INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners Lafayette Parish Communication District Lafayette, Louisiana

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Lafayette Parish Communication District, A Component Unit of the Consolidated Government of Lafayette, Louisiana as of and for the year ended October 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

This communication and any accompanying documents are confidential and privileged. They are intended for the sole use of the addressee. If you receive this transmission in error, you are advised that any disclosure, copying, distribution, or the taking of any action in reliance upon this communication is strictly prohibited. Moreover, any such disclosure shall not compromise or waive the attorney-client, accountantclient, or other privileges as to this communication or otherwise.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of October 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and other required schedules on pages 4 through 11 and 49 through 58 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lafayette Parish Communication District's basic financial statements. The schedule of revenues, expenditures, and changes in fund balance – Budget (GAAP Basis) and Actual – Communications System Management Fund, schedule of wireless revenues and the schedule of compensation, benefits and other payments are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of revenues, expenditures, and changes in fund balance – Budget (GAAP Basis) and Actual – Communications System Management Fund, and the schedule of compensation, benefits and other payments have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, these schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The schedule of wireless revenues has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 18, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance.

That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lafayette Parish Communication District's internal control over financial reporting and compliance.

March 18, 2023 Lafayette, Louisiana

Management's Discussion and Analysis

Within this section of the Lafayette Parish Communication District's (the District) annual financial report, the District's management is pleased to provide this narrative discussion and analysis of the financial activities of the District for the fiscal year ended October 31, 2022. The District's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

FINANCIAL HIGHLIGHTS

The District's assets and deferred outflows of resources exceed its liabilities and deferred inflows of resources by \$24,597,884 and \$1,028,986 (net position) for its business-type and governmental activities, respectively, for the fiscal year ended October 31, 2022. This is a change over fiscal year ended 2021, when the District's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$23,806.224 and \$1,075,198 (net position) for its business-type and governmental activities, respectively.

Total net position is comprised of the following:

- Net invested in capital assets of \$15,626,817 includes property and equipment, net of accumulated depreciation, and construction in progress, reduced for outstanding debt related to the purchase of capital assets. The District had no outstanding debt relating to its capital assets at fiscal year-end. This is a decrease of \$304,589 from 2021. This decrease is attributed to the increase in depreciation on the new building placed in service in 2021.
- Unrestricted net position of \$10,000,053 represents the portion available to maintain the District's continuing obligations to citizens and creditors.

By the nature of the District's agreement with the Parish and City of Lafayette, its governmental funds report no fund balance at the end of the fiscal period. Rather, any excess funding is reimbursed to the respective governmental body and recorded as a liability in the fund financial statements. The District's proprietary fund reported total ending net position of \$24,597,884 this year. This compares to the prior year ending net position of \$23,806,224 showing an increase of \$791,660 during the current year.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

OVERVIEW OF THE FINANCIAL STATEMENTS

This Management Discussion and Analysis document introduces the District's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) required supplementary information. The District also includes in this report additional information to supplement the basic financial statements. Comparative data for the prior year is also presented for comparative purposes.

Government-Wide Financial Statements

The District's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the District's overall financial status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

Management's Discussion and Analysis

Government-Wide Financial Statements - Continued

The first of these government-wide statements is the *Statement of Net Position*. This is the government-wide statement of position presenting information that includes all of the District's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating.

The second government-wide statement is the *Statement of Activities*, which reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the District's distinct activities or functions on specific revenues.

Both of the Government-wide Financial Statements distinguish functions of the District that are principally supported by intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through charges (business-type activities).

The governmental activities of the District include public safety operations in maintaining The Office of Homeland Security and Emergency Preparedness and the administration of the City of Lafayette's 800 Megahertz Radio System. Both of these funds are special revenue funds.

Included in the business-type activities are charges to telephone companies for the operations of the local emergency telephone response service for the Parish of Lafayette.

The government-wide financial statements are presented on pages 14 - 16 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds.

<u>Governmental Funds</u> - Governmental funds are reported in the fund financial statements and encompass the same function reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the District's governmental funds, including object classifications. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Because the focus of governmental funds is narrower than that of the Government-Wide Financial Statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the Government-Wide Financial Statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. The Governmental Funds Balance Sheet and the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Management's Discussion and Analysis

<u>Governmental Funds – Continued</u> - The District maintained two individual governmental funds, both are special revenue funds. Information is presented by fund in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances. The funds are the Communications System Management Fund and the Office of Homeland Security and Emergency Preparedness Fund, both are considered major funds.

The basic governmental fund financial statements are presented on pages 18-22 of this report.

<u>Proprietary Fund</u> – When the District receives 911 surcharges from the various telephone service providers for use in providing 911 emergency services, these services are generally reported in a proprietary fund. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the District's enterprise fund (the "911" Fund) is the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for the proprietary fund. The "911" Fund is considered by the District to be a major fund. The Proprietary Fund financial statements are presented on pages 23 - 27 of this report.

Notes to the basic financial statements:

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 28 of this report.

Other information:

In addition to the basic financial statements and accompanying notes, this report also presents other supplementary information concerning the District's budget presentations. Budgetary comparison statements are included as "other required supplementary information" for the major funds, both the proprietary fund and the governmental funds. These statements demonstrate compliance with the District's adopted and final revised budget. This information is on pages 49-53 of this report.

Other required supplementary information included in this report are the schedules of funding progress for Other Post-Employment Benefits Plan as well as the requirement supplementary information required for pension disclosures. This information can be found on pages 54-58.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Over time, as year-to-year financial information is accumulated on a consistent basis, changes in net position may be observed and used to discuss the changing financial position of the District as a whole. The District's net position at fiscal year-end is \$25,626,870 as compared to the prior fiscal year end balance which was \$24,881,422. Approximately 39% of the net position is unrestricted which may be used to meet the District's ongoing obligation to citizens and creditors.

