INDEPENDENT AUDITOR'S REPORT

To the Honorable Members of the Board of Aldermen and The Honorable Robert Amacker, Jr., Mayor **Town of Lake Providence** Lake Providence, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund, of the Town of Lake Providence, Louisiana, (the Town), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund, of the Town, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows, thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Louisiana Governmental Audit Guide*, issued by the Louisiana Legislative Auditor. Our responsibilities under those standards and the Guide are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information (page 32) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted Management's Discussion and Analysis; the Schedule of Employer's Proportionate Share of Net Pension Liability; and the Schedule of Contributions that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Town of Lake Providence Independent Auditor's Report June 30, 2024

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The Schedule of Compensation, Benefits, and Other Payments to Agency Head; the Schedule of Compensation to Town Council; and the Justice Funding Schedule – Collecting/Disbursing Entity, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Compensation, Benefits, and Other Payments to Agency Head; the Schedule of Compensation to Town Council; and the Justice Funding Schedule – Collecting/Disbursing Entity are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2024, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

RECONCILIATION OF THE GOVERNMENTAL FUNDS' STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2024

Amounts reported for governmental activities	
in the statement of net position are different because	:

Net change in fund balances - total governmental funds

(195,443)

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital outlays in the current period.

Capital outlay

Depreciation and amortization expense

(208,940)

Loss on sale of capital assets

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Proceeds from leases (134,092)
Payments on long-term debt 61,302

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in compensated absences payable

Change in net pension liability and deferred inflows and outflows

Town's share of nonemployer contributions to the retirement systems

(6,409)

(27,215)

39,419

Change in net position of governmental activities \$\(\)\$ (266,499)

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Lake Providence, Louisiana, (the Town) was incorporated in 1848. In 1904, the Town began operating under the provisions of the "Lawrason Act" (Louisiana Revised Statutes (R.S.) 33:321-481) of the constitution of the State of Louisiana. The Town is located in the parish of East Carroll and, as of 2020, had a population of 3,587. The Town operates under a "Board of Aldermen-Mayor" form of government and, as permitted under the act, provides police protection, fire protection, roads, streets and sidewalks; sponsorship of federal and state supported programs, water and sewer utilities and other necessary public services.

The accompanying basic financial statements of the Town of Lake Providence have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB).

The basic financial statements present the financial position and results of operations of the various funds by the Town and the cash flows of the proprietary funds as of and for the year ended June 30, 2024.

Reporting Entity

The Town reporting entity consists of the various departments and activities that are within the control and authority of the Mayor and the Board of Aldermen.

As required by GASB Statement No. 14, *The Financial Reporting Entity*, as amended, a legally separate entity is considered a component unit of the Town if at least one of the following criteria is met:

- The Town appoints a voting majority of the organization's governing body and is either able to impose its will on the organization or there is a potential financial benefit/burden to the Town.
- The entity is fiscally dependent on the Town.
- The nature and significance of the relationship between the Town and the entity is such that exclusion would cause the financial statements of the Town to be misleading or incomplete.

Under provisions of this Statement, the Town is considered a primary government since it is a special purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. The Town has no component units.

Basis of Presentation

The basic financial statements include the government-wide financial statements, fund financial statements, and the notes to the basic financial statements.

The government-wide financial statements consist of a Statement of Net Position and a Statement of Activities. These statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Major revenues such as ad valorem taxes and sales taxes are assessed, collected and susceptible to accrual. Assets, liabilities, revenues, and expenses of the government are reported in the financial statements. The statements distinguish between the governmental and business-type activities of the Town by reporting each in a separate column.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

All capital (long-lived) assets, receivables, and long-term obligations are reported in the Statement of Net Position. The Statement of Activities reports revenues and expenses in a format that allows the reader to focus on the net cost of each function of the Town. Both the gross and net cost per function, which is otherwise being supported by general government revenues, is compared to the revenues generated directly by the function. In the Statement of Activities, gross expenses, including depreciation, are reduced by related program revenues, which are comprised of charges for services, operating grants, and capital grants. Direct and indirect expenses are reported as program expenses for individual functions and activities. The program revenues must be directly associated with the function or a business-type activity. The types of transactions included in program revenues are licenses and permits, fines, lease income, court costs, charges for mowing, and charges for gravesites. The operating grants include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital-specific grants.

The fund financial statements report the Town as a collection of major and nonmajor funds presented on separate schedules by fund category – governmental, proprietary, and fiduciary funds.

- The governmental fund statements include a balance sheet and a statement of revenues, expenditures, and changes in fund balances, with one column for the general fund, one for each of the other major funds, and one column combining all the nonmajor governmental funds. The Town does not have any nonmajor governmental funds. The statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become measurable and available to finance expenditures of the current period, generally considered sixty days after the end of the fiscal year. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest payments on general long-term liabilities which are recognized when due.
- The proprietary fund statements include a statement of net position; a statement of revenues, expenses, and changes in fund net position; and a statement of cash flows. Each statement has a column for each major enterprise fund. The Town does not have any nonmajor proprietary funds or internal service funds. The proprietary fund statements are prepared using the economic resources measurement focus and the accrual basis of accounting in order to make a determination of net income, financial position, and cash flows.
- Although the financial statements presented in each of these three schedules contain "total" columns, they merely combine rather than consolidate the funds. Hence, interfund transactions that generate receivables and payables or transfers from one fund to another are not eliminated.

