INDEPENDENT AUDITORS' REPORT

Board of Directors
McNeese State University Foundation
Lake Charles, Louisiana

We have audited the accompanying financial statements of the McNeese State University Foundation (a non-profit corporation), which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the McNeese State University Foundation as of June 30, 2021 and 2020, and the changes in its net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information included on pages 34 through 35 is presented for additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 9, 2021, on our consideration of McNeese State University Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering McNeese State University Foundation's internal control over financial reporting and compliance.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Organization and purpose

The McNeese State University Foundation (the Foundation) is a not-for-profit organization which was formed to promote the educational and cultural welfare of McNeese State University by accepting gifts for the purpose of providing scholarships for students, professorships for educational research, or such other designated projects for the benefit of the University. The principal sources of support are from alumni of McNeese State University as well as businesses and individuals located in southwest Louisiana.

Basis of Accounting

The financial statements of the Foundation have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities. The FASB has established the Accounting Standards Codification ("ASC") as the source of authoritative accounting principles to be applied in the preparation of financial statements in accordance with GAAP. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for general use and not subject to donor restrictions.

Net Assets With Donor Restrictions – Net assets that are contributions and endowment investment earnings subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature that may or will be met, either by actions of the Foundation and/or the passage of time. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. As of June 30, 2021 and 2020, the Foundation's net assets with donor restrictions are restricted for funding chairs and professorships, scholarships and fellowships, academic support and development, research support and institutional support programs specified by the donors.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of donor-imposed restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

The Foundation reports gifts of land, buildings, equipment, and other assets as revenues without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as revenue with donor restrictions. The Foundation reports expirations of donors' restrictions when the donated or acquired long-lived assets are placed in service.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

For accounting and reporting purposes, cash and cash equivalents includes cash on hand, cash in bank, and all highly liquid investments with original maturities of three months or less.

Cash and Cash Equivalents - Restricted

Certain cash and cash equivalents are restricted as to use based on donor stipulations or contractual conditions. At June 30, 2021 and 2020, such restricted amounts were \$373,713 and \$1,213,219, respectively.

Unconditional Promises To Give

Unconditional promises to give are recognized as revenue in the period received. Promises to give are recorded at their realizable value if they are expected to be collected in one year and at their fair value if they are expected to be collected in more than one year. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional. An allowance for doubtful accounts has been established based on management's assessment of collectability.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statements of financial position. Income or loss on investments, including realized and unrealized gains and losses on investments, interest and dividends, are allocated ratably to the participating funds. Investment gains on restricted net assets are classified consistent with the related investment income unless specific donor or legal restrictions dictate otherwise.

Realized gains and losses, and declines in value judged to be other than temporary, are included in net appreciation (depreciation) of investments. Realized gains and losses on the sales of securities are determined using the specific-identification method. A decline in the fair value of investments below cost that is deemed to be other than temporary results in a charge to change in net assets and the establishment of a new cost basis for the investment.

In accordance with Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820), the Foundation does not categorize, within the fair value hierarchy, all investments for which fair value is measured using the net asset value per share practical expedient.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Fair Values of Financial Instruments

The Foundation's financial instruments, excluding investments which are described in Note 5, include cash and cash equivalents and unconditional promises to give. The Foundation estimates that the fair values of all these financial instruments at June 30, 2021 and 2020 do not differ materially from the aggregate carrying values of these financial instruments recorded in the accompanying statements of financial position.

Contributions

Contributions received are recorded as support with or without donor restrictions. All donor-restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is met), net assets with donor restrictions are reclassified to net assets without donor restrictions, as appropriate, and reported in the consolidated statements of activities and changes in net assets as net assets released from restrictions.

Property and equipment

Purchased property and equipment is recorded at cost. Depreciation is provided over the estimated useful lives, on a straight-line basis. As of June 30, 2021 and 2020 the Foundation had \$69,151 and \$0-, respectively, included in construction in process in relation to property and equipment.

