Independent Auditors' Report

Report on the Financial Statements

We have audited the accompanying financial statements of Innovative Student Facilities, Inc., (a non-profit organization) which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Innovative Student Facilities, Inc. as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Effect of Adopting New Accounting Standard

As discussed in Note 2, the Financial Accounting Standards Board issued Accounting Standards Update (“ASU”) 2016-14, “Not-for-Profit Entities (Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities.” The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. Innovative Student Facilities, Inc. adopted the ASU 2016-14 for the year ended June 30, 2019, and it has been applied retrospectively to all periods presented. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 31, 2020, on our consideration of Innovative Student Facilities, Inc.’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Innovative Student Facilities, Inc.’s internal control over financial reporting and compliance.

The accompanying notes are an integral part of the financial statements.

INNOVATIVE STUDENT FACILITIES, INC.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020 AND 2019

1. Organization and Significant Accounting Policies

Nature of Activities

Innovative Student Facilities, Inc. (the "Corporation") was formed July 1, 2003 to acquire, construct, develop, manage, lease as lessor or lessee, mortgage and/or convey student housing and other facilities (the "Facilities") on the campus of Louisiana Tech University (the "University"). The construction projects are funded by Louisiana Local Government Environmental Facilities and Community Development Authority (the "Authority") Revenue Bonds. The proceeds of the bonds have been loaned by the Authority to the Corporation pursuant to a Loan and Assignment Agreement dated July 1, 2003 and September 1, 2007 and are to be used for (1) financing the cost of acquiring immovable property to be purchased by the Board; (2) financing a portion of the cost of the development, design, construction and equipping of the Facilities; (3) paying capitalized interest on the Bonds; (4) funding a debt service reserve fund; (5) paying the costs of issuance of the Bonds, including the premium for the Financial Guaranty Insurance Policy; and (6) payment for construction of new facilities and repairs and maintenance to existing facilities.

The Corporation will lease the land upon which the Facilities are constructed for \$1 per year from the Board of Supervisors for the University of Louisiana System (the "Board") pursuant to the Ground Lease Agreements dated July 1, 2003, September 1, 2007 and June 1, 2016. Upon completion of construction, the Board will lease back the Facilities from the Corporation pursuant to the Agreements to Lease with Option to Purchase (the "Facilities Lease") dated July 1, 2003 and September 1, 2007. In accordance with the Facilities Lease, the Board, on behalf of the University, will pay Rental to the Corporation in an amount sufficient to pay debt service and related expenses on the Bonds. The Facilities Lease is a triple net lease and the Board agrees that the Rental shall be an absolute net return to the Corporation free and clear of any expenses, charges, taxes or set-offs whatsoever of any kind, character or nature; the Board shall bear responsibility for the payment of all costs and expenses associated with the ownership, operation and maintenance of the Facilities. Under no circumstances will the Corporation be required to make any payments on the Board's behalf or assume any monetary obligation of the Board under the Facilities Lease.

The Corporation entered into an agreement with the State of Louisiana, Louisiana Tech University, the Louisiana Tech University Corporation, Inc. and the Louisiana Tech Student Fund 2020 during the fiscal year ended June 30, 2015 to be the custodian of funds procured for the construction of the south end zone project for Joe Aillet Stadium (the "Athletic Facilities Project"). The Corporation will be charged with the payment of all invoices related to the construction, and the accounting for the same. Funds contributed to the Corporation by the above listed entities are maintained in separate cash accounts and are accounted for by the Corporation's staff and recorded as gifts and grants income until such time as the funds are expended for the construction. In addition to the contributed funds, the Corporation also issued Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Bonds for the purpose of additional financing of the Athletic Facilities Project, see Note 6 for further details of the bond issue.

