INDEPENDENT AUDITOR'S REPORT

HONORABLE ELMER B. LITCHFIELD EAST BATON ROUGE PARISH SHERIFF Baton Rouge, Louisiana

I have audited the accompanying general-purpose financial statements of the East Baton Rouge Parish Sheriff as of and for the year ended June 30, 1999, as listed in the foregoing table of contents. These general-purpose financial statements are the responsibility of the East Baton Rouge Parish Sheriff's management. My responsibility is to express an opinion on these general-purpose financial statements based on my audit.

Except as discussed in the following paragraphs, I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in the *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

Governmental Accounting Standards Board Technical Bulletin 98-1, *Disclosures about Year 2000 Issues*, requires disclosure of certain matters regarding the year 2000 issue. East Baton Rouge Parish Sheriff has included such disclosures in Note 13. Because of the unprecedented nature of the year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Accordingly, insufficient audit evidence exists to support East Baton Rouge Sheriff disclosures with respect to the year 2000 issue made in Note 13. Further, I do not provide assurance that East Baton Rouge Sheriff is or will be year 2000 ready, that East Baton Rouge Sheriff year 2000 remediation efforts will be successful in whole or in part, or that parties with which East Baton Rouge Sheriff does business will be year 2000 ready.

The general-purpose financial statements referred to above include the financial data of the East Baton Rouge Parish Sheriff as Ex-Officio Parish Tax Collector, whose financial statements are on a basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles. That basis differs from generally accepted accounting principles because it does not recognize accounts receivable or payables.

In my opinion, except for the effects on the financial statements of the East Baton Rouge Parish Sheriff as Ex-Officio Parish Tax Collector whose financial statements are prepared using another comprehensive basis of accounting preparing its financial statements on the basis of cash receipts and disbursements described in the first preceding paragraph, and except for the efforts of such adjustments, if any, as might have been determined to be necessary had I been able to examine evidence regarding year 2000 disclosures as discussed in the second preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the East Baton Rouge Parish Sheriff as of June 30, 1999, and the results of operations for the year ended June 30, 1999, in conformity with generally accepted accounting principles. In accordance with *Government Auditing Standards*, I have also issued my report dated December 10, 1999, on my consideration of the East Baton Rouge Parish Sheriff internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations and grants.

HONORABLE ELMER B. LITCHFIELD EAST BATON ROUGE PARISH SHERIFF Baton Rouge, Louisiana INDEPENDENT AUDITOR'S REPORT December 10, 1999

My audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The accompanying supplemental information schedules listed in the table of contents are presented for the purpose of additional analysis, and the schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* and are not a required part of the general-purpose financial statements of the East Baton Rouge Parish Sheriff. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in my opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.

INTRODUCTION

As provided in Article V, Section 27 of the Louisiana Constitution of 1974, the sheriff serves a four-year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs executing orders of the court and serving subpoenas.

As the chief law enforcement officer of the parish, the sheriff has the responsibility for enforcing state and local laws and ordinances within the territorial boundaries of the parish. The sheriff provides protection to the residents of the parish through on-site patrols and investigations and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. In addition, when requested, the sheriff provides assistance to other law enforcement agencies within the parish.

As the ex-officio tax collector of the parish, the sheriff is responsible for collecting and distributing ad valorem property taxes, state revenue sharing funds, fines, costs, and bond forfeitures imposed by the district court.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying general-purpose financial statements of the East Baton Rouge Parish Sheriff have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

For financial reporting purposes, in conformance with GASB Codification Section 2100, the sheriff includes all funds, account groups, activities, et cetera, that are controlled by the sheriff as an independently elected parish official. As an independently elected parish official, the sheriff is solely responsible for the operations of his office, which include the hiring and retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds. Other than certain operating expenditures of the sheriff's office that are paid or provided by the city- parish council as required by Louisiana law, the sheriff is financially independent. Accordingly, the sheriff is a separate governmental reporting entity. Certain units of local government over which the sheriff exercises no oversight responsibility, such as the city-parish council, parish school board, other independently elected parish officials, and municipalities within the parish, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from those of the parish sheriff.

