INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Management of
University of Louisiana Monroe Facilities, Inc.
Monroe, Louisiana

Opinion

We have audited the accompanying financial statements of University of Louisiana Monroe Facilities, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2024 and 2023, the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of University of Louisiana Monroe Facilities, Inc. as of June 30, 2024 and 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of University of Louisiana Monroe Facilities, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University of Louisiana Monroe Facilities, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of University of Louisiana Monroe Facilities, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University of Louisiana Monroe Facilities, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplementary Information

Our audits were conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying schedules, the Schedule of Compensation, Benefits, and Other Payments to Agency Head or Chief Executive Officer on page 40, as required by the Louisiana Legislative Auditor, and the Schedule of Revenues, Expenses, and Capitalized Expenditures Made to or on Behalf of ULM's Intercollegiate Athletics Program on page 41, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 6, 2024, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

NOTES TO THE BASIC FINANCIAL STATEMENTS

UNIVERSITY OF LOUISIANA MONROE FACILITIES, INC.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE YEARS ENDED JUNE 30, 2024 AND 2023

NOTE 1 - ORGANIZATION

University of Louisiana Monroe Facilities, Inc. (the Organization), a nonprofit corporation, was organized under the laws of the State of Louisiana on February 27, 2004. The Organization was formed for the benefit of the University of Louisiana at Monroe (ULM), and its principal purpose is to coordinate, construct, and finance the development of facilities on the campus of ULM and to oversee the management of such facilities. Certain operations are regulated by the Board of Supervisors for the University of Louisiana System (the Board), the Louisiana Local Government Environmental Facilities and Community Development Authority (the Authority), and Regions Bank (the Trustee) through the provisions of ground and building lease agreements, facilities lease agreements, loan and assignment agreements, and trust indentures, including amendments and supplements, as applicable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The financial statements of the Organization are prepared on the accrual basis of accounting and in accordance with U.S. generally accepted accounting principles (GAAP), whereby revenues are recognized when earned and expenses are recognized when the related liabilities are incurred.

Basis of Presentation

In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, the Organization is required to report information regarding its financial position and activities according to two classes of net assets (net assets without donor restrictions and net assets with donor restrictions). Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Net assets of the Organization are classified based on the presence or absence of donor-imposed restrictions. Net assets are comprised of two groups as follows:

Net Assets Without Donor Restrictions - Amounts that are not subject to usage restrictions based on donor-imposed requirements. This class also includes assets previously restricted where restrictions have expired or been met.

Net Assets With Donor Restrictions - Assets subject to usage limitations based on donor-imposed or grantor restrictions. These restrictions may be temporary or may be based on a particular use. Restrictions may be met by the passage of time or by actions of the Organization. Certain restrictions may need to be maintained in perpetuity.

UNIVERSITY OF LOUISIANA MONROE FACILITIES, INC.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE YEARS ENDED JUNE 30, 2024 AND 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Presentation (continued)

Earnings related to restricted net assets will be included in net assets without donor restrictions unless otherwise specifically required to be included in donor-restricted net assets by the donor or by applicable state law.

All net assets of the Organization at June 30, 2024, were considered to be net assets without donor restrictions.

Contributions

In accordance with FASB ASC 958-205, *Not-for-Profit Entities – Revenue Recognition*, contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending upon the existence of donor-imposed restrictions. The Organization has elected to recognize restricted contributions which are released from the restriction in the same year as unrestricted contributions.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the Organization considers all cash and all highly liquid debt instruments purchases with a maturity of three months or less to be cash and cash equivalents.

Liquidity and Availability of Resources

The Organization's financial assets available within one year of the Statement of Financial Position date for general expenditures are as follows:

	2024
Cash and cash equivalents	\$ 5,089,116
Accounts receivable, net of allowance for doubtful accounts	109,927
Due from ULM – Student rent collections	<u>403,538</u>
Total	<u>\$ 5,602,581</u>

UNIVERSITY OF LOUISIANA MONROE FACILITIES, INC.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE YEARS ENDED JUNE 30, 2024 AND 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Liquidity and Availability of Resources (continued)

The Organization has a policy to structure its financial assets as its general expenditures, liabilities, and other obligations become due. None of the financial assets are subject to donor or other contractual restrictions. Accordingly, all such funds are available to meet the cash needs of the Organization in the next 12 months. In addition, the Organization may maintain funds in a reserve for replacement. These funds are used for the benefit of the students and/or the Organization. Such funds are not considered by the Organization to have donor restrictions.

