Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the St. Bernard Parish Sheriff (the Sheriff) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Sheriff's basic financial statements as listed in the index to the report.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the St. Bernard Parish Sheriff as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 10, the budgetary comparison information on page 51, the schedule of changes in the net OPEB liability and related ratios on page 52, the schedule of the Sheriff's proportionate share of the net pension liability on page 53, and the schedule of Sheriff's pension contributions on page 54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the St. Bernard Parish Sheriff's basic financial statements. The combining financial statements of the proprietary funds – internal service funds on pages 60 through 63, and the combining financial statements of the fiduciary fund type – custodial funds on pages 68 through 69 are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards on page 75 is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements. The accompanying schedule of compensation, benefits, and other payments to agency head or chief executive officer on page 73 and the affidavit on page 74 are not a required part of the basic financial statements of the Sheriff, but are additional information required by the Louisiana Legislative Auditor.

The combining financial statements of the proprietary funds – internal service funds, combining financial statements of the fiduciary fund type – custodial funds, schedule of expenditures of federal awards, schedule of compensation, benefits, and other payments to agency head or chief executive officer, and affidavit are the responsibility of management, were derived from, and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining financial statements of the proprietary funds – internal service funds, combining financial statements of the fiduciary fund type – custodial funds, schedule of expenditures of federal awards, schedule of compensation, benefits, and other payments to agency head or chief executive officer, and affidavit are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2022, on our consideration of the St. Bernard Parish Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the St. Bernard Parish Sheriff's internal control over financial reporting and compliance.

Duplantier, Hapmann, Hogan & Notes LLP

New Orleans, Louisiana

Within this section of the St. Bernard Parish Sheriff's (the Sheriff) annual financial report, the Sheriff's management is pleased to provide this narrative discussion and analysis of the financial activities of the Sheriff for the fiscal year ended June 30, 2021. The Sheriff's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

The Sheriff's management has utilized insurance, as well as federal and state programs, to continue to provide services for the parish.

FINANCIAL HIGHLIGHTS

As of June 30, 2021, the Sheriff's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$5,039,202 on the Sheriff's government-wide financial statements.

Total net position (deficit) is comprised of the following:

- 1. Net investment in capital assets of \$7,709,989 includes property and equipment, net of accumulated depreciation, reduced for outstanding debt related to the purchase of capital assets.
- 2. Unrestricted net position represents the portion available to maintain the Sheriff's continuing obligations to citizens and creditors. Unrestricted net position had a deficit balance of \$2,670,787 due primarily to net pension liability and OPEB payable.

The Sheriff's governmental funds reported total ending fund balance of \$14,580,694. This compares to the prior year ending fund balance of \$14,070,190, an increase of \$510,504 during the year ended June 30, 2021.

At June 30, 2021, the unassigned fund balance for the General Fund was \$14,271,909, or 54.5% of total General Fund expenditures and 48.1% of total General Fund revenues including transfers. Nonspendable fund balance for the General Fund was \$308,785 or 1.21% of total General Fund expenditures and 0.9% of General Fund revenues including transfers.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

OVERVIEW OF THE FINANCIAL STATEMENTS

This report consists of three sections: management's discussion and analysis (this section), the basic financial statements and related footnotes, and required supplementary information. Management's discussion and analysis is intended to serve as an introduction to the St. Bernard Parish Sheriff's basic financial statements. The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to financial statements. This report also contains additional information to supplement the basic financial statements, such as required supplementary information.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Sheriff's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the Sheriff's overall financial status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

The first of these government-wide statements is the Statement of Net Position (page 11). This is the government-wide statement of position that presents information on the St. Bernard Parish Sheriff's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. This statement is designed to display the financial position of the St. Bernard Parish Sheriff. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Sheriff as a whole is improving or deteriorating. Evaluation of the overall health of the Sheriff would extend to other nonfinancial factors such as diversification of the taxpayer base, in addition to the financial information provided in this report.

The second government-wide statement is the Statement of Activities (page 12), which reports how the Sheriff's net position changed during the fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the Sheriff's distinct activities or functions on revenue provided by the Sheriff's taxpayers.

The government-wide financial statements present the governmental activities of the Sheriff that are principally supported by property and sales taxes. The sole purpose of these governmental activities is public safety.

FUND FINANCIAL STATEMENTS

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The Sheriff uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the Sheriff's most significant funds rather than the Sheriff as a whole.

The various funds of the Sheriff are classified into three categories: governmental (general fund), proprietary (internal service funds), and fiduciary (custodial funds).

Governmental funds are reported in the fund financial statements and encompass the same function reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund financial statements providing a distinctive view of the Sheriff's governmental funds, including object classifications. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

FUND FINANCIAL STATEMENTS (Continued)

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to assist in understanding the differences between these two perspectives. The governmental fund financial statements are presented on pages 13 through 16 of this report.

Proprietary (internal service) funds are included in the government-wide financial statements and the fund financial statements and report on the medical claims funded by the Sheriff's General Fund and contributions from the employees and auto claims funded by the Sheriff's General Fund. The proprietary fund financial statements are presented on pages 17 through 19 of this report.

Fiduciary funds are reported in the fund financial statements and report taxes collected for other taxing bodies, deposits held pending court action, and the individual prison inmate accounts. The only funds accounted for in this category by the sheriff are custodial funds. The custodial funds account for assets held by the sheriff as an agent for various taxing bodies (tax collections) and for deposits held pending court action. The funds are custodial in nature and do not involve measurement of results of operations. The custodial funds are used a depositories for civil suits, cash bonds, taxes, and fees. Disbursements from these funds are made to various parish agencies in the manner prescribed by state law.

NOTES TO THE BASIC FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 21 of this report.

OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the St. Bernard Parish Sheriff's budgetary comparison (page 51), changes in the net OPEB liability and related ratios (page 52), proportionate share of the net pension liability (page 53), and pension contributions (page 54).

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The Sheriff's net position at fiscal year-end is a balance of \$5,039,202. The following table provides a summary of the Sheriff's net position:

CONDENSED COMPARATIVE STATEMENTS OF NET POSITION

	June 30, 2021		June 30, 2	2020
	Governmental	Percentage	Governmental	Percentage
Assets:	Activities	<u>Total</u>	<u>Activities</u>	<u>Total</u>
Current assets and other assets	\$ 19,195,441	71.34%	\$ 17,302,901	67.89%
Capital assets, net	7,709,989	28.66%	8,185,330	32.11%
Total	26,905,430	100.00%	25,488,231	100.00%
Deferred Outflows	10,871,323	100.00%	6,949,582	100.00%
<u>Liabilities</u> :				
Current liabilities	1,318,046	4.53%	1,232,428	5.26%
Long-term liabilities	27,749,323	95.47%	22,183,417	94.74%
Total liabilities	29,067,369	100.00%	23,415,845	100.00%
Deferred Inflows	3,670,182	100.00%	4,239,420	100.00%
Net Position:				
Net investment in capital assets	7,709,989	153.00%	8,185,330	171.15%
Unrestricted	(2,670,787)	-53.00%	(3,402,782)	-71.15%
Total net position	\$ 5,039,202	100.00%	\$ 4,782,548	100.00%

The Sheriff reported an increase in net position for the governmental activities. Net position increased by \$256,654 for governmental activities in fiscal year 2021. The increase in net position is less than the increase in net position in the prior year due to operating grants being less than 50% of 2020. Property and sales taxes increased during 2021 by \$291,576 and \$233,350, respectively.

Note that the majority of the governmental activities' net position is invested in capital assets. The Sheriff uses these capital assets to provide services to its citizens.

The following table provides a summary of the Sheriff's changes in net position for the years ended June 30, 2021 and 2020:

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

COMPARATIVE STATEMENTS OF ACTIVITIES FOR THE YEAR ENDED

Change in net position	\$ 256,654		\$ 5,463,855	

GOVERNMENTAL REVENUES

The Sheriff is heavily reliant on property and sales taxes to support its operations. Property and sales taxes provided 58% of the Sheriff's total revenues. Program revenues, including operating grants received and charges for services, accounted for 32% of governmental operating revenues. Operating grant revenues decreased by \$3,489,802, or 51%, in the current year due to CARES Act revenues recognized in the previous year related to the coronavirus (COVID-19) pandemic.

GOVERNMENTAL FUNCTIONAL EXPENSES

The total function of the Sheriff's office is public safety activities. Total public safety expenses increased by \$2,824,249, or 10.72%, in the current year, due to increases in personnel services and related benefits as a result of employee pay raises that were granted during the year and increased expenses associated with the Sheriff's pension and OPEB liabilities.

FINANCIAL ANALYSIS OF THE SHERIFF'S FUNDS

Governmental Funds

As discussed, governmental funds are reported in the fund financial statements with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$14,580,694. Of this total, \$12,271,909 or 98% is unassigned indicating availability for continuing the Sheriff's activities.

MAJOR GOVENMENTAL FUNDS

The General Fund is the Sheriff's primary operating fund and the largest source of day-to-day service delivery. The General Fund's fund balance increased by \$510,504 from the prior year.

