## INDEPENDENT ACCOUNTANT'S REVIEW REPORT

Board of Commissioners  
Gravity Sub-Drainage District No. 1 of Gravity  
Drainage District No. 2 of the Parish of St. Mary  
Bayou Vista, Louisiana

### Report on the Financial Statements

We have reviewed the accompanying financial statements of the governmental activities and the major fund of Gravity Sub-Drainage District No. 1 of Gravity Drainage District No. 2 of the Parish of St. Mary (hereinafter "District"), a component unit of the Parish of St. Mary, as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the management of the District. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Accountant's Responsibility*

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA, and the standards applicable to review engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

***Accountant's Conclusion***

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

***Other Matters***

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require a budgetary comparison schedule be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. The budgetary comparison schedule on pages 20 and 21 is the responsibility of management. The schedule was not audited, reviewed, or compiled by us, and we do not express an opinion, a conclusion, nor provide any assurance on it.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Notes to Basic Financial Statements

(1) Summary of Significant Accounting Policies

The Gravity Sub-Drainage District No. 1 of Gravity Drainage District No. 2 (the District), which is a component unit of the Parish of St. Mary, was created by Ordinance No. 623 on July 24, 1957. The purpose of the District is the draining and reclaiming of the undrained or partially drained marsh, swamp, and overflowed lands in the area specified in its creation ordinance.

A. Financial Reporting Entity

This report includes all funds which are controlled by or dependent on the District's executive and legislative branches (the Board of Commissioners). Control by or dependence on the District was determined on the basis of budget adoption, taxing authority, authority to issue debt, election or appointment of governing body, and other general oversight responsibility. The District is a component unit of the Parish of St. Mary.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements report information on all of the activities of the government. For the most part, the effect of interfund activity has been removed from these statements. Both the government-wide and the fund financial statements categorize primary activities as governmental.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Taxes and items not properly included among program revenues are reported as general revenues.

A separate financial statement is provided for the governmental fund.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues in the year for which they are earned.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or as soon enough thereafter to pay liabilities for the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

GRAVITY SUB-DRAINAGE DISTRICT NO. 1 OF  
GRAVITY DRAINAGE DISTRICT NO. 2  
OF THE PARISH OF ST. MARY  
Bayou Vista, Louisiana

Notes to Basic Financial Statements (continued)

Ad valorem taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Ad valorem taxes are recognized as revenues in the year in which such taxes are levied and billed to taxpayers. Other major revenues that are considered susceptible to accrual include earned grant revenues and other intergovernmental revenues, and interest on investments.

The District has the following fund type:

Governmental Fund -

The focus of the governmental fund's measurement (in the fund statement) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental fund of the District:

General Fund-

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

D. Interest-Bearing Deposits

Interest-bearing deposits are stated at cost, which approximates market. The interest-bearing deposits are time deposits, which are fully secured through the pledge of bank-owned securities or the Federal Deposit Insurance Corporation (FDIC) insurance coverages.

E. Receivables

All receivables are shown net of an allowance account, as applicable.

F. Prepaid Items

Insurance payments made to insurance agencies that will benefit periods beyond the current period are recorded as prepaid items.

G. Capital Assets

Assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$1,000 or more for capitalizing assets.

Capital assets are recorded in the Statement of Net Position. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

OF THE PARISH OF ST. MARY  
Bayou Vista, Louisiana

Notes to Basic Financial Statements (continued)

Buildings, pump stations, infrastructure, and improvements	25-40 years
Equipment, pumps, and engines	5-15 years

H. Deferred Inflows of Resources

Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. The District reports deferred inflows arising from unavailable revenues. Unavailable revenue occurs under a modified accrual basis of accounting and is reported only in the governmental funds balance sheet.

I. Equity Classifications

Government-wide Financial Statements

Equity is classified as net position and displayed in three components

- a. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted – All other net position that do not meet the definition of “restricted” or “net investment in capital assets.”

Fund Financial Statements

Fund balance for the District’s governmental fund is displayed in the following classifications depicting the relative strength of the spending constraints placed on the purposes for which resources can be used:

1. Nonspendable - amounts that cannot be spent either because they are in nonspendable form (such as prepaid amounts) or because they are legally or contractually required to be maintained intact.
2. Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
3. Committed - amounts that can be used only for specific purposes determined by a formal action of the government’s highest level of decision-making authority. Commitments may be established, modified, or rescinded only through formal actions by the Board of

GRAVITY SUB-DRAINAGE DISTRICT NO. 1 OF  
GRAVITY DRAINAGE DISTRICT NO. 2  
OF THE PARISH OF ST. MARY  
Bayou Vista, Louisiana

Notes to Basic Financial Statements (continued)

Commissioners.

