## **INDEPENDENT AUDITOR'S REPORT**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and each major fund of the Eighteenth Judicial District Court as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Eighteenth Judicial District Court's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Eighteenth Judicial District Court as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matters***Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that budgetary comparison information on pages 43 through 47, Schedule of District's Proportionate Share of the Net Pension Liability on page 48, and Schedule of Eighteenth Judicial District Court's Pension Contributions on page 49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

**Other Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Eighteenth Judicial District Court's basic financial statements. The schedule of compensation, benefits, and other payments to agency head is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of compensation, benefits, and other payments to agency head is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves,

and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, the schedule of compensation, benefits, and other payments to agency head is fairly stated in all material respects in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 23, 2020 on our consideration of the Eighteenth Judicial District Court's internal control over financial reporting and on our tests of its compliance with certain provisions, laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Eighteenth District Court's internal control over financial reporting and compliance.

**FUND FINANCIAL STATEMENTS (FFS)**

## FUND DESCRIPTIONS

### GENERAL FUND

The general fund is the primary operating fund that accounts for all financial resources, except those required to be accounted for in other funds. It is available for any purpose provided it is expended or transferred in accordance with state and federal laws and in accordance with the District Court policy.

### SPECIAL REVENUE FUNDS

#### Probation Fund

The monies in this account are generated primarily from restitutions and fines. These funds are used to administer the Eighteenth Judicial District Court's Probation Department.

#### Hearing Officer Fund

The monies in this account are provided by the Department of Social Services. These funds are used to administer Family Court, divorce matters, child protection, and property matters.

#### Drug Court Fund

The monies in this account are primarily provided by the Louisiana Supreme Court. Some monies are also generated by fees that are collected. These funds are used to administer the Drug Court in Pointe Coupee Parish.

**EIGHTEENTH JUDICIAL DISTRICT COURT  
PARISHES OF IBERVILLE, POINTE COUPEE, AND WEST BATON ROUGE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2020**

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES**

The General Fund (Judicial Expense Fund) for the Eighteenth Judicial District Court (District Court) was created by LSA-RS 13:621.18 and 13:996.58, as having four judges. In general, the creating statutes provide that the judges of the District Court may levy court costs for operations of the Court. The amount of the costs levied cannot exceed the amount established by the creating statutes. Court costs are normally collected by the District Court and the Sheriff of each parish, remitted to the judges, and deposited to the Judicial Expense Fund. Expenditures for the fund are determined by the majority of the judges. Expenditures or expenses normally include materials and supplies, law library and resources, and salaries of those individuals appointed by the judges. The judges may appoint law clerks, court reporters, secretaries, research clerks, administrative staff, and other personnel as deemed necessary. The salaries of the judges cannot be paid from the Judicial Expense Fund.

The Judicial District Court encompasses the parishes of Iberville, Pointe Coupee, and West Baton Rouge, Louisiana, with courthouses in Plaquemine, New Roads, and Port Allen, respectively. The four judges are independently elected by the people.

FASB ASC Section 2100 – *Defining the Financial Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Judicial District Court is considered a component unit, since it is fiscally dependent on the parish police juries and council of Iberville, Pointe Coupee, and West Baton Rouge Parishes (the financial reporting entities). The parish police juries/council provide office space, courtrooms and related utility costs as well as partial funding of salary cost.

The accompanying financial statements present information only on the funds maintained by the Eighteenth Judicial District Court and do not present information on the parishes police juries and council, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

**Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e. the statement of net position and the statement of changes in net position) report information on all of the non-fiduciary activities of the Eighteenth Judicial District Court. Governmental activities, which normally are supported by court costs, fees, and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The Eighteenth Judicial District Court has no business-type activities.

**EIGHTEENTH JUDICIAL DISTRICT COURT  
PARISHES OF IBERVILLE, POINTE COUPEE, AND WEST BATON ROUGE  
NOTES TO FINANCIAL STATEMENTS**

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES (continued)**

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Court costs, fees, fines, and other items not properly included among program revenues are reported instead as general revenues.

The accounts of the Eighteenth Judicial District Court are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal requirements.

The various funds of the Eighteenth Judicial District Court are all classified as governmental. The emphasis on fund financial statements is on major governmental funds. A fund is considered major if it is the primary operating fund of the Eighteenth Judicial District Court or meets the following criteria:

1. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least ten percent of the corresponding total for all funds of that category or type; and
2. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Court costs, fees, and fines are recognized as revenues in the current fiscal year. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**EIGHTEENTH JUDICIAL DISTRICT COURT  
PARISHES OF IBERVILLE, POINTE COUPEE, AND WEST BATON ROUGE  
NOTES TO FINANCIAL STATEMENTS**

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES (continued)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgment, are recorded only when payment is due.

Court costs, fees, and fines associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The Eighteenth Judicial District Court reports the following governmental funds:

The General Fund, as provided by Louisiana Revised Statute 13:621.18 and 13:996.58, is the Eighteenth Judicial District Court's primary operating fund and it accounts for all financial resources of the Eighteenth Judicial District Court, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to the District Court's policy. This fund is considered to be a major fund.

Additionally, the Eighteenth Judicial District Court reports special revenue funds. The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

The Eighteenth Judicial District Court has established major special revenue funds. The following is a brief description of each major special revenue fund's purpose:

*Probation Fund* – Used to account for funds, which are used to administer the Eighteenth Judicial District Court's Probation Department.

*Hearing Officer Fund* – Used to account for the funds to administer the Family Court, divorce matters, child protection, and property matters.

