## **Independent Auditor's Report**

To the Board Members of  
Louisiana State Board of Embalmers and Funeral Directors  
Metairie, Louisiana

We have audited the accompanying financial statements of the business-type activities of the Louisiana State Board of Embalmers and Funeral Directors, a component unit of the State of Louisiana, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Louisiana State Board of Embalmers and Funeral Directors' basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Louisiana State Board of Embalmers and Funeral Directors' preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Louisiana State Board of Embalmers and Funeral Directors' internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Louisiana State Board of Embalmers and Funeral Directors, as of June 30, 2018, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Change in Accounting Principle***

As discussed in Note (2) to the financial statements, in 2018 the Board adopted new accounting guidance, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This has resulted in a restatement of beginning net position. Our opinions are not modified with respect to this matter.

## **Other Matters**

### ***Required Supplementary Information***

Management has omitted the management's discussion and analysis information that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the schedule of employer's proportionate share of net pension liability at page 22; schedule of employer's pension contributions at page 23; and schedule of employer's proportionate share of total collective OPEB liability at page 24 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary and Other Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Louisiana State Board of Embalmers and Funeral Directors. The accompanying schedule of per diem paid to board members at page 26 and the annual fiscal report at page 31 is presented for purposes of additional analysis and are not a required part of the financial statements.

To the Board Members of  
Louisiana State Board of Embalmers and Funeral Directors  
Metairie, Louisiana

---

The schedule of per diem paid to board members and annual fiscal report is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated August 29, 2018, on our consideration of the Louisiana State Board of Embalmers and Funeral Directors' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Louisiana State Board of Embalmers and Funeral Directors' internal control over financial reporting and compliance.

### **1. History and Summary of Significant Accounting Policies**

#### ***History and Nature of Operations***

The Louisiana State Board of Embalmers and Funeral Directors (the "Board") is a component unit of the State of Louisiana created under the provisions of Louisiana Revised Statutes (R.S.) 37:831-861 within the Louisiana Department of Health and is domiciled in Metairie, Louisiana. The Board consists of nine members appointed by the governor. The Board shall include four licensed embalmers and four licensed funeral directors, all of whom shall have had experience in their respective professions for at least five years. The Board shall also include one member who shall be 60 years of age or older and who shall serve as a representative of the elderly consumers of Louisiana. The elderly member shall not be actively engaged in nor shall be retired from the occupation, profession, or industry of funeral directors or embalmers. The members may receive a per diem not to exceed \$100 per meeting or day spent on business of the Board, plus travel expenses. The Board is charged with the responsibility of licensing and regulating embalmers, funeral directors, and funeral homes within the state of Louisiana. Operations of the Board are funded through self-generated revenues.

#### ***Financial Reporting Entity***

The Board is considered a component unit of the State of Louisiana because the state exercises oversight responsibility in that the governor appoints the board members and public service is rendered within the state's boundaries. The accompanying financial statements present information only as to the transactions of the Board as authorized by Louisiana statutes and administrative regulations.

Annually, the State of Louisiana issues a basic financial statement which includes the activity contained in the accompanying financial statement. The basic financial statement is issued by the Louisiana Division of Administration – Office of Statewide Reporting and Accounting Policy and audited by the Louisiana Legislative Auditor.

#### ***Basis of Accounting***

For financial reporting purposes, the Board is considered a special-purpose government engaged only in business-type activities. All activities of the Board are accounted for within a single proprietary (enterprise) fund.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues are user charges and fees, while operating expenses consist of salaries, ordinary maintenance, assessments, indirect costs and depreciation. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

### ***Net Position***

The Board follows GASB No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This standard provides guidance for reporting the financial statement elements of deferred outflows of resources and deferred inflows of resources. Deferred outflows represent the consumption of the government's resources that are applicable to a future reporting period. A deferred inflow represents the acquisition of resources that are applicable to a future reporting period.

The statement of net position reports net position as the difference between all other elements in a statement of net position and should be displayed in three components—net investment in capital assets, restricted net position (distinguishing between major categories of restrictions), and unrestricted net position.

