Management's Discussion and Analysis
For the Year Ending June 30, 2021

This section of the Forty-second Judicial District Court - Judicial Expense Fund's (the Fund) annual financial report presents our discussion and analysis of the Fund's financial performance during the year ending June 30, 2021. We encourage readers to consider the information presented here in conjunction with the Fund's basic financial statements and supplementary information in assessing the efficiency and effectiveness of our stewardship of public resources.

FINANCIAL HIGHLIGHTS

The Forty-second Judicial District Court - Judicial Expense Fund's net position increased by \$81,815 or 32.63% during the year ended June 30, 2021.

The Fund's revenues of \$441,184 for the year ending June 30, 2021, are a 15.66% increase from \$381,456 for the year ended June 30, 2020.

During the year ended June 30, 2021, the Fund had expenses of \$359,369, including depreciation, compared to \$372,693 in the year ended June 30, 2020. This reflects an decrease of 3.58% during the year ended June 30, 2021.

OVERVIEW OF FINANCIAL STATEMENTS

This Management Discussion and Analysis document introduces the basic financial statements which include 1) government fund financial statements, 2) government-wide financial statements and 3) notes to the financial statements. The two types of financial statements present the Fund's financial position and results of operations from differing perspectives. A reconciliation is provided to facilitate the comparison between the governmental fund statements and the government-wide statements. The components of the financial statements are described below:

Fund Financial Statements

Fund financial statements provide detailed information regarding the Fund's most significant activities and are not intended to provide information for the Fund as a whole. Funds are accounting devices that are used to account for specific sources of revenues. Our funds are limited to its *general fund*, which is classified as a Governmental Fund. The *general fund* uses a modified accrual basis of accounting that focuses on near-term inflows, outflows, and balances of spendable resources. Assets reported by the *general fund* are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets. Unassigned fund balance may serve as a useful measure of a government's net resources at the end of the fiscal year.

Government-Wide Financial Statements

The *government-wide financial statements* report information about the Fund as a whole using accounting methods similar to those used by private-sector companies. These report all revenues and expenses regardless of when cash is received or paid. The *statement of net position* presents information of all the Fund's assets and liabilities, with the difference between the two reported as net position. Overtime, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Fund is improving or deteriorating. The *statement of activities* presents information showing how the net position changed during the most recent period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Supplemental Information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplemental information*. The Fund adopts an annual budget for the general fund. A budgetary comparison statement is provided to demonstrate budgetary compliance.

Other Supplemental Information

The schedule of compensation, benefits and other payments to agency head or chief executive officer is presented to fulfill the requirements of Louisiana Revised Statute 24:513(A)(3). The justice system funding reporting schedules are presented to fulfill the requirements of Louisiana Revised Statute 24:515.2.

FINANCIAL ANALYSIS OF THE GOVERNMENT-WIDE FINANCIAL STATEMENTS

Net position may serve over time as a useful indicator of the Judicial Expense Fund's financial position. The Fund's total net position changed from a year ago, increasing from \$250,712 to \$332,527. The largest portion of the Fund's net position, \$323,162 (97.18%) as of June 30, 2021, is unrestricted and may be used to meet the ongoing obligations to the citizens of DeSoto Parish.

The Fund continues to maintain a high level of liquidity with \$316,507 (97.94%) of the Fund's unrestricted net position invested in demand deposits with various financial institutions as of June 30, 2021. NOTES TO THE FINANCIAL STATEMENTS

FORTY-SECOND JUDICIAL DISTRICT COURT – JUDICIAL EXPENSE FUND

DeSoto Parish, Louisiana

Notes to the Financial Statements

June 30, 2021

INTRODUCTION

The Forty-second Judicial District Court – Judicial Expense Fund (the Fund) was created by LSA-RS 13:996.65. The purpose of the fund is to provide sufficient funding to expedite efficient operation of the court. In general, the fund is established and may be used for any purpose or purposes connected with, incidental to or related to the proper administration of the court.

The Forty-second Judicial District Court (the District) was created by LSA-RS 13:477(42). The District is comprised of DeSoto Parish with the courthouse and judges' offices in Mansfield. The District's purpose is general jurisdiction judgeship for the approximately 27,435 people in the parish. The voters of the parish elect the two judges of the District to six-year terms. The two elected judges, who have all general trial jurisdiction throughout the district, are Judge Nicholas Gasper and Judge Amy McCartney. There are no full-time employees paid by the Fund.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying basic financial statements of the Forty-second Judicial District Court – Judicial Expense Fund have been prepared in conformity with governmental accounting principles generally accepted (GAAP) in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, issued in June 1999; Statement 63, *Financial Reporting of Deferred Outflows of Resources, and Net Position* and Statement 65, *Items Previously Reported as Assets and Liabilities*. Such accounting and reporting policies also conform to the requirements of Louisiana Revised Statutes 24:517 and to the guides set forth in the *Louisiana Governmental Audit Guide*.

