Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the Louisiana State Board of Cosmetology (Board), a discrete component unit of the State of Louisiana, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Board, as of June 30, 2021, and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-7, the Schedules of the Board's Proportionate Share of the Net Pension Liability, the Schedule of Board Contributions, and the Schedule of the Employer's Proportionate Share of the Total Collective OPEB Liability on pages 37-42, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board's basic financial statements. The schedules of Per Diem Paid to Board Members; Compensation, Benefits, and Other Payments to Agency Head; the Budgetary Comparison – Proprietary Fund; and the Annual Fiscal Report on pages 43-54 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedules of Per Diem Paid to Board Members; Compensation, Benefits, and Other Payments to Agency Head; the Budgetary Comparison – Proprietary Fund; and the Annual Fiscal Report are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of Per Diem Paid to Board Members; Compensation, Benefits, and Other Payments to Agency Head; the Budgetary Comparison – Proprietary Fund; and the Annual Fiscal Report are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2021, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The purpose of Management's Discussion and Analysis (MD&A) of the financial performance of the Louisiana State Board of Cosmetology (hereafter referred to as the Board) presents a narrative overview and analysis of the financial activities of the Board for the year ended June 30, 2021. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information. Please read this document in conjunction with the financial statements of the Board, which begin on page 8.

FINANCIAL HIGHLIGHTS

- The Board's net position increased by \$318,857 from a deficit of \$3,886,447 in 2020 to a deficit of \$3,567,590 in 2021.
- The Board's revenues increased to \$1,971,915 (9.5%) and expenses and transfers increased to \$1,653,058 (0.2%).
- The Board's liabilities and deferred inflows of resources exceeded its assets and deferred outflows of resources at the close of the fiscal year by \$3,567,590, a decrease of 8% from the prior fiscal year.
- The Board has no long-term obligations other than employee-related benefits.

OVERVIEW OF THE FINANCIAL STATEMENTS

The minimum requirements for government entities engaged in business-type activities established by the Governmental Accounting Standards Board (GASB) are comprised of the following:

- Management's Discussion and Analysis
- Basic Financial Statements
- Required Supplementary Information, other than MD&A (RSI)

This report also contains supplementary information in addition to the basic financial statements.

The Board's activities are reported in a single proprietary fund. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Board, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The Board's financial statements are prepared on an accrual basis in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. Under this basis of accounting, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred.

Basic Financial Statements

The basic financial statements present information for the Board as a whole, in a format designed to make the statements easier for the reader to understand. The statements in this section include the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows.

Statement of Net Position – This statement presents the current and long-term portions of assets, deferred outflows of resources, the current and long-term portions of liabilities, and deferred inflows of resources, with the difference reported as net position and may provide a useful indicator of whether the financial position of the Board is improving or deteriorating.

Statement of Revenues, Expenses, and Changes in Net Position – This statement presents information showing how the Board's assets changed as a result of current year operations. Regardless of when cash is affected, all changes in net assets are reported when the underlying transactions occur. As a result, there are transactions included that will not affect cash until future fiscal periods.

Statement of Cash Flows – This statement presents information showing how the Board's cash changed as a result of current year operations. The cash flow statement is prepared using the direct method and includes the reconciliation of operating income (loss) to net cash provided (used) by operating activities (indirect method) as required by GASB Statement No. 34.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The index of the notes is found on page 11 with the actual notes beginning immediately afterwards.

Required Supplemental Information

In addition to the basic financial statements and accompanying notes, as a component unit of the State of Louisiana, the Board complies with the reporting requirements of the Government Accounting Standards Board. This information is comprised of the Schedules of the Board's Proportionate Share of the Net Pension Liability, the Schedules of Board Contributions, and the Schedule of the Employer's Proportionate Share of the Total Collective OPEB Liability required by GASB.

Supplementary Information

This report also includes supplementary information that is not a part of the basic financial statements or required by the GASB. This information is included for additional analysis and is comprised of the schedules of Per Diem Paid to Board Members; Compensation, Benefits, and Other Payments to Agency Head; the Budgetary Comparison – Proprietary Fund; and the Annual Fiscal Report and are found on pages 45-54.

FINANCIAL ANALYSIS OF THE ENTITY

As noted earlier, net position may serve over time as a useful indicator of the Board's financial position. At the end of the most recent year, the liabilities of the Board exceeded its assets by \$3,567,590.

The Board's total assets are composed of \$1,963,973 (92%) in cash, \$1,045 (less than 1%) in receivables and \$179,431 (8%) investment in capital assets (land and buildings and improvements).

The condensed statements of net position consist of the following at June 30:

Deferred outflows of resources increased by \$477,053, or 71,12%, from 2020.

Non-Current Liabilities increased by \$211,794, or 3.77%, from 2020.

The Board's negative unrestricted net position is mainly caused by the following:

- A net pension liability and pension related deferred inflows and outflows for the Board's participation in various defined benefit plans of approximately \$2,646,209.
- A liability for post-employment benefits other than pension and related inflows and outflows of \$2,823,814.

A condensed statement of revenues, expenses, and changes in net position consist of the following for the years ended June 30:

**Comparative Statement of Changes in Revenues, Expenses, and Net Position
For the Years Ended June 30, 2021 and 2020**

	<u>2021</u>	<u>2020</u>

Revenues increased by \$171,328 or 9.52%, from 2020.

Expenses increased by \$2,647, or 0.16%, from 2020.

CAPITAL ASSETS

At June 30, 2021 the Board had \$179,431 invested in a broad range of capital assets, including land, buildings, improvements, and office furniture and equipment. This amount represents a decrease from depreciation of \$3,607, or 1.97%, from 2020. Further detail on capital assets is presented in Note 3 on page 16.

