## BASIC FINANCIAL STATEMENTS

## INDEPENDENT AUDITOR'S REPORT

Board Members of the  
Atchafalaya Basin Levee District  
A Discrete Component Unit of the State of Louisiana  
PO Box 170  
Port Allen, 70767

### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Atchafalaya Basin Levee District (District), a discrete component unit of the State of Louisiana, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Atchafalaya Basin Levee District's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2022, on our consideration of the Atchafalaya Basin Levee District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Atchafalaya Basin Levee District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Atchafalaya Basin Levee District's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTAL INFORMATION  
(PART 1 OF 2)

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

MANAGEMENT'S DISCUSSION AND ANALYSIS  
June 30, 2022

The Management's Discussion and Analysis of Atchafalaya Basin Levee District's (District) financial performance presents a narrative overview and analysis of the District's financial activities for the year ended June 30, 2022. This document focuses on the current year's activities, resulting changes, and currently-known facts in comparison with the prior year's information. Please read this document in conjunction with the District's financial statements.

### Financial Highlights

- The District's assets and deferred outflows exceeded the liabilities and deferred inflows at the close of fiscal year 2022 by \$5,466,887, which represents an increase from last year. Assets consist primarily of investments and capital assets. Net position increased by \$1,034,977.
- The District's revenue totaled \$7,629,472 for the year ended June 30, 2022. These revenues are comprised primarily of Ad Valorem taxes. Revenues decreased \$829,388, or -9.80%, compared to the prior fiscal year.
- The District's expenditures totaled \$7,450,281 for the year ended June 30, 2022. These expenditures are comprised primarily of Salaries and Maintenance. Expenditures increased \$344,105, or 4.84%, compared to the prior year due to increased salary and administrative expenses.

### Overview of the Financial Statement Presentation

The financial statements are comprised of three components: Management's Discussion and Analysis (this section), the basic financial statements, and Required Supplementary Information. The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains additional information to supplement the basic financial statements, such as required supplementary information.

**Government-wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to private-sector businesses.

The Statement of Net Position (page 9) presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is net position and may serve as a useful indicator of whether the District's financial position is improving or deteriorating.

The Statement of Activities (page 10) presents information showing how the District's assets changed during the most recent fiscal year. Regardless of whether cash is affected, all changes in net position are reported when the underlying transactions occur. As a result, transactions are included that will not affect cash until future periods.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

MANAGEMENT'S DISCUSSION AND ANALYSIS  
June 30, 2022

**Fund Financial Statements.**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses a single fund to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's only fund, the General Fund.

The District only uses one fund type, the governmental fund. The governmental fund is used to account for essentially the same functions reported as governmental activities in the governmental-wide financial statements. However, unlike government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the view of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between the governmental fund and governmental activities.

**Notes to the Financial Statements.**

The notes (pages 15-36) provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Required Supplementary Information and Supplementary Information.**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplemental information concerning the District's proportionate share of the net pension liability (page 37), the District's Contributions – LASERS (page 28), the District's proportionate share of the total collective OPEB liability (page 39), and the budgetary comparison schedule (page 41) required by GASB. The Schedule of Per Diem and Salary Paid to Board Commissioners (page 42) presents the compensation received by the Board commissioners in accordance with Louisiana Revised Statute 38:308 and Schedule of Compensation, Benefits, and Other Payments to Agency Head (page 42) represents information required to be reported by the Louisiana Legislative Auditor.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT  
OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES  
TO THE STATEMENT OF ACTIVITIES

(See Accompanying Notes and Independent Auditors' Report)

For the Year Ended June 30, 2022

Net Change in Fund Balances - Total Governmental Funds	\$	179,191
--	----	---------

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

(79,992)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and are not reported as expenditures in governmental funds. These include the net change in:

Compensated absences

(170)

Other post-employment benefits plan

189,886

Net pension liability

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANANOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022INTRODUCTION

The Atchafalaya Basin Levee District (District), a component unit of the State of Louisiana, was created by Louisiana Revised Statute (R.S.) 38:291(Y). The District is domiciled in Port Allen, Louisiana, and serves as a multi-parish authority to accomplish flood protection through the maintenance of levees and drainage. Its service area includes the parishes of Pointe Coupee, West Baton Rouge and parts of the parishes of Ascension, Assumption, Iberia, Iberville, St. Landry and St. Martin. The District is managed by a Board of Commissioners composed of 13 members that are appointed by the Governor of the State of Louisiana and serve terms concurrent with that of the Governor.

Commissioners, as authorized by R.S. 38:308 receive a per diem to attend meetings or conduct board-approved business not to exceed \$113.25 per day for up to 36 days per year. The president receives a salary in lieu of the per diem provision in an amount not to exceed \$1,000 per month.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting practice of the Atchafalaya Basin Levee District conforms to generally accepted principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statute 24:513 and to the guides set forth in the *Louisiana Governmental Audit Guide*, and to the industry audit guide *Audits of State and Local Governmental Units*.

