INDEPENDENT AUDITOR'S REPORT

Honorable Eliana DeFrancesch
St. John the Baptist Parish Clerk of Court
Edgard, Louisiana

We have audited the accompanying financial statements of the governmental activities, governmental funds and were engaged to audit the fiduciary funds of the St. John the Baptist Clerk of Court (the Clerk of Court) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Clerk of Court's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unqualified audit opinion related to the governmental activities and governmental funds.

Continued,

Basis for Disclaimer of Opinion

The fiduciary fund recorded a balance in due to litigants and others totaling \$5,825,820. Subsidiary ledgers were not adequately maintained and did not reconcile or otherwise support the total population of litigants and others that were due the funds on deposit.

Opinions

In our opinion, except for effects described in the “Basis for Disclaimer of Opinion” paragraph, the financial statements of the governmental activities and governmental funds present fairly, in all material respects, the respective financial position of the governmental activities and governmental funds of the St. John the Baptist Clerk of Court, as of June 30, 2020, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis, pages 4-8, the analysis and budgetary comparison information on pages 40-41, and the schedule of proportionate share of the net pension liability and schedule of contributions and the related notes to required supplemental information on pages 42-44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Clerk of Court’s basic financial statements. The Statement of Changes in Fiduciary Liabilities (the statement) and the Schedule of Compensation, Benefits, and Other Payments to Agency Head (the schedule) is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Continued,

The statement and the schedule are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 19, 2023, on our consideration of the Clerk of Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clerk of Court's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Registrar's internal control over financial reporting and compliance.

**ST. JOHN THE BAPTIST PARISH CLERK OF COURT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2020**

The management discussion and analysis of St. John The Baptist Parish – Clerk of Court's financial performance provides an overview of the financial activities for the year. Please read it in conjunction with the basic financial statements and the accompanying notes to the financial statements.

FINANCIAL HIGHLIGHTS

- The liabilities of the Clerk of Court exceeded its assets by \$2,499,452 at June 30, 2020. The Clerk of Court has an unrestricted net deficit of (\$2,761,727) in governmental activities.
- During the year, the Clerk of Court had expenses of \$2,528,144, which was \$659,987 more than the \$1,868,157 of revenue generated by governmental programs during the year.
- Governmental funds reported an ending fund balance of \$1,049,953.
- Total governmental fund revenues were \$2,008,151 in the current year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts: Management's Discussion and Analysis (this section), the Basic financial Statements, and Required Supplementary Information. The Basic financial Statements include two kinds of statements that present different views of the Clerk of Court. The first two statements are Government-Wide Financial Statements that provide both long-term and short-term information about the Clerk of Court's overall financial status. The remaining statements are Fund Financial Statements that focus on individual funds of the Clerk of Court, reporting the Clerk of Court's operations in more detail than the Government-Wide Financial Statements

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Government-Wide Financial Statements report information about the Clerk of Court as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the Clerk of Court's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

**ST. JOHN THE BAPTIST PARISH CLERK OF COURT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2020**

Continued,

The two Government-Wide Statements report the Clerk of Court's net position and how they have changed. The balance of net position is an indicator of the financial well-being of the Clerk of Court. Increases and decreases in net position are an indicator of whether its financial health is improving or declining.

FUND FINANCIAL STATEMENTS

The Fund Financial Statements provide more detailed information about the Clerk of Court's most significant funds - not the entity as a whole. Funds are accounting devices that governments use to keep track of specific sources of funding and spending for particular purposes. The Clerk of Court has two (2) governmental funds to account for the numerous funding sources provided annually, both of which are considered major funds and presented individually in the financial statements. These statements report governmental activities on a more current basis rather than a long-term basis, indicating sources and uses of funding and resources available for spending in future periods.

Governmental fund financial statements focus on how money flows in and out of those funds, the balances that are left at year-end, and the amount available for spending in future periods. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can be readily converted to cash. The relationship between governmental activities reported in the government-wide financial statements and the governmental funds reported in the fund financial statements are reconciled in the fund financial statements.

