#### WASHINGTON PARISH SCHOOL SYSTEM

P.O. Box 587 FRANKLINTON, LOUISIANA 70438 (985) 839-3436 • FAX: (985) 839-5464

December 23, 2024

To the Members and Citizens of the Washington Parish School Board Franklinton, Louisiana:

The annual comprehensive financial report of the Washington Parish School Board for the fiscal year ended June 30, 2024, is hereby submitted. State law requires that all general-purpose local governments publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the School Board. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the School Board. All disclosures necessary to enable the reader to gain an understanding of the School Board's financial activities have been included. More specific and detailed information pertaining to the School Board's economic and financial status can be found in the management's discussion and analysis section of these reports. The management's discussion and analysis section, overview, and analysis of the basic financial statements. The management's discussion and analysis section complements this letter of transmittal and should be read in conjunction with it.

The School Board is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act, as amended, and U.S. Office of Management and Budget Uniform Guidance, Audits of States, Local Governments and Non-Profit Organizations. Information related to this single audit, including the schedule of expenditures of federal awards, schedule of findings and questioned costs, and the Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards and the Independent Auditors' Report on Compliance for Each Major Program and on Internal Control over Compliance Required by Uniform Guidance and the Schedule of Expenditures of Federal Awards, are included in the single audit section of this report.

This report includes all funds and activities for which the School Board exercises financial accountability. The School Board is a legislative body authorized to govern the public education system of Washington Parish, Louisiana. A nine-member board governs the School System with each member serving a concurrent four-year term. The current board was in the second year of its four-year term at the end of the 2024 fiscal year.

The School Board's responsibility is to make public education available to the residents of Washington Parish, including instructional personnel, instructional facilities, administrative support, business services, operation and maintenance and bus transportation. The School Board provides a full range of public education services appropriate to grade levels ranging from pre-kindergarten through grade 12. These include regular and enriched academic education, special education for handicapped children and vocational education. The system had enrollment at October 1, 2024 of 4,632.

The School Board is authorized to establish public schools as it deems necessary, to provide adequate school facilities for the children of the parish, to determine the number of teachers to be employed and to determine the local supplement to their salaries. Accordingly, since the School Board members are elected by the public and have decision-making authority, the power to appoint the superintendent, the ability to significantly influence operations and primary accountability for financial matters, the School Board is not included in any other governmental reporting entity.

#### **ECONOMIC CONDITION AND OUTLOOK**

Washington Parish, located in rural southeastern Louisiana, covers an area of 676 square miles. The Parish is bordered on the east and north by the Mississippi state line. Its western boundary is Tangipahoa Parish and St. Tammany Parish is to the south. Washington Parish is recognized for the Washington Parish Free Fair, the largest free fair in the world. It is also recognized for its watermelons, dairy cattle, and timber industry, as well as its great hospitality. The population is approximately 44,865 people in approximately 17,162 households.

The economy of Washington Parish is primarily agricultural, with the paper industry and gas pipeline stations providing additional jobs. According to population estimates at 2023, the median value of owner-occupied housing units is \$133,200 compared to the state value of \$198,300. At the same time, the home ownership rate in Washington Parish is 67.5%, slightly above the state rate of 67.2%.

Projected enrollment over the next few years is anticipated to decline at a slow rate as parish population shrinks and ages. The School Board continues to assess the anticipated enrollment as well as the increased needs for the changes in technology and other considerations as the buildings of the School Board continue to age. Currently, the buildings range from 18 to 94 years old. The two newest buildings are the Pine Jr. and Sr. High School and Franklinton Elementary School, which were built in 2006. Repairs and maintenance as well as upkeep activities are ongoing to maintain the current level of the buildings.

#### **MAJOR INITIATIVES**

Elementary and Secondary School Emergency Relief (ESSER) Funding continued to be utilized by the School Board to assist with major expenditures including approximately \$474,000 for the Summer Accelerate Program to regain learning lost during the pandemic. In addition, during fiscal year 2024, these monies provided for over\$ 3 million in major building renovations to Franklinton Junior High-the oldest facility of the Washington Parish School Board. Other uses of ESSER funds included the purchase of modular buildings for Thomas Elementary School and Varnado High School. The availability of ESSER funds expired on September 30, 2024.

Our education successes can be attributed to our dedicated teachers and staff. The School Board is in the twenty-second year of a universal 4-year-old program. The School Board also continues the reading initiative that began with the Reading First Program nineteen years ago.

#### FINANCIAL INFORMATION

**Internal Controls.** Management of the School Board is responsible for establishing and maintaining internal controls designed to ensure that the assets of the School Board are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

**Single Audit.** As a recipient of federal, state, and local financial assistance, the School Board also is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management.

As a part of the School Board's single audit, tests are made to determine the extent of compliance testing related to federal programs, as well as to determine that the School Board has complied with applicable laws and regulations. The results of the School Board's single audit for the fiscal year ended June 30, 2024, provided no instances of material weaknesses in internal controls.

**Budgeting Controls.** In addition, the School Board maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with the annual appropriated budgets, including all subsequent amendments, approved by the School Board. Activities of the General Fund and Special Revenue Funds are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot exceed the appropriated amount) is established at the function or project level within the individual funds. The School Board also maintains an encumbrance accounting system as one technique of accomplishing budgetary control throughout the year.

As demonstrated by the statements and schedules included in the financial section of this report, the School Board continues to meet its responsibility for sound financial management.

**Debt Administration.** At June 30, 2024, the School Board had no general obligation bond debt issue outstanding. Final payment was made prior to fiscal year end. The School Board is limited by state statute from issuing property tax bonds in excess of 50% of the assessed valuation of the taxable property including Homestead Exempt property and Nonexempt property.

**Long Term Financial Planning.** Significant construction projects for the School Board were completed in fiscal year 2014 and also in fiscal year 2019. The School Board is in the process of making major renovations to the District's oldest facility Franklinton Junior High School since past attempts to secure a bond issue to fund the construction of a new facility have failed. The next major renovation project will most likely be the Thomas Elementary cafeteria as the current facility is inadequate for that school's student population. Discussions at this time are for informational purposes only. At present, there are no plans to begin the project. An additional revenue source would need to be identified.

The School Board remains committed to getting employee compensation rates closer to rates paid in nearby districts. On December 7, 2024, voters within the Washington Parish Educational Facilities Improvement District approved a one-cent sales tax. The Washington Parish Sheriff's Office will begin collecting the tax in April 2025. These funds are to be used to provide additional compensation and related benefits for employees of the Washington Parish School Board. In addition, effective July 2024, The Board implemented a 5% pay increase for most employees. Changes to staffing needs are being analyzed to reflect changes to student population.

In addition, the School Board annually reviews its budget and operational matters and will continue to assess its long-term financial planning on an annual basis.

**Financial Policies.** The School Board adopted a Loans to Schools policy in June of 2012. Before this policy was in place, an individual school could borrow against the operation allocation and use the funds for capital projects, paying the funds back over a period of time from future operation allocations. This often left administration at the school without sufficient funds to cover the operation expenses of the school. The purpose of the policy was to ensure that each school had adequate funds to cover normal day-to-day operating requirements, such as custodial supplies and equipment. After the policy was adopted, schools can only ask for advances on their operational allocation for amounts less than \$10,000 and can only use those loans for small equipment such as mowers, weight equipment or musical instruments. A school may not have more than \$10,000 in loans in aggregate at any one time. The total 2023-2024 allocation to schools for operations and contingency was \$675,343.

#### **OTHER INFORMATION**

**Independent Audit.** State statutes require an annual audit by an independent certified public accountant. The accounting and auditing firm of EisnerAmper, LLP performed the fiscal year 2024 audit. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet the requirements of the federal Single Audit Act, as amended and related to Uniform Guidance. The independent auditors' report on the financial statements is included in the financial section of this report. The independent auditors' reports related specifically to the Single Audit Act are included in the Single Audit Section.

**Awards.** The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the School Board for its annual comprehensive financial report for the fiscal year ended June 30, 2023. The School Board first applied for the Certificate of Achievement (GFOA) in 2004.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive financial report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

The School Board is participating in the Certificate of Excellence in Financial Reporting program sponsored by the Association of School Business Officials, International (ASBO) for the twentieth time. The certificate was awarded to the School Board for the first time for its annual comprehensive financial report for the fiscal year ended June 30, 2005. The award certifies that the school system has presented its annual comprehensive financial report to the ASBO Panel of Review for critical review and evaluation and that the report was judged to have complied with the principles and practices of financial reporting recognized by ASBO. Receiving the award is recognition that the school system has met the highest standards of excellence in school financial reporting.

Both a Certificate of Achievement (GFOA) and a Certificate of Excellence (ASBO) are valid for a period of one year only. We believe our current annual comprehensive financial report continues to conform to the program requirements of both organizations and we are submitting it to GFOA and ASBO to determine its eligibility for each of the certificates.

Acknowledgments. The preparation of the annual comprehensive financial report on a timely basis was made possible by the dedicated service of the entire staff of the Accounting Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the Members of the School Board, both individually and collectively, preparation of this report would not have been possible.

Respectfully submitted,

Jamie Painter Jeunifer Thomas

#### **INDEPENDENT AUDITORS' REPORT**

The Members of the Washington Parish School Board Franklinton, Louisiana:

#### **Report on the Audit of the Financial Statements**

#### Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Washington Parish School Board (the School Board) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School Board, as of June 30, 2024, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Other Matter: Report on Summarized Comparative Information

We have previously audited the School Board's 2023 financial statements, and we expressed unmodified opinions on the respective financial statements of the governmental activities, each major fund, and the aggregate remaining fund information in our report dated December 21, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2023, is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School Board ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

<sup>&</sup>quot;EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC and its subsidiary entities provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School Board's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budget comparison schedules, the notes to the required supplementary information, the schedule of proportionate share of the net pension liability, the schedule of contributions to each retirement system, and the schedule of changes in total OPEB liability and related ratios, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Board's basic financial statements. The accompanying combining and individual nonmajor fund financial statements; nonmajor schedules of revenues, expenditures, and changes in fund balance - budget to actual: schedule of compensation paid to board members; schedule of compensation, benefits, and other payments to agency head, and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements; nonmajor schedules of revenues, expenditures, and changes in fund balance - budget to actual; schedule of compensation paid to board members; schedule of compensation, benefits, and other payments to agency head; and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2024, on our consideration of the School Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School Board's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School Board's internal control over financial reporting and compliance.

## Management's Discussion and Analysis

#### MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

The Management's Discussion and Analysis of the Washington Parish School Board's (the School Board) financial performance presents a narrative overview and analysis of the School Board's financial activities as of June 30, 2024. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information (where available).

