INDEPENDENT AUDITORS' REPORT

June 16, 2025

Board of Commissioners
Gravity Drainage District No. 7 of Cameron Parish
Johnson Bayou, Louisiana

Opinions

We have audited the accompanying financial statements of the governmental activities and the major fund of Gravity Drainage District No. 7 of Cameron Parish, a component unit of the Cameron Parish Police Jury, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of Gravity Drainage District No. 7 of Cameron Parish as of December 31, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Audit Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Gravity Drainage District No. 7 of Cameron Parish and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Gravity Drainage District No. 7 of Cameron Parish's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, is representations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, and *Government Auditing Standards* we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Gravity Drainage District No. 7 of Cameron Parish's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Gravity Drainage District No. 7 of Cameron Parish's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedule, schedule of changes in net OPEB liability and related ratios, schedule of employer's proportionate share of net pension liability and schedule of employer contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted principally of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The District has not presented management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Schedule of Compensation, Benefits and Other Payments to Chief Executive Officer but does not include basic financial statements and other auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our reports.

Report on Summarized Comparative Information

We have previously audited Gravity Drainage District No 7 of Cameron Parish's December 31, 2023 financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated June 24, 2024. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2023, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 16, 2025, on our consideration of Gravity Drainage District No. 7 of Cameron Parish's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Notes to Financial Statements

December 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Gravity Drainage District No. 7 of Cameron Parish (the District) is a corporate body created as a political subdivision of the State of Louisiana under the provisions of Louisiana Revised Statutes 38:1751-1802, and was established for the purpose of constructing, improving and maintaining all natural drains in the District where drainage is accomplished using the natural force of gravity. The District is governed by a board of 5 commissioners who are appointed by the Cameron Parish Police Jury. The District covers 397 square miles and serves an approximate population of 935.

1. Reporting Entity

GASB Statement No. 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. For financial reporting purposes, in conformance with GASB Statement No. 14, the Gravity Drainage District No. 7 of Cameron Parish includes all funds, account groups, et cetera, that are within the oversight responsibility of the Gravity Drainage District No. 7 of Cameron Parish.

As the governing authority, for reporting purposes, the Cameron Parish Police Jury is the financial reporting entity. The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Cameron Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability.

The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body and
 - a. The ability of the Cameron Parish Police Jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Cameron Parish Police Jury.
2. Organizations for which the Cameron Parish Police Jury does not appoint a voting majority but are fiscally dependent on the Cameron Parish Police Jury.
3. Organizations for which the reporting entity financial statements could be misleading if data of the organization is not included because of the nature of significance of the relationship.

GRAVITY DRAINAGE DISTRICT NO. 7 OF CAMERON PARISH

Notes to Financial Statements

December 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Based upon the application of these criteria, Gravity Drainage District No. 7 of Cameron Parish is a component unit of the Cameron Parish Police Jury's reporting entity.

2. Basis of Presentation

The accompanying basic financial statements of the District have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments", issued in June 1999.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. They include all funds of the reporting entity. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues.

The statement of activities presents a comparison between direct expenses and program revenues for each of the functions of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Program revenues include (a) fees and charges paid by the recipients of services offered by the District; and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements

The District uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain District functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

The District has one fund, the General Fund, which is therefore considered its major fund.

3. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

GRAVITY DRAINAGE DISTRICT NO. 7 OF CAMERON PARISH

Notes to Financial Statements

December 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Measurement Focus

On the government-wide statement of net position and the statement of activities, the activities are presented using the economic resources measurement focus. In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

In the government-wide statement of net position and statement of activities, the activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting.

4. Cash

The cash and cash equivalents of the District are subject to the following risks.

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the financial agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent bank has failed to pay deposited funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the District’s name.

GRAVITY DRAINAGE DISTRICT NO. 7 OF CAMERON PARISH

Notes to Financial Statements

December 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Interest Rate Risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity is its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, as a means of offsetting exposure to interest rate risk, the District diversifies its investments by security type and institution.

Credit Risk: Generally, credit risk is the risk that the issuer of a debt type investment will not fulfill its obligation to the holder of the investment. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The District's investments comply with Louisiana Statutes (LSA R.S. 33:2955). Under state law, the District may deposit funds with a fiscal agent organized under the laws of Louisiana, the laws of any other state in the union, or the laws of the United States. The District may invest in United States bonds, treasury notes and bills, government-backed agency securities, or certificates of time deposits of state banks organized under Louisiana law and national banks organized under Louisiana law and national banks having principal offices in Louisiana.