The following is a summary of certain significant accounting policies:

Basis of Presentation – The Governmental Accounting Standards Board (GASB) promulgates accounting principles generally accepted in the United States of America and reporting standards for state and local governments. These principles are found in the *Codification of Governmental Accounting and Financial Reporting Standards*, published by GASB. The accompanying financial statements have been prepared in accordance with such principles.

Reporting Entity – GASB Codification Section 2100 has defined the governmental reporting entity to be the State of Louisiana. The District is considered a discrete component unit of the State of Louisiana because the State exercises oversight responsibility in that the Governor appoints the majority of the board members and public service is rendered within the State's boundaries. The accompanying financial statements present only the transactions of the Atchafalaya Basin Levee District.

Government-Wide and Fund Financials – In accordance with Government Accounting Standards Board, the District has presented a statement of net position and statement of activities for the District as a whole. Government-wide accounting is designed to provide a more comprehensive view of the government's operations and financial position as a single economic entity. The District has also presented a fund balance sheet and statement of revenues, expenditures, and changes in fund balance. Fund accounting is designed to demonstrate legal compliance and to aid financial management by demonstrating the current resources of the District. Government-wide and governmental fund statements distinguish between governmental and business-type activities. The District's general fund is classified as governmental activities.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANANOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Policies specific to the government-wide statements are as follows:

Capitalizing Assets – Tangible and/or intangible assets used in operations with an initial useful life that extends beyond one year and exceed \$5,000 in cost are capitalized. Infrastructure assets such as roads and bridges are also capitalized along with interest on debt incurred during construction. Capital assets are recorded at their historical cost and are depreciated using the straight-line method of depreciation over their estimated useful lives. They are reported net of accumulated depreciation on the statement of net position

Using the requirements of GASB Statement No. 34, the District is considered a Phase 3 government, as its total annual revenues are less than \$10 million. Such governments are not required to report major general infrastructure assets retroactively. The District has opted not to retroactively report these types of capital assets.

Program Revenues – The Statement of Activities presents three categories of program revenues (1) charges for services; (2) operating grants and contributions; and (3) capital grants and contributions. Charges for services are those revenues arising from charges to customers who purchase, use or directly benefit from goods and services provided by the District. Grants and contributions, whether operating or capital in nature, are revenues arising from receipts that are reserved for a specific use.

Indirect Expenses – Expenses are reported according to function except for those that meet the definition of special or extraordinary items. Direct expenses are specifically associated with a service or program. Indirect expenses include general government or administration that cannot be specifically traced to a service or program. Governments are not required to allocate indirect expenses to other functions, and the District has chosen not to do so.

Basis of Accounting/Measurement Focus

The government-wide statements are reported using an economic resources measurement focus and the accrual basis of accounting. With this measurement focus, all assets and liabilities associated with the operation of governmental and business-type activities are included in the statement of net assets. Revenues are recognized when earned, and expenses are recognized at the time the liabilities are incurred in the statement of activities. In these statements, capital assets are reported and depreciated in each fund, and long-term debt is reported.

The fund statements are reported using a current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements present increases and decreases in net current assets. Expenditures for capital assets are reported as current expenses, and such assets are not depreciated. Principle and interest paid on long-term debt is reported as current expenses.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets and Budgetary Accounting – The District adopts an annual budget for all of its funds, prepared in accordance with the basis of accounting utilized by that fund. The Board must approve any revisions that alter the total expenditures. Budgeted amounts shown are as originally adopted and as amended by the Board. The District amends its budget when projected revenues are expected to be less than budgeted revenues by 5% or more and/or projected expenditures are expected to be more than budgeted amounts by 5% or more.

Cash and Cash Equivalents – Cash includes amounts in interest bearing demand deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Investments – Investments are limited by Louisiana Revised Statute 33:2955. If the original maturities of investments exceed 90 days, they are classified as investments. Otherwise, the investments are classified as cash and cash equivalents. In accordance with GASB Statement No. 31, investments are recorded at fair value, based on quoted market prices, with the corresponding increase or decrease reported in investment earnings.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Receivables – Receivables are recorded net of any allowance for uncollectible amounts in both governmental and business-type activities.

Capital Assets – The District's assets are recorded at historical cost or estimated historical cost if actual is not available. Donated fixed assets are recorded at their estimated fair value on the date of donation. Its policy is to capitalize assets with an original cost of \$5,000 or more. Depreciation is recorded using the straight-line method over the useful lives of the assets as follows:

Buildings/improvements	40 years	Machinery/equipment	3-10 years
Vehicles	5-10 years	Furniture/office equipment	5-10 years

The District maintains both Mississippi River and Tributaries and Hurricane Protection Levees. While the District mows grass and does minor repairs, major construction is normally done by the U.S. Corp of Engineers. The Division of Administration of the State of Louisiana, in a letter dated June 11, 2002, advised that the District does not provide major and significant improvements or maintenance to these levees that would constitute ownership under the Governmental Accounting Standards Board (GASB No. 34) requirements.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANANOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences – Employees of the District earn annual and sick leave at varying rates, depending on their years of service. Upon termination, an employee is compensated for up to 300 hours of unused annual leave at the employee's hourly rate of pay at the time of termination. Employees accumulated \$263,966 in leave benefits in which they were fully vested at June 30, 2022. The balance is considered a long-term liability and is reported in the government-wide statement but not in the governmental fund statement.