On June 1, 2016, the Board of Directors approve the issuance of bonds with the Louisiana Local Government Environmental Facility and Community Development Authority Taxable Subordinate Revenue Bonds, (Louisiana Tech University Student Housing/Innovative Student Facilities, Inc. Project) Series 2016B pursuant to Chapter 10-D of Title 33 of the Louisiana Revised Statutes of 1950,

1. Organization and Significant Accounting Policies (Continued)

as amended. The bonds are issued in order to enable Innovative Student Facilities, Inc., a Louisiana non-profit corporation to provide financing for the acquisition, design, development, construction, renovation, and reconstruction of certain student housing and parking facilities on the campus of Louisiana Tech University and for paying the costs of issuance of the related bonds. As with previous bonds, the Corporation has leased the property from the Board of Supervisors for the University of Louisiana System pursuant to a Ground and Buildings Lease Agreement also dated June 1, 2016.

As of August 16, 2016, the Board of Directors of Innovative Student Facilities, Inc. approved the issuance of bonds through the Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Bonds (Louisiana Tech University Student Housing/Innovative Student Facilities, Inc. Project) Series 2016A pursuant to Chapter 10-D of Title 33 of the Louisiana Revised Statutes of 1950, as amended. The bonds are issued in order to, and for the purpose of, acquiring, designing, developing, constructing, renovating, and reconstructing certain student housing facilities and parking on the main campus of Louisiana Tech University; and for paying the cost of issuance of the related bonds, including but not limited to premiums for a bond insurance policy and a debt service reserve fund surety policy. The Corporation has leased the property upon which the facilities will be constructed from the Board of Supervisors for the University of Louisiana System pursuant to the Amended and Restated Agreement to Lease with Option to Purchase dated August 1, 2016.

As of May 1, 2020, the Board of Directors of Innovative Student Facilities, Inc. approved the issuance of additional bonds through the Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Bonds (Louisiana Tech University Student Housing/Innovative Student Facilities, Inc. Project) Series 2020 pursuant to Chapter 10-D of Title 33 of the Louisiana Revised Statutes of 1950, as amended. The bonds are issued in order to, and for the purpose of, acquiring, designing, developing, constructing, renovating, and reconstructing certain student housing facilities and parking on the main campus of Louisiana Tech University; and for paying the cost of issuance of the related bonds, including but not limited to premiums for a bond insurance policy and a debt service reserve fund surety policy. The Corporation has leased the property upon which the facilities will be constructed from the Board of Supervisors for the University of Louisiana System pursuant to the Amended and Restated Agreement to Lease with Option to Purchase dated May 1, 2020.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles of the United States of America.

Financial Statement Presentation

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”). The financial Accounting Standards Board (“FASB”) has established the Accounting Standards Codification (“ASC”) as the source of authoritative accounting principles to be applied in the preparation of financial statements in accordance with GAAP. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for general use and not subject to donor restrictions. The Board of Directors has designated, from net assets without donor restrictions, net assets for specific purpose and operations. The Corporation’s policy is to designate unrestricted donor funds at the discretion of the Board of Directors. Net assets without donor restriction also include the investment in property and equipment net of accumulated depreciation.

1. Organization and Significant Accounting Policies (Continued)

Net Assets With Donor Restrictions – Net assets that are contributions and endowment investment earnings subject to donor-imposed restrictions. The Corporation may report contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the same reporting period in which the revenue is recognized. All other donor restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. As of 2020 and 2019, the Corporation's net assets with donor restrictions are restricted for funding various maintenance expenses.

Net Assets Released from Restrictions

Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Functional Allocation of Expenses

The costs of program and supporting services have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expense by function. Accordingly, certain costs have been allocated among the program services and management and general expenses.

Cash Equivalents

For financial statement purposes, the Corporation considers all deposits in money market funds to be cash equivalents. Cash equivalents are stated at cost, which approximates market value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Tax-Exempt Status

Innovative Student Facilities, Inc. qualify as tax-exempt entities under Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes has been made in the financial statements, but the Corporation is required to file an annual information return. The Corporation is also required to review various tax positions they have taken with respect to their exempt status and determine whether in fact they are tax exempt entities. The Corporation must also consider whether they have nexus in jurisdictions in which they have income and whether a tax return is required in those jurisdictions. In addition, as tax exempt entities, the Corporation must assess whether they have any tax positions associated with unrelated business income subject to income tax. The Corporation does not expect their positions to change significantly over the next twelve months, and any penalties related to late filing or other requirements would be recognized as penalties expense in the accounting records.