Major funds are those whose revenues, expenditures/expenses, assets and deferred outflows, or liabilities and deferred inflows are at least ten percent of the total for their fund category or type (governmental or enterprise) and at least five percent of the corresponding element total for all governmental and enterprise funds combined.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

The data on the face of the three sets of financial statements must be accompanied by certain disclosures to ensure accurate information is presented in the form of a single set of notes to the basic financial statements.

The major governmental funds of the Town are the General Fund, the American Rescue Plan Fund, and the Capital Projects Fund.

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The American Rescue Plan Fund accounts for funds received under the federal American Rescue Plan Act.

The Capital Projects Fund is used to account for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

The Town reports one major enterprise fund, the Utility Enterprise Fund which accounts for the activities of the water, sewer, sanitation and street lighting departments.

Assets, Liabilities, and Net Position, Equity, or Net Fund Balances

Cash and Investments

The Town Clerk pools those cash resources for which she is responsible and invests them accordingly. For purposes of the financial statements, including the Statement of Cash Flows, the Town considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

Investments are reported at fair value in accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools. Cash and investment earnings are recorded in the Fund that holds the investment.

Receivables and Payables

Activity between funds that is outstanding at the end the fiscal year is referred to as either "due to or from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." All internal balances are eliminated in the total primary government column. Receivables include all amounts susceptible to accrual that have not been collected at June 30, but will be collected soon enough after the end of the year to pay liabilities of that year. They include all amounts earned, but not collected at June 30. Receivables (net of any uncollectible amounts) and payables are reported on separate lines.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Deferred Outflows, Liabilities, Deferred Inflows and Net Position, Equity, or Net Fund Balances

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied by the Town in September or October, are actually billed on October 1, and are mailed to the taxpayers in November. Billed taxes become delinquent on January 1 of the following year. Revenues from ad valorem taxes are budgeted in the year they are billed. The Town bills and collects its own property taxes using the assessed value determined by the assessor of East Carroll Parish and approved by the State of Louisiana Tax Commission. However, taxes that are received after more than 60 days after year end, will be recorded as deferred revenue at year end as they are not available. For the year ended June 30, 2024, taxes of 18.38 mills were levied on property with assessed valuations totaling \$13,380,376, as follows:

	Authorized	Levied	Expiration
	Millage	Millage	Date
General	11.50	12.17	Indefinite
Fire	3.26	3.45	2027
Police	2.61	2.76	2027

The following are the principal taxpayers and related property tax revenue for the Town:

	Assessed	% of Total Assessed	Ad Valorem Tax Revenue for
Taxpayer	<u>Valuation</u>	<u>Valuation</u>	<u>Municipality</u>
Delta Bank	\$ 1,274,982	10%	\$ 23,434
Lansing Louisiana, LLC	1,017,156	8%	18,695
Entergy Louisiana, Inc.	1,589,430	12%	12,336
Nutrien AG Solutions, Inc.	1,588,259	12%	9,484
Atmos Energy Corporation	499,690	4%	7,188
Capital One, N.A.	371,697	3%	6,832
Lakeshore Family Homes, LP	302,804	2%	5,566
Jongs, Inc.	239,495	2%	4,402
Bell South Telecommunications	221,860	2%	1,418
Carroll Oil, Inc.	74,255	1%	1,365
Totals	\$ 7,179,628	56%	\$ 90,720

Voters of the Town authorized a one percent sales and use tax at a special election held November 3, 1998. On July 19, 2008, the tax was approved for an additional ten years from January 1, 2009. On April 28, 2018, the tax was approved for an additional ten years from January 1, 2019. The tax is to be used for the purpose of constructing, acquiring, improving, extending, operating, and/or maintaining the Town's sewer system and water works facilities and improvements. An additional one percent sales and use tax was approved by the voters on January 15, 2005, for a period of ten years. On November 4, 2014, voters renewed the tax for an additional ten years commencing March 31, 2015. On November 5, 2024, voters renewed the tax for an additional ten years commencing March 31, 2025. The tax is to be used for the purpose of improvement, maintenance, and/or repair of public streets within the corporate limits of the Town. Sales taxes are recognized when the underlying exchange transaction occurs, and the resources are available.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Deferred Outflows, Liabilities, Deferred Inflows and Net Position, Equity, or Net Fund Balances (Continued)

Inventories and Prepaid Items

Inventories consisting of office supplies and water and sewer plant supplies held for consumption are valued using the average cost method. The consumption method is used for financial reporting. Certain payments reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Restricted Assets

