INDEPENDENT ACCOUNTANT'S REVIEW REPORT

The Honorable Sheryl McDaniel, Mayor
& Members of the Board
Sikes, Louisiana

We have reviewed the accompanying financial statements of the governmental activities and the business-type activities of the Village of Sikes, Louisiana, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the management of the Village of Sikes, Louisiana. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

The management of the Village of Sikes, Louisiana, is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with *Statements on Standards for Accounting and Review Services* promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Village of Sikes, Louisiana, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (MD&A) and Budget and Actual Statement be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. The information is the representation of management. We have not audited or reviewed such required supplementary information, and, accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on it.

Supplemental Information

The Schedule of Compensation Benefits and Other Payments to Agency Head or Chief Executive Officer have not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but it has been compiled from information that is the representation of management. We have not audited or reviewed the supplementary information and accordingly, we do not express an opinion or provide any assurance on such supplementary information.

MANAGEMENT'S DISCUSSION & ANALYSIS

As management of the Village, we offer readers of the Village of Sikes' financial statements this narrative overview and analysis of the financial activities of the Village for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented here in conjunction with the Village's financial statements.

The Management's Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

Governmental Funds

- The assets of the Village exceeded its liabilities at the close of the most recent fiscal year by \$261,919 (*net position*). This is a \$34,442 decrease from last year, mainly due to a decrease in cash and investments in the amount of \$20,438.
- The Village had total revenue of \$8,456, in which \$7,086 came from tax trust. This is a \$2,711 decrease from last year's revenues.
- The Village had total expenditures of \$18,593, which is a \$8,550 increase from last year, mainly due to an increase in other administrative expense in the amount of \$6,841.

Enterprise Funds

- The assets of the Village exceeded its liabilities at the close of the most recent fiscal year by \$3,145,360 (*net position*). This is a \$80,447 decrease from last year, mainly due to a decrease in capital assets in the amount of \$97,220.
- The Village had total revenue of \$199,945, including operating revenues of \$165,103, a non-operating revenue of \$1,021 and capital grant of \$33,821. This is a \$23,037 increase from last year, mainly due to an increase in capital grant revenue in the amount of \$33,821.
- The Village had total expenses of \$276,224, in which all were operating expenses. This is a \$88,527 decrease from last year, mainly due to a decrease in maintenance and repair in the amount of \$112,673.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the Village's basic financial statements. The Village's basic financial statements consist of two components: 1) fund financial statements, and 2) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. The Village is a special-purpose entity engaged only in governmental activities. Accordingly, only fund financial statements are presented as the basic financial statements.

FUND FINANCIAL STATEMENTS

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

USING THIS ANNUAL REPORT

The Village's annual report consists of financial statements that show information about the Village's funds, enterprise funds and governmental funds.

Reporting the Village's Most Significant Funds

The Village's financial statements provide detailed information about the most significant funds. The Village may establish other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using grants and other money. The Village's enterprise fund uses the following accounting approach:

All of the Village's services are reported in an enterprise fund. They are reported using the full accrual method of accounting in which all assets and all liabilities associated with the operation of these funds are included on the balance sheet. The focus of proprietary funds is on income measurement, which, together with the maintenance of equity, is an important financial indication.

Amounts reported for governmental activities in the
Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount which capital outlays exceeded depreciation in the current period.

Capital Outlay	-0-	
Depreciation	<u>(13,912)</u>	(13,912)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on Net Position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The detail of these differences in the treatment of long-term debt and related items is as follows:

NOTES TO THE BASIC FINANCIAL STATEMENTS

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Sikes was incorporated under the provisions of the Lawrason Act. The entity operates under the Mayor-Board of Alderman form of government. The entity provides the following significant services to its residents as provided by its charter: public safety (police and fire), highways and streets, utilities (water, gas and sewer services) and general administrative functions, including coordination of related services with parish, state and federal governing bodies.

The accounting and reporting policies of the Village of Sikes conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:517 and to the guides set forth in the Louisiana Municipal Audit and Accounting Guide, and to the industry audit guide, Audits of State and Local Governmental Units.

The following is a summary of certain significant accounting policies:

A. GOVERNMENT-WIDE & FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Changes in Net Position) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meetings the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, & FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The municipality reports the following major governmental funds:

The General Fund is the municipality's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The municipality reports the following major proprietary funds:

- Water and Sewer Fund

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's enterprise operations. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

VILLAGE OF SIKES, LOUISIANA

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues are charges for services and sales taxes. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

C. EQUITY CLASSIFICATIONS

In the government-wide financial statements, equity is classified as Net Position and displayed in three components as applicable. The components are as follows:

Net Investment in Capital Assets- Capital assets including restricted capital assets, when applicable, net of accumulated depreciation.

Restricted Net Position- Net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position- All other net position that does not meet the definition of "restricted" or "net investment in capital assets".

When an expense is incurred for the purposes for which both restricted and unrestricted net position is available, management applies restricted resources first. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expense.

In the fund financial statements, governmental fund equity is classified as fund balance. The Village has implemented GASB Statement 54 "Fund Balance Reporting and Governmental Fund Type Definitions". This statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- a. Nonspendable fund balance- amounts that are not in a spendable form (such as prepaid expenses) or are required to be maintained intact;
- b. Restricted fund balance- amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions or by enabling legislation;

VILLAGE OF SIKES, LOUISIANA

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

- c. Committed fund balance- amounts constrained to specific purposes by a government itself using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint;
- d. Assigned fund balance- amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- e. Unassigned fund balance- amounts that are available for any purpose; positive amounts are reported only in the general fund.