Management's Discussion and Analysis

The following table provides a summary of the District's net position:

Summary of Net Position

	Government	al Activities	Business-typ	be Activities	Total Go	vernment
	2022	2021	2022	2021	2022	2021
Current and other assets	\$ 57,725	\$ 85,979	\$ 10,558,691	\$ 9,773,282	\$ 10,616,416	\$ 9,859,261
Capital Assets	1,072,572	1,127,884	14,554,245	14,803,522	15,626,817	15,931,406
Total assets	1,130,297	1,213,863	25,112,936	24,576,804	26,243,233	25,790,667
Deferred Outflows						
Pension/OPEB Related	27,638	33,124	346,872	476,465	374,510	509,589
Current liabilities	57,725	85,979	319,241	197,046	376,966	283,025
Non-current liabilities	3,507	23,481	(519,291)	117,085	(515,784)	140,566
Total liabilities	61,232	109,460	(200,050)	314,131	(138,818)	423,591
Deferred Inflows						
Pension/OPEB Related	67,717	62,329	1,091,974	932,914	1,159,691	995,243
Net position:						
Invested in capital assets	1,072,572	1,127,884	14,554,245	14,803,522	15,626,817	15,931,406
Unrestricted (deficit) restated	(43,586)	(52,686)	10,043,639	9,002,702	10,000,053	8,950,016
Total net position	1,028,986	1,075,198	\$ 24,597,884	\$ 23,806,224	\$ 25,626,870	\$ 24,881,422

The deficit in unrestricted governmental net position changed primarily because of the recordation of compensated absences into the statement of net position. By the nature of the governmental funds, any excess of revenues over expenditures at the fund level is reimbursed to the City/Parish Government and the funds have no fund balance, however, compensated absences do not factor into this calculation.

During 2022, current assets increased in the business-type activities primarily due to an increase in cash and investments. There was a decreased in the governmental activities due to a decrease in the receivables related to grant funds expended. The decrease in capital assets in the governmental activities is due to depreciation exceeding the purchase of new equipment and the decrease in capital assets in the business-type activities is due depreciation expense also exceeding purchases of assets.

The net position of our business-type activities increased by \$791,660 or 3.21% in 2022, as compared to 5.83% in 2021. The decrease in the percentage is due to the increase in cost of operations of the new public safety building.

Management's Discussion and Analysis

The following table provides a summary of the District's changes in net position:

Summary of Changes in Net Position

		Governmental Activities			Business-type Activities				Total Government			
	_	2022	_	2021		2022	-	2021	_	2022		2021
Revenues												
Program revenues:												
Charges for services	\$	1.4	\$	4	\$	4,947,785	\$	5.035,853	\$	4.947,785	\$	5,035,853

Total expenses	_	402,319	-	460,446	-	4,125,104	_	3,808,824		4.527,423		4,269,270
Changes in net position	\$	(46,212)	\$	(98,164)	\$	791,660	\$	1,311.387	\$	745.448	\$	1,213,223

Governmental Activities:

The governmental funds of the District are funded in the most part by appropriations from the City and Parish of Lafayette governments. As previously discussed, any excess or deficiency of revenues over expenditures in these funds is required to be reimbursed to/recovered from the respective government in the subsequent year. The only function of the District is public safety activities. Capital grants decreased slightly this year due to less grants funds received for equipment purchases in the current year. Operating grants increased from 2021 due to an increase in funds allocated by the City/Parish during the year as compared to prior year to fund the deficit in the governmental funds.

Total expenses of the governmental activities decreased as compared to 2021 due to an overall decrease in expenses.

Business-type Activities:

The majority of revenues in the District's business-type activities come from telephone taxes collected by and received from the different telephone service providers that operate in the parish. In addition, the District also earns interest on its investments. Charges for services had a slight decrease of 1.75% over 2021 with expenses increasing by 8.30%. The largest expenses of the business-type activity are salaries and benefits, which represent 40.6% of total expenses for 2022 and repairs and maintenance which represents 13.6% of total expenses for 2022. The overall increase can also be attributed to the increase in depreciation on the new public safety building, which represents 20.4% of total expenses.

Management's Discussion and Analysis

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Governmental Funds:

As discussed, governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Due to the nature of the District's governmental funds, they do not carry over a fund balance; rather the amounts are reported as a liability to the appropriate funding authority.

Proprietary Fund:

The major fund of the District is its Proprietary Fund (the "911" fund). This fund operates as the general fund of the District. The major revenue source of this fund is telephone taxes collected by and received from the different telephone service providers in the area. It is the largest source of day-to-day service delivery. The "911" Fund's net position increased \$791,660 which is a decrease from 2021 when net position increased \$1,311,387. This is attributed to the overall increased costs in operating the Public Safety Complex.

BUDGETARY HIGHLIGHTS

Proprietary Fund

The Proprietary Fund's original budget was based on the actual amounts reported in fiscal year 2021. However, the final budget changed with an increase in expenditures due to expected repairs and maintenance and well as projected increases in salaries and related benefits. The budgeted revenues increased to factor in grant revenue received during the year for the purchase of equipment. Overall budgeted expenditures increased \$397,000.

Major Governmental Funds

The Office of Homeland Security and Emergency Preparedness special revenue fund's final budget showed an increase in both the revenues and expenses from the original budget partly due to federal awards received during the year to fund capital type expenditures. Capital outlay expense increased since the original budget only included expected routine equipment purchases, not the federal projects that were awarded during the year.

The Communication System Management special revenue fund's final budget remained virtually unchanged with the only changes being changes in the individual line items for expenditures but overall expenditures remained the same.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's net investment in capital assets as of October 31, 2022, was \$15,626,817 as compared to \$15,931,406 at the end of 2021. The decrease is attributed to an increase in depreciation expense related to the new facility. This investment in capital assets includes buildings and improvements, equipment, furniture and construction in progress (if applicable).

See Note H for additional information about changes in capital assets during the fiscal year.

Management's Discussion and Analysis

Capital Assets at Year-End Net of Depreciation

	10	Government	al A	ctivities		Business-ty	pe A	ctivities		Total go	verm	ment
	-	2022	_	2021	_	2022	_	2021	_	2022		2021
Buildings and Improvements Furniture and Equipment Construction in Progress	\$	350.838 721.734 -	\$	394,693 733,191	\$	10.263,193 4.217,576 73,476	\$	10.568,689 4,218,079 16,754	\$	10.614.031 4.939.310 73.476	\$	10,963,382 4,951,270 16,754
Totals	<u>s</u>	1,072.572	5	1.127,884	5	14.554,245	<u>s</u>	14,803,522	5	15.626,817	<u>s</u>	15,931,406

The decrease in the District's investment in capital assets for the current fiscal year was 1.68%. The decrease is attributed to the increase in depreciation for the current year.

The District completed the majority of the projects in construction in progress, a Mobile Operations Center, and the New Public Safety Communications Center Building, as of the end of the prior fiscal year which attributed to a full year of depreciation on these assets in the current year.

In the governmental fund type, the decrease is attributed to depreciation expense for the current year.

Long-Term Liabilities

At the end of the fiscal year, the District had long-term liabilities in the form of liabilities for Pension, Other Post-Employment Benefits and Compensated Absences. The total amount of these liabilities at October 31, 2022 was \$(515,784) as compared to October 31, 2021 which was \$140,566. The change in the amounts can be explained as follows:

For the year ended October 31, 2022, the Net Pension Liability (Asset) increased by \$(710,862) as a Net Pension Asset based on the actuarial calculations performed.