Restricted assets represent primarily cash and investments held separately and restricted according to bond indenture agreements. Cash held for water customer meter deposits is also reported as restricted.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported capital in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are recorded as expenditures in each fund and capitalized at the government-wide level; assets of enterprise funds are reported in the fund. The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. The capitalization threshold is \$1,000. For reporting purposes, the Town defines capital assets as follows:

- Land is an inexhaustible asset with no capitalization threshold and an unlimited useful life; therefore, it is not depreciated.
- Buildings are permanent structures erected above ground, while improvements are major repairs, renovations, or additions that increase the future service potential of the asset. Leasehold improvements are improvements made by the lessee to leased property. They are depreciated principally using the straight-line method with an estimated useful life typically of 50 years for structures and improvements and 20 years for depreciable land improvements. Leasehold improvements are depreciated using the straight-line method with an estimated useful life depending on the term of the lease. Construction-in-progress is not depreciated.
- Movable property (furniture, equipment, and vehicles) consists of assets that are not fixed or stationary in nature. The straight-line method of depreciation is used, which divides the historical cost by the estimated useful life of the asset, generally 5 to 10 years.
- Infrastructure assets include tunnels, drainage systems, water and sewer systems, dams, and lighting systems. Infrastructure is depreciated using the straight-line method with an estimated useful life of 20 to 40 years.
- Purchased computer software is depreciated using the straight-line method over an estimated useful life of 3 years.
- Donated capital assets are recorded at their estimated fair value at the date of donation.

Compensated absences

An employee must have been in the service of the Town for at least one year to be eligible for annual leave. Employees' vacations are determined by length of service with the Town. Employees with up to three years of service earn one week of vacation. Employees with more than three years of service earn two weeks of vacation. Employees are not paid for accumulated vacation leave upon separation, termination, retirement, or death.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Deferred Outflows, Liabilities, Deferred Inflows and Net Position, Equity, or Net Fund Balances (Continued)

Each employee earns sick leave at the rate of one and one-quarter day for each month worked up to a maximum of fifteen days. If no sick leave is used during a year, the employee may carry forward six days to the next year. If any sick leave is used during the year, the employee may carry forward half of the leave earned for the year. The total accumulated balance cannot exceed sixty days. At separation, termination, retirement, or death, an employee may only be paid for the amount earned during the current year.

Long-Term Obligations

In the government-wide financial statements, long-term obligations are reported as liabilities in the applicable governmental or business-type activities. In the fund financial statements, proprietary fund long-term obligations are reported as liabilities in the proprietary fund type statement of net position. Individual funds have been used to liquidate other long-term liabilities such as compensated absences, claims and litigation payable, etc. Prior to the implementation of GASB Statement No. 65, bond premiums and discounts, as well as issuance costs, were deferred and amortized over the life of the bonds. Subsequently, the costs are expensed as incurred.

Fund Balance Classifications and Net Position

Fund balances are reported under the following fund balance classifications:

Non-spendable	Includes fund balance amounts that cannot be spent either because it is not in spendable form or are legally or contractually required to be maintained intact.
Restricted	Includes amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
Committed	Includes amounts that can only be used for specific purposes pursuant to constraints that are internally imposed by the government through formal action of the Town Council and does not lapse at year-end.
Assigned	Includes amounts that are constrained by the Council's intent to be used for specific purposes that are neither considered restricted or committed.
Unassigned	Includes amounts that have not been assigned to other funds and that have not been restricted, committed or assigned to specific purposes within the General Fund. Negative fund balances in other governmental funds can also be classified as unassigned.

The Town has a general policy to first use restricted resources for expenditures incurred for which both restricted and unrestricted (committed, assigned, and unassigned) resources are available. When expenditures are incurred for which only unrestricted resources are available, the general policy of the Town is to use committed resources first, followed by assigned, and then unassigned. The use of restricted/committed resources may be deferred based on a review of the specific transaction.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance Classifications and Net Position (Continued)

The difference between assets and liabilities is "net position" on the government-wide, proprietary, and fiduciary fund statements. Net position is segregated into three categories on the government-wide statement of net position:

Net investment in capital assets - Consists of capital assets including restricted capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations. The Town first uses restricted net position for expenses incurred when both restricted and unrestricted net position are available for use. The use of restricted net position may be deferred based on a review of the specific transaction.

Unrestricted net position – The balance of net position that does not meet the definition of "restricted" or "net investment in capital assets."

Reconciliation of Government-wide and Fund Financial Statements

The governmental fund balance sheet includes a reconciliation of the government-wide statements to the governmental fund financial statements. This reconciliation is necessary to bring the financial statements from the current financial resources measurement focus and modified accrual basis of accounting to the economic measurement focus and full accrual basis of accounting. Major items included in the reconciliation are capital assets, inventories and prepaids, long-term debt, accrued interest, long-term liabilities, and deferred revenue, which are shown on the government-wide but not the governmental fund statements.

