#### **Independent Auditor's Report**

To the Chief Judge and Judges of the Twenty-Second Judicial District Court Washington, St. Tammany Parishes, Louisiana

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and each major fund of the Twenty-Second Judicial District Court (the Court), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Court's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Twenty-Second Judicial District Court as of December 31, 2020, and the respective changes in financial position for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information beginning on page 21 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Court's basic financial statements. The schedules of compensation, benefits, and other payments to agency heads, justice system funding schedules, schedule of FINS assistance program funds, and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedules of compensation, benefits, and other payments to agency heads, justice system funding schedules, schedule of FINS assistance program funds, and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the schedules of compensation, benefits, and other payments to agency heads, justice system funding schedules, schedule of FINS assistance program funds, and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2021 on our consideration of the Twenty-Second Judicial District Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Twenty-Second Judicial District Court's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Court's internal control over financial reporting and compliance.

A Professional Accounting Corporation

Covington, LA June 21, 2021

# TWENTY-SECOND JUDICIAL DISTRICT COURT WASHINGTON, ST. TAMMANY PARISHES, LOUISIANA Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended December 31, 2020

Amounts reported for governmental activities in the statement of activities are different because:		
Net Change in Fund Balances - Total Governmental Funds	\$	127,583
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		11,204
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:		
Change in Compensated Absences	····	(3,655)
Change in Net Position of Governmental Activities	\$	135,132

#### **Notes to Financial Statements**

#### Note 1. Summary of Significant Accounting Policies

#### **Reporting Entity**

The basic financial statements of the Twenty-Second Judicial District Court (the Court) include the Judicial Expense General Fund, the Non-Support Special Revenue Fund, and the Specialty Courts Special Revenue Fund. The Criminal Court Fund is included in the basic financial statements of St. Tammany Parish (the Parish) because the Parish is responsible for any deficiency in the fund.

#### Basis of Presentation

The accompanying basic financial statements of the Court have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles.

#### Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Court. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by the program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds.

#### Fund Financial Statements

The Court uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain court functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts. The various funds of the Court are classified as governmental. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Court or the total assets, liabilities, revenues, or expenditures of the individual governmental fund is at least ten (10) percent of the corresponding total for all governmental funds.

#### **Notes to Financial Statements**

#### Note 1. Summary of Significant Accounting Policies (Continued)

#### Fund Financial Statements (Continued)

The Court reports the following major governmental funds:

#### Judicial Expense Fund

The Judicial Expense Fund of the Court was established under the provisions of Louisiana Legislative Act 553 (the Act) in 1980. The Act specifies that the clerks of courts and the sheriffs of the Parishes of St. Tammany and Washington shall collect a fee, limited by law as to the amount, for each civil suit and criminal case filed within the Court's jurisdiction. The clerks of courts and the sheriffs of the Parishes of St. Tammany and Washington shall place all sums collected or received under this Act in a separate account, to be designated as the Judicial Expense Fund for the Court, in depositories to be designated by the Judges of the Court, en banc. The Judges, en banc, shall have control over the fund and all disbursements made thereafter.

The Judicial Expense Fund is considered the Court's general fund and was established and may be used for any purpose or purposes connected with, incidental to, or related to the proper administration or function of the Court or the offices of the individual Judges and is in addition to any and all other funds, salaries, expenses, or other monies that are now or hereafter provided, authorized, or established by law for any of the aforementioned purposes. No salary shall be paid from the Judicial Expense Fund to any of the Judges of the Twenty-Second Judicial District Court, except as may be paid for administering the said funds, and then only after prior legislative approval.

#### Non-Support Fund

The Non-Support Fund of the Court was established under the provisions of Louisiana Revised Statute 46:236.5, effective January 1, 1989. Under this statute, the Court has implemented an expedited process for the establishment, modification, and enforcement of support obligations by authorizing and directing the Judge presiding over the Family Section (Child Support) of the Court to appoint one or more Hearing Officers, who shall serve at his pleasure, to hear support and support-related matters.