- Net Investment in Capital Assets - Consists of capital assets including restricted capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets
- Restricted - Consists of amounts with constraints placed on the use by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation
- Unrestricted - All other amounts that do not meet the definition of "restricted" or "net investment in capital assets"

Restricted net position represents unexpended revenue bond proceeds as well as certain other resources set aside for the purpose of improvements to capital assets and funding debt service payments in accordance with bond resolutions.

When both restricted and unrestricted resources are available for use, it is the Board's policy to use restricted resources first, then unrestricted as needed.

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### ***Budget Practices***

The Board prepares its budget in accordance with the Louisiana Licensing Agency Budget Act, R.S. 39:1331-1342. The budget is prepared on a modified accrual basis of accounting. Although budget amounts lapse at year-end, the Board retains its unexpended net position to fund expenses of the succeeding year.

# **Louisiana State Board of Embalmers and Funeral Directors**

## **Notes to Financial Statements**

---

### ***Cash and Cash Equivalents***

For the purpose of the statement of net position and statement of cash flows, cash and cash equivalents include all demand accounts and money market funds of the Board with an original maturity of 90 days or less. Under state law, the Board may deposit funds within a fiscal agent bank organized under the laws of the state of Louisiana, the laws of any other state in the Union, or the laws of the United States. The carrying amounts of cash deposits and money market accounts are reported in the statement of financial position at cost which approximates fair value because of the short maturities of those instruments.

### ***Certificates of Deposit***

In accordance with R.S. 49:327(D), those funds determined by the Board to be in excess of immediate needs shall be available for investment. The Board's certificates of deposit, are stated at fair value.

### ***Capital Assets***

Capital assets are recorded at cost at their date of acquisition or their estimated fair value at the date of donation. For movable property, the Board's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life greater than one year. Depreciation is computed using the straight-line method over the estimated useful life of the assets, generally five years for automobiles and 10 years for furniture and equipment.

### ***Compensated Absences***

Employees earn and accumulate annual and sick leave at various rates, depending on their years of service. Annual and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused vacation leave at the employee's hourly rate of pay at the time of termination. Upon retirement, unused vacation leave in excess of 300 hours plus unused sick leave are used to compute retirement benefits. The cost of current leave privileges are recognized as a current-year expense. The cost of leave not requiring current resources is recorded as a long-term obligation.

### ***Pension Plan***

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Louisiana State Employees' Retirement System ("LASERS") and additions to/deductions from the LASERS' fiduciary net position have been determined on the same basis as they are reported by LASERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### ***Other Postemployment Benefits***

The Board adopted GASB Statement No. 75, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions." The requirements of this statement will improve the decision-usefulness of information in employer and governmental non-employer contributing entity financial reports and will enhance its value for assessing accountability and inter period equity by requiring recognition of the entire OPEB liability and a more comprehensive measure of OPEB expense. This statement is effective for fiscal years beginning after June 15, 2017. The effects of this statement were applied retroactively by reporting the cumulative effect of the application as a restatement of beginning net position of, as appropriate. The impact to the Board's financial statements was a decrease in net position of \$1,836,390.

### 2. Prior Period Adjustment

The Board adopted GASB No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pension—an amendment of GASB Statement No. 45*, for the fiscal year ended June 30, 2018. This has resulted in a prior period adjustment to net position for \$181,448 to account for the total OPEB liability at June 30, 2017. As a result, unrestricted net position was restated as follows:

Net position at June 30, 2017, as previously reported	\$ (198,974)
Prior period adjustment - adoption of GASB No. 75	<u>(181,448)</u>
Net position at June 30, 2017, as restated	<u><u>\$ (380,422)</u></u>

### 3. Deposits with Financial Institutions

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding custodial bank in the form of safekeeping receipts. The Board's cash deposits at June 30, 2018 consisted of the following:

	<u>Cash</u>	<u>Certificates of Deposit</u>	<u>Total</u>
Deposits per statement of net position (reconciled bank balance)	<u>\$ 122,802</u>	<u>\$ 411,625</u>	<u>\$ 534,427</u>
Deposits held by financial institution	<u>\$ 142,097</u>	<u>\$ 411,625</u>	<u>\$ 553,722</u>
Category 3 bank balances:			
a. Uninsured and uncollateralized	\$ -	\$ -	\$ -
b. Uninsured and collateralized with securities held by the pledging institution	-	-	-
c. Uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the Board's name	<u>-</u>	<u>-</u>	<u>-</u>
Total category 3 bank balances	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>

#### ***Custodial Deposit Risk***

In the case of deposits, this is the risk that in the event of a bank failure, the deposits may not be returned to the Board. As of June 30, 2018, none of the Board's bank balance was exposed to custodial credit risk because the deposits were uninsured and collateralized with securities held by the pledging institution's trust department or agent but not in the Board's name.