Operating expenditures were approximately \$26.2 million or 9% more than fiscal year 2020. Non-personnel operating costs increased approximately \$1.1 million or 23% above the prior year. The reason for the increase was related primarily to an increase in operating services, which increased approximately \$704,268, or 24%.

BUDGETARY HIGHLIGHTS

General Fund

The General Fund's original revenue budget for fiscal year 2021 was less than the actual amounts reported in fiscal year 2021. The final revenue budget for fiscal year 2021 was less than the actual amounts reported in the fiscal year due primarily to increased ad valorem revenues, sales tax revenues, federal and state grants, and commissions on sales taxes, licenses, etc.

The original expenditure budget for fiscal year 2021 was less than the actual amounts. The final expenditure budget for fiscal year 2021 was less than the actual amounts. Actual expenditures were greater than final budgeted expenditures primarily in the areas of personnel services, operating services, and capital outlay.

The final amended revenues budget increased 2% from the original budget. Actual revenue exceeded the final budget by 10.5%. The final amended expenditure budget increased 2% over the original budget. Actual expenditures rose above the final budget by 8.3%.

The actual excess of revenues over expenditures over the final budget was \$485,504.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Sheriff's investment in capital assets, net of accumulated depreciation as of June 30, 2021, was \$7,709,989. The net decrease was \$475,341 for the Sheriff. See Note 4 for additional information about changes in capital assets during the fiscal year and capital assets owned at the end of the fiscal year. The following table provides a summary of capital asset activity. The decrease was due primarily to depreciation expense in the current year. Depreciation on the building improvements, vehicles, office furniture and equipment, and law enforcement weapons and communication equipment was \$1,384,783 or 5.2% of total expenses.

CAPITAL ASSETS

	Governmental Activities			
	June 30, 2021 June 30,			
Land and building improvements	\$ 5,523,975	\$ 5,523,975		
Vehicles	5,708,071	5,242,857		
Boats and equipment	534,119	510,884		
Office furniture and equipment	3,107,617	3,640,036		
Law enforcement weapons and				
communications equipment	3,704,250	3,885,552		
Total capital assets	18,578,032	18,803,304		
Less accumulated depreciation	10,868,043	10,617,974		
Net book value - total capital assets	\$ 7,709,989	\$ 8,185,330		
Percentage depreciated	58%	56%		

The major additions to the capital asset accounts were vehicles.

The Sheriff has no long-term debt outstanding at year-end. However, there are long-term liabilities related to other postemployment benefits, net pension liability, and legal settlement payable.

CONTACTING THE SHERIFF'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the Sheriff's finances, comply with finance-related laws and regulations, and demonstrate the Sheriff's commitment to public accountability. If you have any questions about this report or would like to request additional information, contact James J. Pohlmann, Sheriff, St. Bernard Parish Sheriff and Tax Collector, P.O. Box 168, Chalmette, LA 70044.

INTRODUCTION

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the St. Bernard Parish Sheriff (Sheriff) serves a four-year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The Sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, and serving subpoenas.

As the chief law enforcement officer of the parish, the Sheriff has the responsibility for enforcing state and local laws and ordinances within the territorial boundaries of the parish. The Sheriff provides protection to the residents of the parish through on-site patrols and investigations and serves the residents of the parish through the establishment of programs such as the neighborhood watch program and antidrug abuse programs. In addition, when requested, the Sheriff provides assistance to other law enforcement agencies within the parish.

As the ex-officio tax collector of the parish, the Sheriff is responsible for collecting and distributing ad valorem property taxes, sales taxes, parish occupational licenses, state revenue sharing funds, sporting licenses, fines, costs, and bond forfeitures imposed by the district court.

The accounts of the tax collector are established to reflect the collections imposed by law, distributions pursuant to such law, and unsettled balances due to various taxing bodies and others.

The accounting and reporting policies of the St. Bernard Parish Sheriff conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures conform to the requirements of guides set forth in *Louisiana Audit Guide*, and to the industry audit and accounting guide, *Audits of States and Local Governmental Units*.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

REPORTING ENTITY

For financial reporting purposes, the Sheriff includes all funds and activities that are controlled by the Sheriff as an independently elected parish official. The Sheriff is solely responsible for the operations of his office, which includes the hiring and retention of employees, authority over budgeting, responsibility for deficits, and the receipts and disbursements of funds. Other than certain operating expenditures of the Sheriff's office that are paid or provided by the parish council as required by Louisiana law, the Sheriff is financially independent.

Accordingly, the Sheriff is a separate governmental reporting entity. Certain units of local government, over which the Sheriff exercises no oversight responsibility, such as the parish council, parish school board, other independently elected parish officials, and other government units within the parish, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from those of the parish Sheriff.

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>: (Continued)

BASIS OF PRESENTATION, MEASUREMENT FOCUS, AND BASIS OF ACCOUNTING

The accompanying basic financial statements of the St. Bernard Parish Sheriff have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

Government-Wide Financial Statements (GWFS)

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the Sheriff as a whole. These include all the financial activities of the Sheriff. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

The Statement of Activities presents a comparison between direct expenses and program revenues for each of the functions of the Sheriff's governmental activities. *Direct expenses* are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. *Program revenues* include: (a) fees and charges paid by the recipients of services offered by the Sheriff, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements (FFS)

The Sheriff uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain functions and activities of the Sheriff. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts. The various funds of the Sheriff are classified into three categories: governmental, proprietary (internal service), and fiduciary. The emphasis on the fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Sheriff or its total assets, liabilities, revenues, or expenditures of the individual governmental fund is at least 10 percent of the corresponding total for all governmental funds. The General Fund of the Sheriff is considered a major fund. The following is a description of the funds utilized by the Sheriff:

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

BASIS OF PRESENTATION, MEASUREMENT FOCUS, AND BASIS OF ACCOUNTING (Continued)

Fund Financial Statements (FFS) (Continued)

Governmental Funds

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses, and balance of current financial resources. The General Fund is the primary operating fund of the Sheriff and it accounts for all financial resources, except those required to be in other funds. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and in accordance with the Sheriff's policy.

The amounts reflected in the General Fund are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to the government-wide view of Sheriff's operations.

The amounts reflected in the General Fund use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e. when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Sheriff considers all revenue available if it is collected within 60 days after the fiscal year-end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on long-term debt which is recognized when due, and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. Those revenues susceptible to accrual are state revenue sharing, intergovernmental reimbursements, interest, and grants. Ad valorem taxes, sales taxes, fines and commissions, and costs collected and held by the Tax Collector Custodial Fund on behalf of the Sheriff's General Fund are also accrued. Substantially all other revenues are recorded when received. The governmental fund uses the following practice in recording revenues and expenditures:

Revenues

Ad valorem taxes and the related state revenue sharing are recorded in the year taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on January 1 of the following year. The taxes are generally collected in December, January, and February of the fiscal year.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

BASIS OF PRESENTATION, MEASUREMENT FOCUS, AND BASIS OF ACCOUNTING (Continued)

Fund Financial Statements (FFS) (Continued)

Governmental Funds (Continued)

Revenues (Continued)

Intergovernmental revenues, grants and fees, charges, and commissions for service are recorded when the Sheriff is entitled to the funds or in the same period as the underlying expenditures.

Interest on interest-bearing deposits is recorded or accrued as revenue when earned. Substantially all other revenues are recorded when received.

Expenditures

The Sheriff's primary expenditures include salaries and insurance, which are recorded when the expenditure is incurred. Capital expenditures and purchases of various operating supplies are regarded as expenditures at the time purchased.

Other Financing Sources (Uses)

Transfers between funds that are not expected to be repaid are accounted for as other financing sources (uses) when the transfer is authorized by the Sheriff.

Proprietary Funds

The focus on proprietary fund measurement is upon determination of operating income, changes in net financial position, and cash flows. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. The Sheriff's internal service funds are a proprietary fund type.

Internal service funds (self-insured medical and automobile claims funds) are used by the Sheriff to account for the financing of goods and services provided by one department to other departments of the Sheriff on a cost-reimbursement basis. Operating expenses of the internal service funds include the cost of claims and judgments and related administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. Because the principal users of the internal services are the Sheriff's governmental activities, the financial statements of the internal service fund are consolidated into the governmental column when presented in the government-wide financial statements.

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>: (Continued)

BASIS OF PRESENTATION, MEASUREMENT FOCUS, AND BASIS OF ACCOUNTING (Continued)

Fund Financial Statements (FFS) (Continued)

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the government. The only funds accounted for in this category by the Sheriff are custodial funds. The custodial funds account for assets held by the Sheriff as an agent for various taxing bodies (tax collections), for deposits held pending court action, and for the funds of individual prisoner account balances while in custody of the St. Bernard Parish Prison. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Consequently, the custodial funds have no measurement focus but use the accrual basis of accounting.

During the year ended June 30, 2021, the Sheriff's office adopted GASB Statement No. 84, "Fiduciary Activities". The objective of GASB Statement No. 84 is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting.