The fund is authorized to assess a fee of five (5) percent on all support obligations made executory on or after January 1, 1989, as a result of a hearing on a rule to enforce support.

#### **Specialty Courts Fund**

The Specialty Courts Fund was established in 1999. The Specialty Courts program is designed to be a treatment program for nonviolent offenders of illegal drug possession. The Specialty Courts program provides counseling to participants; however, the participants agree to random drug testing to monitor their use of illegal drugs.

#### **Notes to Financial Statements**

#### Note 1. Summary of Significant Accounting Policies (Continued)

#### Measurement Focus/Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as soon as all eligibility requirements imposed by the provider have been met.

The amounts reflected in the governmental fund financial statements are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to the government-wide financial statements.

The amounts reflected in the governmental fund financial statements use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined, and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Court considers all revenues available if they are collected within 60 days after the fiscal year-end. Expenditures are recorded when the related fund liability is incurred.

#### **Budget Policies**

The Court has adopted annual budgets for its Judicial Expense Fund, Non-Support Fund, and Specialty Courts Fund on a basis consistent with generally accepted accounting principles for all governmental funds. The budgetary practices include notice of the proposed budget, public inspection of the proposed budget, and public hearings on the budget prior to adoption. Any amendment involving increases in expenditures must be approved by the Court. Budgeted amounts in the accompanying financial statements include all amendments. The Court does not use encumbrance accounting. At the end of the fiscal year, unexpended appropriations of these funds automatically lapse.

#### Cash and Cash Equivalents and Investments

Cash includes all amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the Court may deposit funds in demand deposits, interest-bearing deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana. At December 31, 2020, the Court did not have any investments.

#### **Notes to Financial Statements**

#### Note 1. Summary of Significant Accounting Policies (Continued)

#### Cash and Cash Equivalents and Investments (Continued)

The Court may invest in United States bonds, treasury notes, repurchase agreements, or certificates and time deposits of state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

#### Capital Assets

All capital assets of the Court are recorded at historical cost and are reported on the government-wide financial statements. Depreciation of all exhaustible capital assets is charged to expense and reported on the statement of activities. In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental funds upon acquisition.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Improvements are capitalized over the remaining useful lives of the related capital assets, as applicable. It is the Court's policy to capitalize fixed assets over \$1,000. The following estimated useful lives and methods are used to compute depreciation:

Furniture, Fixtures, and Equipment 3 - 10 Years Straight-Line Improvements and Renovations 20 Years Straight-Line

Depreciation expense amounted to \$33,507 for the year ended December 31, 2020.

#### Compensated Absences

The Judges of the Court establish vacation policies for their respective employees. All other employees generally earn vacation according to the following length of employment:

One Year of Employment - One Week Vacation
Two Years of Employment - Two Weeks Vacation
Ten Years of Employment - Four Weeks Vacation
Ton Years of Employment - Four Weeks Vacation

The Court allows full-time administrative personnel to carry over up to five days of their unused vacation time. Employees are allocated ten days of sick leave each year and are allowed to carry forward unused sick leave days. Upon termination, unused vacation time is paid to all employees in good standing with the Court, but any remaining sick leave is forfeited. At December 31, 2020, the Court had accrued compensated absences payable of \$60,659, which has been reported on the statement of net position.

#### **Notes to Financial Statements**

#### Note 1. Summary of Significant Accounting Policies (Continued)

#### **Equity Classifications**

Government-wide net position is divided into three components:

- 1. Net Investment in Capital Assets Consists of the historical cost of capital assets, including any restricted capital assets, net of accumulated depreciation.
- Restricted Consists of assets that have constraints that are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.
- 3. Unrestricted All other net position is reported in this category.

In the governmental fund financial statements, fund balances are classified as follows:

- Restricted Fund Balance Consists of amounts that can be spent only for specific purposes because of state or federal laws or externally imposed conditions by grantors, creditors, or citizens.
- 2. Unassigned Fund Balance Consists of all other amounts not included in spendable classifications.