The Clerk of Court is the trustee, or fiduciary, for funds reserved by the Court as well as for Advanced Costs collected for court costs. All of these fiduciary activities are reported in a separate Statement of Assets and Liabilities. We exclude these activities from the other financial statements because the Clerk of Court cannot use these assets to finance its operations. The Clerk of Court is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and Fund Financial Statements.

**ST. JOHN THE BAPTIST PARISH - CLERK OF COURT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2020**

Continued,

The Clerk of Court had (\$18,036) in net position subject to restrictions in the current year. Restricted net position relates to any surplus fund balance for the Eastbank Fund, a special revenue fund. The Clerk of Court's total revenues for the year in governmental activities were \$2,008,151 (\$1,868,157 in program revenues and \$139,994 in general revenues).

FINANCIAL ANALYSIS OF GOVERNMENTAL FUNDS

As noted earlier, the Clerk of Court uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Looking at funds helps you consider whether the Clerk of Court is being accountable for the resources provided to it but may also give you more insight into overall financial health.

The focus of the Clerk of Court's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Clerk of Court's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Clerk of Court's governmental funds reported combined ending fund balances of \$1,049,953. Unassigned fund balance was reported at \$1,054,345.

The General Fund is the primary fund of the Clerk of Court. As of June 30, 2020, the General Fund had an unassigned fund balance of \$1,054,345. As a measure of the General Fund's liquidity, it may be useful to compare the fund balance to total fund expenditures. The unassigned fund balance represents 58% of total General Fund expenditures in the current year.

The fund balance of the Eastbank Fund (Eastbank) special revenue fund decreased by (\$18,036) during the current fiscal year due to a transfer to the General Fund to resolve a re-occurring deficit fund balance.

**ST. JOHN THE BAPTIST PARISH CLERK OF COURT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2020**

BUDGETARY HIGHLIGHTS

The Clerk of Court's budget is prepared according to Louisiana law. During the course of the year, the Clerk of Court revises its budget to take into consideration significant changes in revenues or expenditures. Louisiana Revised Statute 39:1311 requires a budget amendment if either expected revenues are less, or anticipated expenditures in excess, of budgetary goals by 5% or more. A statement reporting the Clerk of Court's original budgets compared with actual operating results is provided in the Schedules beginning on page 42.

A comparison of actual results as of June 30, 2020 and the original budget for the General Fund are as follows:

	<u>Budget</u>	<u>Actual</u>	<u>Final Budget</u>
Total Revenues	\$ 2,085,300	\$ 1,897,141	\$ 188,159
Total Expenses	1,977,900	1,823,866	154,034
Net Change in Fund Balance	\$ 107,400	\$ 73,275	\$ 34,125

CAPITAL ASSETS

The Clerk did not report capital assets on their financial statements. Facilities and occupancy are provided by the Parish Government and the Clerk's furniture and equipment were considered not material. Depreciation expense for the year was \$2,100.

ECONOMIC AND OTHER FACTORS BEARING ON THE CLERK'S FUTURE

Historically, the Clerk of Court's office staff and costs remain relatively stable and should continue to do so. The Clerk's office anticipates a similar amount of program revenues in the following year, which would lead to a similar change in fund balance next year.

ST. JOHN THE BAPTIST PARISH CLERK OF COURT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the St. John the Baptist Parish Clerk of Court (the "Clerk of Court") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Clerk of Court's accounting policies are described below.

Reporting Entity

As provided by Article V, Section 28 of the Louisiana Constitution of 1974, a Clerk of Court serves as the ex-officio notary public, the recorder of conveyances, mortgages, and other acts, and shall have other duties and powers provided by law. A Clerk of Court is elected for a term of four years.

These financial statements only include funds and activities that are controlled by the Clerk of Court as an independently elected parish official.

