Independent Auditor's Report

To the Board of Commissioners
Recreation District No. 14 of St. Tammany Parish
Madisonville, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of Recreation District No. 14 of St. Tammany Parish (the District), a component unit of St. Tammany Parish, Louisiana, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the District as of December 31, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 26 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in the appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Required Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The schedules of governing board and compensation, benefits, and other payments to agency head, as required by Louisiana Revised Statute (R.S.) 24:513 A(3), are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of governing board and compensation, benefits, and other payments to agency head are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Recreation District No. 14 of St. Tammany Parish's internal control over financial reporting and compliance.

RECREATION DISTRICT NO. 14 OF ST. TAMMANY PARISH

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies

The mission of Recreation District No. 14 of St. Tammany Parish (the District) is to acquire, construct, operate, and maintain recreation facilities in the area of St. Tammany Parish which includes Madisonville, Louisiana. The accounting and reporting policies of the District conform to accounting principles generally accepted in the United States of America applicable to government entities. The following is a summary of significant accounting policies.

Reporting Entity

The District was created in 1999, by Ordinance 3017 of St. Tammany Parish (the Parish). The District is governed by a Board of Commissioners, which is appointed by the Parish. The District consists of seven Commissioners who serve staggered terms.

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14, as amended, established criteria for determining which component units should be considered part of St. Tammany Parish for financial reporting purposes. The basic criterion for including a potential component unit with the reporting entity is financial accountability.

The District is a component unit of the Parish because the Parish appoints all members of the District's Board and, as such, is financially accountable for the District. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the Parish, the general government services provided by that governmental unit, or the governmental units that comprise the financial reporting entity.

Basis of Presentation

The accompanying basic financial statements of the District have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, issued in June 1999, as amended by GASB Statement No. 63 in June 2011.

RECREATION DISTRICT NO. 14 OF ST. TAMMANY PARISH

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Continued)

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds and for the proprietary funds.

Fund Financial Statements

The District uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain District functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts. The various funds of the District are classified as governmental and proprietary. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the District or its total assets, liabilities, revenues, or expenditures are at least 10 percent of the corresponding total for all governmental and proprietary funds and at least 5 percent of the aggregate amount for all governmental and proprietary funds.

The District reports the following major governmental funds:

General Fund - The General Fund is the primary operating fund of the District. It accounts for all the financial resources except those that are required to be accounted for in other funds.

Debt Service Fund - The Debt Service Fund accounts for proceeds of ad valorem taxes of 4.47 mills restricted for periodic payments of principal and interest on general long-term debt.

Capital Projects Fund - The Capital Projects Fund accounts for the proceeds of the certificates of indebtedness and the general obligation bonds, which will be used for the purchase of land and construction of facilities.

RECREATION DISTRICT NO. 14 OF ST. TAMMANY PARISH

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Continued)

Fund Financial Statements (Continued)

The District reports one major proprietary fund - the Programs Fund. The fund accounts for registration fees for youth and adult sports and the related expenses of providing sports activities including uniforms, officials and scorers, and equipment. The fund also accounts for sale of concessions, goods, admissions, and their related costs from all facilities' concession stands.

Measurement Focus / Basis of Accounting

The amounts reflected in the governmental fund financial statements are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to the government-wide financial statements.

The amounts reflected in the governmental fund financial statements use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period, or soon enough thereafter, to pay liabilities of the current period. The District considers all revenues available if they are collected within 60 days after the fiscal year-end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt, which are recognized when payment is due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

The government-wide financial statements are accounted for using an economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements.

Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of the timing of related cash flows. Ad valorem taxes and state revenue sharing associated with the current fiscal period are all considered to be susceptible to accrual and, so, have been recognized as revenues of the current fiscal period.

Cash and Cash Equivalents and Investments

Cash includes amounts in interest-bearing demand deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Cash and Cash Equivalents and Investments (Continued)

Under state law, the District may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at market value. At December 31, 2021, the District has no investments.

Receivables

All receivables are reported net of estimated uncollectible amounts. The allowance for uncollectibles is \$182,822, which represents 5% of the total ad valorem tax receivable at December 31, 2021. This estimate is based on the District's history of collections within this revenue stream.

