FIRE PROTECTION SUB-DISTRICT NO. 6 OF THE PARISH OF AVOYELLES

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2020

INTRODUCTION

The Fire Protection Sub-District No. 6 of the Parish of Avoyelles was incorporated on June 10, 1980, under the provision of the Louisiana Revised Statutes 1950, Title 12, Chapter 2. The Corporation is organized on a non-profit basis and operates primarily for the purpose of performing all acts and deeds incidental or proper for the purpose of providing for fire protection for persons, homes, business establishments, and generally all persons and properties situated within the volunteer fire district as reasonably can be expected with equipment acquired by the department. The Board of Directors consists of not less than seven, or more than eleven members. The members of the Board of Directors are elected at the annual membership meeting. The activities governed by this Board are referred to and accounted for as the Moreauville Sub-District Six Volunteer Fire Department Fund. No compensation is paid to the Board members.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

A. BASIC FINANCIAL STATEMENTS – GOVERNMENT-WIDE STATEMENTS

The District's basic financial statements include both government-wide (reporting the district as a whole) and fund financial statements (reporting the district's major funds). Both government-wide and fund financial statements categorize primary activities as either governmental or business type. All activities of the District are classified as governmental.

The Statement of Net Assets and the Statement of Activities display information about the reporting government as a whole. These statements include all the financial activities of the district.

In the Statement of Net Assets, governmental activities are presented on a consolidated basis and are presented on a full accrual, economic resource basis, which recognized all long-term assets and receivable as well as long-term obligations. Net assets are reported in three parts; invested in capital assets, net of any related debt; restricted net assets; and unrestricted net assets.

**NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2020**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (continued)

**A. BASIC FINANCIAL STATEMENTS – GOVERNMENT-WIDE STATEMENTS
(continued)**

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gain, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gain, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

Program Revenues – Program revenues reduce the cost of the function to be financed from the district's general revenues.

B. BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS

The financial transactions of the district are reported in individual funds in the fund financial statements. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Fund financial statements report detailed information about the sub-district. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

A fund is a separate accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate fund types. Governmental funds are used to account for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees. All funds of the district are governmental funds.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (continued)

C. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Avoyelles Parish Police Jury is the financial reporting entity for Avoyelles Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Government Accounting Standards Board Statement No. 14 established criteria for determining which component units, if any, should be considered part of the financial reporting entity. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability.

These criteria include:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the entity to impose its will on the organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the entity.
2. Organizations for which the department does not appoint a voting majority but are fiscally dependent on the department.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

The accompanying financial statements present information only on the funds maintained by the governmental unit, or the other governmental units that comprise the financial reporting entity. There are no component units meeting the above criteria requiring inclusion in the financial reporting entity.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (continued)

D. FUND ACCOUNTING

The accounts of the Fire Protection Sub-District No. 6 of the Parish of Avoyelles are organized and operated on a basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds and account groups are grouped in the financial statements in this report in the following categories:

Governmental Funds-

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

E. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. Ad valorem taxes are recognized as revenue in the year for which such taxes are billed and collected. Other major revenues that are considered susceptible to accrual include earned grant revenues and other intergovernmental revenues.

Expenditures are generally recognized under the modified accrual basis of accounting when related fund liability is incurred, except the principal and interest on general long-term debt is recognized as expenditure when due.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (continued)

F. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the department may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the Sub-District may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at cost.

G. BUDGET PRACTICES

The department is not required to formally adopt a budget. Therefore, the presentation of a statement of revenues, expenditures, and changes in fund balances – budget and actual, for the special revenue funds is not required.

H. FIXED ASSETS

Fixed assets of governmental funds are recorded as expenditures at the time they are purchased or constructed, and related assets are reported in the general fixed assets account group. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical cost, or estimated cost, if historical cost is not available.

I. COMPENSATED ABSENCES

The Sub-District has no employees, all services are performed by volunteers. Therefore, the department has no policy relating to compensated absences.