4. Assigned - amounts the government intends to use for specific purposes that do not meet the criteria to be classified as restricted or committed. Under the District's policy, only the Board of Commissioners may assign amounts for specific purposes.
5. Unassigned - amounts that are available for any purpose.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Commissioners have provided otherwise in its commitment or assignment actions.

J. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions. These estimates affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenditures. Actual results may differ from those estimates.

(2) Cash and Interest-Bearing Deposits

The District may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At September 30, 2021, the District has cash and interest-bearing deposits (book balances) totaling \$565,424 as follows:

Demand deposits	\$ 520,600
Time deposits	<u>44,824</u>
Total	<u>\$ 565,424</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the pledging financial institution. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the financial institution. These securities are held in the name of the pledging financial institution in a holding or custodial bank that is mutually acceptable to both parties. At September 30, 2021, deposit balances (bank balances) totaling \$569,769 are secured as follows:

GRAVITY SUB-DRAINAGE DISTRICT NO. 1 OF  
GRAVITY DRAINAGE DISTRICT NO. 2  
OF THE PARISH OF ST. MARY  
Bayou Vista, Louisiana

Notes to Basic Financial Statements (continued)

Federal deposit insurance	\$ 294,824
Uninsured and collateralized with securities	<u>274,945</u>
Total	<u>\$ 569,769</u>

Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the District's deposits may not be recovered or the District will not be able to recover collateral securities that are in the possession of an outside party. The District does not have a policy to monitor or attempt to reduce exposure to custodial credit risk. Deposits in the amount of \$274,945 were exposed to custodial credit risk. These deposits are uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the District's name.

(3) Ad Valorem Taxes

Ad valorem taxes attach as an enforceable lien on property within the District's taxing area as of January 1 of each year. Taxes are levied by the District in September or October and are actually billed to taxpayers in November or December. Billed taxes become delinquent on January 1 of the following year. The St. Mary Parish Sheriff bills and collects the District's property taxes using the assessed values determined by the tax assessor of St. Mary Parish. District property tax revenues are budgeted in the year billed.

For the year ended September 30, 2021, taxes of 12.63 mills were levied on property with net assessed valuations totaling \$24,750,247. Total ad valorem taxes levied were \$312,595.

For the ended September 30, 2021, receivables related to ad valorem taxes totaled \$32,574. The receivables are related to ad valorem taxes paid under protest not yet released by the St. Mary Parish Sheriff.

GRAVITY DRAINAGE DISTRICT NO. 2  
OF THE PARISH OF ST. MARY  
Bayou Vista, Louisiana

Notes to Basic Financial Statements (continued)

Act 706 of the 2014 Legislative Session amended RS 24:513A requiring additional disclosure of total compensation, reimbursements, benefits, or other payments made to an agency head or chief officer. With the exception of per diem, no other payments which would require disclosure were made to the District's chief officer. The District's chief officer was Wayne Cantrell for the period October 1, 2020 through September 30, 2021 and received \$780 in per diem payments during this period.

(6) Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has elected to purchase insurance coverage through the commercial insurance market to cover its exposure to loss. The District is insured up to policy limits for each of the above risks. There were no significant changes in coverages, retentions, or limits during the year ended September 30, 2021. Settled claims have not exceeded the commercial coverages in any of the previous three fiscal years.

Notes to Budgetary Comparison Schedule

(1) Basis of Accounting

The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts are as originally adopted or as finally amended by the District.

(2) Budgetary Practices

Annually, the District adopts a budget for the General Fund. The budgetary practices include public notice of the proposed budget, public inspection of the proposed budget, and public hearings on the budget. Formal budgetary integration is employed as a management control device during the year. The budget is prepared on the modified accrual basis. All budgetary appropriations lapse at the end of each fiscal year.

## INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Board of Commissioners

Gravity Sub-Drainage District No. 1 of Gravity Drainage District No. 2 of the Parish of St. Mary, and  
Louisiana Legislative Auditor

We have performed the procedures enumerated below on the compliance of Gravity Sub-Drainage District No. 1 of Gravity Drainage District No. 2 of the Parish of St. Mary (hereinafter "District") with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire (Exhibit A) during the year ended September 30, 2021, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. The District's management is responsible for its financial records and compliance with applicable laws and regulations.

The District has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is performing specified procedures on the District's compliance with the laws and regulations contained in the accompanying Louisiana Attestation Questionnaire (Exhibit A) and reporting on exceptions based upon the procedures performed. Additionally, the Louisiana Legislative Auditor (LLA) has agreed to and acknowledged that the procedures performed are appropriate to meet their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated exceptions, if any, are as follows:

### Public Bid Law

1. Obtain documentation for all expenditures made during the year for materials and supplies exceeding \$30,000, and public works exceeding \$250,000 and determine whether such purchases were made in accordance with R.S. 38:2211-2296 (the public bid law).