Cash includes amounts in demand deposits and time deposits with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. At December 31, 2024, the District had \$2,308,742 in deposits (collected bank balances), of which all was secured from risk by federal deposit insurance and pledged securities held by the custodial bank in the name of the fiscal agent bank.

5. Investments

The District uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures of investments in debt and equity securities that are classified as available-for-sale on a recurring basis. FASB ASC 820-10 defines fair value, establishes a consistent framework for measuring fair value, and expands disclosure requirements for fair value measurements. FASB ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

GRAVITY DRAINAGE DISTRICT NO. 7 OF CAMERON PARISH

Notes to Financial Statements

December 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the District has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability.

The fair value measurements and levels within the fair value hierarchy of those measurements for the assets reported at fair value on a recurring basis at December 31, 2024 are as follows:

	<u>Fair Value</u>	Quoted prices in Active markets Identical assets <u>Level 1</u>	Significant Observable Inputs <u>Level 2</u>	Significant Unobservable Inputs <u>Level 3</u>	<u>Cost</u>
Short-term investments:					
U.S. Government Securities	<u>\$ 465,969</u>	<u>\$ 465,969</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 465,969</u>

6. Accounts Receivable

Uncollectible amounts due for ad valorem taxes and other receivables of governmental funds are recognized as bad debts at the time information becomes available which would indicate that the particular receivable is not collectible.

7. Budgets

A budget is adopted on a basis consistent with generally accepted accounting principles. All annual appropriations lapse at fiscal year end.

On or before the last meeting of each year, the budget is prepared by function and activity, and includes information on the past year, current year estimates and requested appropriations for the next fiscal year.

The proposed budget is presented to the government's Board of Commissioners for review. The board holds a public hearing and may add to, subtract from or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated.

8. Capital assets

Capital assets are reported in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation.

GRAVITY DRAINAGE DISTRICT NO. 7 OF CAMERON PARISH

Notes to Financial Statements

December 31, 2024

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives is as follows, depending on the type of asset.

Buildings and improvements	15-40 years
Equipment	5-10 years
Vehicles	5 years
Furniture and office equipment	3-5 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the government fund upon acquisition.

9. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the general long-term debt account group. No expenditure is reported for these amounts.

In accordance with the provisions of Statement of Financial Accounting Standards No. 43, Accounting for Compensated Absences, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that it is estimated will be taken as "terminal leave" prior to retirement. At December 31, 2024 the District's liability for compensated absences is \$14,707.

10. Equity Classification

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - consists of capital assets including restricted capital assets, net of a cumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets
- b. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

- c. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

In the fund statements, governmental fund equity is classified as fund balance. Fund balance is further classified as restricted, assigned and unassigned.

- a. Restricted fund balance - Includes fund balance amounts that are intended to be used for specific purposes based on generally outside actions.
- b. Assigned fund balance - Includes fund balance amounts that are intended to be used for specific purposes based on internal (Board) actions.
- c. Unassigned fund balance - Includes positive fund balance within the general fund which has not been classified within the above mentioned categories.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, expenditures are to be spent from restricted fund balance first and then unrestricted. Expenditures incurred in the unrestricted fund balances shall be reduced first from the committed fund balance, then from the assigned fund balance and finally, the unassigned fund balance.

11. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

12. Subsequent Events

Management has evaluated subsequent events as of June 16, 2025, the date the financial statements are available for issue.

13. Comparative Data

Comparative totals for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the District’s financial position and operations.

NOTE B – AD VALOREM TAXES

For the year ended December 31, 2024, taxes were levied on taxable assessed valuations of \$257,952,858 at a millage of 4.50.

Property tax millage rates are adopted in July for the calendar year in which the taxes are levied and recorded. All taxes are due and collectible when the assessment rolls are filed on or before November 15th of the current year, and become delinquent after December 31st. Property taxes not paid by the end of February are subject to lien.

NOTE D – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

NOTE E - RETIREMENT COMMITMENTS

The District participates in a state-administered cost-sharing multiple-employer retirement systems, which together cover substantially all of the District's full-time employees. Although separately administered by their respective boards of trustees, these systems are established and regulated by acts of the Louisiana Legislature with respect to membership and contribution requirements, plan benefits, and actuarial determination of funding requirements as provided by the state constitution. Additional disclosures with respect to the District's participation in these systems are provided below.