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the Court's policy is to apply restricted net position first.

The Court considers restricted fund balances to be spent for governmental expenditures first when both restricted and unrestricted resources are available.

#### **Interfund Transactions**

Permanent re-allocation of resources between funds of the reporting entity is classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between individual governmental funds have been eliminated.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

#### **Notes to Financial Statements**

#### Note 1. Summary of Significant Accounting Policies (Continued)

#### **Adoption of New Accounting Standard**

The Governmental Accounting Standards Board (GASB) has issued Statement No. 84, *Fiduciary Activities*. The objective of GASB 84 is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and to improve how the activities should be reported. For the year ended December 31, 2020, the Court has adopted and implemented GASB Statement No. 84. The adoption of this standard had no impact on the financial statements of the Court.

#### Recently Issued Accounting Pronouncements

The GASB issued Statement No. 87, Leases. The objective of GASB 87 is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. In May 2020, the GASB issued Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance, postponing the effective date of GASB 87 to reporting periods beginning after June 15, 2021.

The GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITA) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter.

#### Note 2. Cash and Cash Equivalents

The following is a summary of cash and cash equivalents (book balances) at December 31, 2020:

**Demand Deposits** 

\$ 3,186,253

These deposits are stated at cost, which approximates market.

#### **Custodial Credit Risk**

Custodial credit risk is the risk that, in the event of a bank failure, the Court's deposits may not be recovered. The Court does not have a deposit policy for custodial credit risk. As of December 31, 2020, \$3,156,193 of the Court's total bank balance of \$3,406,193 was exposed to custodial credit risk. However, these deposits are secured from risk by the pledge of securities owned by the fiscal agent bank.

#### **Notes to Financial Statements**

#### Note 2. Cash and Cash Equivalents (Continued)

#### **Custodial Credit Risk (Continued)**

Under state law, deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. The custodial bank must advertise and sell the pledged securities within 10 days of being notified that the fiscal agent bank has failed to pay deposited funds upon demand.

#### Note 3. Receivables

The receivables at December 31, 2020 considered to be fully collectable are summarized below:

Class of Receivable	_	Judicial Expense Fund		n-Support Fund	pecialty urts Fund	Total		
Accounts Receivable Intergovernmental	\$	221,124	\$	-	\$ -	\$	221,124	
Grants		19,179		-	264,082		283,261	
Court Costs and Fees		38,112		44,105	-		82,217	
Total	\$	278,415	\$	44,105	\$ 264,082	\$	586,602	

#### Notes to Financial Statements

#### Note 4. Capital Assets

Capital asset activity for the year ended December 31, 2020 was as follows:

	Beginning Balance Increases		Decreases		Ending Balance	
Capital Assets Being Depreciated						
Computer Equipment	\$	206,345	\$ 34,582	\$	(7,006)	\$ 233,921
Office Equipment		128,027	-		-	128,027
Furniture and Fixtures		52,123	11,851		(4,482)	59,492
Renovations		60,289	 _		_	 60,289
Total Capital Assets						
Being Depreciated		446,784	46,433		(11,488)	481,729
Less Accumulated Depreciation for:						
Computer Equipment		(173,149)	(16,571)		5,283	(184,437)
Office Equipment		(106,848)	(12,644)		_	(119,492)
Furniture and Fixtures		(50,252)	(1,278)		4,483	(47,047)
Renovations		(51,241)	(3,014)		-	 (54,255)
Total Accumulated Depreciation		(381,490)	(33,507)		9,766	(405,231)
Capital Assets, Net	\$	65,294	\$ 12,926	\$	(1,722)	\$ 76,498

#### Note 5. Restricted Fund Balances/Net Position

The balance of the restricted fund balance/net position accounts of the Court as of December 31, 2020 was as follows:

Restricted for Specialty Courts Fund	\$ 6,770
Total Restricted Fund Balances/Net Position	\$ 6,770

#### **Notes to Financial Statements**

#### Note 6. Operating Leases

The Court leases office space and equipment under non-cancelable operating leases. Total costs for such leases were \$52,590 for the year ended December 31, 2020.