ECONOMIC FACTORS

Operating revenues increased by \$171,328 (or 9.52%). The increase is due to an increase in annual licenses and fines and enforcement actions. All other revenues remained relatively consistent compared to the prior year.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the Board's finances, comply with finance-related laws and regulations and demonstrate the Board's commitment to public accountability. Any questions or requests for additional information can be obtained by contacting Mr. Steve Young, Executive Director, at 11622 Sunbelt Court, Baton Rouge, LA or (225) 756-3404.

BASIC FINANCIAL STATEMENTS

The basic financial statements present information for the Board as a whole, in a format designed to make the statements easier for the reader to understand. The statements in this section include the following:

- Statement of Net Position
- Statement of Revenues, Expenses, and Changes in Net Position
- Statement of Cash Flows.

This also includes the notes to the financial statements, which provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The index of the notes is found on page 11 with the actual notes beginning immediately afterwards.

INTRODUCTION

The Louisiana State Board of Cosmetology (Board) is a component unit of the State of Louisiana. It was created by the Louisiana Legislature under the provisions of Louisiana Revised Statute 37:751 and is domiciled in East Baton Rouge Parish. The Board serves as a statewide authority to control and regulate the practice of cosmetology in the State of Louisiana. Operations are funded through self-generated revenues.

The Board is composed of 9 members that are appointed by the Governor of the State of Louisiana and serve at his/her pleasure. Subject to Senate confirmation, the Board is made up of at least one registered cosmetologist of each congressional district that has been actively engaged in the practice of cosmetology, a beauty shop/salon owner or teacher/instructor of cosmetology for at least 5 years prior to his/her appointment. Board members, as authorized by Louisiana Administrative Code 46:317(c), may receive a per diem of not more than \$100 per meeting or day spent on Board business in addition to actual expense reimbursement to attend meetings or conduct board-approved business.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation – The Government Accounting Standards Board (GASB) promulgates accounting principles generally accepted in the United States of America and reporting standards for state and local governments. These principles are found in the *Codification of Governmental Accounting and Financial Reporting Standards*, published by GASB. The accompanying financial statements have been prepared in accordance with such principles. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statute 24:513 and to the guides set forth in the *Louisiana Governmental Audit Guide*, and to the industry audit guide *Audits of State and Local Governmental Units*.

Financial Reporting Entity – Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. For financial reporting purposes the Board is considered a component unit of the State of Louisiana because the State exercises oversight responsibility in that the Governor appoints the board members and public service is rendered within the State's boundaries. The accompanying financial statements present only the transactions of the Board as authorized by Louisiana statutes and administrative regulations.

Annually, the State of Louisiana issues basic financial statements, which include the activity contained in the financial statements. The State of Louisiana also issues supplementary information to the Comprehensive Annual Fiscal Report, which presents the Board in the combining statement of net position for discrete boards and commissions and the combining statement of activities for discrete boards and commissions. Those financial statements and the supplementary information are audited by the Louisiana Legislative auditor.

Basis of Accounting – For financial reporting purposes, the Board is considered a special-purpose government engaged only in business-type activities. All activities of the Board are accounted for within a single proprietary (enterprise) fund.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued) – Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The transactions of the Board are accounted for using the economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the Statement of Net Position.

Under the accrual basis, revenues are recognized in the accounting period when they are earned and expenses are recognized when the related liability is incurred.

Proprietary funds distinguish operating revenues and expenses from Nonoperating items. Operating revenues and expenses generally result from providing services and/or producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as Nonoperating revenues and expenses.

Cash and Investments – Cash and cash equivalents include amounts in demand deposits. Under state law, the Board may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less are considered to be cash equivalents.

In accordance with state law, all uninsured deposits of the Board in financial institutions must be secured with acceptable collateral valued at the lower of market or par. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Louisiana or political subdivision debt obligations, or surety bonds. As required by 12 U.S.C.A., Section 1823(e), all financial institutions pledging collateral to the Board must have a written collateral agreement approved by the board of directors or loan committee. Investments are limited by Louisiana Revised Statute 33:2955. If the original maturities of investments exceed 90 days, they are classified as investments. In accordance with GASB Statement No. 31, investments are recorded at fair value with the corresponding increase or decrease reported in investment earnings. The Board did not have any investments at year-end.

Capital Assets – The Board's assets are recorded at historical cost if purchased or constructed. Assets required through contributions are capitalized at their estimated fair market value. Generally, the Board includes all capital acquisitions with a cost of \$5,000 in its fixed asset inventory. However, certain items at a cost below that amount may be capitalized if benefits of the item will extend beyond one year and/or the Board wants to monitor the item. Straight-line depreciation is used based on the following estimated useful lives:

	<u>Years</u>
Office Equipment	5-10
Building Improvements	5
Buildings	40

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences – Employees earn and accumulate vacation and sick leave at varying rates, depending their years of service. The amount of vacation and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees are compensated for up to 300 hours of unused vacation leave at the employee's hourly rate of pay at the time of termination. The cost of current leave is recognized as a current-year expense. The liability is recognized as a long-term obligation. The current portion cannot be reasonably estimated, and accordingly is not reported.

Pensions – For purposes of measuring the Net Pension Liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Louisiana State Employees' Retirement System (LASERS) and Louisiana School Employees' Retirement System (LSERS), and additions to/deductions from the system's fiduciary net position have been determined on the same basis as they are reported by LASERS and LSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position – In the statement of net position, the difference between a government's assets and deferred outflows of resources and its liabilities and deferred inflows of resources is recorded as net position. The three components of net position are as follows:

Net Investment in Capital Assets – This category records capital assets, net of accumulated depreciation.