#### FINANCIAL HIGHLIGHTS

- ★ The School Board's liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources at the close of fiscal year 2024 by approximately \$87.4 million.
- ★ The School Board's expenses exceeded revenues by \$798 thousand for the year ended June 30, 2024.
- ★ The School Board's general fund expended approximately \$54.0 million, recognizing an increase in fund balance of \$1.4 million for the fiscal year ended June 30, 2024.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

These financial statements consist of three sections - Management's Discussion and Analysis (this section), the basic financial statements (including the notes to the financial statements) and required supplementary information.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the School Board's finances, in a manner similar to private sector business.

The *statement of net position* presents information on all of the School Board's assets and deferred outflows, and liabilities and deferred inflows, with the difference between these reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School Board is improving or deteriorating.

The *statement of activities* presents information showing how the School Board's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows (e.g., recognition of taxes receivables/uncollected and changes in unused compensated absences).

Both of the government-wide financial statements present functions of the School Board that are principally supported by taxes and intergovernmental revenues (governmental activities). The School Board has no functions or activities which are business-like in nature. Business-like means that they are primarily supported by user fees and charges for services, such as a municipally owned utility system. The governmental activities of the School Board include regular and special education programs, support services, administration, maintenance, student transportation, and school food services. The School Board contains no other units of government (component units) nor is it contained as a component unit of any other level of local or state government.

**Fund financial statements**. A *fund* is a grouping of related accounts that are used to maintain control over the resources that have been segregated for specific activities or objectives. The School Board, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. The funds of the School Board can be divided into two categories: governmental funds and internal service funds.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

**Governmental funds**. *Governmental funds* are used to account for essentially the same functions as governmental activities in the government-wide financial statements.

However, unlike the government-wide financial statements, governmental fund financial statements focus on *near term inflows and outflows of spendable resources*, as well as on *balances of spendable resources available* at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School Board's near-term financing decisions. Both the governmental fund balance and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds. Information is presented separately in the government fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balance statement fund balances for the General Fund, School Lunch, Title I, Coronavirus Grants, and Tax District #4 Debt Service.

The remaining funds are combined into a single, aggregated presentation under the label of other governmental funds, which contains all nonmajor funds. Individual fund data for each of these nonmajor funds is provided in the form of combining statements elsewhere in this report.

The School Board adopts annual appropriated budgets for the General Fund and Special Revenue Funds, excluding Student Activity Fund.

**Internal Service Funds**. Internal service funds are used to account for charges of fees to departments to help cover the costs of certain services it provides by being self-insured. The School Board's workers' compensation program is accounted for in its Internal Service Fund.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

The Statement of Net Position and the Statement of Activities are designed to provide readers with a broad overview of the School Board's finances, in a manner similar to a private-sector business. The statement of net position presents financial information on all of the School Board's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. All of the year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the School Board's net position and changes in net position. Increases or decreases in the School Board's net position of the School Board decreased by \$797,566 or 0.92%, in 2024 as compared to a decrease of \$8,061,589, or 10.27%, in 2023.

The Statement of Net Position and Statement of Activities reflect the School Board's governmental activities (e.g., its basic service), such as instruction, student services, plant services, transportation, and food services. Property taxes, sales taxes, Minimum Foundation Program ("MFP") Funds, and state and federal grants finance most of these activities. The workers' compensation program is accounted for in these statements as well. Our analysis on the following tables focuses on the net position (Table 1) and changes in net position (Table 2) of the School Board's governmental activities.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

#### Statement of Net Position

- Cash and investments account for 33.9% of total assets.
- Capital assets, which are reported net of accumulated depreciation, account for 56.8% of total assets. Total capital assets increased by \$2,958,016 due to additions offset by depreciation and disposals.
- OPEB liability, which has decreased from the prior year by approximately \$2.7 million from the prior year due to changes in assumptions used for the actuarial valuation, account for 62.8% of total liabilities reported.
- Net pension liability, which has decreased from the prior year by approximately \$10.9 million primarily due to changes in assumptions used for the actuarial valuation. The net pension liability accounts for 29.2% of total liabilities reported.
- Net investment in capital assets is \$30,806,064 as of June 30, 2024.
- Unrestricted net position (deficit) is \$121,732,579 as of June 30, 2024. The School Board plans to improve this negative balance when it shows increases in revenues over expenses and is able to fund pension and post-employment benefits, reducing the total liability and increasing net position.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

#### Changes in Net Position

- Operating grants and contributions increased by \$4.9 million, or 31.1%, primarily due to additional state funding for salary and retirement supplements and the new state CCAP B-3 Seats program funding.
- Capital grants and contributions increased by \$2.7 million, or 192.9%, primarily due to the increase in Education Stabilization Grant funding that was expended on construction and other capital additions.
- Program expenditures slightly decreased by \$897 thousand, or 1.1%

#### MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

#### MAJOR FUND FINANCIAL ANALYSIS

The School Board's financial statements include five major funds. These funds are the General Fund, School Lunch Fund, Title I Fund, Coronavirus Grants Fund, and Tax District #4 Debt Service Fund.

The General Fund's fund balance experienced an increase of 10.3% during the year ended June 30, 2024, by \$1.4 million to \$14,897,237. Revenues increased by approximately \$3.6 million primarily due to additional state funding for salary and retirement supplements and the new state CCAP B-3 Seats program funding. Expenditures increased by approximately \$2.6 million over prior fiscal year due to direct payments to early childcare facilities through the CCAP B-3 program. Variances between budgeted and actual amounts include a 5.1 % variance of total revenues over budgeted revenues and a 0.8% variance of total expenditures over budgeted expenditures.

The School Lunch Special Revenue Fund's fund balance decreased by \$183,409 in fiscal year 2024 from \$1,051,480 in fiscal year 2023 due to a decrease in federal reimbursement rates for meals and fewer meals served in fiscal year 2024 versus 2023. Federal revenues were \$3.7 million in fiscal year 2024 compared to \$4.0 million in fiscal year 2023. Expenditures in the School Lunch Fund were approximately \$4.7 million in fiscal year 2024 compared to \$4.5 million in fiscal year 2023.

The Tax District #4 Debt Service Fund accounts for the debt service for the repayment of the 2012 bond issue. During fiscal year 2023, the bonds were fully repaid. During the year ended June 30, 2024, the remaining fund balance was transferred to the Tax District #4 Capital Projects Fund, a nonmajor fund.

The Coronavirus Grants Fund account for grant funding received as part of the CARES Act of 2020 and American Rescue Plan Act of 2021 including the Education Stabilization grant funds. Grant revenues were approximately \$9.2 million for fiscal year 2024 compared to \$4.5 million for fiscal year 2023. An increase of approximately \$2.7 million in capital outlays accounted for a significant part of the difference.

The Title I Fund saw modest increases in revenues and expenditures of \$2,503 and \$15,343, respectively in fiscal year 2024 compared to fiscal year 2023.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

At the end of 2024, the School Board had \$32.5 million (net of depreciation) invested in a broad range of capital assets, including land, building, equipment, and construction in process (see note 5). This amount represents a net increase (including additions, deductions, and depreciation) of approximately \$3.0 million from the prior year.

# TABLE 3CAPITAL ASSETS AS OF JUNE 30, 2024(Net of Depreciation and Amortization)

| Land and land improvements             | \$ | 3,561,719  |
|--|----|------------|
| Construction in progress               |    | 3,772,308  |
| Buildings and improvements             |    | 22,442,668 |
| Furniture, fixtures and equipment      |    | 822,608    |
| Vehicles                               |    | 1,189,127  |
| Right-of-use assets - leased equipment | _  | 731,003    |
|  | \$ | 32,519,433 |

Capital assets have increased from the prior year due primarily to additions exceeding depreciation and amortization. The major construction project during the year was renovations at Franklinton Jr. High School. Additional information regarding capital assets is included in note 5 of the notes to the basic financial statements.

#### Long-Term Debt and Liabilities

At the end of the current fiscal year, the School Board had note payables outstanding at June 30, 2024 of \$955,331 incurred for the purchase of school buses and leases payable of \$758,038. The School Board's debt activity included scheduled principal repayments of \$533,989 and \$71,982 in interest payments. Additional information relating to long-term debt is included in note 8 of the notes to the basic financial statements.

The OPEB liability decreased from the prior year by approximately \$2.7 million for 2024 due primarily to changes in assumptions used for the actuarial valuation and benefit payments. The net pension liability decreased from prior year by approximately \$10.9 million primarily due to changes in assumptions used for the actuarial valuation and changes in fiduciary net position of the pension plans.

#### VARIATIONS BETWEEN ORIGINAL AND FINAL BUDGETS

There were no significant variations between the final budget and actual amounts for the general fund for total revenues and expenditures.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

Growth of the parish is expected to be consistent with prior year. The School Board's elected and appointed officials considered the following factors and indicators when setting next year's budget.

These factors and indicators include:

- Regularly generated sales taxes continue to trend upward. Unlike prior years, however, no new solar farm construction is expected in the parish at this time.
- The MFP student counts have trended downward over the past few years. Therefore, MFP funding for the 2024-2025 school year is projected to be less than what was recognized in 2023-2024.
- Health insurance rates will see a mid-year increase of approximately 6.65 %.
- ESSER federal funding expired on September 30, 2024. Employee stipends, summer school and capital improvements were among the many uses of those funds. Careful consideration was given regarding programs and incentives that needed to be reduced or eliminated due to the loss of those funds.
- The Washington Parish School Board approved a 5% pay raise for most employees (Board members and Superintendent were excluded). The rate increase became effective beginning July 1, 2024.

At the time these financial statements were prepared and audited, the School Board was aware of the following circumstances that could significantly affect the School Board's financial health in the future:

- The February 2024 MFP student count decreased to 4,442 from 4,461 at the October 2023 count.
- Once again, the State Legislature voted to fund a non-recurring stipend of \$2,000 for certificated personnel and \$1,000 for support personnel for the 2024-2025 fiscal year. No new permanent pay raise was instituted by the State for the 2025 fiscal year.
- The Washington Parish School Board created the Washington Parish Educational Facilities Improvement District (EFID). This new EFID board proposed a one-cent sales tax within its district for the purpose of funding increased compensation and associated benefits for the employees of WPSB. On December 7, 2024, voters passed the proposal. Collections of this new revenue stream will begin in April 2025. The tax will be eligible for renewal in ten years.
- On April 27, 2024, voters renewed the 4.83 mill ad valorem tax for another ten year period.
- Governor Jeff Landry assumed office in January 2024. Part of Governor Landry's platform includes extensive tax reform, which may have a significant impact on revenue streams of local governmental bodies.