There was a slight decrease of \$15,710 in Other Post-Employment Benefits at year-end.

There was also an increase in the compensated absences balance at year-end of \$70,223.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The fiscal year end 2022-2023 budgets for the proprietary and governmental fund types are based on actual 2021-2022 results. The District plans to continue purchasing equipment utilizing the federal grant funds that are being received as part of the Office of Homeland Security grant program. The District completed construction of the new facility in early 2021 and expenses related to operations of the new facility are also included in the 2022-2023 budget.

Management's Discussion and Analysis

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the District's finances, comply with financerelated laws and regulations, and demonstrate the District's commitment to public accountability. If you have questions about this report or would like to request additional information, contact Craig Stansbury, Director, Lafayette Parish Communication District, 1810 W. Willow Street, Scott, Louisiana 70583.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(A) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the District conform to accounting principles generally accepted in the United States as applicable to governments. The following is a summary of the significant policies.

Basis of Presentation – The Lafayette Parish Communication District's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

Financial Reporting Entity – The Lafayette Parish Communication District is governed by an appointed board of commissioners and consists of the "911" Fund, the Office of Homeland Security and Emergency Preparedness Fund and The Communication System Management Fund.

The "911" Fund was created by House Bill No. 480, Act No. 788 and signed into law July 18, 1979 for the purpose of establishing a local emergency telephone response service for Lafayette Parish.

The Office of Homeland Security and Emergency Preparedness Fund (OHSEP) was consolidated with the Lafayette Parish Communication District on November 1, 1984. Funding for OHSEP is provided by the State of Louisiana Office of Homeland Security and Emergency Preparedness, the City of Lafayette and the Parish of Lafayette. Any revenues in excess of expenditures are refunded proportionately to the City and Parish of Lafayette at the end of each fiscal year.

The Communication System Management Fund (CSMF) was established on November 1, 1986 to administer the City of Lafayette's 800 Megahertz Radio System. CSMF charges other agencies and surrounding communities a rental fee for radio tower usage. The City of Lafayette reimburses CSMF for excess expenditures over revenues received from tower rentals.

The accompanying financial statements present the District's funds and activities. As required by GAAP, these financial statements present the District as a component unit of the Consolidated Government of Lafayette, Louisiana.

Government-Wide Financial Statements (GWFS) - The Statement of Net Position and the Statement of Activities display information about the District as a whole. These statements include all the financial activities of the District. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB's *Codification*, Section N50. The statement of activities presents a comparison between direct expenses and program revenues for each of the functions of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(A) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Government-Wide Financial Statements (GWFS) – **continued** - Program revenues include (a) fees and charges paid by the recipients of services offered by the District, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements (FFS) – The financial transactions of the Lafayette Parish Communication District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenses or expenditures. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Lafayette Parish Communication District:

Governmental Funds -

<u>Special Revenue Funds</u> – These funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Proprietary Fund -

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the District:

<u>Enterprise Fund</u> – This type of fund is used to account for operations that are financed and operated in a manner similar to private business enterprises where the costs (expenses, including depreciation) of providing emergency telephone response services to the general public on a continuing basis is financed through user charges.

The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the District or its total assets, liabilities, revenues, or expenditures of the individual fund type is at least ten percent of the corresponding total for all of that fund type. Non-major funds by category are summarized into a single column. The non-major funds are combined in a column in the fund financial statements. The Proprietary Fund – "911" Fund is the operating fund of the District and is considered a major fund. In addition, the Office of Homeland Security and Emergency Preparedness Fund and the Communication System Management Fund meet the criteria of a major fund and are reported as such for the year ended October 31, 2022.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(A) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Measurement Focus/Basis of Accounting – Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

Accrual

Governmental activities in the government-wide financial statements and the proprietary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. The proprietary fund type is accounted for on a cost of service measurement focus using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when the related liabilities are incurred.

Modified Accrual

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. Intergovernmental revenues and fees, charges and commissions for services are recorded when the District is entitled to the funds. Interest on interest-bearing deposits is recorded or accrued as revenues when earned. Substantially all other revenues are recorded when received.

Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred, if measurable.

Budgets and Budgetary Accounting – The Lafayette Parish Communication District is required to adopt annual budgets for each fund. Each budget is presented on the modified accrual basis of accounting, which is consistent with generally accepted accounting principles ("GAAP").

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

- a. Each year, prior to November 1, the District prepares a budget for the next succeeding fiscal year and submits it to the Board of Commissioners. The operating budget includes proposed expenditures and the means of financing them.
- b. The Lafayette Parish Communication District adopts the budget by a resolution of the Board of Commissioners.
 - c. The budget must be revised and approved by the Commissioners for any increase in budgetary expenditures.
 - d. All budgetary appropriations lapse at the end of each fiscal year.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(A) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Cash and Interest-Bearing Deposits – Cash and interest-bearing deposits are stated at cost, which approximates market.

Unearned Revenue – Unearned revenue in the Communication System Management Fund represents rental fees for future radio tower usage. Rental revenue is recognized on a pro-rata basis as radio tower service is provided.

Capital Assets – Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated cost if historical cost is not available. The District's capitalization policy matches that of the City/Parish of Lafayette, its fiscal agent. Contributed assets are recorded as capital assets at their estimated fair market value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Building and improvements	20 - 40 years	
Vehicles	5 years	
Equipment and Furniture	5 -10 years	

Compensated Absences – Annual leave is a paid leave of absence from regularly scheduled work hours granted to regular employees for the purpose of rest and recreation or to attend to personal affairs. Annual leave is earned by all regular full and part-time employees based on their years of service ranging from eight to sixteen hours per month beginning after six months of service. Excess leave shall be added to the employee's sick leave balance. Sick leave is earned by all full-time employees at the rate of eight hours per month and part-time employees at a pro-rata amount based on their usual work schedule for each completed month of employment.

Sick leave is carried forward from year to year. An employee shall be paid for all accumulated hours of sick leave at their regular rate of pay upon regular or disability retirement, death, or upon permanent layoff of an employee with 15 years or more of employment provided an offer of employment in a position of equal or greater pay was not refused and will not be paid upon any other type of separation from service. In accordance with GASB's *Codification*, Section C60, an accrual is made for accrued sick leave that is determined to be payable at separation based on the above criteria.

On October 31, 2022, accrued compensated absences in the "911" Fund amounted to \$466,966. The portion of accrued compensated absences attributed to the Office of Homeland Security and Emergency Preparedness Fund amounted to \$60,888 on October 31, 2022.

Prepaid Items – Payments made to vendors for services that will benefit periods beyond year-end are recorded as prepaid items.