Restricted – The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted – The unrestricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in determination of net investment in capital assets or the restricted components of net position.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2: DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

GASB Statement 40 amended GASB Statement 3 to eliminate the requirement to disclose deposits that are insured with no custodial credit risk. GASB Statement 40 requires only the separate disclosure of deposits that are considered to be exposed to custodial credit risk. An entity's deposits are exposed to custodial credit risk if the deposit balances are either: 1) uninsured and uncollateralized, 2) uninsured and collateralized with securities held by the pledging financial institution, or 3) uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the entity's name.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the state treasurer. The deposits at June 30, 2021, consisted of the following:

	<u>Cash</u>	<u>Nonnegotiable Certificates Of Deposits</u>	<u>Money Market Demand Accounts</u>	<u>Total</u>

NOTE 5: PENSIONS**LOUISIANA STATE EMPLOYEES' RETIREMENT SYSTEM (LASERS)****General Information about the Pension Plan**

Plan Descriptions – Employees of the Board are provided with pensions through a cost-sharing multiple-employer defined benefit plan administered by the Louisiana State Employees' Retirement System (LASERS). Section 401 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) grants to LASERS Board of Trustees and the Louisiana Legislature the authority to review administration, benefit terms, investments, and funding of the plan. LASERS issues a publicly available financial report that can be obtained at www.lasersonline.org.

Benefits Provided – The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Retirement – The age and years of creditable service required in order for a member to retire with full benefits are established by statute, and vary depending on the member's hire date, employer, and job classification. Our rank and file members hired prior to July 1, 2006, may either retire with full benefits at any age upon completing 30 years of creditable service, at age 55 upon completing 25 years of creditable service, and at age 60 upon completing ten years of creditable service depending on their plan. or at age 60 upon completing ten years of creditable service depending on their plan. Those members hired between July 1, 2006 and June 30, 2015, may retire at age 60 upon completing five years of creditable service and those hired on or after July 1, 2015 may retire at age 62 upon completing five years of creditable service. The basic annual retirement benefit for members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit.

Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006. For members hired July 1, 2006 or later, average compensation is based on the member's average annual earned compensation for the highest 60 consecutive months of employment. The maximum annual retirement benefit cannot exceed the lesser of 100% of average compensation or a certain specified dollar amount of actuarially determined monetary limits, which vary depending upon the member's age at retirement. Judges, court officers, and certain elected officials receive an additional annual retirement benefit equal to 1.0% of average compensation multiplied by the number of years of creditable service in their respective capacity. As an alternative to the basic retirement benefits, a member may elect to receive their retirement throughout their life, with certain benefits being paid to their designated beneficiary after their death.

Act 992 of the 2010 Louisiana Regular Legislative Session, changed the benefit structure for LASERS members hired on or after January 1, 2011. This resulted in three new plans: regular, hazardous duty, and judges. The new regular plan includes regular members and those members who were formerly eligible to participate in specialty plans, excluding hazardous duty and judges. Regular members and judges are eligible to retire at age 60 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Hazardous duty members are eligible to retire with twelve years of creditable service at age 55, 25 years of creditable service at any age or with a reduced benefit after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment for all three new plans. Members in the regular plan will receive a 2.5% accrual rate, hazardous duty plan a 3.33% accrual rate, and judges a 3.5% accrual rate. The extra 1.0% accrual rate for each year of service for court officers, the governor, lieutenant governor, legislators, House clerk, sergeants at arms, or Senate secretary, employed after January 1, 2011, was eliminated by Act 992. Specialty plan and regular members, hired prior to January 1, 2011, who are hazardous duty employees have the option to transition to the new hazardous duty plan.

Retirement (continued)

Act 226 of the 2014 Louisiana Regular Legislative Session established new retirement eligibility for members of LASERS hired on or after July 1, 2015, excluding hazardous duty plan members. Regular members under the new plan are eligible to retire at age 62 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment. Members in the regular plan will receive a 2.5% accrual rate and judges a 3.5% accrual rate, with an extra 1.0% accrual rate based on all years of service as a judge.

A member leaving employment before attaining minimum retirement age, but after completing certain minimum service requirements, becomes eligible for a benefit provided the member lives to the minimum service retirement age, and does not withdraw their accumulated contributions. The minimum service requirement for benefits varies depending upon the member's employer and service classification.

Deferred Retirement Benefits – The State Legislature authorized LASERS to establish a Deferred Retirement Option Plan (DROP). When a member enters DROP, their status changes from active member to retiree even though they continue to work and draw their salary for a period of up to three years. The election is irrevocable once participation begins. During DROP participation, accumulated retirement benefits that would have been paid to each retiree are separately tracked. For members who entered DROP prior to January 1, 2004, interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero) will be credited to the retiree after participation ends. At that time, the member must choose among available alternatives for the distribution of benefits that have accumulated in the DROP account. Members who enter DROP on or after January 1, 2004, are required to participate in LASERS Self-Directed Plan (SDP) which is administered by a third-party provider. The SDP allows DROP participants to choose from a menu of investment options for the allocation of their DROP balances. Participants may diversify their investments by choosing from an approved list of mutual funds with different holdings, management styles, and risk factors.

Members eligible to retire and who do not choose to participate in DROP may elect to receive at the time of retirement an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. For members who selected the IBO option prior to January 1, 2004, such amount may be withdrawn or remain in the IBO account earning interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero). Those members who select the IBO on or after January 1, 2004, are required to enter the SDP as described above.

Disability Benefits – Generally, active members with ten or more years of credited service who become disabled may receive a maximum disability retirement benefit equivalent to the regular retirement formula without reduction by reason of age. Upon reaching retirement age, the disability retiree may receive a regular retirement benefit by making application to the Board of Trustees.

