FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Timothy Soignet,
Terrebonne Parish Sheriff,
Houma, Louisiana.

Opinion

We have audited the accompanying financial statements of the governmental activities and General Fund of Terrebonne Parish Sheriff (the "Sheriff"), State of Louisiana, as of and for the year ended June 30, 2023, and the Fiduciary Fund and the related notes to the financial statements, which collectively comprise the Sheriff's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund and the Fiduciary Fund of the Sheriff as of June 30, 2023 and the respective changes in net position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Sheriff and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the Sheriff's ability to continue as a going concern for the twelve months beyond the financial statement date, including any currently know information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sheriff's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 4 through 11, the Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget to Actual - General Fund and Notes to Budgetary Comparison Schedule on pages 50 through 51, the Schedule of Changes in the Sheriff's Total OPEB Liability and Related Ratios on page 52, the Schedule of the Sheriff's Proportionate Share of the Net Pension Liability (Assets) on page 53 and the Schedule of Sheriff Contributions on page 54 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate, operational, economic, or historical context. We have applied certain limited procedures to

the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Sheriff’s basic financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements. The supplementary information section, Schedules 1 through 4 on pages 55 through 59 and Schedule 6 on pages 61 through 63 are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, Schedules 1 through 4 and 6 are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The supplementary information in Schedule 5 on page 60, Affidavit of Cash on Hand and of Taxes Collected and Assessed and Uncollected, has not been subjected to auditing procedures applied in the audit of the basic financial statements and accordingly, we express no opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2023 on our consideration of Terrebonne Parish Sheriff’s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Sheriff’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sheriff’s internal control over financial reporting and compliance.

Certified Public Accountants.

Houma, Louisiana,
December 8, 2023.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Terrebonne Parish Sheriff

June 30, 2023

The Management's Discussion and Analysis of the Terrebonne Parish Sheriff's (the "Sheriff") financial performance presents a narrative overview and analysis of the Sheriff's financial activities for the year ended June 30, 2023. This document focuses on the current year's activities, resulting changes, and currently known facts. Please read this document in conjunction with the financial statements which follow this section.

FINANCIAL HIGHLIGHTS

As of June 30, 2023, the Sheriff had a deficit net position of \$55,015,515, which represents a 1.79% decrease from last fiscal year.

The Sheriff's revenues increased \$1,351,003 or 3.65% mainly because of increases in charges for services resulting from return to normal operations after Hurricane Ida and COVID-19.

The Sheriff's expenses increased by \$4,118,525, or 12.37% due to increases in public safety expenses as the Sheriff gets back to more normal operations.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Sheriff's financial statements. The Sheriff's annual report consists of five parts: (1) management's discussion and analysis (this section), (2) basic financial statements, (3) required supplementary information, (4) supplementary information, and (5) various governmental compliance reports and schedules by certified public accountants and management.

The basic financial statements include two kinds of statements that present different views of the Sheriff:

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Sheriff's finances, in a manner similar to a private sector business. The Statement of Net Position (Deficit) presents information on all of the Sheriff's assets, deferred outflow of resources, liabilities and deferred inflow of resources, with the difference reported as net position (deficit). Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**Government-Wide Financial Statements (Continued)**

of the Sheriff is improving or deteriorating. The Statement of Activities presents information showing how the Sheriff's net position (deficit) changed during each fiscal year. All changes are reported regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. The governmental activity of the Sheriff is public safety. The government-wide financial statements are presented on Exhibit A and B of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Sheriff uses funds to ensure and demonstrate compliance with finance-related laws and regulations and maintains two types of funds, governmental and fiduciary fund types.

Governmental Fund

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the Governmental Fund Balance Sheet and the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Sheriff maintains one individual governmental fund. Information is presented in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance for the General Fund. The governmental fund financial statements can be found on Exhibits C through F of this report.

