Independent Accountant's Review Report

Board of Directors
Capital District Law Enforcement Planning Council, Inc.
Denham Springs, Louisiana

I have reviewed the accompanying financial statement of the governmental activities of Capital District Law Enforcement Planning Council, Inc., as of and for the year ended September 30, 2021, and the related notes to the financial statements, which comprise the District's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for preparation and fair presentation of these combining financial statements in accordance with accounting principles generally accepted in the United States of America; this includes, the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the combining financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

My responsibility is to conduct the review in accordance with Statements on Standards of Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA, and the standards applicable to review engagements contained in Government Audit Standards, issued by the United States Comptroller General. Those standards require me to perform procedures to obtain limited assurance as a basis for reporting whether I am aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. I believe that the results of my procedures provide a reasonable basis for my conclusion.

I am required to be independent of Capital District Law Enforcement Planning Council, Inc and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements related to my review.

Accountant's Conclusion

Based on my review I am not aware of any material modification that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis and the Budgetary Comparison Schedules that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. My conclusion on the basic financial statements is not affected by this missing information

Notes to Financial Statements
As of and for the Year ended September 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. INTRODUCTION

The Capital District Law Enforcement Planning Council, Inc. (Council) was formed pursuant to the 1969 Omnibus Crime Bill as a private nonprofit corporation. It is funded with federal, state and local monies to provide training, supplies and equipment to various law enforcement agencies in the Council to lower the crime rate. The Council encompasses the following eleven parishes: of Ascension, East Baton Rouge, East Feliciana, Iberville, Livingston, Pointe Coupee, St. Helena, Tangipahoa, Washington, West Baton Rouge, and West Feliciana. The Council employs two full-time employees.

The board is a self-appointed board that determines the amount of contributions required for each parish based on a percentage of their population.

B. Basis of Presentation, Basis of Accounting

The accompanying basic financial statements of the Capital District Law Enforcement Planning Council, Inc. have been prepared in conformity with generally accepted accounting principles (GAAP) generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Government-Wide Financial Statements (GWFS)

The statement of net position and the statement of activities display information about the primary government. These statements include all the non-fiduciary financial activities of the Council. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange or exchange-like transactions should be recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from nonexchange transactions should be recognized in accordance with the requirements of GASB Codification Section N50.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Council's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to the particular function. Program revenues include (a) fees and charges paid by the recipients of services offered by the Capital District Law Enforcement Planning Council, Inc., and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

The GWFS does not include either fiduciary funds or component units.

Fund Financial Statements (FFS)

The fund financial statements provide information about the Council's funds, including its major funds, the general fund and the special revenue fund – training fund. Separate statements for each of the fund are presented. The emphasis of fund financial statements is on major governmental funds.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation, Basis of Accounting- Continued

The Council reports the following major governmental funds:

General Fund

The General Fund is the Council's primary operating fund and accounts for all financial resources of the Council, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to the Council's policy. This fund is considered to be a major fund.

Special Revenue Funds – Training Fund

The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. This fund is used to account for the funds used to provide training to local governments in the Capital District. This fund can only expend the revenues that have been received.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

Government-wide financial statements (GWFS) use the economic resources measurement focus and the accrual basis of accounting in the preparation of The Statement of Net Position and the Statement of Activities. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of when the related cash flows take place. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements (FFS) are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Council considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, if measurable, except for compensated absences and claims and judgments which are reported when the obligations are expected to be liquidated with expendable available financial resources. General capital assets acquisitions are reported as expenditures in governmental funds and other revenues and/or expenses that are not related to operations are recorded as other source financing sources (uses).

When both restricted and unrestricted resources are available for use, it is the Council's policy to use restricted resources first, then unrestricted resources as they are needed.

C. Receivables and Payables

Receivables consist of all revenues earned at year end and not yet received. Payables consist of all vendor expenses/expenditures incurred at year end and not yet paid.

D. Eliminating Internal Activity

Interfund receivables and payables are eliminated in the Statement of Net Position.

CAPITAL DISTRICT LAW ENFORCEMENT
Notes to Financial Statements (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Capitalizing Assets

Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated cost if historical cost is not available. Contributed assets are recorded as capital assets at their estimated fair market value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Equipment	5 years
Vehicles	5 Years

F. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

G. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits that mature within 90 days after year end and other investments with original maturities of 90 days or less. Under state law, the Council may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or under the laws of the United States.

H. Compensated Absences

Employees of this Council earn from 1.5 to 2.5 days of annual leave and sick leave each work period, depending on their length of service; however, before vacation time can be used, a waiting period of 360 calendar days must be completed. Every employee employed, shall be entitled to full pay during sickness or incapacity not brought about by his own negligence or culpable indiscretion for a period of not less than fifty-two weeks. Upon termination of employment, employees are paid for accrued annual leave up to the maximum accrual authorized. The plan assets remain the property of the Council until paid or made available to participants, subject only to claims of the employer's general creditors.