Fair Value Measurements

Investments are reported at fair value in the Organization's financial statements. Fair value represents the price that would be received upon sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants as of the measurement date. GAAP establishes a fair value hierarchy that prioritizes inputs used to measure fair value into levels:

Level 1 – quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.

Level 2 – observable prices that are based on inputs not quoted in active markets but corroborated by market data.

Level 3 – unobservable inputs are used when little or no market is available.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In determining fair value, the Organization utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. See Note 4 for further illustration.

Accounts Receivable

Accounts receivable are stated at unpaid balances less an allowance for doubtful accounts. Accounts receivable consist of the amount due from students for housing rental and the amount due on the Laundry Room lease. At June 30, 2024 and 2023, the accounts receivable for student rents totaled \$109,565 and \$139,726, respectively, and the amount due under the Laundry Room lease agreement totaled \$11,122 and \$6,299, respectively. The allowance for doubtful accounts totaled \$12,235 and \$12,377 at June 30, 2024 and 2023, respectively. The allowance for doubtful accounts for student rent receivables is estimated by applying a historical percentage to the rents receivable due from former students. The receivables due from student rents are considered to be past due when they are still owed as of the 14th class day of each semester. These receivables are deemed uncollectible once the student is no longer enrolled at ULM and are charged off if there is no activity for a three-year period from the date they are deemed uncollectible.

UNIVERSITY OF LOUISIANA MONROE FACILITIES, INC.

NOTES TO THE BASIC FINANCIAL STATEMENTS

FOR THE YEARS ENDED JUNE 30, 2024 AND 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property, Equipment, and Depreciation

Project costs clearly associated with the acquisition, development, and construction/renovation of buildings, structures, and site improvements are capitalized. Indirect project costs that relate to several projects are capitalized and allocated to the projects to which the costs relate. Indirect costs that do not clearly relate to projects under development or construction, including general and administrative expenses, are charged to expense as incurred. Interest related to the development and construction of a project is allocated to the project's cost through the date of substantial completion of the project. Furniture, fixtures, equipment, and site improvements are recorded at acquisition cost. Donations of property and equipment are recorded as contributions at their estimated fair value. The Organization capitalizes additions of property and equipment in excess of \$1,000 at cost or fair value if donated. Depreciation is provided for in amounts sufficient to the related cost or fair value of depreciable assets to operations computed on a straight-line basis over the useful lives of the assets using the following estimated lives:

Buildings and renovations	19-39 years
Furniture, fixtures, and equipment	5-7 years
Site improvements	4-20 years
Campus parking	14 years

Improvements that materially prolong the useful lives of assets are capitalized, while expenditures for normal maintenance and repairs are charged to expense as incurred. Upon disposal of depreciable property, the appropriate property accounts are reduced by the related costs and accumulated depreciation. The resulting gains and losses are reflected in the Statements of Activities.

Debt Issuance Costs

Debt issuance costs are being amortized over the lives of the debt using the effective interest method. Debt issuance costs are reported net of accumulated amortization of \$794,949 and \$668,546 as of June 30, 2024 and 2023, respectively, and are reported as a direct reduction of the obligation to which such costs relate. Amortization of debt issuance costs is reported as a component of interest expense.

Student Rent Income

Student rent income is derived primarily from student rentals of the housing facilities and is recognized as rentals become due. Rental payments received in advance are deferred until earned. All leases for student housing are operating leases and do not exceed 12 months in duration.

Student Fees

Student fees consist of a portion of the Student Health Center Fees, Student Union Fees, Student Success Center Fees, Athletic Facility Fees, Student Activity Enhancement Fees, Vehicle Fees, and Brown Stadium Student Support Fees, which are charges, as applicable, to the students at the time of enrollment in ULM. The Organization records student fees in income at the time such fees are received by the Organization. The student fees received from ULM are considered to be "rents" in accordance with the terms of each Agreement to Lease with Option to Purchase as described in Note 8 - Ground and Facilities Leases and Agreement.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Advertising Costs

Advertising and marketing costs are expensed as incurred.

Functional Allocation of Expenses

The costs of the Organization have been summarized on a functional basis in the Statements of Functional Expenses. Accordingly, certain costs have been allocated among program services and support services benefitted. Such allocations are determined by management on an equitable basis. The expenses that are allocated include the following:

<u>Expense</u>	<u>Method of Allocation</u>
Professional services	Time and effort

Income Taxes

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. During the year ended June 30, 2010, the Organization adopted certain provisions of FASB ASC 740, *Income Taxes*. The Organization believes that it has appropriate support for any tax positions taken and, as such, does not have any uncertain tax positions that are material to the financial statements. The Organization's Federal Return of Organization Exempt from Income Tax (Form 990) for the years ended June 30, 2024, 2023, and 2022, are subject to examination by the IRS, generally for three years after they were filed.