Fiduciary Fund

Fiduciary funds are used to account for resources held for the benefit of parties outside the Sheriff. These funds report taxes collected for other taxing bodies, deposits held pending a court action and the individual prison inmate accounts. While these funds represent a trust responsibility, these assets are restricted in purpose and do not represent assets of the Sheriff. Therefore, these assets are not presented as part of the government-wide financial statements. The Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position can be found on Exhibit G and H of this report.

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

Notes to the Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements on found in Exhibit I of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Sheriff's budget presentations, schedule of Changes in the Sheriff's Total OPEB Liability and Related Ratios, a Schedule of the Sheriff's Proportionate Share of Net Pension Liability (Assets), and a Schedule of Sheriff Contributions. A budgetary comparison statement is included as "required supplementary information" for the General Fund. This statement demonstrates compliance with the Sheriff's adopted and final revised budget. Required supplementary information can be found on Exhibits J through N of this report.

Immediately following the required supplementary information section is the supplementary information section consisting of the Combining Statement of Fiduciary Net Position - Custodial Funds, Statement of Changes in Fiduciary Net Position - Custodial Funds and the Schedule of Ad Valorem Taxes Collected and Assessed and Uncollected, which presents detail changes in the Sheriff's agency funds and ad valorem tax information for the year ended June 30, 2023. A Schedule of Compensation, Benefits, and Other Payments to Agency Head of Chief Executive Officer and the Justice System Funding Schedule is also presented in the supplementary information section. An affidavit of cash on hand and of taxes collected and assessed and uncollected, as required by the State of Louisiana, is presented in supplementary information. Also included in supplementary information is the Justice System Funding Schedule which is a required schedule resulting from Act 87 of the 2020 regular legislative session. Supplemental schedules can be found on Schedules 1 through 6 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of the Sheriff's financial position. As of June 30, 2023, net position is a deficit of \$55,015,515. A portion of the Sheriff's net position, \$9,734,757, reflects its net investment in capital assets (e.g., land, furniture and fixtures, boats and vehicles, weapons and equipment, and buildings). Consequently, these assets are not available for future spending.

Total long-term liabilities increased as a result of the previous year's net pension asset, \$951,469, being reported as a liability, \$16,995,450, as of June 30, 2023 and decrease in total OPEB liability. See Note 9 for details related to long-term liabilities. Capital assets increased primarily due various facility improvements and equipment purchases. See Note 6 for details related to capital assets.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)**Governmental Activities**

Governmental activities increased the Sheriff's net position by \$1,003,455. Key elements of this increase are as follows:

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Sheriff uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Sheriff's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Sheriff's financing requirements. The General Fund is the chief operating fund of the Sheriff. It is used to account for all financial resources except those that are required to be accounted for in another fund. The Sheriff's total General Fund balance increased by \$2,014,394 during the year ended June 30, 2023 and the unassigned fund balance component of the General Fund's fund balance was \$17,381,679 and is available for spending at the Sheriff's discretion. The remainder of the General Fund's fund balance of \$619,523 is restricted.

Fiduciary Funds

These funds are used as depositories for civil suits, cash bonds, taxes, fees and other custodial funds. Disbursements from these funds are made to various parish agencies, litigants in suits, etc. in the manner prescribed by law. These funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. The activity from these funds are excluded from the Sheriff's government-wide financial statements because the Sheriff cannot use these assets to finance operations.

General Fund Budgetary Highlights

The budgetary comparison schedule for the General Fund displays original and final budgets and actual, with a variance column showing the favorable or (unfavorable) differences of actual with the final budget. The budget was amended once during the year. The major differences between the original General Fund budget and the final amended budget were as follows:

- Revenues
 - Sales and use tax increased \$1,591,480 to reflect an overall increase in the amount of sales and use tax received due to an increase in economic activity.
 - Intergovernmental revenue increased \$1,054,981 to reflect receipt of disaster grants and increase in state supplemental pay.
 - Fees, charges, and commissions for services increased \$2,856,320 to reflect anticipated increases due to return to normal operations after Hurricane Ida.
- Other financing sources
 - Insurance proceeds increased by \$149,149 to reflect anticipated receipt of additional insurance funds as a result of damages from Hurricane Ida.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (Continued)**General Fund Budgetary Highlights (Continued)**