Budgets

The Town of Lake Providence (Mayor and Council) uses the following budget practices:

Prior to June 30, the Town Clerk submits to the Mayor and Board Members a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year. The budget is submitted in summary form. In addition, more detailed line-item budgets are included for administrative control. The level of control for the detailed budgets is at the department head/function level.

Public hearings are conducted to obtain taxpayer comment.

During the month of June, the budget is legally enacted through passage of an ordinance.

Formal budgetary integration is employed as a management control device during the year for the General Fund

Budgets are adopted on the modified accrual basis.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets (Continued)

Appropriations lapse at the end of each fiscal year.

The Mayor and Board may authorize supplemental appropriations during the year.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 2 - CASH AND CASH EQUIVALENTS

Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposits may not be returned to it. The Town's policy to ensure that there is no exposure to this risk is to require each financial institution to pledge its own securities to cover any amount in excess of Federal Depository Insurance Coverage. The policy is not a formal written policy. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the Town that the fiscal agent bank has failed to pay deposited funds upon demand.

At June 30, 2024, the Town has cash and cash equivalents (book balances), as follows:

Cash and cash equivalents:	
Demand deposits	\$ 762,326
Time deposits	650,167
Other	 300
Total	1,412,793
Cash and cash equivalents – restricted:	
Demand deposits	 122,057
Total	\$ 1,534,850

These deposits are stated at cost which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance, or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 2 - CASH AND CASH EQUIVALENTS (CONTINUED)

These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. As of June 30, 2024, the Town's bank balances were exposed to custodial credit risk as follows:

Total bank balances		1,569,711
Total balances exposed to custodial credit risk		673,916
Collateralized by pledged securities not in the Town's name		673,916
Uninsured and uncollateralized		-
Insured by FDIC	\$_	895,795

NOTE 3 – RECEIVABLES

NOTE 5 – INTERFUND BALANCES AND TRANSFERS

As of June 30, 2024, the Utility Fund owed the General Fund \$77,000. Balances are due to electronic transfers from grantors, bills paid by other funds, or errors.

Interfund transfers during the year ended June 30, 2024, were as follows:

			Transfer	s out	
		Ge	eneral_	Utility	Total
s in	General	\$	-	\$ 344,000	\$ 344,000
Fransfers in	Capital Projects	2	5,780		25,780
Tra	Total	\$2	5,780	\$ 344,000	\$ 369,780
	1				

Transfers are used to move unrestricted revenues to finance various programs that the Town must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant projects. In addition, transfers included amounts transferred for reserve fund requirements for revenue bonds.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 6 – LONG-TERM OBLIGATIONS

Bonds payable at June 30, 2024, are comprised of the following:

USDA Community Center Project Bond: \$355,000 Public Improvement Bonds, Series 2008, dated October 23, 2009, payable in monthly installments of \$1,541 commencing November 23, 2009, through October 23, 2049; interest payable at a rate of 4.25%. The General Fund services this debt.

\$ 285,908

USDA Utility Revenue Bond: \$3,288,000 Utility Revenue Bond, Series 2003, dated September 11, 2003, payable in monthly installments of \$14,402 beginning October 11, 2004, and ending September 11, 2043, including interest at 4.25%. The Utility Enterprise Fund services this debt.

\$2,266,573

NOTE 7 – RETIREMENT SYSTEMS

Municipal Employees' Retirement System of Louisiana (System)

Plan Description

The Town of Lake Providence contributes to the Municipal Employees' Retirement System of Louisiana (System) which is a cost sharing multiple employer defined benefit pension plan. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the municipality are members of Plan B.

All permanent employees working at least 35 hours per week who are not covered by another pension plan and are paid wholly or in part from municipal funds and all elected municipal officials are eligible to participate in the System.

Any member of Plan B who was hired before January 1, 2013, can retire providing the member meets on of the following criteria:

- 1. Any age with 30 years of creditable service.
- 2. Age 60 with a minimum of ten or more years of creditable service.
- 3. Any age with ten years of creditable service eligible for disability benefits.
- 4. Survivor's benefits require five years creditable service at death of member.

Eligibility for retirement for Plan B members hired on or after January 1, 2013, is as follows:

- 1. Age 67 with seven or more years of creditable service.
- 2. Age 62 with ten or more years of creditable service.
- 3. Age 55 with thirty or more years of creditable service.
- 4. Any age with twenty-five years of creditable service, exclusive of military service and unused side leave. However, any member retiring under this subsection shall have their benefit actuarially reduced from the earliest age of which the member would be entitled to a vested deferred benefit under any provision of this section if the member had continued in service to that age.

