Independent Auditors' Report

Rapides Parish Sewerage District No. 2
Alexandria, Louisiana

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities of the Rapides Parish Sewerage District No. 2, a component unit of the Rapides Parish Police Jury, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the sewer district's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Rapides Parish Sewerage District No. 2, as of December 31, 2022, and the respective changes in financial position, and, cash flows, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Rapides Parish Sewerage District No. 2 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Rapides Parish Sewerage District

No. 2's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Rapides Parish Sewerage District No. 2's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Rapides Parish Sewerage District No. 2's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 7 be presented to

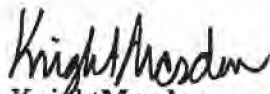

supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Rapides Parish Sewerage District No. 2's basic financial statements. The accompanying Schedule of Compensation Benefits and Other Payments to Agency Head or Chief Executive Officer is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of the management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, Schedule of Compensation Benefits and Other Payments to Agency Head or Chief Executive Officer is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2023, on our consideration of the Rapides Parish Sewerage District No. 2's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Rapides Parish Sewerage District No. 2's internal control over financial reporting and compliance.

Rapides Parish Sewerage District No. 2
Management Discussion & Analysis
For the Year Ended December 31, 2022

As management of the District, we offer readers of the Rapides Parish Sewerage District No. 2's financial statements, this narrative overview and analysis of the financial activities of the District for the fiscal year ended December 31, 2022. We encourage readers to consider the information presented here in conjunction with the District's audited financial statements.

The Management's Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

Financial Highlights

The assets of the District exceeded its liabilities at the close of the most recent fiscal year by \$1,905,829 (*net position*).

The District had total revenue of \$686,404 in its enterprise fund, including interest income of \$1,251.

Expenses totaled \$462,174, including depreciation expense in the amount of \$51,434, which is a non-cash transaction.

The change in net position of the enterprise fund was \$224,230.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements consist of two components: 1) fund financial statements, and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. The District is a special-purpose entity engaged in business-type and governmental activities. Accordingly, only fund financial statements are presented as the basic financial statements.

Effective, December 31, 2004, the District adopted Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – Management's Discussion and Analysis – for State and Local Governments*.

Rapides Parish Sewerage District No. 2
Notes to the Financial Statements
For the Year Ended December 31, 2022

Note 1 – Summary of Significant Accounting Policies

The accompanying financial statements of Sewerage District No. 2 of Rapides Parish, Louisiana, has been prepared in conformity with generally accepted accounting principles (GAAP). GAAP includes all relevant Government Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are described below.

Nature of Activities

Rapides Parish Sewerage District No. 2 was created by the Rapides Parish Police Jury, as authorized by Louisiana Revised Statute 33:381 to manage and operate sewerage systems within the District not served by municipal systems. The Sewerage District is administered by a board of three commissioners who are appointed by the Rapides Parish Police Jury.

At December 31, 2022, the District had approximately 1,057 customers.

Fund Financial Statements

The District uses fund accounting to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities. A fund is a separate accounting entity with a self balancing set of accounts.

The District has only one fund, an enterprise fund.

An enterprise fund is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination or revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

For financial reporting purposes the District is a component unit of the Rapides Parish Police Jury, the governing body of the parish. The accompanying financial statements present financial information only on the funds and account groups maintained by Rapides Parish Sewerage District No. 2 and do not present information on the Police Jury and the general government services provided by that governmental unit or any of its other component units.

Notes to the Financial Statements
For the Year Ended December 31, 2022

Note 1 – Nature of Activities and Significant Accounting Policies (Continued)

Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

The enterprise fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

The entity reports the following major proprietary funds:

- Sewer Fund – The Enterprise Fund is the municipality’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. Principal operating revenues are utility billings. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The District utilizes the accrual basis of accounting whereby revenues are recognized when they are earned and expenses are recognized when incurred. Unbilled utility service receivables resulting from utility services rendered between the date of meter reading and billing and the end of the month are recorded in accounts receivable.

Equity Classifications

In the government-wide financial statements, equity is classified as Net Position and displayed in three components as applicable. The components are as follows:

Net Investment in Capital Assets - Capital assets including restricted capital assets, when applicable, net of accumulated depreciation.

Restricted Net Position - Net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.

Rapides Parish Sewerage District No. 2
Notes to the Financial Statements
For the Year Ended December 31, 2022

Note 1 – Nature of Activities and Significant Accounting Policies (Continued)

Unrestricted Net Position - All other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

When an expense is incurred for the purposes for which both restricted and unrestricted net position is available, management applies restricted resources first. The policy concerning which to apply first varies with the intended use and legal requirements. The decision is typically made by management at the incurrence of the expense.