*Drug Court Fund* – Used to account for the funds to administer the Drug Court in Pointe Coupee Parish.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**EIGHTEENTH JUDICIAL DISTRICT COURT  
PARISHES OF IBERVILLE, POINTE COUPEE, AND WEST BATON ROUGE  
NOTES TO FINANCIAL STATEMENTS**

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES (continued)**

All individual governmental funds are reported as separate columns in the fund financial statements.

Interfund activity is reported as loans, services provided, reimbursements, or transfers. Loans are reported as interfund receivables and payables. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduced its related costs as a reimbursement. All other interfund transactions are treated as transfers.

Any residual balances outstanding at year-end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in preparation of the government-wide financial statements.

Balances between the funds included governmental activities (i.e. the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported as gross amounts as due from/to other funds. While reported in fund financial statements, certain eliminations are made in preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as due from/to other funds in the governmental activities' column.

**Deposits and Investments**

Cash and interest-bearing deposits are stated at cost, which approximates market. Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the District Court's investment policy allow the entity to invest in collateralized certificates of deposits, government-backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government-backed securities.

Under State law, the Eighteenth Judicial District Court may invest in United States bonds, treasury notes or certificates, time certificates of deposit of State banks having their principal office in the State of Louisiana, or any other federally insured investment. In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, investments meeting the criteria specified in the Statements are stated at fair value. Investments that do not meet the requirements are stated at cost.

**Fair Value Measurements**

In accordance with the provisions of the Governmental Accounting Standards Board Statement No. 72, *Fair Value Application and Measurement*, all investments are reported at fair value with gains and losses included in the statement of revenue and expenses.

The District Court categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The three levels of the fair value hierarchy are as follows:

Level 1 – Unadjusted quoted prices for identical assets or liabilities in active markets that the District Court has the ability to access.

Level 2 – Inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable and significant to the fair value measurement.

**Receivables and Payables**

Receivables consist of all revenues earned at year-end and not yet received. Payables consist of all expenses/expenditures incurred at year-end and not yet paid. Payables also include fines and restitution that are considered a non-current liability on the Statement of Net Position.

**Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

**Capital Assets**

Capital assets purchased or acquired with an original cost of \$500 or more are reported at historical costs or estimated costs if historical cost is not available. Contributed assets are recorded as capital assets at their estimated fair market value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized.

Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

|                               |          |
|-------------------------------|----------|
| Office Furniture              | 10 years |
| Computer Equipment            | 5 years  |
| Other Machinery and Equipment | 5 years  |

**Compensated Absences**

The Eighteenth Judicial District Court's recognition and measurement criterion for compensated absences is as follows:

FASB ASC C60 – *Compensated Absences* provided that vacation leave and other compensated absences with similar characteristics should be accrued as a liability as the benefits are earned by the employees, if both of the following conditions are met:

- a. The employees' rights to receive compensation are attributable to services already rendered.
- b. It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

FASB ASC C60 – *Compensated Absences* provides that a liability for sick leave should be accrued using one of the following termination approaches:

- a. An accrual for earned sick leave should be made only to the extent it is probable that the benefits will result in termination payments, rather than be taken as absences due to illness or other contingencies, such as medical appointments and funerals.
- b. Alternatively, a governmental entity should estimate its accrued sick leave liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments.

**EIGHTEENTH JUDICIAL DISTRICT COURT  
PARISHES OF IBERVILLE, POINTE COUPEE, AND WEST BATON ROUGE  
NOTES TO FINANCIAL STATEMENTS**

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES (continued)**

The entire compensated absences liability is reported on the government-wide financial statements. For governmental fund financial statements, the current portion of unpaid compensated absences is the amount that is normally expected to be paid using expendable available financial resources. These amounts are recorded in the account "compensated absences" in the fund from which the employees who have accumulated leave are paid. The non-current portion of the liability is not reported in the governmental funds.

The Eighteenth Judicial Court follows the vacation policy of the West Baton Rouge Parish Council. Employees can earn from two to five weeks of vacation per year depending on years of service. An employee resigning shall be compensated for vacation leave accumulated to the date of separation not to exceed three hundred (300) hours.

Employees do not receive monetary compensation for accumulated sick leave upon early termination of employment. However, if an employee works to retirement eligibility, this accumulated sick leave shall be combined with vacation leave to apply toward retirement years.

**Net Position in the Government-Wide Financial Statements**

In the government-wide financial statement of net position, the net position amount is classified and displayed in three components:

- a. Invested in capital assets – This component consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, constructions, or improvement of those capital assets.
- b. Restricted net position – This component consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – This component consists of all other net positions that do not meet the definition of "restricted" or "invested in capital assets."

When both restricted and unrestricted resources are available for use in a specific program or for a specific purpose, the Eighteenth Judicial District Court's usual policy is to use restricted resources first to finance its activities.