Cash and Cash Equivalents – For purposes of the Statement of Cash Flows, the District considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(A) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Interfund Transactions – Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental and proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Equity Classifications – In the government-wide statement of net position, equity is classified as net position and displayed in three components:

- a. Net investments in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those net assets.
- b. Restricted net position Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. The District has no restricted net assets at October 31, 2022.
- c. Unrestricted net position All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

In the fund financial statements, governmental equity is classified as fund balance. However, due to the nature of the governmental funds, there is no fund balance reported in these funds at the end of the fiscal year.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles of the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Deferred Outflows of Resources and Deferred Inflows of Resources - In some instances, the GASB requires a government to delay recognition of decreases in net position as expenditures until a future period. In other instances, governments are required to delay recognition of increases in net position as revenues in a future period. In these circumstances, deferred outflows of resources and deferred inflows of resources result from the delayed recognition of expenditures or revenues, respectively.

(B) CASH AND INVESTMENTS

The District's cash and investments are included in the Consolidated Government of Lafayette Parish's (LCG) Cash Management Fund, which is pooled with LCG's other investments. Interest earned from the pooled cash management fund is apportioned to each fund based on its average daily cash balance. LCG's investments are categorized to give an indication of the level of risk assumed by LCG at year-end.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(B) CASH AND INVESTMENTS - Continued

Category 1 includes investments that are insured or registered or for which the securities are held by LCG or its agent in LCG's name. All funds are considered Category 1 at October 31, 2022.

Cash and investments include bank balances and investments that at the balance sheet date Cash balances are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. The District has no custodial credit risk associated with these deposits.

As a component unit of the Consolidated Government of Lafayette, Louisiana, the District follows the Cash Management Rules and Guidelines of the Lafayette City-Parish Consolidated Government. Following are the risks associated with these rules and guidelines.

Interest Rate Risk: As a means of limiting its exposure to fair-value losses arising from rising interest rates, the District's investment policy limits the investment portfolio to "money market instruments", which are defined as very creditworthy, highly liquid investments with maturities of one year or less. Although there may be certain circumstances in which longer-term securities are utilized, the general use of long-term securities shall be avoided.

Credit Risk: The District's Investment Policy limits investments to fully insured and/or fully-collateralized certificates of deposits and direct and indirect obligations of U.S. government agencies.

Concentration of Credit Risk: The District's investment policy limits the District's investment instruments to: 1) Certificates of Deposit; 2) Certain direct obligations of the US Government; 3) Other "direct obligations" of the U.S. Government; and, 4) Obligations of certain US Government Agencies.

(C) INVESTMENTS

As of October 31, 2022, the Government's investments were as follows:

The following provides information about interest rate risk associated with the Government's investments:

Primary Government:

Investment	Investment Maturities			
	% of Portfolio	Fair Value	Less Than One Year	One -Five Years
Type U.S. Treasuries	87%	\$ 21,215	\$ 18,639	\$ 2,575
U.S. Instrumentalities	12%	9,043	6,087	2,957
Total	100%	\$ 30,258	\$ 24,726	\$ 5,532

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(C) INVESTMENTS – Continued

Proprietary Fund

		Investment Maturit				
Investment Type	% of Portfolio	Fair Value	Less Than One Year	One - Five Years		
U.S. Treasuries	70%	5,555,560	4,881,142	774,330		
U.S. Instrumentalities	30%	2,368,228	1,593,898	674,417		
Total	100%	\$ 7,923,787	\$6,475,040	\$1,448,747		

Credit rate risk: The risks are managed by restricting investments to those authorized by R.S. 33:5162. The Government's Investment Policy limits investments to fully insured and/or fully- collateralized certificates of deposits and direct and indirect obligations of U.S. government agencies. The Government's investments in U.S. Treasuries and U.S. Instrumentalities were rated AA+ and A-1+ by Standard and Poor's and repurchase agreements were not rated.

Concentration of credit risk: R.S. 33:2955 provides that all fixed income investments be appropriately diversified by maturity, security, sector, and credit quality. At October 31, 2022, no more than 5 percent of the Government's total investments were invested in any single issue.

Custodial Credit Risk - In the event of the failure of the counterparty, the Government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Government's investment policy requires all investments to be in the Government's name and all ownership securities to be evidenced by an acceptable safekeeping receipt issued by a third-party financial institution which is acceptable to the Government. Accordingly, the Government had no custodial credit risk related to its investments.

In accordance with GASB Statement No. 31, the Government recognized a net decrease in the fair value of investments in the amount of \$567 and \$148,388 for Governmental Funds and Proprietary funds, respectively. This amount takes into account all changes in fair value that occurred during the year. The unrealized loss on investments held at October 31, 2022 was \$567 and \$148,388 for Governmental Funds and Proprietary funds, respectively.

(D) TELEPHONE TAX RECEIVABLE

The telephone tax is received by the "911" Fund from AT&T Mobility, Inc., Cox Louisiana Telecom, LLC, Bellsouth Telecommunications, Inc., the Louisiana Department of Revenue and various other vendors from amounts billed to their customers. At October 31, 2022, the telephone tax receivable was \$375,964. The responsibility of collecting the tax rests with the telephone companies and the receivable is reported net of any uncollected amounts, therefore, no allowance for uncollectible taxes is deemed necessary.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(E) PENSION PLAN

During the year ended October 31, 2015, the District adopted the provisions of Governmental Accounting Statement No. 68 – Accounting and Financial Reporting for Pensions. The Parochial Employees' Retirement System of Louisiana prepare their employer schedules in accordance with Governmental Accounting Statement No. 68 - Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27. GASB Statement No. 68 establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources and expenses/expenditures. It provides methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value and attribute that present value to periods of employee service. It also provides methods to calculate participating employer's proportionate share of net pension liability, deferred inflows, deferred outflows, pension expense and amortization periods for deferred inflows and deferred outflows.

The employer pension schedules for the Parochial Employees' Retirement System of Louisiana are prepared using the accrual basis of accounting. Members' earnable compensation, for which the employer allocations are based, is recognized in the period in which the employee is compensated for services performed. The member's earnable compensation is attributed to the employer for which the member is employed as of October 31, 2022.

Substantially all of the District's employees are covered under the Parochial Employees' Retirement System of Louisiana. Details concerning the plan are:

Plan Description: The Parochial Employees' Retirement System of Louisiana (the System) is a costsharing multiple-employer defined benefit pension plan established by Act 205 of the 1952 regular session of the Legislature of the State of Louisiana to provide retirement benefits to all employees of any parish in the state of Louisiana or any governing body or a parish which employs and pays persons serving the parish.

