INDEPENDENT AUDITORS' REPORT

Board of Directors
McNeese State University Foundation
Lake Charles, Louisiana

Opinion

We have audited the accompanying financial statements of the governmental activities of McNeese State University Foundation (a non-profit corporation), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities of McNeese State University as of June 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of McNeese State University Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McNeese State University Foundation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of McNeese State University Foundations internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McNeese State University Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information included on pages 35 through 36 is presented for the purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 14, 2023, on our consideration of McNeese State University Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering McNeese State University Foundation's internal control over financial reporting and compliance.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Organization and purpose

The McNeese State University Foundation (“the Foundation”) is a not-for-profit organization which was formed to promote the educational and cultural welfare of McNeese State University by accepting gifts for the purpose of providing scholarships for students, professorships for educational research, or such other designated projects for the benefit of the University. The principal sources of support are from alumni of McNeese State University as well as businesses and individuals located in southwest Louisiana.

Basis of Accounting

The financial statements of the Foundation have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities. The FASB has established the Accounting Standards Codification (“ASC”) as the source of authoritative accounting principles to be applied in the preparation of financial statements in accordance with GAAP. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for general use and not subject to donor restrictions.

Net Assets With Donor Restrictions – Net assets that are contributions and endowment investment earnings subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature that may or will be met, either by actions of the Foundation and/or the passage of time. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates those resources be maintained in perpetuity. As of June 30, 2023 and 2022, the Foundation's net assets with donor restrictions are restricted for funding chairs and professorships, scholarships and fellowships, academic support and development, research support and institutional support programs specified by the donors.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of donor-imposed restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

The Foundation reports gifts of land, buildings, equipment, and other assets as revenues without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as revenue with donor restrictions. The Foundation reports expirations of donors' restrictions when the donated or acquired long-lived assets are placed in service.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

For accounting and reporting purposes, cash and cash equivalents include cash on hand, cash in bank, and all highly liquid investments with original maturities of three months or less.

Cash and Cash Equivalents - Restricted

Certain cash and cash equivalents are restricted as to use based on donor stipulations or contractual conditions. At June 30, 2023 and 2022, such restricted amounts were \$334,719 and \$134,918, respectively.

Promises To Give

Unconditional promises to give are recognized as revenue in the period received. Promises to give are recorded at their realizable value if they are expected to be collected in one year and at their fair value if they are expected to be collected in more than one year. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional. An allowance for doubtful accounts has been established based on management's assessment of collectability.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statements of financial position. Income or loss on investments, including realized and unrealized gains and losses on investments, interest and dividends, are allocated ratably to the participating funds. Investment gains on restricted net assets are classified consistent with the related investment income unless specific donor or legal restrictions dictate otherwise.

Realized gains and losses and declines in value judged to be other than temporary, are included in net appreciation (depreciation) of investments. Realized gains and losses on the sales of securities are determined using the specific-identification method. A decline in the fair value of investments below cost that is deemed to be other than temporary results in a charge to change in net assets and the establishment of a new cost basis for the investment.

In accordance with Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820), the Foundation does not categorize, within the fair value hierarchy, all investments for which fair value is measured using the net asset value per share practical expedient.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Fair Values of Financial Instruments

The Foundation's financial instruments, excluding investments which are described in Note 5, include cash and cash equivalents and unconditional promises to give. The Foundation estimates that the fair values of all these financial instruments at June 30, 2023 and 2022 do not differ materially from the aggregate carrying values of these financial instruments recorded in the accompanying statements of financial position.

Contributions

Contributions received are recorded as support with or without donor restrictions. All donor-restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is met), net assets with donor restrictions are reclassified to net assets without donor restrictions, as appropriate, and reported in the consolidated statements of activities and changes in net assets as net assets released from restrictions.