As an independently elected official, the Clerk of Court is solely responsible for the operations of their office, which includes the hiring or retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds. Certain units of local government over which the Clerk of Court exercises no oversight responsibility, such as the St. John the Baptist Parish (the "Parish") School Board, other independently elected officials, and municipalities within the Parish, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from those of the Clerk of Court.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the Clerk of Court. The effect of interfund activity has been removed from these statements.

ST. JOHN THE BAPTIST PARISH CLERK OF COURT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Clerk of Court's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients for goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

The accounts of the Clerk of Court are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The various funds of the Clerk of Court are classified into two categories: governmental and fiduciary. The emphasis on fund financial statements is on major governmental funds. A fund is considered major if it is the primary operating fund of the entity or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

Governmental Funds:

General Fund - The General Fund, as provided by Louisiana Revised Statute 13:781, is the principal fund of the Clerk of Court and is used to account for the operations of the Clerk of Court's office. The various fees and charges due to the Clerk of Court's office are accounted for in this fund. General operating expenditures are paid from this fund.

Fiduciary Funds:

Fiduciary funds account for assets held by the government in a trustee capacity or as an agent on behalf of other funds within the Clerk of Court. The funds accounted for in this category by the Clerk of Court are the agency funds. The agency funds are as follows:

Advance Deposit Fund - accounts for advance deposits on suits filed by litigants.

Registry of the Court Fund - accounts for funds which have been ordered by the court to be held until judgment has been rendered in court litigation.

Criminal Juror Fund - accounts for funds from the Parish for criminal court proceedings pending court actions.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Clerk of Court considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as required by accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Budgetary Accounting

A proposed budget is prepared and submitted to the Clerk of Court for the fiscal year no later than fifteen days prior to the beginning of each fiscal year. A summary of the proposed budget is published, and the public is notified that the proposed budget is available for public inspection. At the same time, a public hearing is called. A public hearing is held on the proposed budget at least ten days after publication of the call for a hearing. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted. All budgetary appropriations lapse at the end of each fiscal year.

The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts included in the accompanying financial statements are as originally adopted or as finally amended by the Clerk of Court.

Cash and Cash Equivalents

For the purpose of the Statement of Net Position, cash includes all demand, savings accounts, and certificates of deposit with less than three months of maturity of the Clerk of Court.

Capital Assets

Capital assets, which include furniture, fixtures, and equipment, are reported in the governmental activities' column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Clerk of Court maintains a threshold level of \$1,000 or more for capitalizing assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the accompanying Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. Furniture, fixtures, and equipment have an estimated useful life of 5 to 10 years.

Deferred Outflows and Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense until then. The Clerk of Court has one item that meets the criterion for this category, pension-related deferrals.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Clerk of Court has one item that meets the criterion for this category, pension-related deferrals.

Compensated Absences

Employees of the Clerk of Court's office earn five (5) to twenty (20) days of vacation leave each year depending on length of service. In addition, employees earn twelve (12) days of sick leave each year. Employees may carry over five (5) days of vacation leave based on their anniversary date. Sick leave may accumulate indefinitely up to two hundred forty (240) hours. Upon resignation or retirement, employees may, at the discretion of the Clerk of Court, be paid for unused vacation at the employee's current rate of pay.

Equity Classifications

In the government-wide financial statements, equity is classified as net position and displayed in three components:

- a. Net Investment in capital assets - consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - consists of net positions with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments or law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – all other net positions that do not meet the definition of “restricted” or “net investment in capital assets.”

Fund Balance

Fund balance for the Clerk of Court's governmental funds is reported depicting the relative strength of the spending constraints placed on the purposes for which resources can be used. In the governmental fund financial statements, fund balances are classified as follows:

- a. Non-spendable - amounts that cannot be spent either because they are in non-spendable form (such as inventories and prepaid amounts) or because they are legally or contractually required to be maintained intact.
- b. Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- c. Committed - amounts that can be used only for specific purposes determined by a formal action of the government's highest level of decision-making authority.
- d. Assigned - amounts the government intends to use for specific purposes that do not meet the criteria to be classified as restricted or committed.
- e. Unassigned - amounts that are available for any purpose.