Long-Term Obligations – Long-term liabilities consist of compensated absences, post-employment benefits liability, and net pension liability in the government-wide statements. In the fund financial statements, however, long-term liabilities are not reported and payments of long-term liabilities are recognized as expenditures when paid. The District recognizes OPEB liability based on the actuarially determined liability of the State. For the purposes of measuring the Net Pension Liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Louisiana State Employees' Retirement System (LASERS) and additions to/deductions from LASERS' fiduciary net position have been determined on the same basis as they are reported by LASERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred Outflows/Inflows of Resources – The statement of net position reports in a separate section deferred inflows and outflows of resources. Deferred outflow of resources is a consumption of net assets by the government that is applicable to a future reporting period while deferred inflows of resources is an acquisition of net assets by the government that is applicable to the future reporting period. The District reported deferred inflows and outflows of resources related to pension and OPEB.

Property Taxes – Article 6, Section 39 of the Louisiana Constitution of 1974 provides that, for the purpose of constructing and maintaining levees, levee drainage, flood protection, hurricane flood protection and all other purposes incidental thereto, the District may levy annually a tax not to exceed five mills. Ad valorem taxes attach as an enforceable lien on property as of January 1<sup>st</sup> of each year. They are levied in November, billed in December and become delinquent on January 1 of the following year.

Net Position/Fund Balances

In the statement of net position, the difference between a government's assets and liabilities is recorded as net position. Net position is classified in the following components:

- (a) *Investment in capital assets* consists of the District's total investment in capital assets, net of accumulated depreciation. The District does not have any outstanding debt obligations related to capital assets.
- (b) *Restricted* consists of net position with constraints placed on its use either by external groups or through enabling legislation and provisions.
- (c) *Unrestricted* consists of the net amounts of the assets, deferred outflows, liabilities, and deferred inflows of resources that are not included in the determination of investment in capital assets. Unrestricted net position is used to transactions relating to the general operations of the District and may be used at its discretion to meet current year expenses.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

In the fund financial statements, fund balance for the governmental fund are classified as follows:

- (a) *Nonspendable* - amounts that cannot be spent either because they are in nonspendable form of because they are legally or contractually required to be maintained intact.
- (b) *Restricted*- amounts for which constraints have been placed on the use of the resource either by (a) externally imposed by creditors, (b) imposed by law through constitutional provisions or enabling legislation.
- (c) *Committed*- amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District Board of Commissioners. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed.
- (d) *Assigned*- amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This classification also includes the remaining positive fund balance for all governmental funds except for the general fund.
- (e) *Unassigned*- residual fund balance for governmental fund.

Accounting Pronouncements - GASB Statement No. 87, "Leases" increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a defined inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The implementation of this standard had no material effect on the Board's financial statements for the year ended June 30, 2022.

NOTE 2: CASH AND CASH EQUIVALENTS

Deposits are stated at cost, which approximates market. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned. Under state law, they must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding, or custodial bank that is mutually acceptable to both parties.

As of June 30, 2022, the District's deposits were secured from risk by federal deposit insurance and pledged securities. The collected bank balances at June 30, 2022 was \$1,063,251. Deposits of the District are secured with \$250,000 of FDIC insurance and \$1,072,660 in pledged securities.

A summary of cash and cash equivalents (book balances) at June 30, 2022, is as follows:

Petty cash	\$ 700
Interest-bearing demand deposits	<u>1,063,251</u>
Total	<u>\$ 1,063,951</u>

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022

NOTE 3: INVESTMENTS

At June 30, 2022, the District had investments totaling \$21,162,505. A summary of the District's investments follows:

Investment	Percentage	Credit Rating	Fair Value
Cash and Money Market Funds	13%	N/A	\$ 2,837,286
Certificates of Deposit	10%	N/A	2,190,640
U.S. Treasury Notes	55%	AAA	11,651,659
U.S. Treasury Bills	0%	N/A	-
U.S. Government Agency Bonds	10%	AAA	2,040,025
Municipal Bonds	1%	AA	125,584
Mortgage Backed Securities	11%	N/A	2,251,483
Accrued Interest	0%	N/A	65,829
Total	100%		<u>\$ 21,162,506</u>

Investment	Fair Value	June 30, 2022			
		Less than 1 Year	1 to 5 Years	6 to 10 Years	10+ Years
Cash and MM Funds	\$ 2,837,286	\$ 2,837,286	\$ -	\$ -	\$ -
Certificates of Deposit	2,190,640	2,190,640	-	-	-
U.S. Treasury Notes	11,651,659	2,391,495	5,589,277	3,670,887	-
U.S. Treasury Bills	-	-	-	-	-
U.S. Govt Agency Bonds	2,040,025	999,270	1,040,755	-	-
Municipal Bonds	125,584	-	-	125,584	-
Mortgage Backed Securities	2,251,483	-	-	-	2,251,483
Accrued Interest	65,829	65,829	-	-	-
Total	<u>\$21,162,506</u>	<u>\$8,484,520</u>	<u>\$6,630,032</u>	<u>\$3,796,471</u>	<u>\$2,251,483</u>

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits the District's investments per R.S. 33:2955. The District does not have policies to further limit credit risk.