Property and equipment

Purchased property and equipment is recorded at cost. Property and equipment donated to the Foundation is recorded at its fair value at date of donation which is then treated at cost. The Foundation maintains a threshold level of \$1,000 or more for capitalizing capital assets. Maintenance and repairs are expensed as incurred; however, those that significantly increase asset values or extend the useful lives are capitalized. Depreciation is provided over the estimated useful lives, on a straight-line basis. Depreciation is computed by the straight-line method at rates based on the following estimated useful lives:

	<u>Years</u>
Buildings and improvements	15 years
Equipment	5 years
Furniture and fixtures	7 years

Donated Property

Donated property is reflected as a contribution in the accompanying statements at its estimated value at date of receipt. Donated properties are not used for Foundation operations.

Impairment of Long-Lived Assets

The carrying value of property and equipment are reviewed for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2023 or 2022.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Funds Held in Custody

The Foundation considers all state matching funds and unexpended income from these funds to be reported as funds held in custody. All funds held in custody are recorded at their estimated fair market value.

Restricted and Unrestricted Revenue

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions received are recorded as support with or without donor restrictions. All donor-restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is met), net assets with donor restrictions are reclassified to net assets without donor restrictions, as appropriate, and reported in the statements of activities and changes in net assets as net assets released from restrictions.

Rental income from operating leases is recognized over the terms of the related leases as the rent becomes due. Recoveries from tenants for operating expenses are recognized as revenues in the period the corresponding costs are incurred. Rental payments received in advance are deferred until earned. All leases between the Foundation and the tenants of the property are operating leases. Tenant rent charges for the current month are generally due on the first of the month.

Contributed Services and Tangible Personal Property

In accordance with the implementation of FASB ASC 958-720-25-9, the Foundation recognizes contributed services at their fair value when the services have value to the Foundation, require specialized skills, are provided by individuals possessing those skills, and would have been purchased if not provided by the McNeese State University. See Note 13 for further details.

The Foundation occasionally receives contributions of equipment. These contributions are used in providing services to the Foundation, for educational research, or such other designated projects for the benefit of the University. The contributions are recognized at the item's fair value at the date of donation, estimated using sales prices for items of similar condition.

For the year ended June 30, 2023 and 2022, respectively, the Foundation received the following noncash contributions, which enhanced the Foundation as a whole:

	2023	2022
Professional services and other benefits	\$ 382,297	\$ 454,965
Equipment and supplies	25,917	2,400
	<u>\$ 408,214</u>	<u>\$ 457,365</u>

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Functional Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities and functional expenses. All expenses have been specifically identified with a program or supporting service have been charged to their program. The Statement of Functional Expense present a reconciliation of expense by natural classification to expenses by function

Required Transfers

The Foundation has received various matching grants from the State of Louisiana under the Eminent Scholars Endowed Chairs and Endowed Professorships programs, which are only approved after certain levels of private funding have been raised. The Foundation must comply with certain policies, procedures, and regulations regarding the administration of these programs. One of the requirements of the Board of Regents for Higher Education's investment policy relates to increasing each program's endowment balance each year. Some transfers to permanently restricted net assets were made to comply with this policy.

Income Taxes

The Foundation is a nonprofit organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes on related income pursuant to Section 501 (a) of the Internal Revenue Code. Accordingly, no provision for income taxes on related income has been included in the financial statements.

The Foundation applies the accounting guidance related to accounting for uncertainty in income taxes, which sets out a consistent framework to determine the appropriate level of tax reserves to maintain for uncertain tax positions. The Foundation recognizes the effect of income tax positions only if the positions are more likely than not of being sustained. Recognized income tax positions are recorded at the largest amount that is greater than 50% likely of being realized. Changes in the recognition or measurement are reflected in the period in which the change in judgment occurs. The Foundation has evaluated its position regarding the accounting for uncertain income tax positions and does not believe that it has any material uncertain tax positions.

The Foundation's federal Return of Organization Exempt from Income Taxes (form 990) is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Foundation believes it is no longer subject to income tax examinations for a period beyond three years from the filing of those returns.