- Expenditures
 - Personal services and related benefits increased \$566,962 to reflect anticipated increase in personal services due to increase in employee headcount and pay rate increases during the year.
 - Operation and maintenance increased \$2,126,954 to reflect increase in spending at jail and other various departments due to return to normal operations after Hurricane Ida.
 - Debt service principal expenditures were budgeted at \$394,622 to reflect the payment principal and interest on outstanding bonds.
 - Capital outlay increased \$1,089,454 to reflect an increase in new equipment purchases facility improvements to the building purchased in 2022.

**RECONCILIATION OF THE STATEMENT OF GOVERNMENTAL

BALANCE TO THE STATEMENT OF ACTIVITIES**

Terrebonne Parish Sheriff

For the year ended June 30, 2023

Net Change in Fund Balance - Governmental Fund **\$ 2,014,394**

Amounts reported for governmental activities in the Statement of
Activities are different because:

Governmental funds report capital outlays as expenditures.

However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period:

Capital outlay	\$ 2,532,345	
Depreciation expense	<u>(1,055,390)</u>	1,476,955

The net effect of various miscellaneous transactions involving capital assets, such as sales, trade-ins and donations, and lease is to decrease net position.

Loss on disposition of capital assets		(638,357)
---------------------------------------	--	-----------

The net effect of various transactions involving leases and right-of-use assets is to decrease net assets.

Capital outlay - lease	2,038,434	
Lease proceeds	(2,038,434)	
Amortization of right-of-use asset	(814,668)	
Lease interest expense	(443,686)	
Lease expense	<u>998,856</u>	(259,498)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction however has an effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities.

Principal payment		315,980

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

NOTES TO FINANCIAL STATEMENTS**Terrebonne Parish Sheriff**

June 30, 2023

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Terrebonne Parish Sheriff (the “Sheriff”) serves a four-year term as the chief executive officer of the law enforcement district and ex-officio tax collector of Terrebonne Parish (the “Parish”) as provided by Article V, Section 27 of the Louisiana Constitution of 1974. The Sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, and serving subpoenas.

As the chief law enforcement officer of the Parish, the Sheriff has the responsibility for enforcing state and local laws and ordinances within the territorial boundaries of the Parish. The Sheriff provides protection to the residents of the Parish through on-site patrols and investigations and serves the residents of the Parish through the establishment of neighborhood watch programs, anti-drug abuse programs, etc. In addition, when requested, the Sheriff provides assistance to other law enforcement agencies within the Parish.

As the ex-officio tax collector of the Parish, the Sheriff is responsible for collecting and distributing ad valorem property taxes, parish occupational licenses, state revenue sharing funds, sporting licenses, fines, costs, and bond forfeitures imposed by the district court.

The accounts of the tax collector are established to reflect the collections imposed by law, distributions pursuant to such law, and unsettled balances due various taxing authorities and others.

The accounting policies of the Sheriff conform to accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of significant accounting policies:

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

a. Reporting Entity

For financial reporting purposes, the Sheriff includes all funds and activities controlled by the Sheriff as an independently elected parish official. As an independently elected parish official, the Sheriff is solely responsible for the operations of his office, which include the hiring and retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds. Other than certain operating expenditures of the Sheriff's office that are paid or provided by the Terrebonne Parish Consolidated Government as required by Louisiana law, the Sheriff is a separate governmental reporting entity.

GASB No. 14, "*The Financial Reporting Entity*", GASB No. 39, "*Determining Whether Certain Organizations Are Component Units-an amendment of GASB Statement No. 14*", and GASB No. 61, "*The Financial Reporting Entity: Omnibus and amendment of GASB Statements No. 14 and No. 34*" established the criterion for determining which component units should be considered part of the Sheriff for financial reporting purposes. The basic criteria are as follows:

1. Legal status of the potential component unit including the right to incur its own debt, levy its own taxes and charges, expropriate property in its own name, sue and be sued, and the right to buy, sell and lease property in its own name.
2. Whether the governing authority appoints a majority of the board members of the potential component unit.
3. Fiscal interdependency between the Sheriff and the potential component unit.
4. Imposition of will by the Sheriff on the potential component unit.
5. Financial benefit/burden relationship between the Sheriff and the potential component unit.