Custodial risk for investments is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy states that the assets of the District shall be held in trust by the fiduciary designated by the District. For U.S. Treasury Obligations and U.S. Government Obligations state law provides these are backed by the full faith and credit of the United States of America.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022

NOTE 3: INVESTMENTS (CONTINUED)

Concentration of credit risk is the risk of loss attributed to the magnitude of an entity's investment in a single issuer. The District does not have any policies to further limit concentration of credit risk.

Investment rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. State law as applicable to political subdivisions does not address interest rate risk. In addition, the District does not have policies to limit interest rate risk.

INVESTMENTS- FAIR VALUE MEASUREMENT

GASB Statement No.72, *Fair Value Measurement and Application*, requires disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels.

- Level 1 inputs- the valuation is based on quoted market prices for identical assets or liabilities traded in active markets
- Level 2 inputs- the valuation is based on quoted market prices for similar instruments traded in active markets, quoted prices for identical or similar instruments in markets that are not active, and inputs other than quoted market prices that are observable for the asset or liability.
- Level 3 inputs- the valuation is determined using the best information available under the circumstances and might include the government's own data. In developing unobservable inputs, a government may begin with its own data but should adjust those data if (a) reasonable available information indicates that other market participants would use different data or (b) there is something particular to the government that is not available to other market participants.

Fair value of assets measured on a recurring basis at June 30, 2022, are as follows:

	Fair Value <u>June 30, 2022</u>	Fair Value Hierarchy		
		Quoted Prices in Active Markets for Identical <u>Assets (Level 1)</u>	Significant Other Observable <u>Inputs (Level 2)</u>	Significant Unobservable Inputs <u>(Level 3)</u>
Cash and MM Funds	\$ 2,837,286	\$ -	\$ 2,837,286	\$ -

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022

**NOTE 4: CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2022 was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Retirements</u>	<u>Ending Balance</u>
Capital Assets, not being depreciated				
Land	\$ 16,000	\$ -	\$ -	\$ 16,000
Capital Assets, being depreciated				
Buildings and improvements	\$ 2,775,852	-	-	2,775,852
Machinery and equipment	6,287,643	417,512	(12,665)	6,692,490
Vehicles	1,180,370	121,942	(116,521)	1,185,791
Computer equipment	55,758	-	-	55,758
Furniture and fixtures	49,568	-	-	49,568
Less: accumulated depreciation	<u>(7,818,113)</u>	<u>(619,446)</u>	<u>129,186</u>	<u>(8,308,373)</u>
Capital Assets, net	<u>\$ 2,547,078</u>	<u>\$ (79,992)</u>	<u>\$ -</u>	<u>\$ 2,467,086</u>

Not included in the above capital assets are levees to which the Division of Administration of the State of Louisiana has advised are not owned by the District but to which the District is responsible for maintaining. These include 380 miles of Mississippi River and Tributaries Project levees that lie within the jurisdiction of the District. Of these, 110.5 miles are main line Mississippi River levees and 269.5 miles are Atchafalaya River and Guide levees. These levees were constructed and improved over the past 100 years by both original landowners and federal and state governments. The cost was estimated based on information obtained from the New Orleans District of the U.S. Army Corps of Engineers at \$219,537,364.

**NOTE 5: RETIREMENT SYSTEM**

***Plan Description***

Employees of the District are provided with pensions through a cost-sharing multiple-employer defined benefit plan administered by the Louisiana State Employees' Retirement System (LASERS). Section 401 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) grants to LASERS Board of Trustees and the Louisiana Legislature the authority to review administration, benefit terms, investments, and funding of the plan. LASERS issues a publicly available financial report that can be obtained at [www.lasersonline.org](http://www.lasersonline.org).

***Benefits Provided***

The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANANOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022NOTE 5: RETIREMENT SYSTEM (CONTINUED)**Retirement Benefits**

The age and years of creditable service required in order for a member to retire with full benefits are established by statute, and vary depending on the member's hire date, employer, and job classification. Our rank and file members hired prior to July 1, 2006, may either retire with full benefits at age 55 upon completing 25 years of creditable service, or at age 60 upon completing ten years of creditable service depending on their plan. Those members hired between July 1, 2006 and June 30, 2015, may retire at age 60 upon completing five years of creditable service and those hired on or after July 1, 2015 may retire at age 62 upon completing five years of creditable service. The basic annual retirement benefit for members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit.

Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006. For members hired July 1, 2006 or later, average compensation is based on the member's average annual earned compensation for the highest 60 consecutive months of employment. The maximum annual retirement benefit cannot exceed the lesser of 100% of average compensation or a certain specified dollar amount of actuarially determined monetary limits, which vary depending upon the member's age at retirement. Judges, court officers, and certain elected officials receive an additional annual retirement benefit equal to 1.0% of average compensation multiplied by the number of years of creditable service in their respective capacity. As an alternative to the basic retirement benefits, a member may elect to receive their retirement throughout their life, with certain benefits being paid to their designated beneficiary after their death.

Act 992 of the 2010 Louisiana Regular Legislative Session, changed the benefit structure for LASERS members hired on or after January 1, 2011. This resulted in three new plans: regular, hazardous duty, and judges. The new regular plan includes regular members and those members who were formerly eligible to participate in specialty plans, excluding hazardous duty and judges. Regular members and judges are eligible to retire at age 60 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Hazardous duty members are eligible to retire with twelve years of creditable service at age 55, 25 years of creditable service at any age or with a reduced benefit after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment for all three new plans. Members in the regular plan will receive a 2.5% accrual rate, hazardous duty plan a 3.33% accrual rate, and judges a 3.5% accrual rate. The extra 1.0% accrual rate for each year of service for court officers, the governor, lieutenant governor, legislators, House clerk, sergeants at arms, or Senate secretary, employed after January 1, 2011, was eliminated by Act 992. Specialty plan and regular members, hired prior to January 1, 2011, who are hazardous duty employees have the option to transition to the new hazardous duty plan.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANANOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022NOTE 5: RETIREMENT SYSTEM (CONTINUED)

Act 226 of the 2014 Louisiana Regular Legislative Session established new retirement eligibility for members of LASERS hired on or after July 1, 2015, excluding hazardous duty plan members. Regular members and judges under the new plan are eligible to retire at age 62 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment. Members in the regular plan will receive a 2.5% accrual rate, and judges a 3.5% accrual rate, with the extra 1.0% accrual rate based on all years of service as a judge.

Members of the Harbor Police Retirement System who were members prior to July 1, 2014, may retire after 25 years of creditable service at any age, 12 years of creditable service at age 55, 20 years of creditable service at age 45, and 10 years of creditable service at age 60. Average compensation for the plan is the member's average annual earned compensation for the highest 36 consecutive months of employment, with a 3.33% accrual rate.

A member leaving employment before attaining minimum retirement age, but after completing certain minimum service requirements, becomes eligible for a benefit provided the member lives to the minimum service retirement age, and does not withdraw their accumulated contributions. The minimum service requirement for benefits varies depending upon the member's employer and service classification.

**Deferred Retirement Benefits**

The State Legislature authorized LASERS to establish a Deferred Retirement Option Plan (DROP). When a member enters DROP, their status changes from active member to retiree even though they continue to work and draw their salary for a period of up to three years. The election is irrevocable once participation begins. During DROP participation, accumulated retirement benefits that would have been paid to each retiree are separately tracked. For members who entered DROP prior to January 1, 2004, interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero) will be credited to the retiree after participation ends. At that time, the member must choose among available alternatives for the distribution of benefits that have accumulated in the DROP account. Members who enter DROP on or after January 1, 2004, are required to participate in LASERS Self-Directed Plan (SDP) which is administered by a third-party provider. The SDP allows DROP participants to choose from a menu of investment options for the allocation of their DROP balances. Participants may diversify their investments by choosing from an approved list of mutual funds with different holdings, management styles, and risk factors.

Members eligible to retire and who do not choose to participate in DROP may elect to receive at the time of retirement an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. For members who selected the IBO option prior to January 1, 2004, such amount may be withdrawn or remain in the IBO account earning interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero). Those members who select the IBO on or after January 1, 2004, are required to enter the SDP as described above.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANANOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022NOTE 5: RETIREMENT SYSTEM (CONTINUED)

For members who are in the Harbor Police Plan, the annual DROP Interest Rate is the three-year average (calculated as the compound average of 36 months) investment return of the plan assets for the period ending the June 30th immediately preceding that given date. The average rate so determined is to be reduced by a "contingency" adjustment of 0.5%, but not to below zero. DROP interest is forfeited if member does not cease employment after DROP participation.

**Disability Benefits**

Generally, active members with ten or more years of credited service who become disabled may receive a maximum disability retirement benefit equivalent to the regular retirement formula without reduction by reason of age.

Upon reaching the retirement age, the disability retiree may receive a regular retirement benefit by making application to the Board of Trustees.

For injuries sustained in the line of duty, hazardous duty personnel in the Hazardous Duty Services Plan will receive a disability benefit equal to 75% of final average compensation or 100% of final average compensation if the injury was the result of an intentional act of violence.