Financial Instruments and Credit Risk

The Foundation manages deposit concentration risk by placing cash, money market accounts, and certificates of deposit with financial institutions believed to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, the Foundation has not experienced losses in any of these accounts.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Financial Instruments and Credit Risk (continued)

Credit risk associated with promises to give is considered to be limited due to high historical collection. Unconditional promises to give and substantially all donations are derived from local donors in Southwest Louisiana.

Investments which subject the Foundation to concentrations of credit risk consist primarily of investments in long-term corporate and governmental fixed income instruments; equity holdings of domestic and international corporations; mutual funds which invest in various marketable securities and various hedge funds. The hedge funds utilize a variety of financial instruments in their trading strategies, including equity and debt securities of both U.S. and foreign issuers, public and non-public, as well as a variety of derivative instruments. Investments are made by diversified investment managers whose performance is monitored by the Foundation and the investment committee of the Board of Directors. Although the fair values of investments are subject to fluctuation on a year-to-year basis, the Foundation and the investment committee believe that the investment policies and guidelines are prudent for the long-term welfare of the Foundation.

Advertising

Advertising costs are expensed as incurred. For the years ended June 30, 2023 and 2022, the Foundation expensed \$12,726 and \$2,955, respectively.

Reclassification

Certain reclassifications have been made on the June 30, 2022 financial statements and footnotes to conform to the June 30, 2023 presentation. Net position and change in net position are unchanged due to these reclassifications.

Recently Adopted Accounting Standards

The Foundation adopted Accounting Standards Update (ASU) No. 2016-02, Leases. This accounting standard requires lessees to recognize assets and liabilities related to lease agreements longer than 12 months on the statement of financial position as well as additional disclosures. The Foundation determined that the ASU did not have a material impact on its presentation of operating leases in which it is the lessee and has not changed its basis of presentation. Certain changes have been made related to the presentation of assets held by the Foundation as lessor. The adoption of this standard did not have a material impact on the Foundation's financial statements and related notes disclosures as of the implementation date and as of June 30, 2023.

2. CASH AND CASH EQUIVALENTS

The Foundation maintains deposit accounts with large, multi-state financial institutions. The balances at each of these financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. The Foundation has not experienced any losses in such accounts. As of June 30, 2023, the uninsured balance was \$2,609,062. The Foundation also has money-market holdings as part of its managed investment accounts in the amounts of \$1,091,823 and \$503,801 at June 30, 2023 and 2022, respectively, which are not secured.

2. CASH AND CASH EQUIVALENTS – (Continued)

Deposits with Louisiana Asset Management Pool (“LAMP”) totaled \$29,797,672 and \$28,160,151 at June 30, 2023 and 2022, respectively. Such deposits are secured by an interest in the underlying investment pool, consisting of U.S. Treasury and agency securities held by LAMP.

LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high-quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LSA – R.S. 33:2955. Effective August 1, 2001, LAMP’s investment guidelines were amended to permit the investment in government-only money markets funds. In its 2001 Regular Session, the Louisiana Legislature (Senate Bill No. 512, Act 701) enacted LSA – R.S.33:2955(A)(1)(h) which allows all municipalities, parishes, school boards, and any other political subdivisions of the State to invest in “investment grade (A-1 or P-1) commercial paper of domestic United States corporations.” Effective October 1, 2001, LAMP’s Investment Guidelines were amended to allow the limited investment in A-1 or A-1+ commercial paper.

The dollar weighted average portfolio maturity of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days. LAMP is designed to be highly liquid to give its participants immediate access to their account balances. The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and a board of directors. LAMP is not registered with the SEC as an investment company.