The Sheriff has reviewed all of its activities and determined that there are no potential component units which should be included in its financial statements.

b. Basis of Presentation

The Sheriff's financial statements consist of the government-wide statements on all of the non-fiduciary activities and the fund financial statements.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Basis of Presentation (Continued)

Government-Wide Financial Statements:

The government-wide financial statements include the Statement of Net Position and the Statement of Activities for all activities of the Sheriff. The government-wide presentation focuses primarily on the sustainability of the Sheriff as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. Governmental activities of the Sheriff generally are supported by taxes and intergovernmental revenues.

Fund Financial Statements:

The daily accounts and operations of the Sheriff are organized on the basis of a fund and accounts groups, each of which is considered a separate accounting entity. The operations of the fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues and expenditures. Government resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds of the Sheriff are grouped, into generic fund types and two broad categories as follows:

Governmental activities presented as governmental funds in the fund financial statements

General Fund - This fund is the primary operating fund of the Sheriff and accounts for and reports the operations of the Sheriff. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to the Sheriff's policy. The General Fund is always a major fund.

Fiduciary Funds:

Custodial Funds - These funds are used to account for and report assets that the Sheriff holds for others in an agency capacity. Since by definition these assets are being held for the benefit of others and cannot be used to address activities or obligations of the Sheriff, these funds are not incorporated into the government-wide statements. The custodial funds are as follows:

Sheriff's Fund - To account for and report funds held in connection with civil suits, Sheriff's sales and garnishments and payment of these collections to the Sheriff's General Fund and other recipients in accordance with applicable laws.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Basis of Presentation (Continued)

Fiduciary Funds (Continued)

Tax Collector Fund - Article V, Section 27 of the Louisiana Constitution of 1974, provides that the Sheriff will serve as the collector of state and parish taxes and fees. The Tax Collector Fund is used to account for and report the collection and distribution of taxes and fees to the appropriate taxing authorities.

Bonds and Fines Fund - To account for and report the collection of bonds, fines, costs and payments of these collections to the Sheriff's General Fund and other recipients in accordance with applicable laws.

Inmate Deposit Fund - To account for and report funds belonging to individuals incarcerated in the parish prison. The funds are used by prisoners to purchase personal items while incarcerated, and any remaining balances are returned to prisoners upon their release.

c. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Government-Wide Financial Statements:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Fund Financial Statements:

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current position. Governmental funds are maintained on the modified accrual basis of accounting.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Measurement Focus and Basis of Accounting (Continued)

Governmental fund revenues resulting from exchange transactions are recognized in the fiscal year in which the exchange takes place and meets the government's availability criteria (susceptible to accrual). Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For this purpose, the Sheriff considers revenues to be available if they are collected within 60 days of the end of the current fiscal year.

Non-exchange transactions, in which the Sheriff receives value without directly giving value in return, include sales and use tax, property tax, grants and entitlements. Ad valorem taxes are recorded in the year taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. Sales and use taxes are recognized in the period when the underlying transaction has occurred, and the resources are available. Federal and state entitlements (which include state supplemental pay for deputies and state revenue sharing) are recorded as unrestricted grants when available and measurable. Federal and state grants are recorded when the allowable expenditures have been incurred.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule is interest and principal payments on general long-term debt, which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available resources. Allocations of cost such as depreciation are not recognized in the governmental funds.