*No expenditures for materials and supplies were made during the year that exceeded \$30,000, nor were there any expenditures for public works made during the year that exceeded \$250,000.*

### **Code of Ethics for Public Officials and Public Employees**

2. Obtain a list of the immediate family members of each board member as defined by R.S. 42:1101-1124 (the ethics law).

*A list of the immediate family members of 4 (four) of the 5 (five) board members was provided.*

3. Obtain a list of all employees paid during the fiscal year.

*Management provided us with the required list.*

4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.

*None of the employees included on the list of employees provided by management [agreed upon procedure (3)] appeared on the list provided by management in agreed-upon procedures (2).*

5. Obtain a list of all disbursements made during the year; and a list of outside business interests of board members, employees, and board members' and employees' immediate families. Report whether any vendors appear on both lists.

*Management provided the requested information. None of the businesses of board members, employees, and board members' and employees' immediate families appeared as vendors on the list of disbursements.*

### **Budgeting**

6. Obtain a copy of the legally adopted budget and all amendments.

*Management provided us with a copy of the original budget and related amendments.*

7. Trace the budget adoption and approval of any amendments to the minute book, and report whether there were any exceptions.

*Adoption of budget and all amendments traced to action by Board of Commissioners in the minute book.*

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more.

*Actual revenues did not fail to meet budgeted amounts by 5% or more and actual expenditures did not exceed budgeted amounts by 5% or more.*

### **Accounting and Reporting**

9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements, and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:

- a) Report whether the six disbursements agree to the amount and the payee in the supporting documentation.

*We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.*

- (b) Report whether the six disbursements were coded to the correct fund and general ledger account.

*We traced the selected disbursements to their respective general ledger postings and determined that all were properly coded to the correct fund and general ledger account.*

- (c) Report whether the six disbursements were approved in accordance with management's policies and procedures.

*We inspected the disbursement for the proper approval and determined that the District had properly approved all disbursements in accordance with their policies and procedures.*

## Meetings

10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.

*Management represented that the District is only required to post a notice of each meeting and the accompanying agenda on the door of the building in which meetings are held. Although management has asserted that such documents were properly posted, no evidence was provided to support management's assertion other than an unmarked copy of the notices and agendas.*

## Debt

11. Obtain bank deposit slips for the fiscal year and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions

*We obtained and inspected copies of all bank deposit slips for the year ended September 30, 2021 and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.*

## Advances and Bonuses

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

*We inspected payroll records and meeting minutes for the year and noted no instances which would indicate payments to employees, or approvals of same, that may constitute bonuses, advances, or gifts.*

## State Audit Law

13. Report whether the agency provided for a timely report in accordance with R.S. 24:513.

*The District provided for a timely report in accordance with R.S. 24:513.*

14. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

*The District did not enter into any contracts utilizing state funds as defined in R.S. 39:72.1 A. (2) during the current fiscal year that were subject to public bid law (R.S. 38:2211, et seq.), while not complying with R.S. 24:513 (the audit law).*

## Prior Comments and Recommendations

15. Obtain and report management's representation as to whether any prior-year suggestions, exceptions, recommendations, and/or comments have been resolved

*Our prior year report, dated March 9, 2021, did not include any comments or unresolved matters with regard to the foregoing agreed upon procedures.*

We were engaged by the District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the District's compliance with the foregoing matters. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on the District's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

Schedule of Findings  
Year Ended September 30, 2021

Findings reported in accordance with *Government Auditing Standards*

A. Internal Control

2021-001 - Inadequate Segregation of Duties

Year Initially Occurring: Unknown.

CONDITION: Accounting and financial functions are not adequately segregated.

CRITERIA: *Internal control* is a process – effected by those charged with governance, management, and any other personnel – designed to provide reasonable assurance about the achievement of objectives with regard to reliability of financial reporting, effectiveness, efficiency of operations, and compliance with applicable laws and regulations. The District’s internal control over financial reporting includes those policies and procedures that pertain to its ability to record, process, summarize, and report financial data consistent with the assertions embodied in either annual financial statements or interim financial statements, or both.

CAUSE: The cause of the conditions is the result of a failure to design and implement policies and procedures necessary to achieve adequate internal control.

EFFECT: Failure to adequately segregate accounting and financial functions increases the risk that errors and/or irregularities including fraud and/or defalcations may occur and not be prevented and/or detected.

RECOMMENDATION: Due to the size of the operation and the cost-benefit of additional personnel, it may not be feasible to achieve complete segregation of duties for the District.

B. Compliance