Survivor's Benefits - Certain eligible surviving dependents receive benefits based on the deceased member's compensation and their relationship to the deceased. The deceased regular member hired before January 1, 2011 who was in state service at the time of death must have a minimum of five years of service credit, at least two

Survivor's Benefits (continued) - of which were earned immediately prior to death, or who had a minimum of twenty years of service credit regardless of when earned in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until age 18, or age 23 if the child remains a full-time student. The aforementioned minimum service credit requirement is ten years for a surviving spouse with no minor children, and benefits are to be paid for life to the spouse or qualified handicapped child.

The deceased regular member hired on or after January 1, 2011, must have a minimum of five years of service credit regardless of when earned in order for a benefit to be paid to a minor child. The aforementioned minimum service credit requirements for a surviving spouse are 10 years, 2 years being earned immediately prior to death, and active state service at the time of death, or a minimum of 20 years of service credit regardless of when earned. A deceased member's spouse must have been married for at least one year before death.

Permanent Benefit Increases/Cost-of-Living Adjustments – As fully described in Title 11 of the Louisiana Revised Statutes, the System allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs) that are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

Contributions – Contribution requirements of active employees are governed by Section 401 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) and may be amended by the Louisiana Legislature. Employee and employer contributions are deducted from a member's salary and remitted to LASERS by participating employers. The rates in effect during the year ended June 30, 2021 for the various plans follow:

Plan	Plan Status	Employee Rate	Employer Rate
Regular Employees hired before 7/01/06	Closed	7.50%	40.70%
Regular Employees hired on or after 7/01/06	Closed	8.00%	40.70%
Regular Employees hired on or after 1/01/11	Closed	8.00%	40.70%
Regular Employees hired on or after 7/01/15	Open	8.00%	40.70%

The agency's contractually required composite contribution rate for the year ended June 30, 2021 was 40.70% of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any Unfunded Actuarial Accrued Liability. Contributions to the pension plan from the Agency were \$357,003 for the year ended June 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the Employer reported a liability of \$3,226,553 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2020 and the total pension liability used to

calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The Agency's proportion of the Net Pension Liability was based on a projection of the Agency's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2020, the Agency's proportion was 0.0390%, which was a decrease of 0.00302% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the Agency recognized pension expense of \$415,727 less employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions of \$157,707.

At June 30, 2021, the Agency reported deferred outflows of resources and deferred inflows of resources related to LASERS pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ (30,987)
Changes of assumptions	10,325	-
Net difference between projected and actual earnings on pension plan investments	471,660	N/A
Changes in proportion and differences between employer contributions and proportionate share of contributions	15,307	(188,056)
Employer contributions subsequent to the measurement date	<u>357,003</u>	<u>-</u>
Total	<u>\$ 854,295</u>	<u>\$ (219,043)</u>

\$357,003 reported as deferred outflows of resources related to pensions resulting from Agency contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

Actuarial Assumptions – A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2021 are as follows:

Valuation Date	June 30, 2020
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Expected Remaining Service Lives	2 years
Investment Rate of Return	7.55% per annum, net of investment expenses*
Inflation Rate	2.3% per annum
Mortality	<i>Non-disabled members</i> - The RP-2014 Blue Collar (males/females) and White Collar (females) Healthy Annuitant Tables projected on a fully generational basis by Mortality Improvement Scale MP-2018 <i>Disabled members</i> – Mortality rates based on the RP-2000 Disabled Retiree Mortality Table, with no projection for mortality improvement
Termination, Disability, and Retirement	Termination, disability, and retirement assumptions were projected based on a five-year (2014-2018) experience study of the System's members for 2019.
Salary Increases	Salary increases were projected based on a 2014-2018 experience study of the System's members. The salary increase ranges for specific types of members are:

Member Type	Lower Range	Upper Range
Regular	3.0%	12.8%

Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The projected benefit payments do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.
----------------------------	--

*The investment rate of return used in the actuarial valuation for funding purposes was 7.90%, recognizing an additional 35 basis points for gain-sharing. The net return available to fund regular plan benefits is 7.75%, which is the same as the discount rate. Therefore, we conclude that the 7.55% discount rate is reasonable.

NOTE 5: PENSIONS (CONTINUED)

Actuarial Assumptions (continued) – The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.3% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 8.25% for 2020. Best estimates of geometric real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2020 are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rates of Return¹</u>
Cash	-0.59%
Domestic Equity	4.79%
International Equity	5.83%
Domestic Fixed Income	1.76%
International Fixed Income	3.98%
Alternative Investments	6.69%
Risk Parity	4.20%
Total Fund	5.81%

¹*For reference only: The information above can be found in the current Employer Pension Audit Report located at <http://lasersonline.org/employers/gasb-68-resources/>.*

Discount Rate – The discount rate used to measure the total pension liability was 7.55%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the pension plan's actuary. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

LOUISIANA SCHOOL EMPLOYEES' RETIREMENT SYSTEM (LSERS)

General Information about the Pension Plan

Plan Descriptions – The Louisiana School Employees' Retirement System (LSERS) was established as of July 1, 1947, for the purpose of providing retirement allowances and other benefits as described under La. R.S. 11:1001 – 11:1206. LSERS issues a publicly available financial report that can be obtained at www.lasers.net.

Benefits Provided – The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Contribution Rates – Employees whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred before July 1, 2010 contribute 7.50% of salary and employees whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred on or after July 1, 2010 contribute 8.00% of salary. Employers contribute an actuarially determined "normal contribution" rate plus "accrued liability contribution" rate. Members are not required to contribute to the system once they have enough service to have accrued 100% of their final average compensation, but the employer is required to continue to contribute the employer's contribution until the member retires or enters DROP.