Donated Property

Donated property is reflected as a contribution in the accompanying statements at its estimated value at date of receipt. Donated properties are not used for Foundation operations.

Funds Held in Custody

The Foundation considers all state matching funds and unexpended income from these funds to be reported as Funds Held in Custody. All Funds Held in Custody are recorded at fair market value.

Restricted and Unrestricted Revenue

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions received are recorded as support with or without donor restrictions. All donor-restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is met), net assets with donor restrictions are reclassified to net assets without donor restrictions, as appropriate, and reported in the statements of activities and changes in net assets as net assets released from restrictions.

Rental income from operating leases is recognized over the terms of the related leases. Recoveries from tenants for operating expenses are recognized as revenues in the period the corresponding costs are incurred.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Contributed Services and Benefits

In accordance with the implementation of FASB ASC 958-720-25-9, the Foundation recognizes contributed services at their fair value when the services have value to the Foundation, require specialized skills, are provided by individuals possessing those skills, and would have been purchased if not provided by the McNeese State University. See Note 12 for further details.

Functional Expenses

The costs of providing program and other activities have been summarized on a functional basis in the statements of activities and functional expenses

Income Taxes

The Foundation is a nonprofit organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes on related income pursuant to Section 501 (a) of the Internal Revenue Code. Accordingly, no provision for income taxes on related income has been included in the financial statements.

The Foundation applies the accounting guidance related to accounting for uncertainty in income taxes, which sets out a consistent framework to determine the appropriate level of tax reserves to maintain for uncertain tax positions. The Foundation recognizes the effect of income tax positions only if the positions are more likely than not of being sustained. Recognized income tax positions are recorded at the largest amount that is greater than 50% likely of being realized. Changes in the recognition or measurement are reflected in the period in which the change in judgment occurs. The Foundation has evaluated its position regarding the accounting for uncertain income tax positions and does not believe that it has any material uncertain tax positions.

The Foundation's federal Return of Organization Exempt from Income Taxes (form 990) is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Foundation believes it is no longer subject to income tax examinations for a period beyond three years from the filing of those returns.

Required Transfers

The Foundation has received various matching grants from the State of Louisiana under the Eminent Scholars Endowed Chairs and Endowed Professorships programs, which are only approved after certain levels of private funding have been raised. The Foundation must comply with certain policies, procedures, and regulation regarding the administration of these programs. One of the requirements of the Board of Regents for Higher Education's investment policy relates to increasing each program's endowment balance each year. Some transfers to permanently restricted net assets were made to comply with this policy.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Financial Instruments and Credit Risk

The Foundation manages deposit concentration risk by placing cash, money market accounts, and certificates of deposit with financial institutions believed to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, the Foundation has not experienced losses in any of these accounts.

Credit risk associated with promises to give is considered to be limited due to high historical collection. Unconditional promises to give and substantially all donations are derived from local donors in Southwest Louisiana.

Investments which subject the Foundation to concentrations of credit risk consist primarily of investments in long-term corporate and governmental fixed income instruments; equity holdings of domestic and international corporations; mutual funds which invest in various marketable securities and various hedge funds. The hedge funds utilize a variety of financial instruments in their trading strategies, including equity and debt securities of both U.S. and foreign issuers, public and non-public, as well as a variety of derivative instruments. Investments are made by diversified investment managers whose performance is monitored by the Foundation and the investment committee of the Board of Directors. Although the fair values of investments are subject to fluctuation on a year-to-year basis, the Foundation and the investment committee believe that the investment policies and guidelines are prudent for the long-term welfare of the Foundation.

Advertising

Advertising costs are expensed as incurred. For the years ended June 30, 2021 and 2020, the Foundation expensed \$-0- and \$11,452, respectively.

Reclassification

Certain reclassifications have been made on the June 30, 2020 financial statements and footnotes to conform to the June 30, 2021 presentation. Net position and change in net position are unchanged due to these reclassifications.