Custodial funds are unlike all other types of funds reporting liabilities to the beneficiaries when an event has occurred that compels the disbursement of fiduciary resources. Events that compel disbursement of fiduciary resources occur when a demand for resources has been made or when no further action, approval or condition is required to be taken or met by the beneficiary to release the assets. Custodial funds use the accrual basis of accounting to recognize receivables and payables.

d. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

e. Cash and Cash Equivalents

Cash and interest-bearing deposits include amounts in demand deposits, interest-bearing demand deposits, and time deposits. They are stated at cost, which approximates market. Under state law, the Sheriff may deposit with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States. Tax collections must be deposited in a bank domiciled in the parish where the funds are collected.

f. Accounts Receivable

The financial statements of the Sheriff contain no allowance for uncollectible accounts. Uncollectible amounts for receivables are recognized as reductions in revenue at the time information becomes available which would indicate the uncollectibility of the particular receivable. These amounts are not considered to be material in relation to the financial position or operation of the funds.

g. Capital Assets

The accounting treatment over property, plant and equipment (capital assets) depends on whether the assets are reported in the government-wide or fund financial statements.

Government-Wide Financial Statements:

In the government-wide financial statements, fixed assets are accounted for as capital assets. Capital assets purchased or acquired with an original cost of \$500 or more are valued at historical cost or estimated historical cost if actual cost is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation. Automobiles awarded to the Sheriff's office by court award are recorded as capital assets at their estimated fair market value at the date of award. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g. Capital Assets (Continued)

Furniture and fixtures	5 - 7 years
Boats and vehicles	2 - 10 years
Weapons and equipment	3 - 5 years
Buildings	30 years

Fund Financial Statements:

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

h. Non-Current Liabilities

The accounting treatment of non-current liabilities depends on whether they are reported in the government-wide or fund financial statements.

Government-Wide Financial Statements:

All non-current liabilities to be repaid from governmental resources are reported as liabilities in the government-wide statements. Non-current liabilities consist of compensated absences accrued, bonds payable, obligations for other postemployment benefits (group healthcare and life insurance), lease liability and net pension liability.

Fund Financial Statements:

Non-current liabilities for governmental funds are not reported as liabilities in the fund financial statements.

i. Compensated Absences

The following vacation hours are earned during a fiscal year:

Years of Service	Total Annual Leave Earned For Fiscal Year
1 - 15 years	120 hours
16 - 24 years	160 hours
25 and above years	200 hours

Vacation time must be taken on a calendar year basis and is not available for carryover.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

i. Compensated Absences (Continued)

Beginning October 1, 2013, employees are paid for worked overtime each pay period. Prior to October 1, 2013, unpaid overtime was allowed to accumulate as comp-time. Comp-time may be used for paid time off from work. As of June 30, 2023, the Sheriff had \$7,071 of comp-time remaining to be paid and included comp-time in compensated absences.

j. Interfund Transactions

In the financial statements, interfund activity is reported as either loans or transfers. Loans between funds are reported as interfund receivables (due from) and payables (due to) as appropriate. Transfers represent a permanent relocation of resources between funds. In other words, they are not expected to be paid. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as “internal balances”. As of and for the year ended June 30, 2023, the Sheriff did not have any residual balances from interfund loans/borrowing arrangements or transfers.

k. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenses/expenditures) until then. As of June 30, 2023, deferred outflows of resources related to pensions and other postemployment benefits.

In addition to liabilities, the Statement of Financial Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then. As of June 30, 2023, deferred inflows of resources in the government-wide statements related to pensions and other postemployment benefits.

l. Pensions

For purposes of measuring the net pension liability/asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Sheriff’s Pension and Relief Fund (the “System”) and additions to/deductions from the System fiduciary net position have been determined on the same basis as they are reported by the System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

m. Fund Equity

Government-Wide Statements:

Equity is classified as net position and may be displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets. As of June 30, 2023, the Sheriff did not report any borrowings attributable to acquisitions, construction or improvements of those assets.
- b. Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributions or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

When both restricted and unrestricted resources are available for use, it is the Sheriff’s policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Financial Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as follows:

- a. Non-spendable - Amounts that cannot be spent either because they are in a non-spendable form or because they are legally or contractually required to be maintained intact.
- b. Restricted - Amounts for which constraints have been placed on the use by externally imposed donors, grantors, creditors, or government laws and regulations, or imposed by law through constitutional provisions or enabling legislation.
- c. Committed - Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Sheriff.
- d. Assigned - Amounts that are constrained by the Sheriff’s intent to be used for a specific purpose but do not meet the criteria for restricted or committed.
- e. Unassigned - All other spendable amounts.