Contribution Refunds – Upon withdrawal from service, members not entitled to a retirement allowance may receive a refund of accumulated contributions. Refunds are payable ninety days after the effective date of withdrawal from service, if the member's employer has submitted all contributions. (Members who are entitled to a retirement allowance may waive their right to the benefit and accept a refund of accumulated contributions.)

Final Average Compensation- For members whose first employment making them eligible for membership in the system began on or before June 30, 2006, the final average compensation is based on the 36 highest successive or joined months of employment. The compensation used to determine the final average compensation cannot increase more than 10% per year, unless the raise is due to an increase in compensation by legislative act or city/parish system-wide salary increase.

For members whose first employment making them eligible for membership in the system began on or after July 1, 2006 and whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred on or before June 30, 2010, the final average compensation is based on the 60 highest successive or joined months of employment. The compensation used to determine the final average compensation cannot increase more than 10% per year, unless the raise is due to an increase in compensation by legislative act or city/parish system-wide salary increase.

For members whose first employment making them eligible for membership in one of Louisiana's state retirement systems began on or after July 1, 2010, the final average compensation is based on the 60 highest successive or joined months of employment. The compensation used to determine the final average compensation cannot increase more than 15% per year, unless the raise is due to an increase in compensation by legislative act or city/parish system-wide salary increase.

Vested Withdrawal Benefits- Members whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred on or before June 30, 2010, who have ten or more years of creditable service, may elect to leave accumulated contributions on deposit and after withdrawal from service receive a retirement allowance based on the creditable service and accrual rate for their period of membership upon reaching age sixty. Members whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred on or after July 1, 2010 and on or before June 30, 2015, who have five or more years of creditable service, may elect to leave accumulated contributions on deposit and after withdrawal from service receive a retirement allowance based on the creditable service and accrual rate for their period of membership upon reaching age sixty. Members whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred on or after July 1, 2015, who have five or more years of creditable service, may elect to leave accumulated contributions on deposit and after withdrawal from service receive a retirement allowance based on the creditable service and accrual rate for their period of membership upon reaching age sixty-two.

Normal Retirement Benefits- For members whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred on or before June 30, 2010, eligibility for normal retirement occurs upon the attainment of age 60 and 10 years of accredited service, or age 55 and 25 years of accredited service, or at any age and 30 years of accredited service. The retirement allowance is equal to three and one-third percent of the member's final average compensation multiplied by his years of creditable service. For members whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred on or after July 1, 2010 and on or before June 30, 2015, eligibility for normal retirement

Normal Retirement Benefits (continued)- occurs upon the attainment of age 60 and 5 years of accredited service. The retirement allowance is equal to two and one-half percent of the member's final average compensation multiplied by his years of creditable service. For members whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred on or after July 1, 2015, eligibility for normal retirement occurs upon the attainment of age 62 and 5 years of accredited service. The retirement allowance is equal to two and one-half percent of the member's final average compensation multiplied by his years of creditable service. In addition to the normal retirement benefits, members receive a supplementary allowance equal to twenty-four dollars per annum, or two dollars per month, for each year of accredited service. The retirement benefits provided by the system cannot annually exceed one hundred percent of average compensation.

Early Retirement- Members are eligible to retire under the early retirement provisions if they have at least twenty (20) years of service credit regardless of attained age, exclusive of military service and unused annual and sick leave. The early retirement benefit is calculated, inclusive of military service credit and allowable unused annual and sick leave, actuarially reduced from the earliest age that the member would normally become eligible for a regular retirement benefit if they had continued in service to that age.

The age and years of creditable service required in order for a member to retire with full benefits are established by statute, and vary depending on the member's hire date, employer, and job classification. Our rank and file members hired prior to July 1, 2006, may either retire with full benefits at any age upon completing 30 years of creditable service or at age 60 upon completing ten years of creditable service depending on their plan. Those members hired between July 1, 2006 and June 30, 2015, may retire at age 60 upon completing five years of creditable service and those hired on or after July 1, 2015 may retire at age 62 upon completing five years of creditable service. The basic annual retirement benefit for members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit.

Disability Benefits- Any member who meets the minimum service requirement for disability and who has been officially certified as likely to be totally and permanently incapacitated, either mentally or physically, from the further performance of the duties being performed is entitled to disability benefits. A member whose first employment making them eligible for membership in LSERS occurred on or before June 30, 2006, may apply for disability benefits if he is not eligible to receive a regular service retirement allowance and has five years of actual credited service. The disability retirement allowance is equal to two and one-half percent of final average compensation multiplied by the years of creditable service, but not less than thirty-three and one-third percent of final average compensation. Such members are not eligible to choose an optional allowance. Upon the death of such disability retiree who leaves a surviving spouse who had been married to the deceased for at least two years prior to death, the spouse receives a benefit equal to 75% of the benefit being received by the disability retiree at death. These benefits are payable for the life of the spouse unless the spouse remarries before age 55. In such a case, the benefit ceases upon the remarriage.

Disability Benefits (continued)- A member whose first employment making them eligible for membership in LSERS occurred on or after July 1, 2006 and whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred on or before June 30, 2010 may apply for disability benefits if he is not eligible to receive a regular service retirement allowance and has ten years of actual credited service. The disability retirement allowance is equal to three percent of final average compensation multiplied by the years of creditable service. Upon the death of such disability retiree who leaves a surviving spouse who had been married to the deceased for at least two years prior to the death of the disability retiree, the spouse receives a benefit equal to 75% of the benefit being received by the disability retiree at their death. These benefits are payable for the life of the spouse unless the spouse remarries before age 55. In such a case, the benefit ceases upon the remarriage.