3. UNCONDITIONAL PROMISES TO GIVE

Unconditional promises to give consist of the following:

	<u>2023</u>	<u>2022</u>
Restricted to departmental and scholarship funds	<u>\$ 481,268</u>	<u>\$ 531,936</u>

Management considers unconditional promises to give to be fully collectible as of June 30, 2023, therefore, no allowance for doubtful accounts is considered necessary. At such time as management determines an amount to be uncollectible, it is written off. In the last two years, the Foundation has had some isolated incidences of a few donors declaring that they will not fund the remainder of their pledges to the Foundation. Unconditional promises to give in the amount of \$6,044 and \$2,146, as June 30, 2023 and 2022, respectively, were deemed uncollectible and written off.

3. UNCONDITIONAL PROMISES TO GIVE – (Continued)

The total amount of unconditional promises to give at June 30, 2023 and 2022 is expected to be collected as follows:

	2023	2022
Less than one year	\$ 304,100	\$ 217,793
One to five years	177,168	314,143
Total unconditional promises to give	<u>\$ 481,268</u>	<u>\$ 531,936</u>

Certain donors have stipulated in their wills to make donations to the Foundation upon death. The total amount of such conditional promises to give is \$4,565,246 and \$5,649,519 at June 30, 2023 and 2022, respectively. As the donors have placed a condition on the donation, these amounts have not been recorded in the financial statements.

4. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Foundation regularly monitors the availability of resources required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds.

The Foundation receives significant contributions with donor restrictions to be used in accordance with the associated purpose restrictions. It also receives gifts to establish endowments that will exist in perpetuity; the income generated from such endowments is used to fund programs. In addition, the Foundation receives support without donor restrictions. Such support is augmented by investment income without donor restrictions, appropriated earnings from gifts with donor restrictions, and management fees to support the annual program funding needs.

The Board of Directors authorized the establishment of designated funds for an investment portfolio with the objective to seek growth of income and capital appreciation consistent with long term objectives to support the programs of the Foundation. The purpose of the investments will be to provide scholarships to support the University and its students.

The Foundation considers investment income without donor restrictions, appropriated earnings from donor-restricted contributions, and contributions without donor restrictions to be available to meet cash needs for general expenditures. The Foundation considers contributions with donor restrictions available for use in current programs with are ongoing, major, and central to its annual operations based on the donor's restrictions. General expenditures include programmatic expenses, administrative and general expenses, and fundraising expenses expected to be paid in the subsequent year.

The Foundation manages its cash available to meet general expenditures, following three guiding principles:

- Operating within a prudent range of financial soundness and stability;
- Maintaining adequate liquid assets; and
- Maintaining sufficient reserves to provide reasonable assurance that long term commitments and obligations under endowments with donor restrictions and quasi-endowments that support mission fulfillment will continue to be met, ensuring the sustainability of the Foundation.

5. INVESTMENTS

Investments in debt and equity securities with readily determinable fair values are stated at their estimated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for further discussion of fair value measurement.

The asset allocation of the Foundation's portfolio involves exposure to a diverse set of markets which involve various risks such as interest rate risk, market risk, and credit risk. The Foundation believes that the value of its investments may, from time to time, fluctuate substantially as a result of these risks.

NOTES TO FINANCIAL STATEMENTS

5. INVESTMENTS- (Continued)

The Board of Directors has been advised by legal counsel that under Louisiana state law, the gains from sales of securities and increases in market value are to be treated as principal, and must be retained in endowment fund accounts. However, under the Uniform Management of Institutional Funds Act adopted in Louisiana, such gains and appreciation in value may be expended for the purposes designated by the donors if it is prudent in the judgment of the Board of Directors after considering the long and short term needs of the Foundation, its present and anticipated financial requirements, expected total return on investments, price level trends and general economic conditions.

If any donor stipulates that realized and unrealized investment gains should not be spent on the restricted purpose for which a fund was originated, then such gains will be added to investment principal and will not be expendable in the future. No such stipulations were present at June 30, 2023 or 2022.

From time to time, the fair value of assets associated with donor-restricted endowment funds may fall below corpus. No such deficiencies of this nature were present at June 30, 2023 or 2022.