BUDGETS

The Sheriff follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. The chief administrative deputy prepares a proposed budget for the General Fund for the fiscal year and submits it to the Sheriff no later than fifteen days prior to the beginning of each fiscal year.
- 2. A summary of the proposed budget is published and the public notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
- 3. A public hearing is held on the proposed budget at least ten days after publication of the call for the hearing.
- 4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
- 5. All budgetary appropriations lapse at the end of each fiscal year.
- 6. The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts are as originally adopted or as finally amended by the Sheriff.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

CASH AND CASH EQUIVALENTS

For reporting purposes, cash includes amounts in demand deposits, interest bearing demand deposits, and time deposits. They are stated at cost, which approximates market. Cash equivalents consist of short-term government pool funds and government mutual funds. They are stated at cost, which approximates market. Under state law, the Sheriff may deposit funds with a fiscal agent organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. Tax collections must be deposited in a bank domiciled in the parish where the funds are collected.

Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. State law R.S. 39:1225 provides that the amount of security shall at all times be equal to 100% of the amount on deposit to the credit of each depositing authority, except that portion of the deposits insured by any governmental agency insuring bank deposits, which is organized under the laws of the United States.

In addition, local governments in Louisiana are authorized to invest in the Louisiana Asset Management Pool (LAMP), a non-profit corporation formed by the State Treasurer and organized under the laws of the State of Louisiana, which operates a local government investment pool. LAMP invests in obligations issued by the U.S. Government, its agencies, and instrumentalities. LAMP is subject to regulatory oversight of the State Treasurer and its Board of Directors. Audited financial statements are available from LAMP.

SHORT-TERM INTERFUND RECEIVABLES / PAYABLES

During the course of operations, transactions can occur between individual funds. These receivables and payables are classified as due from other funds or due to other funds on the balance sheet. Short-term interfund loans are classified as interfund receivables/payables.

PREPAID ITEMS

Insurance payments paid to insurance agencies and rental payments made to lessors that will benefit periods beyond June 30, 2021, are recorded as prepaid items.

CAPITAL ASSETS

Capital assets are recorded in the Statement of Net Position. Capital assets are capitalized at historical cost or estimated cost, if historical cost is not available. The Sheriff maintains a threshold of \$1,000 or more for capitalizing capital assets. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>: (Continued)

CAPITAL ASSETS (Continued)

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

	Estimated
Asset Class	<u>Useful Lives</u>
Buildings and building improvements	5 - 40
Vehicles	5
Boats and equipment	5 - 7
Office furniture and equipment	5 - 7
Law enforcement weapons and communications	
equipment	5 - 7

COMPENSATED ABSENCES

The Sheriff's office has the following policy relating to vacation and sick leave:

Employees earn vacation based on continuous service as follows:

<u>Time in Service</u>	Vacation Earned		
Up to 3 years	10 days per year		
4 to 10 years	15 days per year		
Over 10 years	20 days per year		

Annual leave cannot be accumulated and must be used in the year earned.

Sick leave is earned at a rate of one day per month of service and can be accumulated up to 90 days. Sick leave is lost upon termination. The cost of current leave privileges is recognized as a current-year expenditure in the General Fund when the leave is actually taken. At June 30, 2021, there are no accumulated and vested leave privileges to be accrued in accordance with generally accepted governmental accounting principles.

NET POSITION / FUND BALANCE

In the government-wide and proprietary fund financial statements, net position comprises the various net earnings from revenues and expenses. Net position is classified in the following components:

1. Net investment in capital assets – consists of capital assets including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

NET POSITION / FUND BALANCE (Continued)

- 2. Restricted net position consists of net positions with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- 3. *Unrestricted net position* all other net positions that do not meet the definition of "restricted" or "net investment in capital assets."

In the fund financial statements, fund balance is classified in the following components:

- 1. *Nonspendable* amounts that cannot be spent either because they are in nonspendable form (such as inventory and prepaids) or because they are legally or contractually required to be maintained intact.
- 2. *Restricted* amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- 3. *Committed* amounts that can be used only for specific purposes determined by a formal decision of the Sheriff, which is the highest level of decision-making authority.
- 4. *Assigned* amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes, determined by the Sheriff.
- 5. *Unassigned* the residual amount of fund balance which does not fall into one of the other components.

When an expenditure is incurred for the purposes for which restricted and unrestricted fund balance is available, the Sheriff considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Sheriff considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Sheriff has provided otherwise in its committed or assignment actions.

<u>INTERFUND TRANSACTIONS</u>

Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed. All other interfund transactions are reported as transfers.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expenditure/expense) until that future time. A deferred inflow of resources represents an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

LONG-TERM OBLIGATIONS

In the government-wide financial statements, long-term debt and other long-term liabilities are reported as liabilities in the applicable governmental activities on the Statement of Net Position. Noncurrent liabilities include other postemployment benefits, legal settlement payable, and net pension liability.

For purposes of measuring the other postemployment benefits liability, deferred outflows of resources and deferred inflows of resources related to other postemployment benefit expense are determined based on actuarial valuation. The Sheriff reports both deferred outflows of resources and deferred inflows of resources related to the other postemployment benefits liability calculation.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Sheriffs' Pension and Relief Fund (SPRF) and changes in SPRF's fiduciary net position have been determined on the same basis as they are reported by SPRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

2. CASH AND CASH EQUIVALENTS:

At June 30, 2021, the Sheriff had cash and cash equivalents (book balances) totaling \$20,166,614 as follows:

	Government-Wide Statement of Net Position		Fiduciary Fund Statement of Net Position		Total	
Cash:						_
Cash on hand	\$	550	\$	-	\$	550
Non-interest-bearing deposits		3,733,700		859,924		4,593,624
Cash equivalents		10,701,607		4,870,833		15,572,440
Total	\$	14,435,857	\$	5,730,757	\$	20,166,614

Deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. Deposit balances (bank balances) of \$4,079,357 at June 30, 2021, were entirely secured by federal deposit insurance, pledged securities, and an irrevocable standby letter of credit.

Cash equivalents are stated at cost, which approximates market. Cash equivalents consist of the funds in Promontory Insured Cash Sweep accounts. Insured Cash Sweep (ICS) is a trusted, tested service utilized by financial institutions across the United States. Financial institutions that use ICS benefit from the Promontory Network advantage and the confidence of knowing that ICS is endorsed by the American Bankers Association and enjoys strategic marketing alliances with key trade associations across the United States. When a customer submits funds to a Promontory Network member (Gulf Coast Bank and Trust) for placements through ICS, that institution places the funds into deposit accounts at FDIC-insured banks that are also members of the ICS Network. This occurs in increments below the standard FDIC insurance maximum (\$250,000) so that both principal and interest are eligible for FDIC insurance. By working directly with just one institution (Gulf Coast Bank and Trust), the Sheriff is able to receive coverage from many. At June 30, 2021, the Sheriff's cash equivalent bank balances held in Promontory Insured Cash Sweep accounts were \$4,915,000.

For the year ended June 30, 2021, cash equivalents in the amount of \$10,701,607 consisted of local government pooled investments maintained by the Louisiana Asset Management Pool, Inc. (LAMP). LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high-quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA-R.S. 33:2955.

2. <u>CASH AND CASH EQUIVALENTS</u>: (Continued)

GASB Statement No. 40 *Deposit and Investment Risk Disclosure*, requires disclosure of credit risk, custodial credit risk, concentration of credit risk, interest rate risk, and foreign currency risk for all public entity investments. LAMP is an investment pool that, to the extent practical, invests in a manner consistent with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. The following facts are relevant for investment pools:

- 1. <u>Credit risk</u> Lamp is rated AAAm by Standard & Poor's.
- 2. <u>Custodial credit risk</u> LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
- 3. <u>Concentration of credit risk</u> Pooled investments are excluded from the 5 percent disclosure requirement.
- 4. <u>Interest rate risk</u> LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments. The WAM (to reset) and the WAM (to final) for LAMP's total investments was 47 days and 100 days, respectively, at June 30, 2021.
- 5. Foreign currency risk Not applicable.

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the State Treasurer and the Board of Directors. LAMP, Inc. is not registered with the SEC as an investment company. If you have any questions, please feel free to contact the LAMP, Inc. administrative office at 800-249-5267.

For purposes of the statement of cash flows, the Sheriff considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

3. <u>DUE FROM OTHER GOVERNMENTAL UNITS:</u>

Amounts due from other governmental units at June 30, 2021, consist of the following:

St. Bernard Parish Government	\$ 44,607
State of Louisiana	135,121
U.S. Government:	
Federal grants	2,149,562
Prisoner care	764,434
Total	\$3,093,724

4. <u>CAPITAL ASSETS</u>:

Capital asset activity for the year ended June 30, 2021, was as follows:

	Balance			Balance	
	July 01, 2020	Additions	Deletions	June 30, 2021	
Land and building					
improvements	\$ 5,523,975	\$ -	\$ -	\$ 5,523,975

5. AD VALOREM TAXES:

The Sheriff is the ex-officio tax collector of the parish and is responsible for the collection and distribution of ad valorem property taxes. Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied by the parish government in June and are billed to taxpayers by the Sheriff in October. Billed taxes are due by December 31 becoming delinquent on January 1 of the following year. The taxes are based on assessed values determined by the Tax Assessor of St. Bernard Parish and are collected by the Sheriff. The taxes are remitted to the appropriate taxing bodies net of deductions for assessor's compensation and pension fund contributions.

