NORTH MONROE SUBDIVISION SEWERAGE DISTRICT #1
A COMPONENT UNIT OF THE OUACHITA PARISH POLICE JURY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1: ORGANIZATION:

The North Monroe Subdivision Sewerage District #1, (the District), a component unit of the Ouachita Parish Police Jury, was organized under provisions of Louisiana Revised Statute (LSA-RS) by the Ouachita Parish Police Jury in 1968. The following is a brief description of the operations of North Monroe Subdivision Sewerage District #1 and includes the parish in which the District is located:

The District is governed by a five-member board of commissioners who are appointed by the Ouachita Parish Police Jury and are responsible for providing sewer service to users within the boundaries of the District. The board is not compensated for its services. The District serves approximately 400 residential and 50 commercial customers. The District has no employees.

GASB Statement No. 14, *The Reporting Entity*, and No. 39, *Determining Whether Certain Organizations Are Component Units - an amendment of GASB Statement No. 14*, establish criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of these Statements, the District is considered a component unit of the Ouachita Parish Police Jury. As a component unit, the accompanying financial statements may be included within the reporting of the primary government, either blended into those financial statements or separately reported as a discrete component unit.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

A. Financial Statements (Continued)

Governments, provides that special-purpose governments engaged only in business-type activities should present only the financial statements required for enterprise funds. For these governments, basic financial statements and required supplemental information (RSI) consist of:

1. Management's discussion and analysis (MD&A)
2. Statement of net position
3. Statement of revenues, expenses, and changes in net position
4. Statement of cash flows
5. Notes to the financial statements
6. RSI other than MD&A, if applicable

The District is a special-purpose government engaged only in business-type activities.

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Enterprise fund statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operation. The operating revenues of the District are service fees. Operating expenses for enterprise funds

include the costs of the services, administrative expenses, and depreciation on capital assets. All revenues and expense not meeting this definition are reported as non-operating revenues and expenses.

C. Deposits

Cash includes amounts in a demand deposit account. State law limits the District's credit risk by restricting the District's investments to collateralized certificates of deposits, government-backed securities, commercial paper, the state-sponsored investment pool, and mutual funds consisting solely of government-backed securities.

D. Receivables

Receivables for sewer fees are generally shown net of an allowance for uncollectible accounts. These statements contain no provision for uncollectible accounts. The District is of the opinion that such an allowance would be immaterial in relation to the financial statements taken as a whole. Past due accounts are written-off when they are considered uncollectible by management.

E. Capital Assets

Capital assets, which include the sewerage system and improvements and equipment are reported in the enterprise fund financial statements. All of the District's capital assets are capitalized at historical cost. The District maintains a threshold level of \$1,000 or more for capitalizing capital assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the

asset's life are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

All capital assets are depreciated using the straight-line method over the following useful lives:

	<u>Estimated Lives</u>
Infrastructure - Sewerage System And Improvements	40 Years
Furniture and Equipment	5 - 10 Years

F. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, disclosures, and revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

G. Advertising

The District expenses advertising costs as they are incurred. Advertising expenses for the year ended December 31, 2022 were immaterial.

H. Revenue Recognition

The District distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the District's principal ongoing operations. The principal operating revenues are charges to customers for service. Customers are billed monthly for services received during the month. The

I. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

J. Cash Flow Information

The District considers all short-term investments with a maturity of three months or less to be cash equivalents.

K. Restricted Cash

Restricted cash consists of amounts deposited in Whitney Bank, with a balance of \$88,315, held in a money market fund. These funds are restricted for debt service payments.

NOTE 3: RELATED PARTY TRANSACTIONS:

There were no related party transactions during the year ended December 31, 2022.

NOTE 4: FINANCIAL INSTRUMENT DISCLOSURE:

The District has checking accounts at a local financial institution. The accounts, in total, are insured by the Federal Deposit Insurance Corporation up to \$250,000.

NOTE 4: FINANCIAL INSTRUMENT DISCLOSURE: (Continued)

Deposits in bank accounts are stated at cost, which approximates market value. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are required to be held in the name of the pledging fiscal agent or custodial bank in the form of safekeeping receipts.

NOTE 5: RESTRICTED ASSETS:

Certain proceeds of the enterprise fund resources are set aside for specific payments and are classified on the balance sheet as restricted assets because their use is limited by applicable requirements. Restricted assets include:

Reserve Debt Service	59,191	Reserved for Bond Principal and Interest
LA Debt Service Fund	<u>29,124</u>	To be Held and Kept by the Paying Agent
<u>Total Restricted Assets</u>	<u>88,315</u>	

The District's restricted assets at December 31, 2022 are reflected at \$88,315, and listed in the assets section on the Statement of Net Position as Restricted Cash.

Whitney Bank, as the administrator, has the funds restricted which are required by the bond agreement to maintain a sufficient amount in the Revenue Bond Sinking Fund to pay promptly and fully the principal and interest on the bonds as they come due and payable. These bonds will mature August 1, 2029.