The significant accounting policies established in GAAP and used by the Forty-second Judicial District Court – Judicial Expense Fund are discussed below.

A. REPORTING ENTITY

Governmental Accounting Standards Board Statement No. 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. The basic criterion for including a potential component unit within the reporting entity is financial accountability. Oversight responsibility is determined on the basis of appointment of governing body, ability to significantly influence operations, accountability for fiscal matters, and the nature and significance of an organization's relationship with the primary government. For financial reporting purposes, in conformance with GASB Statement No. 14, the Judicial Expense Fund includes all funds that are within the oversight responsibility of the Forty-second District Court. Based on consideration of the foregoing criteria, the Forty-second Judicial District Court – Judicial Expense Fund is deemed to be a separate reporting entity.

B. BASIS OF PRESENTATION

The Forty-second Judicial District Court – Judicial Expense Fund's basic financial statements consists of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include the fund of the reporting entity, which is considered to be a governmental activity. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

FORTY-SECOND JUDICIAL DISTRICT COURT – JUDICIAL EXPENSE FUND

DeSoto Parish, Louisiana
Notes to the Financial Statements
June 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. BASIS OF PRESENTATION (continued)

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Judicial Expense Fund's governmental activities. Direct expenses are those that are specifically associated with a program or function. Program revenues include (a) fees and charges paid by the recipients for goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements

The accounts of the Fund are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. These funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations. The minimum number of funds is maintained consistent with legal and managerial requirements.

A fund is considered major if it is the primary operating fund of the entity. The only and major fund of the Judicial Expense Fund is classified as a governmental fund and is described below:

General Fund. The General Fund, as provided by Louisiana Revised Statute 47:1906 is the primary operating fund of the Fund and is used to account for the operations of the Fund. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to the Fund's policy.

C. MEASUREMENT FOCUS/ BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" revenues, expenditures, expenses, transfers of assets, deferred outflows of resources, liabilities, and deferred inflows of resources—are recognized in the accounts and reported in the financial statements.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery) and financial position. All assets and liabilities (whether current or non-current) associated with its activities are reported. Government-wide fund equity is classified as net position.

In the fund financial statements, the "current financial resources" measurement focus is used. Only current financial assets and liabilities are generally included on its balance sheet. Their statement of revenues, expenditures, and changes in fund balance reports sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of available spendable financial resources during a given period. This approach is then reconciled, through adjustment, to a government-wide view of the operations.

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. MEASUREMENT FOCUS/ BASIS OF ACCOUNTING (continued)

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenues are classified by source and expenditures are classified by function and character. Expenditures (including capital outlays) generally are recorded when a liability is incurred, as under accrual accounting.

D. ASSETS, LIABILITIES, AND EQUITY

Cash and Investments

Cash includes amounts in demand deposits and interest-bearing demand deposits. The cash includes amounts in time deposits and investments with original maturities of 90 days or less as cash equivalents. Under state law (LSA R.S. 33:2955), the Judicial Expense Fund may deposit funds with a fiscal agent organized under Louisiana law or any other state of the United States, or under the laws of the United States. In addition, local governments in Louisiana are authorized to invest in the Louisiana Asset Management Pool, Inc. (LAMP), a non-profit corporation formed by an initiative of the State Treasurer and organized under the laws of the State of Louisiana, which operates a local government investment pool.

Receivables / Payables

Receivables consist of all revenues earned at year-end and not yet received. Major receivables for the governmental activities include fines and bond forfeitures. All receivables are current and therefore due within one year. Allowances are reported when accounts are proven to be uncollectible. There are no allowances reported.

Payables consist of necessary and ordinary expenses of the Fund. Due to the Sheriff is probation officer salary reimbursements payable.

Prepaid Expenses

Payments made to vendors for insurance that will benefit periods beyond June 30, 2021 are recorded as prepaid expenses.

Capital Assets

Capital Assets which include computer and office equipment and furniture and fixtures are reported in the government-wide financial statements. All capital assets are depreciated using the straight-line method over their estimated useful lives, ranging from five to ten years depending upon the expected durability of the particular asset. Depreciation of all exhaustible capital assets is recorded as an expense in the statement of net position. The Judicial Expense Fund maintains a threshold level of \$1,000 or more for capitalizing capital assets for reporting purposes.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. ASSETS, LIABILITIES, AND EQUITY (continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset life are not capitalized.

Capital assets and depreciation expenses are reported in the Statement of Net Position and Statement of Activities. In the fund financial statements, fixed assets are accounted for as capital outlay expenditures upon acquisition.

Assets purchased under the FINS Grant Program are currently being accounted for by the Forty-second Judicial District Court – Judicial Expense Fund. However, under the provisions of the Grant contracts the assets are the property of the State of Louisiana. The State of Louisiana has instructed the Forty-second Judicial District Court – Judicial Expense Fund to maintain control and ownership. The State of Louisiana, Office of Social Services retains reversion rights in those assets.