All of these factors were considered in preparing the Washington Parish School Board's budget for the 2024-2025 fiscal year.

| The cost of capital assets (land, buildings, furniture and equipment) purchased or<br>constructed is reported as an expenditure in governmental funds. The Statement of<br>Net Position includes those capital assets among the assets of the School Board as a<br>whole. The costs of those assets allocated over their estimated useful lives (as<br>depreciation expense) to the various programs reported as governmental activities in<br>the Statement of Activities. Because depreciation expense does not affect financial<br>resources, it is not reported in governmental funds. |  |                    |

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities

For the year ended June 30, 2024

Amounts reported for governmental activities in the statement of activities are different because:

Total net changes in fund balances – governmental funds \$ 1,403,797

Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeds capital outlays in the project.

| Repayments of bonds, notes and lease principal, including bond refundings, are<br>reported as financing uses in governmental funds and thus contribute to the<br>reduction in fund balance. In the statement of net position, however, repayment of   |                          | 522.090      |

#### (1) Summary of Significant Accounting Policies

The Washington Parish School Board (the School Board) was created by Louisiana Revised Statute (LSA-R.S.) 17:51 to provide public education for the children within Washington Parish. The School Board is authorized by LSA-R.S 17:81 to establish policies and regulations for its own government consistent with the laws of the State of Louisiana and the regulations of the Louisiana Board of Elementary and Secondary Education. The School Board is comprised of nine members who are elected from nine districts for concurrent terms of four years.

The School Board operates 10 schools within the parish with a total enrollment of 4,643 pupils as of October 1, 2023. In conjunction with the regular educational programs, some of these schools offer special education and/or adult education programs. In addition, the School Board provides transportation and school food services for the students.

#### (a) Reporting Entity

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The Governmental Accounting Standards Board establishes criteria for determining which component units should be considered part of the School Board for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial dependency in addition to a financial benefit or burden relationship. These criteria include:

- (1) Appointing a voting majority of an organization's governing body, and
  - (a) The ability of the School Board to impose its will on that organization and/or
  - (b) The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the School Board.
- (2) Organizations for which the School Board does not appoint a voting majority but which are fiscally dependent on the School Board and provide specific financial benefits or impose specific financial burdens on the School Board.
- (3) Organizations for which the reporting entity's financial statements would be misleading if data of the organization were not included because of the nature or significance of the relationship.
- (4) Organizations in which it has a majority equity interest for the purpose of directly facilitating government services.

The scope of public service is one such factor that includes the following aspects:

(1) Whether the activity is for the benefit of the reporting entity and/or its residents.

### Notes to the Basic Financial Statements June 30, 2024

(2) Whether the activity is conducted within the geographic boundaries of the reporting entity and is generally available to the citizens of that entity.

Blended Component Unit - The School Board has one blended component unit, the Educational Facilities Improvement District of Washington Parish (the Improvement District), which is authorized under Louisiana Revised Statute 33:2740.37. The Improvement District is a blended component unit because (1) the governing body of the Improvement District is substantively the same as the governing body of the School Board, (2) there is a financial benefit or burden relationship between the School Board and the Improvement District, and (3) the management of the School Board has some operational responsibility for the component unit. Accordingly, the District will be presented as a non-major special revenue fund of the School Board, however as of June 30, 2024, the Improvement District had no financial activity and is not presented in the financial statements.

Several agencies, although meeting the criterion for scope of public service, are not included in the financial statements of the School Board because there is no financial interdependency with the School Board. These agencies, such as the parish police jury, independently elected parish officials and municipalities within the parish, are separate taxing entities established by Louisiana law.

Similarly, the School Board is not included in any other reporting entity since School Board members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

The accounting policies of the Washington Parish School Board conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the more significant policies.

#### (b) Basis of Presentation - Fund Accounting

The accounts of the School Board are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows and inflows of resources, liabilities, fund equities, revenues, and expenditures. Resources are allocated to and accounted for in the individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are summarized by type in the financial statements. The following fund types are used by the School Board:

#### **Governmental Fund Types**

Governmental funds are those through which most governmental functions of the School Board are financed. The acquisition, use, and balances of the School Board's expendable financial resources and the related liabilities are accounted for through governmental funds. Governmental funds are accounted for on a spending measurement focus, which means that the measurement focus is based upon determination of changes in financial position, rather than upon net income determination. The following are the School Board's governmental fund types:

### Notes to the Basic Financial Statements June 30, 2024

<u>General Fund</u> - The General Fund is the general operating fund of the School Board. The General Fund receives most of the resources derived by the School Board from local sources (principally ad valorem and sales taxes) and state sources (principally the State Minimum Foundation Program funding). General fund expenditures represent the cost of general school system operations and individual functional categories of instructional and support services. It is used to account for all financial resources except those required to be accounted for in another fund.

<u>Special Revenue Funds</u> - Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

<u>Capital Projects Funds</u> – Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

<u>Debt Service Funds</u> - Debt Service Funds are used to account for the accumulation of resources for, and payment of, general long-term debt principal, interest, and related costs.

#### **Proprietary Fund Type**

The Proprietary Fund is used to account for the School Board's ongoing organizations and activities which are similar to those often found in the private sector. The Proprietary Fund is accounted for on an economic resources measurement focus, meaning that the measurement focus is based upon determination of net income. Operating revenues and expenses generally result from providing services and delivering goods in connection with the propriety fund's primary ongoing operations. The School Board's proprietary fund type is limited to one internal service fund for the workers' compensation insurance program. Premium revenues and related costs of providing the program are operating activities. All other items are considered non-operating.

#### (c) Basis of Accounting - Measurement Focus

#### Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole. Fiduciary funds are not included in the GWFS. Interfund activity consists of interfund advances, transfers and charges from the internal service funds to the governmental funds. As a general rule, the effect of interfund activity has been eliminated from both the statement of net position and the statement of activities. An exception to the general rule is interfund services provided and used, which are not eliminated in the process of consolidation. Charges from the internal service funds to the governmental funds are eliminated in consolidation. The government-wide presentation focuses primarily on the long-term sustainability of the School Board as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

### Notes to the Basic Financial Statements June 30, 2024

The Statement of Net Position and the Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from the exchange and exchange-like transactions are recognized when the exchange takes place. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes (ad valorem) are recognized as revenue in the year they are levied and grant revenues are recognized as soon as all eligibility requirements are met.

**Internal Activities** The workers' compensation fund provides services to the governmental funds. Accordingly, these funds were included in the governmental activities.

**Program Revenues** Program revenues include 1) charges for services provided, 2) operating grants and contributions, and 3) capital grants and contributions; program revenues reduce the cost of the function to be financed from the School Board's general revenues. Charges for services are primarily derived from food sales and student activities. Operating grants and contributions consist of the many educational grants received from the federal and state government. Capital grants and contributions consists of capital grants received from the federal and state government.

<u>Allocation of Indirect Expenses</u> The School Board reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term debt is considered an indirect expense and is reported separately in the Statement of Activities. Other indirect expenses are not allocated.

#### Fund Financial Statements (FFS)

Fund financial statements report detailed information about the School Board. The focus of governmental and proprietary fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. The major funds reported are the General Fund, School Lunch Special Revenue Fund, Tax District #4 Debt Service Fund, Title I Fund, and Coronavirus Grants Fund.

The General Fund is used to account for the day-to-day operations for the School Board. The School Lunch is used to account for the collection of the revenues for specific programmatic purposes. The Tax District #4 Debt Service Fund is used to account for monies for debt service for the capital projects in the Franklinton, Enon, Pine, and Thomas communities. The Title I Fund special revenue fund is used to account for federal Title I grant funding. The purpose of the Title I grant is to provide all children significant opportunity to receive a fair, equitable, and high-quality education, and close educational achievement gaps. The Coronavirus Grants Fund is used to account for grant funding received through the CARES Act of 2020 and American Rescue Plan Act of 2021. This is federally funding awarded by the Department of Education to State educational agencies for the purpose of providing local educational agencies, including charter schools, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have on elementary and secondary schools across the country.

Non-major funds are aggregated and presented in a single column. The internal service fund is presented in the proprietary fund statements.

### Notes to the Basic Financial Statements June 30, 2024

#### **Governmental Funds**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a current financial resources measurement focus under the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The proprietary fund type is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of this fund type are included on the balance sheet.

The following practices in recording revenues and expenditures have been used for the governmental funds.

#### Revenues

Federal and state entitlements, which include state minimum foundation program and state revenue sharing, are recorded as unrestricted grants-in-aid when available and measurable. These revenues are susceptible to accrual under the modified basis of accounting. For this purpose, the Board considers all revenues, excluding grants, to be available if they are collected within 60 days of the end of the current fiscal period. Federal and state grants which are restricted as to the purpose of the expenditures are recorded when the reimbursable expenditures have been incurred and all eligibility requirements met.

Ad valorem taxes are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis, based on the assessed value on January 1, become due and delinquent on December 31. However, before the taxes can be collected, the tax rolls must be submitted to the State Tax Commission for approval. The taxes are generally collected in December, January, and February of the fiscal year. Property tax revenues are accrued at fiscal year end to the extent that they have been collected and are unremitted by the Washington Parish Sheriff's Office. Such amounts are measurable and available to finance current operations. Interest income on time deposits and revenues from rentals, leases, and royalties are recorded when earned. Sales and use tax revenues are recorded in the month in which the School Board considers them available (60 days) to finance current year obligations and are collected by the Washington Parish Sheriff's Office.

Substantially all other revenues are recorded when received. Revenue received in advance of revenue recognition is unavailable.

### Notes to the Basic Financial Statements June 30, 2024

#### Expenditures

Salaries are recorded as expenditures when incurred. Nine-month employee salaries are incurred over a nine-month period but paid over a twelve-month period. Compensated absences are recognized as expenditures when leave is actually taken or when employees (or heirs) are paid for accrued leave upon retirement or death. Commitments under construction contracts are recognized as expenditures when earned by the contractor. Principal and interest on general long-term obligations are not recognized until due. All other expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

The proprietary fund type is reported in the financial statements on the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

#### Unearned Revenues

Unearned revenues arise when resources are received before the School Board has a legal claim to them, such as when grant monies are received prior to the incurrence of qualifying expenditures.

In subsequent periods, when the School Board has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and the revenue is recognized.

#### (d) Budgetary Data

The proposed budgets for fiscal year 2024 were completed and made available for public inspection at the School Board office on July 19, 2023. A public hearing was held on August 10, 2023, for suggestions and comments from taxpayers. The proposed fiscal year 2024 budgets were formally adopted by the School Board on August 10, 2023. The legally required budgets, which included proposed expenditures and the means of financing them, for the General and Special Revenue Funds were made available for public inspection ten days prior to the public hearings.

The budgets were prepared on a modified accrual basis, consistent with generally accepted accounting principles (GAAP). Special Revenue Funds were budgeted by program.

Formal budgetary accounts are integrated into the accounting system during the year as a management control device. Appropriations which are not expensed lapse at the end of the year.

The level of control over the budget is exercised at the function or program level for the General and Special Revenue Funds. The Superintendent is authorized to transfer budget amounts within each function; however, any supplemental appropriations that amend the total expenditures of any fund require School Board approval. As required by state law, when actual revenues within a fund are failing to meet estimated annual budgeted revenues by five percent or more, and/or actual expenditures within a fund are exceeding estimated budgeted expenditures by five percent or more, a budget amendment to reflect such changes is adopted by the School Board in a public meeting. Budgeted amounts included in the financial statements include the original adopted budget and all subsequent amendments. There were no amendments to the General Fund budget.