**4. Capital Assets**

A summary of changes in capital assets is as follows:

	Balance at 06/30/17	Additions	Deletions	Balance at 06/30/18
Capital assets				
Furniture, fixtures, and equipment	\$ 22,439	\$ 17,053	\$ (16,909)	\$ 22,583
Accumulated depreciation	(22,439)	(3,410)	16,909	(8,940)
	<u>\$ -</u>	<u>\$ (3,410)</u>	<u>\$ 16,909</u>	<u>\$ 13,643</u>

The Board incurred depreciation expense of \$3,410 for the year ended June 30, 2018.

**5. Noncurrent Liabilities**

The following is a summary of the long-term obligation transactions for the year ended June 30, 2018:

	Balance at 06/30/17	Additions	Payments and Reductions	Balance at 06/30/18	Due Within One Year
Accrued compensated absences	\$ 26,898	12,475	(12,475)	\$ 26,898	\$ -
	<u>\$ 26,898</u>	<u>12,475</u>	<u>(12,475)</u>	<u>\$ 26,898</u>	<u>\$ -</u>

Changes in long-term liabilities for Pensions and Other Postemployment Benefits can be found at notes 6 and 7.

**6. Pension Plan**

The Board is a participating employer in a statewide, public employee retirement system, the Louisiana State Employees' Retirement System ("LASERS"). LASERS has a separate board of trustees and administers a cost-sharing, multiple-employer defined benefit pension plan, including classes of employees with different benefits and contribution rates ("subplans"). Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of all subplans administered by LASERS to the State Legislature. LASERS issues a public report that includes financial statements and required supplementary information, and a copy of the report may be obtained at [www.lasersonline.org](http://www.lasersonline.org).

***Plan Descriptions/Benefits Provided***

LASERS administers a plan to provide retirement, disability, and survivor benefits to eligible state employees and their beneficiaries as defined in R.S. 11:411-414. The age and years of creditable service ("service") required in order for a member to receive retirement benefits are established by R.S. 11:441 and vary depending on the member's hire date, employer and job classification. Act 992 of the 2010 Regular Legislative Session closed existing sub-plans for members hired before January 1, 2011, and created new subplans for regular members, hazardous duty members, and judges.

# Louisiana State Board of Embalmers and Funeral Directors

## Notes to Financial Statements

---

The substantial majority of members may retire with full benefits at any age upon completing 30 years of service and at age 60 upon completing 5-10 years of service. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit. Eligibility for retirement benefits and the computation of retirement benefits are provided for in R.S. 11:444. The basic annual retirement benefit for members is equal to a percentage (between 2.5% and 3.5%) of average compensation multiplied by the number of years of service, generally not to exceed 100% of average compensation. Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006, or highest 60 consecutive months of employment for members employed after that date. A member leaving service before attaining minimum retirement but after completing certain minimum service requirements, generally 10 years, becomes eligible for a benefit provided the member lives to the minimum service retirement age and does not withdraw the accumulated contributions.

Eligibility requirements and benefit computations for disability benefits are provided for in R.S. 11:461. All members with 10 or more years of service or members aged 60 or older regardless of date of hire who become disabled may receive a maximum disability benefit equivalent to the regular retirement formula without reduction by reason of age. Hazardous duty personnel who become disabled in the line of duty will receive a disability benefit equal to 75% of final average compensation.

Provisions for survivor benefits are provided for in R.S. 11:471-478. Under these statutes, the deceased member who was in state service at the time of death must have a minimum of five years of service, at least two of which were earned immediately prior to death, or who has a minimum of 20 years of service regardless of when earned in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until age 18 or age 23 if the child remains a full-time student. The minimum service requirement is 10 years for a surviving spouse with no minor children, and benefits are to be paid for life to the spouse or qualified handicapped child.