A member whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred on or after July 1, 2010 may apply for disability benefits if he is not eligible to receive a regular service retirement allowance and has ten years of actual credited service. The disability retirement allowance is equal to the regular retirement formula without reduction by reason of age. A selection of retirement option must be made at the time of retirement and upon the death of the disabled retiree, the option amount selected is paid to the option beneficiary.

Survivor's Benefits – For members whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred on or before June 30, 2010:

In the case of a death of an active member with 5 years of creditable service (at least 2 years earned immediately prior to death) or a member with 20 years of service at the time of death who has a surviving spouse with a minor child or children, the benefit payable is 75% of the deceased member's final average compensation or \$300 per month, whichever is greater. One-third of this benefit is designated to the spouse and two-thirds to the minor child or children. Child benefits cease at attainment of eighteen years, or upon marriage, except that benefits may continue until age twenty-three if the child remains a full-time student at a high school, vocational school, college, or university.

In the case of a death of an active member with 5 years of creditable service (at least 2 years earned immediately prior to death) or a member with 20 years of service at the time of death who has no surviving spouse but has a minor child or children, the benefit payable is 75% of the deceased member's final average compensation or \$300 per month, whichever is greater. These benefits are paid to the person having legal custody of the child and benefits cease at attainment of eighteen years, or upon marriage, except that benefits may continue until age twenty-three if the child remains a full-time student at a high school, vocational school, college, or university. In the case of a death of an active member with 10 years of creditable service (at least 2 years earned immediately prior to death) or a member with 20 years of service at the time of death who has a surviving spouse but has no minor child or children, the benefit payable is 50% of the deceased member's final average compensation or \$200 per month, whichever is greater. Such benefits will not be paid to any surviving spouse who has remarried since the death of the member prior to the age of 55 unless the member was eligible for regular retirement or had twenty years of service credit on the date of death.

NOTE 5: PENSIONS (CONTINUED)

Survivor's Benefits (continued)- Any surviving child of a deceased member, regardless of age, who has a total physical or mental disability and is dependent on the surviving spouse or other legal guardian, may continue to receive lifetime surviving child benefits equal to 75% of the deceased member's final average compensation or \$300 per month, whichever is greater. The total benefits are reduced to an amount which, when added to the other state assistance being received, does not exceed the maximum survivor benefits payable.

In the event of death of a member with no surviving spouse or child due benefits, the accumulated contributions are payable to the designated beneficiaries, or estate. For members whose first employment making them eligible for membership in one of Louisiana's state retirement systems occurred on or after July 1, 2010: In the case of a death of an active member with 5 years of creditable service (at least 2 years earned immediately prior to death) or a member with 20 years of service at the time of death who has a surviving spouse with a minor child or children, a spousal survivor is paid a benefit equal to 50% of the benefit to which the member would have been entitled if he had retired on the date of his death using the member's applicable accrual rate regardless of years of service or age, or \$600 per month, whichever is greater. These benefits are payable for the life of the spouse unless the spouse remarries before age 55. In such a case, the benefit ceases upon the remarriage, and resumes payment upon a subsequent divorce or death of a new spouse.

When all surviving children cease to be eligible for benefits, the surviving spouse is paid the benefits due to a surviving spouse without minor children or disabled children, as described below. In addition to any benefits payable to a spouse or in cases where only surviving minor or disabled children are due benefits, each surviving eligible child, subject to a maximum of two children, is paid 50% percent of the benefit to which a spouse with children is entitled. These benefits are payable even if a member dies after retirement leaving an eligible minor or disabled child. Any surviving child of a deceased member, regardless of age, who has a total physical or mental disability and is dependent on the surviving spouse or other legal guardian may continue to receive surviving child benefits. The total benefits paid are reduced to an amount which, when added to the other state assistance being received does not exceed the maximum survivor benefits payable.

In the case of a death of an active member with 10 years of creditable service (at least 2 years earned immediately prior to death) or a member with 20 years of service at the time of death who has a surviving spouse to whom they were married for at least one year prior to their death who has no minor child or children, a spousal survivor benefit equal to the accrued benefit that would have been due under option 2, or \$600 per month, whichever is greater, is payable. Unless the member was eligible to retire at the time of death, such spousal benefits cease upon remarriage and resume upon a subsequent divorce or death of the new spouse. In the event of death of a member with no surviving spouse or child due benefits, the accumulated contributions are payable to the designated beneficiaries, or estate.

Deferred Retirement Benefits – In lieu of terminating employment and accepting a service retirement allowance, any member of the system who is eligible to receive a regular retirement allowance may elect to participate in the DROP and defer the receipt of benefits. An election to participate may be made only once and the duration of participation shall be specified and shall not exceed three years. The three year period begins within sixty calendar days after the member reaches eligibility. The participation period must end not more than three years and sixty calendar days from the date the member reaches eligibility. Upon

commencement of participation in the plan, active membership in the system terminates and neither the employee nor employer contributions are payable. Compensation and creditable service remain as they existed on the effective date of commencement of participation in the plan and creditable service excludes conversion of sick and annual leave. The monthly retirement benefits that would have been payable, had the member elected to cease employment and receive a service retirement allowance, are paid into the DROP account. Upon termination of employment at the end of the specified period of participation, a participant in the program may receive, at his option, a lump sum payment from the DROP account equal to the payments to the account or systematic disbursements based on the individual's subaccount in any manner approved by the Board. The monthly benefits that were being paid into the fund during the period of participation will begin to be paid to the retiree based on the option selected at DROP entry. If employment is not terminated at the end of the DROP period, payments into the account cease and employee and employer contributions resume. Monthly retirement benefits payable after termination of participation in the plan and employment include a "base benefit" equal to the participant's monthly credit to the account plus conversion of sick and annual leave, if any, based on the final average compensation rate used to calculate the monthly credit and an additional benefit if employment continues. The additional benefit is based on service credit for the period after plan participation. If the participant dies while still employed, the credits and benefits, if any, due beneficiaries are payable as if the member retired immediately prior to death.