### Notes to the Basic Financial Statements June 30, 2024

#### (e) Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in the governmental funds as a management control device. However, at year end, all encumbrances lapse and must be budgeted in the subsequent year.

#### (f) Cash and Cash Equivalents and Investments

Cash includes amounts in demand deposits, interest-bearing demand deposits, and short-term external investment pool. Cash equivalents include amounts in time deposits and short-term external investment pool. These deposits are recorded at cost which approximates market. Under state law, the School Board may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law, national banks with their principal offices in Louisiana, or the Louisiana Asset Management Pool. For purposes of the statement of cash flows, the School Board considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

#### (g) Due From Other Governments

Due From Other Governments, included in receivables, consist of receivables for reimbursement of expenditures under various state and federal programs and grants.

#### (h) Short-Term Interfund Receivables/Payables

Short-term interfund loans are classified as interfund receivables/payables.

#### (i) Inventories

All purchased inventories are valued at cost (first-in, first-out); donated commodities are assigned values based on information provided by the U.S. Department of Agriculture. Inventories in the School Lunch Special Revenue Fund consist of food and supplies. The commodities are recorded as revenues when received, and expenditures when consumed on the government-wide financial statements, and a portion are recorded as expenditures when purchased and a portion are recorded as expenditures when purchased and a portion are recorded as expenditures when purchased and a portion are recorded as expenditures when purchased and a portion are recorded as expenditures when consumed on the fund financial statements.

#### (j) Capital Assets

Land, buildings and improvements, furniture and equipment, and right-of-use leased assets are recorded as expenditures in the governmental activities column in the government-wide financial statements. Capital assets are recorded at historical cost or estimated historical cost, if actual historical cost is not available. Donated capital assets are recorded at acquisition value on the date of donation. Right-of-use assets are recorded at the present value of effectively fixed minimum lease payments, of the determined non-cancellable lease term. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000.

### Notes to the Basic Financial Statements June 30, 2024

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized over the remaining useful lives of the assets.

Capital assets are depreciated over their estimated useful lives (excluding any applicable salvage value). Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight line depreciation is used based on the following estimated useful lives:

| Assets                                      | Years   |
|---|---------|
| Buildings and Improvements:                 |         |
| Fixed Buildings and Improvements            | 40      |
| Trailers and Outside Buildings              | 20 - 25 |
| Roof Renovations                            | 20 - 30 |
| Furniture and Equipment:                    |         |
| Heavy Equipment                             | 10 - 25 |
| Office Equipment                            | 5 - 12  |
| Furniture and Fixture                       | 5       |
| Computers, Electronics, and Video Equipment | 5 - 7   |
| Vehicles:                                   |         |
| School Buses                                | 10      |

Right-of-use assets are amortized over the shorter period of the lease term or the useful life of the asset. Land and construction in progress are not depreciated.

#### (k) Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type statement of net position.

#### (1) Compensated Absences

All 12-month employees earn from 9 to 24 days of vacation leave each year, depending on their length of service with the School Board. Vacation leave can be accumulated to a maximum of 10 days at the end of each fiscal year.

Teachers and other 9-month employees earn 10 days of sick leave each year. All 12-month employees earn up to 12 days sick leave each year, prorated during first year of service with the School Board. Sick leave can be accumulated without limitation. Upon retirement, unused sick leave up to 25 days and any unused vacation leave is paid to employees (or their heirs) at the employee's current rate of pay. Under the Louisiana Teachers Retirement System, the total unused accumulated sick leave, including the 25 days paid, is used in the retirement benefit computation as earned service for leave earned prior to July 1, 1988. For sick leave earned after July 1, 1988, under the Louisiana Teachers Retirement System and for sick leave earned under the Louisiana School Employees Retirement System, all unpaid sick leave, which excludes the 25 days paid, is used in the retirement benefit computation as earned service.

### Notes to the Basic Financial Statements June 30, 2024

Sabbatical leave may be granted for certain medical purposes and for professional and cultural improvement. An employee with a teacher's certificate is entitled, subject to approval by the School Board, to one semester of sabbatical leave after three years of continuous service or two semesters of sabbatical leave after six or more years of continuous service. Sabbatical leave benefits are recorded as expenditures in the period paid. The cost of current leave privileges is recognized as current year expenditures in the governmental funds, generally the General Fund and Special Revenue Funds, when leave is actually taken.

#### (m) Net Position – Government-Wide Financial Statements

The statement of net position reports net position as the difference between all other elements in a statement of net position and is displayed in three components—net investment in capital assets, restricted net position (distinguishing between major categories of restrictions), and unrestricted net position.

Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of borrowings for capital asset acquisition, construction, or improvement of those assets, increased by deferred outflows of resources attributable to capital asset acquisition, construction or improvement, and reduced by deferred inflows of resources attributable to either capital asset acquisition, construction, or improvement or to capital asset related debt. Capital-related debt or deferred inflows equal to unspent capital asset related debt proceeds or deferred inflows of resources is included in calculating either restricted or unrestricted net position, depending upon whether the unspent amounts are restricted.

Restricted net position reflects net position when there are limitations imposed on a net position's use by external parties such as creditors, grantors, laws or regulations of other governments. Restricted net position consists of restricted assets less liabilities related to restricted assets less deferred inflows related to restricted assets. Liabilities and deferred inflows related to restricted assets include liabilities and deferred inflows to be liquidated with restricted assets and arising from the same resource flow that results in restricted assets. When both restricted and unrestricted resources are available for use, it is the School Board's policy to use restricted resources first, then unrestricted resources as they are needed.

Unrestricted net position is the balance (deficit) of all other elements in a statement of net position remaining after net investment in capital assets and restricted net position.

The governmental activities unrestricted net position has a negative balance at June 30, 2024. The School Board plans to gradually reduce this negative balance when it shows increases in revenues over expenses and is able to fund pension and post-employment benefits, reducing the total liability and increasing net position.

### Notes to the Basic Financial Statements June 30, 2024

#### (n) Equity – Fund Financial Statements

The following fund balance classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance amounts that are not in a spendable form (such as inventory or prepaids) or are required to be maintained intact;
- Restricted fund balance amounts constrained to specific purposes by their providers (such as grantor, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- Committed fund balance amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority by a vote of the School Board; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- Assigned fund balance amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governmental body delegates the authority such as the School Board and its management. The policy utilized by the School Board is that the School Board authorizes management to assign funds as needed for applicable items and this policy is established by the governing body pursuant to the Superintendent's authorization;
- Unassigned fund balance amounts that are available for any purpose; positive amounts are reported only in the general fund.

The School Board establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. Assigned fund balance is established by the School Board through adoption of amendment of the budget as intended for specific purposes (such as the purchase of capital assets, construction, debt service, or for other purposes).

When an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available, the School Board considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the School Board considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the School Board has provided otherwise in its commitment or assignment actions.

#### (o) Interfund Transactions

Permanent transfers of resources between funds of the reporting entity are classified as interfund transfers. For the purposes of the Statement of Activities, all interfund transfers between individual governmental funds have been eliminated.

### Notes to the Basic Financial Statements June 30, 2024

#### (p) Sales Taxes

On October 4, 1966, the voters of Washington Parish approved a one percent parish wide sales and use tax to be levied for the Washington Parish School Board and the City of Bogalusa School Board. The proceeds of the tax are allocated on the basis of 45 percent to the Washington Parish School Board and 55 percent to the City of Bogalusa School Board. The proceeds, after payment of necessary costs and expenses of collecting the tax, are dedicated for payment of salaries of teachers, other school personnel and other operating expenditures.

On April 4, 1981, the voters of Washington Parish approved a one percent sales and use tax to be levied only for the use of the Washington Parish School Board. The proceeds, after payment of necessary costs and expenses of collecting the tax, are dedicated to the general operation and maintenance of the schools in the Parish, including the payment of salaries and fringe benefits of all school board employees, acquisition of land and buildings, purchase of other capital improvements to the schools in the parish and funding of bonds for the purpose of making capital improvements as mentioned previously.

Sales and use taxes are collected and remitted to the School Board by the Washington Parish Sheriff's Office. The sales and use taxes collected in June on behalf of the Washington Parish School Board are remitted to the School Board by July 30.

#### (q) Claims and Judgments

The School Board accounts for its workers' compensation self-insurance program in its internal service fund. The liabilities for claims and judgments are reported when it is probable that a loss has occurred, and the amount of that loss can be reasonably estimated.

Liabilities include an amount for claims that have been incurred but not reported as well as incremental claim adjustment expenses. Because actual claims liabilities depend on such complex factors as inflation, changes in legal doctrines and damage awards, the process used in computing claims liability does not necessarily result in an exact amount. Claims liabilities are reevaluated periodically to take into consideration recently settled claims, the frequency of claims and other economic and social factors.

#### (r) Prepaid Expenses

Prepaid expenses include amounts paid in advance for goods and services. Prepaid expenses are shown as prepaids on the Government-Wide Statement of Net Position, depending on when management expects to realize their benefits. Prepaid expenditures are recorded in the year that the expenditure is accrued using the consumption method.

### Notes to the Basic Financial Statements June 30, 2024

#### (s) Deferred Outflows/Inflows of Resources

Deferred outflows of resources represent a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense) until then. Deferred inflows of resources represent an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. See Note 10 for the components of deferred outflows and inflows of resources related to the pension plans and Note 11 for the components of deferred outflows and inflows of resources related to other post-employment benefit plan.

#### (t) Pension Plans

The Washington Parish School Board is a participating employer in two defined benefit pension plans (plans) as described in Note 10. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions from each plans' fiduciary net position have been determined on the same basis as they are reported by each of the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within each plan. The fair value is based on quoted market prices.

#### (u) Management's Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Significant items subject to such estimates and assumptions include the useful lives of capital assets, the valuation of capital assets, and pension and other post-retirement benefits. The current economic environment has increased the degree of uncertainty inherent in those estimates and assumptions.

#### (v) Comparative Data and Total Columns on Statements

Comparative total data for the prior year has been presented in the basic financial statements but not at the level of detail required for a presentation in accordance with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the government's financial statements for the year ended June 30, 2023, from which the summarized information was derived. The purpose of this presentation is to provide an understanding of changes in the School Board's financial position and operations of these funds.

However, comparative data (i.e., presentation of prior year total by fund type) has not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read. In the fund financial statements, interfund eliminations have not been made in the aggregation of this data.

### Notes to the Basic Financial Statements June 30, 2024

#### (w) Current Year Adoption of New Accounting Standard

The School Board adopted Governmental Accounting Standards Board (GASB) Statement No. 100, *Accounting changes and Error Corrections* to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The adoption of this standard had no impact to the School Board's financial statements.