Interfund Transactions

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and services type transactions are classified as "due to and from other funds". Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Clerk of Courts' Pension and Relief Fund ("the Fund") and additions to/deductions from the Fund's fiduciary net position have been determined on the same basis as they are reported by the Fund. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 5: PENSION PLAN

Plan Description

The Louisiana Clerks' of Court Retirement and Relief Fund (the "Fund") was established for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. Title 11:1501 for eligible employees of the clerk of the supreme court, each of the district courts, each of the courts of appeal, each of the city and traffic courts in cities having a population in excess of four hundred thousand at the time of entrance into the Fund, the Louisiana's Clerks' of Court Association, the Louisiana Clerks of Court Insurance Fund, and the employees of the Fund. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the Fund in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

**ST. JOHN THE BAPTIST PARISH CLERK OF COURT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020**

Retirement Benefits:

A member or former member shall be eligible for regular retirement benefits upon attaining 12 or more years of credited service, attaining the age of 55 years (age 60 if hired on or after January 1, 2011), and terminating employment. Regular retirement benefits, payable monthly for life, is equal to 3% percent of the member's monthly average final compensation multiplied by the number of years of credited service, not to exceed 100% of the monthly average final compensation. The retirement benefit accrual rate is increased to 3½% for all service credit accrued after June 30, 1999 (for members hired prior to January 1, 2011). For members hired before July 1, 2006 and who retire prior to January 1, 2011, monthly average final compensation is based on the highest 36 consecutive months, with a limit increase of 10% in each of the last three years of measurement. For members hired after July 1, 2006, monthly average final compensation is based on the highest compensated 60 consecutive months, or successive joined months if service was interrupted, with a limit increase of 10% in each of the last five years of measurement. For members who were employed prior to July 1, 2006 and who retire after December 31, 2010, the period of final average compensation is 36 months plus the number of whole months elapsed since January 1, 2011, not to exceed 60 months.

Disability Benefits:

Disability benefits are awarded to active members who are totally and permanently disabled as a result of injuries sustained in the line of duty or to active members with 10 or more years of credible service who are totally disabled due to any cause. A member who is officially certified as totally or permanently disabled by the State Medical Disability Board will be paid monthly disability retirement benefits equal to the greater of forty percent of their monthly average final compensation or 75% of their monthly regular retirement benefit computed as per R.S. 11:1521 (C).

Survivor Benefits:

Upon the death of any active contributing member with less than five years of credited service, his/her accumulated contributions are paid to his/her designated beneficiary. Upon the death of any active contributing member with five or more years of credited service, automatic option 2 benefits are payable to the surviving spouse. These benefits are based on the retirement benefits accrued at the member's date of death with option factors used as if the member had continued in service to earliest normal retirement age. Benefit payments are to commence on the date a member would have first become eligible for normal retirement assuming continued service until that time. In lieu of a deferred survivor benefit, the surviving spouse may elect benefits payable immediately with benefits reduced ¼ of 1% for each month by which payments commence in advance of member's earliest normal retirement age. If a member has no surviving spouse, the surviving minor children under 18 or disabled children shall be paid ½ of the member's accrued retirement benefit in equal shares.

ST. JOHN THE BAPTIST PARISH CLERK OF COURT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

Upon the death of any former member with less than 12 years of service, the designated beneficiary may receive his/her accumulated contributions. Upon the death of any former member with 12 or more years of service, automatic option 2 benefits are payable to the surviving spouse with payments to commence on the member's retirement eligibility date. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions.