**Fund Equity – Fund Financial Statements**

In the fund statements, governmental fund equity is classified as fund balance. The Eighteenth Judicial District Court elected to implement GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (FASB ASC 1300 and 1800), in fiscal year 2011. This statement provides more clearly defined fund balance categories to make the nature and

extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints place on the purpose for which resources can be used:

- a. **Nonspendable:** This classification includes amounts that cannot be spent, because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact. Management classifies prepaid expenditures as being non-spendable as this item is not expected to be converted to cash.
- b. **Restricted:** This classification includes amounts for which constraints have been placed on the use of resources or either:
  - a. Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or
  - b. Imposed by law through constitutional provisions or enabling legislation.
- c. **Committed:** This classification includes amounts that can be used for specific purposes pursuant to constraints imposed by formal action (resolution) of the Eighteenth Judicial District Court's Honorable Judges, which is the Eighteenth Judicial District Court's highest level of decision-making authority. These amounts cannot be used for any other purpose unless the Honorable Judges remove or change the specified use by taking the same type of action that was employed when the funds were initially committed.
- d. **Assigned:** This classification includes spendable amounts that are reported in governmental funds other than the General Fund, that are neither restricted nor committed, and amounts in the General Fund that are intended to be used for a specific purpose in accordance with the provisions of GASB Statement 54. The intent of an assigned fund balance should be expressed by the Eighteenth Judicial District Court's Honorable Judges, who has the authority to assign amounts to be used for specific purposes. The Eighteenth Judicial District Court's management has not assigned any amount at year-end.
- e. **Unassigned:** This classification is the residual fund balance for the General Fund and Hearing Officer Fund. It also represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned for specific purposes within the General Fund.

As of June 30, 2020, fund balances are composed of the following:

|                            | <u>General Fund</u> | <u>Major Special<br/>Revenue Funds</u> | <u>Total Governmental<br/>Funds</u> |

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES (continued)**

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Eighteenth Judicial District Court considers restricted funds to have been spent first.

When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Eighteenth Judicial District Court considers amounts to have been spent first out of the committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Eighteenth Judicial District Court has provided otherwise in his commitment or assignment actions.

**Use of Estimates**

The financial statements and related disclosures are prepared in conformity with accounting principles generally accepted in the United States. Management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenue and expenses during the period reported. These estimates include assessing the collectability of accounts receivable. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from the estimates.

**Impact of Recently Issued Accounting Principles**

In December 2010, the GASB issued Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 1989 FASB and AICPA Pronouncements*. GASB No. 62 incorporates into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements: Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the American Institute of Certified Public Accountants' (AICPA) Committee on Accounting Procedure. This Statement is effective for periods beginning after December 15, 2011 and was implemented in fiscal year 2013. The adoption of GASB No. 62 did not have any impact on the Eighteenth Judicial District Court's financial statements.

In June 2011, the GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. GASB No. 63 provides guidance for reporting deferred outflows resources of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures. The statement of net assets is renamed the statement of net position and includes the following elements: assets, deferred outflows or resources, liabilities, deferred inflows of resources, and net position. This Statement is effective for periods beginning after December 15, 2011 and was implemented in fiscal year 2013. The adoption of GASB No. 63 did not have any impact on the Eighteenth Judicial District Court's financial statements.

the Eighteenth Judicial District Court's financial statements.

**Pension Plans**

The Eighteenth Judicial District Court is a participating employer in multiple cost-sharing, multiple-employer defined benefit pension plans as described in Note L. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions for the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within the plan.

**NOTE B – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**Budgetary Information**

The District Court follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. The budgetary calendar – The budget is adopted in early June.
- b. All budgetary appropriations (unexpended budget balances) lapse at the end of each fiscal year.
- c. There are no outstanding encumbrances.
- d. The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts included in the accompanying financial statements are as originally adopted or as finally amended by the Eighteenth Judicial District Court. Such amendments were not material in relation to the original appropriations.
- e. The District Court will, from time to time, make changes or amendments within the various budget classifications.

**NOTE C – CASH, CASH EQUIVALENTS, AND INVESTMENTS**

Under state law, the Eighteenth Judicial District Court may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The Eighteenth Judicial District Court may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

**NOTE C – CASH, CASH EQUIVALENTS, AND INVESTMENTS (continued)**

At June 30, 2020, the Eighteenth Judicial District Court had cash and interest-bearing deposits (book balances) totaling \$858,709 as follows:

|                                  | <u>General Fund</u> | <u>Probation</u>  | <u>Drug Court</u> |
|----------------------------------|---------------------|-------------------|-------------------|

*Custodial Credit Risk Relating to Deposits*

Custodial credit risk is the risk that, in the event of bank failure, the Eighteenth Judicial District Court deposits might not be recovered. The Eighteenth Judicial District Court does not have a formal policy for custodial credit risk, however, under state law, these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank.

The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

| Bank balances exposed to custodial credit risk:  |                           |  |              |
| a. Uninsured and uncollateralized  |                           |  | -            |
| b. Uninsured and collateralized with securities held by the pledging institution   |                           |  | -            |
| c. Uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the entity's name |                           |  | \$ 1,070,749 |
| Excess of FDIC insurance and pledged securities  |                           |  | \$ 94,092    |

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertised and sell the pledged securities within 10 days of being notified by the Eighteenth Judicial District Court that the fiscal agent has failed to pay deposited funds upon demand.

**NOTE C – CASH, CASH EQUIVALENTS, AND INVESTMENTS (continued)**

The Eighteenth Judicial District Court can invest in direct debt securities of the United States unless such an investment is expressly prohibited by law. The Eighteenth Judicial District Court's investments are categorized to give an indication of the level of risk assumed by it at year-end. Category 1 includes investments that are insured or registered or for which the securities are held by the Eighteenth Judicial District Court or its agent in the Eighteenth Judicial District Court's name. Category 2 includes uninsured and unregistered investments with securities held by the counterparty's trust department or agent in the Eighteenth Judicial District Court's name. Category 3 includes uninsured and unregistered investments with securities held by the counterparty, or by its trust department or agent, but not in the Eighteenth Judicial District Court's name. At June 30, 2020, the District Court's investments totaled \$548,602 as follows:

| Description             | Interest Rates | Maturity Dates  | Category 1 | Fair Value | Cost       | Carrying Amount |
|-------------------------|----------------|-----------------|------------|------------|------------|-----------------|
| Certificate of Deposits | .2-1.00        | 7-3-21 /2-20-22 | \$ 548,602 | \$ 548,602 | \$ 548,602 | \$ 548,602      |

*Investments:*

Investments of the Eighteenth Judicial District Court consist of certificates of deposit. These securities are stated at their fair value as required by GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*. The District used quoted market values to determine fair value of the investments.