Ad valorem taxes are budgeted and recorded in the year levied and billed. For the year ended June 30, 2021, law enforcement taxes applicable to the Sheriff's General Fund were levied at the rate of 31.99 mills on property with net assessed valuations totaling \$410,444,839. Total law enforcement taxes levied during 2021 were \$13,130,194.

6. <u>PENSION PLAN</u>:

Plan Description

Substantially all employees of the St. Bernard Parish Sheriff's Office are members of the Louisiana Sheriffs' Pension and Relief Fund (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana Sheriffs' Pension and Relief Fund, 1225 Nicholson Drive, Baton Rouge, Louisiana 70802, or by calling (225) 219-0500.

Benefits Provided

Retirement Benefits

For members who become eligible for membership on or before December 31, 2011: members with twelve years of creditable service may retire at age fifty-five; members with thirty years of service may retire regardless of age. The retirement allowance is equal to three and one-third percent of the member's average final compensation multiplied by his years of creditable service, not to exceed (after reduction for optional payment form) 100% of average final compensation. Active, contributing members with at least ten years of creditable service may retire at age sixty. The accrued normal retirement benefit is reduced actuarially for each month or fraction thereof that retirement begins prior to the member's earliest normal retirement date assuming continuous service.

6. <u>PENSION PLAN</u>: (Continued)

Benefits Provided (Continued)

Retirement Benefits (Continued)

For members whose first employment making them eligible for membership in the System began on or after January 1, 2012, members with twelve years of creditable service may retire at age sixty-two; members with twenty years of service may retire at age sixty; members with thirty years of creditable service may retire at age fifty-five. The benefit accrual rate for such members with less than thirty years of service is three percent; for members with thirty or more years of service, the accrual rate is three and one-third percent. The retirement allowance is equal to the benefit accrual rate times the member's average final compensation multiplied by his years of creditable service, not to exceed (after reduction for optional payment form) 100% of average final compensation. Members with twenty or more years of service may retire with a reduced retirement at age fifty.

For a member whose first employment making him eligible for membership in the System began on or before June 30, 2006, final average compensation is based on the average monthly earnings during the highest thirty-six consecutive months or joined months if service was interrupted. The earnings to be considered for each twelve-month period within the thirty-six-month period shall not exceed 125% of the preceding twelve-month period.

For a member whose first employment making him eligible for membership in the system began after June 30, 2006 and before July 1, 2013, final average compensation is based on the average monthly earnings during the highest sixty consecutive months or joined months if service was interrupted. The earnings to be considered for each twelve-month period within the sixty-month period shall not exceed 125% of the preceding twelve-month period.

For a member whose first employment making him eligible for membership in the system began on or after July 1, 2013, final average compensation is based on the average monthly earnings during the highest sixty consecutive months or joined months if service was interrupted. The earnings to be considered for each twelve-month period within the sixty-month period shall not exceed 115% of the preceding twelve-month period.

Disability Benefits

A member is eligible to receive disability benefits if he has at least ten years of creditable service when a non-service related disability is incurred; there are no service requirements for a service related disability. Disability benefits shall be the lesser of 1) a sum equal to the greatest of 45% of final average compensation or the members' accrued retirement benefit at the time of termination of employment due to disability, or 2) the retirement benefit which would be payable assuming continued service to the earliest normal retirement age. Members who become partially disabled receive 75% of the amount payable for total disability.

6. <u>PENSION PLAN</u>: (Continued)

Benefits Provided (Continued)

Survivor Benefits

Survivor benefits for death solely as a result of injuries received in the line of duty are based on the following conditions. For a spouse alone, a sum equal to 50% of the member's final average compensation with a minimum of \$150 per month. If a spouse is entitled to benefits and has a child or children under eighteen years of age (or over said age if physically or mentally incapacitated and dependent upon the member at the time of his death), an additional sum of 15% of the member's final average compensation is paid to each child with total benefits paid to spouse and children not to exceed 100%. If a member dies with no surviving spouse, surviving children under age eighteen will receive monthly benefits of 15% of the member's final average compensation up to a maximum of 60% of final average compensation if there are more than four children. If a member is eligible for normal retirement at the time of death, the surviving spouse receives an automatic Option 2 benefit. The additional benefit payable to children shall be the same as those available for members who die in the line of duty. In lieu of receiving Option 2 benefit, the surviving spouse may receive a refund of the member's accumulated contributions. All benefits payable to surviving children shall be extended through age twenty-three, if the child is a full time student in good standing enrolled at a board approved or accredited school, college, or university.

Deferred Benefits

The Fund does provide for deferred benefits for vested members who terminate before being eligible for retirement. Benefits become payable once the member reaches the appropriate age for retirement.

Back Deferred Retirement Option Plan (Back-DROP)

In lieu of receiving a service retirement allowance, any member of the Fund who has more than sufficient service for a regular service retirement may elect to receive a "Back-DROP" benefit. The Back-DROP benefit is based upon the Back-DROP period selected and the final average compensation prior to the period selected. The Back-DROP period is the lesser of three years or the service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. For those individuals with thirty or more years, the Back-DROP period is the lesser of four years or service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. At retirement the member's maximum monthly retirement benefit is based upon his service, final average compensation and plan provisions in effect on the last day of creditable service immediately prior to the commencement of the Back-DROP period. In addition to the monthly benefit at retirement, the member receives a lump-sum payment equal to the maximum monthly benefit as calculated above multiplied by the number of months in the Back-DROP period. In addition, the member's Back-DROP account will be credited with employee contributions received by the retirement fund during the Back-DROP period. Participants have the option to opt out of this program and take a distribution, if eligible, or to rollover the assets to another qualified plan.

6. PENSION PLAN: (Continued)

Benefits Provided (Continued)

Permanent Benefit Increases / Cost of Living Adjustments

As fully described in Title 11 of the Louisiana Revised Statutes, the Fund allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs), which are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature. Cost-of-living provisions for the Fund allows the board of trustees to provide an annual cost of living increase of 2.5% of the eligible retiree's original benefit if certain funding criteria are met. Members are eligible to receive a cost-of-living adjustment once they have attained the age of sixty and have been retired at least one year. Funding criteria for granting cost-of-living adjustments is dependent on the funded ratio.

Contributions

Plan members are required by state statute to contribute 10.25% of their annual covered salary and the St. Bernard Parish Sheriff is required to contribute at an actuarially determined rate. For the year ended June 30, 2021, the employer contribution rate is 12.25% of annual covered payroll. Contributions to the System also include one-half of one percent of the taxes shown to be collectible by the tax rolls of each parish and funds as required and available from insurance premium taxes. The contribution requirements of plan members and the St. Bernard Parish Sheriff are established and may be amended by state statute. As provided by R.S. 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The St. Bernard Parish Sheriff's contributions to the System for the year ending June 30, 2021, were \$1,771,133.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of</u> Resources Related to Pensions

At June 30, 2021, the Sheriff reported a liability for the Louisiana Sheriffs' Pension and Relief Fund of \$12,753,062 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liabilities used to calculate the net pension liability were determined by actuarial valuations as of that date. The Sheriff's proportion of the net pension liability for the retirement system was based on a projection of the Sheriff's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2020, the Sheriff's proportion for the Louisiana Sheriffs' Pension and Relief Fund was 1.842621%. This reflects an increase for the Louisiana Sheriffs' Pension and Relief Fund of 0.021497% from the Sheriff's proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the Sheriff recognized pension expense, for which there were no forfeitures, as follows:

	_Pen	sion Expense
SPRF	\$	3,216,351

6. <u>PENSION PLAN</u>: (Continued)

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u> (Continued)

At June 30, 2021, the Sheriff reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		SP	RF	
	I	Deferred		
	O	utflows of	Defe	erred Inflows
	R	lesources	of	Resources
Differences between expected				
and actual experience	\$	-	\$	1,490,575
Changes of assumptions		3,134,579		
Net difference between projected and actual				
earnings on pension plan investments		3,068,306		-
Changes in proportion and differences between				
employer and non-employer contributions				
and proportionate share of contributions		318,995		50,988
Employer and non-employer contributions				
subsequent to the measurement date		1,771,133		
Total	\$	8,293,013	\$	1,541,563

During the year ended June 30, 2021, employer contributions totaling \$1,771,133 were made subsequent to the measurement date for the Louisiana Sheriffs' Pension and Relief Fund. These contributions are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension expense will be recognized in pension expense as follows:

	SPRF		
Year ending June 30:			
2022	\$	753,436	
2023		1,412,836	
2024		1,528,867	
2025		1,109,316	
2026		175,862	
Total	\$	4,980,317	

6. <u>PENSION PLAN</u>: (Continued)