Generally, the monthly amount of the retirement shall consist of an amount equal to 2% of the employee's final compensation multiplied by his or her years of creditable service. However, under certain conditions as outlined in the statutes, the benefits are limited to specified amounts. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. The report may be obtained by writing to the Municipal Employees Retirement System of Louisiana, 7937 Office Park Boulevard, Baton Rouge, Louisiana 70809, or by calling (225) 925-4810, or by visiting the System's website www.mersla.com.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 7 – RETIREMENT SYSTEMS (CONTINUED)

Municipal Employees' Retirement System of Louisiana (System) (Continued)

Contributions

According to state statute, contribution requirements for all employers are actuarially determined each year. For the year ended June 30, 2024, the actual employer contribution rate was 15.50% for Plan B, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. In accordance with state statute, the System receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities but are not considered special funding situations.

Under Plan B, members are required by state statute to contribute 5.00% of their annual covered salary. The contributions are deducted from the employee's wages or salary and remitted by the Town of Lake Providence to the System monthly. The Town of Lake Providence's contributions to the System under Plan B for the year ending June 30, 2024, were \$57,989.

NOTE 8 – LEASES

In accordance with its accounting policy for leases and pursuant to adoption of GASB Statement No. 87, *Leases*, the Town records a liability for the present value of lease payments over the lease term for those agreements meeting the capitalization threshold set forth in footnote 1. As of June 30, 2024, lease agreements are primarily for vehicles and equipment with two-year terms. The combined lease liability of \$247,900, is allocated between governmental activities and business-type activities. In determining the present values, an average discount rate of 4.55% was applied, representing the Town's estimated incremental borrowing rate for such vehicles and equipment. The recorded value of the right-to-use assets as of the end of the current fiscal year was \$242,865 and accumulated amortization of these assets was \$20,161. The lease liability future principal and interest components of the lease payments as of June 30,2024, are as follows:

	<u>G</u>	vernmental	Activities	_ <u>Bı</u>	Business-type Activities				
Year Ended		Vehcile/Equ Lease	-	Vehcile/Equipment Lease(s)					
June 30,	P	rincipal	<u>Interest</u>	P	rincipal	<u>Interest</u>			
2025	\$	86,300	\$11,653	\$	52,819	\$13,536			
2026		52,828	5,706		55,955	10,400			
Total	<u></u>	139,128	\$17,359	<u>S</u>	108,774	\$23,936			

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 9 – ON-BEHALF PAYMENTS

Certain employees in the Town's police department receive supplemental pay from the State of Louisiana. In accordance with GASB Statement No. 24, the Town has recorded revenues and expenditures for these payments in the General Fund. Revenues under this arrangement totaled \$28,800. The related expenditures of \$28,800 are included in public safety expenditures in the General Fund.

NOTE 10 – COMMITMENTS AND CONTINGENCIES

The Town operates water and sewer treatment plants. These operations pose a high risk for environmental liabilities. The Town is required to have EPA permits for wastewater. The Town relies on the EPA for periodic testing and inspections to help identify environmental liabilities or contingencies. The Town contracts with a professional wastewater management company to ensure compliance with the EPA regulations.

On March 17, 2016, the Board approved a cooperative endeavor agreement with the East Carroll Parish Police Jury which provides for cooperation relative to cleaning up debris, trash, limbs, roads, condemned property, and other ruins in the Town and relative to the maintenance of roads, ditches and drainage within the Town.

At June 30, 2024, the Town was involved in litigation. However, based on consultation with legal counsel, management estimates there to be no losses.

NOTE 11 – RISK MANAGEMENT

The Town is exposed to various risks of loss relating to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. These risks are covered by commercial insurance purchased from independent third parties.

NOTE 12 – STEWARDSHIP

For the year ended June 30, 2024, the following fund's total expenditures and other uses exceeded final budgeted amounts as follows:

	Original	Final		Un	favorable	
Fund	d Budget		Actual	Variance		
General	\$1,308,583	\$1,367,404	\$1,381,533	\$	(14,129)	

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 13 – NEW ACCOUNTING STANDARDS

GASB Statement No. 101, Compensated Absences was issued June 2022. The unified recognition and measurement model in this Statement will result in a liability for compensated absences that more appropriately reflects when a government incurs an obligation. In addition, the model can be applied consistently to any type of compensated absence and will eliminate potential comparability issues between governments that offer different types of leave. The model also will result in a more robust estimate of the amount of compensated absences that a government will pay or settle, which will enhance the relevance and reliability of information about the liability for compensated absences. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

GASB Statement No. 102, Certain Risk Disclosures was issued December 2023. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This Statement defines a concentration as a lack of diversity related to an aspect of a significant inflow of resources or outflow of resources. A constraint is a limitation imposed on a government by an external party or by formal action of the government's highest level of decision-making authority. Concentrations and constraints may limit a government's ability to acquire resources or control spending. This Statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. Earlier application is encouraged.

GASB Statement No. 103, *Financial Reporting Model Improvements* was issued April 2024. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application is encouraged.