*Interest Rate Risk* – The Eighteenth Judicial District Court has no formal investment policy but has adopted the state investment policy at LA RS 49:327. The District invests in investments with maturities limited to five-year as means of managing its exposure to fair value losses arising from increasing interest rates.

*Custodial Credit Risk – Deposits* – In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The Eighteenth Judicial District Court invests in certificates of deposits that are backed by FDIC and pledged securities, and U.S. government securities. The District has adopted the state investment policy at LA 49:327 and does not have any other policy that would further limit the investment choices. As of June 30, 2020, 100% of the District's investment balances were exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the entity's name.

*Concentration of Credit Risk* – The District places no limits on the amount they may invest in any one issuer.

**NOTE D – FAIR VALUE MEASUREMENTS**

The following table sets forth by level within fair value hierarchy the District Court's assets at estimated fair values as of June 30, 2020:

|                          |                |
|--------------------------|----------------|
|                          | <u>Level 1</u> |
| Certificates of deposits | \$ 548,602     |

The District Court did not have level 2 or level 3 assets at June 30, 2020.

**NOTE E – RECEIVABLES**

Receivables are written-off under the direct write-off method; whereby bad debts are recorded when a receivable is deemed uncollectible. If they are subsequently collected, they are recorded as miscellaneous income. The direct charge off method is not a material departure from GAAP as it approximates the valuation method. At June 30, 2020, the receivables totaled \$73,331 (Due from other governmental units and Other receivables).

**NOTE F – INTERFUND ACTIVITY**

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. Those receivables and payables are classified as due from other funds and due to other funds on the balance sheet. Such advances create short-term interfund loans. A summary of these interfund loans, at year-end, is as follows:

| <u>Receivable Fund</u> | <u>Payable Fund</u> | <u>Amount</u>     |
|------------------------|---------------------|-------------------|
| General                | Drug Court          | \$ 4,685          |

**NOTE J – DEFERRED COMPENSATION PLAN**

The Eighteenth Judicial District Court has a qualified deferred compensation plan under Section 457 of the Internal Revenue Code. The Eighteenth Judicial District Court does not report the deferred compensation plan in the general purpose financial statements. The District Court does not match the employee's deferred compensation amounts.

**NOTE K – PENSION PLAN**

The Eighteenth Judicial District Court's office implemented Government Accounting Standards Board (GASB) Statement 68 on Accounting and Financial Reporting Related to Pensions and Statement 71 on Pension Transition for Contributions Made Subsequent to the Measurement date – an Amendment to GASB 68. These standards require that the Eighteenth Judicial District Court's office to record its proportional share of each of the pension plans' Net Pension Liability and report the following disclosures:

Substantially all employees of the Eighteenth Judicial District Court are members of either, the Louisiana State Employees' Retirement System or the Parochial Employees' Retirement

System of Louisiana. The systems are cost-sharing, multiple employer defined benefit pension plan administered by separate board of trustees. Pertinent information relative to each plan follows:

**Louisiana State Employees' Retirement System**

**Plan Description:**

Substantially all of the Judicial Expense Fund, Hearing Officer, and Drug Court employees participate in the Louisiana State Employees' Retirement System (LASERS), a multiple-employer, cost-sharing, defined benefit pension plan. Section 401 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) grants to LASERS Board of Trustees and the Louisiana Legislature the authority to review administration, benefit terms, investments, and funding of the plan. LASERS issues a publicly available financial report that can be obtained at [www.lasersonline.org](http://www.lasersonline.org).

**Retirement Benefits:**

The age and years of creditable service required in order for a member to retire with full benefits are established by statute, and vary depending on the member's hire date, employer, and job classification. Our rank and file members hired prior to July 1, 2006, may either retire with full benefits at any age upon completing 30 years of creditable service or at age 60 upon completing 10 years of creditable service depending on their plan. Those members hired between July 1, 2006 and June 30, 2015, may retire at age 60 upon completing five years of creditable service and those hired on or after July 1, 2015 may retire at age 62 upon completing five years of creditable service. The basic annual retirement benefit for members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit. Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006. For members hired July 1, 2006 or later, average compensation is based on the member's average annual earned compensation for the highest 60 consecutive months of employment. The maximum annual retirement benefit cannot exceed the lesser of 100% of average compensation or a certain specified dollar amount of actuarially determined monetary limits, which vary depending upon the member's age at retirement. Judges, court officers, and certain elected officials received an additional annual retirement benefit equal to 1.0% of average compensation multiplied by the number of years of creditable service in their respective capacity. As an alternative to basic retirement benefits, a member may elect to receive their retirement benefits under any one of six different options providing for reduced retirement benefits payable throughout their life, with certain benefits being paid to their designated beneficiary after their death.