For the classification of governmental fund balances, the Sheriff considers an expenditure to be made from the most restrictive fund balance first when more than one classification is available.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

n. New GASB Statements

During the year ending June 30, 2023, the Sheriff implemented the following GASB Statements:

Statement No. 94, “*Public-Private and Public-Public Partnerships and Availability Payment Arrangements*” improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this Statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services; and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this Statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. This Statement did not affect the Sheriff’s financial statements.

Statement No. 96, “*Subscription-based Information Technology Arrangements*” provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITA) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. This Statement did not affect the Sheriff’s financial statements.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

n. New GASB Statements (Continued)

The GASB has issued the following Statements which will become effective in future years as shown below:

Statement No. 99, “*Omnibus 2022*” provides objectives to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements and accounting and financial report for financial guarantees. The requirements of this Statement apply to all financial statements at dates varying from upon issuance to fiscal periods beginning after June 15, 2023. Management has yet to determine the effect of this Statement on the financial statements.

Statement No. 100, “*Accounting Changes and Error Corrections - an amendment of GASB Statement No. 62*” provides guidance to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged. Management has yet to determine the effect of this Statement on the financial statements.

Statement No. 101, “*Compensated Absences*” provides guidance to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Earlier application is encouraged. Management has yet to determine the effect of this Statement on the financial statements.

Note 2 - DEPOSITS

Louisiana state law allows all political subdivisions to invest excess funds in obligations of the United States or any other federally insured investments, certificates of deposit of any bank domiciled or having a branch office in the state of Louisiana, guaranteed investment contracts and investment grade (A-1/P-1) commercial paper or domestic corporations.

Note 2 - DEPOSITS (Continued)

State law also requires that deposits of all political subdivisions be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and the market value of securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or trust company for the account of the political subdivision. The year end balances of deposits are as follows:

Bank Balance	Reported Amount
\$ 20,015,723	\$ 18,420,144

Custodial credit risk is the risk that in the event of a bank failure, the Sheriff's deposits may not be returned to it. The Sheriff does not have a policy to monitor or attempt to reduce exposure to custodial credit risk. As of June 30, 2023, \$19,160,643 of the Sheriff's bank balance of \$20,015,723 was exposed to custodial credit risk. These deposits were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent and are deemed to be held in the Sheriff's name by state statutes.

As of June 30, 2023, cash in excess of the FDIC insurance was collateralized by securities held by an unaffiliated bank for the account of the Sheriff. The GASB, considers these securities subject to custodial credit risk. Even though the deposits are considered subject to custodial credit risk under the provisions of GASB Statement No. 40, Louisiana Revised Statute 39: 1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the depositor that the fiscal agent has failed to pay deposited funds upon demand.

A reconciliation of deposits as shown on the Statement of Net Position and Governmental Fund Balance Sheet is as follows:

Reported amount	\$ 18,420,144
Less cash reported in the Statement of Fiduciary Fund	(3,055,962)
Cash on hand	6,000
Cash - Statement of Net Position	\$ 15,370,182

Note 2 - DEPOSITS (Continued)

As of June 30, 2023, the Sheriff, as ex-officio tax collector, has cash in the Tax Collector Custodial Fund totaling \$264,384. The unsettled balance as of June 30, 2023 consists of:

Taxes	\$ 256,889
Electronic	517
Protest taxes	2,272
Refunds and redemptions	<u>4,706</u>
Total	<u>\$ 264,384</u>