The future minimum lease payments for these leases are as follows:

Year Ending December 31,	Amount
2021	\$ 25,500
Total	\$ 25,500

#### Note 7. Pension Plans

The employees of the Court participate in the Parochial Employees' Retirement System of Louisiana (the Plan). The Plan is a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. Contributions to the Plan are made by St. Tammany Parish and the Washington Parish Police Jury. The Court reimburses the Parish and the Police Jury for amounts in excess of what they are required to pay.

#### Note 8. Commitments

As authorized by Louisiana Revised Statute 46:236.5, and as ordered by the Judges of the Court, the Court pays the Twenty-Second Judicial District Court Public Defender's Office \$6,500 per month. These payments shall continue until modified by the Judges of the Court.

#### Note 9. Risk Management

The Court is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Court has obtained liability insurance for the Judges and Hearing Officers and other supporting staff, as well as for employee dishonesty. Losses associated with the destruction of or damage to assets are covered through St. Tammany Parish.

#### **Notes to Financial Statements**

#### Note 10. Interfund Accounts and Transfers

The primary purpose of interfund receivables/payables is to loan monies between funds to cover current expenditures. Individual balances due from/to other funds as of December 31, 2020 were as follows:

	D	ue From	1	Due To	
Judicial Expense Fund					
Non-Support Fund	\$	163,006	\$	-	
Specialty Courts Fund		173,974		29,655	
Non-Support Fund					
Judicial Expense Fund		-		163,006	
Specialty Courts Fund					
Judicial Expense Fund		29,655		173,974	
Total All Funds	\$	366,635	\$	366,635	

#### Note 11. Risks and Uncertainties

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern", and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had, and are expected to continue to have, an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Court operates. It is unknown how long these conditions will last and what the complete financial effect will be to the Court.

#### Note 12. Excess Expenditures Over Appropriations

During the year ended December 31, 2020, the Judicial Expense Fund's actual expenditures of \$960,747 exceeded the budgeted expenditures of \$926,052 resulting in an unfavorable variance of \$34.695.

### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

To the Chief Judge and Judges of the Twenty-Second Judicial District Court Washington, St. Tammany Parishes, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Twenty-Second Judicial District Court (the Court), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Court's basic financial statements, and have issued our report thereon dated June 21, 2021.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Court's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the Court's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Court's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Court's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Court's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

#### REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE

#### Independent Auditor's Report

To the Chief Judge and Judges of the Twenty-Second Judicial District Court Washington, St. Tammany Parishes, Louisiana

#### Report on Compliance for Each Major Federal Program

We have audited the Twenty-Second Judicial District Court's (the Court) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Court's major federal programs for the year ended December 31, 2020. The Court's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Court's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administration Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Court's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Court's compliance.

#### Opinion on Each Major Federal Program

In our opinion, the Court complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

#### Report on Internal Control Over Compliance

Management of the Court is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Court's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Court's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### TWENTY-SECOND JUDICIAL DISTRICT COURT WASHINGTON, ST. TAMMANY PARISHES, LOUISIANA

Notes to Schedule of Expenditures of Federal Awards For the Year Ended December 31, 2020

#### Note 1. General

The accompanying schedule of expenditures of federal awards presents the activity of all federal financial assistance programs of the Twenty-Second Judicial District Court (the Court). The Court's reporting entity is defined in Note 1 to the basic financial statements for the year ended December 31, 2020. All federal financial assistance received directly from federal agencies is included on the schedule, as well as federal assistance passed through other government agencies.

#### Note 2. Basis of Accounting

The accompanying schedule of expenditures of federal awards is presented using the modified accrual basis of accounting which is described in Note 1 to the Court's basic financial statements for the year ended December 31, 2020.

#### Note 3. De Minimis Cost Rate

The Court has not elected to use the 10% de minimis indirect cost rate as provided for in Section 200.414 of the Uniform Guidance.
