To the Board of Directors of State Plumbing Board of Louisiana
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below related to the State Plumbing Board of Louisiana' (the "Board") internal controls and compliance with certain laws and regulations for the fiscal period July 1, 2024 through June 30, 2025. The Board's management is responsible for its financial records and establishing internal controls to ensure accurate financial reporting, compliance with laws and regulations, and accountability over public funds.

The Board has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting users in understanding the controls that the Board uses to ensure accurate financial reporting, compliance with laws and regulations, and accountability over public funds. Additionally, the Louisiana Legislative Auditor has agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

1. Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories, as applicable:
 - a) **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
 - b) **Purchasing**, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
 - c) **Disbursements**, including processing, reviewing, and approving.

-
- e) **Payroll/Personnel**, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.
 - f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
 - g) **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

Results

No exceptions noted.

Annual Fiscal Report (AFR)

2. Obtain the financial statements from the AFR submitted to the Division of Administration's (DOA) Office of Statewide Reporting and Accounting Policy for the current and prior periods. Perform analytical procedures comparing current and prior period amounts, by line item. Report any variances of 10% or greater for line items that are 10% or more of the respective total assets/deferred outflows of resources, liabilities/deferred inflows of resources, net position, revenues, or expenses, and management's explanation of the variance.

Results

We obtained the current year and prior year AFRs from management. We performed analytical procedures and noted four variances greater than 10%. Management provided the following explanations:

- the Board incurred a 71% increase in buildings and improvements due to the purchase of a new building;
- an 83% increase in net investment in capital assets due to the purchase of a new building;
- a 19% decrease in unrestricted net position primarily caused by the reallocation of unrestricted net position to net investment in capital assets due to the purchase of a new building; and
- an 18% increase in operating expenses due to the costs associated with the purchase and operation of the new facility

Board Meetings/Minutes

3. Obtain and inspect the board minutes for the fiscal period, as well as the Board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
 - a) Observe that the board met with a quorum at least monthly, or on a frequency in accordance with the Board's enabling legislation, charter, bylaws, or other equivalent document.
 - b) Observe that the minutes referenced or included monthly budget-to-actual comparisons.
 - c) Access the entity's online information included in the DOA's boards and commissions database (<https://www.cfprd.doa.louisiana.gov/boardsandcommissions/home.cfm>) and observe that the entity submitted board meeting minutes for all meetings during the fiscal period.

Results

The Board met in accordance with their enabling legislation.

The minutes did not reference or include monthly budget-to-actual comparisons.

Per review of the DOA's boards and commissions' database, management did not post the minutes for the May 15, 2025 meeting.

Bank Reconciliations

4. Obtain a listing of bank accounts for the fiscal period from management and management's representation that the listing is complete. For each of the bank accounts in the listing provided by management, obtain bank statements and reconciliations for all months in the fiscal period and observe that:
 - a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
 - b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
 - c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 6 months from the statement closing date; and
 - d) The reconciled balance for the final month of the fiscal period agrees to the general ledger.

Results

We obtained a listing of bank accounts and obtained management's representations that the listing is complete. We examined bank statements and reconciliations by month for the period of July 2024 to June 2025.

We observed no evidence that a member of management or board member reviewed each bank reconciliation.

We were not able to observe physical or electronic documentation reflecting that the Board has researched reconciling items outstanding for more than 6 months at year-end.

The reconciled balance for the final month of the fiscal period for the Hancock Whitney checking account does not agree to the general ledger.

Receipts/Collections

5. Obtain and inspect written policies and procedures relating to employee's job duties (if no written policies or procedures, inquire of employees about their job duties), and observe that job duties for collections are properly segregated such that:
 - a) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts or license applications received) to the deposit.
 - b) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
 - c) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source are not responsible for collecting cash, unless another employee verifies the reconciliation.

Results

We reviewed the Board's policy relating to receipts/collections. The employee that collects the deposits is not the same individual that prepares or makes the deposits. The accountant prepares the monthly bank reconciliations and the executive director and the Board review the bank reconciliations and other financial reports. No exceptions noted.

6. Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

Results

Not applicable – the Board does not accept cash collections.

7. Randomly select 5 deposit dates for each of the bank accounts (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 5 deposits for each bank account and:
 - a) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - b) Trace the deposit slip total to the actual deposit per the bank statement.
 - c) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).
 - d) Trace the actual deposit per the bank statement to the general ledger.

Results

No exceptions noted.

-
8. Obtain and inspect written policies and procedures (if no written policies and procedures, inquire to management) and observe that there is a process performed to determine completeness of all collections, including electronic transfers, for each revenue source (e.g. periodic confirmation with outside parties, reconciliation of receipt number sequences, reasonableness of cash collections based on licenses issued) by a person who is not responsible for collections.

Results

The Board has a process defined to determine the completeness of collections. No exceptions noted.

9. For licensing boards, obtain a list of initial and renewal licenses granted during the period from management and management's representation that the listing is complete. Randomly select 10 individual applicants from the listing and obtain the supporting documentation (e.g. application, copy of check) from management and:
 - a) Observe that the fee paid for license was the appropriate fee based on the applicable fee schedule established by the Board or statute.
 - b) If a penalty was assessed (e.g. late fee), observe that the penalty was assessed and collected in accordance with the Board's policies.

Results

The application fees selected for testing agree with the fee schedule established by the Board. There were no late fees or penalties assessed on the licensees selected for testing. No exceptions noted.