Act 765 of the year 1979, established by the Legislature of the State of Louisiana, revised the System to create Plan A and Plan B to replace the "regular plan" and the "supplemental plan". Plan A was designated for employers out of Social Security. Plan B was designated for those employers that remained in Social Security on the revision date. Employees of the District are members of Plan A.

The Parochial Employees' Retirement System of Louisiana issues a stand-alone report on their financial statements. Access to the report can be found on the Louisiana Legislative Auditor's website, www.lla.la.gov.

The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to these appropriate statutes for more complete information.

Eligibility Requirements:

All permanent parish government employees (except those employed by Orleans, Lafourche and East Baton Rouge Parishes) who work at least 28 hours a week shall become members on the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(E) PENSION PLAN – Continued

As of January 1997, elected officials, except coroners, justices of the peace, and parish presidents may no longer join the System.

Retirement Benefits:

Any member of Plan A can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

- 1. Any age with thirty (30) or more years of creditable service.
- 2. Age 55 with twenty-five (25) years of creditable service.
- 3. Age 60 with a minimum of ten (10) years of creditable service.
- 4. Age 65 with a minimum of seven (7) years of creditable service.

For employees hired after January 1, 2007:

- 1. Age 55 with 30 years of service.
- 2. Age 62 with 10 years of service.
- 3. Age 67 with 7 years of service.

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to three percent of the member's final average compensation multiplied by his/her years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

Survivor Benefits:

Upon the death of any member of Plan A with five (5) or more years of creditable service who is not eligible for retirement, the plan provides for benefits for the surviving spouse and minor children, as outlined in the statutes.

Any member of Plan A, who is eligible for normal retirement at time of death, the surviving spouse shall receive an automatic Option 2 benefit, as outlined in the statutes.

A surviving spouse who is not eligible for Social Security survivorship or retirement benefits, and married not less than twelve (12) months immediately preceding death of the member, shall be paid an Option 2 benefit beginning at age 50.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(E) PENSION PLAN - Continued

Deferred Retirement Option Plan:

Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the Retirement System. DROP is an option for that member who is eligible for normal retirement.

In lieu of terminating employment and accepting a service retirement, any member of Plan A or B who is eligible to retire may elect to participate in the Deferred Retirement Option Plan (DROP) in which they are enrolled for three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable, but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account.

Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date.

For individuals who become eligible to participate in the Deferred Retirement Option Plan on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in the Plan will be placed in liquid asset money market investments at the discretion of the Board of Trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the System, the funds may be credited to self-directed subaccounts.

The participant in the self-directed portion of this Plan must agree that the benefits payable to the participant are not the obligations of the state or the System, and that any returns and other rights of the Plan are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

Disability Benefits:

For Plan A, a member shall be eligible to retire and receive a disability benefit if they were hired prior to January 1, 2007, and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement and has been officially certified as disabled by the State Medical Disability Board.

Upon retirement caused by disability, if not eligible for normal retirement, a member of Plan A shall be paid a disability benefit equal to the lesser of an amount equal to three percent of the member's final average compensation multiplied by his years of service, not to be less than fifteen, or three percent multiplied by years of service assuming continued service to age 60 for those members who are enrolled prior to January 1, 2007 and to age 62 for those members who are enrolled January 1, 2007 and later.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(E) PENSION PLAN - Continued

Cost of Living Increases:

The Board is authorized to provide a cost of living allowance for those retirees who retired prior to July 1973. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements. In addition, the Board may provide an additional cost of living increase to all retirees and beneficiaries who are over age sixty-five equal to 2% of the member's benefit paid on October 1, 1977, (or the member's retirement date, if later). Also, the Board may provide a cost of living increase up to 2.5% for retirees 62 and older. (RS 11:1937). Lastly, Act 270 of 2009 provided for further reduced actuarial payments to provide an annual 2.5% cost of living adjustment commencing at age 55.

Employer Contributions:

According to state statute, contributions for all employers are actuarially determined each year. For the year ended December 31, 2021, and 2020, the actuarially determined contribution rate was 10.38% and 11.11%, respectively, of member's compensation for Plan A. The actual contribution rate for each of the fiscal years ending December 31, 2021, and 2020 was 12.25% and 11.50% respectively for Plan A.

According to state statute, the System also receives ¼ of 1% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge parishes. The System also receives revenue sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

Employer Allocations:

The schedule of employer allocations reports the historical employer contributions, in addition to the employer allocation percentage for each participating employer. The historical employer contributions are used to determine the proportionate relationship of each employer to all employers of Parochial Employees' Retirement System of Louisiana. The employer's proportion was determined on a basis that is consistent with the manner in which contributions to the pension plan are determined. The resulting allocation percentages were used in calculating each employer's proportionate share of the pension amounts.

The allocation method used in determining each employer's proportion was based on each employer's contributions to the plan during the fiscal year ended December 31, 2021 as compared to the total of all employers' contributions received by the plan during the fiscal year ended December 31, 2021.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(E) PENSION PLAN - Continued

At October 31, 2022, the District reported a pension asset of \$(1,179,104) for its proportionate share of the net pension asset, of which \$(57,381) and \$(1,121,722) was reported in the governmental activities and business-type activities, respectively. The net pension asset was measured as of December 31, 2021, and the total pension asset used to calculate the net pension asset was determined by an actuarial valuation as of that date. The District's proportion of the net pension asset was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At December 31, 2021, the District's proportion was .25%, which was an decrease of .02% from its proportion measured as of December 31, 2020.

For the year ended October 31, 2022, the District recognized pension expense of \$(198,012) adjusted for the employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions of \$(1,825).

At October 31, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Governmental Activities			Business-type Activities				
		eferred utflows		eferred nflows	Deferred Outflows		Deferred Inflows	
Difference Between Expected					1	1.1	2.5	1.1.1
and Actual Experience	\$	2,871	\$	3,444	\$	68,369	\$	82,014
Change in Assumptions		2,478				59,015		
Change in Proportion and								
Differences Between the Employer's								
Contributions and the Employer's								
Proportionate Share of Contributions		105		256		2,511		6,095
Net Differences Between Projected								
and Actual Earnings on Plan								
Investments		-		44,102		2.		978,803
Contributions Subsequent to the								
Measurement Date		7,057	-	14	1.1	168,054	-	-
Total	\$	12,511	5	47.802	\$	297,949	\$	1,066,912

Deferred outflows of resources of \$175,111 related to pensions resulting from the District's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended October 31, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended	
December 31,	
2022	\$ (194,853)
2023	(401,691)
2024	(270,500)
2025	(109,321)
Total	\$ (976,364)

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(E) PENSION PLAN - Continued

Actuarial Methods and Assumptions:

The net pension liability was measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the pension plan's fiduciary net position.