The Corporation files U.S. federal Form 990 for informational purposes. The Corporation's federal income tax returns for the tax years 2016 and beyond remain subject to examination by the Internal Revenue Service.

1. Organization and Significant Accounting Policies (Continued)

New Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2014-09, “Revenue from Contracts with Customers,” which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. This standard is effective for fiscal years beginning after December 31, 2018. The standard permits the use of either the retrospective or cumulative effect transition method. The Corporation is evaluating the effect that ASU 2014-09 will have on its financial statements and related disclosures. The Corporation has not yet selected a transition method nor have they determined the effect of the standard on their ongoing financial reporting.

In February 2016, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2016-02, “Leases” (Topic 842). Under the new guidance, lessees will be required to recognize the following for all leases (with the exception of short-term leases) at the commencement date:

- lease liability, which is a lessee’s obligation to make lease payments arising from a lease, measured on a discounted basis; and
- A right-of-use asset, which is an asset that represents the lessee’s right to use, or control the use of, a specified asset for the lease term.

Additional qualitative and quantitative disclosures will be required so that users can understand more about the nature of an entity’s leasing activities. Also, the new lease guidance simplified the accounting for sale and leaseback transactions primarily because lessees must recognize lease assets and lease liabilities. Lessees will no longer be provided with a source of off-balance sheet financing.

ASU 2016-02 will be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. Lessees (for capital and operating leases) and lessors (for sales-type, direct financing, and operating leases) must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The modified retrospective approach would not require any transition accounting for leases that expired before the earliest comparative period presented. The Corporation is currently evaluating the potential impact of adopting this guidance on its financial statements.

In August 2016, the FASB issued Accounting Standards Update (“ASU”) No. 2016-14, “*Presentation of Financial Statements of Not-for-Profit Entities*,” with the stated purpose of improving financial reporting by those entities. Among other provisions, this ASU reduces the number of classes of net assets from three to two, requires the presentation of expenses in both natural and functional classifications, and requires additional disclosures concerning liquidity and the availability of financial resources. This standard is effective for fiscal years beginning after December 15, 2017, and requires the use of the retrospective transition method. The Corporation has adopted the standard during the current year and the changes are reflected within these consolidated financial statements.

2. Liquidity and Availability

Cash and cash equivalents consist of money market funds collateralized by U.S. Treasury securities in the amount of \$56,319,158 at June 30, 2020 and \$7,469,902 at June 30, 2019. These funds are exposed to custodial credit risk because the money market funds are uninsured and collateralized with securities held by the trust department of Argent Trust and Bank of New York Mellon Trust.

3. **Bond Premium/Discount and Prepaid Bond Costs**

The Series 2013, 2015, and 2016A Bonds were issued to include some additional prepaid bond costs, including but not limited to, bond issuance premium (discount), underwriter's discount, and other costs. These costs are being amortized over the life of the bond on the straight-line basis. Net amortization expense related to the prepaid bond cost, and discounts recorded in the statement of activities totaled \$102,323 and \$99,594 for the years ended June 30, 2020 and 2019, respectively.

Net accretion income related to the bond issuance premiums recorded in the statement of activities totaled \$322,283 and \$315,122 for the years ended June 30, 2020 and 2019, respectively.

4. **Construction in Progress**

Phase 2020 Construction (2020 Series):

Construction in progress consisted of construction costs completed through the date of the financial statements on the Corporation's new construction on the University's campus. The scope of the construction included the design, engineering, construction and completion of a 620-bed apartment style development in six (6) different unit configurations. The newly constructed beds will be in apartment and suite-style configurations of two, three and four bedroom unites with semi-private and private bathrooms. The project will included the construction of eleven (11) new student housing buildings at four (4) separate campus sites. A total of 1,000 on-campus parking spaces will be developed as part of the constructed facilities. The facilities will also include the renovation of Dudley Hall, Aswell Hall and Adams Hall. At least five percent (5.0%) of the total units are handicapped accessible. The construction costs in progress for the Series 2020 project were \$2,616,190 as of June 30, 2020.