Cost-of-Living Adjustments – Act 333 of 2007 established an Experience Account to be used to pay cost of living adjustments (COLAs), or permanent benefit increases (PBIs). The Experience Account is credited with 50% of the investment experience gain in excess of \$15 million (indexed based on increases in the actuarial value of assets after June 30, 2015) along with that portion of the net investment income, if any, attributable to the prior year balance, subject to maximum accumulation limitation based upon the Plan's funded percentage. The account is also debited with that portion of the system's net investment loss, if any, attributable to the prior year balance. In no event may the amount in the Experience Account fall below zero.

Contributions – Contribution requirements of active employees are governed by the Louisiana Revised Statutes (La. R.S. 11:1145.1(c) (2)) and may be amended by the Louisiana Legislature. Employee and employer contributions are deducted from a member's salary and remitted to LSERS by participating employers. The rates in effect during the year ended June 30, 2021 for the various plans follow:

The agency's contractually required composite contribution rate for the year ended June 30, 2021 was 29.4% of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any Unfunded Actuarial Accrued Liability. Contributions to the pension plan from the Agency were \$10,567 for the year ended June 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the Employer reported a liability of \$77,550 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2020 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The Agency's proportion of the Net Pension Liability was based on a projection of the Agency's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2020, the Agency's proportion was 0.009652%, which was a decrease of 0.000064% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the Agency recognized pension expense of \$11,034 plus employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions of \$2,531.

At June 30, 2021, the Agency reported deferred outflows of resources and deferred inflows of resources related to LSERS pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ (1,909)
Changes of assumptions	462	-
Net difference between projected and actual earnings on pension plan investments	11,808	N/A

NOTE 5: PENSIONS (CONTINUED)

\$10,567 reported as deferred outflows of resources related to pensions resulting from Agency contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

2021	\$	699
2022	\$	3,075
2023	\$	3,585
2024	\$	2,701

Actuarial Assumptions – A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2019 are as follows:

Valuation Date	June 30, 2020
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions: Expected Remaining Service Lives	3 years
Investment Rate of Return	7.00% per annum, net of pension plan investment expense, including inflation
Inflation Rate	2.50% per annum
Mortality	Mortality rates based on the RP-2014 Health Annuitant Tables, RP-2014 Sex Distinct Employee Tables, and RP-2014 Sex Distinct Disabled Tables
Salary Increases	Salary increases were projected based on a 2013-2017 experience study of the System's members. The salary increase is 3.25%.
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present value and accrued liabilities include one future COLA, though not yet authorized by the legislature by including the recognition of the existing balance in the Experience Account together with the present value of future contributions to the Account up to the maximum permissible value of the Account based upon the current amount limitations.

NOTE 5: PENSIONS (CONTINUED)

Actuarial Assumptions (continued)

The long-term expected rate of return selected for this report by the fund was 7.00%. Based on prior projections of cash flows and in conjunction with the statutory and constitutional provisions affecting the Louisiana School Employees' Retirement System with regard to actuarial funding of the retirement system, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. Thus, the discount rate used to measure the total pension liability was 7.00%, net of investment expenses. For Fiscal 2019, the discount rate used was 7.00%

The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2020, are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	26%	0.92%
Equity	39%	2.82%
Alternatives	23%	1.95%
Real Estate	12%	0.69%
Totals	<u>100%</u>	<u>6.38%</u>
Inflation		<u>2.00%</u>
Expected Arithmetic Nominal Return		<u>8.38%</u>

Discount Rate – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by Public Retirement Systems Actuarial Committee (PRSAC) taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of the participating employers calculated using the discount rate of 7.00% as well as what the employers' net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate as of June 30, 2021:

	<u>1.0% Decrease (6.00%)</u>	<u>Current Discount Rate (7.00%)</u>	<u>1.0% Increase (8.00%)</u>
Employer's proportionate share of the net pension liability	\$ 101,579	\$ 77,550	\$ 56,999

NOTE 6: OTHER POSTEMPLOYMENT BENEFITS

Plan Description – The Office of Group Benefits (OGB) administers the State of Louisiana Post-Retirement Benefits Plan – a defined-benefit, multiple-employer post-employment benefit plan. The plan provides medical, prescription drug, and life insurance benefits to retirees, disabled retirees, and their eligible beneficiaries through premium subsidies. Current employees, who participate in an OGB health plan while active, are eligible for plan benefits if they are enrolled in the OGB health plan immediately before the date of retirement and retire under one of the state sponsored retirement systems (Louisiana State Employees’ Retirement System, Teachers’ Retirement System of Louisiana, Louisiana School Employees’ Retirement System, or Louisiana State Police Retirement System,) or they retire from a participating employer that meets the qualifications in the Louisiana Administrative Code 32:3.303. LRS 42:501-883 assigns the authority to establish and amend the benefit provisions of the plan to the state legislature. LRS 42:802, 42:821, and 42:851 provides the authority under which the obligations of the plan members, employers, and other contributing entities that contribute to the plan are established or may be amended.

OGB offers retirees four self-insured healthcare plans and one fully insured plan. Retired employees who have Medicare Part A and Part B coverage also have access to six fully insured Medicare Advantage plans, which include three Vantage HMO plans and one plan each from Peoples Health, Humana, and HMO Louisiana. Retired employees who have both Medicare Part A and Part B are also eligible to participate in Individual Medicare Market Exchange products through the exchange broker Via Benefits and receive \$200/\$300 health reimbursement arrangement (HRA) credits monthly.