The cost of leave privileges is recognized as a current-year expenditure in the General Fund as leave is taken. The cost of leave privileges not requiring current resources is recorded as a long-term debt as a governmental activity.

I. Budget Practices

The proposed budget for 2020 - 2021 was made available for public inspection on September 23, 2020. The proposed budget, prepared on the modified accrual basis of accounting, was published in the official journal ten (10) days prior to the public hearing, which was held September 23, 2020, for the comments from taxpayers. The budget is legally adopted and amended, as necessary, by the Board of Directors.

All expenditure appropriations lapse at year end. Unexpended appropriations and any excess revenues over expenditures are carried forward to the subsequent year as beginning fund balance.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Equity Classifications

Government-Wide Statements:

1. Net investment in capital assets – Consists of net capital assets reduced by the outstanding balance of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increase by balances of deferred outflows of resources related to those assets.
2. Restricted net position – Net position is considered restricted if their use is constrained to a particular purpose. Restrictions can be imposed by either external organization such as creditors (such as debt covenants), grants, contributors, laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. Restricted net position is reduced by liabilities and deferred inflows of resource related to the restricted assets.
3. Unrestricted net position – All other net position that do not meet the definition of “restricted” or “net investment in capital assets.”

When both restricted and unrestricted resources are available for use, it is the government’s policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Financial Statements:

GASB 54 Statement No. 54 establishes standards for five fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in government funds. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form – prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned and unassigned,

Restricted Fund Balance – This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the Board – the highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the Board removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual requirements.

Assigned Fund Balance – These are amounts that are constrained by the Board’s *intent* to be used for specific purposes, but are neither restricted nor committed. The board’s management has the authority to assign amount to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the general fund, that are not classified as nonspendable and are neither restricted nor committed.

Unassigned Fund Balance – This fund balance is the residual classification for the general fund. This represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

When both restricted and unrestricted resources are available for use, it is the board’s policy to use externally restricted resources first, then unrestricted resources – committed, assigned, and unassigned – in order as needed.

CAPITAL DISTRICT LAW ENFORCEMENT
Notes to Financial Statements (Continued)

2. CASH AND CASH EQUIVALENTS

The following is a summary of cash and cash equivalents at September 30, 2021:

	<u>Book Balance</u>	<u>Bank Balance</u>
Interest-bearing demand deposit		
General Fund	\$ 83,146	84,556
Training Fund	<u>12,174</u>	<u>16,424</u>
	\$ <u>95,320</u>	<u>100,980</u>

These deposits are stated at cost which approximates market. Under state law, deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge or securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk. As of September 30, 2021, the bank balance was secured from risk by federal deposit insurance and was not exposed to custodial credit risk.

3. DEFERRED COMPENSATION PLAN

The Council has a qualified deferred compensation plan under Section 457 of the Internal Revenue Code that is offered to its employees. The Council does not report the deferred compensation plan assets in the general purpose financial statements. For each plan year, the employer will contribute to the plan the amount of Deferral Contributions the Employee elects to defer under the plan. For the year ended September 30, 2021, the Council contributed \$3,072 to the plan.

4. LITIGATION AND CLAIMS

As of September 30, 2021, there was no litigation pending against the Council, nor was the Council aware of any unasserted claims. The Council's management believes that any potential lawsuits would be covered by insurance or resolved without any material impact upon the Council's financial statements. No claims were paid out or litigation costs incurred during the year ended September 30, 2021.

5. CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2020 was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Deletions</u>	<u>Ending Balance</u>
Governmental activities:				
Equipment	\$ 8,903			\$ 8,903
Vehicle	<u>17,053</u>			<u>17,053</u>
	25,956	-		25,956
Less: accumulated depreciation	<u>(16,114)</u>	<u>(5,000)</u>	-	<u>(21,114)</u>
Capital assets, net of accumulated depreciation	\$ <u>9,842</u>	<u>(5,000)</u>		\$ <u>4,842</u>

6. COMPENSATION PAID TO THE BOARD

There was no compensation paid to the board during the fiscal year ended September 30, 2021.

7. LEASES

The Council leases office space on a month-to-month basis at \$795 monthly.

8. CONTINGENCIES — GRANT PROGRAMS

The Council participates in state and federal grant programs, which are governed by their rules and regulations. Costs charged to the grant programs are subject to audit and adjustment by the grantor agencies. If the Council has not complied with the rules and regulations governing the grants, refunds of any money received and the collectability of any related receivable at year end may be impaired. In management's opinion, there are no significant contingent liabilities relating to compliance with the rules and regulations governing state and federal grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies. There has not been any disallowed cost in the previous years.

9. ECONOMIC DEPENDENCY

The Council receives the majority of its annual revenues from the local law enforcement agencies in the Council and the Governor's commission on law enforcement. If significant budget cuts are made at the federal, state or local level, the amount of funds the Council receives could be reduced significantly and have an adverse impact on its operations. Management is aware of continued budget cuts but is not aware of any actions that will significantly affect the amount the Council will receive next year relating to revenues it usually receives.