Equity Classifications

Net Position

The Fund classifies net position in the government-wide financial statements, as follows:

- *Net investment in capital assets* – Consists of net capital assets reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.
- *Restricted net position* – net position is considered restricted if their use is constrained to a particular purpose. Restrictions are imposed by external organizations such as federal or state laws or buyers of the Fund's bonds. Restricted net position is reduced by liabilities and deferred inflows of resources related to the restricted assets.
- *Unrestricted net position* – consists of all other net position that does not meet the definition of the above two components and is available for general use by the Fund.

The Expense Fund's policy is to consider restricted net position to have been depleted before unrestricted net position is applied.

Fund Balances

In accordance with GASB 54, the Fund classifies fund balances in governmental funds as follows:

- *Nonspendable* – Amounts that are not in spendable form (such as prepaid expenses) because they are legally and contractually required to be maintained intact.
- *Restricted* – Amounts constrained to specific purposes by their providers (such as grantors or higher levels of government), through constitutional provisions, or by enabling legislation.
- *Committed* – Amounts constrained by the Judicial Expense Fund itself. To be reported as committed, amounts cannot be used for any other purpose unless the Judges take the action to remove or change the constraint.
- *Assigned* – Amounts the Judicial Expense Fund intends to use for a specific purpose. Intent can be expressed by an official or body to which the governing body delegates the authority.
- *Unassigned* – All amounts not included in other spendable.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. ESTIMATES

The Expense Fund would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

The General Fund, the Fund's only governmental fund, has an unassigned fund balance of \$178,049.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. CASH

At June 30, 2021, the Forty-second Judicial District Court – Judicial Expense Fund has cash (book balances) totaling \$316,507.

Interest bearing demand deposits	\$	216,056
Demand deposits		64,757
LAMP		35,694
	\$	<u>316,507</u>

The cash of the Forty-second Judicial District Court – Judicial Expense Fund is subject to the following risks:

Custodial Credit Risk: Custodial risk for deposits is the risk that, in the event of the failure of a depository financial institution, the government will not be able to recover its deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent.

At June 30, 2021, the Forty-second Judicial District Court – Judicial Expense Fund has \$284,828 in deposits (collected bank balances). These deposits are secured from risk by \$250,000 of federal deposit insurance and \$34,828 in pledged marketable securities held by the custodial bank with a market value of \$296,640.

Cash held at June 30, 2021, also includes \$35,694 invested with the Louisiana Asset Management Pool (LAMP), a local government investment pool. The Louisiana Asset Management Pool is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LSA-R.S. 33:2955. LAMP, Inc. is not registered with the SEC as an investment company, but is subject to the regulatory oversight of the state treasurer and the board of directors.

Interest Rate Risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The Judicial Expense Fund does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, as a means of offsetting exposure to interest rate risk, the Fund diversifies its investments by security type and institution. The dollar weighted average portfolio maturity of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days. LAMP is designed to be highly liquid to give its participants immediate access to their account balances.

2. CASH (continued)

Credit Risk: Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. The Judicial Expense Fund complies with Louisiana Statutes (LSA R. S. 33:2955). The investments are stated at fair value based upon quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the value of the pool shares. LAMP is rated AAA by Standard and Poor's.

NOTE TO BUDGETARY COMPARISON SCHEDULE

As of and for the Year Ended June 30, 2021

Budgetary Information

The Forty-second Judicial District Court – Judicial Expense Fund’s budget is prepared in accordance with accounting principles generally accepted in the United States of America.

The Louisiana Local Government Budget Act provides that “the total proposed expenditures shall not exceed the total of estimated funds available for the ensuing year.” The “total estimated funds available” is the sum of the respective estimated fund balances at the beginning of the year and the anticipated revenues for the current year.

Expenditures may not legally exceed appropriations at the fund level. Appropriations that are not expended lapse at year-end. The budget comparison schedule presents the original budget and the final amended budget. The Judicial Expense Fund amended the budget once during the year.

Budgeted revenues exceeded actual revenues. Actual expenditures were less than budgeted amounts. The budget was amended one during the year ended June 30, 2021. The Judicial Expense Fund is in compliance with the Louisiana Local Government Budget Act.

The Forty-second Judicial District Court - Judicial Expense Fund follows these budget procedures:

The Chief Judge prepares a proposed budget for the fund on the modified accrual basis of accounting. Due to the uncertainties of the budgeting, at least one of the judges is involved in the transfer of funds from one program or function to another or for increased expenditures resulting from revenues exceeding amounts estimated. All budgetary appropriations lapse at the end of each fiscal year. If budgeted expenditures exceed \$500,000 or more, per R.S. 39:1307, the budget is to be made available for public inspection prior to the 15th day of the new fiscal year by a public hearing. At least ten days prior to the public hearing, a notice is published that a public meeting is to be held, including the date, time, and place of the hearing. If budgeted expenditures are less than \$500,000, the proposed budget shall be adopted prior to the beginning of the budgeted year. Budgeted and actual expenditures were less than \$500,000 for the year ended June 30, 2021.