Parochial Employees' Retirement System

The System is composed of two district plans, Plan A and Plan B with separate assets and benefit provisions. Employees of the District are members of Plan A. Membership is mandatory as a condition of employment beginning on the date employed if the employee is on a permanent basis working at least twenty-eight hours per week and not participating in another public funded retirement system. Those individuals paid jointly by a participating employer and the parish are not eligible for membership in the system. Under Plan A, employees hired prior to January 1, 2007 can retire at any age with 30 or more years of creditable service, age 55 with 25 years of creditable service, age 60 with 10 years of creditable service, or age 65 with 7 years of creditable service. Employees hired after January 1, 2007 can retire at age 55 with 30 or more years of creditable service, age 62 with 10 years of creditable service, or age 67 with 7 years of creditable service. Retirees are entitled to a retirement benefit, payable monthly for life, equal to 3 percent of their final compensation multiplied by the employee's years of credited service. Final compensation is the employee's monthly earnings during the 36 consecutive or jointed months that produce the highest average. The System also provides death and disability benefits. Benefits are established by state statute.

The Parochial Employees' Retirement System of Louisiana issues a publicly available financial report that includes financial statements and required supplemental information. That report may be obtained by writing to Parochial Employees' Retirement System of Louisiana, P.O. Box 14619, Baton Rouge, LA 70898.

Plan members are required to contribute 9.5% of their annual covered salary and the District is required to contribute at an actuarially determined rate. The current rate is 11.5% of annual covered payroll. The contribution requirements of plan members and the District are established and may be amended by the System's Board of Trustees. The District's contributions to the System for the year ended December 31, 2024 totaled \$19,993.

At December 31, 2024, the District reported a net pension liability of \$17,107 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to their pension plan relative to the projected contributions of all participating entities, actuarially determined. At December 31, 2024, the District's proportion was .0179563%.

NOTE E - RETIREMENT COMMITMENTS - CONTINUED

For the year ended December 31, 2024, the District recognized pension expense of \$8,893 including employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, \$553. At December 31, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 8,101	\$ 4,592
Difference between expected and actual investment	27,571	-
Difference between expected and actual assumption	-	2,980

Contributions and proportionate share of contributions	-	2,821
Contributions subsequent to the measurement date	19,993	-
Total	<u>\$ 55,665</u>	<u>\$ 10,393</u>

\$19,993 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2024. Other accounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Actuarial methods and assumption. The total pension liability in the December 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Date	December 31, 2023
Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	6.40% (Net of investment expense)
Expected Remaining Service Lives	4 years
Projected Salary Increases	Plan A – 4.75% (2.30% Inflation)
Cost of Living Adjustments	The present values of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet amortized by the Board of Trustees.
Mortality	Pub-2010 Public Retirement Plans Mortality Table for Health Retirees multiplied by 130% for males and 125% for females using MP2021 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females using MP2021 scale. Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females using MP2021 scale for disabled annuitants.

The discount rate used to measure the total pension liability was 6.40% for Plan A. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE E - RETIREMENT COMMITMENTS - CONTINUED

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations and projected on a forward looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.40% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.50% for the year ended December 31, 2023.

Best estimates of arithmetic real rates of return for major asset class included in the System's target asset allocation as of December 31, 2023 are summarized in the following table:

Asset Class	Target Asset Allocation	Long-Term Expected Portfolio Real Rate of Return
Fixed income	33%	1.12%
Equity	51%	3.20%
Alternatives	14%	0.67%
Real assets	2%	0.11%
Total	100%	5.10%
Inflation		2.40%
Expected Arithmetic Nominal Return		7.50%

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2018 through December 31, 2022. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. As a result of this study, mortality for employees was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2021 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement plans Mortality Table for Healthy Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2021 scale. For Disabled annuitants mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2021 scale.

NOTE F – POSTEMPLOYMENT HEALTHCARE PLAN

General Information about the OPEB Plan

Plan description – Gravity Drainage provides certain continuing health care and life insurance benefits for its retired employees. Gravity Drainage's OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by Gravity Drainage. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with Gravity Drainage. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB) Codification Section P52 *Postemployment Benefits Other Than Pensions—Reporting For Benefits Not Provided Through Trusts That Meet Specified Criteria—Defined Benefit*.

Benefits Provided – Medical and life insurance benefits are provided through comprehensive plans and are made available to employees upon actual retirement. Employees retirement eligibility (D.R.O.P. entry) provisions are as follows: Employees are covered by the Parochial Employees' Retirement System of Louisiana, whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; age 55 and 25 years of service; age 60 and 10 years of service; or, age 65 and 7 years of service. For employees hired on and after January 1, 2007 retirement eligibility (D.R.O.P. entry) provisions are as follows: age 55 and 30 years of service; age 62 and 10 years of service; or, age 67 and 7 years of service.

Life insurance coverage is provided to retirees and 100% of the blended rate (active and retired) is paid by the employer. A level \$20,000 amount of insurance coverage while active is continued after retirement.