LASERS has established a Deferred Retirement Option Plan (DROP). When members enter DROP, their status changes from active member to retiree even though they continue to work and draw their salary for a period up to three years. The election is irrevocable once participation begins. During participation, benefits otherwise payable are fixed and deposited in an individual DROP account. Upon leaving DROP, members must choose among available alternatives for the distribution of benefits that have accumulated in their DROP accounts.

### ***Cost of Living Adjustments***

As fully described in Title 11 of the Louisiana Revised Statutes, LASERS allows for the payment of cost of living adjustments, or COLAs, that are funded through investment earnings when recommended by the board of trustees and approved by the Legislature. These ad hoc COLAs are not considered to be substantively automatic.

### ***Contributions***

Article X, Section 29(E)(2)(a) of the Louisiana Constitution of 1974 assigns the Legislature the authority to determine employee contributions. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability.

# Louisiana State Board of Embalmers and Funeral Directors

## Notes to Financial Statements

---

Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee Employer contributions to LASERS for the fiscal year ended June 30, 2018 were \$82,843, with active member contributions ranging from 7.5% to 8%, and employer contributions of 37.90%.

### *Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At June 30, 2018, the Board reported a liability of \$822,839 for its proportionate share of the LASERS net pension liability. The net pension liability for LASERS was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Board's proportion of the net pension liability was based on projections of the Board's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. As of June 30, 2017, the most recent measurement date, the Board's proportion and the change in proportion from the prior measurement date was 0.01169%, or an increase of 0.00116%.

For the year ended June 30, 2018, the Board recognized a total pension expense of \$162,230. The Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u>                    </u>	<u>                    </u>
Differences between expected and actual experience	\$ -	\$ 15,908
Net difference between projected and actual earnings on pension plan investments	26,757	-
Changes in assumptions	3,251	
Changes in proportion and differences between Employer contributions and proportionate share of contributions	113,780	-
Employer contributions subsequent to the measurement date	82,843	-
	<u>\$ 226,631</u>	<u>\$ 20,338</u>

Deferred outflows of resources related to pensions resulting from the Board's contributions subsequent to the measurement date will be recognized as a reduction of the LASERS net pension liability in the year ended June 30, 2019.

# Louisiana State Board of Embalmers and Funeral Directors

## Notes to Financial Statements

---

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Period Ended:	Amount
6/30/2018	\$ 79,376
6/30/2019	50,741
6/30/2020	9,899
6/30/2021	(16,566)
	\$ 123,450

### *Actuarial Assumptions*

The total pension liability for LASERS in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurements:

Valuation date:	June 30, 2017
Actuarial Cost Method:	Entry age normal cost
Estimated remaining service life ("ERSL"):	3 years

---

The long-term expected rate of return was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification. The target allocation and best estimates of arithmetic/geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Portfolio Real Rate of Return
Cash	-0.24%
Domestic equity	4.31%
International equity	5.35%
Domestic fixed income	1.73%
International fixed income	2.49%
Alternative investments	7.41%
Global tactical asset allocation	2.84%
Total fund	5.26%

### ***Discount Rate***

The discount rate used to measure the total pension liability was 7.70%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that employer contributions from participating employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

### ***Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate***

The following presents the Board's proportionate share of the net pension liability using the current discount rate as well as what the Board's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

	1.0% Decrease (6.70%)	Current Discount Rate (7.70%)	1.0% Increase (8.70%)
Employer's proportionate share of the net pension liability	\$ 1,032,981	\$ 822,839	\$ 644,169

### ***Pension Plan Fiduciary Net Position***

### *Payables to the Pension Plan*

At June 30, 2018, the Board reported accrued retirement of \$7,793 for the outstanding amount of employer contributions to the pension plan required for the year ended June 30, 2018. This amount is included as accrued salaries and related expenses on the statement of net position.

### *Notes to Required Supplementary Information*

Changes of Benefit Terms include a 1.5% COLA, effective July 1, 2014, provided by Act 102 of the 2014 Louisiana Regular Legislative Session, and improved benefits for certain members employed by the Office of Adult Probation and Parole within the Department of Public Safety and Corrections as established by Act 852 of 2014.