Investment income from interest, dividends and realized gains and losses are allocated to various activities and programs under the Foundation's investment policy. The portion that pertains to unrestricted and short-term donor restricted activities is reported as unrestricted revenue, and the portion that pertains to permanent endowment activities is reported as temporarily restricted revenue, because it could be expended on the restricted purposes of the endowments in subsequent periods.

The Foundation invests in a hedge fund. The investment is a sophisticated, multi-strategy, multi-manager program designed to achieve an optimal balance of upside return potential and downside protection. The investment offers a diversified strategy protecting and preserving the Foundation's capital and a hedged equity strategy providing long-term capital growth. Both strategies also work to deliver risk-adjusted returns by capturing the market's return potential but with much less volatility. The portfolios are constructed using a time tested, disciplined methodology focused first on risk management. The managers then work to identify strategies within a framework and to develop relationships with investment managers. The derivative instrument is designated as a fair value hedging instrument. The fund's fair market value was \$4,489,097 and \$5,078,641 at June 30, 2023 and 2022, respectively. The Foundation's objective is to maximize its returns related to this investment.

The Foundation does not invest in individual hedge funds, but instead, monitors the activity and returns of the manager. The Foundation's investment committee continuously examines the returns of the manager to ensure the Foundation's investment objectives are reached. The returns from this hedge fund are reported and posted quarterly reflecting the fair market value as of the reporting date. The earnings on the hedge fund are included in investment income in the Statement of Activities.

Total property and equipment	<u><u>\$ 6,457,522</u></u>	<u><u>\$ 2,590,276</u></u>

7. FAIR VALUES OF FINANCIAL INSTRUMENTS

The Financial Accounting Standard Board ("FASB") authoritative guidance for fair value measurements defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The guidance also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under the guidance are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

7. FAIR VALUES OF FINANCIAL INSTRUMENTS – (Continued)

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Corporate stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Real estate investment trust: Common stock in real estate investment trust that are valued at the closing price reported on the active market on which the individual securities are traded.

Exchange trade products: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Hedge funds: Valued at the net asset value ("NAV") of shares held at year end.

Furthermore, while the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no purchases, issues or transfers into and out of Level 3 investments for the years ended June 30, 2023 and 2022.

The Foundation's investment in hedge funds at June 30, 2023 and 2022 represents 10% ownership of all ownership interests in the fund. The hedge funds utilize a variety of financial instruments in their trading strategies, including equity and debt securities of both U.S. and foreign issuers, public and non-public, as well as a variety of derivative instruments. The fair value of the investments in this class has been estimated using the net asset value per share of the investments.

9. PROPERTY HELD FOR RESALE

In August 2011, the Foundation purchased a Meat Processing Plant for \$899,549 and in 2014 they made improvements in the amount of \$69,778 for a total investment of \$969,327.

In December 2011, they purchased land on W. Sale Road for \$1,299,154. In June 2021, the Foundation made an agreement with a bank to exchange their property for a portion of the Foundations W. Sale Road property, reducing the original purchase price by \$396,964. The Foundation realized a gain of \$188,036 in regards to this exchange. The Foundations W. Sale Road property is recorded on their books at an investment of \$902,190.

In December of 2015, the Foundation received property in Jasper County as a donation, which was recorded on the Foundation books for \$14,000.

10. THE LOUISIANA ENDOWMENT TRUST FUND FOR ENDOWED CHAIRS AND PROFESSORSHIPS

One of the Foundation’s primary objectives is to raise and manage funds to provide endowed professorships and chairs to the University. The Louisiana Endowment Trust Fund for Endowed Chairs and Professorships was created by the Louisiana Legislature in 1983 to provide state funds to eligible public and private institutions which would be responsible for providing matching funds obtained by gifts.