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

Recently Adopted Accounting Standards

The Financial Accounting Standards Board (FASB) issued ASU 2014-09, "Revenue from Contracts with Customers (Topic 606) as amended by ASU 2015-14, Revenue from Contracts with Customers (Topic 606) - Deferral of the Effective Date". This ASU is a comprehensive new revenue recognition standard that will supersede nearly all existing revenue recognition guidance under U.S. GAAP. The core principle of this ASU is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. In order to achieve this, revenue streams are evaluated using a five-step process.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Recently Adopted Accounting Standards – (Continued)

This ASU was effective for non-public business entities for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019, however, on May 20, 2020, the FASB extended the required implementation period to fiscal years beginning after December 15, 2019. The Foundation adopted the amendments in this update during 2021. This amendment had no effect on the financial statements in 2021.

In August 2018 the FASB issued ASU 2018-13 "Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement". This update which is effective for fiscal years beginning after December 15, 2019 removes, modifies and adds to fair value disclosure requirements. The Foundation adopted ASU 2018-13 on a retrospective basis as of July 1, 2019. The effect of adopting this guidance resulted in the modification or removal of certain fair value measurement disclosures presented in the Foundation's financial statements.

Recently Issued Accounting Standards

In February 2016, the FASB issued ASU 2016-02, "Leases". This accounting standard requires lessees to recognize assets and liabilities related to lease arrangements longer than 12 months on the statement of financial position as well as additional disclosures. This ASU is effective for the Foundation for the annual period beginning after December 15, 2021.

On September 17, 2020, FASB issued Accounting Standards Update (ASU) 2020-07, "Not-for-Profit Entities (Topic 958), Presentation and Disclosures of Not-for-Profit Entities for Contributed Nonfinancial Assets". The ASU requires not-for-profit entities to present contributed nonfinancial assets (commonly referred to as gifts-in-kind) as a separate line item in the statement of activities, apart from contributions of cash and other financial assets. The ASU requires the new standard to be applied retrospectively, with amendments taking effect for the Foundation's fiscal year beginning July 1, 2021, with early adoption permitted.

The Foundation is currently assessing the impact of these pronouncements on its financial statements.

2. CASH AND CASH EQUIVALENTS

The Foundation maintains deposit accounts with large, multi-state financial institutions. The balances at each of these financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. The Foundation has not experienced any losses in such accounts. As of June 30, 2021, the uninsured balance was \$2,015,917. The Foundation also has money-market holdings as part of its managed investment accounts in the amounts of \$1,508,898 and \$4,984,352 at June 30, 2021 and 2020, respectively, which are not secured.

Deposits with Louisiana Asset Management Pool ("LAMP") totaled \$16,209,772 and \$9,298,292 at June 30, 2021 and 2020, respectively. Such deposits are secured by an interest in the underlying investment pool, consisting of U.S. Treasury and agency securities held by LAMP.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

2. CASH AND CASH EQUIVALENTS – (Continued)

LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LSA – R.S. 33:2955.

Effective August 1, 2001, LAMP’s investment guidelines were amended to permit the investment in government-only money markets funds. In its 2001 Regular Session, the Louisiana Legislature (Senate Bill No. 512, Act 701) enacted LSA – R.S.33:2955(A)(1)(h) which allows all municipalities, parishes, school boards, and any other political subdivisions of the State to invest in “investment grade (A-1or P-1) commercial paper of domestic United States corporations.”

Effective October 1, 2001, LAMP’s Investment Guidelines were amended to allow the limited investment in A-1 or A-1+ commercial paper.

The dollar weighted average portfolio maturity of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days. LAMP is designed to be highly liquid to give its participants immediate access to their account balances. The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and a board of directors. LAMP is not registered with the SEC as an investment company.