Deferred Retirement Option Plan

In lieu of terminating employment and accepting a service retirement allowance, any member of the Fund who is eligible for a service retirement allowance may elect to participate in the Deferred Retirement Option Plan (DROP) for up to 36 months and defer the receipt of benefits. Upon commencement of participation in the plan, active membership in the Fund terminates and the participant's contributions cease; however, employer contributions continue. Compensation and creditable service remain as they existed on the effective date of commencement of participation in the plan. The monthly retirement benefits that would have been payable, had the member elected to cease employment and receive a service retirement allowance, are paid into the DROP account. Upon termination of employment at the end of the specified period of participation, a participant in the program may receive, at his option, a lump sum payment from the DROP account equal to the payments to the account or a true annuity based upon his account (subject to approval by the Board of Trustees). In addition, the member receives the monthly benefits that were paid into the DROP fund during his period of participation.

If employment is not terminated at the end of the participation period, payments into the account cease and the member resumes active contributing membership in the Fund. Interest is paid on DROP account balances for members who complete their DROP participation but do not terminate employment. The interest earnings are based on the actual rate of return on funds in such accounts. These interest accruals cease upon termination of employment.

Upon termination, the member receives a lump-sum payments from the DROP fund equal to the payments made to that fund on his behalf or a true annuity based in his account (subject to approval by the Board of Trustees). The monthly benefit payments that were being paid into the DROP fund are paid to the retiree and an additional benefit based on his additional service rendered since termination of DROP participation is calculated using the normal method of benefit computation. Prior to January 1, 2011, the average compensation used to calculate the additional benefit is that used to calculate the original benefit unless his period of additional service is at least 36 months. Effective January 1, 2011, the average compensation for members whose additional service is less than 36 months is equal to the lesser amount used to calculate his original benefit or the compensation earned in the period of additional service divided by the number of months of additional service. For former DROP participants who retire after December 30, 2010, the period used to determine final average compensation for post-DROP service is 36 months plus the number of whole months elapsed from January 1, 2011 to the date of DROP entry.

ST. JOHN THE BAPTIST PARISH CLERK OF COURT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020

In no event can the entire monthly benefit amount paid to the retiree exceed 100% of the average compensation used to compute the additional benefit. If a participant dies during the period of participation in the program, a lump sum payment equal to his account balance is paid to his named beneficiary or, if none, to his estate.

Cost-of-Living Adjustments

The Board of Trustees is authorized to grant retired members and widows of members who have been retired for at least one full calendar year an annual cost of 2.5% of their benefit (not to exceed \$40 per month), and all retired members and widows who are 65 years of age or older a 2% increase in their original benefit (or their benefit as of October 1, 1977, if they retired prior to that time). In order to grant the 2.5% COLA, the increase in the consumer price index must have exceeded 3% since the last COLA granted. In order for the Board to grant either of these increases, the Fund must meet certain other criteria as detailed in the Louisiana statute relating to funding status. In lieu of granting the above cost of living increases, Louisiana statutes allow the Board to grant a cost-of-living increase where the benefits shall be calculated using the number of years of service at retirement or at death plus the number of years since retirement or death multiplied by the cost of living amount which cannot exceed \$1.

Contributions

According to state statute, contribution requirements for all employers are actuarially determined each year. For the year ended June 30, 2020, the actual employer contribution rate was 19.00%. In accordance with state statute, the Fund also receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities. Non-employer contributions are recognized as revenue during the year and excluded from pension expense.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the Clerk of Court reported a liability of \$2,559,600 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2020 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The Clerk of Court's proportion of the Net Pension Liability was based on a projection of the Clerk of Court's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2020, the Clerk of Court's proportion was 1.063900%.

For the year ended June 30, 2020, the Clerk of Court recognized pension expense of \$531,238.