D. FIXED ASSETS & LONG-TERM LIABILITIES

For the year ended June 30, 2022, no interest costs were capitalized for construction of fixed assets.

Depreciation of all exhaustible fixed assets is charged as an expense against its operations. Accumulated depreciation is reported on the proprietary fund balance sheet and governmental fund statement of activities. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

	<u>Life In Years</u>
Water System	40
Sewer System	40
Buildings	40
Equipment	5-10

E. CASH, CASH EQUIVALENTS, & INVESTMENTS

The Village's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of six months or less from the date of acquisition. State law and the municipality's investments policy allow the municipality to invest in collateralized certificate of deposits, government-backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government-backed securities.

F. INVENTORIES

Immaterial amounts of inventory are maintained for general fund and enterprise fund operations and, accordingly, these supplies are expensed as purchased.

VILLAGE OF SIKES, LOUISIANA

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

G. RECEIVABLES AND PAYABLES

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds”. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

H. COMPENSATED ABSENCES

The entity has no compensated absence policy.

(2) CASH, CASH EQUIVALENTS, & INVESTMENTS – (C.D.’S IN EXCESS OF 90 DAYS)

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the government will not be able to recover its deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Entity that the fiscal agent bank has failed to pay deposit funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the Entity’s name.

All cash and investments (CD’s over 90 days) are reported at cost and are on deposit at federally insured banks.

It is the Village’s policy for deposits to be 100% secured by collateral at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance. The Village’s deposits are categorized to give an indication of the level of risk assumed by the Village at fiscal year-end. All deposits were secured at the year-end. The categories are described as follows:

- *Category 1* – Insured or collateralized with securities held by the Village or by its agent in the Village’s name.
- *Category 2* – Collateralized with securities held by the pledging financial institution’s trust department or agent in the Village’s name.
- *Category 3* – Uncollateralized.

(8) USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(9) ENCUMBRANCES

The entity does not utilize encumbrance accounting.

(10) RETIREMENT PLANS

The entity does not offer its employees a retirement plan. All employees are in the social security system.

(11) PRIOR PERIOD ADJUSTMENT

The Entity corrected old outstanding items listed on bank reconciliations, resulted in a prior period adjustment in the amount of \$14,561.

(12) EXCESS EXPENDITURE OVER APPROPRIATIONS

The Village over spent its' budget by \$9,601 or 106.8%.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Village of Sikes, Louisiana

We have performed the procedures included in the *Louisiana Government Audit Guide* and enumerated below, which were agreed to by the management of the Village of Sikes, Louisiana, and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the Village of Sikes, Louisiana's compliance with certain laws and regulations during the year ended June 30, 2022, included in the accompanying *Louisiana Attestation Questionnaire*. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below whether for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

1. Obtain documentation for all expenditures made during the year for materials and supplies exceeding \$30,000, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551-39:1775 (the state procurement code) or R.S. 38:2211-2296 (the public bid law), whichever is applicable; and report whether the expenditures were made in accordance with these laws.

*During our review of expenditures, we found no such expenditures.

Code of Ethics for Public Officials and Public Employees

2. Obtain a list of the immediate family members of each board member as defined by R.S. 42:1101-1124 (the ethics law).

*Management provided us with the requested information.

3. Obtain a list of all employees paid during the fiscal year.

*Management provided us with the requested information.

4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.

*None of the employees included on the list of employees provided by management [agreed-upon procedure (3)] appeared on the list provided by management in agreed-upon procedure (2).

5. Obtain a list of all disbursements made during the year; and a list of outside business interests of board members, employees, and board members' and employees' immediate families. Report whether any vendors appear on both lists.

*Management provided the requested information. None of the businesses of board members, employees, and board members' and employees' immediate families appeared as vendors on the list of disbursements.

Budgeting

6. Obtain a copy of the legally adopted budget and all amendments.

*We obtained a copy of the budget and the amended budget.

7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.

*Adoption of the budget and approval of an amended budget were documented in the minute book.

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more. (For agencies that must comply with the Licensing Agency Budget Act only, compare the expenditures of the final budget to actual expenditures, and report whether actual expenditures exceeded budgeted amounts by 10% or more per category or 5% or more in total).

*The Village had a favorable revenue variance and an unfavorable expenditure variance of \$9,601 or 106.8%.

Accounting and Reporting

9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:

(a) Report whether the six disbursements agree to the amount and the payee in the supporting documentation.

*We examined supporting documentation for the six selected documents, and they all agreed.

(b) Report whether the six disbursements were coded to the correct fund and general ledger account.

*All of the payments were properly coded to the correct fund and correct general ledger account.

(c) Report whether the six disbursements were approved in accordance with management's policies and procedures.

*The selected disbursements were approved by the proper authorities.

Meetings

10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.

*I verified meetings were posted or advertised.

Debt

11. Obtain bank deposit slips for the fiscal year and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

*The Village did not enter into any long-term debt this fiscal year.

Advances and Bonuses

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

*We inspected payroll records and minutes for the year and noted no instances which indicated payments to employees which would constitute bonuses, advances, and gifts.

State Audit Law

13. Report whether the agency provided for a timely report in accordance with R.S. 24:513.

*The Village's report is due on December 31, 2022 and was submitted timely.

14. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

*The Village did not enter into any new contracts this fiscal year.

Prior-Year Comments

15. Obtain and report management's representation as to whether any prior-year suggestions, exceptions, recommendations, and/or comments have been resolved.

**Prior year report dated December 22, 2021 had a Budget Variance of 11.9% and is unresolved.*

We were not engaged to, and did not perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of the Village of Sikes, Louisiana and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