Act 992 on the 2010 Louisiana Regular Legislative Session, changed the benefit structure for LASERS members hired on or after January 1, 2011. This resulted in three new plans: regular, hazardous duty, and judges. The new regular plan includes regular members and those members who were formerly eligible to participate in specialty plans, excluding hazardous duty and judges. Regular members and judges are eligible to retire at age 60 after five years of

creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Hazardous duty members are eligible to retire with twelve years of creditable service at age 55, 25 years of creditable service at any age or with a reduced benefit after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment for all three new plans. Members in the regular plan will received a 2.5% accrual rate, hazardous duty plan a 3.33% accrual rate, and judges a 3.5% accrual rate. The extra 1.0% accrual rate for each year of service for court officers, the governor, lieutenant governor, legislators, House clerk, sergeants at arms, or Senate secretary employed after January 1, 2011, was eliminated by Act 992. Specialty plan and regular members, hired prior to January 1, 2011, who are hazardous duty employees have the option to transition to the new hazardous duty plan.

Act 226 of the Louisiana Regular Legislative Session established new retirement eligibility for members of LASERS hired on or after July 1, 2015, excluding hazardous duty plan members. Regular members and judges under the new plan are eligible to retire at age 62 after five years or creditable service and, may also retire at any age, with reduced benefit, after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment. Members in the regular plan will receive a 2.5% accrual rate, and judges a 3.5% accrual rate, with the extra 1.0% accrual rate based on all years of service as a judge.

A member leaving employment before attaining minimum retirement age, but after completing certain minimum service requirements, becomes eligible for a benefit provided the member lives to the minimum service retirement age, and does not withdraw their accumulated contributions. The minimum service requirement for benefits varies depending upon the member's employer and service classifications.

**Deferred Retirement Benefits:**

The State Legislature authorized LASERS to establish a Deferred Retirement Option Plan (DROP). When a member enters DROP, their status changes from active member to retiree even though they continue to work and draw their salary for a period of up to three years. The election is irrevocable once participation begins. During DROP participation, accumulated retirement benefits that would have been paid to each retiree are separately tracked. For members who entered DROP prior to January 1, 2004, interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero) will be credited to the retiree after participation ends. At that time, the member must choose among available alternatives for the distribution of benefits that have accumulated in the DROP account. Members who enter DROP on or after January 1, 2004, are required to participate in LASERS Self-Directed Plan (SDP) which is administered by a third-party provider. The SDP allows DROP participants to choose from a menu of investment options for the allocation of their DROP balances. Participants may diversify their investments by choosing from an approved list of mutual funds with different holdings, management styles, and risk factors.

**NOTE K – PENSION PLAN (continued)**

Members eligible to retire and who do not choose to participate in DROP may elect to receive at the time of retirement an initial benefit plan (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. For members who selected the IBO option prior to January 1, 2004, such amount may be withdrawn or remain in the IBO account earning interest at a rate at one-half percent less than the System's realized return on its portfolio (not to be less than zero). Those members who select the IBO on or after January 1, 2004 are required to enter the SDP as described above.

**Disability Benefits:**

Generally, active members with ten or more years of credited service who become disabled may receive a maximum disability retirement benefit equivalent to the regular retirement formula without reduction by reason of age. Upon reaching retirement age, the disability retiree may receive a regular retirement benefit by making application to the Board of Trustees.

For injuries sustained in the line of duty, hazardous duty personnel in the Hazardous Duty Services Plan will receive a disability benefit equal to 75% of final average compensation or 100% of final average compensation if the injury was the result of an intentional act of violence.

**Survivor Benefits:**

Certain eligible surviving dependents receive benefits based on the deceased member's compensation and their relationship to the deceased. The deceased member who was in state service at the time of death must have a minimum of five years of service credit, at least two of which were earned immediately prior to death, or who had a minimum of twenty years of service credit regardless of when earned in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until age 18, or age 23 if the child remains a full-time student. The aforementioned minimum service credit requirement is ten years for a surviving spouse with no minor children, and benefits are to be paid for life to the spouse or qualified handicapped child.

The deceased regular member hired on or after January 1, 2011, must have a minimum of five years of service credit regardless of when earned in order for a benefit to be paid to a minor child. The aforementioned minimum service credit requirements for a surviving spouse are 10 years, 2 years being earned immediately prior to death, and active state service at the time of death, or a minimum of 20 years of service credit regardless of when earned. A deceased member's spouse must have been married for at least one year before death.

**Permanent Benefit Increases/Cost of Living Adjustments:**

As fully described in Title 11 of the Louisiana Revised Statutes, the System allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs) that are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

**Contributions:**

Contribution requirements of active employees are governed by Section 401 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) and may be amended by the Louisiana

The District Court's contractually required composite contribution rate for the year ended June 30, 2019 was 37.9% of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any Unfunded Actuarial Accrued Liability. Contributions to the pension plan from the District Court for LASERS for the years ended June 30, 2020, 2019, and 2018, were \$124,999, \$120,032, and \$146,936, respectively.

**Pension Liabilities, Pension Expense, and Deferred Outflows and Resources and Deferred Inflows of Resources:**

At June 30, 2020, the District Court reported a liability of \$1,188,456 for its proportionate share of the net pension liability for LASERS. The net pension liability was measured as of June 30, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation of that date. The District Court's proportion of the net pension liability was based on a projection of the District Court's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2019, the District Court's proportion for LASERS was .0164% which was a decrease of .00098% from its proportion measured as of June 30, 2018.

**NOTE K – PENSION PLAN (continued)**

For the year ended June 30, 2020, the District Court recognized pension expense of \$153,240 for LASERS less employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, (\$110,223).