Endowed professorships are established at \$100,000 and endowed chairs at \$1,000,000. For endowments submitted for matching prior to July 1, 2017, the Board of Regents will provide 40% of the funding once the Foundation has acquired 60% of the principle through private gifts. Endowed professorships submitted for matching after July 1, 2017, will be matched at \$20,000 for every \$80,000 of private funding acquired while endowed chairs remained unchanged.

The Foundation is allowed to apply for the 40% match while maintaining the 60% private gift. Funds are pooled for investment purpose in the Foundation, but the Board of Regents’ 40% match is recognized as a liability to the Foundation under the caption “Funds Held in Custody.” The amount held for others in noncurrent liabilities at June 30, 2023 and 2022, that was attributable to the Endowed Chairs and Professorships, was \$7,860,154 and \$7,530,758, respectively.

The following is a recap of these endowments (both the Foundation and State portions) as of June 30, 2023 and 2022:

11. NET ASSETS – (Continued)

Board designated for continued University support and quasi-endowments and scholarships

The Foundation's Board has designated funds to provide continued support for the University.

Board designated for quasi-endowment and scholarships

The Foundation's Board designated funds be set aside to establish and maintain a quasi-endowment for the purpose of securing Foundation's long-term financial viability and continuing to meet the needs of the Foundation. The Foundation's Board has also designated funds to provide scholarships for the University.

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose or by occurrence of the passage of time or other events specified by the donor as follows for the years ended June 30, 2023 and 2022:

Investment earnings transferred for general use	-	342,000
	\$ 7,763,061	\$ 8,216,948

12. ENDOWED NET ASSETS

The Foundation has established prudent investment and spending policies with the objective of maintaining the purchasing power of its endowed assets in perpetuity and providing a stable level of support to the beneficiaries. To achieve this objective, the Foundation's asset allocation strategy is reviewed periodically and adjusted to target a total return that covers inflation, administrative expenses, and spending allocations, while minimizing volatility.

Certain endowed funds are provided by the State of Louisiana as a match to qualifying private endowed contributions and are managed under agreement with the University for the University's benefit. These state matching endowed funds are further subject to the investment and spending policies established by the Louisiana Board of Regents, which has statutory authority to administer the matching funds program.

A spending rate is determined by the Foundation's Board of Directors on an annual basis, with consideration given to the market conditions, the spending levels of peer institutions, and the level of real return after spending measured over the long term. The spending rate approved by the Board is applied to the sixty-month moving average fair value of the investment pool of endowed assets. The objective is to provide relatively stable spending allocations. The net spending rate approved by the Board of Directors for each of the years ended June 30, 2023 and 2022, was up to 5.00%. The Louisiana Board of Regents' spending policy dictates that no portion of the inflation-adjusted corpus, as defined by the Board of Regents, is to be allocated for spending.

12. ENDOWED NET ASSETS – (Continued)

The Foundation's Board of Directors has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the date of the donor-restricted endowment funds, unless there are explicit donor stipulations to the contrary. At June 30, 2023 and 2022, there were no such donor stipulations. As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of initial and subsequent gift amounts donated to the Endowment and (b) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by us in a manner consistent with the standard of prudence prescribed by UPMIFA.

The Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the organization
- The investment policies of the organization

The Louisiana Board of Regents spending policy dictates that the market value of each endowment at the end of the most recent fiscal trust fund year must exceed the original corpus of the endowment by an amount equal to the amount to be made available for expenditure in the next fiscal year for which a spending allocation is made. When the current market value of each endowment is below the original corpus, no spending is allowed.

The Foundation's Board of Directors has chosen to manage a portion of its net assets without donor restrictions as part of the endowed funds investment pool. At June 30, 2023 and 2022, the market value of these Board Designated Endowed Funds was \$4,411,580 and \$4,406,094, respectively.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
McNeese State University Foundation
Lake Charles, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the McNeese State University Foundation (a nonprofit organization), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated November 14, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered McNeese State University Foundation's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of McNeese State University Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of McNeese State University Foundation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether McNeese State University Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