Members of the Harbor Police Retirement System who become disabled may receive a non-line of duty disability benefit after five years or more of credited service. Members age 55 or older may receive a disability benefit equivalent to the regular retirement benefit. Under age 55, the disability benefit is equal to 40% of final average compensation. Line of duty disability benefits are equal to 60% of final average compensation, regardless of years of credited service or 100% of final average compensation if the injury was the result of an intentional act of violence. If the disability benefit retiree is permanently confined to a wheelchair, or, is an amputee incapable of serving as a law enforcement officer, or the benefit is permanently legally binding, there is no reduction to the benefit if the retiree becomes gainfully employed.

**Survivor's Benefits**

Certain eligible surviving dependents receive benefits based on the deceased member's compensation and their relationship to the deceased. The deceased regular member hired before January 1, 2011 who was in state service at the time of death must have a minimum of five years of service credit, at least two of which were earned immediately prior to death, or who had a minimum of twenty years of service credit regardless of when earned in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until age 18, or age 23 if the child remains a full-time student. The aforementioned minimum service credit requirement is ten years for a surviving spouse with no minor children, and benefits are to be paid for life to the spouse or qualified handicapped child.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022

**NOTE 5: RETIREMENT SYSTEM (CONTINUED)**

The deceased regular member hired on or after January 1, 2011, must have a minimum of -five years of service credit regardless of when earned in order for a benefit to be paid to a minor child. The aforementioned minimum service credit requirements for a surviving spouse are 10 years, 2 years being earned immediately prior to death, and active state service at the time of death, or a minimum of 20 years of service credit regardless of when earned. A deceased member's spouse must have been married for at least one year before death.

Non-line of duty survivor benefits of the Harbor Police Retirement System may be received after a minimum of five years of credited service. Survivor benefits paid to a surviving spouse without children are equal to 40% of final average compensation, and cease upon remarriage. Surviving spouse with children under 18 benefits are equal to 60% of final average compensation, and cease upon remarriage, and children turning 18. No minimum service credit is required for line of duty survivor benefits which are equal to 60% of final average compensation to surviving spouse or 100% of final average compensation if the injury was the result of an intentional act of violence regardless of children. Line of duty survivor benefits cease upon remarriage, and then benefit is paid to children under 18.

**Permanent Benefit Increases/Cost-of-Living Adjustments**

As fully described in Title 11 of the Louisiana Revised Statutes, the System allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs), that are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

***Contributions***

Contribution requirements of active employees are governed by Section 401 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) and may be amended by the Louisiana Legislature. Employee and employer contributions are deducted from a member's salary and remitted to LASERS by participating employers. The District's rates in effect during the year ended June 30, 2022, was 39.50% of annual payroll.

Plan	Plan Status	Employee Contribution Rate	Employer Contribution Rate
Regular Employees and Appellate Law Clerk			
Pre Act 75 (hired before 7/1/2006)	Closed	7.5%	40.10%
Pre Act 75 (hired after 6/30/2006)	Open	8.0%	40.10%
Optional Retirement Plan (ORP)			
Pre Act 75 (hired before 7/1/2006)	Open	8.0%	40.10%
Pre Act 75 (hired after 6/30/2006)	Open	8.0%	40.10%

The agency's contractually required composite contribution rate for the year ended June 30, 2021, was 39.50% of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any Unfunded Actuarial Accrued Liability. Contributions to the pension plan from the District were \$862,625 for the year ended June 30, 2022.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022

**NOTE 5: RETIREMENT SYSTEM (CONTINUED)**

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2022, the Employer reported a liability of \$5,564,685 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of 2021 June 30, 2022 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The Agency's proportion of the Net Pension Liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2021, the District's proportion was 0.101100%, which was an increase of 0.097510% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized pension expense of \$820,465 plus employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, \$10,974.

At June 30, 2022, the Agency reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 5,495	\$ -
Changes of assumptions	136,302	-
Net difference between projected and actual earnings on pension plan investments	-	(1,297,705)
Changes in proportion and differences between Employer contributions and proportionate share of contributions	181,410	(253,773)
Employer contributions subsequent to the measurement date	820,465	-
<b>Total</b>	<u>\$ 1,143,672</u>	<u>(1,551,478)</u>

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022

NOTE 5: RETIREMENT SYSTEM (CONTINUED)

\$820,465 reported as deferred outflows of resources related to pensions resulting from Agency contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2022	\$	(150,149)
2023	\$	(339,975)
2024	\$	(364,313)
2025	\$	(272,926)

*Actuarial Assumptions*

A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2021 are as follows:

Valuation Date	June 30, 2021
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Expected Remaining Service Lives	2 years
Investment Rate of Return	7.40% per annum, net of investment expenses*
Inflation Rate	2.3% per annum
Mortality	Non-disabled members - The RP-2014 Blue Collar (males/ females) and White Collar (females) Healthy Annuitant Tables projected on a fully generational basis by Mortality Improvement Scale MP-2018.
	Disabled members – Mortality rates based on the RP-2000 Disabled Retiree Mortality Table, with no projection for mortality improvement.
Termination, Disability, and Retirement	Termination, disability, and retirement assumptions were projected based on a five-year (2014-2018) experience study of the System's members.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022