Deposits & Investments

The District’s cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the District’s investment policy allow the district to invest in collateralized certificates of deposits, government backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities.

Investments (bank certificate of deposits in excess of 90 days) for the District are reported at fair value.

Inventories

Inventories of materials and supplies are considered to be expenditures at the time purchased. Amounts on hand at the financial statement date are considered immaterial and therefore not included on the statements of assets and liabilities.

Accounts Receivable & Allowance for Bad Debts

Receivables consist of all revenues earned at year-end and not yet received. Business-type activities report customer’s utility service receivables as the major receivable. Uncollectible utility service receivables are recognized as bad debts through the establishment of an allowance account at the time information becomes available.

The allowance method is used to recognize bad debts of accounts receivable. The allowance is determined based upon past history and the aging of accounts receivable as of year-end. The allowance for bad debts at December 31, 2022 is \$33,300.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets are reported in the applicable columns in the basic financial statements. Capital assets are capitalized at historical cost. The district maintains a threshold level of \$1,500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Rapides Parish Sewerage District No. 2
Notes to the Financial Statements
For the Year Ended December 31, 2022

Note 1 – Nature of Activities and Significant Accounting Policies (Continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The total interest expense included during the current fiscal year was \$0. Of this amount, \$0 was included as part of the cost of capital assets under construction in connection with construction projects.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Sewer System	20-45 years
Equipment/Improvements	3-20 years

Compensated Absences

The only employees of the District are its Board of Commissioners and they do not receive any vacation, sick pay or any other benefits. Therefore, no accruals for compensated absences have been made in these financial statements.

Long-Term Obligations

In the basic financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt. The long-term debt consists of bonds payable to State of Louisiana Delinquent Environmental Quality.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Litigation

The District had no outstanding judgments or pending litigations as of December 31, 2022.

Retirement Plans

The District does not have retirement commitments or a pension plan for its employees.

Rapides Parish Sewerage District No. 2
Notes to the Financial Statements
For the Year Ended December 31, 2022

Note 1 – Nature of Activities and Significant Accounting Policies (Continued)

Risk Management

The District is exposed to risks of loss in the areas of theft, torts, property hazards, general liability, errors and omissions, and natural causes. These risks are covered by commercial insurance coverage. All previous losses have not exceeded the insurance coverage.

Note 2 – Cash and Investments

At December 31, 2022, the District has cash and investments (bank balances) totaling \$448,101 as follows:

<u>Description</u>	<u>Amount</u>
Demand deposits	\$392,373
Time deposits	<u>55,728</u>
Total	<u>\$448,101</u>

These deposits are stated at cost, which approximated market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the government will not be able to recover its deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Entity that the fiscal agent bank has failed to pay deposit funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the Entity's name.

Deposits

It is the District's policy for deposits to be 100% secured by collateral at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance.

Note 2 – Cash and Investments (continued)

The District’s deposits are categorized to give an indication of the level of risk assumed by the district at year end. The categories are described as follows:

Category 1 – Insured or collateralized with securities held by the District or by its agent in the District’s name.

Category 2 – Collateralized with securities held by the pledging financial institution’s trust department or agent in the District’s name.

Category 3 – Uncollateralized.

The cash and investments at December 31, 2022 are categorized as follows:

<u>Description</u>	<u>Amount</u>
FDIC (Category 1)	\$318,793
Securities (Category 2)	<u>129,308</u>
 Total	 <u>\$448,101</u>

For purposes of the Statement of Net Position, cash, and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposit of Rapides Parish Sewerage District No. 2. Note 7 – Flow of Funds; Restriction on Use – Enterprise Fund Revenue

There are a number of limitations and restrictions contained in the loan agreements. The following is a summary of the major restrictions in the use of funds as required by the loan agreements.

Flow of Funds: Restrictions on Use of #1 DEQ Loan Dated June 2019

The revenues derived from the sewerage user fees shall be allocated as follows:

- a) Each month beginning on January 1, 2021, and each successive month, a sum equal to the pro-rata amount of interest falling due on the next interest payment date and the pro-rata amount of principal falling due on the next principal payment date, together with such additional proportionate sum as may be required to pay said principal and interest as the same respectively become due is required to be paid into a separate fund entitled “Debt Service Fund.” Semi-annual interest and annual principal payments will be made from said fund.
- b) Each month 25% of the amount required to be paid into the Debt Service Fund is required to be paid into a separate fund entitled “Debt Service Reserve Fund.”