**ST. JOHN THE BAPTIST PARISH CLERK OF COURT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020**

A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2020 are as follows:

Valuation date	June 30, 2020
Actuarial cost method	Entry age Normal
Investment rate of return	6.75%, net of investment expense
Projected salary increases	1-5 years of service – 6.2% 5 years or more – 5%
Mortality rates	Pub-2010 Public Retirement Plans multiplied by 120% Mortality Table with full generational Projection using appropriate MP-2019 improvement table
Expected remaining service lives	5 years
Cost of Living adjustments	The present value of future retirement benefits is based on benefits currently being paid by the Fund and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

**ST. JOHN THE BAPTIST PARISH CLERK OF COURT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020**

The actuarial assumptions used are based on the assumptions used in the 2020 actuarial funding valuation which (with the exception of mortality) were based on results of an actuarial experience study for the period July 1, 2014 - June 30, 2019 unless otherwise specified.

The mortality rate assumption used was verified by combining data from this plan with two other statewide plans which have similar workforce composition in order to produce a credible experience. The aggregated data was collected over the period July 1, 2014 through June 30, 2019.

The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the Fund's liabilities. Annuity values calculated based on this mortality were compared to those produced by using a setback of standard tables. The result of the procedure indicated that these tables would produce liability values approximating the appropriate generational mortality tables used.

The long-term expected real rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The long term expected rate of return was 6.18% for the year ended June 30, 2020.

**ST. JOHN THE BAPTIST PARISH CLERK OF COURT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020**

The best estimates of geometric real rates of return for each major asset class included in the Fund's target asset allocation as of June 30, 2020 is summarized in the following table:

<u>Asset Class</u>	<u>Asset Allocation</u>	<u>Expected Real Rate of Return</u>
Fixed Income		
Domestic Bonds	20%	2.50%
International Bonds		3.50%
Domestic Equity	33%	7.50%
International Equity	22%	8.50%
Real Estate	15%	4.50%
Hedge Funds	10%	6.59%
	<u>100%</u>	

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the Fund's actuary. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Clerk of Court's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Clerk of Court's proportionate share of the Net Pension Liability using the discount rate of 6.75%, as well as what the Clerk of Court's proportionate share of the Net Pension Liability would be if it were calculated using a discount rate that is one percentage-point lower (5.75%) or one percentage-point higher (7.75%) than the current rate:

**ST. JOHN THE BAPTIST PARISH CLERK OF COURT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020**

	1.0% Decrease (5.75%)	Current Discount Rate (6.75)	1.0% Increase (7.75%)
Clerk of Court's proportionate share of the net pension liability	\$ 3,571,885	\$ 2,559,600	\$ 1,706,370

Contributions received by a pension plan from non-employer contributing entities that are not in a special funding situation are recorded as revenue by the respective pension plan. The Clerk of Court recognizes revenue in an amount equal to their proportionate share of the total contributions to the pension plan from these non-employer contributing entities.

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Clerk of Courts' Pension and Relief Fund Audit Report at www.la.gov. The Clerk of Courts' Pension and Relief Fund issues a publicly available audit report that includes financial statements and required supplementary information.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT*
AUDITING STANDARDS

To the Clerk of Court
St. John the Baptist Parish, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Clerk of Court for St. John the Baptist Parish, Louisiana (Clerk of Court), as of and for the fiscal year ended June 30, 2020 and the related notes to the financial statements, which collectively comprise Clerk of Court's basic financial statements and have issued our report thereon dated April 19, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Clerk of Court's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Clerk of Court's internal control. Accordingly, we do not express an opinion on the effectiveness of Clerk of Court's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and responses as items 2020-1 to 2020-6 that we consider to be material weaknesses.

Continued,

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Clerk of Court’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements.

However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses.

Clerk of Court’s Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Clerk of Court’s response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The Clerk of Court’s response was not subject to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**ST. JOHN THE BAPTIST PARISH CLERK OF COURT
SCHEDULE OF FINDINGS AND RESPONSES
JUNE 30, 2020**

FINDING# 20-01 ADVANCE DEPOSIT FUND ACCOUNTING NOT ADEQUATE

CRITERIA:

Louisiana Revised Statute 13:842, paragraph (B) states “After an ordinary suit has been filed, if a period of five years elapses without any pleading being filed and the suit has been completely inactive during this five-year period, the Clerk shall refund any unused balance remaining in the Clerk’s Advance deposit fund (to the credit of this particular suit) to the person who made the original deposit, after paying all fees or other charges of record in the suit.”