3. UNCONDITIONAL PROMISES TO GIVE

Unconditional promises to give consist of the following:

	<u>2021</u>	<u>2020</u>
Restricted to departmental and scholarship funds	<u>\$ 757,857</u>	<u>\$ 1,340,911</u>

Management considers unconditional promises to give to be fully collectible as of June 30, 2021, therefore, no allowance for doubtful accounts is considered necessary. At such time as management determines an amount to be uncollectible, it is written off. In the last two years, the Foundation has had some isolated incidences of a few donors declaring that they will not fund the remainder of their pledges to the Foundation. Unconditional promises to give in the amount of \$30,420 and \$8,161, as June 30, 2021 and 2020, respectively, were deemed uncollectible and written off.

3. UNCONDITIONAL PROMISES TO GIVE

The total amount of unconditional promises to give at June 30, 2021 and 2020 is expected to be collected as follows:

	<u>2021</u>	<u>2020</u>
Less than one year	\$ 302,786	\$ 1,169,768
One to five years	455,071	171,143
Total unconditional promises to give	<u>\$ 757,857</u>	<u>\$ 1,340,911</u>

Certain donors have stipulated in their wills to make donations to the Foundation upon death. The total amount of such conditional promises to give is \$4,427,590 and \$4,451,161 at June 30, 2021 and 2020, respectively. As the donors have placed a condition on the donation, these amounts have not been recorded in the financial statements.

4. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Foundation regularly monitors the availability of resources required to meet its operating needs and other contractual commitments, while investing available funds in accordance with the Foundation's investment policy. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Foundation considers all expenditures related to its regular, recurring, and ongoing program service activities as well as the conduct of services undertaken to support those activities to be general expenditures. The Foundation anticipates revenues to be sufficient to meet its general expenditure needs.

NOTES TO FINANCIAL STATEMENTS

4. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS – (Continued)

The Foundation does not consider assets including principal of investments and donated property to be available for general expenditure. Principal balances on investments are restricted by donor intent. Donated property cannot be liquidated due to donor intent. As of June 30, 2021, the following schedule identifies financial assets that could be made readily available within one year of the statement of financial position date to meet general expenditures:

Financial assets at year end:	
Cash and cash equivalents	\$ 27,676,509
Unconditional promises to give	757,857
State matching receivable	20,000
Investments	61,281,432
Construction in process	69,151
Property held for resale	2,282,481
Restricted cash and cash equivalents	373,713
Restricted investments	24,717,602
Restricted donated property	<u>1,081,675</u>
Total financial assets	118,260,420
Less, those unavailable for general expenditures	
within one year due to:	
Unconditional promises to give	(455,071)
Principal of investments	(56,710,562)
Donated property	(1,081,675)
Funds held in custody	(10,030,541)
Subject to appropriation and satisfaction of donor restrictions	<u>(30,494,853)</u>
Financial assets not available to be used within one year	(98,772,702)
Amounts unavailable to management without Board's approval:	
Board designated for continued university support and quasi-endowments and scholarships	<u>(4,586,193)</u>
Total amount unavailable to management without board approval	<u>(4,586,193)</u>
Total financial assets available to meet cash needs for general expenditures within one year	<u><u>\$ 14,901,525</u></u>

4. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS – (Continued)

As part of its liquidity management, the Foundation has a policy to structure its financial assets to be made available as general expenditures, liabilities, and other obligations become due. This structure provides for monthly meetings between management to review balances of cash, cash equivalents and non-principal investment earnings. If the balances for cash and cash equivalents are deemed sufficient, excess funds are transferred to the investment fund. If balances for cash and cash equivalents are not deemed sufficient, funds are transferred from the cash portion of non-principal investment earnings to the Foundation’s operating account.

5. INVESTMENTS

Investments in debt and equity securities with readily determinable fair values are stated at their estimated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for further discussion of fair value measurement.

The asset allocation of the Foundation's portfolio involves exposure to a diverse set of markets which involve various risks such as interest rate risk, market risk, and credit risk. The Foundation believes that the value of its investments may, from time to time, fluctuate substantially as a result of these risks.