Note 3 - PROPERTY TAXES

The Sheriff is the ex-officio tax collector of the Parish and is responsible for the collection and distribution of ad valorem property taxes. Note 10 - OTHER POST-EMPLOYMENT BENEFITS

Plan Description

The Sheriff administers a single employer defined benefit healthcare plan (the “Plan”). The Plan provides for the lifetime payment of medical and dental insurance premiums to eligible retirees and their dependents through the Sheriff’s group health plan, which cover both active and retired members. Sheriff employees with 20 years of permanent full-time creditable service with the Sheriff or 30 years of permanent full-time creditable service with any Sheriff’s office are eligible to participate in the Sheriff’s Pension and Relief Fund (see Note 11) and are eligible to participate in the Plan, which provides 100% of retiree healthcare and life insurance. The amount of life insurance coverage is a continuation of the amount in effect at the retirement date, but retiree coverage is reduced to 75% and 50% of the retirement date amount at ages 65 and 75, respectively. A retiree may elect dependent healthcare coverage at applicable rates. A retiree with less than 20 years of permanent full-time creditable service is eligible to participate in the Plan at the applicable rates. The Sheriff does not issue a publicly available financial report on the Plan.

Note 11 - PENSION PLAN

Plan Description - The Sheriff contributes to the Sheriff's Pension and Relief Fund (the "System"), a cost-sharing, multiple-employer defined benefit pension plan administered by the Sheriff's Pension and Relief Fund, a public corporation created in accordance with the provisions of Louisiana Revised Statute 11:2171 to provide retirement, disability and survivor benefits to employees of Sheriff's offices throughout the State of Louisiana. The Sheriff's Pension and Relief Fund issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Sheriff's Pension and Relief Fund, 1225 Nicholson Drive, Baton Rouge, Louisiana 70802.

Benefits Provided. The System provides retirement, deferred retirement, disability and death benefits. Members who became eligible on or before December 31, 2011, with twelve years of creditable service may retire at age 55, members with thirty years may retire regardless of age. The retirement allowance is equal to three and one-third percent of the member's average final compensation multiplied by his years of creditable service, not to exceed (after reduction for optional payment form) 100% of average final compensation. Active, contributing members with at least ten years of creditable service may retire at age 60. The accrued normal retirement benefit is reduced for each month retirement begins prior to normal retirement date. For members who became eligible on or after January 1, 2012, with twelve years of creditable service may retire at age 62, members with twenty years of service may retire at age 60; members with thirty or more years of service may retire at age 55. The benefit accrual rate for members with less than thirty years of creditable service is 3% per year, while members with thirty or more years the benefit accrual rate is 3⅓% per year. The retirement allowance is equal the benefit accrual rate times the member's average final compensation multiplied by his years of creditable service, not to exceed (after reduction for optional payment form) 100% of average final compensation. For a member whose first employment making him eligible for membership in the System began on or before June 30, 2006, final average compensation is based on the average monthly earnings during the highest thirty-six consecutive months or joined months if service was interrupted. For a member whose first employment making him eligible for membership in the System began after June 30, 2006, final average compensation is based on the average monthly earnings during the highest 60 consecutive months or joined months if service was interrupted. For a member, whose first employment making him eligible for membership in the System began before July 1, 2013, the earnings to be considered for each 12 month period within the applicable 36 or 60 month period shall not exceed 125% of the preceding 12 month period earnings. For a member, whose first employment making him eligible for membership in the System began on or after July 1, 2013 the earning to be considered for each 12 month period within the 60 month period shall not exceed 115% of the preceding 12 month period earnings.

Note 11 - PENSION PLAN

In lieu of receiving a service retirement allowance, any member of the fund who has more than sufficient service for a regular service retirement may elect to receive a “DROP” benefit. The DROP period is the lesser of three years or the service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. The member’s employee retirement contributions are also credited to his account during the DROP period. At retirement, the member will receive a lump-sum payment equal to the monthly benefit multiplied by the number of months in the DROP period. A member is eligible to receive disability benefits if he has at least ten years of creditable service when a non-service related disability is incurred; there are no service requirements for a service related disability. Death benefits are payable to eligible surviving dependents based on the deceased member’s years of creditable service and compensation and the dependent’s relationship to the deceased member. The System provides permanent benefit increases, cost of living adjustments (COLA) as approved by the State Legislature.