C. FUND ACCOUNTING

The sheriff uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds of the sheriff are classified into two categories: governmental (General Fund, Prison Canteen Special Revenue Fund) and fiduciary (Agency Funds). These funds are described as follows:

General Fund

The General Fund, as provided by Louisiana Revised Statute 33:1422, is the principal fund of the sheriff's office and accounts for the operations of the sheriff's office. The sheriff's primary source of revenue is an ad valorem tax levied by the law enforcement district. Other sources of revenue include commissions on state revenue sharing, state supplemental pay for deputies, civil and criminal fees, fees for court attendance and maintenance of prisoners, et cetera. General operating expenditures are paid from this fund.

Prison Canteen Special Revenue Fund

The Prison Canteen Special Revenue Fund accounts for sales of personal items to prisoners in the parish jail. Revenues are used to compensate ministers who visit the prison, to purchase office supplies, directly associated personnel services and related benefits and to provide for other inmate benefits, et cetera.

Fiduciary Fund Type - Agency Funds

The Agency Funds are used as depositories for civil suits, cash bonds, taxes, fees, et cetera. Disbursements from these funds are made to various parish agencies, litigants in suits, et cetera, in the manner prescribed by law. The agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

D. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting related to the timing of the measurements made, regardless of the measurement focus applied. The General Fund is accounted for using a flow of current financial resources measurement focus. The accompanying general purpose financial statements have been prepared on the modified accrual basis of accounting (except for the Tax Collector Agency Fund, which is prepared on the cash basis of accounting, which approximates the modified accrual basis of accounting). The General Fund uses the following practices in recording revenues and expenditures:

Revenues

Ad valorem taxes and the related state revenue sharing are recorded in the year taxes are due and payable. The calendar for the 1998 tax roll was as follows:

Levy date January 1, 1998
Due date December 31, 1998
Lien date January 1, 1999
Collection date December 1, 1998

D. BASIS OF ACCOUNTING (Continued)

Revenues (Continued)

Licenses, permits, fees, charges, and commissions for services are recorded when earned.

Intergovernmental revenues are recorded when the sheriff is entitled to the funds.

Interest income on time deposits is recorded when the interest is earned.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Compensated absences are recognized as expenditures when leave is actually taken or when the employees (or heirs) are paid for accrued leave upon termination or death, while the cost of leave privileges not requiring current resources is recorded in the general long-term obligations account group.

Other Financing Sources (Uses)

Proceeds from the sale of fixed assets are accounted for as other financing sources and are recognized when received. Fixed assets acquired through capital leases are recorded as expenditures and other financing sources at the time of acquisition. Transfers between funds that are not expected to be repaid are accounted for as other financing sources (uses) when the transfer is authorized by the sheriff.

E. BUDGET PRACTICES

The proposed budget for 1998-99 was made available for public inspection on June 15, 1998. The proposed budget, prepared on the modified accrual basis of accounting, was published in the official journal ten (10) days prior to the public hearing, which was held at the East Baton Rouge Parish Sheriff's office on June 25, 1998, for the comments from taxpayers. The budgets are legally adopted and amended, as necessary, by the sheriff.

All expenditure appropriations lapse at year end. Unexpended appropriations and any excess revenues over expenditures are carried forward to the subsequent year as beginning fund balance.

Neither encumbrance accounting nor formal integration of the budget into the accounting records are employed as a management control device. However, periodic comparisons of budget and actual amounts are made. (Encumbrance accounting is not used. However, formal integration of the budget into the accounting records is employed as a management control device.) Budget amounts included in the accompanying financial statements include the original adopted budget and all subsequent amendments.

F. CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits that mature within 90 days after the fiscal year end and other investments with original maturities of 90 days or less. Under state law, the sheriff may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or under the laws of the United States. Tax collections must be deposited in a bank domiciled in the parish where the funds are collected.

F. CASH AND CASH EQUIVALENTS, (Continued)

Under state law, the sheriff may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days. However, if the original maturities are 90 days or less, they are classified as cash equivalents.

G. INVENTORY

Inventory at June 30, 1999, consists of merchandise for resale in the Prison Canteen Special Revenue Fund. Inventory items are valued at cost and are recorded as expenditures, using the first-in, first-out (FIFO) cost flow assumption for valuing inventory. Reported inventory is equally offset by a fund balance reserve that indicates it does not constitute available spendable resources even though it is a component of net current assets.

H. FIXED ASSETS

Fixed assets are recorded as expenditures at the time purchased and the related assets are capitalized (reported) in the general fixed assets account group. They are valued at historical cost or estimated cost if historical cost is not available. Approximately 90 per cent of the assets are valued at historical cost and 10 per cent are valued at estimated cost based on vendor estimates of prices at the time of purchase. No depreciation has been provided on general fixed assets.

J. COMPENSATED ABSENCES

The sheriff's office has the following policy relating to vacation and sick leave:

Employees of the sheriff's office earn from 8 to 14 hours of annual leave semi-monthly and from 8 to 12 hours of sick leave each work period, depending on their length of service. Maximum accrual of annual leave is 156 to 273 hours, depending on length of service, and maximum accrual of sick leave is 1092 hours. Upon termination of employment, employees are paid for accrued annual leave up to the maximum accrual authorized. All accumulated sick leave lapses upon termination of employment. The plan assets remain the property of the sheriff's office until paid or made available to participants, subject only to claims of the employer's general creditory.

The cost of leave privileges is recognized as a current-year expenditure in the General Fund when leave is actually taken. The cost of leave privileges not requiring current resources is recorded in the general long-term obligations account group.

J. ESTIMATES

The preparation of the general-purpose financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

K. TOTAL COLUMN ON STATEMENTS

The total column on the statements are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position in conformity with generally accepted accounting principles or results of operations. Neither is such data comparable to a consolidation.

3. CASH AND CASH EQUIVALENTS

At June 30, 1999, the sheriff had cash and cash equivalents (book balances) totaling \$23,252,105 as follows:

Cash - Tax Collection Agency Fund	\$ 2,349,984
Demand deposits	700,271
Time deposits	20,200,000
Petty cash	1, <u>850</u>
	23,252,105
Restricted cash	2,434,754
Total	\$25,686,859
	========

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all time equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At June 30, 1999, the deposits are adequately secured from risk by pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the sheriff that the fiscal agent has failed to pay deposited funds upon demand.

Restricted cash

These funds represent payments for litigation settlements, and a reserve to cover the deductible for insurance losses for June 30, 1999, and are held in these accounts until disbursed to their respective eligible claimants.

4. RECEIVABLES

Receivables as of June 30, 1999, are as follows:

7. PENSION PLAN

Plan Description. Substantially all employees of the East Baton Rouge Parish Sheriff's office are members of the Louisiana Sheriff's Pension and Relief Fund (System), a multiple-employer (cost-sharing), public employee retirement system (PERS) deferred benefit pension plan administered by a separate board of trustees.