At June 30, 2021, the Foundation's investments, carried at fair value, consisted of the following:

	2021			
	Amortized Cost	Gross Unrealized Gain	Gross Unrealized Loss	Estimated Fair Value
Corporate stock	\$ 33,301,668	\$ 10,363,510	\$ (508,013)	\$ 43,157,165
Real estate investment trusts	2,138,019	380,292	(64,782)	2,453,529
Hedge funds	1,174,990	4,588,300	-	5,763,290

5. INVESTMENTS- (Continued)

At June 30, 2020, the Foundation's investments, carried at fair value, consisted of the following:

	2020			
	Amortized Cost	Gross Unrealized Gain	Gross Unrealized Loss	Estimated Fair Value
Corporate stock	\$ 31,544,849	\$ 5,430,098	\$ (2,911,050)	\$ 34,063,897
Real estate investment trusts	3,714,773	632,389	(277,444)	4,069,718
Hedge funds	3,931,858	577,179	(237,492)	4,271,545
Exchange trade products	5,656,916	-	(858,721)	4,798,195
Mutual funds	29,001,526	816,525	(601,949)	29,216,102
	\$ 73,849,922	\$ 7,456,191	\$ (4,886,656)	\$ 76,419,457

Market risk could occur and is dependent on the future changes in market prices of the various investments held.

Investment earnings are reported net of investment related expenses in the accompanying financial statements. Net investment earnings consisted of the following for the years ended June 30, 2021 and 2020:

	2021	2020
Interest and dividend income	\$ 2,047,176	\$ 2,875,215
Realized gains on sales of investments	7,162,749	1,276,418
Unrealized gains (losses) on investments	11,243,989	(3,500,663)
Investment related expenses	(468,627)	(453,931)
	\$ 19,985,287	\$ 197,039

The Board of Directors has been advised by legal counsel that under Louisiana state law, the gains from sales of securities and increases in market value are to be treated as principal, and must be retained in endowment fund accounts. However, under the Uniform Management of Institutional Funds Act adopted in Louisiana, such gains and appreciation in value may be expended for the purposes designated by the donors if it is prudent in the judgment of the Board of Directors after considering the long and short term needs of the Foundation, its present and anticipated financial requirements, expected total return on investments, price level trends and general economic conditions.

If any donor stipulates that realized and unrealized investment gains should not be spent on the restricted purpose for which a fund was originated, then such gains will be added to investment principal and will not be expendable in the future. No such stipulations were present at June 30, 2021 and 2020.

From time to time, the fair value of assets associated with donor-restricted endowment funds may fall below corpus. No such deficiencies of this nature were present at June 30, 2021 and 2020.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

5. INVESTMENTS- (Continued)

Investment income from interest, dividends and realized gains and losses are allocated to various activities and programs under the Foundation's investment policy. The portion that pertains to unrestricted and short-term donor restricted activities is reported as unrestricted revenue, and the portion that pertains to permanent endowment activities is reported as temporarily restricted revenue, because it could be expended on the restricted purposes of the endowments in subsequent periods.

The Foundation invests in a hedge fund. The investment is a sophisticated, multi-strategy, multi-manager program designed to achieve an optimal balance of upside return potential and downside protection. The investment offers a diversified strategy protecting and preserving the Foundation's capital and a hedged equity strategy providing long-term capital growth. Both strategies also work to deliver risk-adjusted returns by capturing the market's return potential but with much less volatility. The portfolios are constructed using a time tested, disciplined methodology focused first on risk management. The managers then work to identify strategies within a framework and to develop relationships with investment managers. The derivative instrument is designated as a fair value hedging instrument. The fund's fair market value was \$5,763,289 and \$4,271,545 at June 30, 2021 and 2020, respectively. The Foundation's objective is to maximize its returns related to this investment.

