## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
Slaughter Community Charter School  
Slaughter, LA

### **Report on the Audits of the Financial Statements**

#### ***Opinion***

We have audited the accompanying financial statements of Slaughter Community Charter School (a nonprofit organization), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Slaughter Community Charter School as of June 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Slaughter Community Charter School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Slaughter Community Charter School's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

#### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing the audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Slaughter Community Charter School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Slaughter Community Charter School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

The accompanying Performance and Statistical Data Agreed Upon Procedures, the Schedule of Compensation, Benefits, and Other Payments to the Agency Head, and the Statewide Agreed Upon Procedures are not a required part of the financial statements, but are supplementary information required by Louisiana State Law. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. We have applied certain limited procedures, which are described in the Independent Accounts' Report on

Applying Agreed-Upon Procedures. However, we did not audit this information and, accordingly, express no opinion on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2023, on our consideration of Slaughter Community Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Slaughter Community Charter School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Slaughter Community Charter School's internal control over financial reporting and compliance.

**SLAUGHTER COMMUNITY CHARTER SCHOOL  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEARS ENDED JUNE 30, 2023 AND 2022**

**1. Summary of Significant Accounting Policies**

(a) Organization

Slaughter Community Charter School (the School) was incorporated on September 2, 2009 as a non-profit corporation under the laws of the State of Louisiana. The School operates under a charter in East Feliciana Parish that expires June 30, 2030 and may be renewed for successive periods by the East Feliciana School Board. The school has grades 7th through 12th.

(b) Basis of Presentation

The financial statements of the School have been prepared in accordance with U.S. generally accepted accounting principles ("US GAAP"), which require the School to report information regarding its financial position and activities according to the following net asset classifications:

*Net Assets Without Donor Restrictions* are net assets that are not subject to donor-imposed restrictions and are available for use at the organization's discretion.

*Net Assets With Donor Restrictions* are net assets subject to donor-imposed restrictions that may or will be met, either by actions of the organization, and/or the passage of time. Once the restrictions are met, they are reclassified to net assets without donor restrictions.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

(c) Revenues

The School receives the majority of its revenue from the Minimum Foundation Program (MFP) which passes through the East Feliciana Parish School Board. The amount of the MFP funding is based on an allocation of funds provided by the State of Louisiana and local taxes. The School also receives federal and private sector funding. Federal funds are passed through the Louisiana Department of Education or the East Feliciana School Board. The allocation calculation is primarily based on the student enrollment at the School and is considered earned when received and is recognized as such.

The School also receives revenue in the form of student and athletic activities revenues. These revenues are collected from students who participate in social events and after school clubs. Additional revenue is received from patrons attending school sponsored sporting events. These funds are used to help cover the cost of hosting these events and provide compensation for teachers, chaperons, referees, or other personnel required to officiate or supervise these activities.

The School receives private funding in the form of contributions from various individuals and entities. Contributions are recognized when an unconditional promise to give is received. Conditional promises to give, with a measurable performance or other barrier and a right of return, are not recognized until the conditions on which they depend have been met. The School does not have any activity that would give rise to variable consideration.

**SLAUGHTER COMMUNITY CHARTER SCHOOL  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEARS ENDED JUNE 30, 2023 AND 2022**

**1. Summary of Significant Accounting Policies (continued)**

(d) Property and equipment

Property and equipment are stated at cost at the date of purchase or, for donated assets, at fair value at the date of donation, less accumulated depreciation. Depreciation is calculated using the straight-line method over the lesser of the estimated useful lives of the assets or the lease term. The useful lives range from three to forty years. The School's policy is to capitalize renewals and betterments acquired for greater than \$2,500 and expense normal repairs and maintenance as incurred. Depreciation expense for the years ended June 30, 2023 and 2022 was \$330,581 and \$341,770, respectively.

All assets acquired with public funds are the property of the School for the duration of the charter. If the charter is revoked or surrendered, or the School otherwise ceases to operate, all assets purchased with public funds will automatically revert to full ownership by the Louisiana Department of Education.

(e) Cash, restricted cash, and cash equivalents

For purposes of the statements of cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered cash equivalents. During the year, cash may consist of both unrestricted and restricted balances. Unrestricted cash balances represent cash available for general operating purposes.

Restricted cash balances consist of amounts credited to the School's bank accounts in compliance with debt terms and covenants. Restricted cash is more thoroughly discussed in the notes payable footnote below.

(f) Accounts Receivable

Accounts receivable represent amounts due under federal and state grant programs and, at times, contributions. The grant programs are reimbursable in nature and revenue is recognized as a receivable once the expenditures are incurred.