The School Board adopted GASB Statement No. 99, *Omnibus 2022 to* enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The adoption of this standard had no impact to the School Board's financial statements.

#### (x) Leases – Lessee

The School Board is a lessee for noncancellable lease agreements for vehicle and equipment used for transportation and administrative functions. The School Board recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the financial statements for those lease contracts with an initial individual value that is material to the financial statements and whose terms call for a lease period great than one year. The lease liability is measured at the commencement of the lease at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of the lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease sinclude (1) the discount rate used to present value the expected lease payments, (2) lease term, and (3) lease payments.

- The School Board uses the interest rate charged by the lessor as the discount rate, if provided. When the interest rate charged by the lessor is not provided, the School Board uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease terms include the noncancellable period of the lease and optional renewal periods. Lease payments included in the measurement of the lease liability are composed of fixed payments through the noncancellable term of the lease and renewal periods that management considers reasonably certain to be exercised.

The School Board monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with capital assets and lease liabilities are reported with long-term debt on the statement of net position. The School Board did not recognize any lessor leases as they were deemed immaterial to the financial statements.

#### (y) Deficit Fund Balance

The Coronavirus Grants Fund had a deficit of \$101,498 at June 30, 2024 that will be eliminated by future grant revenues.

### Notes to the Basic Financial Statements June 30, 2024

#### (2) Cash, Cash Equivalents, and Investments

At June 30, 2024, the School Board had cash, cash equivalents, and investments as follows:

| Bank accounts | \$<br>19,256,920 |
|---------------|------------------|
| LAMP          | <br>148,764      |
|               | \$<br>19,405,684 |

Governmental activities cash and cash equivalents of \$19,256,920 and investments of \$148,764 comprise total cash, cash equivalents, and investments of \$19,405,684.

#### **Deposits**

Custodial credit risk for deposits is the risk that in the event of financial institution failure, the School Board's deposits may not be returned to them. Under state law, the bank balances of money market, bank accounts, and time certificates of deposit, which totaled \$19,703,933 as of June 30, 2024, must be secured by federal deposit insurance or the pledge of securities held by the fiscal agent bank's trust department or agent in the school boards' name. Securities that may be pledged as collateral consist of obligations of the U.S. Government and its agencies, obligations of the State of Louisiana and its municipalities and school districts. The School Board had no custodial credit risk as of June 30, 2024.

#### Investments

State statutes authorize the Board to invest in Louisiana Asset Management Pool (LAMP). Investments in the amount of \$148,764 are invested with LAMP, an external investment pool. LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high-quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA-R.S. 33.2955.

LAMP is a governmental investment pool that reports at fair value. The following facts are relevant for investment pools:

- <u>Credit risk</u>: LAMP is rated AAAm by Standard & Poor's.
- <u>Custodial credit risk</u>: LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
- <u>Concentration of credit risk</u>: Pooled investments are excluded from the 5 percent disclosure requirement.

### Notes to the Basic Financial Statements June 30, 2024

- <u>Interest rate risk</u>: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments. The WAM for LAMP's total investments is 43 days as of June 30, 2024.
- <u>Foreign currency risk</u>: Not applicable.

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares (NAV). In accordance with GASB Statement No. 72, fair values of investments that are measured at NAV should not be categorized within the fair value hierarchy. LAMP, Inc. is subject to the regulatory oversight of the state treasurer and board of directors. LAMP is not registered with the SEC as an investment company. An annual audit of LAMP is conducted by an independent certified public accountant. The Legislative Auditor of the State of Louisiana has full access to the records of LAMP. LAMP issues financial reports which can be obtained by writing: LAMP, Inc., 228 St. Charles Avenue, Suite 1123, New Orleans, LA 70130.

#### (3) Ad Valorem Taxes

The School Board levies ad valorem taxes on real, business, and public personal property located within Washington Parish's boundaries. Property taxes on real and business personal property are levied by the School Board based on property values assessed by the Washington Parish Tax Assessor and approved by the State of Louisiana Tax Commission. Public personal property tax is also levied by the School Board based on property value assessed and approved by the State of Louisiana Tax Commission. The Washington Parish Sheriff's office bills and collects property taxes for the School Board. Collections are remitted to the School Board monthly.

#### Property Tax Calendar

| Assessment date                  | January 1              |
|----------------------------------|------------------------|
| Levy date                        | By September 15        |
| Total taxes are due              | December 31            |
| Penalties and interest are added | After December 31      |
| Tax sale - delinquent property   | Third Wednesday in May |

The maximum bonded indebtedness is limited to 50% of the assessed property valuation. The tax roll is prepared by the tax assessor in the fall of each year, with collections beginning by December of that year and substantially received by June 30<sup>th</sup> of the following year; therefore, no property tax receivable for the calendar year is included on the accompanying balance sheet.

### Notes to the Basic Financial Statements June 30, 2024

The distribution of the School Board's levy (tax rate per \$1,000 assessed value) to its funds was as follows:

The financial statements for the School Board do not contain an allowance for uncollectible receivables because management believes all amounts will be collected. However, if management becomes aware of information that would change its assessment about the collectability of any receivable, management will write off the receivable as a bad debt at that time.

In accordance with Louisiana Revised Statute 39:562, the School Board is legally restricted from incurring long-term bonded debt in excess of 50 percent of the assessed value of taxable property, which includes both homestead exempt property and nonexempt property. At June 30, 2024, the legal debt margin is \$83,328,772. The School Board is in compliance with all significant limitations and restrictions set forth in the individual bond indentures.

During the years ended June 30, 2024, 2022, and 2021, the School Board entered into master installment purchase agreements for the purchase of school buses in the amounts of \$399,411, \$344,958 and \$577,464, respectively. The outstanding balance on this debt was \$955,331 at June 30, 2024. The debt is collateralized by the school buses. Events of default for the master installment purchase agreements include failure to make timely payments or maintain insurance on the buses. In the event of default, the lender may declare all installment payments due immediately or take possession of the buses.

Future payments due for the master installment purchase agreements are as follows:

### Notes to the Basic Financial Statements June 30, 2024

The School Board leases certain kitchen equipment and office equipment from third parties. Payments are generally made monthly. See Note 5 for the total amount of leased assets and related accumulated amortization. Future principal and interest payment requirements related to the School Board's leases at June 30, 2024 are as follows:

| Year ending | Total     |         |    | Fotal  | Total    |         |  |

|             | \$        | 758,038 | \$ | 37,000 | \$       | 795,038 |  |

At June 30, 2024, the combined value of the lease liability was \$758,038. In determining the present values, the interest rate charged by the lessor was the discount rate, if provided. When the interest rate charged by the lessor was not provided, the School Board used its estimated incremental borrowing rate as the discount rate for leases of 3.5%.

At June 30, 2024, employees of the School Board have accumulated \$5,005,629 of compensated absences benefits, \$46,893,314 of net pension liability, and \$100,774,452 for post-employment benefits. For further information on claims payable, net pension liability, and post-employment benefits, see notes 9, 10, and 11, respectively. General and Special Revenue Fund expenditures are recorded when incurred.

#### (9) Self-Insurance Program/Risk Management

On July 1, 1990, the School Board established a Self-Insurance Program (an internal service fund) to account for and finance its uninsured risk of loss in regard to workers' compensation insurance. Under the terms of an excess workers' compensation insurance agreement with a private insurance company, which became effective July 1, 2004, the School Board's maximum liability per occurrence is \$500,000. The School Board purchases commercial insurance with an excess limit of \$1,000,000 for claims in excess of coverage provided by the program. As of June 30, 2024, the School Board reported a claims reinsurance receivable of \$82,217 in the internal service fund. All funds of the School Board participate in the program and make payments to the internal service fund in amounts needed to pay current-year claims and to establish a reserve for catastrophic losses. The School Board is subject to a variety of risks of loss related to torts, theft, damage to and destruction of assets, errors and omissions and natural disasters for which the School Board carries commercial insurance. Settlements have not exceeded coverage amounts in the past three years.

At June 30, 2024, the self-insurance liability is \$583,349 for the estimated loss and litigation expenses related to worker's compensation claims, and the program has net position of \$64,323. A liability is recorded when it is probable that a loss has been incurred and the amount of that loss can be reasonably estimated. Liabilities for claims incurred are re-evaluated periodically to take into consideration recently settled claims, frequency of claims, and other economic and social factors. There were no significant changes in insured amounts or deductibles in fiscal year 2024.

#### (10) Defined Benefit Pension Plans

The School Board is a participating employer in two cost-sharing defined benefit pension plans. These plans are administered by two public employee retirement systems, the Teachers' Retirement System of Louisiana (TRSL) and the Louisiana School Employees' Retirement System (LSERS). Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of these plans to the State Legislature. Each system is administered by a separate board of trustees and all Systems are component units of the State of Louisiana. Each of the Systems issues an annual publicly available financial report that includes financial statements and required supplementary information for the system. These reports may be obtained by writing, calling or downloading the reports as follows:

TRSL: 8401 United Plaza Blvd. P. O. Box 94123 Baton Rouge, Louisiana 70804-9123 (225) 925-6446 www.trsl.org LSERS: 8660 United Plaza Blvd. Baton Rouge, Louisiana 70804 (225) 925-6484 www.lsers.net

#### **Plan Descriptions:**

<u>Teachers' Retirement System of Louisiana (TRSL)</u> is the administrator of a cost-sharing defined benefit pension plan. The plan provides retirement, disability, and survivor benefits to employees who meet the legal definition of a "teacher" as provided for in LRS 11:701. Eligibility for retirement benefits and the calculation of retirement benefits are provided for in LRS 11:761.

**Louisiana School Employees' Retirement System (LSERS)** is the administrator of a cost-sharing defined benefit pension plan. The plan provides retirement, disability, and survivor benefits to school employees as defined in LRS 11:1002. Eligibility for retirement benefits and the computation of retirement benefits are provided for in LRS 11:1141.

#### **Cost of Living Adjustments**

The pension plans in which the School Board participates have the authority to grant cost-of-living adjustments (COLAs) on an ad hoc basis. COLAs may be granted to these systems, (TRSL and LSERS) if approved with a two-thirds vote of both houses of the Legislature, provided the plan meets certain statutory criteria related to funded status and interest earnings.

#### **Funding Policy**

Article X, Section 29(E)(2)(a) of the Louisiana Constitution of 1974 assigns the Legislature the authority to determine employee contributions. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee. In accordance with state statute, TRSL receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities but are not considered special funding situations.