10. COMPENSATION, BENEFITS AND OTHER PAYMENTS TO EXECUTIVE DIRECTOR

A detail of compensation, benefits, and other payments paid to Dawn Hawkins, Executive Director in training for the year ended September 30, 2021.

Independent Accountant's Report On Applying
Agreed-Upon Procedures

To the Board of Directors
Capital District Law Enforcement Planning Council, Inc.
Denham Springs, Louisiana

I have performed the procedures enumerated below, which were agreed to by the management of the Capital District Law Enforcement Planning Council, Inc. and the Louisiana Legislative Auditor on the Agency's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended September 30, 2021, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. State Funds	2022-PT-01-6222		0
Total Expenditures			\$ 114,900

2. For each federal, state, and local grant award, randomly select six disbursements from each grant administered during the fiscal year, provided that no more than 30 disbursements are selected.

I selected disbursements from each of the grants administered during the fiscal year except for the CFDA 16.738. and the state grant 2022-PT-01-6222. These grants did not have expenditures for this fiscal year.

3. Obtain documentation for the disbursements selected in Procedure 2. Compare the selected disbursements to supporting documentation, and report whether the disbursements agree to the amount and payee in the supporting documentation.

Each of the selected disbursements had documentation that agreed with the amount and payee.

4. Report whether the selected disbursements were coded to the correct fund and general ledger account.

The selected disbursements were coded to the correct fund and general ledger account. Report whether the selected disbursements were approved in accordance with the Agency's policies and procedures.

5. Report whether the selected disbursements were coded to the correct fund and general ledger account.

All disbursements selected were approved in accordance with Agency's policies and procedures.

6. For each selected disbursement made for federal grant awards, obtain the *Compliance Supplement* for the applicable federal program. For each disbursement made for a state or local grant award, or for a federal program not included in the *Compliance Supplement*, obtain the grant agreement. Compare the documentation for each disbursement to the program compliance requirements or the requirements of the grant agreement relating to activities allowed or unallowed, eligibility, and reporting; and report whether the disbursements comply with these requirements.

Activities allowed and unallowed

Each of the selected disbursements was compared to the grant agreements and compliance supplement, if applicable, observing the agency was in compliance with the program compliance activities allowed and unallowed.

Eligibility

Each of the selected disbursements was compared to the grant agreements and observed the agency was in compliance with the program compliance eligibility. The federal grant CFDA 16.751 compliance supplement did not include Eligibility.

Reporting

Each of the selected disbursements were compared to the grant agreement and compliance supplement, if applicable, and observed the agency in compliance related to reporting.

7. Obtain the close-out reports, if required, for any program selected in Procedure 2 that was closed out during the fiscal year. Compare the close-out reports, if applicable, with the Agency's financial records; and report whether the amounts in the close-out reports agree with the Agency's financial records.

I was informed the close-reports are not applicable for the grants obtained.

Open Meetings

8. Obtain evidence from management that agendas for meetings recorded in the minute book were posted as required by Louisiana Revised Statute 42:11 through 42:28 (the open meetings law), and report whether there are any exceptions.

Management has informed me that the Agency is only required to post a notice of each meeting and the agenda on their door. There was documentation available to indicate that each of the meetings posted the required information.

Budget

9. For each grant exceeding five thousand dollars, obtain the comprehensive grant budgets that the agency provided to the applicable federal, state or local grantor agency. Report whether the budgets for federal, state and local grants included the purpose and duration of the grants; and whether budgets for state grants also included specific goals, objectives, and measures of performance.

The Agency obtains grants to assist in their operations. An annual budget is sent to each of the grantors in order to apply for the grant. These grants do not include specific goals, objectives or measurements of performance.

State Audit Law

10. Report whether the agency provided for a timely report in accordance with R.S. 24:513.

The Agency's report will be submitted to the Louisiana Legislative Auditors before the due date of March 31, 2022.

11. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

Management has not entered into any contracts during the year that were subject to the public bid laws.

Prior-Year Comments

12. Obtain and report management's representation as to whether any prior year suggestions, recommendations, and/or comments have been resolved.

The last AUP report issued was for the year ended September 30, 2019. On that report there was an unfavorable variance of 29% when comparing the actual expenditures as compared to the expenditures budgeted. For the current fiscal year, the variance is under 5%. This comment has been cleared.

The agreed-upon procedures engaged was conducted in accordance with attestation standards established by the American Institutes of Certified Public Accountants, and the standards applicable to attestation engagements contained in the Government Auditing Standards, issued by the United States Comptroller General. I was not engaged to and did not conduct an examination or review, the objective of which would be an expression of an opinion or conclusion, respectively, and the Alliance's compliance with the foregoing matters. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on the Agency's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.