At June 30, 2020, the District Court reported deferred outflows of resources and deferred inflows of resources related to pensions for LASERS from the following sources:

|  | <b>Deferred<br/>Outflows of<br/>Resources</b> | <b>Deferred<br/>Inflows of<br/>Resources</b> |
|--|---|--|
| Differences between expected and actual experience   | \$ 7,298                                      | \$ (2,470)                                   |

| Total  | \$ 279,815                                    | \$ (245,825)                                 |

The District Court reported a total for LASERS of \$124,999 as deferred outflow of resources related to pension contributions made subsequent to the measurement period of June 30, 2019, which will be recognized as a reduction in net pension liability for the year ended June 30, 2021.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| <b>Year</b> |             |
|-------------|-------------|
| 2021        | (81,863)    |
| 2022        | (35,833)    |

| 2024        | 15,391      |
|             | \$ (91,009) |

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.75% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 9.00% for 2019. Best estimates of geometric real rates of return for each major asset class included in the pension plan's target allocation as of June 30, 2019 are summarized in the following table:

**Actuarial Assumptions:**

A summary of actuarial methods and assumptions used in determining the total net pension liability for LASERS as of June 30, 2019 is as follows:

|  |   |
|--|---|
| <b>Valuation Date</b>                          | June 30, 2019   |

| <b>Termination, Disability, and Retirement</b> | Termination, disability, and retirement assumptions were projected based on a five-year (2014-2018) experience study of the System's members for 2019.  |
| <b>Salary increases</b>                        | Salary increases were projected based on a 2014-2018 experience study of the System's members. The salary increase ranges for specific types of members are:  |

| <b>Member Type</b> | <b>Lower Range</b> | <b>Upper Range</b> |
|--------------------|--------------------|--------------------|
| Regular            | 3.2%               | 13.0%              |
| Judges             | 2.8%               | 5.3%               |
| Corrections        | 3.8%               | 14.0%              |
| Hazardous Duty     | 3.8%               | 14.0%              |
| Wildlife           | 3.8%               | 14.0%              |

**Cost of Living Adjustments** The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The projected benefit payments do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

\*The investment rate of return used in the actuarial valuation for funding purposes was 8.00%, recognizing an additional 40 basis points for gain-sharing and 15 basis points to offset administrative expenses. The net return available to fund regular plan benefits is 7.60%, which is the same as the discount rate. Therefore, we conclude that 7.60% discount is reasonable.

**EIGHTEENTH JUDICIAL DISTRICT COURT  
PARISHES OF IBERVILLE, POINTE COUPEE, AND WEST BATON ROUGE  
NOTES TO FINANCIAL STATEMENTS**

**NOTE K – PENSION PLAN (continued)**

**Discount Rate:**

The discount rate used to measure the total pension liability was 7.60%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate:**

The following table represents the District Court's proportionate share of the net pension liability (NPL) using the discount rate for LASERS as well as the District Court's proportionate share of the NPL would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate used by LASERS:

|                       | <b>1.0% Decrease<br/>6.60%</b> | <b>Current<br/>Discount Rate<br/>7.60%</b> | <b>1.0% Increase<br/>8.60%</b> |

**Parochial Employees' Retirement System of Louisiana**

**Plan Description:**

Substantially all of the Probation employees participate in the Parochial Employees' Retirement System of Louisiana (PERS), a multiple-employer, cost-sharing, defined benefit pension plan. The System is composed of two distinct plans, Plan A and Plan B. The Probation employees are members of Plan A. The System was established and provided for by R.S. 11:1901 of the Louisiana Revised Statute. The System provides retirement benefits of taxing districts of a parish or any branch or section of a parish within the State which does not have their own retirement system and which elects to become members of the System. The System issued a stand-alone audit report on its financial statements for the year ended December 31, 2019. Access to the audit report can be found on the System's website: [www.persla.org](http://www.persla.org).

**Retirement Benefits:**

Any member of Plan A can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

1. Any age with thirty (30) or more years of creditable service.
2. Age 55 with twenty-five (25) years of creditable service.
3. Age 60 with a minimum of ten (10) years of creditable service.
4. Age 65 with a minimum of seven (7) years of creditable service.

**EIGHTEENTH JUDICIAL DISTRICT COURT  
PARISHES OF IBERVILLE, POINTE COUPEE, AND WEST BATON ROUGE  
NOTES TO FINANCIAL STATEMENTS**

**NOTE K – PENSION PLAN (continued)**

For employees hired after January 1, 2007:

1. Age 55 with 30 years of service.
2. Age 62 with 10 years of service.
3. Age 67 with 7 years of service.

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to 3% of the member's final average compensation multiplied by his/her years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

**Survivor Benefits:**

Upon the death of any member of Plan A with five (5) or more years of creditable service who is not eligible for retirement, the plan provides for benefits for the surviving spouse and minor children, as outlined by the statutes.

Any member of Plan A, who is eligible for normal retirement at time of death, the surviving spouse shall receive an Automatic Option 2 benefit, as outlined by the statutes.

**Deferred Retirement Option Plan:**

Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the Retirement System. DROP is an option for that member who is eligible for normal retirement.

In lieu of terminating employment and accepting a service retirement, any member of Plan A who is eligible to retire may elect to participate in the Deferred Retirement Option Plan (DROP) in which they are enrolled for three years and defer the receipt of the benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP fund.

Upon termination of employment prior to or at the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account. Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date.

For individuals who become eligible to participate in the Deferred Retirement Option Plan on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in the Plan will be placed in liquid asset money market investments at the discretion of the board of trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the System, the funds may be credited to self-directed subaccounts. The participant in the self-directed portion of this Plan must agree that the benefits payable to the participant are not the obligations of the state or the System, and that any returns and other rights of the Plan are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

**NOTE K – PENSION PLAN (continued)**

**Disability Benefits:**

For Plan A, a member shall be eligible to retire and received a disability benefit if they were hired prior to January 1, 2007, and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan A shall be paid a disability benefit equal to the lesser of an amount equal to 3% of the member's final average compensation multiplied by his years of service, not to be less than fifteen, or three percent multiplied by years of service assuming continued service to age 60.