Actuarial Assumptions

The total pension liability for the Louisiana Sheriffs' Pension and Relief Fund in the June 30, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurements:

	SPRF
Actuarial cost method	Entry Age Normal
Actuarial assumptions:	
Expected remaining service lives	2020 - 6 years, 2019 - 6 years, 2018 - 6 years, 2017 - 7 years,
Expected remaining service lives	2016 - 7 years, 2015 - 6 years
Investment rate of return	7.00%, net of investment expense
Inflation rate	2.50% per annum
Projected salary increases	5.00% (2.50% Inflation, 2.50% merit)
	The present value of future retirement benefits is based on
	benefits currently being paid by the Fund and includes previously
Cost-of-living adjustments	granted cost-of-living increases. The present values do not include
Cost-or-living adjustments	provisions for potential future increases not yet authorized by the
	Board of Trustees as they were deemed not to be substantively
	automatic.
	Pub-2010 Public Retirement Plans Mortality Table for Safety
	Below-Median Employees multiplied by 120% for males and 115%
	for females for active members, each with full generational
	projection using the appropriate MP2019 scale
	Pub-2010 Public Retirement Plans Mortality Table for Safety-
Mortality	Below Median Healthy Retirees multiplied by 120% for males and
Wortanty	115% for females for annuitants and beneficiaries, each with full
	generational projection using the appropriate MP2019 scale.
	Pub-2010 Public Retirement Plans Mortality Table for Safety-
	Below Median Disabled Retirees multiplied by 120% for males
	and 115% for females for disabled annuitants, each with full
	generational projection using the appropriate MP2019 scale.
	Termination, disability, and retirement assumptions were projected
Termination and disability	based on a five-year (2014-2019) experience study of the System's
	members.

The long-term expected real rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

6. <u>PENSION PLAN</u>: (Continued)

<u>Actuarial Assumptions</u> (Continued)

Estimates of arithmetic real rates of return for each major asset class based on the Louisiana Sheriffs' Pension and Relief Fund's target asset allocation as of June 30, 2020, are as follows:

	Long-Term Expected Rate of Return			
			Long-Term Expected	
	Target Asset	Real Return	Portfolio Real	
	Allocation	Arithmetic Basis	Rate of Return	
Asset Class	<u>SPRF</u>	<u>SPRF</u>	<u>SPRF</u>	
Equity securities	62%	6.80%	4.20%	
Fixed income	23%	2.40%	0.60%	
Alternative investments	<u>15%</u>	4.70%	0.70%	
Totals	100%		5.50%	
Inflation			2.40%	
Expected arithmetic nominal return			7.90%	

Discount Rates

The discount rate used to measure the total pension liability for the Louisiana Sheriffs' Pension and Relief Fund was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the Louisiana Sheriffs' Pension and Relief Fund's actuary. Based on those assumptions, the Louisiana Sheriffs' Pension and Relief Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Sheriff's Proportionate Share of the Net Pension Liability to Changes in the Discount Rates

The following presents the Sheriff's proportionate share of the net pension liability using the discount rate of 7.00%, as well as what the Sheriff's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.00%) or one percentage-point higher (8.00%) than the current rate:

			Current		
1.0	0% Decrease	D	iscount Rate	1.0)% Increase
	6.00%		7.00%		8.00%
\$	23,163,990	\$	12,753,062	\$	4,070,857
	1.0		6.00%	1.0% Decrease Discount Rate 6.00% 7.00%	1.0% Decrease Discount Rate 1.0 6.00% 7.00%

6. <u>PENSION PLAN</u>: (Continued)

Support of Non-employer Contributing Entities

Contributions received by a pension plan from non-employer contributing entities that are not in a special funding situation are recorded as revenue by the respective pension plan. The Sheriff recognizes revenue in an amount equal to its proportionate share of the total contributions to the pension plan from these non-employer contributing entities. During the year ended June 30, 2021, the Sheriff recognized revenue as a result of support received from non-employer contributing entities of \$824,132 for its participation in the Louisiana Sheriffs' Pension and Relief Fund.

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Louisiana Sheriffs' Pension and Relief Fund's 2019 Annual Financial Report, which may be obtained by writing to the Louisiana Sheriffs' Pension and Relief Fund, 1225 Nicholson Drive, Baton Rouge, Louisiana, 70802, or by calling (225) 219-0500.

Payables to the Pension Plan

At June 30, 2021, \$259,938 was payable to the Louisiana Sheriffs' Pension and Relief Fund for June 2021 employee and employer legally required contributions.

7. DEFERRED COMPENSATION PENSION FUND:

All employees of the St. Bernard Parish Sheriff are required by law to contribute to a pension fund. Those employees who are not sheriffs or deputies and therefore not eligible to participate in the Louisiana Sheriffs' Pension and Relief Fund (see note 6), have the option of participating in the Louisiana Public Employees' Deferred Compensation Plan, or the Public Employees Benefit Services Corporation Deferred Compensation Program.

The Louisiana Public Employees' Deferred Compensation Plan (the "Plan") was adopted by the Louisiana Deferred Compensation Commission, effective September 15, 1982. The Plan was established in accordance with Louisiana Revised Statutes 42:1301 through 42:1308 and section 457 of the Internal Revenue Code of 1954, as amended, for the purpose of providing supplemental retirement income to employees and independent contractors by permitting such individuals to defer a portion of compensation to be invested and distributed in accordance with the terms of the Plan.

7. <u>DEFERRED COMPENSATION PENSION FUND</u>: (Continued)

The plan document states that no fund or other account shall be established to provide benefits under the terms of the Plan. All compensation deferred under the Plan, all property and rights purchased with such amounts and all income attributed to such amounts, property or rights shall be held for the exclusive benefit of participants and their beneficiaries. The maximum amount of compensation, which may be deferred during a calendar year, is limited by the Internal Revenue Code. The amount of the compensation deferred is reduced by compensation excludible from a participant's gross income under Internal Revenue Code Section 403(b), if any, which is attributable to contributions made by the employer.

The following is a summary of the payrolls covered and contributions made to the plan during the year ended June 30, 2021:

Total covered payroll		\$	7,200
	Percent	<u>A</u>	<u>mount</u>
Contributions:			
Employer	5.0%	\$	360
Employee	7.5%		540
Employee Additional			1,200
Total		\$	2,100

The Public Employees Benefit Services Corporation Deferred Compensation Program (the Program) was adopted effective March 1, 1996. The Program was established in accordance with section 457 of the Internal Revenue Code of 1954, as amended, for the purpose of providing supplemental retirement income to employees by permitting such individuals to defer a portion of compensation to be invested and distributed in accordance with the terms of the Program.

All assets and income are held in a trust custodial account for the exclusive benefit of the participants and their beneficiaries. The maximum amount of compensation, which may be deferred during a calendar year, is limited by the Internal Revenue Code.

7. DEFERRED COMPENSATION PENSION FUND: (Continued)

The following is a summary of the payrolls covered, deferrals, and employer contributions made to the Program during the fiscal year ended June 30, 2021:

Total covered payroll		\$196,627
	<u>Percent</u>	<u>Amount</u>
Contributions:		
Employer	5.0%	\$ 9,831
Employee	7.5%	14,747
Employee Additional		26,924
Total		\$ 51,502

Additional information relating to benefits payable under the Plans is provided in the Plan documents.

8. CHANGES IN CUSTODIAL FUND BALANCES:

A summary of changes in custodial fund balances due to taxing bodies and others follows:

	Tax		Cash	Inmate	
	Collector	Civil	Bond	Deposit	
	<u>Fund</u>	<u>Fund</u>	<u>Fund</u>	Fund	<u>Total</u>
Balance, July 1, 2020	\$ 4,546,950	\$ 193,837	\$ 280,581	\$ 31,013	\$ 5,052,381
Additions	102,938,998	1,039,353	97,531	392,955	104,468,837
Reductions	102,189,245	1,041,530	54,612	368,560	103,653,947
Balance, June 30, 2021	\$ 5,296,703	\$ 191,660	\$ 323,500	\$ 55,408	\$ 5,867,271

9. <u>LITIGATION AND CLAIMS</u>:

At June 30, 2021, the St. Bernard Parish Sheriff is a defendant in several lawsuits seeking damages. These lawsuits are in various stages of resolution; and since these cases and claims are characterized by conditions and complexities, estimation of the ultimate liability is extremely difficult. In cases where judgments have been reached, Louisiana courts have ruled that plaintiffs cannot seize the assets of the Sheriff. Accordingly, no provision for any liability that may result is made in the financial statements until the funds are appropriated by the Sheriff.

9. <u>LITIGATION AND CLAIMS</u>: (Continued)

The Sheriff was a defendant in a case that was settled in December 2013 in which the Sheriff was liable for \$650,000. The settlement called for the first payment of \$100,000 that was paid in December 2013. The remaining portion was to be paid over a 10-year period starting with \$100,000 being due in December 2014. The remaining \$450,000 was to be paid over the following 9 years at \$50,000 a year, due each December. The entire liability of \$650,000 was accrued on the Sheriff's books at June 30, 2013. At June 30, 2021, \$150,000 of the liability remained on the Sheriff's books, with \$50,000 being due within the next year.