There are no assets accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement 75. The plan is funded on a “pay-as-you-go basis” under which the contributions to the plan are generally made at about the same time and in about the same amount as benefit payments become due.

Employer contributions are based on plan premiums and the employer contribution percentage. The percentage is based on the date of participation in an OGB plan (before or after January 1, 2002) and employee years of service at retirement. Employees who begin participation or rejoin the plan before January 1, 2002, pay approximately 25% of the cost of coverage (except single retirees under age 65, who pay approximately 25% of the active employee cost). For those beginning participation or rejoining on or after January 1, 2002, the percentage of premiums contributed by the employer and retiree is based on the following schedule:

<u>OGB Participation</u>	<u>Employer Share</u>	<u>Retiree Share</u>
Under 10 years	19%	81%
10 – 14 years	38%	62%
15 – 19 years	56%	44%
20+ years	75%	25%

NOTE 6: OTHER POSTEMPLOYMENT BENEFITS (CONTINUED):

Plan Description (continued)- In addition to healthcare benefits, retirees may elect to receive life insurance benefits. Basic and supplemental life insurance is available for the individual retirees and spouses of retirees subject to maximum values. Employers pay approximately 50% of monthly premiums for individual retirees. The retiree is responsible for 100% of the premium for dependents.

Total Collective OPEB Liability and Changes in Total Collective OPEB Liability – At June 30, 2021, the Board reported a liability of \$2,505,159 for its proportionate share of the total collective OPEB liability. The total collective OPEB liability was measured as of July 1, 2020 and was determined by an actuarial valuation as of that date. The Board's proportionate share of the total collective OPEB liability at June 30, 2019, totaled \$2,502,258.

The Board's proportionate share percentage is based on the employer's individual OPEB actuarial accrued liability in relation to the total OPEB actuarial accrued liability for all participating entities included in the State of Louisiana reporting entity. At June 30, 2021, the Board's proportion was 0.0302%. Because the beginning balance was restated using a rollback of the July 1, 2020, valuation assuming no experience gains or losses, there is no change to the proportion since the prior measurement date.

The total collective OPEB liability in the July 1, 2020, actuarial valuation was determined using the following actuarial methods, assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

- Actuarial Cost Method – Entry Age Normal, level percentage of pay
- Estimated Remaining Service Lives – 4.5
- Inflation Rate – Consumer Price Index (CPI) 2.80%
- Salary increase rate – consistent with the State of Louisiana's pension value assumptions
- Discount rate – 2.79% based on June 30, 2019 Standard & Poor's 20-year municipal bond index rate
- Mortality rates – based on the RP-2014 Combined Healthy Mortality Table, or RP-2014 Disabled Retiree Mortality Table; both tables projected on a fully generational basis by Mortality Improvement Scale MP-2017.
- Healthcare cost trend rates – 7% for pre-Medicare eligible employees grading down by 0.25% each year, beginning in 2020-2021 through 2029, to an ultimate rate of 4.5% in 2029; 5.5% for post-Medicare eligible employees grading down by 0.25% each year, beginning in 2019-2020, to an ultimate rate of 4.5% in 2024 and thereafter; the initial trend was developed using the National Health Care Trend Survey; the ultimate trend was developed using a building block approach which considers Consumer Price Index, Gross Domestic Product, and technology growth.

Changes of assumptions and other inputs reflect a change in the discount rate from 2.98 as of July 1, 2019, to 2.79% as of July 1, 2020

NOTE 9: JUDGMENTS, CLAIMS, AND SIMILAR CONTINGENCIES

Obligations and losses arising from judgments, claims, and similar contingencies are paid through the state's self-insurance fund and are not reflected in the accompanying special purpose financial reports. The self-insurance fund is operated by the Office of Risk Management (ORM), the state agency responsible for the state's risk management program.

From time to time, the Board is involved in various legal matters which arise in the ordinary course of its operation.

As of June 30, 2021 the Board was involved in litigation related to the Board's policies for required licenses or permits for natural hair braiding. The plaintiffs contend that the Board's policies are unconstitutional and seek to permanently enjoin the Board from enforcing requirements in L.A.C. 46:XXX.1101, 1105, and 1107; nominal damages for \$1 for violations of the Louisiana Constitution; and for other unspecified relief. The Board intends to oppose the plaintiffs Motion for Summary Judgment and continue to defend the claim.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board Members of the
Louisiana State Board of Cosmetology
A Discrete Component Unit
of the State of Louisiana
11622 Sunbelt Court
Baton Rouge, Louisiana 70809

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Louisiana State Board of Cosmetology (Board), a component unit of the State of Louisiana, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated December 17, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FINDINGS RELATING TO THE FINANCIAL STATEMENT AUDIT AS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS

None reported.

FINDINGS RELATED TO LOUISIANA AUDIT LAW

2020-001 Late Submission of Audit Report

Criteria: In accordance with Louisiana Revised Statute 24:513 and 24:514 local auditee reports are due to the Louisiana Legislative Auditor (LLA) no later than six months after the local auditee's fiscal year end

Condition: Louisiana Board of Cosmetology did not submit the reviewed financial statements timely in accordance with the state law.

Cause: The audit process was postponed due to the independent CPA firm having multiple cases of Covid 19 in their staff and a ransomware computer attack in January 2021. This caused disruption in their entire audit schedule delaying the completion and review of all audits.

Effect: Financial reports were not submitted timely.

Recommendation: We recommend that the organization ask the CPA firm to start the audit process earlier to ensure the financials are submitted timely in the future.

Managements' Response: The organization agrees with the finding and condition and will start the reporting process earlier in future period so reviewed statements will be filed in a timely manner.