5. **Property, Plant, and Equipment**

Property, plant, and equipment are depreciated using the straight-line method. Land improvements are depreciated over 20 years, buildings over 40 years, and furniture, fixtures, and equipment over 10 years. At June 30, 2020 and 2019, property, plant, and equipment are comprised of the following:

	<u>2020</u>	<u>2019</u>
Land	3,900,016	3,900,016
Land improvements	7,156,124	7,156,124
Buildings	108,077,225	108,077,225
Furniture, fixtures, and equipment	2,220,135	2,220,135
Recreational facilities	13,688,500	13,688,500
Track and tennis facilities	1,868,726	1,868,726
Construction in progress	<u>2,616,190</u>	<u>-</u>
	139,526,916	136,910,726
<u>Less-accumulated depreciation</u>	<u>(25,422,990)</u>	<u>(21,626,419)</u>
Net property, plant, and equipment	<u>114,103,926</u>	<u>115,284,307</u>

Depreciation expense of \$3,796,571 and \$3,796,571 was recorded for the years ended June 30, 2020 and 2019, respectively.

6. **Bonds Payable**

Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Bonds were issued for the purpose of providing funds to pay for the construction of the campus facilities to be occupied by Louisiana Tech University. Following is a summary of Phase III, Phase II, and Phase I respectively, bonds payable at June 30, 2020 and 2019:

6. **Bonds Payable** (Continued)

Athletic Facilities Project (2014 Issue):

As of April 1, 2014, the Board of Directors approved the issuance of \$9,000,000 aggregate principal amount of Louisiana Local Government Environmental Facility and Community Development Authority Revenue Refund Bonds, Series 2014 for the purpose of acquiring, designing, developing, constructing, renovating, and reconstructing of certain athletic and student facilities on the main campus of Louisiana Tech University. The issuance was made pursuant to Chapter 10-D of Title 33 of the Louisiana Revised Statutes of 1950, as amended, and also under other constitutional and statutory authority. Refunding Bond Issue (2015 Issue)

On December 1, 2015, the Board of Directors approve the issuance of \$43,020,000 aggregate principal amount of Louisiana Local Government Environmental Facility and Community Development Authority Revenue Refunding Bonds, (Louisiana Tech University Student Housing/Innovative Student Facilities, Inc. Project) Series 2015 pursuant to Chapter 10-D of Title 33 of the Louisiana Revised Statutes of 1950, as amended, and Chapter 14-A of Title 39 of the Louisiana Revised Statutes of 1950, (collectively, the “Refunding Act”). The bonds are issued in order to enable Innovative Student Facilities, Inc., a Louisiana non-profit corporation, sufficient funds to advance refund the prior 2007 Series bonds and paying costs of issuance of the Series 2015 bonds, including the premiums for a bond insurance policy and other costs of issuance. The Series 2015 bonds were also issued with a “reoffering premium” of \$4,815,460. As with previous bonds, the Corporation has leased the property from the Board of Supervisors for the University of Louisiana System pursuant to a Ground and Buildings Lease Agreement also dated December 1, 2015. The bond will carry a variable interest rate over the term of the bond ranging from 2.00% - 5.00% interest rate of 4.50%, be payable in semi-annual principal and interest payments each April 1 and October 1, with a final maturity on October 1, 2037. A summary of the Refunding Bonds, Series 2015 is as follows:

	<u>2020</u>	<u>2019</u>
Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Refunding Bonds, Series 2015, interest rates from 2.00% - 5.00%, with final maturity due October 1, 2037	38,235,000	39,560,000
Add-refunding premium, net	<u>3,852,370</u>	<u>4,066,390</u>
Total Series 2015 bonds payable	<u>42,087,370</u>	<u>43,626,390</u>

The 2015 bonds were issued with a refunding premium of \$4,815,460 that is being amortized into income over the life of the bonds on a straight-line basis. Income recorded in the statement of activities totaled \$214,020 for the years ended June 30, 2020 and 2019, respectively.