**Cost of Living Increases:**

The Board is authorized to provide a cost of living allowance for those retirees who retired prior to July 1973. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements.

In addition, the Board may provide an additional cost of living increase to all retirees and beneficiaries who are over age 65 equal to 2% of the member's benefit paid on October 1, 1977, (or the member's retirement date, if later). Also, the Board may provide a cost of living increase up to 2.5% for retirees 62 and older (RS 11:1937). Lastly, Act 270 of 2009 provided for further reduced actuarial payments to provide an annual 2.5% cost of living adjustment commencing at age 55.

**Employer Contributions:**

According to state statute, contributions for all employers are actuarially determined each year. For the year ended December 31, 2019, actuarially determined rate was 12.18% of member's compensation for Plan A. However, the actual rate for the fiscal year ending December 31, 2019 was 11.50% for Plan A. According to state statute, the System also receives  $\frac{1}{4}$  of 1% of ad valorem taxes collected within the parishes of Louisiana, except for Orleans and East Baton Rouge parishes. The System also receives revenue sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

Under the Plan A, members are required by state statute to contribute 9.50% (depending on date of hire) of their annual covered salary and the District Court is required to contributed an actuarially determined rate. The rate for July 1, 2019 through December 31, 2019 was 11.5% of annual covered payroll. The rate for January 1, 2020 through June 30, 2020 was 12.25% of the annual covered payroll. The contribution requirements of plan members and the District Court are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to changes each year based on the results of the valuation for the prior year. The District Court's contributions to the System under Plan A for the years ended June 30, 2020, 2019, and 2018, were \$25,730, \$25,565, and \$30,208, respectively.

**NOTE K – PENSION PLAN (continued)**

**Pension Liabilities, Pension Expense, and Deferred Outflows and Resources and Deferred Inflows of Resources:**

At June 30, 2020, the District Court reported a liability of \$1,587 for its proportionate share of the net pension liability for PERS. The net pension liability was measured as of December 31, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation of that date. The District Court's proportion of the net pension liability was based on a projection of the District Court's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At December 31, 2019, the District Court's proportion for PERS was .033713%, which was a decrease of .006737% from its proportion measured as of December 31, 2018.

For the year ended June 30, 2020, the District Court recognized pension expense of \$27,014 for PERS less employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, (\$2,395).

At June 30, 2020, the District Court reported deferred outflows of resources and deferred inflows of resources related to pensions for PERS from the following sources:

|   | <b>Deferred<br/>Outflows of<br/>Resources</b> | <b>Deferred<br/>Inflows of<br/>Resources</b> |
|---|---|--|
| Differences between expected and actual experience  | \$ -  | \$ (14,207)                                  |
| Changes of assumptions  | 22,165  | -  |
| Net difference between projected and actual earnings on pension plan investments                              | -   | (59,490)                                     |
| Changes in proportion and differences between Employer contributions and proportionate share of contributions | 5,313   | (16,282)                                     |
| Employer contributions subsequent to the measurement date   | 25,730  | -  |
| Total   | \$ 53,208                                     | \$ (89,979)                                  |

The District Court reported a total for PERS of \$25,730 as deferred outflow of resources related to pension contributions made subsequent to the measurement period of June 30, 2019, which will be recognized as a reduction in net pension liability for the year ended June 30, 2021.

| 2024 | (26,783)    |
|      | \$ (62,501) |

**Actuarial Assumptions:**

A summary of actuarial methods and assumptions used in determining the total net pension liability for PERS as of June 30, 2019 is as follows:

|                               |   |
|-------------------------------|---|
| <b>Valuation Date</b>         | December 31, 2019   |

| Projected Salary Increases    | Plan A - 4.75%  |
| Cost of Living Adjustments    | The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increase not yet authorized by the Board of Trustees.   |
| <b>Mortality</b>              | Pub-2010 Public Retirement Plans Mortality Table for Health Retirees multiplies by 130% for males and 125% for females using MP2018 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplies by 130% for males and 125% for females using MP2018 scale. Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females using MP2018 scale for disabled annuitants. |

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the capital asset pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.00% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.18% for the year ended December 31, 2019.

**NOTE K – PENSION PLAN (continued)**

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2019 are summarized in the following table:

| <u>Asset Class</u>                 | <u>Target Asset Allocation</u> | <u>Long-Term<br/>Expected Portfolio<br/>Real Rate of Return</u> |
|------------------------------------|--------------------------------|---|
| Fixed Income                       | 35%                            | 1.05%   |

| Inflation                          |                                | 2.00%   |
| Expected Arithmetic Nominal Return |                                | <u>7.18%</u>  |

**Mortality Rate:**

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2013 through December 31, 2017. The data was assigned credibility weighting and combines with a standard table to produce current levels of mortality. As a result of this study, mortality for employees was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement Plans Mortality Table for Healthy Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. For Disabled annuitants mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females, each with full generational projection using MP2018 scale.

**Discount Rate:**

The discount rate used to measure the total pension liability was 6.50% for Plan A. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate:**

The following presents the net pension liability of the District Court for PERS calculated using the discount rate of 6.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower 5.50% or one percentage point higher 7.50% than the current rate.

**Summarized Pension Liabilities, Pension Expense, and Deferred Outflows and Resources and Deferred Inflows of Resources**

At June 30, 2020, the District Court reported a total liability of \$1,190,043 for its proportionate share of the net pension liability. For the year ended June 30, 2020, the District Court recognized total pension expense of \$180,254, less employer’s amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, (\$112,618).