Employees covered by benefit terms – At December 31, 2024, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	0
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u>3</u>

Total OPEB Liability

The District's total OPEB liability of \$88,306 was measured as of December 31, 2024 and was determined by an actuarial valuation as of that date.

2024 valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	3.0%
Salary increases	0.0%, including inflation
Discount rate	3.26% annually (Beginning of Year to Determine ADC) 4.08% annually (as of End of Year Measurement Date)
Healthcare cost trend rates	Getzen model, with an initial trend of 5.5%
Mortality	Pub-2010/2021

The discount rate was based on the Bond Buyers' 20 Year General Obligation municipal bond index as of December 31, 2024, the end of the applicable measurement period.

The actuarial assumptions used in the December 31, 2024 valuation were based on the results of ongoing evaluations of the assumptions from January 1, 2009 to December 31, 2024.

NOTE H – TAX ABATEMENTS

Louisiana's State Constitution Chapter VII Section 21 authorizes the State Board of Commerce and Industry to create a ten (10) year ad valorem tax abatement program for new manufacturing establishments in the State. Under the terms of this program, qualified businesses may apply for an exemption of local ad valorem taxes on capital improvements and equipment related to manufacturing for the first ten years of its operation; after which the property will be added to the local tax roll and taxed at the value and millages in force at the time. The future value of this exempt property could be subject to significant fluctuation from today's value; however, the District could receive a substantial increase in ad valorem tax revenues once the exemption on this property expires. All applicable agreements have been entered into by the Cameron Parish Police Jury and directly affect the District's ad valorem assessments. Because these taxes are not assessed or due, no adjustments have been made to the District's financial statements to record a receivable. As of December 31, 2024, \$2,286,767,592 of assessed property in the District's taxing jurisdiction is receiving this exemption, which amounts to \$10,290,589 in ad valorem taxes.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS

June 16 2025

Board of Commissioners
Gravity Drainage District No. 7 of Cameron Parish
Johnson Bayou, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Gravity Drainage District No. 7 of Cameron Parish, a component unit of the Cameron Parish Police Jury, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 16, 2025.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Gravity Drainage District No. 7 of Cameron Parish's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Gravity Drainage District No. 7 of Cameron Parish's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or others matters that are required to be reported under *Government Auditing Standards*.

Gravity Drainage District No. 7 of Cameron Parish's Response to Findings

Gravity Drainage District No. 7 of Cameron Parish's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Gravity Drainage District No. 7 of Cameron Parish's response was not subjected to the auditing procedures applied in the audit to the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Governmental Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Schedule of Findings and Responses

Year Ended December 31, 2024

1. Summary of Auditors' Results:

Type of auditors' opinion issued: unmodified

Internal control over financial reporting:

Material weakness(es) identified?	<input type="checkbox"/> yes	<input checked="" type="checkbox"/> no
Control deficiency(ies) identified that are not considered to be material weakness(es)?	<input checked="" type="checkbox"/> yes	<input type="checkbox"/> none reported
Noncompliance material to financial statements noted?	<input type="checkbox"/> yes	<input checked="" type="checkbox"/> no

2. Findings Relating to the Financial Statements Which Are Required to be Reported in Accordance with Generally Accepted Governmental Auditing Standards

Finding 2024-001:

Inadequate Segregation of Duties

Condition: Because of the small size of the District's office staff, the opportunity for segregation of duties is limited. Effective internal control requires adequate segregation of duties among entity personnel.

Effect: Without proper segregation of duties, misstatements in amounts may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Recommendation: To the extent cost effective, duties should be segregated and management should attempt to mitigate this weakness by supervision and review procedures.

Corrective Action Planned: Management has responded that it does not believe that it is cost effective to employ adequate personnel to achieve appropriate segregation of duties. Management has implemented supervision and review procedures such as review and approval of supporting documents related to expenditures, review listings of revenue received and review of bank reconciliations on a monthly basis.

INDEPENDENT ACCOUNTANTS' REPORT
ON APPLYING AGREED-UPON PROCEDURES
FOR THE YEAR ENDED DECEMBER 31, 2024

June 16, 2025

Board of Commissioners
Gravity Drainage District No. 7 of Cameron Parish
and the Louisiana Legislative Auditor
Johnson Bayou, Louisiana

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal year January 1, 2024 through December 31, 2024. The District's management is responsible for those C/C areas identified in the SAUPs.