The components of the net pension liability/asset of the System's employers as of December 31, 2021, are as follows:

PLAN A

Total Pension Liability	\$4,504,994,211
Plan Fiduciary Net Position	4,976,037,622
Total Net Pension Liability (Asset)	\$ (471,043,411)

A summary of the actuarial methods and assumptions used in determining the total pension liability as of December 31, 2021, are as follows:

Valuation Date	December 31, 2021
Actuarial Cost Method	Plan A – Entry Age Normal
Investment Rate of Return	6.40% net of investment expense, including inflation
Expected Remaining Service lives	4 years
Projected Salary Increases	Plan A – 4.75%
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increase not yet authorized by the Board of Trustees.
Mortality	Pub-2010 Public Retirement Plans Mortality Table for Health Retirees multiplied by 130% for mails and 125% for females using MP2018 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females using MP2018 scale. Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females using MP2018 scale for General Disabled Retirees multiplied by 130% for males and 125% for females using MP2018 scale for disabled annuitants.
Inflation Rate	2.30%

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(E) PENSION PLAN – Continued

The discount rate used to measure the total pension liability was 6.40% for Plan A. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2013 through December 31, 2017. The data was assigned credibility weighting and combined with a standard table to produce current levels of mortality. As a result of this study, mortality for employees was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement Plans Mortality Table for females, each with full generational projection using the MP2018 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement Plans Mortality Table for Healthy Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. For disabled annuitants, mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Disables Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale.

Sensitivity to Changes in Discount Rate:

The following presents the net pension liability/asset of the participating employers as of December 31, 2021 calculated using the discount rate of 6.40%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is one percentage point lower 5.50% or one percentage point higher 7.40% than the current rate.

		PLAN A		
	Changes in Discount Rate 2021			
	1%	Current Discount	1%	
	Decrease	Rate	Increase	
	5.40%	6.40%	7.40%	
Net Pension Liability (Asset)	\$210,212	\$ (1,179,104)	\$(2,342,910)	

Change in Net Pension Liability:

The changes in the net pension liability for the year ended October 31, 2022 were recognized in the current reporting period as pension expense except as follows:

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(E) PENSION PLAN - Continued

Differences between Expected and Actual Experience:

Differences between expected and actual experience with regard to economic or demographic factors in the measurement of the total pension liability were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan. The difference between expected and actual experience resulted in a deferred inflow of resources in the amount of \$85,458 and a deferred outflow of resources in the amount of \$71,240 for Plan A for the year ended October 31, 2022.

Differences between Projected and Actual Investment Earnings:

Differences between projected and actual investment earnings on pension plan investments were recognized in pension expense using the straight-line amortization method over a closed five-year period. The difference between projected and actual investment earnings resulted in a deferred inflow of resources in the amounts of \$1,019,905 for Plan A for the year ended October 31, 2022.

Change in Assumptions:

The changes in assumptions about future economic or demographic factors were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan. The change in assumptions or other inputs resulted in deferred outflows of resources in the amount of \$61,493 for Plan A, for the year ended October 31, 2022.

Change in Proportion:

Changes in the employer's proportionate shares of the collective net pension liability and collective deferred outflows of resources and deferred inflows of resources since the prior measurement date were recognized in employer's pension expense/(benefit) using a the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided pensions through the pension plan. The change in proportion resulted in a deferred inflow of resources in the amount of \$6,351 and a deferred outflow of resources in the amount of \$2,616 for Plan A, for the year ended October 31, 2022.

Contributions – Proportionate Share:

Differences between contributions remitted to the System and the employer's proportionate share are recognized in pension expense/(benefit) using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with a pension through the pension plan. The resulting deferred inflow/outflow and amortization is not reflected in the schedule of employer amounts due to differences that could arise between contributions reported by the System and contributions reported by the participating employer.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(F) POSTEMPLOYMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

General Information about the OPEB Plan

Plan description – The LPCD provides certain continuing health care and life insurance benefits for its retired employees. The LPCD's OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the LPCD. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the LPCD. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB).

Benefits Provided – Medical benefits are provided through insured programs. The plan provisions are contained in the official plan documents. Employees are covered by Plan A of Parochial Employees Retirement System (PERS), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: for active members hired before January 1, 2007: 30 years of service at any age; age 55 and 25 years of service; age 60 and 10 years of service; or, age 65 and 7 years of service; for active members hired on and after January 1, 2007: age 55 and 30 years of service; age 62 and 10 years of service; or, age 67 and 7 years of service.

Employees covered by benefit terms – As of the measurement date October 31, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit	0
payments	
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	29
	29

Total OPEB Liability

The LPCD's total OPEB liability of \$135,465 was measured as of October 31, 2022, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs – The total OPEB liability in the October 31, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5%
Salary increases	4.0%, including inflation
Discount rate	2.28% annually (Beginning of Year to Determine ADC)
	4.27%, annually (As of End of Year Measurement Date)
Healthcare cost trend rates	5.5% annually for 10 years, 4.5% thereafter
Mortality	SOA RP-2000 Table

The discount rate was based on the average of the Bond Buyers' 20 Year General Obligation municipal bond index as of October 31, 2022, the end of the applicable measurement period.

The actuarial assumptions used in the October 31, 2022, valuation were based on the results of ongoing evaluations of the assumptions from November 1, 2009 to October 31, 2022.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(F) POSTEMPLOYMENT BENEFITS - Continued

Changes in the Total OPEB Liability

Balance at October 31, 2021	\$151,176
Changes for the Year:	
Service Cost	\$ 5,140
Interest	3,447
Difference Between Expected and	13,992
Changes in Assumptions	(38,290)
Benefit Payments and Net Transfers	
Net Changes	(15,176)
Balance at October 31, 2022	\$ 135,465

Sensitivity of the total OPEB liability to changes in the discount rate – The following presents the total OPEB liability of the LPCD, as well as what the LPCD's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.27%) or 1-percentage-point higher (5.27%) than the current discount rate:

	1.0%	Current		1.0%

Thereafter		7,356

(G) LEASES

On September 1, 1983, the District entered into and prepaid a ninety-nine year lease with the City of Lafayette for land for future construction of a permanent facility. The prepaid amount has been amortized over the term of the lease in the amount of \$253 per year through October 31, 2019. This lease was terminated in January 2020 with a prepaid amount of \$15,867. The District is currently in discussions with the Lafayette Consolidated Government to enter into an Intergovernmental Agreement with the Parish of Lafayette, whereby the District would have use of a portion of the courthouse for a period of 10 years at a cost of \$1,587 per year. The remaining amount reflected as prepaid, will be amortized over the term of the new agreement.