## **7. Post-Employment Health Care and Life Insurance Benefits**

### *Plan Description*

The Office of Group Benefits (“OGB”) administers the State of Louisiana’s post-retirement benefits plan – a defined benefit, multiple-employer other postemployment benefit plan (“OPEB”). OPEB provides medical, prescription drug, and life insurance benefits to retirees, disabled retirees, and their eligible beneficiaries through premium subsidies. Current employees, who participate in an OGB health plan, while active, are eligible for plan benefits if they are enrolled in the OGB health plan immediately before the date of retirement and retire under one of the state sponsored retirement systems (Louisiana State Employees’ Retirement System, Teachers’ Retirement System of Louisiana, Louisiana School Employees’ Retirement System, or Louisiana State Police Retirement System,) or they retire from a participating employer that meets the qualifications in the Louisiana Administrative Code 32:3.303. Benefit provisions are established under R.S. 42:851 for health insurance benefits and R.S. 42:821 for life insurance benefits. The obligations of the plan members, employer(s), and other contributing entities to contribute to the plan are established or may be amended under the authority of R.S. 42:802.

There are no assets accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement 75. Effective July 1, 2008, an OPEB trust fund was statutorily established; however, this plan is not administered as a trust and no plan assets have been accumulated as of June 30, 2018. The plan is funded on a “pay-as-you-go basis” under which the contributions to the plan are generally made at about the same time and in about the same amount as benefit payments become due.

Employer contributions are based on plan premiums and the employer contribution percentage. Premium amounts vary depending on the health plan selected and if the retired member has Medicare coverage. OGB offers retirees four self-insured healthcare plans and one fully insured plan. Retired employees who have Medicare Part A and Part B coverage also have access to four fully insured Medicare Advantage plans.

## Notes to Financial Statements

---

The employer contribution percentage is based on the date of participation in an OGB plan and employee years of service at retirement. Employees who begin participation or rejoin the plan before January 1, 2002, pay approximately 25% of the cost of coverage (except single retirees under age 65, who pay approximately 25% of the active employee cost). For those beginning participation or rejoining on or after January 1, 2002, the percentage of premiums contributed by the employer and retiree is based on the following schedule:

<u>Service</u>	<u>Percentage</u>	<u>Percentage</u>
Under 10 years	19%	81%
10-14 years	38%	62%
15-19 years	56%	44%
20+ years	75%	25%

In addition to healthcare benefits, retirees may elect to receive life insurance benefits. Basic and supplemental life insurance is available for the individual retirees and spouses of retirees subject to maximum values. Employers pay approximately 50% of monthly premiums for individual retirees. The retiree is responsible for 100% of the premium for dependents. Effective January 1, 2018, the total monthly premium for retirees varies according to age group.

### ***Total Collective OPEB Liability and Changes in Total Collective OPEB Liability***

At June 30, 2018, the Board reported a liability of \$395,478 for its proportionate share of the total collective OPEB liability. The total collective OPEB liability was measured as of July 1, 2017, and was determined by an actuarial valuation as of that date. The Board's proportionate share of the restated total collective OPEB liability at June 30, 2017, totaling \$412,870, was determined using a roll back of the same valuation to July 1, 2016, using the discount rate applicable on that date, and assuming no experience gains or losses.

The Board's proportionate share percentage is based on the employer's individual OPEB actuarial accrued liability in relation to the total OPEB actuarial accrued liability for all participating entities included in the State of Louisiana reporting entity. At June 30, 2018, the Board's proportion was 0.0046%. Because the beginning balance was restated using a rollback of the July 1, 2017 valuation assuming no experience gains or losses, there is no change to the proportion since the prior measurement date.

# Louisiana State Board of Embalmers and Funeral Directors

## Notes to Financial Statements

---

The total collective OPEB liability in the July 1, 2017 actuarial valuation was determined using the following actuarial methods, assumptions, and other inputs applied to all periods included in the measurement, unless otherwise specified:

- Actuarial cost method – entry age normal, level percentage of pay
- Estimated remaining service lives – 4.48
- Inflation rate – Consumer Price Index (CPI) 2.8%
- Salary increase rate – consistent with the State of Louisiana’s pension plan
- Discount rate – 3.13% based on June 30, 2017 Standard & Poor’s 20-year municipal bond index rate
- Mortality rates – based on the RP-2014 Combined Healthy Mortality Table, or RP-2014 Disabled Retiree Mortality Table; both tables projected on a fully generational basis by Mortality Improvement Scale MP-2017.
- Healthcare cost trend rates – 7% for pre-Medicare eligible employees grading down by 0.25% each year, beginning in 2020-2021, to an ultimate rate of 4.5% in 2029; 5.5% for post-Medicare eligible employees grading down by 0.25% each year, beginning in 2020-2021, to an ultimate rate of 4.5% in 2023-2024 and thereafter; the initial trend was developed using the National Health Care Trend Survey; the ultimate trend was developed using a building block approach which considers the Consumer Price Index, gross domestic product, and technology growth.

Changes of assumptions and other inputs reflect a change in the discount rate from 2.71% as of July 1, 2016, to 3.13% as of July 1, 2017.

### *Sensitivity of the Proportionate Share of the Total Collective OPEB Liability to Changes in the Discount Rate*

The following presents the Board’s proportionate share of the total collective OPEB liability using the current discount rate as well as what the Board’s proportionate share of the total collective OPEB liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

	1.0% Decrease (2.13%)	Current Discount Rate (3.13%)	1.0% Increase (4.13%)

	<u>1.0% Decrease (6.00%)</u>	<u>Current Trend Rate (7.00%)</u>	<u>1.0% Increase (8.00%)</u>
Proportionate share of total collective OPEB liability	\$ 340,862	\$ 395,478	\$ 465,454

***OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB***

For the year ended June 30, 2018, the Board recognized a total OPEB expense of \$15,154. The Board reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ -
Changes in assumptions	-	20,899
Net difference between projected and actual earnings on OPEB plan investments	-	-
Changes in proportion and differences between Employer contributions and proportionate share of contributions	-	4,742
Employer contributions subsequent to the measurement date	<u>7,937</u>	<u>-</u>
	<u>\$ 7,937</u>	<u>\$ 25,641</u>

Deferred outflows of resources related to OPEB resulting from the Board’s benefit payments subsequent to the measurement date will be recognized as a reduction of the total collective OPEB liability in the next fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Period Ended:</u>	<u>Amount</u>
6/30/2019	\$ (7,368)
6/30/2020	(7,368)
6/30/2021	(7,368)

### *Payables to the OPEB Plan*

At June 30, 2018, the Board reported accrued OPEB of \$625 for the outstanding amount of employer contributions to the OPEB plan required for the year ended June 30, 2018. This amount is included as accrued salaries and related expenses on the statement of net position.

## 8. Operating Leases

The following schedule summarizes the future minimum annual lease payments for office equipment required under the operating leases:

<u>For the Year Ended June 30</u>	<u>Amount</u>
2019	<u>\$ 19,560</u>
	<u>\$ 19,560</u>

The total payments for operating leases for office equipment during the fiscal year amounted to \$31,786.

## 9. Risk Management

Losses arising from judgments, claims, and similar contingencies are paid through the state's self-insurance fund operated by the Office of Risk Management, the agency responsible for the state's risk management program, or by General Fund appropriation.

There is no pending litigation or claims against the Board at June 30, 2018, which if asserted, in the opinion of the Board's legal advisors, would have at least a reasonable probability of an unfavorable outcome or for which resolution would materially affect the financial statements.

## 10. Subsequent Events

The Board's management has evaluated subsequent events through August 29, 2018, which is the date the financial statements were available to be issued.

*Reports Required by  
Government Auditing Standards*

**Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

To the Board Members of  
Louisiana State Board of Embalmers and Funeral Directors  
Metairie, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Louisiana State Board of Embalmers and Funeral Directors, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Louisiana State Board of Embalmers and Funeral Directors’ basic financial statements, and have issued our report thereon dated August 29, 2018.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Louisiana State Board of Embalmers and Funeral Directors’ internal control over financial reporting (“internal control”) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Louisiana State Board of Embalmers and Funeral Directors’ internal control. Accordingly, we do not express an opinion on the effectiveness of the Louisiana State Board of Embalmers and Funeral Directors’ internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Louisiana State Board of Embalmers and Funeral Directors' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this communication is distributed by the Louisiana Legislative Auditor as a public document.