The annual debt service requirements to maturity, including principal and interest, for the Series 2015 bonds payable as of June 30, 2020 is a follows:

2021	3,104,150
2022	3,105,950
2023	3,109,700
2024	3,103,950
2025	3,109,325
2026	3,110,450
2027	3,107,325
2028	3,109,700
2029	3,107,575
2030	3,107,050
2031	3,112,525
2032	3,107,650
2033	3,107,275

6. **Bonds Payable** (Continued)

2034	3,110,900
2035	3,308,150
2036	3,306,200
2037	3,308,000
2038	<u>3,305,625</u>
	56,741,500
<u>Less-interest</u>	<u>(18,506,500)</u>
Outstanding principal-2015 Series	<u>38,235,000</u>

Interest expense was \$1,736,350 and \$1,785,588 for the year ended June 30, 2020 and 2019, respectively.

A portion of the proceeds of the Series 2015 Bonds, together with prior issue reserve funds will be deposited into the Escrow Fund created pursuant to an Escrow Deposit Agreement dated as of December 1, 2015 between the corporation and the Escrow Agent. The Escrow Fund will be held by the Bank of New York Mellon Trust Company, N.A. (the "Escrow Agent") pursuant to the Escrow Agreement. Funds deposited and accruing into the Escrow Fund will be used by the Escrow Agent to defease the principal and interest on the Series 2007 Bonds maturing on October 1, 2017 and to pay the full amount of the principal of and interest on all remaining maturities of the Series 2007 Bonds on October 1, 2017, the first optional redemption date of the Series 2007 Bonds.

Upon the making of such deposit into the Escrow Fund, the Series 2007 Bonds will have been defeased, will be deemed to have been paid and will no longer be considered outstanding. The covenants, agreements and obligations of the corporation with respect to the Series 2007 Bonds will have been discharged and satisfied and the Series 2007 Bonds will no longer be entitled to any benefits. The Escrow Fund shall be held by the Escrow Agent separate and apart from all other funds or accounts held by the Trustee. The Trustee will have no lien whatsoever upon any moneys in the Escrow Fund for any of its fees and costs incurred in carrying out the provisions of the Indenture, which fees and costs will be paid to the Trustee by the corporation from other available funds.

Student Housing Project Series 2016A

As of August 16, 2016 the Board of Directors of Innovative Student Facilities, Inc. approved the issuance of \$36,695,000 aggregate principal amount of Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Bonds (Louisiana Tech University Student Housing/Innovative Student Facilities, Inc. Project) Series 2016A pursuant to Chapter 10-D of Title 33 of the Louisiana Revised Statutes of 1950, as amended. The bonds are issued in order to, and for the purpose of, acquiring, designing, developing, constructing, renovating, and reconstructing certain student housing facilities and parking on the main campus of Louisiana Tech University; and for paying the cost of issuance of the related bonds, including but not limited to premiums for a bond insurance policy and a debt service reserve fund surety policy. The Corporation has leased the property upon which the facilities will be constructed from the Board of Supervisors for the University of Louisiana System pursuant to the Amended and Restated Agreement to Lease with Option to Purchase dated August 1, 2016. Upon execution of the agreement all rental from the Facilities Lease will be assigned to the Louisiana Local Government Environmental Facilities and Community Development Authority to make payments in an amount sufficient to make principal/interest payments as required by the Agreement. The bond will carry an interest rate ranging from 2.00% - 4.00% over the term of the bond, payable in the annual principal and interest payment each June 30th, with a final maturity on June 30, 2047. A summary of the Revenue Bonds, Series 2016A is as follows:

6. **Bonds Payable** (Continued)

Student Housing Project Series 2020

As of May 1, 2020 the Board of Directors of Innovative Student Facilities, Inc. approved the issuance of \$49,145,000 aggregate principal amount of Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Bonds (Louisiana Tech University Student Housing/Innovative Student Facilities, Inc. Project) Series 2020 pursuant to Chapter 10-D of Title 33 of the Louisiana Revised Statutes of 1950, as amended. The bonds are issued in order to, and for the purpose of, acquiring, designing, developing, constructing, renovating, and reconstructing certain student housing facilities and parking on the main campus of Louisiana Tech University; and for paying the cost of issuance of the related bonds, including but not limited to premiums for a bond insurance policy and a debt service reserve fund surety policy. The Corporation has leased the property upon which the facilities will be constructed from the Board of Supervisors for the University of Louisiana System pursuant to the Third (3rd) Amended and Restated Agreement to Lease with Option to Purchase dated May 1, 2020. Upon execution of the agreement all rental from the Facilities Lease will be assigned to the Louisiana Local Government Environmental Facilities and Community Development Authority to make payments in an amount sufficient to make principal/interest payments as required by the Agreement. The bond will carry an interest rate ranging from 5.000% - 3.625% over the term of the bond, payable in the annual principal and interest payment each June 30th, with a final maturity on June 30, 2051. A summary of the Revenue Bonds, Series 2020 is as follows:

	<u>2020</u>	<u>2019</u>
Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Bonds, Series 2020, interest rates from 3.625% - 5.000%, due June 30, 2051	49,145,000	-
Add-reoffering premium, net	<u>2,599,288</u>	<u>-</u>
Total Series 2016A bonds payable	<u><u>51,744,288</u></u>	<u><u>-</u></u>

The Series 2020 bonds were issued at an aggregate purchase price of \$51,407,434, consisting of the \$49,145,000 face amount of the Series 2020 bonds plus a reoffering premium of \$2,606,449, less the underwriter's discount of \$344,015. The underwriter's discount is included in the prepaid bond issuance costs and is being amortized over the life of the bonds on the straight-line basis. The reoffering premium is also being amortized over the life of the bonds on the straight-line basis, and amortization recorded in the statement of activities totaled \$7,161 for the years ended June 30, 2020.

The annual debt service requirements to maturity, including principal and interest, for Series 2020 bonds payable as of June 30, 2020 is as follows:

2021	1,719,262

	86,696,856
Less-interest	<u>(37,551,856)</u>
Outstanding principal-2020 Series	<u>49,145,000</u>

Interest expense charged to operations for the year ended June 30, 2020 was \$184,250.

7. **Risks and Uncertainties**

As discussed in Note 1, the Corporation is dependent upon the State of Louisiana Legislature appropriating funds to the Board sufficient to make payments of base rental to the Corporation.

8. **Reserved Cash**

The Board of Supervisors for the University of Louisiana System shall bear responsibility for the payment of all costs and expenses associated with the ownership, operation, and maintenance of the student housing and other liabilities as described in Note 1. Included in reserved cash, which are required to be kept in a separate bank account, are amounts received from the Board for the operation and maintenance of the Facilities. Reserved cash at June 30, 2020 and 2019 was \$5,928,437 and \$5,231,959, respectively.

9. **Subsequent Events**

In accordance with FASB Accounting Standards Codification Topic 855, "Subsequent Events," the Corporation evaluated events and transactions that occurred after the statement of financial position date but before the financial statements were made available for issuance for potential recognition or disclosure in the financial statements. The Corporation evaluated its activities for such events through August 31, 2020, and noted no subsequent events.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it a pandemic. Actions taken to help mitigate the spread of the coronavirus included restrictions on travel, and quarantines in certain areas, forced closures types of public facilities and businesses. The coronavirus, and actions taken to mitigate it, have had and are expected to continue to have, an adverse impact on the economic and financial markets, including the area in which the Institution operates. While it is unknown how long these conditions will last and what the complete financial effect will be to the Institution, to date,

9. **Subsequent Events** (Continued)

the Institution has not seen a material impact to its operations. Future potential impacts to the Institution included, but are not limited to, disruptions or restrictions on the employee's ability to work, lack of demand for their services provided, and/or the customer's ability to repay under the terms of the service agreement. Changes in the operating environment may also be impacted such as labor and supply shortages, discontinued operations, difficulty meeting debt covenants, significant changes in the fair value of assets or liabilities, losses in investments, areas having direct contact with the customer, and valuation risks. The future effects of the above issues are currently unquantifiable and unknown at this time.

Innovative Student Facilities, Inc.
Ruston, Louisiana

**Independent Auditor's Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with *Government Auditing Standards***

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Innovative Student Facilities, Inc., which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated August 31, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Innovative Student Facilities, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Innovative Student Facilities, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Innovative Student Facilities, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Innovative Student Facilities Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