All sheriffs and all deputies who are found to be physically fit, who earn at least \$400 per month if employed prior to January 1, 1991, and not less than five hundred fifty dollars if employed subsequent to December 31, 1990, and who are 18 years or older at the time of original employment are eligible to participate in the System. Employees are eligible to retire at or after age 55 with at least twelve years of credited service and receive a benefit, payable monthly for life, equal to a percentage of their final-average salary for each year of credited service. The percentage factor to be used for each year of service is 2.5 per cent for each year if total service is at least twelve but less than fifteen years, 2.75 per cent for each year if total service is at least fifteen but less than twenty years, and 3 per cent for each year if total service is at least twenty years. In any case, the retirement benefit cannot exceed 100 per cent of their final-average salary. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least twelve years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefit accrued to their date of termination as indicated previously. Employees who terminate with at least 20 years of credited service are also eligible to elect early benefits between ages 50 and 55 with reduced benefits equal to the actuarial equivalent of the benefit to which they would otherwise be entitled at age 55. The System also provides death and disability benefits. Benefits are established by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana Sheriffs Pension and Relief Fund, Post Office Box 3163, Monroe, Louisiana 71220 or by calling (318) 362-3191.

Funding Policy. Plan members are required by state statute to contribute 8.7 percent of their annual covered salary and the East Baton Rouge Parish Sheriff is required to contribute at an actuarially determined rate. The current rate is 5.0 percent of annual covered payroll. Contributions to the System also include one-half of one percent of the taxes shown to be collectible by the tax rolls of each parish and funds as required and available from insurance premium taxes. The contribution requirements of plan members and the East Baton Rouge Parish Sheriff are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The East Baton Rouge Parish Sheriff's contributions to the System for the years ending June 30, 1999, 1998, and 1997, were \$ 969,993, \$792,124, and \$928,811, respectively, equal to the required contributions for each year.

8. CHANGES IN AGENCY FUND BALANCES

A summary of changes in agency fund balances due to taxing bodies and others is as follows:

	Sheriff's <u>Fund</u>	Prison Inmate	Tax Collector <u>Fund</u>	Holiday <u>Helpers</u>	Honor <u>Fund</u>

9. CHANGES IN GENERAL LONG-TERM OBLIGATIONS

The following is a summary of the long-term obligations during the fiscal year ended June 30, 1999:

	Compensated Absences
Balance, June 30, 1998	\$ 1,064,178
Additions	493,451
Reductions	<u>84,433</u>
Balance, June 30, 1999	\$ 1,473,196

10. TAXES PAID UNDER PROTEST

The unsettled balances due to taxing bodies and others in the Agency Funds at June 30, 1999, amounting to \$125,875 as reflected in Statement A, include \$122,673 of taxes paid under protest, plus interest earned to date on the investments of their funds, totaling \$3,202. These funds are held pending resolution of the protest and are accounted for in the Tax Collector Agency Fund.

11. RESERVE FOR INSURANCE DEDUCTIBLE

With the change from a self-insured Public Liability policy to a non-self-insured type policy, management was required to establish reserves for estimated future losses to cover the deductible under the policy. In prior years this deductible amounted to \$5,000 per individual claim. Effective for the fiscal year 1998, and subsequent years, the deductible was decreased to \$2,500 per individual claim. An insurance agency has established a trust fund in the name of the East Baton Rouge Parish Sheriff for the purpose of depositing funds and establishing a reserve estimating the deductible that will be paid on known losses as well as losses incurred but not reported for the fiscal year then ended. At June 30, 1999, the reserve balance amounted to \$269,359.

12. RISK MANAGEMENT

The Sheriff is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Sheriff maintains commercial insurance coverage covering each of these risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Sheriff.

13. YEAR 2000 ISSUE "unaudited"

The year 2000 issue is the result of shortcomings in many electronic data processing systems and other electronic equipment that may adversely affect the Sheriff's department operations.

The Sheriff's department has completed an inventory of computer systems and other electronic equipment that may be affected by the year 2000 issue and that are necessary to conducting the Sheriff's operations. The Sheriff's management has identified the following systems requiring year 2000 remediation:

Financial Reporting, general ledger, accounts payable, checks and registers and payment processing for property taxes. The Sheriff's department contracts these services through a third party vendor. According to the vendor both hardware and software are Y2K compliant.

Payroll and employee benefits. The City Parish of East Baton Rouge provides this service. Validation and testing of these systems have been completed.