In June 2019, the Sheriff, in its role as the Ex Officio Tax Collector of St. Bernard Parish, reached a settlement agreement with a taxpayer for the refund of sales and use taxes that were overpaid to taxing authorities in prior years. The settlement agreement calls for a \$1,000,000 settlement to be paid to the taxpayer in sixty (60) equal monthly installments of \$16,667, with the first installment due on July 31, 2019. The monthly settlement payments are considered reductions (refunds) within the Sheriff's Tax Collector Fund. Monthly settlement payments totaling \$200,000 were made in the year ended June 30, 2021.

10. RISK MANAGEMENT:

The Sheriff is exposed to risks of loss in the areas of auto liability, professional law enforcement liability, and workers' compensation. All of these risks are handled by purchasing commercial insurance coverage which includes deductibles. Currently, the St. Bernard Parish Sheriff is a defendant in several insured claims in various stages of resolution which may be subject to the deductible limits. It is possible that the St. Bernard Parish Sheriff could have exposure of up to \$150,000 for the claims.

11. <u>DUE TO/FROM OTHER FUNDS</u>:

The composition of interfund balances as of June 30, 2021, is as follows:

	Due From	Due To
	Other Funds	Other Funds
General Fund	\$ 1,357,075	\$ 1,694
Agency Fund:		
Tax Collector Fund	1,694	1,357,075
	\$ 1,358,769	\$ 1,358,769

The balance due to the General Fund from the Tax Collector Fund results from sales taxes, ad valorem taxes, and other taxes for the months of May and June 2021.

12. LEASES:

The Sheriff has entered into various operating leases for office equipment and office space in which operations are located. The minimum lease payments due under the leases at June 30, 2021, are as follows:

Fiscal Year	
2022	\$ 12,000
2023	12,000
2024	12,000
2025	12,000
2026	12,000
Thereafter	150,000
	\$ 210,000

Total lease expense incurred during the year ended June 30, 2021, was \$59,252.

13. FEDERAL ASSISTANCE:

The Sheriff participates in certain federal financial assistance programs. The programs have been audited in accordance with (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* in prior years. Audits of prior years have not resulted in any disallowance of costs; however, the grantor agency may provide for further examinations. Based on past experience, the Sheriff believes that further examinations would not result in any material disallowed costs.

The Sheriff incurred various emergency expenses related to Hurricane Katrina, various other hurricanes and tropical systems, and the COVID-19 Pandemic. In addition, all buildings and facilities owned by the Sheriff received significant storm damage. Most of these costs are eligible for reimbursement through the Federal Emergency Management Agency's (FEMA) Public Disaster Assistance Program. For the year ended June 30, 2021, claims totaling \$1,955,171 were filed with FEMA. At June 30, 2021, \$2,149,562 has been recorded as a receivable for current and prior year projects. These amounts relate to project worksheets where the work has been completed and the total loss can be estimated. Many projects are still ongoing as of the date of this report. The total amount of claims may ultimately be more or less than the amount noted due to various uncertainties (i.e. scope of loss, construction costs, etc.).

14. OTHER POSTEMPLOYMENT BENEFITS (OPEB):

Plan Description:

The St. Bernard Parish Sheriff provides certain continuing health care and life insurance benefits for its retired employees.

14. OTHER POSTEMPLOYMENT BENEFITS (OPEB): (Continued)

<u>Plan Description:</u> (Continued)

The St. Bernard Parish Sheriff's OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the Sheriff. The authority to establish and/or amend the obligation of the employer, employees, and retirees' rests with the Sheriff. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Governmental Accounting Standards Board (GASB) Statement No. 75.

Benefits Provided:

Medical and life insurance benefits are provided to employees upon actual retirement. The employer pays 100% of the medical coverage for the retiree only (not dependents). The employer also pays for life insurance coverage after retirement. Employees are covered by a retirement system whose retirement eligibility provisions are age 55 and 15 years of service.

Life insurance coverage is continued to retirees and the employer pays for the first \$10,000 of coverage. The retiree may elect to "pay" for the excess over \$10,000 while the employer pays for the first \$10,000 of life insurance after retirement. Both are based on an unblended rate applicable to retirees as required by GASB 75 and there is not any implied subsidy to be added to the OPEB cost for life insurance. Based on prior experience with the current retiree group, it has been assumed that one-third of retirees elect to continue the excess insurance coverage over \$10,000.

Employees Covered by Benefit Terms:

At July 1, 2020, the following employees were covered by the benefit terms:	
Inactive employees or beneficiaries currently receiving benefit payments	39
Active employees	267
	306

Total OPEB Liability:

The Sheriff's total OPEB liability of \$14,896,261 was measured as of July 1, 2020, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs:

The total OPEB liability in the July 1, 2020, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%

Salary increases 4.00%, including inflation

14. OTHER POSTEMPLOYMENT BENEFITS (OPEB): (Continued)

<u>Actuarial Assumptions and Other Inputs</u>: (Continued)

Discount rate	2.21% annually (Beginning of Year to determine ADC)
	2.16% annually (As of End of Year Measurement Date)
Healthcare cost trend rates	5.50% annually for ten years, 4.50% annually thereafter
Mortality	SOA RP-2000 Table

The discount rate was based on the Bond Buyers' 20 Year General Obligation municipal bond index as of June 30, 2021, the end of the applicable measurement period.

The actuarial assumptions used in the July 1, 2020, valuation were based on the results of ongoing evaluations of the assumptions from July 1, 2011 to June 30, 2021.

<u>Changes in the Total OPEB Liability</u>:

	Total OPEB	
		<u>Liability</u>
Balance at June 30, 2020	\$	13,419,084
Changes for the year:		
Service cost		411,090
Interest		293,633
Differences between expected and actual experience		595,319
Changes of assumptions		442,178
Benefit payments, net transfers, and direct expenses		(265,043)
Net changes		1,477,177
Balance at June 30, 2021	\$	14,896,261

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate:

The following presents the total OPEB liability of the Sheriff, as well as what the Sheriff's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.16%) or 1-percentage-point higher (3.16%) than the current discount rate:

	1.0% Decrease	Current Discount	1.0% Increase
	(1.16%)	Rate (2.16%)	(3.16%)
Total OPEB liability	\$ 18,002,925	\$ 14,986,261	\$ 12,498,316

14. OTHER POSTEMPLOYMENT BENEFITS (OPEB): (Continued)

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates:

The following presents the total OPEB liability of the Sheriff, as well as what the Sheriff's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (4.50%) or 1-percentage-point higher (6.50%) than the current healthcare trend rates:

		Current Healthcare	
	1.0% Decrease	Cost Trend Rate	1.0% Increase
	(4.5%)	(5.50%)	(6.50%)
Total OPEB liability	\$ 12,799,954	\$ 14,896,261	\$ 17,636,807

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB:

For the year ended June 30, 2021, the Sheriff recognized OPEB expense of \$689,144. At June 30, 2021, the Sheriff reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ <u>2,128,619</u>	\$ <u>2,128,619</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Years ending	
2022	\$ (62,063)
2023	(62,063)
2024	(62,063)
2025	(62,063)
2026	(62,063)
Thereafter	(139,375)
	\$ <u>(449,690)</u>

As of June 30, 2021, the Sheriff had no outstanding payable to the OPEB plan.

15. <u>EX-OFFICIO TAX COLLECTOR</u>:

The amount of cash on hand at June 30, 2021, relating to ad valorem taxes and sales taxes was \$5,203,806. The bank balances of the Tax Collector Fund at June 30, 2021, consisted of:

Ad Valorem Taxes	\$ 1,176,012
Sales Taxes	3,738,988
Other	 288,806
Total	\$ 5,203,806

The book balances of the Tax Collector Fund at June 30, 2021, consisted of:

Ad Valorem Taxes	\$ 1,159,566
Sales Taxes	3,711,266
Other	 289,357
Total	\$ 5,160,189

The amount of ad valorem taxes collected and distributed during the year ended June 30, 2021, by taxing authority was as follows:

The schedule is intended to report information for ten years. Additional years will be displayed as they become available.

1. <u>BUDGETARY BASIS OF ACCOUNTING</u>

The General Fund budgetary comparison schedule has been presented on the modified accrual basis of accounting, which is consistent with the accounting principles generally accepted in the United States of America.

2. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

The actuarial methods and assumptions used to calculate the total OPEB liability are described in Note 14 to the financial statements.

No assets are accumulated in a trust that meets the criteria in GASB Statement No. 75, paragraph 4.

Changes in Benefit Terms

There were no changes in benefit terms during any of the years presented.

3. LOUISIANA SHERIFFS' PENSION AND RELIEF FUND (PENSION)

Changes in Benefit Terms

There were no changes in benefit terms noted for the measurement period ended June 30, 2021.