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Board of Directors
Rapides Parish Sewerage District No. 2
Alexandria, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Rapides Parish Sewerage District No. 2, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Rapides Parish Sewerage District No. 2's basic financial statements, and have issued our report thereon dated June 28, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Rapides Parish Sewerage District No. 2's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Rapides Parish Sewerage District No. 2's internal control. Accordingly, we do not express an opinion on the effectiveness of Rapides Parish Sewerage District No. 2's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Rapides Parish Sewerage District No. 2's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana statutes, this report is distributed by the Legislative Auditor as a public document.

Management's Response to Section Findings: No exceptions

Board or Finance Committee

- 2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
 - a. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

The board met with a quorum monthly.

- b. For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on all special revenue funds. Alternatively for those entities reporting on the nonprofit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.

Board meetings include discussions of financial data.

- c. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

Only business-type funds.

- d. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

No prior year finding.

Management's Response to Section Findings: No exceptions

Bank Reconciliations

3. Obtain a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

List was obtained, and client represented that it was complete.

- a. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date;

All reconciliations were prepared within 2 months of related statement closing date.

- b. Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation; and

The bank reconciliations do include evidence that a person who is not involved in the cash receipts or cash disbursements process has reviewed the reconciliation.

- c. Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date.

Management's Response to Section Findings: No exceptions

Collections

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

List was obtained, and client represented that it was complete.

5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site, obtain and inspect written policies and procedures relating to employee job duties

(if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

- a. Employees that are responsible for cash collections do not share cash drawers/registers.

No employees are responsible for cash collections.

- b. Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation to the deposit.

No employees are responsible for cash collections.

- c. Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

No employees are responsible for cash collections.

- d. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.

No employees are responsible for cash collections.

6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.

No employees are responsible for cash collections.

7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and:

- a. Observe that receipts are sequentially pre-numbered.

The receipts were not sequentially pre-numbered, but client has controls in place.

- b. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

Not applicable as the receipts were not sequentially pre-numbered.

- c. Trace the deposit slip total to the actual deposit per the bank statement.

For all deposits tested, the total deposit slip equaled the total deposit per the bank statement.

- d. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

For all deposits tested, deposit was made within 1 business day.

- e. Trace the actual deposit per the bank statement to the general ledger.

For all deposits tested, the deposit per bank statement equaled the deposit per the general ledger.

Management's Response to Section Findings: No exceptions

Non-Payroll Disbursements

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

A list was obtained. Client represented that it was complete.

9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:

- a. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

Two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

- b. At least two employees are involved in processing and approving payments to vendors.

Two employees are involved in processing and approving payments to vendors.

- c. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

Employee responsible for processing payments does add and/or modify vendor files, and no other employee is responsible for periodically reviewing changes to vendor files.

- d. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

Office responsible for signing checks does not mail the payment or give the signed check to an individual to mail who is not responsible for processing payments.

- e. Only employees/officials authorized to sign checks approve the electronic disbursement/release of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

Client does not use electronic disbursements.

10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:

- a. Observe whether the disbursement matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity.

The disbursements tested matched the related original invoice/billing statement.

- b. Observe whether the disbursement documentation included evidence of segregation of duties tested under #9, as applicable.

The disbursements tested included evidence of segregation of duties.

11. Using the entity's main operating account and the month selected under #8, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was:

- a. Approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and

Client does not use electronic disbursements.

- b. Approved by the required number of authorized signers per the entity's policy.

Client does not use electronic disbursements.

Management's Response to Section Findings: Exceptions noted on #9(c) and #9(d) are not able to be overcome with the size of the organization.

Credit Cards/Debit Cards/Fuel Cards/Purchase Cards

12. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

Client does not utilize any type of credit or debit card.

13. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:

- a. Observe that there is evidence that the monthly statement or combined statement and supporting documentation were reviewed and approved, in writing, by someone other than the authorized card holder.

Client does not utilize any type of credit or debit card.

- b. Observe that finance charges and late fees were not assessed on the selected statements.

Client does not utilize any type of credit or debit card.

14. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions. For each transaction, observe that it is supported by

- a. an original itemized receipt that identifies precisely what was purchased,

Client does not utilize any type of credit or debit card.

- b. written documentation of the business/public purpose, and

Client does not utilize any type of credit or debit card.

- c. documentation of the individuals participating in meals (for meal charges only).

Client does not utilize any type of credit or debit card.

Management's Response to Section Findings: No exceptions

Travel and Travel-Related Expense Reimbursements

- 15. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

No travel reimbursements were processed during the year.

- a. If reimbursed using a per diem, agree the reimbursement rate to those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).

No travel reimbursements were processed during the year.