Statement No. 104, Disclosure of Certain Capital Assets, was issued September 2024. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, Leases, and intangible right-to-use assets recognized in accordance with Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, should be disclosed separately by major class of underlying asset in the capital as-sets note disclosures. Subscription assets recognized in accordance with Statement No. 96, Subscription-Based Information Technology Arrangements, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class. This Statement also requires additional disclosures for capital assets held for sale. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application is encouraged.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

NOTE 14 – PRIOR PERIOD ADJUSTMENT

Management identified several items occurring in a prior year that were presented incorrectly. These items included interest on late remittance of payroll taxes, the receipt of past due utility payments previously expensed as bad debts, and adjustments to lease liabilities previously booked including the price of equipment with no intention to purchase. The adjustments affected the beginning fund balance in two funds and beginning net position for both governmental activities and business-type activities in the government-wide financial statements.

Government-wide Financial Statements

The following provides a summary of the adjustments to net position as of June 30, 2023, in the government-wide financial statements:

	Beginning					Beginning		
	Balance, as Previously Stated \$ 4,108,317	alance, as	Prior Period Adjustment		Balance, as Restated			
	Prev	viously Stated

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Members of the Board of Aldermen and The Honorable Robert Amacker, Jr., Mayor **Town of Lake Providence** Lake Providence, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the *Louisiana Governmental Audit Guide*, the financial statements of the governmental activities, the business-type activities, and each major fund, of the Town of Lake Providence (the Town), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements and have issued our report thereon dated December 30, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as items 2024-001 and 2024-002.

Town of Lake Providence Lake Providence, Louisiana Independent Auditor's Report - GAGAS June 30, 2024

The Town's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Town's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. the Town's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, it is issued by the Louisiana Legislative Auditor as a public document.

Ruston, Louisiana

December 30, 2024

SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED JUNE 30, 2024

SUMMARY OF AUDITOR'S RESULTS

- 1. The auditor's report expresses an unmodified opinion on whether the financial statements of the Town of Lake Providence, Louisiana, were prepared in accordance with GAAP.
- 2. No material weaknesses are reported in the Independent Auditor's Report on Internal Control Over Financial Reporting and On Compliance and Other Matters Based on An Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
- 3. Two instances of noncompliance material to the financial statements of the Town of Lake Providence, Louisiana, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.

FINDINGS - FINANCIAL STATEMENTS AUDIT

2024-001 Officers Not Post Certified

Year First Reported

2024

Type

Compliance

Criteria

Louisiana Revised Statute 40:2405 requires:

"A.(1) Except as otherwise provided in Paragraph (2) of this Subsection, any person who begins employment as a peace officer in Louisiana subsequent to January 1, 1986, must successfully complete a certified training program approved by the council and successfully pass a council-approved comprehensive examination within one calendar year from the date of initial employment. The one-year period in which a peace officer is required to complete a certified training program approved by the council and successfully pass a council-approved comprehensive examination is not interrupted if the peace officer leaves the employing agency to be employed as a peace officer in another agency in Louisiana. Any person who fails to comply with this requirement shall be prohibited from exercising the authority of a peace officer; however, such persons shall not be prohibited from performing administrative duties."

Condition

Three employees, who are not POST certified, were paid as police officers during the year ended June 30, 2024.

Cause

It appears that the Chief of Police did not ensure that his officers were compliant with state law.

Effect

It appears that the three officers in question have been operating as peace officers without authority under the law.

Recommendation

We recommend that the Chief of Police consult the Town Attorney for guidance on how to bring the Town into compliance.

Management's Response

See Management's Corrective Action Plan.

SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED JUNE 30, 2024

2024-002 Community Drinking Water Infrastructure Sustainability Act

Year First Reported

2024

Type

Compliance

Criteria

Per the LLA's Audit Risk Alert #51:

"Act 98 of the 2021 Regular Legislative Session amended and reenacted R.S. 40:5.9(C)(4) and (5), enacted R.S. 40:5.9(C)(6), 5.9.1, and 5.9.2, and repealed R.S. 36:259(B)(9) and R.S. 40:4.13 relative to public drinking water to create and provide for the Community Drinking Water Infrastructure Sustainability Act.

R.S. 40:5.9.1(C) states "The Louisiana Department of Health, referred to in this Section as the "department", shall provide for a statewide system of accountability for community water systems and establish a letter grade schedule reflective of community water system quality, performance, and sustainability..." In January 2023, preliminary system grades were released by the Louisiana Department of Health with final grades set to be released in May of 2023. R.S. 40:5.9.1(E)(1) further states "Any community water system that receives a letter grade of "D" or "F" shall be considered operationally unacceptable..."

Condition

The Town's water system received a grade of "F". The Town transferred \$344,000 from the Utility Fund to the General Fund during the year ended June 30, 2024.

Cause

See the grading report:

2023 Water Grade Details LAKE PROVIDENCE WATER SYSTEM

Standard	Standard Maximum	Point Deductions	Detailed Assessment of Standards		System Deductions

SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED JUNE 30, 2024

Effect

Per the LLA Audit Risk Alert:

"R.S. 40:5.9.1(C) states "The Louisiana Department of Health, referred to in this Section as the "department", shall provide for a statewide system of accountability for community water systems and establish a letter grade schedule reflective of community water system quality, performance, and sustainability..." In January 2023, preliminary system grades were released by the Louisiana Department of Health with final grades set to be released in May of 2023, R.S. 40:5.9.1(E)(1) further states "Any community water system that receives a letter grade of "D" or "F" shall be considered operationally unacceptable..."