The following changes in benefit terms were noted during the measurement period ended June 30, 2019:

• Act 77 of the 2019 Regular Session of the Louisiana Legislature clarifies rules related to permanent benefit increases (previously referred to as cost of living increases). The statutes provide for two permanent benefit increase types and specifically provide that the system may not grant both permanent benefit increases in the same fiscal year. The first permanent benefit increase type, when payable, may not exceed two and one-half percent of the normal monthly benefit payable to the retiree, disability recipient, or survivor on the date the increase is granted. In addition, the dollar amount of the increase may not exceed five percent of the average monthly benefit in payment to service retires as of the end of the preceding fiscal year. The second permanent benefit increase type, when payable, provides a permanent benefit increase of two percent of the monthly benefit to all retirees, disability recipients, and survivors who are at least sixty-five years of age on the date the increase is granted.

There were no changes in benefit terms noted for the measurement period ended June 30, 2018.

There were no changes in benefit terms noted for the measurement period ended June 30, 2017.

The following changes in benefit terms were noted during the measurement period ended June 30, 2016:

- Act 323 of the 2016 Regular Session of the Louisiana Legislature added R.S. 11:2178(D)(4) related to disability benefits, retirement benefits, and death benefits of the Sheriffs' Pension and Relief Fund. Effective June 30, 2016, the Act provided the following:
 - O That when a member dies in the line of duty because of an intentional violent act the surviving spouse or minor children or both shall be eligible to receive death benefit in accordance with new law.
 - o That the surviving spouse shall be eligible to receive the greater of 50% of the member's final average compensation (FAC) or a reduced benefit as if the member had retired on the date of death.

3. LOUISIANA SHERIFFS' PENSION AND RELIEF FUND (PENSION) (Continued)

Changes in Benefit Terms (Continued)

- That if the member leaves a child or children in addition to the surviving spouse, the child or children shall be eligible to receive a benefit equaling the difference between the benefit received by the spouse and 100% of the member's FAC. The difference shall be divided equally among the children. New law further provides that in no case shall the benefit total be more than 100% of the member's FAC.
- o That when a child reaches the age of 18, the benefit shall cease unless the child is enrolled as a full-time student in good standing at a board-approved or accredited school, college, or university and is under the age of 23.
- O That in the event of the death of the surviving spouse while any eligible surviving child or children are still eligible to receive a benefit, the surviving spouse's portion of the death benefit shall be divided equally amongst all eligible children.
- That if there is no surviving spouse, any child or children shall be eligible to receive 100% of the member's FAC divided equally among the surviving children.
- That if there is no surviving spouse, the benefit payable to the minor child or children shall be paid to a trust satisfactory to the Fund and established by law.

The following changes in benefit terms were noted during the measurement period ended June 30, 2015:

- Act 136 of the 2015 Regular Session of the Louisiana Legislature amended R.S. 11:2175(C)(3)(c) and 2175.2(A)(3) and (C), and repealed R.S. 11:105(A)(5) related to Sheriffs' Pension and Relief Fund. Effective June 30, 2015, the Act provided the following:
 - o For the purchase of a maximum of 5 years of certain service credits at the time of retirement. Prior law allowed the purchase of a maximum of 3 years of this service credit. Law requires the purchaser to pay the actuarial cost of the benefits purchased.

There were no changes in benefit terms noted for the measurement period ended June 30, 2014.

ST. BERNARD PARISH SHERIFF CHALMETTE, LOUISIANA SUPPLEMENTARY INFORMATION PROPRIETARY FUNDS - INTERNAL SERVICE FUNDS FOR THE YEAR ENDED JUNE 30, 2021

<u>INTERNAL SERVICE FUNDS DESCRIPTIONS:</u>

Auto Claims Fund

This fund provides coverage for property damage and personal injury cases caused by employees of the Sheriff. Limited coverage is provided through participation in the Louisiana Sheriff's Risk Management Program (a public entity risk pool). This program provides coverage on professional liability cases at the rate of \$100,000/claim and \$500,000/aggregate. For amounts in excess of this coverage, the Sheriff is self-insured. For auto loss claims, the Sheriff is self-insured up to \$50,000 per accident. Excess liability coverage is in effect for all claims over \$50,000, but not exceeding \$2,000,000. All claims are accounted for in this fund.

Medical Claims Fund

This fund pays medical claims of the Sheriff's employees and their covered dependents. The Sheriff is self-insured up to \$85,000 per claim. The Sheriff has a re-insurance policy with a private carrier which provides "stop-loss" coverage for claims exceeding \$85,000. Funding comes from the Sheriff's General Fund and from the charges for premiums collected from employees.

ST. BERNARD PARISH SHERIFF CHALMETTE, LOUISIANA SUPPLEMENTRY INFORMATION FIDUCIARY FUND TYPE – CUSTODIAL FUNDS FOR THE YEAR ENDED JUNE 30, 2021

CUSTODIAL FUNDS DESCRIPTIONS:

Tax Collector Fund

Article V, Section 27 of the Louisiana Constitution of 1974 provides that the Sheriff will serve as the Ex-Officio Tax Collector of the state and parish taxes and fees levied within the parish boundaries. The Tax Collector Fund accounts for the collection and distribution of these taxes and fees to the appropriate taxing bodies.

Civil Fund

The Civil Fund accounts for funds in connection with civil suits, Sheriff's sales and garnishments, and payment of these collections to the Sheriff's General Fund and other recipients in accordance with applicable laws.

Cash Bond Fund

The Cash Bond Fund accounts for the collections of bonds, fines, and costs and payment of these collections to the recipients in accordance with applicable laws.

Inmate Deposit Fund

The Inmate Deposit Fund accounts for the receipts and disbursements made to the individual prison inmate accounts.

ST. BERNARD PARISH SHERIFF CHALMETTE, LOUISIANA NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2021

1. BASIS OF PRESENTATION:

The accompanying schedule of expenditures of federal awards includes the federal award activity of the St. Bernard Parish Sheriff under programs of the federal government for the year ended June 30, 2021. The information in the schedule of expenditures of federal awards is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Because the schedule of expenditures of federal awards presents only a selected portion of the operations of the St. Bernard Parish Sheriff, it is not intended to and does not present the financial position, changes in net assets, of cash flows of the St. Bernard Parish Sheriff.

2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:</u>

The Schedule of Expenditures of Federal Awards of the St. Bernard Parish Sheriff has been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. Expenditures are recognized when incurred.

3. INDIRECT COST RATE:

The St. Bernard Parish Sheriff has elected not to use 10% de minimis indirect cost rate allowed under the Uniform Guidance.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the St. Bernard Parish Sheriff (the Sheriff) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Sheriff's basic financial statements, and have issued our report thereon dated March 31, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the St. Bernard Parish Sheriff's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, we do not express an opinion on the effectiveness of the Sheriff's internal control.

www.dhhmcpa.com

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control that we consider to be a material weakness and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned cost as items 2021-01 and 2021-04 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2021-02 and 2021-03 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sheriff's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and is described in the accompanying schedule of findings and questioned costs as 2021-04

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Sheriff's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sheriff's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

March 31, 2022

Honorable James J. Pohlmann St. Bernard Parish Sheriff Chalmette, Louisiana

Report on Compliance for Each Major Federal Program

We have audited the St. Bernard Parish Sheriff (the Sheriff)'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Sheriff's major federal programs for the year ended June 30, 2021. The Sheriff's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

www.dhhmcpa.com

Members American Institute of Certified Public Accountants Society of LA CPAs

ST. BERNARD PARISH SHERIFF CHALMETTE, LOUISIANA SHERIFF'S RESPONSES TO AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2021

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the St. Bernard Parish Sheriff's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Sheriff's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Sheriff's compliance.

Opinion on Each Major Federal Program

In our opinion, the St. Bernard Parish Sheriff complied, in all material respects, with the types of compliance requirements referred above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is reuried to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as 2021-04. Our opinion on each major federal program is not modified with respect to these matters.

The Sheriff's office response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Sheriff's office response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report On Internal Control over Compliance

Management of the St. Bernard Parish Sheriff is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Sheriff's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal

ST. BERNARD PARISH SHERIFF CHALMETTE, LOUISIANA SHERIFF'S RESPONSES TO AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2021

control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of St. Bernard Parish Sheriff's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as 2021-04 to be a material weakness. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

ST. BERNARD PARISH SHERIFF CHALMETTE, LOUISIANA SHERIFF'S RESPONSES TO AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2021

ST. BERNARD PARISH SHERIFF'S OFFICE SHERIFF JAMES J. POHLMANN

March 30, 2022

Duplantier, Hrapmann, Hogan, & Maher, LLP, CPAs 1615 Poydras Street, Suite 2100 New Orleans, LA 70112

Re: Sheriff's Responses

Below are the Sheriff's responses to the Schedule of Findings and Questioned Cost for which I have signed.

2021-01

The noted same overtime hours paid for the previous pay period was an isolated incident for only one department that was submitted in error. This overpayment to the employees has been remedied through payroll reimbursement and has been fully reimbursed. The Sheriff's office has a dual level of payroll timesheet submission review so this type of incident does not occur in the future.