The Foundation does not invest in individual hedge funds, but instead, monitors the activity and returns of the manager. The Foundation's investment committee continuously examines the returns of the manager to ensure the Foundation's investment objectives are reached. The returns from this hedge fund are reported and posted quarterly reflecting the fair market value as of the reporting date. The earnings on the hedge fund are included in unrealized gains (losses) in the Statement of Activities.

6. FAIR VALUES OF FINANCIAL INSTRUMENTS

The Financial Accounting Standard Board ("FASB") authoritative guidance for fair value measurements defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The guidance also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under the guidance are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

6. FAIR VALUES OF FINANCIAL INSTRUMENTS – (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Corporate stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Real estate investment trust: Common stock in real estate investment trust that are valued at the closing price reported on the active market on which the individual securities are traded.

Exchange trade products: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Hedge funds: Valued at the net asset value ("NAV") of shares held at year end.

Furthermore, while the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of June 30, 2021, there were no assets measured at fair value on a nonrecurring basis.

Level 3 Valuation Techniques Although direct valuation techniques and methodologies for Level 3 assets are not completed internally. Foundation staff and the Foundation's investment consultant conduct ongoing monitoring and review of managers to ensure that reporting and valuation techniques are in accordance with industry standards and best practices. Capital statements, performance, and pertinent news regarding changes in management are scrutinized as an internal part of the due diligence process prior to hiring a manager. These same elements are monitored on an on-going basis, as a matter of regular business practice, following the hiring of a manager. Level 3 asset types for which this due diligence process and focused monitoring are applied internally are side pocket funds.

MCNEESE STATE UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

6. FAIR VALUES OF FINANCIAL INSTRUMENTS – (Continued)

The valuation process conducted internally for those Level 3 assets categorized as side pocket funds primarily entails a calculation of the present value of proceeds expected to be received in accordance with the terms of the agreement.

There were no purchases, issues or transfers into and out of Level 3 investments for the years ended June 30, 2021 and 2020.

Equitas Evergreen Fund, L.P. (hedge fund) has identified \$3,439 as of June 30, 2021 and 2020, to be side-pocket funds that are considered illiquid by their investment manager.

The Foundation's investment in hedge funds at June 30, 2021 and 2020 represents 10% ownership of all ownership interests in the fund. The hedge funds utilize a variety of financial instruments in their trading strategies, including equity and debt securities of both U.S. and foreign issuers, public and non-public, as well as a variety of derivative instruments. The fair value of the investments in this class has been estimated using the net asset value per share of the investments.

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of June 30, 2021:

<u>Instrument</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

Art work	202,650	202,650
	<u>\$ 1,081,675</u>	<u>\$ 1,081,675</u>

The Foundation has agreed that both farms would be used primarily by the Agriculture Department of McNeese State University and would never be sold.

8. PROPERTY HELD FOR RESALE

In August 2011, the Foundation purchased a Meat Processing Plant for \$899,549 and in 2014 they made improvements in the amount of \$69,778 for a total investment of \$969,327. In December 2011 they purchased land on W. Sale Road for \$1,299,154. In December of 2015, the Foundation received property in Jasper County as a donation, which was recorded on the Foundation books for \$14,000.

9. THE LOUISIANA ENDOWMENT TRUST FUND FOR ENDOWED CHAIRS AND PROFESSORSHIPS

One of the Foundation's primary objectives is to raise and manage funds to provide endowed professorships and chairs to the University. The Louisiana Endowment Trust Fund for Endowed Chairs and Professorships was created by the Louisiana Legislature in 1983 to provide state funds to eligible public and private institutions which would be responsible for providing matching funds obtained by gifts.

Endowed professorships are established at \$100,000 and endowed chairs at \$1,000,000. For endowments submitted for matching prior to July 1, 2017, the Board of Regents will provide 40% of the funding once the Foundation has acquired 60% of the principle through private gifts. Endowed professorships submitted for matching after July 1, 2017, will be matched at \$20,000 for every \$80,000 of private funding acquired while endowed chairs remained unchanged.