**NOTE 5: RETIREMENT SYSTEM (CONTINUED)**

***Actuarial Assumptions (Continued)***

Salary Increases

Salary increases were projected based on a 2014-2018 experience study of the System's members. The salary increase ranges for specific types of members are:

<u>Member Type</u>	<u>Lower Range</u>	<u>Upper Range</u>
Regular	3.0%	12.8%
Judges	2.6%	5.1%
Corrections	3.6%	13.8%
Hazardous Duty	3.6%	13.8%
Wildlife	3.6%	13.8%

Cost of Living Adjustments

The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The projected benefit payments do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

\* The investment rate of return used in the actuarial valuation for funding purposes was 7.75%, recognizing an additional 35 basis points for gain-sharing. The net return available to fund regular plan benefits is 7.40%, which is the same as the discount rate. Therefore, the System's management concludes that the 7.40% discount is reasonable.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.3% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term nominal rate of return is 7.61% for 2021. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of June 30, 2021, are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	-0.29%
Domestic Equity	4.09%
International Equity	5.12%
Domestic Fixed Income	0.49%
International Fixed Income	3.94%
Alternative Investments	6.93%
Total Fund	5.81%

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022

NOTE 5: RETIREMENT SYSTEM (CONTINUED)

*Discount Rate*

The discount rate used to measure the total pension liability was 7.40%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the pension plan's actuary. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The following presents the Employer's proportionate share of the Net Pension Liability using the discount rate of 7.40%, as well as what the Employer's proportionate share of the Net Pension Liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	<b>Changes in Discount Rate</b>		
	<b>1% Decrease</b>	<b>Current Discount Rate</b>	<b>1% Increase</b>
	<u>6.40%</u>	<u>7.40%</u>	<u>8.40%</u>
Employer's proportionate share of the net pension liability	\$ 7,539,727	\$ 5,564,685	\$ 3,884,172

*Pension Plan Fiduciary Net Position*

Detailed information about the pension plan's fiduciary net position is available in the separately issued current LASERS Comprehensive Annual Financial Report at [www.lasersonline.org](http://www.lasersonline.org).

**Payables to the Pension Plan**

At June 30, 2022, the District owed \$73,653 to LASERS for the June 2022 employer and employee contributions.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022

NOTE 6: POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

The District provides certain continuing health care and life insurance benefits for its retired employees. Substantially, all District employees become eligible for these benefits if they reach normal retirement age while working for the District.

Plan Description – The Office of Group Benefits (OGB) administers the State of Louisiana Post-Retirement Benefits Plan—a defined-benefit, multi-employer other postemployment benefit plan. The plan provides medical, prescription drug, and life insurance benefits to retirees, disabled retirees, and their eligible beneficiaries through premium subsidies. Current employees, who participate in an OGB health plan while active, are eligible for plan benefits if they are enrolled in the OGB health plan immediately before the date of retirement and retire under one of the state sponsored retirement systems (Louisiana State Employees' Retirement System, Teachers' Retirement System of Louisiana, Louisiana School Employees' Retirement System, or Louisiana State Police Retirement System) or they retire from a participating employer that meets the qualifications in the Louisiana Administrative Code 32:3:303. Benefit provisions are established under R.S. 42:851 for health insurance benefits and R.S. 42:821 for life insurance benefits. The obligations of the plan members, employer(s), and other contributing entities to contribute to the plan are established or may be amended under the authority of R.S. 42:802. The Plan does not issue a stand alone report

There are no assets accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement 75. Effective July 1, 2008, and OPEB trust fund was statutorily established; however, this plan is not administered as a trust and no plan assets have been accumulated as of June 30, 2022. The plan is funded on a "pay-as-you-go basis" under which the contributions to the plan are generally made at about the same time and in about the same amount as benefit payments become due.

Employer Contributions are based on plan premiums and the employer contribution percentage. Premium amounts vary depending on the health plan selected and if the retired member has Medicare coverage. OGB offers retirees four self-insured healthcare plans and one fully insured plan. Retired employees who have Medicare Part A and Part B coverage also have access to four fully insured Medicare Advantage plans. The employer contribution percentage is based on the date of participation in an OGB plan and employee years of service at retirement. Employees who begin participation or rejoin the plan before January 1, 2002, pay approximately 25% of the cost of coverage (except single retirees under age 65, who pay approximately 25% of the active employee cost). For those beginning participation or rejoining on or after January 1, 2002, the percentage of premiums contributed by the employer and retiree is based on the following schedule:

<u>Years of Service</u>	<u>Employer %</u>	<u>Employee %</u>
0-10 years	19%	81%
10-14 years	38%	62%
15-19 years	56%	44%
20+ years	75%	25%

As of June 30, 2022, the state does not use an OPEB trust. A trust was established with an effective date of July 1, 2008, but was not funded, has no assets, and hence has a funded ratio of zero.