13. YEAR 2000 ISSUE "unaudited", (Continued)

Jail management system. This software is provided by a third party vendor. The present IMS system is not Y2K compliant. An upgraded version, JMS, is Y2K compliant according to the vendor. Validation and testing are currently being performed with the intent to install the software prior to December 31, 1999.

PC's and related servers. The Sheriff's management has remediated its hardware and software with Y2K test and fix programs obtained from a third party vendor. Validation and testing has been completed.

Because of the unprecedented nature of the Year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Management cannot assume that the East Baton Rouge Parish Sheriff is or will be Year 2000 ready, that the East Baton Rouge Parish Sheriff's remediation efforts will be successful in whole or in part, or that parties with whom the East Baton Rouge Parish Sheriff does business will be year 2000 ready.

14. LITIGATION AND CLAIMS

The Sheriff is a defendant in various litigations as of the close of business on June 30, 1999. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Sheriff's legal counsel, resolution of these matters would not create a liability in excess of insurance coverage, or in the case of uninsured claims, have material adverse effect on the financial condition of the East Baton Rouge Parish Sheriff.

The cost of litigation and claims settled during the current year amounted to \$200,090. This amount has been recorded as a current year expenditure in the general fund.

Supplemental Information Schedules As of and for the year ended June 30, 1999

FIDUCIARY FUNDS - AGENCY FUNDS

SHERIFF'S FUND

The Sheriff's Fund accounts for funds held in civil suits, sheriff's sales, and garnishments. It also accounts for collections of bonds, fines, and costs and payment of these collections to the recipients in accordance with applicable laws.

PRISON INMATE FUND

This fund accounts for deposits made by and for the inmates and for authorized withdrawals.

TAX COLLECTOR AGENCY FUND

Article V, Section 27 of the Louisiana Constitution of 1974 provides that the sheriff will serve as the collector of state and parish taxes and fees. The Tax Collector Fund accounts for the collection and distribution of these taxes and fees to the appropriate taxing bodies.

HOLIDAY HELPERS FUND

This fund receives donations from individuals. These funds are used to purchase gifts, food, clothing and mentoring and educational needs to eligible individuals. The distribution of these funds usually occurs during various holidays.

HONOR FUND

This fund receives donations from employees and retirees for the payment of death benefits to eligible members. The benefit amount paid is equivalent to the amount donated.

Report on Compliance and on Internal Control Over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

HONORABLE ELMER B. LITCHFIELD EAST BATON ROUGE PARISH SHERIFF BATON ROUGE, LOUISIANA

I have audited the general-purpose financial statements of East Baton Rouge Sheriff as of and for the year ended June 30, 1999, and have issued my report thereon dated December 10, 1999, which was qualified because the Tax Collector's Financial Statements are prepared on the basis of cash receipts and disbursements and insufficient audit evidence exists to support East Baton Rouge Parish Sheriff's disclosures with respect to the year 2000 issue. Except as discussed in the preceding sentence, I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether East Baton Rouge Parish Sheriff's general-purpose financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered East Baton Rouge Parish Sheriff's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the general-purpose financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general-purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses.

Report on Compliance With Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

HONORABLE ELMER B. LITCHFIELD EAST BATON ROUGE PARISH SHERIFF BATON ROUGE, LOUISIANA

Compliance

I have audited the compliance of East Baton Rouge Parish Sheriff with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 1999. East Baton Rouge Parish Sheriff's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of East Baton Rouge Parish Sheriff's management. My responsibility is to express an opinion on East Baton Rouge Parish Sheriff's compliance based on my audit.

I conducted my audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about East Baton Rouge Parish Sheriff's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination of East Baton Rouge Parish Sheriff's compliance with those requirements.

In my opinion, East Baton Rouge Parish Sheriff complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 1999.

Internal Control Over Compliance

The management of East Baton Rouge Parish Sheriff is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing my audit, I considered East Baton Rouge Parish Sheriff's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.