10. For licensing boards, obtain and inspect the board's written policies and procedures for granting licenses (if no written policies and procedures, inquire to management) and observe that there is a process performed to ensure licensees meet the licensure requirements established by the board or statute, as applicable. For the 10 individual applicants selected in the previous step that were granted initial or renewal licenses during the period, request the supporting documentation (e.g. licensee file) from management and:
 - a) Observe that the board followed the established process to issue or renew the license.
 - b) Observe the documentation contains evidence that the licensee meets or continues to meet (if renewal) the licensure requirements established by the board or statute, as applicable.
 - c) Observe that the license was granted or approved by the board or the designated board member(s), as applicable.

Results

No exceptions noted.

11. For levee districts, obtain independent confirmation of the tax amounts received from the appropriate parish Sheriff's offices. Observe that the confirmed amount agrees to the amount deposited by levee district.

Results

Not applicable.

Non-Payroll Disbursements (*excluding card purchases/payments, travel reimbursements, and petty cash purchases*)

12. Obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
 - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
 - b) At least two employees are involved in processing and approving payments to vendors.
 - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
 - d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.
13. Obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements which are addressed in separate sections below) and obtain management's representation that the population is complete. Randomly select 5 disbursements, obtain supporting documentation (e.g. purchase requisition, invoices, receipts, receiving slips) for each transaction and:
 - a) Observe that the disbursement matched the related original invoice/billing statement.
 - b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #12, as applicable.

Results

No exceptions noted.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

14. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete. Randomly select 2 monthly statements or combined statements for each card (for a debit card, randomly select 2 monthly bank statements), obtain supporting documentation, and:
 - a) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing, by someone other than the authorized card holder.
 - b) Observe that finance charges and late fees were not assessed on the selected statements.
15. Obtain supporting documentation for all transactions included on the monthly statements or combined statements selected in #14 above. For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

Results

We obtained a listing of all active cards for the fiscal period and management's representation the listing is complete. Also, we obtained supporting documentation for the transactions selected. No exceptions noted.

Travel and Travel-Related Expense Reimbursements (*excluding card transactions*)

16. Obtain from management a listing of all travel and travel-related expense reimbursements paid to employees and board members during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
- a) If reimbursed using a per diem, agree the reimbursement rate to those rates established either by the State of Louisiana in PPM49 (<https://www.doa.la.gov/pages/osp/travel/TravelPolicy.aspx>) or the U.S. General Services Administration (www.gsa.gov).
 - b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
 - c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).
 - d) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Results

We obtained a listing of travel expense reimbursement and management's representation that the listing is complete. The procedures performed indicated one of the travel reimbursements selected for testing was not reviewed or approved, in writing, by someone other than the person receiving the reimbursement.

Contracts

17. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Alternately, the practitioner may use an equivalent selection source, such as an active vendor list. Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
- a) Observe that the contract was bid in accordance with the Louisiana Procurement Code or the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
 - b) Observe that the contract was approved by the governing body/board, if required by policy.
 - c) If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment.
 - d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Results

The total amount paid to one of the contractors exceeded the maximum contract amount.

Payroll and Personnel

18. Obtain a listing of employees employed during the fiscal period, and management's representation that the listing is complete. Randomly select 5 employees (or select all employees if less than 5), obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

Results

No exceptions noted.

19. Randomly select 2 pay periods during the fiscal period. For the 5 employees/officials selected under #18 above, obtain attendance records and leave documentation for the pay period, and:
- a) Observe that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory).
 - b) Observe that supervisors approved the attendance and leave of the selected employees.
 - c) Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.

Results

We obtained a listing of employees and management's representation that the listing is complete. Based on the procedures performed, we observed that the timesheets provided for (4) employees had no indication they were reviewed/approved by a supervisor.

20. Obtain a listing of those employees/officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select 2 employees, obtain related documentation of the hours and pay rates used in management's termination payment calculations, agree the hours to the employees' cumulative leave records, and agree the pay rates to the employees' authorized pay rates in the employees' personnel files.

Results

There was one employee termination in the current fiscal year. We reviewed termination payments for this employee. No exceptions noted.

21. Obtain management's representation that employer and employee portions of payroll taxes, retirement contributions, health insurance premiums, and workers' compensation premiums have been paid, and associated forms have been filed, by required deadlines.

Results

No exceptions noted.

- b) Observe that the documentation demonstrates each employee attested through signature verification that he or she has read the entity's ethics policy during the fiscal period.
23. Obtain a listing of board members from management. Randomly select 5 board members and observe documentation to demonstrate that required annual ethics training was completed.

Results

Employees and board members completed the annual ethics training. No exceptions noted.

24. Obtain a copy of the legally adopted budget, including all amendments, and the Board's minutes. Observe the minutes contain approval of the budget and amendments.
25. Compare the total revenues and total expenditures of the final budget to actual total revenues and total expenditures on the financial statements or AFR. Report variances of 10% or greater.
26. Inquire of management whether the entity has updated its budget information in the DOA's boards and commissions database referred to in #3 above for the current fiscal period (i.e. period covered in these procedures). Access the online database and obtain the budget information for the current fiscal period. Observe that the budget information contained in the database agrees to the budget adopted by the entity's board.

Results

The June 30, 2025 budget was approved and adopted by the board members and is documented within the minutes of meetings. Comparison of total revenues and expenditures of the final budget to actual total revenues and expenditures did not reveal variances greater than 10%. The budget contained on the DOA's boards and commission's database agrees to the budget adopted by the Board.