The Louisiana Legislative Auditor (LLA) encourages all CPAs on LLA's approved list who work with community water systems or local governments which operate community water systems to carefully read Act 98 of the 2021 Regular Legislative Session in its entirety. Particular attention should be considered as it relates to R.S. 40:5.9.1(E)(1)(c), which may impose a prohibition on any "D" or "F" grade system related to "incurring any additional debt for anything not directly related to the improvement and sustainability of the community drinking water system..." and R.S. 40:5.9.1(F) which prohibits the spending of "any money raised through payments made by customers for access to water or any other water system revenue" in "D" and "F" grade systems for "any item, debt payment, or "

Recommendation

We identified this finding while we were in the process of submitting the Town's report to the LLA. As it was a holiday, we could not contact management to get a response. Not wanting to delay the submission of the Town's report, we added the finding.

Management's Response

See Recommendation.

Independent Accountant's Report on Applying Agreed-Upon Procedures

To the Town of Lake Providence and the Louisiana Legislative Auditor

We have performed the procedures enumerated below, which were agreed to by Town of Lake Providence (the Town) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2023, through June 30, 2024. The Entity's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and related exceptions obtained are described in the attachment to this report:

1) Written Policies and Procedures

A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:

We obtained and inspected the Town's policies and procedures.

- i) **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
 - We noted no exceptions.
- ii) *Purchasing*, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.

We noted no exceptions.

iii) Disbursements, including processing, reviewing, and approving.

We noted no exceptions.

iv) *Receipts/Collections*, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

The policy did not include management's actions to determine the completeness of all collections.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

v) **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.

We noted no exceptions.

vi) *Contracting*, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

The policy did not include element (2).

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

vii) *Travel and Expense Reimbursement*, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

We noted no exceptions.

viii) *Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)*, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

The policy did not include elements (1), (4), and (5).

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

ix) *Ethics*, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

The policy did not include any of the required elements.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

TOWN OF LAKE PROVDIENCE REPORT ON STATEWIDE AGREED-UPON PROCEDURES FOR THE YEAR ENDED JUNE 30, 2024

x) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

We noted no such policy.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

xi) Information Technology Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

We noted no such policy.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

xii) **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

The policy did not include elements (2) and (3).

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

2) Board or Finance Committee

A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

We obtained the Town's minutes for the fiscal period.

i) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

The council met at least monthly with a quorum.

ii) For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. Alternately, for those entities reporting on the nonprofit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.

We observed the minutes referenced or included monthly budget-to-actual comparisons for all funds, known as "financial statements".

iii) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

We obtained the prior year audit report and observed a positive unrestricted fund balance in the all the funds.

iv) Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

We found no evidence of written updates of the progress of resolving audit findings.

3) Bank Reconciliations

A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

We obtained a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Management identified the entity's main operating account. We selected the entity's main operating account and 4 additional accounts. We selected one month from the fiscal period and obtained and inspected the corresponding bank statement and reconciliation for each selected account.

i) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

We noted no exceptions.

ii) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month (e.g., initialed and dated, electronically logged); and

We noted evidence of review with signatures but no dates.

iii) Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

We noted no exceptions.

4) Collections

A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

We obtained a listing of deposit sites and management's representation that the listing is complete. There is only 1 site.

We noted no exceptions.

B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

We obtained a listing of collection locations and management's representation that the listing is complete. We selected one collection location and obtained the policies and procedures.

i) Employees responsible for cash collections do not share cash drawers/registers.

We noted no exceptions.

ii) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., prenumbered receipts) to the deposit.

We noted no exceptions.

iii) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

We noted no exceptions.

iv) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.

We noted no exceptions.

C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.

We obtained a copy of the bonds and insurance policies. We observed that the bonds and policies were in force during the fiscal period.

D. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3A above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and:

We selected two deposit dates for each bank account selected under procedure #3A. We obtained the supporting documentation and noted the following.

i) Observe that receipts are sequentially pre-numbered.

Receipts for fines and ad valorem taxes are prenumbered, completed by hand and issued in paper form. Receipts for payments on utility accounts are computergenerated.

ii) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

We noted no exceptions.

iii) Trace the deposit slip total to the actual deposit per the bank statement.

We noted no exceptions.

iv) Observe the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

We noted no exceptions.

v) Trace the actual deposit per the bank statement to the general ledger.

We noted no exceptions.

5) Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)

A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

We obtained a listing of locations that process payments and noted one listed.

Exceptions: None

B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:

For the one location listed, we obtained the policies and procedures and observed the following.

i) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

We noted no exceptions.

ii) At least two employees are involved in processing and approving payments to vendors.

