Notes to the Financial Statements

As of and for the Year End June 30, 2020

1) Organization

Palmetto Church of God-Project Hope (The Organization), a non-profit organization, was formed in 1997. Project Hope is a drug and alcohol prevention program for the Palmetto Community in St. Landry Parish. Youth leaders teach decision-making skills with accompanying alternative Alcohol, Tobacco and Other Drug (ATOD) activities. A parent group was established to secure the support of parents with their children and to commit the community to non-ATOD activities sponsored for two youth age groups (6-11 and 12-18).

(2) Summary of Significant Accounting Policies

(a) Financial Statement Presentation

The financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles (US GAAP), on the accrual basis of accounting and accordingly reflect all significant receivables and payables.

The Organization has adopted FASB Accounting Standards Codification (ACS) 958-205, Not-for-Profit Entities, Presentation of Financial Statements. Under FASB ASC 958-205, the Organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. Net assets without donor restrictions include those net assets whose use by the Organization is not restricted by donors, even though their use may be limited in other respects, such as self-imposed actions, by contract or governing board designation. Net assets with donor restrictions are those net assets received with donor-imposed restrictions limiting the Organization's use of the assets. The Organization has determined that any donor-imposed restrictions for current program were generally met within the operating cycle and, therefore, the policy is to record these net assets without donor restrictions. As of June 30, 2020, The Organization had no net assets with donor restrictions. In addition, the Organization is required to present a statement of cash flows. The Organization does not use fund accounting.

(b) Measure of operations

The statements of activities report all changes in activity from operating activities for period ended June 30, 2020. Operating activities consist of those items attributable to the Organization's the drug and alcohol prevention program services and loan interest.

(c) Revenue Recognition

The Organization has also adopted FASB Accounting Standards Codification (ASC) 958-605 Not For Profit Entities, Revenue Recognition. Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions based on the existence or absence and/or nature of donor-imposed restrictions.

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets with donor restrictions depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

(d) Cash and Cash Equivalents

Cash and cash equivalents include bank deposits. As of June 30,2020, cash equivalents and cash balance were as follows:

Without Donor Restrictions \$ 74,822

(e) Receivables

Receivables consist primarily of loans expected to be received shortly after year-end. The Organization does not report an allowance for doubtful accounts because management estimates that receivables are 100% collectible. There are no identifiable concentrations of credit risk related to these amounts.

(f) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(g) Income Taxes

The Organization is exempt from federal and state income taxes under Internal Revenue Code Section 501 (c) (3).

The Organization is not aware of any course of action or series of events that have occurred that might adversely affect the Company's tax status.

(h) Property and Equipment

Acquisitions of property and equipment in the excess of \$500 are capitalized. Lesser amounts are expensed.

Depreciation is calculated using the straight-line method over the estimated useful lives of five years.

Property and equipment consist of the following:

	06/30/20
Equipment	49,745
	(21,095)
Less: Accumulated Depreciation	
Net Property and equipment	<u>28,650</u>

Depreciation expense for the year ended 2020 was \$ 9,838.

(i) Contributed Services

The value of contributed services meeting the requirements for recognition in the financial statements was not material and has not been recorded. In addition, many individuals volunteer their time that assist the Organization, but these services do not meet the criteria for recognition as contributed services.

(j) Gifts-in-Kind

Contributions include gifts-in-kind of rental of the Church of GOD Campground facilities in the amount of \$ 20,000 from the Church of God.

(k) Functional Allocation of Expenses

The cost of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated to the program and supporting services benefited.

(l) Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Organization and recognize a tax liability (or asset) if the Organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Management has analyzed the tax positions taken by the Organization, and has concluded that as of December 31, 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The organization is subject to routine audits by the Internal Revenue Service for the years ended December 31, 2018, 2019 and 2020; however, there are currently no audits in progress for any tax period.

(m) Subsequent Events

Management has evaluated subsequent events (FASB ASC 855-10-50-1) through December 31, 2020, the date the financial statements were available to be issued. The Organization is not aware of any material subsequent events.