The Foundation is allowed to apply for the 40% match while maintaining the 60% private gift. Funds are pooled for investment purpose in the Foundation, but the Board of Regents' 40% match is recognized as a liability to the Foundation under the caption "Funds Held in Custody." The amount held for others in noncurrent liabilities at June 30, 2021 and 2020, that was attributable to the Endowed Chairs and Professorships, was \$10,030,541 and \$7,934,771, respectively. The Foundation has a state matching receivable as of June 30, 2021 and 2020 in the amount of \$20,000, for approved endowed professorships matches that are not yet funded by year end. For the year ended June 30, 2021, the Foundation collected the match of \$20,000 dealing with the pledge receivable at June 30, 2020. The Foundation received another matching pledge for the year end June 30, 2021 that was not collected as of year end.

In-kind salaries and benefits	731,619	534,966
	\$ 6,142,731	\$ 6,970,573

11. ENDOWED NET ASSETS

The Foundation has established prudent investment and spending policies with the objective of maintaining the purchasing power of its endowed assets in perpetuity and providing a stable level of support to the beneficiaries. To achieve this objective, the Foundation's asset allocation strategy is reviewed periodically and adjusted to target a total return that covers inflation, administrative expenses, and spending allocations, while minimizing volatility.

Certain endowed funds are provided by the State of Louisiana as a match to qualifying private endowed contributions and are managed under agreement with the University for the University's benefit. These state matching endowed funds are further subject to the investment and spending policies established by the Louisiana Board of Regents, which has statutory authority to administer the matching funds program.

A spending rate is determined by the Foundation's Board of Directors on an annual basis, with consideration given to the market conditions, the spending levels of peer institutions, and the level of real return after spending measured over the long term. The spending rate approved by the Board is applied to the sixty-month moving average fair value of the investment pool of endowed assets. The objective is to provide relatively stable spending allocations. The net spending rate approved by the Board of Directors for each of the years ended June 30, 2021 and 2020, was 5.00%. The Louisiana Board of Regents' spending policy dictates that no portion of the inflation-adjusted corpus, as defined by the Board of Regents, is to be allocated for spending.

The Foundation's Board of Directors has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the date of the donor-restricted endowment funds, unless there are explicit donor stipulations to the contrary. At June 30, 2021 and 2020, there were no such donor stipulations. As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of initial and subsequent gift amounts donated to the Endowment and (b) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by us in a manner consistent with the standard of prudence prescribed by UPMIFA.

11. ENDOWED NET ASSETS – (Continued)

The Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the organization
- The investment policies of the organization

The Louisiana Board of Regents spending policy dictates that the market value of each endowment at the end of the most recent fiscal trust fund year must exceed the original corpus of the endowment by an amount equal to the amount to be made available for expenditure in the next fiscal year for which a spending allocation is made. When the current market value of each endowment is below the original corpus, no spending is allowed.

The Foundation's Board of Directors has chosen to manage a portion of its net assets without donor restrictions as part of the endowed funds investment pool. At June 30, 2021 and 2020, the market value of these Board Designated Endowed Funds was \$4,586,193 and \$4,606,129, respectively.

16. COMMITMENT AND CONTINGENCIES

The outbreak of the novel coronavirus (COVID-19) has adversely impacted commercial activity and contributed to significant declines in volatility in financial markets. The coronavirus pandemic and government response are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the novel coronavirus.

17. SUBSEQUENT EVENTS

Management of the Foundation has evaluated its June 30, 2021 financial statements for subsequent events through the date of the independent auditors' report, the date the financial statements were available to be issued. Management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
McNeese State University Foundation
Lake Charles, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the McNeese State University Foundation (a nonprofit organization), which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated November 9, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered McNeese State University Foundation's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of McNeese State University Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of McNeese State University Foundation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether McNeese State University Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