2021-02 and 2021-03

Based on the noted findings related to (SAS 15) the Sheriff's office does not believe it would be an efficient use of resources to contract the service to correct the deficiencies for the required journal entries related to the accruals and property and equipment accounts and the preparation of its annual financial statements which are mitigated by the review and approval of the Chief Financial Officer and the auditors.

2021-04

Based on the finding of time sheets and trip sheets for reimbursement of forced account equipment summary not agreeing to each other, the Sheriff's office will review along with the contracted professional service disaster specialist more thoroughly so it agrees to prior to submission to the State of Louisiana and Federal Government for reimbursement.

Bryan Polk, CPA St. Bernard Sheriff's Office - CFO

#2 Courthouse Square, Chalmette, Louisiana 70043 504-271-2504

Name of Program	CFDA Number	Expenditures
Disaster Grants – Public	97.036	\$ 1,471,692
Dollar threshold used to distinguish between Type A and T	vne B programs:	\$ 750,000
Auditee qualified as low-risk auditee?		<u>X</u> no
Thaties qualified as low fish addition:	yes	<u> </u>

SECTION II - FINDINGS REQUIRED TO BE REPORTED UNDER GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS:

2021-01 INTERNAL CONTROL – PAYROLL DISBURSEMENTS:

Criteria:

Review of payroll records and time sheets should be reviewed prior to final payroll disbursement.

Condition and Cause:

It was noted during the audit that several employee's hurricane related overtime hours paid did not match to the hours recorded to the corresponding time sheets in September of 2020. Upon further investigation, it was noted that the employees were paid for overtime hours worked in addition to overtime hours from the previous pay period, in which they were already paid. This caused an overpayment in payroll and payroll expense to be overstated.

Effect:

Employees were paid for overtime hours in which they were already paid. Approximately \$11,000 was overpaid to employees.

Recommendation:

It is recommended that the St. Bernard Parish Sheriff's Office be more diligent in reviewing time sheets and payroll records.

2021-02 Journal Entries

Condition and Criteria

The Sheriff's Office maintains its books on the cash basis of accounting. Therefore, journal entries were required as part of the audit for financial statement misstatements related to accruals and property and equipment accounts. Generally accepted auditing standards now consider year-end adjusting entries prepared by the auditor to be a significant deficiency in internal control.

Cause

Statement on Auditing Standards (SAS) 115 requires that we report the above condition as a control deficiency. The SAS does not provide exceptions to reporting control deficiencies that are mitigated with non-audit services rendered by the auditor or deficiencies for which the remedy would be cost prohibitive or otherwise impractical. The Sheriff's Office has relied on its auditor to identify and correct such financial statement misstatements.

2021-03 - Preparation of Financial Statements

Condition and Criteria

The Sheriff's Office does not prepare its financial statements in accordance with generally accepted accounting principles. As is common in small entities, the Sheriff's Office has chosen to engage the auditor to prepare its annual financial statements. This condition is intentional by management, along with the cost effectiveness of acquiring the ability to prepare the financial statements in accordance with generally accepted accounting principles.

Cause

Statement on Auditing Standards (SAS) 115 requires that we report the above condition as a control deficiency. The SAS does not provide exceptions to reporting deficiencies that are mitigated with non-audit services rendered by the auditor or deficiencies for which the remedy would be cost prohibitive or otherwise impractical.

Recommendation

As mentioned, whether or not it would be cost effective to cure a control deficiency is not a factor in applying SAS 115's reporting requirements. Because prudent management requires that the potential benefit from an internal control must exceed its cost, it may not be practical to correct all the deficiencies noted under SAS 115. In this case, we do not believe that curing the significant deficiency described in this finding would be cost effective or practical and accordingly, we do not believe any corrective action is necessary.

SECTION III - FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS:

2021-04 FEDERAL AWARDS REIMBURSEMENT SUBMISSION:

Criteria:

St. Bernard Sheriff's Office and contracted Federal Grant administrator should ensure time sheets and trip sheets are reviewed and agreed to amounts submitted for reimbursement.

Condition and Cause:

It was noted during the audit that some trip sheets for vehicles were not submitted to FEMA for reimbursement. In addition there were trip sheets submitted for some vehicles that showed more hours than were actually worked by the employee operating those vehicles.

Effect:

Vehicle trip sheets submitted to FEMA for vehicle usage were overstated when compared to the time sheets on the actual number of hours worked by the employees.

Recommendation:

It is recommended that the St. Bernard Parish Sheriff's Office and the contracted administrator reconcile the vehicle trip sheets prior to submitting to ensure accurate reporting of expenses submitted for reimbursement.

2020-01 INTERNAL CONTROL – SALES TAX COLLECTIONS:

Criteria:

As the ex-officio tax collector of the parish, the Sheriff is responsible for collecting and distributing ad valorem property taxes, sales taxes, parish occupational licenses, state revenue sharing funds, sporting licenses, fines, costs, and bond forfeitures imposed by the District Court.

The Sheriff's Office should have controls in place to prevent misappropriation of cash receipts.

Condition and Cause:

It was noted during the audit that an employee working in the sales tax collection office was alleged to have altered sales tax collection receipts and misappropriated sales tax collections that had been received in the form of cash. Upon discovery of the alleged misappropriation, the St. Bernard Parish Sheriff's Office notified its Internal Affairs Department. A preliminary investigation into the alleged misappropriation of funds was performed by a third party inspector and completed in February 2021. A report was released to the St. Bernard Parish Sheriff's Office summarizing the results of the investigation. Based upon the results of the investigation, the St. Bernard Parish Sheriff's Office had reasonable cause to believe that there had been irregularities and a possible misappropriation of public funds. The Sheriff's Office terminated the employee in February 2021. The estimated amount of the misappropriation is approximately \$40,000 based on the two years investigated. Although internal controls are in place for checks received, there were no controls in place for cash received. The Sheriff's Office no longer accepts cash payments.

Effect:

The preliminary investigation covered a period of approximately two years and resulted in a conclusion of there being approximately \$40,000 in sales tax collection discrepancies and possible misappropriation. The total amount has not yet been determined, as the Sheriff Offices investigations into the matter are still ongoing.

This finding was resolved in the current year.

2020-02 COMPLIANCE WITH LAWS:

Criteria:

As the ex-officio tax collector of the parish, the Sheriff is responsible for collecting and distributing ad valorem property taxes, sales taxes, parish occupational license, state revenue sharing funds, sporting licenses, fines, costs, and bond forfeitures imposed by the District Court.

Per Louisiana Revised Statute 24:523: an agency head of an auditee who has actual knowledge of or reasonable cause to believe that there has been a misappropriation of the public funds or assets of his agency shall immediately notify, in writing, the legislative auditor and the district attorney of the parish in which the agency is domiciled of such misappropriation. "Reasonable cause" shall include information obtained as a result of the filing of a police report, an internal audit finding, or other source indicating such a misappropriation of agency funds or assets has occurred.

Condition and Cause:

It was noted during the audit that an employee working in the sales tax collection office was alleged to have altered sales tax collection receipts and misappropriated sales tax collections that had been received in the form of cash.

The Sheriff's Office notified the Louisiana Legislative Auditor's Office and the St. Bernard Parish District Attorney's on March 31, 2021. The investigation is still ongoing. At the conclusion of its investigation, the Sheriff's office intends to pursue charges against the former employee and seek restitution.

Effect:

The Louisiana Legislative Auditor's Office and the St. Bernard District Attorney's Office were not notified timely as required by Louisiana Revised Statute 24:523 and therefore no outside investigation has taken place as of March 31, 2021, the date of our report.

This finding was resolved in the current year.

2020-02 COMPLIANCE WITH LAWS:

Criteria:

As the ex-officio tax collector of the parish, the Sheriff is responsible for collecting and distributing ad valorem property taxes, sales taxes, parish occupational license, state revenue sharing funds, sporting licenses, fines, costs, and bond forfeitures imposed by the District Court.

Per Louisiana Revised Statute 24:523: an agency head of an auditee who has actual knowledge of or reasonable cause to believe that there has been a misappropriation of the public funds or assets of his agency shall immediately notify, in writing, the legislative auditor and the district attorney of the parish in which the agency is domiciled of such misappropriation. "Reasonable cause" shall include information obtained as a result of the filing of a police report, an internal audit finding, or other source indicating such a misappropriation of agency funds or assets has occurred.

Condition and Cause:

It was noted during the audit that an employee working in the sales tax collection office was alleged to have altered sales tax collection receipts and misappropriated sales tax collections that had been received in the form of cash.

The Sheriff's Office notified the Louisiana Legislative Auditor's Office and the St. Bernard Parish District Attorney's on March 31, 2021. The investigation is still ongoing. At the conclusion of its investigation, the Sheriff's office intends to pursue charges against the former employee and seek restitution.

Effect:

The Louisiana Legislative Auditor's Office and the St. Bernard District Attorney's Office were not notified timely as required by Louisiana Revised Statute 24:523 and therefore no outside investigation has taken place as of March 31, 2021, the date of our report.

This finding was resolved in the current year.