The District has entered into a lease with AT&T. for an Automatic Location Identification (ALI) system. The ALI system is used within the "911" Fund. The lease term is for one year and renews annually unless either party gives a one hundred eighty (180) day written notice. The current lease term runs from June 1, 2022, through May 31, 2023. Monthly lease payments were \$12,855 through May 31, 2023 then \$12,855 for the new lease term. Future minimum lease payments at October 31, 2022, were \$89,985.

In June 2004, the District entered into an Intergovernmental Agreement with the City of Carencro to lease a parcel of land for construction of the Mobile Operations Center Garage. The initial term of the lease is fifty years. After the initial term, the City has the option to continue the lease on a month-to-month basis. There is no cost to the District for this lease.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(H) CAPITAL ASSETS

Capital asset activity for the year ended October 31, 2022 was as follows:

Depreciation expense for the year ended October 31, 2022 was charged as direct expense to programs of the government as follows:

Governmental Activities – Public Safety	\$ 137,415
Business-Type Activities - Public Safety	\$ 871,666

(I) BOARD COMPENSATION

The Board of Commissioners serve without compensation or per diem.

(J) RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; error and omissions; and natural disasters. The District is insured to reduce the exposure to these risks.

NOTES TO FINANCIAL STATEMENTS OCTOBER 31, 2022

(K) LITIGATION

From time to time, the District is exposed to risk of loss related to claims against the District, arising in the normal course of operations. Management believes that the District's insurance coverage is sufficient for potential liabilities, if any. Therefore, no amounts were recorded in these financial statements.

(L) NEW ACCOUNTING PRONOUNCEMENTS

In June 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 87, Leases. The statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that were previously classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the fundamental principle that leases are financings of the right to use an underlying asset. The provisions of GASB Statement No. 87 are effective for fiscal years beginning after June 15, 2021. The District implemented this standard effective November 1, 2021. There was no effect on the District's financial statements from implementing this standard.

(M) SUBSEQUENT EVENTS

The District has evaluated subsequent events through March 18, 2023, the date which these financial statements were available to be issued.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED OCTOBER 31, 2022

(A) PENSION PLAN

Changes in Assumptions – Changes of assumptions about future economic or demographic factors or of other inputs were recognized in pension expense using the straight-line method of amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan. These assumptions include the rate of investment return, mortality of plan members, rate of salary increase, rates of retirement, rates of termination, rates of disability, and various other factors that have an impact on the cost of the plan.

(B) OTHER POSTEMPLOYMENT BENEFITS

Benefit Changes - There were no changes of benefit terms for the year ended October 31, 2022.

Change of Assumptions – The discount rate as of October 31, 2021 was 2.28% and it changed to 4.27% as of October 31, 2022.

Actuarially determined contributions are calculated as of the last day of the fiscal year in which contributions were reported.

Valuation Date	November 1, 2021
Actuarial Cost Method	Individual Entry Age Normal
Amortization Method	Level Dollar, Open
Amortization Period	30 years
Asset Valuation Method	Market Value
Inflation	2.5% Annually
Healthcare Cost Trend	5.5% Annually for ten years, 4.5% thereafter
Salary Increases	4.0% Including Inflation
Discount Rate	2.28% Annually (Beginning of Year to Determine ADC)
	4.27% Annually (As of End of Year to Measurement Date)
Retirement Age	6 years delay after: Hire date Prior to $1/1/2007 - 30$ years of service at any age; or age 55 and 25 years of service, or age 60 and 10 years of service; or age 65 and 7 years of service; Hired on or after $1/1/2007 - 30$ years of service and age 55; or, age 62 and 10 years of service; or, age 67 and 7 years of service.
Mortality	RP-2000 without projection.
Turnover	Age specific table with an average of 8% when applied to the active census.
Decline Rate	10% of retirees decline coverage at retirement.

SCHEDULE OF WIRELESS 911 REVENUES AND EXPENDITURES FOR THE YEAR ENDED OCTOBER 31, 2022

REVENUES

AT&T (Lafayette MSA)	\$ 1,925,106.02
New Cingular Wireless PCS, LLC	212,065.56
SprintCom, Inc.	76,109.96
State of Louisiana - Department of Revenue	510,858.58
T-Mobile Central	189,473.62
Verizon Wireless/CELLCO	555,539.72
Acadiana Cellular	110,602.54
Other Wireless Companies	1,303,402.72
TOTAL REVENUES	\$ 4,883,158.72

NOTE: The collection of the Wireless E911 tax is authorized by Louisiana Revised Statute 33:9109. According to the statute, the District is to collect the tax from the providers of wireless communications. The proceeds of the tax are restricted in use for payment of service suppliers' and the District's costs associated with the implementation of Phase I and Phase II enhancements required by the FCC. Once these expenditures have been made and the system implementation is complete, the proceeds become unrestricted and may be used for any lawful purpose of the District. All Phase I and Phase II system implementation requirements are complete.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners Lafayette Parish Communication District Lafayette, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and the major funds of Lafayette Parish Communication District, A Component Unit of the Consolidated Government of Lafayette, Louisiana, as of and for the year ended October 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated March 18, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Lafayette Parish Communication District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lafayette Parish Communication District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Lafayette Parish Communication District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

This communication and any accompanying documents are confidential and privileged. They are intended for the sole use of the addressee. If you receive this transmission in error, you are advised that any disclosure, copying, distribution, or the taking of any action in reliance upon this communication is strictly prohibited. Moreover, any such disclosure shall not compromise or waive the attorney-client, accountant-client, or other privileges as to this communication or otherwise.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Lafayette Parish Communication District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor of the State of Louisiana as a public document.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Commissioners and Management Lafayette Parrish Communication District Lafayette, Louisiana

We have performed the procedures enumerated below on the control and compliance areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period November 01, 2021, through October 31, 2022. The District's management is responsible for those control and compliance areas identified in the SAUPs.

The Lafayette Parish Communication District has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of evaluating management's assertions about the District's compliance with certain laws, regulations, and best practices. Additionally, the Legislative Auditor, State of Louisiana, has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Written Policies and Procedures

- 1) Obtain the entity's written policies and procedures and report whether those written policies and procedures address each of the following financial/business functions (or report that the entity does not have any written policies and procedures), as applicable:
 - a) *Budgeting*, including preparing, adopting, monitoring, and amending the budget.

Written policies and procedures were obtained and address the functions noted above.

b) *Purchasing*, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.

Written policies and procedures were obtained and address the functions noted above.

This communication and any accompanying documents are confidential and privileged. They are intended for the sole use of the addressee. If you receive this transmission in error, you are advised that any disclosure, copying, distribution, or the taking of any action in reliance upon this communication is strictly prohibited. Moreover, any such disclosure shall not compromise or waive the attorneyclient, accountant-client, or other privileges as to this communication or otherwise. c) *Disbursements*, including processing, reviewing, and approving

Written policies and procedures were obtained and address the functions noted above.

d) *Receipts*, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions.