Capital Assets

All capital assets of the District are recorded at historical cost in the government-wide and proprietary fund financial statements. Depreciation of all exhaustible capital assets is charged as an expense against their operations. In the governmental fund financial statements, capital assets used in the governmental fund operations are accounted for as capital outlay expenditures upon acquisition.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable. The District capitalizes equipment and furniture in excess of \$2,500. The following estimated useful lives and methods are used to compute depreciation:

Park, Fields, and Grounds	15 - 40 Years	Straight-Line
Furniture, Fixtures, and Equipment	5 - 15 Years	Straight-Line

Depreciation expense for the year ended December 31, 2021 amounted to \$946,523 for the governmental activities and \$6,725 for the business-type activities.

Internal Transactions

Outstanding balances between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds."

Deferred Outflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense) until then. The District has only one item that qualifies for reporting in this category, a deferred amount on bond refunding.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Long-Term Debt

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the lives of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as other financing uses.

Defining Operating Revenues and Expenses

The District's proprietary fund distinguishes between operating and non-operating revenues and expenses. Operating revenues and expenses consist of charges for sports league registration, concessions, and admissions, and the costs of providing those services, including depreciation. All other revenues and expenses are reported as non-operating.

Equity Classifications

In accordance with GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, as amended, net position is classified into three components: net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

Net Investment in Capital Assets - This component of net position consists of the historical cost of capital assets, including any restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, plus deferred outflows of resources, less deferred inflows of resources, related to those assets.

Restricted - This component of net position consists of assets that have constraints that are externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted - All other net position is reported in this category.

RECREATION DISTRICT NO. 14 OF ST. TAMMANY PARISH

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Equity Classifications (Continued)

In the governmental fund financial statements, fund balances are classified as follows:

1. Restricted Fund Balance - Amounts that can be spent only for specific purposes because of enabling legislation or externally imposed conditions by grantors, creditors, or citizens.
2. Unassigned Fund Balance - All amounts not included in other spendable classifications.

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the District's policy is to apply restricted net position/fund balance first.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

Recently Issued Accounting Principles - Not Yet Adopted

In June 2017, the GASB issued Statement No. 87, *Leases*. The objective of GASB 87 is to better meet the information needs of the financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that were previously classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Management is still evaluating the potential impact of adoption on the District's financial statements. Implementation of the requirements of this statement have been delayed, and the guidance will be effective for reporting periods beginning after June 15, 2021.

Budget Policies

The District has adopted an annual budget for its General Fund on a basis consistent with generally accepted accounting principles. The budgetary practices include notice of the proposed budget, public inspection of the proposed budget, and public hearings on the budget prior to adoption. Any amendment involving increases in expenditures must be approved by the Board of Commissioners. Budgeted amounts in the accompanying financial statements include all amendments. The District does not use encumbrance accounting. At the end of the fiscal year, unexpended appropriations of funds automatically lapse. The District's actual expenditures exceeded budgeted expenditures for the year resulting in an unfavorable variance of \$10,383.

Note 2. Cash and Cash Equivalents

Cash and cash equivalents at December 31, 2021 consisted of demand deposits with a carrying value of \$16,716,907 and a bank balance of \$16,749,381. These deposits are stated at cost which approximates market.

Custodial Credit Risk - Deposits

Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2021, the District had \$16,749,381 in deposits (collected bank balances). These deposits are secured from risk by federal deposit insurance and pledged securities held by the custodial bank in the name of the fiscal agent bank.

Note 3. Ad Valorem Taxes

Ad valorem taxes to fund the operations and bond debt service of the District are levied each November 1st on the assessed value listed as of the prior January 1st for all real property, merchandise, and movable property located in the Parish. Assessed values are established by the St. Tammany Parish Assessor's Office and the State Tax Commission at percentages of actual value as specified by Louisiana law. A re-evaluation of all property is required to be completed no less than every four years. The last re-evaluation was completed in 2020. Taxes are due and payable December 31st of the year levied.