Receivables are written off when deemed uncollectible by management and recoveries, if any, are recorded when received. No bad debt was recorded for the years ended June 30, 2023 or 2022.

(g) Functional Expenses

The School allocates its expenses on a functional basis between program service or general and administrative. Expenses that can be identified with the school curriculum are allocated directly according to their natural expense classification. Other expenses are allocated between program service and general and administrative based on management's estimate of time, percentage, or square footage used, among other factors.

(h) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**SLAUGHTER COMMUNITY CHARTER SCHOOL  
 NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEARS ENDED JUNE 30, 2023 AND 2022**

**1. Summary of Significant Accounting Policies (continued)**

(i) Income Taxes

The School accounts for income taxes in accordance with FASB ASC 740-10, *Accounting for Uncertainty in Income Taxes*. Management believes it has no material uncertain tax positions and, accordingly has not recognized a liability for any unrecognized tax benefits.

The School is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The School files information returns in the U.S. federal jurisdiction. The School is not subject to U.S. federal income tax examinations by tax authorities beyond three years from the filing of those returns.

**2. Concentrations**

The School receives the majority of its operating revenue from the State of Louisiana and East Feliciana Parish School Board in the form of Minimum Foundation Program (MFP) funding. The School also receives funding from federal and state agencies under various programs and private foundations. The percentage of revenue and receivables in excess of 10% from these sources is as follows:

<b>Fiscal Year 2023</b>	Revenue	Receivables
MFP	87%	94%
<b>Fiscal Year 2022</b>	Revenue	Receivables
MFP	86%	92%

Financial instruments, which potentially subject the School to concentration of credit risk, consist of cash accounts held with a bank. Cash accounts are insured by the Federal Deposit Insurance Corporation for up to \$250,000. The School maintains cash in financial institutions which often exceed the FDIC limits. Management does not believe that it is exposed to any significant credit risk on uninsured amounts.

**3. Commitments and Contingencies**

The School receives grants for specific purposes that are subject to audit by the grantor agencies. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. It is the opinion of the School’s management that its compliance with the terms of the grants will not result in any disallowed costs.

The School has received funds from the United States Department of Agriculture for the purposes of the purchase of newly constructed school facilities. This loan is subject to audit or review for certain compliance and other requirements as outlined in the Uniform Guidance and the terms of the loan. Such audit or review could lead to reimbursement of funds or cancellation of the loan based on the number and severity of any noncompliance findings. It is the opinion of management that it is operating in compliance with the terms of the requirements as outlined in the Uniform Guidance and the terms of the loan and that any disallowed costs or noncompliance findings will be negligible, if any. As such, no provision has been recorded in the accompanying financial statements for any such contingencies.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEARS ENDED JUNE 30, 2023 AND 2022**

**4. Compensated Absences**

For those eligible the School will pay out a maximum of four days of unused vacation upon termination. At June 30, 2023 and 2022 there was a total of \$83,034 and \$61,453, respectively accrued for unused vacation.

**5. Retirement Plan**

The School offers a retirement benefit plan with the Teacher's Retirement System of Louisiana (TRSL) for employees that are eligible to participate and operates as a defined benefit contribution pension plan. TRSL issues its own separate financial statements and supplementary information which are publicly available and can be obtained by writing or calling the plan.

Teachers' Retirement System of Louisiana  
Post Office Box 94123  
Baton Rouge, LA 70804-9123  
(225) 925-6446

Benefits vest after five years of service for participants age sixty or older and after 20 years of service for all other participants. Benefits under the plan are established and amended by state statute. Retirement benefits are based upon the employee's age, last three years of compensation, and the total number of years the participant was contributing to the TRSL. Once participants reach retirement age a total of eight different payout options are available. The plan also provides death and disability benefits for surviving spouses or disabled employees.

The School and all participating employees are required by state statute to contribute fixed percentages of employees' gross earnings to the pension plans. Current contribution rates for the plan are as follows:

	<u>Employee</u>	<u>Employer</u>
Fiscal Year 2022	8.00%	25.20%
Fiscal Year 2023	8.00%	24.80%

The School's contributions for the years ended June 30, 2023 and 2022 were \$383,405 and \$334,062, respectively.

**6. Net Assets with Donor Restrictions**

For the school year ended June 30, 2023 and 2022, the School received grants of \$115,000 and \$115,000, respectively from the Pennington Foundation with the restriction that the funds be used for the School's permanent facility, wireless projector connectivity, outdoor fields, or technology and facility improvements. During the years ended June 30, 2023 and 2022, the School spent \$144,664 and \$64,480, respectively, of the grant for its intended purpose leaving Net Assets with Donor Restrictions of \$83,566 at June 30, 2023 and \$113,230 at June 30, 2022.