NOTE 3 - RESTRICTED ASSETS - CASH AND CASH EQUIVALENTS

The Louisiana Local Government Environmental Facilities and Community Development Authority (the Authority) has had several bond issues, the proceeds of which have been loaned to the Organization. The provisions of the various trust indentures and loan and assignment agreements between the Organization and the Authority require the Organization to establish various trust funds with the Trustee which are restricted in use for, amount other things, debt service, capital projects, renovations, and operations. The trust funds are included in cash and cash equivalents in the statements of financial position.

Replacement Funds

NOTE 7 - CONCENTRATIONS OF CREDIT RISK

The Organization has demand deposits held in trust, as well as separately from the trust, by the Trustee. The Organization also has short-term investments (cash equivalents) in various funds containing U.S. Treasury securities, which are held in trust by the Trustee. The short-term investments, totaling \$993,705 [at fair value (Level 1 inputs - quoted prices in active markets for identical assets) and at cost], are collateralized by U.S. Treasury securities and are uninsured and, thus, are exposed to credit risk. The demand deposits, in total, are insured by the Federal Deposit Insurance Corporation in an amount up to \$250,000 per financial institution. The Organization had uninsured deposit balances totaling \$2,377,153 at June 30, 2024. The Organization maintains its cash with a high quality financial institution which the Organization believes limits these risks.

Although the Organization does not require collateral to support financial instruments subject to credit risk, they obtain pledged securities from the Trustee in an effort to mitigate this risk. As of June 30, 2024, pledged securities amounted to \$8,538,683, which provides adequate coverage to mitigate the exposure of the uninsured deposits. The Organization has concentrations of credit risk relevant to its receivables for student rents and the Laundry Room Lease.

NOTE 8 – GROUND AND FACILITIES LEASES AND AGREEMENTS (continued)

Facilities Lease Agreements

As discussed above, each Facilities Lease Agreement between the Organization and the Board contains a base rental and an additional rental. The base rental amount is equal to the amount necessary to pay the principal and interest due on each loan as such principal and interest are payable. The additional rental is to be received for expenses incurred by the Organization on behalf of the Board and/or by the Board or ULM in the management, operation, and/or maintenance of the lease facilities. Due to the contingent nature of the additional rental, the future minimum rentals under the facilities leases (operating leases) as of June 30, 2024, are reported utilizing the base rental and, therefore, are equivalent to the aggregate maturities of long-term debt as indicated in Note 6 to the financial statements.

Ouachita Parish Police Jury Cooperative Endeavor Agreement

On March 11, 2021, the United States Congress enacted Public Law No. 117-2, known as the American Rescue Plan Act of 2021 (ARPA), which, in part, provides funding for states and localities to address the economic and health consequences of the COVID-19 pandemic. The funds were disbursed to states and local governments, including the State of Louisiana and the Police Jury. 31 C.F.R. 35.6 authorizes recipients of these funds to make investments in certain projects and programs.

On February 22, 2024, the Police Jury and the Organization entered into a Cooperative Endeavor Agreement in an effort to establish a contractual relationship for the purpose of funding the Organization's projects, so that the Police Jury may disburse funds and monitor the use of said funds. The Organization's projects shall yield benefits to the public through improvements to the facilities and infrastructure.

Softball Complex Public Access Improvements

Ground and Facilities Lease Agreement

The project will include installing additional outfield seating, an outfield student section, and new entryways into the complex to increase capacity, access, and safety at the complex. This will also include new hard pavement to access the new seating areas. The Organization anticipates total funding available for the project will be approximately \$237,950. This will include construction, design, testing/surveying, and contingency funding. ULM will not incur any debt as a result of the project. The University's land/property will not be used as security for the project. The project will be funded by a grant provided by the Ouachita Parish Police Jury through their American Rescue Plan Act (ARPA) program. The Grounds and Facilities Lease Agreement will expire when a substantial completion document is signed and all construction is completed. Upon the completion of the work, all improvements will be donated to the University.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors and Management
University of Louisiana Monroe Facilities, Inc.
Monroe, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of University of Louisiana Monroe Facilities, Inc., which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, functional expense, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 6, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