ATCHAFALAYA BASIN LEVEE DISTRICT  
STATE OF LOUISIANANOTES TO THE FINANCIAL STATEMENTS  
June 30, 2022NOTE 6: POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONTINUED)

In addition to healthcare benefits, retirees may elect to receive life insurance benefits. Basic and supplemental life insurance is available for the individual retiree and spouses of retirees, subject to maximum values. Employers pay approximately 50% of monthly premiums. Effective January 1, 2018, the total monthly premium for retirees varies according to age group.

Total Collective OPEB Liability and Changes in Total Collective OPEB Liability

At June 30, 2022, the District reported a liability of \$12,504,031 for its proportionate share of the total collective OPEB liability. The total collective OPEB liability was measured as of June 30, 2021 and was determined by an actuarial valuation as of that date.

The District's proportionate share percentage is based on the employer's individual OPEB actuarial accrued liability in relation to the total OPEB actuarial accrued liability for all participating entities included in the State of Louisiana reporting entity. At July 1, 2021, the District's proportion was 0.1366% which was an decrease of 0.0148% from the District's proportion at July 1, 2020.

The total collective OPEB liability in the July 1, 2021 actuarial valuation was determined using the following actuarial methods, assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

- Actuarial Cost Method- Entry Age Normal, level percentage of pay
- Estimated Remaining Service Lives- 4.5
- Inflation Rate- 2.40%
- Salary Increase Rate- consistent with the pension valuation assumptions.
- Discount Rate- 2.18% based on the June 30, 2021, S&P 20 year municipal bond interest rate.
- Mortality rates- For active lives: the RP-2014 Blue Collar Employee Table, adjusted by 0.978 for males and 1.144 for females, projected from 2014 on a fully generational basis by Mortality Improvement Scale MP-2018. For healthy retiree lives: the RP-2014 Blue Collar Healthy Annuitant Table, adjusted by 1.280 for males and RP-2014 White Collar Healthy Annuitant Table, adjusted by 1.417 for females, projected from 2014 on a fully generational basis by Mortality Improvement Scale MP-2018. For disabled retiree lives: the RP-2000 Disabled Retiree Mortality Table, adjusted by 1.009 for males and 1.043 for females, not projected with mortality improvement.
- Healthcare costs trend rate- 6.75% for pre-Medicare eligible employees grading down by .25% each year to an ultimate rate of 4.5% in 2029; 5.25% for post-Medicare eligible employees grading down by .25% each year to an ultimate rate of 4.5% in 2024-2025 and thereafter; the initial trend was developed using the National Health Care Trend Survey; the ultimate trend was developed using a building block approach which considers Consumer Price Index, Gross Domestic Product, and technology growth.

June 30, 2022

NOTE 7: RISK MANAGEMENT AND INSURANCE

The District is exposed to various risks of loss related to theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District maintains insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District.

NOTE 8: LEASES

The District had no operating or capital leases commenced at June 30, 2022.

NOTE 9: ACCOUNTS AND OTHER PAYABLES

The following is a summary of payables at June 30, 2022:

Accounts payable	\$ 490,302
Payroll withholdings	73,655
Accrued salaries	65,708
Deposits and other funds held	<u>230,013</u>
Total	<u>\$ 859,678</u>

NOTE 10: RELATED PARTY TRANSACTIONS

The District had no related party transactions in the year ended June 30, 2022.

NOTE 11: SUBSEQUENT EVENTS

The District has evaluated all subsequent events through September 30, 2022, the date the financial statements were available to be issued and there were no events between the close of the year through the issuance of this report that would materially impact those financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Commissioners of the  
Atchafalaya Basin Levee District  
State of Louisiana  
P. O. Box 170  
Port Allen, Louisiana 70767

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Atchafalaya Basin Levee District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated September 30, 2022.

#### **Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Other Postemployment Benefits (OPEB)**

If your agency has active or retired employees who are members of the Office of Group Benefits (OGB) Health Plan, please provide the following information: (Note: OGB has a 6/30/2021 measurement date for their OPEB valuation)

Benefit payments made subsequent to the measurement date of the OGB Actuarial Valuation Report until the employer's fiscal year end. (Benefit payments are defined as the employer payments for retirees' health and life insurance premiums). For agencies with a 6/30 year end this covers the current fiscal year being reported. For calendar year end agencies, it covers the period 7/1 to 12/31 for the current year being reported. 386,680.28

Covered Employee Payroll for the PRIOR fiscal year (not including related benefits) 2,158,446.00

For calendar year-end agencies only: Benefit payments or employer payments for retirees' health and life insurance premiums made for the next year's valuation reporting period (7/1/2021 - 6/30/2022). This information will be provided to the actuary for the valuation report early next year. 0.00

For agencies that have employees that participate in the LSU Health Plan, provide the following information: (Note: The LSU Health Plan has a measurement date of 6/30/2022 for their OPEB valuation report.)

Covered Employee Payroll for the CURRENT fiscal year (not including related benefits) 0.00