**7. Subsequent Events**

In preparing these financial statements, the School has evaluated events and transactions for potential recognition or disclosure through September 28, 2023, which is the date the financial statements were available to be issued.

**USDA Loan**

In FY18, the School paid their construction loan with funds from the United States Department of Agriculture (USDA) through the Rural Development program. This program is designed to help improve the economy and quality of life in rural America. Under this program, USDA promotes economic development by supporting loans to businesses through banks, credit unions and community-managed lending pools.

As part of the loan agreement with the USDA the School is required to establish and maintain a debt and maintenance service reserve fund. This reserve is to be funded by making a payment equal to 10% of the monthly note payment until the reserve reaches a balance of \$374,256. Restricted cash for the reserve fund consists of one bank account. The balance of the reserve fund as of June 30, 2023 and 2022 was \$174,653 and \$137,227, respectively.

The total available funds under this Program were \$7,797,000 with the full amount having been advanced. Regular loan payments of principal and interest began on November 28, 2018. This loan is scheduled to be repaid over a period of 40 years at an interest rate of 3.50%. This loan is secured by the building and land purchased with the funds. Obligations for this loan for the next five years and thereafter are as follows:

	Loan	Reserve	Total
2024	\$ 112,261	\$ 11,226	\$ 123,487

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors  
Slaughter Community Charter School  
Slaughter, LA

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Slaughter Community Charter School (a nonprofit Organization), which comprise the statement of financial position as of June 30, 2023, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 28, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Slaughter Community Charter School’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Slaughter Community Charter School’s internal control. Accordingly, we do not express an opinion on the effectiveness of Slaughter Community Charter School’s internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Slaughter Community Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document. This report is intended solely for the information and use of the audit committee, management, and others within the organization, the Legislative Auditor, and the federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE**

To the Board of Directors  
Slaughter Community Charter School  
Slaughter, LA

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Slaughter Community Charter School’s compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Slaughter Community Charter School’s major federal programs for the year ended June 30, 2023. Slaughter Community Charter School’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, Slaughter Community Charter School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Slaughter Community Charter School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Slaughter Community Charter School’s compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of

laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Slaughter Community Charter School's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Slaughter Community Charter School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Slaughter Community Charter School's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Slaughter Community Charter School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Slaughter Community Charter School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Slaughter Community Charter School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal

control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

This report is intended solely for the information and use of the Board of Directors, management, the Legislative Auditor, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Our procedures and findings relate to the accompanying schedules of supplemental information and are as follows:

*General Fund Instructional and Support Expenditures and Certain Local Revenue Sources (Schedule 1)*

Procedure #1

We selected a random sample of 25 transactions and reviewed supporting documentation to determine if the sampled expenditures/revenues are classified correctly and are reported in the proper amounts for each of the following amounts on the Schedule:

- Total General Fund Expenditures
- Total General Fund Equipment Expenditures
- Total Local Taxation Revenue
- Total Local Earnings on Investment in Real Property
- Total State Revenue in Lieu of Taxes
- Nonpublic Textbook Revenue
- Nonpublic Transportation Revenue

Results of Procedure #1

In performing the testing on the sample of expenditures/revenues we noted no transactions that were inappropriately classified or were recorded at an inappropriate amount.

Class Size Characteristics (Schedule 2)

Procedure #2

We obtained a list of classes by school, school type, and class size as reported on the Schedule. We then traced a random sample of 10 classes to the October 3rd roll books for those classes and determined if the class was properly classified on the Schedule.

Results of Procedure #2

No discrepancies were noted between the classes reported on the Schedule and those in the roll books.

Education Levels/Experience of Public School Staff (No Schedule)

Procedure #3

We obtained October 1st PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and experience, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's education level and experience was properly classified on the PEP data or equivalent listing.

Results of Procedure #3

No differences were noted between the PEP data information provided and the information in the personnel files.

Public School Staff Data: Average Salaries (No Schedule)

Procedure #4

We obtained June 30th PEP data submitted to the Department of Education (or equivalent listing provided by management) of all classroom teachers including their base salary, extra compensation, and ROTC or rehired retiree status as well as full-time equivalents, and obtained management's representation that the data/list was complete. We then selected 25 individuals, traced to each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data (or equivalent listing prepared by management).

Results of Procedure #4

No differences were noted between the salary information reported on the PEP data report provided by management and the supporting records.

This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This purpose of this report is solely to describe the scope of testing performed on the performance and statistical data accompanying the annual financial statements of Slaughter Community Charter School, as required by Louisiana Revised Statute 24:514.1, and the result of that testing, and not to provide an opinion on control or compliance.