J. LONG-TERM OBLIGATIONS

Long-term obligations expected to be financed from governmental funds are reported in the general long-term obligations account group. Expenditures for principal and interest payments for long-term obligations are recognized in the governmental funds when due.

AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2020**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (continued)

K. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

L. RESTRICTED NET POSITION

In the government wide statement of net position, net position is reported as restricted when constraints are placed on net position that are externally imposed by (1) external groups, such as creditors, grantors, or laws, etc; or (2) law through constitutional provisions or enabling legislation. Restrictions on net position are:

Investment in capital assets – consist of capital assets including restricted assets, net of accumulated depreciation.

Restricted for fire protection - consist of all funds to be used strictly for fire protection services.

NOTE 2. CASH AND CASH EQUIVALENTS

At December 31, 2020, the department has cash and cash equivalents (book balances) as follows:

Demand Deposits	<u>\$ 130,587</u>
Total	<u>\$ 130,587</u>

These deposits are stated at cost, which approximates market. *Custodial Credit Risk*: is the risk that in the event of a bank failure, the Sub-District's deposits may not be returned to it. To mitigate this risk, state law requires deposits to be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent institution. The sub-district had no custodial credit risk at December 31, 2020.

FIRE PROTECTION SUB-DISTRICT NO. 6 OF THE PARISH OF AVOYELLES

**NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2020**

NOTE 2. CASH AND CASH EQUIVALENTS (continued)

At December 31, 2020, the Sub-District has \$135,013 in deposits (collected bank balances):

<u>Depository Account</u>	<u>Bank Balance</u>
Insured	\$135,013
Collateralized:	
Collateral held by pledging the District's trust department not in the District's name	0
Uninsured and uncollateralized	0
	<u>\$135,013</u>

Even though pledged securities are considered uncollateralized under the provisions of GASB Statement 3, LA R.S. 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Sub-District that the fiscal agent has failed to pay deposited funds upon demand. The funds on deposit shall be collateralized an amount at all times equal to 100% by pledged "approved securities" as specified by LA R.S. 39:1225, as amended, to protect the funds of the Sub-district. The Sub-District does not have a formal written policy for custodial credit risk.

NOTE 3. SALES TAX

Pursuant to voter approval by the residents of Fire Protection Sub-District No. 6, a resolution proposed by the Mayor and Board of Aldermen of the Village of Moreauville, State of Louisiana became effective May 2, 1998 authorizing an additional ½% sales and use tax for funding police protection, fire protection, and streets and drainage improvement. The Village of Moreauville, State of Louisiana under the provisions of Article VI, Section 29 of the Constitution of the State of Louisiana of 1974, R.S. 33:2711.12, and other constitutional and statutory authority, is authorized to levy and collect, and adopt an ordinance providing for the levy and collection of the tax as follows: one eight cent allocated to police protection, on eight cent allocated to fire protection and one fourth cent allocated to streets and drainage improvement.

The Village of Moreauville remits the sales taxes collected to the District on a quarterly basis.

AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2020**

NOTE 4. FAIR VALUE

The District measures and reports the financial assets at fair value. Fair value is defined as the prices that would be received to sell an asset in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date.

The three-level hierarchy discussed below indicates the extent and level of judgment used to estimate fair market value.

- Level 1* – Uses unadjusted quoted prices that are available in active markets for identical assets as of the reporting date;
- Level 2* – Uses inputs other than Level 1 that are either directly or indirectly observable as of the reporting date through correlation with market data, including quoted prices for similar assets in active markets and quoted prices in markets that are not active. Level 2 also includes assets that are valued using models or other pricing methodologies that do not require significant judgment since the input assumptions used in the models are corroborated by readily observable data;
- Level 3* - Uses inputs that are unobservable, supported by little or no market activity and reflect the use of significant management judgment. These values are generally determined using pricing models that utilize management estimates of market participant assumptions. The District did not have any Level 3 assets as of the report date.

The following are the assets of the District that were accounted for at fair value on a recurring basis as of December 31, 2020. This table does not include assets and liabilities that are measured at historical cost or any other basis other than fair value.

Description	12/31/2020	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