Contributions to the plans are required and determined by State statute (which may be amended) and are expressed as a percentage of covered payroll. The contribution rates in effect for the year ended June 30, 2024, for the School Board and covered employees were as follows:

|   | School Board | Employees   |
|---|--------------|-------------|
| Teachers' Retirement System:                |              |             |
| Regular Plan                                | 24.10%       | 8.00%       |
| Plan B                                      | 24.10%       | 5.00%       |
| School Employees' Retirement System (LSERS) | 27.60%       | 7.50%-8.00% |

The contributions made to the Systems for the past three fiscal years, which equaled the required contributions for each of these years, were as follows:

|                              | 2024 |           | 2023 |           | <br>2022        |

## Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The following schedule lists the School Board's proportionate share of the net pension liability allocated by each of the pension plans for based on the June 30, 2023 measurement date. The School Board uses this measurement to record its net pension liability and associated amounts as of June 30, 2024 in accordance with GASB Statement 68. The schedule also includes the proportionate share allocation rate used at June 30, 2023 along with the change compared to the June 30, 2022 rate. The School Board's proportion of the net pension liability was based on a projection of the School Board's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

#### **Discount Rate**

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, each of the pension plan's fiduciary net positions was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rates used to measure the total pension liability for TRSL and LSERS were 7.25% and 6.80%, respectively for the year ended **June 30, 2023**.

## Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the School Board's proportionate share of the Net Pension Liability (NPL) using the discount rate of each Retirement System as well as what the School Board's proportionate share of the NPL would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate used by each of the Retirement Systems:

### Notes to the Basic Financial Statements June 30, 2024

#### Payables to the Pension Plan

The Washington School Board recorded accrued liabilities to each of the Retirement Systems for the year ended June 30, 2024 mainly due to the accrual for payroll at the end of each of the fiscal years. The amounts due are included in liabilities under the amounts reported as accounts, salaries and other payables. The balance due to each for the retirement systems at June 30, 2024 is as follows:

|       | June 30, 2024 |         |  |
|-------|---------------|---------|--|
| TRSL  | \$            | 496,431 |  |
| LSERS |               | 37,160  |  |
|       | \$            | 533,591 |  |

#### (11) Total Other Post-Employment Benefits Plan (OPEB)

#### General Information about the OPEB Plan

*Plan description* – The School Board provides certain continuing health care and life insurance benefits for its retired employees. The School Board's OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the School Board. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the School Board. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB).

*Benefits Provided* – Medical and life benefits are provided to employees upon actual retirement through the Louisiana Office of Group. The OGB plan is a fully insured, multiple-employer arrangement and this employer's participation in that plan has been deemed to be a single employer defined benefit OPEB plan (within the meaning of GASB 74/75) for financial reporting purposes and for this valuation. Medical benefits are provided to employees upon actual retirement from either the Teachers' Retirement System of Louisiana (TRSL) or the Louisiana School Employees' Retirement System (LSERS). The retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; age 55 and 25 years of service; age 60 and 5 years of service. For membership after January 1, 2011, the earliest allowable retirement age without actuarial reduction in benefits is age 60.

Life insurance coverage under the OGB program is available to retirees by election and the employer pays 50% of the cost of the retiree life insurance based on the blended active/retired OGB rates. Insurance coverage amounts are reduced at age 65 and again at age 70 according to the OGB plan provisions.

*Employees covered by benefit terms* – At June 30, 2024, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefit payments | 576   |
|--|-------|
| Inactive employees entitled to but not yet receiving benefit payments    | -     |
| Active employees   | 661   |
|  |       |
|  | 1,237 |

#### **Total OPEB Liability**

The School Board's total OPEB liability of \$100,774,452 was measured as of June 30, 2024 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and other inputs – The total OPEB liability in the June 30, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation                   | 2.0%                     |              |
|-----------------------------|--------------------------|--------------|

|                             | 1-4                      | 3.7%         |
|                             | 5-12                     | 3.5%         |
|                             | 13+                      | 3.2%         |
| Prior Discount rate         | 3.65%                    |              |
| Discount rate               | 3.93%                    |              |
| Healthcare cost trend rates | Getzen model, initial ra | ate of 5.50% |
| Mortality                   | SOA RP-2014 Table        |              |

The discount rate was based on the Bond Buyers' 20 Year General Obligation municipal bond index as of June 30, 2024, the end of the applicable measurement dates.

The actuarial assumptions used in the June 30, 2024 measurement were based on the results of ongoing evaluations of the assumptions from July 1, 2009 to June 30, 2024.

#### (12) Contingencies

The School Board participates in a number of state and federally assisted grant programs. The programs are subject to compliance audits under the single audit approach. Such audits could lead to requests for reimbursement by the grantor agency for expenditures disallowed under terms of the grants. School Board management believes that the amount of disallowances, if any, which may arise from future audits, will not be material.

### Notes to the Basic Financial Statements June 30, 2024

#### (13) Tax Revenue Abated

The Louisiana Industrial Ad Valorem Tax Exemption program (Louisiana Administrative Code, Title 13, Chapter 15) is a state incentive program which abates, up to ten years, local ad valorem taxes on a manufacturer's new investment and annual capitalized additions related to the manufacturing site. Applications to exempt qualified property for five years are approved by the Board of Commerce and Industry. For the fiscal year ending June 30, 2024, \$50 in Washington Parish School Board ad valorem tax revenues were abated by the state of Louisiana through the Louisiana Industrial Ad Valorem Tax Exemption Program.

#### (14) Upcoming Accounting Pronouncements

The following GASB Statements are effective for upcoming fiscal years, and have not yet been implemented by the School Board:

- GASB Statement No. 101, Compensated Absences
- GASB Statement No. 102, Certain Risk Disclosures
- GASB Statement No. 103, Financial Reporting Model Improvements
- GASB Statement No. 104, *Disclosure of Certain Capital Assets*

The School Board has not yet determined the effect these Statements will have on the School Board's financial statements and disclosures.

#### (15) Subsequent Event

In December 2024, the voters of Washington Parish approved a one-cent sales and use tax to be levied starting April 1, 2025 for a 10 year period only for the use of increases to compensation and related benefits for the benefit of School Board employees.

# WASHINGTON PARISH SCHOOL BOARD FRANKLINTON, LOUISIANA

# Notes to Required Supplementary Information June 30, 2024

## **BUDGET AND BUDGETARY ACCOUNTING**

The School Board follows these procedures in establishing the budgetary data reflected in the financial statements:

The General Fund and the Special Revenue Funds are the only funds with legally required budgets. The General Fund budget and the Special Revenue Funds' budgets are adopted on an annual basis. These budgets include proposed expenditures and the means of financing them.

Prior to September 15, the Superintendent submits to the Board a proposed annual appropriated budget for the General Fund for the fiscal year commencing the prior July 1. Public hearings are conducted to obtain taxpayer comments. Upon submission to the Board, the General Fund budget is legally enacted through adoption by the Board. Formal budgetary integration is employed as a management control device during the year for the General Fund and Special Revenue Funds. For the Capital Projects Fund, the level of budget control is at the fund, department or project level, and expenditures/encumbrances by policy should not exceed appropriations. The School Board approves budgets at the fund level, and the Superintendent is authorized to transfer amounts between line items within any fund.

Budgets are prepared on the modified accrual basis of accounting. Budgeted amounts are as originally adopted or as amended by the Board. Legally, the Board must adopt a balanced budget; that is, total budgeted revenues and other financing sources including fund balance must equal or exceed total budgeted expenditures and other financing uses. State statutes require the School Board to amend its budgets when revenues plus projected revenues within a fund are expected to be less than budgeted revenues by five percent or more and/or expenditures within a fund are expected to exceed budgeted expenditures by five percent or more.

Special Revenue Funds' budgets that are not grant-oriented have annual appropriated budgets adopted prior to September 15 by the Board. Grant Funds are included in Special Revenue Funds, and their budgets are adopted at the time the grant applications are approved by the grantor. Special Revenue Funds' budgets were amended as necessary to comply with state law.

# COMBINING NONMAJOR GOVERNMENTAL FUNDS – BY FUND TYPE

Thomas Elementary School

## NONMAJOR FUNDS – SPECIAL REVENUE AND CAPITAL PROJECTS FUNDS

#### NONMAJOR SPECIAL REVENUE FUNDS

#### EVERY STUDENT SUCCEEDS ACT - TITLE II

Every Student Succeeds Act (ESSA) is a federally funded program (includes previous referred to Improving America's School Act Fund). ESSA's purposes are to ensure high standards for all students, provide students with an enriched and accelerated educational program, provide staff development, and to align the efforts of state and local educational agencies.

#### SSAE TITLE IV

Title IV is a federally funded grant used to help ensure our education system prepares every child to graduate from high school ready to thrive in college and careers. The purpose is to provide all students with access to a well-rounded education and enhance the use of technology to improve academic achievement and digital literacy.

#### IDEA SPECIAL EDUCATION

Individuals with Disabilities Education Act (IDEA), Public Law (PL) 101-476, is a federally financed program of free public education in the least restrictive environment for children with exceptionalities.

#### SPECIAL FEDERAL

During fiscal year 1995, the School Board established this fund to account for federal grants previously recorded in the General Fund. The programs included in this fund, all of which are federally financed, include Vocational Education.

#### ANGIE SCHOOL DISTRICT

The Angie School District Fund accounts for a 5.12 mill ad valorem tax assessed on property within the Angie School District to improve, maintain, and operate schools within the district. The majority of financing is provided by ad valorem tax.

#### SUMMER FEEDING PROGRAM

The Summer Feeding Program is a program that provides nourishing meals to students in summer school.

#### SUPPER PROGRAM

The Supper Program is a program that provides suppers to students.

#### READY START NETWORK CCDBG

The Ready Start Network CCDBG grant is used to promote and develop educational and economic opportunities by providing developmentally appropriate early childhood care and education for children birth to age five so that each child enters kindergarten ready for success. It will also be used to promote our network through advertising and community outreach events.

#### REAP FEDERAL

The REAP Program provides funds to high-poverty, rural LEAs to supplement the LEA's activities under selected formula –funded Federal programs. LEAs have the flexibility to use their allocations for teacher recruitment and retention, teacher professional development, educational technology, parental involvement activities, activities authorized under Safe and Drug-Free Schools Program under Part A of Title IV, activities authorized under Part A of Title II.

#### SCHOOL REDESIGN

The School Redesign Grant is a federally funded grant used to support high quality improvement plans for struggling schools.

#### READY START NETWORK

The Ready Start Network grant is used to promote and develop educational and economic opportunities by providing developmentally appropriate early childhood care and education for children birth to age five so that each child enters kindergarten ready for success. It will also be used to promote our network through advertising and community outreach events.

#### GUIDES

The Guides Grants are federally funded grants used to support childcare and preschool development.

#### BJA PREVENTING SCHOOL VIOLENCE

The BJA grant is used to assist state, local, and parish jurisdictions in improving efforts to reduce violent crimes in and around schools. The program aims to improve school security by providing students and teachers with the tools they need to recognize, respond quickly to and help prevent acts of violence. The goal is to specific areas of concern related to preventing and reducing school violence: 1) training on preventing violence and 2) threat assessment/intervention teams and/or technology.