Gravity Drainage District No. 7 of Cameron Parish has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal year January 1, 2024 through December 31, 2024. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

1) Written Policies and Procedures

A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:

- i. *Budgeting*, including preparing, adopting, monitoring, and amending the budget.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- ii. *Purchasing*, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bids and price quotes.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iii. *Disbursements*, including processing, reviewing, and approving.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iv. *Receipts/Collections*, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmations with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- v. *Payroll/Personnel*, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- vi. *Contracting*, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- vii. *Travel and Expense Reimbursement*, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- viii. *Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)*, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- ix. *Ethics*, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- x. *Debt Service*, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- xi. *Information Technology Disaster Recovery/Business Continuity*, includes (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of

antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- xii. *Prevention of Sexual Harassment*, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

2) Board or Finance Committee

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and
 - i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- ii. For those entities reporting on the governmental accounting model, review the minutes from all regularly scheduled board/finance committee meetings held during the fiscal year and observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iii. For governmental entities, obtain the prior year audit report and observe the unrestricted fund balance in the general fund. If the general fund had a negative ending unrestricted fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unrestricted fund balance in the general fund.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

3) **Bank Reconciliations**

A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- ii. Bank reconciliations include evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared. (e.g., initialed and dated, electronically logged); and

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iii. Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

4) **Collections**

A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/check/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

No exceptions were found as a result of this procedure.

B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe the job duties are properly segregated at each collection location such that:

- i. Employees that are responsible for cash collections do not share cash drawers/registers;

The District does not maintain a cash drawer.

- ii. Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit:

The employee responsible for collecting cash is responsible for preparing/making bank.

- iii. Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and

The employee responsible for collecting cash is responsible for posting collection entries to the general ledger.

- iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, is (are) not responsible for collecting cash, unless another employee/official verifies the reconciliation.

The employee responsible for reconciling collections to the general ledger by revenue source is responsible for collecting cash.

Management Response: As a compensating control, a board member reviews each bank statement and reconciliation.

- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.

No exceptions were found as a result of this procedure.

- D. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Obtain supported documentation for each of the deposits and:

- i. Observe that receipts are sequentially pre-numbered.

No exceptions were found as a result of this procedure.

- ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

No exceptions were found as a result of this procedure.

- iii. Trace the deposit slip total to the actual deposit per the bank statement.

No exceptions were found as a result of this procedure.

- iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

No exceptions were found as a result of this procedure.

- v. Trace the actual deposit per the bank statement to the general ledger.

No exceptions were found as a result of this procedure.

5) *Non-Payroll Disbursements (excluding card purchases, travel reimbursements and petty cash purchases)*

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- B. For each location selected under #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that

- i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- ii. At least two employees are involved in processing and approving payments to vendors;

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and
 - i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- ii. Observe whether the disbursement documentation included evidence (e.g. initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

No exceptions were found as a result of this procedure.

- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and:
 - i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports

for excess fuel card usage) were reviewed and approved, in writing, (or electronically approved) by someone other than the authorized card holder; and

No exceptions were found as a result of this procedure.

- ii. Observe that finance charges and late fees were not assessed on the selected statements.

No exceptions were found as a result of this procedure.

- C. Using the monthly statements or combined statements selected under procedure #6B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g. each card should have 10 transactions subject to inspection). For each transaction, observed that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only).

No exceptions were found as a result of this procedure.

7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected

- i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov);

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

8) *Contracts*

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and

- i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter);

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iii. If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

9) *Payroll and Personnel*

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select five employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to the authorized salaries/pay rates in the personnel files.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and

- i. Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation sick, compensatory);

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to the entity policy.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

10) Ethics

A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and

- i. Observe whether the documentation demonstrates each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- ii. Observe whether the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

11) Debt Service

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that the State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

12) Fraud Notice

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- B. Observe the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

13) Information Technology Disaster Recovery/Business Continuity

Perform the following procedures, verbally discuss the results with management, and report “We performed the procedure and discussed the results with management”:

- A. Obtain and inspect the entity’s most recent documentation that it has backed up its critical data (if no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government’s local server or network, and (c) was encrypted.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- B. Obtain and inspect the entity’s most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- C. Obtain a listing of the entity’s computers currently in use and their related locations, and management’s representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- D. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- E. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency’s information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:

- Hired before June 9, 2020 - completed the training; and
- Hired on or after June 9, 2020 - completed the training within 30 days of initial service or employment.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

14) Prevention of Sexual Harassment

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- B. Observe the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:

- i. Number and percentage of public servants in the agency who have completed the training requirements;

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- ii. Number of sexual harassment complaints received by the agency;

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iii. Number of complaints which resulted in a finding that sexual harassment occurred;

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.

- v. Amount of time it took to resolve each complaint.

No category exceptions noted nor late submission in 2023, therefore, no testing applied in 2024.