Written policies and procedures were obtained and address the functions noted above.

e) *Payroll/Personnel*, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.

Written policies and procedures were obtained and address the functions noted above.

f) *Contracting*, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process

Written policies and procedures were obtained and address the functions noted above.

g) Credit Cards (and debit cards, fuel cards, P-Cards, if applicable), including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers, and (5) monitoring card usage

Written policies and procedures were obtained and address the functions noted above.

h) *Travel and expense reimbursement*, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers

Written policies and procedures were obtained and address the functions noted above.

Ethics, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121,
(2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

Written policies and procedures were obtained and address the functions noted above.

j) *Debt Service*, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

This section is not applicable – the District has no debt.

k) Information Technology Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

Written policies and procedures were obtained and address the functions noted above.

l) Sexual Harassment, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Written policies and procedures were obtained and address the functions noted above.

Board (or Finance Committee, if applicable)

- 2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
 - a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

No exceptions were found as a result of this procedure.

b) For those entities reporting on the governmental accounting model, observe that the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds and semi-annual budget to-actual, at a minimum, on all special revenue funds.

No exceptions were found as a result of this procedure.

c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

This section was not applicable as there was no negative unassigned fund balance in the general fund.

Bank Reconciliations

3. Obtain a listing of client bank accounts from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account.

The District's cash balances are maintained in pooled accounts under the control of the Lafayette Consolidated Government as outlined in the fiscal agent agreement between the parties. Representations were obtained from the audit firm of the Lafayette Consolidated Government that this section was tested by them and there were no exceptions noted.

Collections

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

Obtained listing of deposits sites and management's representation that the listing is compete.

- 5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
 - a) Employees that are responsible for cash collections do not share cash drawers/registers.

No exceptions were found as a result of this procedure.

b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.

No exceptions were found as a result of this procedure.

c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

No exceptions were found as a result of this procedure.

d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee/official verifies the reconciliation.

No exceptions were found as a result of this procedure.

6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was enforced during the fiscal period.

No exceptions were found as a result of this procedure.

7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and:

a) Observe that receipts are sequentially pre-numbered.

No exceptions were found as a result of this procedure.

b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

No exceptions were found as a result of this procedure.

c) Trace the deposit slip total to the actual deposit per the bank statement.

No exceptions were found as a result of this procedure.

d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

No exceptions were found as a result of this procedure.

e) Trace the actual deposit per the bank statement to the general ledger.

No exceptions were found as a result of this procedure.

Non-Payroll Disbursements (excluding card purchase/payments, travel reimbursements, and petty cash purchases)

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

Obtained listing and management's representation that the listing is complete.

- 9. For each location selected under #8 above, obtain a listing of those employees involved with nonpayroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
 - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

No exceptions were found as a result of this procedure.

b) At least two employees are involved in processing and approving payments to vendors.

No exceptions were found as a result of this procedure.

c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

No exceptions were found as a result of this procedure.

d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

No exceptions were found as a result of this procedure.

- 10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and:
 - a) Observe that the disbursement matched the related original itemized invoice and that supporting documentation indicates that deliverables included on the invoice were received by the entity.

No exceptions were found as a result of this procedure.

b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

No exceptions were found as a result of this procedure.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

Obtained listing and management's representation that the listing is complete.

- 12. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:
 - a) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.)]

No exceptions were found as a result of this procedure.

b) Observe that finance charges and late fees were not assessed on the selected statements.

One of the five cards tested had been charged a late fee.

13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized receipt that

identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only).

No exceptions were found as a result of this procedure.

Travel and Expense Reimbursement

14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

Obtained a listing and management's representation that the listing is complete.

a) If reimbursed using a per diem, agree the reimbursement rate to those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).

No exceptions were found as a result of this procedure.

b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

No exceptions were found as a result of this procedure.

c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).

No exceptions were found as a result of this procedure.

d) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

No exceptions were found as a result of this procedure.

Contracts

15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Alternately, the practitioner may use an equivalent selection source, such as an active vendor list. Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:

Obtained listing and management's representation that the listing is complete.

a) Observe that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.

No exceptions were found as a result of this procedure.

b) Observe that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).

No exceptions were found as a result of this procedure.

c) If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms.

No exceptions were found as a result of this procedure.

d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

No exceptions were found as a result of this procedure.

Payroll and Personnel

16. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete.

The District's payroll function is performed by the Lafayette Consolidated Government as outlined in the fiscal agent agreement between the parties. Representations were obtained from the audit firm of the Lafayette Consolidated Government that this section was tested by them and there were no exceptions noted.

Ethics (excluding nonprofits)

- 17. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain ethics documentation from management, and:
 - a. Observe that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.

No exceptions were found as a result of this procedure.

b. Observe that the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

No exceptions were found as a result of this procedure.

18. Obtain a listing of bonds/notes issued during the fiscal period and management's representation that the listing is complete. Select all bonds/notes on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each bond/note issued.

This section is not applicable – the District has no debt.

19. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

This section is not applicable – the District has no debt.

Fraud Notice

20. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

No exceptions were found as a result of this procedure.

21. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

No exceptions were found as a result of this procedure.

Information Technology Disaster Recovery/Business Continuity

- 22. Perform the following procedures, verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."
 - a. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CDs), observe evidence that backups are encrypted before being transported.

We performed the procedure and discussed the results with management.

b. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

We performed the procedure and discussed the results with management.

c. Obtain a listing of the entity's computers currently in use, and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

We performed the procedure and discussed the results with management.

Sexual Harassment

23. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year.

No exceptions were found as a result of this procedure.

24. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

No exceptions were found as a result of this procedure.

- 25. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that it includes the applicable requirements of R.S. 42:344:
 - a. Number and percentage of public servants in the agency who have completed the training requirements;

No exceptions were found as a result of this procedure.

b. Number of sexual harassment complaints received by the agency;

No exceptions were found as a result of this procedure.

c. Number of complaints which resulted in a finding that sexual harassment occurred;

No exceptions were found as a result of this procedure.

d. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and

No exceptions were found as a result of this procedure.

e. Amount of time it took to resolve each complaint.

No exceptions were found as a result of this procedure.

We were engaged by the Lafayette Parish Communication District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on management's financial records and compliance with applicable laws and regulations. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of Lafayette Parish Communication District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of Lafayette Parish Communication District and the Legislative Auditor, State of Louisiana, and is not intended to be and should not be used by anyone other than those specified parties.
