Board of Commissioners

### **Report on the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the Twin Parish Port District of Delcambre, Louisiana, as of and for the years ended December 31, 2024 and 2023, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Twin Parish Port District of Delcambre, Louisiana, as of and for the years ended December 31, 2024 and 2023, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Twin Parish Port District of Delcambre, Louisiana, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Management has omitted a management's discussion and analysis that accounting principles generally accepted in the United States require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of compensation, benefits and

other payments to agency head, are presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of compensation, benefits and other payments to agency head is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued a report dated March 12, 2025 on our consideration of the District's internal control structure over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. The report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audits.

TWIN PARISH PORT DISTRICT  
Delcambre, Louisiana

Notes to Financial Statements

NOTE 1 NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Twin Parish Port District (District) is centrally divided between Iberia and Vermilion Parish and includes Vermilion bay. The District has a separate appointed board and provides services to residents within its geographic boundaries. The accounting and reporting policies of the District have been prepared in conformity with generally accepted accounting principles as applied to governmental units. Such accounting and reporting procedures also conform to the guides set forth in the industry audit guide, *Audits of State and Local Governmental Units* and the *Louisiana Governmental Audit Guide*. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing accounting and financial reporting principles. The more significant of the District's accounting policies are described below:

Financial Reporting Entity

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the District. There are no component units of the District.

Fund Accounting

The accounts of the District are organized and operated on a fund basis whereby a separate self-balancing set of accounts that comprise its assets, liabilities, net assets, revenues and expenses is maintained for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or regulations. The District is presented in the accompanying financial statements as follows:

PROPRIETARY FUND –

The focus of Enterprise fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The Enterprise fund is accounted for using the accrual basis of accounting whereby revenues are recognized when they are earned and expenses are recognized when incurred. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

The principal operating revenues of the District are leases and rents. The operating cost of the enterprise fund is all costs associated with the operation of the District. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Net Position

Equity is classified as net position and displayed in three components:

- a. Net Invested in capital assets – Consists of capital assets including restricted capital assets net of accumulated depreciation and reduced by the outstanding balance of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

TWIN PARISH PORT DISTRICT  
Delcambre, Louisiana

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- b. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

The District used restricted assets only when unrestricted assets are fully depleted.

Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounts refers to “when” transactions are recorded regardless of the measurement focus applied.

The Enterprise fund utilized an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

Cash and Interest-Bearing Deposits

Cash represents non interest-bearing demand deposits.

Interest-bearing deposits include interest-bearing demand deposits and short-term time deposits. These interest-bearing deposits are stated at cost which approximates market.

Under state law, the District may deposit funds with a fiscal bank organized under the laws of the State of Louisiana, the laws of any other state in the union or the laws of the United States. Further, the District may invest in time deposits or certificates-of-deposit of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

For the purpose of the statement of cash flows, the District considers only interest-bearing deposits with an initial maturity date of 90 days or less and all non-interest-bearing demand deposits to be cash and cash equivalents.

Fixed Assets

Fixed assets used in the proprietary fund type operations are valued at historical costs. Depreciation of all exhaustible fixed assets used by the proprietary fund type operations is charged as an expense against operations. Fixed assets on the balance sheet are net of accumulated depreciation. Depreciation is computed using the straight-line method based on the estimated useful lives of the various assets as follows:

Machinery and Equipment	5-10 years
Improvements	20-40 years

TWIN PARISH PORT DISTRICT  
Delcambre, Louisiana

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Depreciation of all exhaustible fixed assets used by the proprietary fund is charged as an expense against operations. Depreciation expense for the years ended December 31, 2024 and 2023 were \$209,895 and \$213,511, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Compensated Absences

The District does not have a formal policy on vacation and sick leave. Annual vacation and sick leave are granted at the discretion of the Board.

Leases

The District applies the provisions of Governmental Accounting Standards Board (GASB) Statement No. 87, Leases. GASB Statement No. 87 enhances the relevance and consistency of information of the government's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

The application of GASB Statement No. 87 resulted in the recognition of a lease receivable of \$87,013 and \$110,966 and deferred inflow of resources related to leases of \$87,013 and \$110,966 as of December 31, 2024 and 2023, respectively.

Subsequent Events

Management has evaluated events subsequent to the balance sheet date through March 12, 2025, the date the financial statements were available to be issued.

NOTE 2 CASH AND INTEREST-BEARING DEPOSITS

As reflected, the District has cash and interest-bearing deposits (book balances) as follows:

	2024	2023
Unrestricted:		
Demand deposits	\$ 424,623	\$ 448,096
Petty cash	3,441	3,441
	428,064	451,537
Restricted for Debt Service:		
Demand deposits	407	24,500
Total cash and cash equivalents	\$ 428,471	\$ 476,037

TWIN PARISH PORT DISTRICT  
Delcambre, Louisiana

Notes to Financial Statements

NOTE 2 CASH AND INTEREST-BEARING DEPOSITS (Continued)

These deposits are stated at cost, which approximates market. Under state law, these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Deposit balances (bank balances) are secured as follows:

	2024	2023
Accounts bank balances	\$ 436,049	\$ 457,382
Federal deposit insurance	<u>250,000</u>	<u>250,000</u>
Balance uninsured	186,049	207,382
Pledged securities (category 3)	<u>2,372,381</u>	<u>2,608,321</u>
Excess pledged securities over cash and investments	<u><u>\$ (2,186,332)</u></u>	<u><u>\$ (2,400,939)</u></u>

Pledged securities in Category 3 include uninsured or unregistered investments for which the securities are held by the pledging institution, or by its trust department or agent, but not in the District's name. Even though the pledged securities are considered uncollateralized (Category 3) Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent has failed to pay deposited funds upon demand.

NOTE 3 ACCOUNTS RECEIVABLE

The District uses the direct write-off method. Expense is recognized during the period in which a specific account is determined to be uncollectible. The District believes this procedure does not result in a material difference from the valuation method required by generally accepted accounting principles.

NOTE 4 LEASE RECEIVABLE

Lease receivable represents the amount due from Bagwell Energy Services, Inc. for right to use lease assets under the lease agreement (See Note 8). The balance as of December 31, 2024 and 2023 is \$87,013 and \$110,966, respectively, and is payable in monthly installments of \$2,175.

Independent Auditor's Report on Internal Control over Financial  
Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed in  
Accordance with *Government Auditing Standards*

Board of Commissioners  
Twin Parish Port District  
Delcambre, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements the business-type activities of Twin Parish Port District (the District) of Delcambre, Louisiana as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated March 12, 2025.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify and deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **District's Response to Findings**

*Government Auditing Standards* require the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