At June 30, 2020, the District Court reported total deferred outflows of resources and total deferred inflows of resources related to pensions from the following sources:

|   | Deferred<br>Outflows of<br>Resources | Deferred<br>Inflows of<br>Resources |
|---|--------------------------------------|-------------------------------------|
| Differences between expected and actual experience  | \$ 7,298                             | \$ (16,677)                         |

**NOTE L – DEFERRED OUTFLOWS/INFLOWS OF RESOURCES**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources until that time.

**NOTE M – LITIGATION AND CLAIMS**

As of June 30, 2020, there was no litigation pending against the Eighteenth Judicial District Court, nor was the Eighteenth Judicial Court aware of any unasserted claims. No claims were paid out or litigation costs incurred during the year ended June 30, 2020.

The District Court's management believes that any potential lawsuits would be covered by insurance or resolved without any material impact upon the District Court's financial statements.

**NOTE N – RISK MANAGEMENT**

The District Court is exposed to various risk related to torts, thefts of, damage to, and destructions of assets; errors and omission; injuries to employees; and natural disasters.

The District Court has purchased commercial insurance to cover or reduce the risk of loss that might arise should one of these incidents occur. There have been no significant reductions in coverage for the prior year. No settlements were made during the year that exceeded the District Court's coverage.

**NOTE O – OTHER POST-EMPLOYMENT BENEFITS**

The District Court does not provide continuing health care, life insurance or any other post-employment benefits for its retired employees.

**NOTE P – RELATED PARTY TRANSACTIONS**

There were no related party transactions during the fiscal year ended June 30, 2020.

**NOTE Q – TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF)**

As a condition of receiving funds from the Supreme Court Drug Court Office, the Eighteenth Judicial District Court is required to report a schedule of federal TANF revenue and expenditures activity. The activities as of June 30, 2020 are as follows:

|                          |           |
|--------------------------|-----------|

## **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller of the United States, the financial statements of the governmental activities and each major fund of the Eighteenth Judicial District Court, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Eighteenth Judicial District Court's basic financial statements and have issued our report thereon dated October 23, 2020.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Eighteenth Judicial District Court's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompanying schedule of findings as items 2020-001 and 2020-002, that we consider to be material weaknesses.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT  
AUDITING STANDARDS***

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Eighteenth Judicial District Court's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Eighteenth Judicial District Court's Response to Findings

The Eighteenth Judicial District Court's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. The Eighteenth Judicial District Court's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE YEAR ENDED JUNE 30, 2020**

**A. SUMMARY OF AUDITOR'S RESULTS**

*Financial Statements*

Type of auditor's report issued: *unqualified*

Internal control over financial reporting:

- Material weaknesses identified?                      X   yes           no
- Significant deficiencies identified that are  
not considered to be material weaknesses?          yes      X   no
- Noncompliance material to financial  
statements noted?                                           yes      X   no

**B. FINDINGS**

**2020-001 FINANCIAL STATEMENTS**

Condition:

The District Court does not have any employees, nor have they engaged a third party who has the qualifications and training to apply generally accepted accounting principles (GAAP) in recording the entity's financial transactions or preparing its financial statements, including the related notes. This is a repeat finding.

Criteria:

*Government Auditing Standards*, issued by Comptroller General of the United States requires governmental units to have employees or engage a third party who has the qualifications and training to apply GAAP in recording the entity's financial transactions or preparing its financial statements, including the related notes. Management did not engage a third party capable of producing GAAP basis financial statements.

Effect:

The lack of ability to generate GAAP basis financial statements on the part of the District Court resulted in the auditor making several material adjustments to the financial statements.

Recommendation:

No recommendation. The District Court has evaluated the cost vs. benefit of hiring a qualified individual to prepare the necessary financial statements. The decision has been made to continue to allow the audit firm to prepare the statements and management reviews and takes responsibility for the information in the statements.

Management's Response:

Management agrees with the recommendation and will annually evaluate this decision.

SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE YEAR ENDED JUNE 30, 2020

**2020-002 INTERNAL CONTROL**

Condition:

There is a lack of segregation of duties within the District Court's office. This is a repeat finding.

Criteria:

An important element in designing an internal accounting control system that safeguards assets and reasonably ensures the reliability of the accounting records is the concept of segregation of responsibilities.

Effect:

No one person should be assigned duties that would allow that person to commit an error or perpetrate fraud and to conceal the error or fraud. For example, the same person should not be responsible for any two of the following functions: (1) authorization of a transaction, (2) recording of the transaction, or (3) custody of assets involved in the transaction.

Recommendation:

The entity should have a proper segregation of duties.

Management's Response:

Management concurs with this finding. The judges will be more involved in the review and approval process of receipts and disbursements.

**2019-001 FINANCIAL STATEMENTS**

Condition:

The District Court does not have any employees, nor have they engaged a third party who has the qualifications and training to apply generally accepted accounting principles (GAAP) in recording the entity's financial transactions or preparing its financial statements, including the related notes.

Recommendation:

No recommendation. The District Court has evaluated the cost vs. benefit of hiring a qualified individual to prepare the necessary financial statements. The decision has been made to continue to allow the audit firm to prepare the statements and management reviews and takes responsibility for the information in the statements.

Current Status:

This finding still exists in the current year.

**2019-002 INTERNAL CONTROL**

Condition:

There is a lack of segregation of duties within the District Court's office. This is a repeat finding.

Recommendation:

The entity should have a proper segregation of duties.

Current Status:

This finding still exists in the current year.