The following is a summary of authorized and levied ad valorem taxes:

Due Within One Year	\$ 823,000	\$ 233,000	\$ 1,056,000

General obligation bonds are secured by an annual ad valorem tax levy. In accordance with Louisiana Revised Statute 39:562, the District is legally restricted from incurring long-term bonded debt in excess of 10% of the assessed value of taxable property in the District. At December 31, 2021, the District had not exceeded this statutory limit.

The following is a schedule of future principal debt service requirements:

Notes to Financial Statements

Note 6. Capital Lease

In 2018, the District entered into an agreement to lease a skid loader. The lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of the future minimum lease payments as of the date of its inception. The lease requires monthly payments of \$1,501 through December 2023.

The total cost of the assets recorded under capital lease was \$81,534, with accumulated depreciation of \$33,973, at December 31, 2021. Amortization expense of the leased assets for the year ended December 31, 2021 was \$16,307 and has been included in depreciation expense.

The future minimum lease obligations and the net present value of these minimum lease payments as of December 31, 2021 were as follows:

Year Ending December 31,	Amount
2022	\$ 18,019
2023	<u>18,019</u>
Total Minimum Lease Payments	36,038
Less: Amount Representing Interest	<u>1,458</u>
Present Value of Minimum Lease Payments	<u>\$ 34,580</u>
Due Within One Year	<u>\$ 16,944</u>

Note 7. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ended December 31, 2021, the District carried insurance through various commercial carriers to cover all risks of loss. The District had no settled claims resulting from these risks that exceeded its commercial coverage in any of the past three fiscal years.

Note 8. Interfund Receivables/Payables

The primary purpose of interfund receivables/payables is to loan monies between funds to cover current expenditures. All interfund receivables/payables are considered short-term, as they are expected to be repaid within the next fiscal year.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Independent Auditor's Report

To the Board of Commissioners
Recreation District No. 14 of St. Tammany Parish
Madisonville, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of Recreation District No. 14 of St. Tammany Parish (the District), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 29, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

AGREED-UPON PROCEDURES REPORT

St. Tammany Parish Recreation District No. 14

Independent Accountant's Report
On Applying Agreed-Upon Procedures

For the Period of January 1, 2021 - July 31, 2021

To the Board of Commissioners
St. Tammany Parish Recreation District No. 14
Madisonville, Louisiana

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified by the Louisiana Legislative Auditor's (LLA) Agreed-Upon Procedures (AUPs) in accordance with the authority of Act 774 of the 2014 Regular Legislative Session for the period from January 1, 2021 through July 31, 2021. St. Tammany Parish Recreation District No. 14's (the Organization) management is responsible for those C/C areas identified in the AUPs.

Management of St. Tammany Parish Recreation District No. 14 has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified by the LLA's AUPs in accordance with the authority of Act 774 of the 2014 Regular Legislative Session for the period January 1, 2021 to July 31, 2021. Additionally, the LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated results are as follows:

Sexual Harassment (follow-up)

1. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that it includes the applicable requirements of R.S. 42:344.

Results: No exceptions noted.

Capital Assets (follow-up)

1. Obtain a listing of capital assets and obtain management's representation that the listing is complete. Randomly select 25 assets from the listing, physically locate each asset, and observe that each asset is tagged and agrees to the information on the listing as to the location, description, manufacturer, model, and serial number.

Results: No exceptions noted.

2. Select 10 capital assets in two physical locations (if entity has at least two physical locations) that meet the asset capitalization threshold (e.g., vehicles, office furniture, lawn mowers). Observe that each asset is tagged and trace to the listing from #3 above. Observe that each asset is included on the listing and agree the information on the listing to the location, description, manufacturer, model, and serial number of the asset.

Results: No exceptions noted.

Debt Service

1. Obtain and inspect the entity's written policies and procedures over debt service and observe that they address (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

Results: No exceptions noted.

2. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued.

Results: No exceptions noted.

3. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Results: No exceptions noted.

Fraud Notice

1. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

Results: No misappropriations during the fiscal period. No exceptions noted.

We were engaged by St. Tammany Parish Recreation District No. 14 to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified by the LLA AUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of St. Tammany Parish Recreation District No. 14 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified by the LLA, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