CONDITION:

The Advance Deposit Fund includes funds paid in advance by litigants to cover the cost of litigation and other Clerk charges. The fund maintained cash and certificates of deposit totaling \$3,982,646. However, subsidiary ledgers were not maintained in a proper manner that reconciled to the funds on deposit. Also, the report included over 1500 pages of transactions with a total balance of \$4.8 million. The report did not appear to be used by management as a part of their internal controls procedures for managing their due to litigant balances. Accordingly, the Clerk’s office did not track the balances for specific litigant cases to determine if funds were due to be returned or if case balances had been depleted.

CAUSE:

The Clerk’s office internal control procedures over fiduciary funds were not adequate.

EFFECT:

We were unable to determine if the due to litigant balance was fairly stated.

RECOMMENDATION:

We recommend that the Clerk implement internal control procedures over the advance deposit fund that include improved financial reporting for litigant balances. Management should consider an independent review of the subsidiary ledger to establish the validity of the transactions and balances included. Unreconciled differences between the subsidiary ledger and the funds on deposit should be resolved. Once reconciled the litigant balance report should be reconciled to the cash and cash equivalents balances on a monthly basis.

MANAGEMENT’S RESPONSE:

Management has detailed subsidiary reporting for the Advance Deposit Fund. The reports are maintained as running transactions until suits and services are resolved. The software that is used allows breakdown of all transactions and reports are designs by third party vendor who determines reporting setup. The Clerk’s Office will continue to collaborate with the vendor to ensure reporting reflects accurate balances.

SCHEDULE OF FINDINGS AND RESPONSES

FINDING# 20-02 CASH IN BANK NOT RECORDED ON GENERAL LEDGER

CRITERIA:

Financial reporting procedures should be in accordance with generally accepted accounting principles.

CONDITION:

The Clerk's financial reporting and controls related to cash on hand were not adequate. The Advance Deposit fund cash balances included an amount totaling \$1,200,078 that was not recorded on the general ledger or trial balance for the prior period ended June 30, 2019. The unrecorded cash balance was identified during the subsequent period ending June 30, 2020 and was then recorded to the general ledger. The unrecorded cash balance appeared to date back to the year 2018 which was subject to disclaimers of independent audit opinions by the prior auditors along with incomplete financial reporting presented by the Clerk.

CAUSE:

The Clerk's financial reporting and controls related to the Advance Deposit fund were not adequate.

EFFECT:

Fiduciary fund cash balances were understated during the prior period, resulting in a restatement of prior year fiduciary fund balances.

RECOMMENDATION:

We recommend that the Clerk implement improved financial reporting and oversight related to the Advance Deposit fund and controls over cash on hand reporting.

MANAGEMENT'S RESPONSE:

Management has improved its accounting policies to ensure that complete books and financial reports will include adequate ending balances moving forward. Furthermore, the Clerk of Court has retained outside consultation to monitor this process.

SCHEDULE OF FINDINGS AND RESPONSES

FINDING# 20-03 BANK RECONCILIATION PROCEDURES NOT ADEQUATE

CRITERIA:

The Clerk of Court should remit checks outstanding for greater than one year to the State Treasurer's Unclaimed Property Division in accordance with Louisiana Revised Statute 9:151-181 – Uniform Unclaimed Property Act.

CONDITION:

The Clerk's office bank reconciliation procedures were not adequate. During our audit we noted that several bank reconciliations in the governmental funds did not properly balance to the trial balance. Specifically, the Salary Fund bank account, Payroll bank account, and the Credit Card bank account within the General Fund were not properly reconciled; the register balances on the bank reconciliations did not tie to the Trial Balances at year-end. These conditions existed at year ended June 30, 2020 and were corrected during the course of audit fieldwork for that audit period.