#### USDA GRANT

The USDA Rural Development Fund Community Facilities Grant accounts for a match grant to be used to purchase automated external defibrillators, numerous chrome books, wireless access ports, and charging carts to accompany the chrome books.

#### COMPREHENSIVE LITERACY STATE DEVELOPMENT GRANT

The purpose of the CLSD grant is to create a comprehensive literacy program to advance literacy skills, including pre-literacy skills, reading, and writing, for children from birth through grade 12, with an emphasis on disadvantaged children, including children living in poverty, English learners, and children with disabilities.

#### READY START TRANSFORM

The Ready Start Transform grant supports numerous early childhood network goals across the parish including services in the eastern portion of the parish to meet critical needs, particularly infant care, early childhood teacher education and certification available to high school students, and solidification of community engagement and financial support for early childhood education.

#### BELIEVE

The Believe grant funds sub-grants to early learning centers serving children aged birth to three. It also includes funding for training, coaching, a developmental screener, and curriculum materials.

## SPED CAMERA GRANT

The SPED Camera Grant provides for the installation and operation of cameras in a self-contained special education classroom.

#### STUDENT ACTIVITY

The student activity fund accounts for monies generated by the schools and organizations within the schools of the parish. While these accounts are under the supervision of the School Board, they belong to the individual school or their student bodies and are not available for use by the School Board.

#### NONMAJOR CAPITAL PROJECTS FUND

#### TAX DISTRICT #4

The Tax District #4 capital projects fund accumulates monies for construction and improvements from proceeds of a special property tax levy. As a capital projects fund, a budget is not required.

#### SCHEDULES OF COMPENSATION PAID TO SCHOOL BOARD MEMBERS AND AGENCY HEAD

The Schedule of Compensation Paid to School Board Members is presented in compliance with House Concurrent Resolution No. 54 of the 1979 Session of the Louisiana Legislature. Compensation of the School Board members is included in the general administrative expenditures of the General Fund. In accordance with Louisiana Revised Statute 17:56, the School Board members have elected the monthly payment method of compensation. Under this method, each member of the School Board receives \$800 per month, and the president receives \$900 per month for performing the duties of his or her office. The Schedule of Compensation, Benefits, and Other Payment to Agency Head is presented in accordance with Act 706 of the 2014 Session of the Louisiana Legislature.

Note: Property in the parish is reassessed every four years. Property is assessed at actual value; therefore, the assessed values are equal to actual value. Tax rates are per \$1,000 of assessed value. These values represent the parish's assessed values since the school district's data broken into real estate and commercial was not readily available.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Members of the Washington Parish School Board Franklinton, Louisiana:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Washington Parish School Board (the School Board), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements and have issued our report thereon dated December 23, 2024.

#### **Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School Board's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the School Board's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests did not disclose any instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Members of the Washington Parish School Board Franklinton, Louisiana:

#### Report on Compliance for Each Major Federal Program

#### **Opinion on Each Major Federal Program**

We have audited Washington Parish School Board's (the School Board) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the School Board's major federal programs for the year ended June 30, 2024. The School Board's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School Board complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended year ended June 30, 2024.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School Board and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the School Board's compliance with the compliance requirements referred to above.

#### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School Board's federal programs.

## Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School Board's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School Board's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
  and perform audit procedures responsive to those risks. Such procedures include examining, on
  a test basis, evidence regarding the School Board's compliance with the compliance requirements
  referred to above and performing such other procedures as we considered necessary in the
  circumstances.
- Obtain an understanding of the School Board's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2024-001. Our opinion on each major federal program is not modified with respect to this matter.

Government Auditing Standards requires the auditor to perform limited procedures on the School Board's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The School Board's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

## **Report on Internal Control over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify a certain deficiency in internal control over compliance that we consider to be a significant deficiency.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2024-001 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the School Board's response to the internal control over compliance finding identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The School Board's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## Notes to Schedule of Expenditures of Federal Awards

June 30, 2024

## 1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of the Washington Parish School Board (the School Board) under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because of the Schedule presents only a selected portion of the operations of the School Board, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the School Board.

## 2. <u>Summary of Significant Accounting Policies</u>

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The School Board has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

## 3. <u>Relationship to Financial Statements</u>

Federal revenues are reported are reported as revenues from federal sources in the statement of revenues, expenditures, and changes in fund balances as revenue from federal sources for restricted grants-in-aid and commodities in the amounts of \$19,980,403. Additional revenues of \$101,500, considered to be unavailable under the modified accrual basis of account due to the timing of receipt, are reported as capital grants and contributions on the statement of activities in the government-wide financial statements. The total balance of \$20,081,903 agrees to total federal expenditures on the Schedule.

## 4. <u>Relationship to Federal Financial Reports</u>

Amounts reported in the Schedule agree with the amounts reported in the related federal financial reports, except for the amounts in reports submitted as of a date subsequent to June 30, 2024.

## 5. <u>Subrecipients</u>

Federal grant funds were not passed through to subrecipients during the year ended June 30, 2024.

## 6. <u>Commodities</u>

## 2024-001 Procurement and Suspension and Debarment

# Federal Program: U.S. Department of Education, Special Education Cluster – Assistance Listing Number 84.027, 84.173

- Criteria: Non-federal entities are prohibited from contracting with parties that are suspended or debarred. "Covered transactions" include contracts for goods and services awarded under a non-procurement transaction (e.g., grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet certain other criteria as specified in 2 CFR section 180.220. When a non-federal entity enters into a covered transaction, the non-federal entity must verify that the entity, as defined in 2 CFR section 180.995 and agency adopting regulations, is not suspended or debarred or otherwise excluded from participating in the transaction. This verification may be accomplished by (1) checking the System for Award Management (SAM) Exclusions maintained by the General Services Administration (GSA) and available at SAM.gov, (2) receiving a certification from the entity, or (3) adding a clause or condition to the covered transaction with that entity (2 CFR section 180.300).
- Condition: During our testing of compliance with the suspension and debarment regulations, the School Board was unable to provide documentation of its conclusion that one vendor was not suspended or debarred. The universe (population) from which the items were selected was all vendor payments during the year ended June 30, 2024 over \$25,000 consisting of one vendor. Based on a review of SAM.gov, this vendor was not suspended or debarred.
- Questioned Costs: None
- Cause: Management does not have adequate controls in place to ensure that its determination of whether vendors are suspended or debarred are documented for all covered transactions.
- Effect: Without ensuring documentation is maintained over whether a vendor is suspended or debarred, the School Board may enter into contracts with unauthorized parties.
- Recommendation: We recommend that the School Board review of all contracts to ensure the appropriate language exits regarding suspension and debarment regulations, and the School Board should consider an annual review of SAM.gov for all vendors are paid from federal grants.
- View of Responsible Management will review standing contracts regarding suspension and debarment official: Management will review standing contracts regarding suspension and debarment regulations to ensure that appropriate language exists. In addition, the School Board will review vendors paid with federal grants and search SAM.gov for possible suspension and debarment issues. Appropriate language regarding suspension and debarment will be included in future contracts. Prior to entering future contracts, management will search SAM.gov to avoid entering into contracts with unauthorized parties. Management will document the result of such search.

## INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Members of the Washington Parish School Board, the Louisiana Department of Education, and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the performance and statistical data accompanying the annual financial statements of the Washington Parish School Board (the School Board) for the fiscal year ended June 30, 2024. Management of the School Board is responsible for its performance and statistical data.

The School Board has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of performing the specified procedures on the performance and statistical data accompanying the annual financial statements and report our findings to assist the specified parties in its compliance with Louisiana Revised Statute 24:514 I. The Louisiana Legislative Auditor ("LLA") and the Louisiana Department of Education ("LDOE") have agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

## <u>General Fund Instructional and Support Expenditures and Certain Local Revenue Sources</u> (Schedule 1)

- 1. We selected a sample of 25 transactions, reviewed supporting documentation, and observed that the sampled expenditures/revenues are classified within the below category corresponding to the type of expenditure/revenue identified on the supporting documentation:
  - Total General Fund Instructional Expenditures
  - Total General Fund Equipment Expenditures
  - Total Local Taxation Revenue
  - Total Local Earnings on Investment in Real Property
  - Total State Revenue In lieu of Taxes
  - Nonpublic Textbook Revenue
  - Nonpublic Transportation Revenue

No exceptions noted.

#### Class Size Characteristics (Schedule 2)

2. We obtained a list of classes by school, school type, and class size as reported on the schedule. We then traced the number of students per class for a sample of 10 classes to the October 1 roll books for those classes and observed that the number of students per class agreed with its classification on the schedule.

#### No exceptions noted.

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC and its subsidiary entities provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

## Education Levels / Experience of Public-School Staff (NO SCHEDULE)

3. We obtained October 1<sup>st</sup> PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, obtained each individual's personnel file, and observed that each individual's education level and experience as documented in the personnel file agrees to the classification on the PEP data or equivalent listing prepared by management.

For 2 of the 25 individuals selected for testing, the School Board could not provide supporting documentation of the individuals' level of education and years of experience. No other exceptions were noted for this procedure.

## Public-School Staff Data: Average Salaries (NO SCHEDULE)

4. We obtained June 30<sup>th</sup> PEP data submitted to the Department of Education (or equivalent listing provided by management) of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, obtained each individual's personnel file, and observed that each individual's salary, extra compensation, and full-time equivalents as documented in the personnel file supports the information on the PEP data (or equivalent listing prepared by management).

## No exceptions noted.

We were engaged by the School Board to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the performance and statistical data of the School Board for the fiscal year ended June 30, 2024. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the School Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

The purpose of this report is intended solely to describe the scope of testing performed on the performance and statistical data accompanying the annual financial statements of the School Board, as required by Louisiana Revised Statue 24:514.I, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

## **INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES**

To: Washington Parish Schol Board and the Louisiana Legislative Auditor

We have performed the procedures enumerated in Schedule A on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) of Washington Parish School Board (the "School Board" or "Entity") for the fiscal period of July 1, 2023 through June 30, 2024. Washington Parish School Board's management is responsible for those C/C areas identified in the SAUPs.

The School Board has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of performing specified procedures on the C/C areas identified in the LLA's SAUPs for the fiscal period of July 1, 2023 through June 30, 2024. Additionally, the LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures we performed, and the associated findings are summarized in the attached Schedule A, which is an integral part of this report.

We were engaged by the School Board to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs of the School Board for the fiscal period of July 1, 2023 through June 30, 2024. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of School Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

The purpose of this report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

The procedures performed and the results thereof are set forth below. The procedure is stated first, followed by the results of the procedure presented in italics. If the item being subjected to the procedures is positively identified or present, then the results will read "no exception noted" or for step 13 "we performed the procedure and discussed the results with management". If not, then a description of the exception ensues.

## 1) Written Policies and Procedures

- A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories (if applicable to public funds and the entity's operations):
- i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.

No exception noted.

ii. *Purchasing*, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.