We noted no exceptions.

iii) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

We noted the employee responsible for preparing payments has access to add and modify the vendor files within the system. In practice, the employee is not allowed to add/modify the vendor files.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

iv) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

We noted the employee responsible for preparing payments also mails out payments after checks are signed.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

v) Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

E Electronic disbursements are not addressed within the Town's policies. There is no set procedure concerning how electronic disbursements are approved and how the approval is documented.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

[Note: Findings related to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]

C. For each location selected under #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and:

We obtained the population and management's representation that the listing is complete. We selected five disbursements and obtained the related documentation.

i) Observe whether the disbursement matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity.

We noted two exceptions.

ii) Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

We noted one exception.

D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

Using the main operating account selected under procedure #3A, we selected the only non-payroll-related electronic disbursement shown. We noted no documented approval.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)

A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

Management asserted there were no active cards during the fiscal year.

B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:

See procedure 6A.

- i) Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and
- ii) Observe that finance charges and late fees were not assessed on the selected statements.
- C. Using the monthly statements or combined statements selected under procedure #7B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection)17. For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

See procedure 6A.

7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)

A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

We obtained a listing from management and management's representation it was complete. We two expenses that appeared to be travel related. We selected those expenses and obtained the related supporting documentation.

TOWN OF LAKE PROVDIENCE REPORT ON STATEWIDE AGREED-UPON PROCEDURES FOR THE YEAR ENDED JUNE 30, 2024

i) If reimbursed using a per diem, observe the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).

Not applicable.

ii) If reimbursed using actual costs, observe the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

We noted no exceptions.

iii) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and.

We noted one exception.

iv) Observe each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

We noted no exceptions.

8) Contracts

A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list. Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and

We obtained a listing from management and selected two agreements for testing. We obtained the selected agreements.

i) Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;

We noted neither contract was subject to bid law.

 ii) Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);

We noted no exceptions.

iii) If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and

We noted no such amendments.

iv) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

We noted no exceptions.

9) Payroll and Personnel

A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

We obtained a listing from management and management's representation for completeness. We selected 5 employees/officials and obtained the personnel files. We agreed the paid rate to authorized rate noting no exceptions.

Exceptions: None

B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and

We selected one pay period during the fiscal period and obtained attendance records and leave documentation.

 Observe all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);

We noted one exception.

ii) Observe whether supervisors approved the attendance and leave of the selected employees or officials;

We noted two exceptions.

iii) Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and

We noted no exceptions.

iv) Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.

We noted no exceptions.

C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.

We obtained a listing from management and management's representation the listing is complete. We selected two employees and obtained the related documentation. We noted the check for the first employee tested was not a termination payment but was a regular paycheck for actual hours worked. We noted no exceptions for the second employee's check tested.

Exceptions: None

D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

We obtained management's representation the third-party payroll amounts were paid timely and accurately.

10) Ethics

A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and

Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, we obtained the ethics documentation from management.

i) Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and

We noted one exception.

ii) Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

Management asserted no such changes occurred.

B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170

We inquired of management and noted a designee had been appointed.

Exceptions: None

11) Debt Service

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.
 - We obtained a listing from management and management's representation the listing is complete. We noted no exceptions.
- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

We obtained a listing from management and management's representation the listing is complete. We selected the one bond/note listed and obtained the related documentation. We compared the actual reserve balances and payments to the covenants. We noted the Contingencies Fund is underfunded and contained payments less than required. We noted the Reserve Fund is currently overfunded and does not need to be funded based on the requirements.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

12) Fraud Notice

A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.

Management asserted there were no misappropriations during the fiscal year.

B. Observe that the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

The town does not appear to own or operate a website. The notice was properly posted on the premises.

Exceptions: None

13) Information Technology Disaster Recovery/Business Continuity

A. Perform the following procedures, verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."

We performed the procedure and discussed the results with management.

- i) Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.
- ii) Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
- iii) Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
- B. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.

We performed the procedure and discussed the results with management.

- C. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:
 - Hired before June 9, 2020 completed the training; and
 - Hired on or after June 9, 2020 completed the training within 30 days of initial service or employment.

We performed the procedure and discussed the results with management.

14) Prevention of Sexual Harassment

A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.

We obtained the sexual harassment training documentation for those selected under procedure #9A. We noted two exceptions.

TOWN OF LAKE PROVDIENCE REPORT ON STATEWIDE AGREED-UPON PROCEDURES FOR THE YEAR ENDED JUNE 30, 2024

B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

We observed the Town's policy posted in a conspicuous location on the property.

- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:
 - i) Number and percentage of public servants in the agency who have completed the training requirements;
 - ii) Number of sexual harassment complaints received by the agency;
 - iii) Number of complaints which resulted in a finding that sexual harassment occurred;
 - iv) Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action;
 and
 - v) Amount of time it took to resolve each complaint.

We obtained the report and noted no exceptions.

We were engaged by the Town of Lake Providence to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Town of Lake Providence and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