CAUSE:

The Clerk's accounting procedures did not include timely research and resolution of outstanding checks on bank reconciliations. In addition, bank reconciliation procedures did not include a supervisory review.

EFFECT:

Financial statements may be inaccurate due to understated cash balances and accounts payable.

RECOMMENDATION:

We recommend that bank reconciliations be completed on a monthly basis and supervisory approvals be performed and documented.

MANAGEMENT'S RESPONSE:

Management will establish a monitoring system to ensure the timely completion of bank reconciliations.

SCHEDULE OF FINDINGS AND RESPONSES
JUNE 30, 2020**

FINDING# 20-04 FIXED ASSET ACCOUNTING PROCEDURES NOT ADEQUATE

CRITERIA:

The Clerk should maintain comprehensive accounting for all capital assets under the management of the Clerk's Office.

CONDITION

The Clerk did not maintain a fixed asset schedule that included all capital assets and the related accumulated depreciation.

CAUSE:

General accounting procedures were not adequate.

EFFECT:

The financial statements did not include balances for fixed assets net of related depreciation.

RECOMMENDATION:

We recommend that the Clerk implement and maintain comprehensive fixed asset records.

MANAGEMENT'S RESPONSE:

Management has purchased third party accounting software to track fixed assets and related depreciation to ensure balances are included in financial statements.

SCHEDULE OF FINDINGS AND RESPONSES
JUNE 30, 2020**

FINDING 20-05 GENERAL ACCOUNTING PROCEDURES AND CONTROLS NOT ADEQUATE

CRITERIA:

The Clerk of Court should reconcile all material balances to supporting schedules or subsidiary ledgers.

CONDITION:

General accounting procedures were not adequate to support the timely and accurate preparation of financial statements in accordance with generally accepted accounting principles. In addition, certain balances were reported in each fund that did not have supporting subsidiary records. In many instances the general accounting and financial statements were retroactively prepared during subsequent periods by the accounting function presently in place at the Clerk's office. General accounting deficiencies noted were as follows:

1. Accounting for Clerk's activities require significant updating by their accounting department in order to produce financial statements in accordance with generally accepted accounting principles.
2. Due from other governments recorded at \$153,499 was not supported with source documentation. Support for the balance was provided during the course of audit fieldwork.
3. Accrued expenses included various payroll liability accounts totaling \$116,934. These balances were not supported with subsidiary ledgers or schedules.

CAUSE:

The Clerk's accounting department in effect for the June 30, 2020 fiscal year did not appear to be adequately staffed or experienced to perform the required procedures to prepare financial statements.

EFFECT:

This resulted in numerous journal entries and account analyses performed by the Clerk's current accounting department.

RECOMMENDATION:

We recommend that the Clerk maintain qualified accounting personnel either inhouse or contractually during each fiscal period to assure proper internal controls are maintained and general accepted accounting principles are applied to all financial transactions and financial reporting.

MANAGEMENT'S RESPONSE:

Management has upgraded its accounting function to include experienced personnel and contractual professional assistance.

FINDING 20-06 TIMELY SUBMISSION OF AUDIT REPORT

CRITERIA:

Louisiana Revised Statute 24:513, requires local auditees to submit audit report to the Louisiana Legislative Auditor (LLA) not later than six months after the local auditee's fiscal year end.

CONDITION:

The Clerk of Court did not submit its audit report within the required regulatory period.

CAUSE:

The Clerk did not have an effective system of general accounting and financial reporting which contributed to the delinquencies in independent audit completion.

EFFECT:

The Clerk of Court was not in compliance with Louisiana Revised Statute 24:513

RECOMMENDATION:

The Clerk of Court should submit audit reports to the LLA within the statutory guidelines.

MANAGEMENT REPOSE:

Management has engaged an independent auditor to complete each of its delinquent audits. These audits are presently underway.