The School Board's purchasing policy does not address (2) how vendors are added to the vendor list. The other attributes were addressed in the policies and procedures.

iii. **Disbursements**, including processing, reviewing, and approving

The School Board's disbursements policy does not address processing disbursements. The other attributes were addressed in the policies and procedures.

iv. Receipts/Collections, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

The School Board does not have a written policy for receipts/collections.

v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.

No exception noted.

vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

The School Board's contracting policies and procedures do not address (3) legal review. The other attributes were addressed in the policies and procedures.

vii. *Travel and Expense Reimbursement*, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

viii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

The School Board does not have a written policy for credit cards.

ix. *Ethics*, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121,
 (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

The School Board's ethics policies do not address (3) a system to monitor possible ethics violations and (4) a requirement that employees annually attest via signature that they have read the ethics policy. The other attributes were addressed in the policies and procedures.

x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

The School Board's debt service policy does not address (3) debt service requirements. The other attributes were addressed in the policies and procedures.

xi. Information Technology Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

No exception noted.

xii. *Prevention of Sexual Harassment*, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

The School Board's sexual harassment policy does not address (3) annual reporting. The other attributes were addressed in the policies and procedures.

## 2) Board or Finance Committee

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
  - i. Observe whether the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

## Schedule A

ii. For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual comparisons, at a minimum, on all proprietary funds, and semi-annual budget-to-actual comparisons, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.* 

No exception noted.

iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

No exception noted.

iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

No exception noted.

## 3) Bank Reconciliations

A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

A listing of bank accounts was provided and included a total of 37 bank accounts. Management identified the entity's main operating account. No exceptions were noted as a result of performing this procedure.

From the listing provided, we selected 5 bank accounts (1 main operating and 4 randomly) and obtained the bank reconciliations for June 2024, resulting in 5 bank reconciliations obtained and subjected to the below procedures.

i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);

No exception noted.

ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated, electronically logged); and

iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

No exception noted.

## 4) Collections (excluding electronic funds transfers)

A. Obtain a listing of <u>deposit sites</u> for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

A listing of deposit sites was provided and included a total of 11 deposit sites. No exceptions were noted as a result of performing this procedure.

From the listing provided, we randomly selected 5 deposit sites and performed the procedures below.

B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

A listing of collection locations for each deposit site selected in procedure #4A was provided and included a total of 5 collection locations. No exceptions were noted as a result of performing this procedure.

From each of the listings provided, we randomly selected one collection location for each deposit site. Review of the Entity's written policies and procedures or inquiry with employee(s) regarding job duties was performed in order to perform the procedures below.

i. Employees responsible for cash collections do not share cash drawers/registers;

No exception noted.

ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit;

Exception noted. For each location selected for testing, the same employee collects cash and prepares/makes bank deposits and reconciles collections to the deposits.

iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and

Exception noted. For each location selected for testing, the same employee collects cash and posts collection entries to the general ledger.

iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or custodial fund additions, is (are) not also responsible for collecting cash, unless another employee verifies the reconciliation.

Exception noted. For each location selected for testing, the employee responsible for reconciling cash collections to the general ledger also collects cash.

C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.

## No exception noted.

D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:

We randomly selected 2 deposit dates for each of the 5 bank accounts selected in procedure #3A. We obtained supporting documentation for each of the 10 deposits and performed the procedures below.

i. Observe that receipts are sequentially pre-numbered.

No exception noted.

ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

No exception noted.

iii. Trace the deposit slip total to the actual deposit per the bank statement.

No exception noted.

iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

For 3 of the 10 deposits selected for testing, the deposit was not made within one business day of receipt. No other exceptions were noted for this procedure.

v. Trace the actual deposit per the bank statement to the general ledger.

No exception noted.

# 5) Non-payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)

A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

The listing of locations that process payments for the fiscal period was provided. No exceptions were noted as a result of performing this procedure.

From the listing provided, we randomly selected 5 locations and performed the procedures below.

B. For each location selected under #5A above, obtain a listing of those employees involved with nonpayroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that:

Schedule A

The listing of employees involved with non-payroll purchasing and payment functions for each payment processing location selected in procedure #5A was provided. No exceptions were noted as a result of performing this procedure.

Review of the Entity's written policies and procedures or inquiry with employee(s) regarding job duties was performed in order to perform the procedures below.

i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;

No exception noted.

ii. At least two employees are involved in processing and approving payments to vendors;

No exception noted.

iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;

No exception noted.

iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and

No exception noted.

v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

No exception noted.

C. For each location selected under #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and

A listing of non-payroll disbursements for each payment processing location selected in procedures #5A was provided related to the reporting period. No exceptions were noted as a result of performing this procedure.

From each of the listings provided, we randomly selected 5 disbursements and performed the procedures below.

i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice, and that supporting documentation indicates that deliverables included on the invoice were received by the entity, and

Schedule A

ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.

For 20 of the 25 disbursements selected for our procedures, the check signer did not mail the payment nor give the payment to an employee who was not responsible for processing payments.

For 7 of the 25 disbursements selected for our procedures, the same individual initiated a purchase requisition and approved the purchase.

D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

The School Board does not process non-payroll-related electronic disbursements.

## 6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)

A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

A listing of cards was provided. No exceptions were noted as a result of performing this procedure.

B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and

From the listing provided, we randomly selected 5 credit cards used in the fiscal period. We randomly selected one monthly statement for each of the 3 cards (2 out of 5 cards were fuel cards and excluded) selected and performed the procedures noted below.

i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported; and

No exception noted.

ii. Observe that finance charges and late fees were not assessed on the selected statements.

Schedule A

C. Using the monthly statements or combined statements selected under procedure #6B above, <u>excluding fuel cards</u>, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

We randomly selected 10 transactions, or all transactions if less than 10 from each statement and obtained supporting documentation for the transactions. For each transaction, observed that it was supported by (1) an original itemized receipt that identified precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). No exceptions noted.

## 7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)

A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

The listing of travel and travel-related expense reimbursements was provided for the fiscal period. No exceptions were noted as a result of performing this procedure.

From the listing provided, we randomly selected 5 reimbursements and performed the procedures below.

i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov);

No exception noted.

ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;

No exception noted.

Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by "Written Policies and Procedures", procedure #1A(vii); and

No exception noted.

iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

## 8) Contracts

A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, <u>excluding the practitioner's contract</u>, and

An active vendor list for the fiscal period was provided. No exceptions were noted as a result of performing this procedure.

From the listing provided, we randomly selected 5 contracts and performed the procedures below.

*i.* Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;

No exception noted.

ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter);

No exception noted.

iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and

No exception noted.

iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

No exception noted.

## 9) Payroll and Personnel

A. Obtain a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees/officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

A listing of employees/elected officials employed during the fiscal year was provided. No exceptions were noted as a result of performing this procedure.

From the listing provided, we randomly selected 5 employees/officials and performed the specified procedures.

B. Randomly select one pay period during the fiscal period. For the 5 employees/officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and

We randomly selected 1 pay period during the fiscal period and performed the procedures below for the 5 employees/officials selected in procedure #9A.

i. Observe that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);

No exception noted.

ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;

No exception noted.

iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and

No exception noted.

iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.

No exception noted.

C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.

A listing of employees/officials receiving termination payments during the fiscal period was provided. From the listing provided, we randomly selected 2 employees/officials and performed the specified procedures. No exceptions were noted as a result of performing this procedure.

D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

No exceptions noted.

## 10) Ethics

- A. Using the 5 randomly selected employees/officials from procedure "Payroll and Personnel" procedure #9A, above obtain ethics documentation from management, and
  - i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and

No exception noted.

ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

No exception noted.

### 11) Debt Service

A. Obtain a listing of bonds/notes issued during the fiscal period and management's representation that the listing is complete. Select all bonds/notes on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each bond/note issued as required by Article VII, Section 8 of the Louisiana Constitution.

No exception noted.

B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

A listing of bonds/notes outstanding at the end of the fiscal period was provided. From the listing provided, we randomly selected 1 bond/note and performed the specified procedures. No exceptions were noted as a result of performing these procedures.

## 12) Fraud Notice

A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.

No exception noted.

B. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

No exception noted.

## 13) Information Technology Disaster Recovery/Business Continuity

- A. Perform the following procedures, verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."
  - i. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.

We performed the procedure and discussed the results with management.

## Schedule A

ii. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

## We performed the procedure and discussed the results with management.

iii. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

We performed the procedure and discussed the results with management.

B. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in Payroll and Personnel procedure #9C. Observe evidenced that the selected terminated employees have been removed or disabled from the network.

We performed the procedure and discussed the results with management.

- C. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have completed cybersecurity training as required by R.S. 42:12671. The requirements are as follows:
  - Hired before June 9, 2020 completed the training; and
  - Hired on or after June 9, 2020 completed the training within 30 days of initial service or employment.

We performed the procedure and discussed the results with management.

## 14) Prevention of Sexual Harassment

A. Using the 5 randomly selected employees/officials from "Payroll and Personnel" procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.

No exceptions noted.

B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

## Schedule A

- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:
  - i. Number and percentage of public servants in the agency who have completed the training requirements;

The School Board does not have an annual sexual harassment report.

ii. Number of sexual harassment complaints received by the agency;

The School Board does not have an annual sexual harassment report.

iii. Number of complaints which resulted in a finding that sexual harassment occurred;

The School Board does not have an annual sexual harassment report.

iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and

The School Board does not have an annual sexual harassment report.

v. Amount of time it took to resolve each complaint.

The School Board does not have an annual sexual harassment report.

### WASHINGTON PARISH SCHOOL BOARD MANAGEMENT'S RESPONSE AND CORRECTIVE ACTION PLAN JUNE 30, 2024

Schedule B

## Management's Response to Statewide Agreed-Upon Procedures Washington Parish School Board

In response to written policies and procedures 1ii), 1iii), 1iv), 1vi), 1vii), 1ix), 1x) and 1xii):

The School Board has begun the process of adopting policy and procedure revisions which address the exceptions noted in this report.

In response to Collections exception 4B(ii), 4B(iii), and 4B(iv):

The School Board will address segregation of duties regarding collections at schools where staffing allows. In those cases in which staffing does not adequately support a full segregation of duties, additional internal controls regarding the handling of cash will be followed.

In response to Collections exception 4D(iv):

The School Board will inform staff having cash handling duties to make deposits within one business day of receipt when at all possible.

In response to Non-Payroll Disbursements exception 5C(ii):

The School Board will inform administrative personnel that each purchase requisition must be approved by someone other than the person requesting the expenditure. In addition, the School Board will address separation of duties with school principals. In particular, principals will be asked to designate a member of their staff to mail payments to vendors. They will be informed that this person is not to be the secretary who processed the payment.

In response to Sexual Harassment exception 14C:

The School Board will issue an annual sexual harassment report that includes applicable requirements of *R.S.* 42:344.
