the approval of the Louisiana State Bond Commission. The certificates bear interest at a rate of 5.15% per annum, with semiannual payment of interest annual serial payments of principal beginning from date of issuance.

### 13. RESERVED FUND BALANCE

A portion of the fund balance of the General Fund, \$ 33,518, has been reserved for drug law enforcement. This balance represents seizures from criminal activities. Louisiana Revised Statute 40:2616.B(3.a) requires such proceeds to be used in drug law enforcement.

### 14. LITIGATION AND CLAIMS

At June 30, 1999, the sheriff is involved in various lawsuits and pending claims. In the opinion of the sheriff's legal counsel, the ultimate resolution of the majority of these suits would not create a liability to the sheriff in excess of existing insurance coverage. For the remaining suits, in the opinion of the sheriff's legal counsel, an unfavorable outcome in some of the suits is remotely possible. The sheriff's

legal counsel has estimated a potential loss of a minimal amount to \$25,000; however, the ultimate outcome of the litigation cannot presently be determined. Accordingly, no provision for any liability that may result upon adjudication has been made in the accompanying financial statements.

## 15. EXPENDITURES OF THE SHERIFF'S OFFICE PAID BY THE PARISH POLICE JURY

Certain operating expenditures of the sheriff's office are paid by the parish police jury, as required under Louisiana law, and are not included in the accompanying financial statements. Specifically the police jury maintains and operates the parish courthouse in which the sheriff's office is located and occasionally provides funds for equipment and furniture of the sheriff's office. The total amount of these expenditures were not available.

#### 16. TAXES PAID UNDER PROTEST

The unsettled balances due to taxing bodies and others in the agency funds at June 30, 1999, as reflected on the combined balance sheet on page 3, includes \$192,206 of taxes paid under protest, plus interest earned to date on the investment of these funds, totaling \$7,741. These funds are held pending resolution of the protest and are accounted for in the Tax Collector Agency Fund.

### 17. YEAR 2000 ISSUE

The Year 2000 issue is the result of shortcomings in many electronic data processing systems and other electronic equipment that may adversely affect the Sheriff's operations as early as fiscal year 1999.

The Sheriff has completed an inventory of computer systems and other electronic equipment that may be affected by the Year 2000 issue and that are necessary to conducting operations. The Sheriff has identified the following systems requiring Year 2000 remediation:

- Financial reporting, tax collection, payroll the Sheriff is currently remediating its financial reporting, tax collection, and payroll system. Validation and testing of these systems have yet to be completed. No contracted amounts are committed to this project as of June 30, 1999, however, the Sheriff estimates that remediation will cost approximately \$1,500.
- 911 police and emergency system the Sheriff is currently remediating its financial reporting, tax collection, and payroll system. Validation and testing of these systems have yet to be completed. No contracted amounts are committed to this project as of June 30, 1999.
- Traffic ticket, civil cost and fine, and bond system the Sheriff is currently remediating its financial reporting, tax collection, and payroll system. Validation and testing of these systems have yet to be completed. No contracted amounts are committed to this project as of June 30, 1999.

### Notes to the Financial Statements As of and for the Year Ended June 30, 1999

Because of the unprecedented nature of the Year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Management cannot assure that the Sheriff is or will be Year 2000 ready, that the Sheriff's remediation efforts will be successful in whole or in part, or that parties with whom the Sheriff does business will be Year 2000 ready.

# COMBINING FINANCIAL STATEMENTS As of and for the Year Ended June 30, 1999

### FIDUCIARY FUNDS-AGENCY FUNDS

#### CIVIL FUND

The Civil Fund accounts for funds held in civil suits, sheriff's sales, and garnishments and payments of these collections to the recipients in accordance with applicable law.

### TAX COLLECTOR FUND

# OTHER REPORTS REQUIRED BY GOVERNMENT AUDITING STANDARDS

# INDEPENDENT AUDITOR'S REPORT OF COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Richard Edwards, Jr. Jefferson Davis Parish Sheriff Jennings, Louisiana

I have audited the general purpose financial statements of the Jefferson Davis Parish Sheriff, a component unit of the Jefferson Davis Parish Police Jury, as of and for the year ended June 30, 1999, and have issued my report thereon dated December 15, 1999. I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether the Jefferson Davis Parish Sheriff's general purpose financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Governmental Auditing Standards*.

### Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Jefferson Davis Parish Sheriff's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. However, I noted a certain matter involving the internal control over financial reporting and its operation that I consider to be a reportable condition. Reportable conditions involve matters coming to my attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in my judgement, could adversely affect the Jefferson Davis Parish Sheriff's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying schedule of findings and questioned costs as item 99-1.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. My consideration of the internal controls over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, I do not believe the reportable condition described above is a material weakness.

This report is intended for the information of the sheriff, his management, the Legislative Auditor, and any grant awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

### Section II Financial Statement Findings

### Finding 99-1: LACK OF SEGREGATION OF DUTIES – FOOD PURCHASES

Condition: Review of internal controls over purchasing of food for prisoners indicates a lack of segregation of duties and lack of proper physical safeguards of food inventories.

#### JEFFERSON DAVIS PARISH SHERIFF

### Jennings, Louisiana SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended June 30, 1999

Cause of Condition: The same individual that authorizes purchases of food for the jail is also in charge of the receiving and distribution of goods. Also, numerous jail officers have physical access to the food inventories.

Effect of Condition: Left unchanged this condition could result in the possibility of intentional or unintentional misappropriation of funds or food inventories.

Recommendation: I recommend that all purchase orders of food for the jail be approved by someone in management not involved in the actual receiving or custody of the food inventories. This individual should also ensure that all food is purchased at the best price using competitive buying practices. Also, physical safeguard controls should be implemented to ensure that the opportunity of misappropriation of food inventories is minimized. It is also recommended that a daily usage report or menu be developed and implemented which identifies the quantity of food used to prepare meals and the number of meals served. Also, it may be helpful if the volume of actual usage could be compiled daily and totaled monthly and compared to monthly purchase volumes.

Auditee Response: Effective December 15, 1999, all purchases of food will be approved by someone in management not involved in the receiving and distribution functions. We have also implemented a daily menu with the assistance of a dietician. In addition, we have implemented additional monitoring procedures to ensure that inventories on hand are adequately safeguarded. We feel that the implementation of these procedures will adequately address the aforementioned issues.