Contributions. According to state statute, contribution requirements for all employees are actuarially determined each year. For the years ending June 30, 2023 and 2022, the actual employer contribution rate was 11.50% and 12.25%, respectively. The actual rate differs from the actuarially required rate due to state statutes that require the contribution rate be calculated and set two years prior to the year effective.

In accordance with state statute, the System receives ad valorem taxes, insurance premium taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities but are not considered special funding situations.

Contributions to the System from the Sheriff were \$1,915,097 for the year ended June 30, 2023.

Pension Liabilities. As of June 30, 2023, the Sheriff reported a liability of \$16,995,450 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Sheriff’s proportion of the net pension liability was based on a projection of the Sheriff’s long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. As of June 30, 2022, the Sheriff’s proportion was 2.09101%, which was an increase of 0.17099% from its proportion measured as of June 30, 2021.

Pension Expense. For the year ended June 30, 2023, the Sheriff recognized pension expense of \$2,428,471.

Note 11 - PENSION PLAN (Continued)

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.

As of June 30, 2023, the Sheriff reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 781,810	\$ (844,438)
Net difference between projected and actual earnings on pension plan investments	7,357,960	-

Sheriff contributions subsequent to the measurement date	<u>1,915,097</u>	<u>-</u>
	<u>\$ 13,609,706</u>	<u>\$ (1,686,460)</u>

The Sheriff reported \$1,915,097 as deferred outflows of resources related to pensions resulting from the Sheriff's contributions subsequent to the measurement date and will be recognized as a reduction of the net pension asset in the valuation for the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2024	\$ 2,477,072
2025	2,180,271
2026	1,267,298

Total	<u>\$ 10,008,149</u>

Note 11 - PENSION PLAN (Continued)

Actuarial Assumptions. A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2022 are as follows:

Valuation date	June 30, 2022
Actuarial cost method	Individual Entry Age Normal Method
Actuarial assumptions:	
Expected remaining service lives	5 years (2022 and 2021 5 years; 2020, 2019, and 2018 6 years; 2017 and 2016 7 years).
Investment rate of return	6.85%, net of investment expense.
Discount rate	6.85%
Projected salary increases	5.00 % (2.50% inflation, 2.50% merit).
Mortality rates	Pub-2010 Public Retirement Plans Mortality Table for Safety Below - Median Employees multiplied by 120% for males and 115% for females, each with full generational projection using the MP2019 scale.
Cost of living adjustments	The present value of future retirement benefits is based on benefits currently being paid by the Fund and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Estimates of arithmetic real rates of return for each major asset class based on the System's target asset allocation as of June 30, 2022 are as shown on the next page:

Note 11 - PENSION PLAN (Continued)

Asset Class	Target Allocation	Real Return Arithmetic Basis	Long-Term Expected Real Rate of Return
Equity securities	62.00%	6.61%	4.10%
Fixed income	25.00%	4.92%	1.23%
Alternative investments	13.00%	6.54%	0.85%
Totals	<u>100.00%</u>		6.18%
Inflation			<u>2.25%</u>
Expected arithmetic nominal return			<u>8.43%</u>

Discount Rate. The discount rate used to measure the collective pension liability was 6.85%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by Public Retirement Systems' Actuarial Committee (PRSAC) taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Sheriff's Proportionate Share of the Collective Net Pension Liability to Changes in the Discount Rate. The following presents the Sheriff's proportionate share of the Collective Net Pension Liability using the discount rate of 6.85%, as well as what the Sheriff's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (5.85%) or one percentage-point higher (7.85%) than the current rate:

	1.0% Decrease (5.85%)	Current Discount Rate (6.85%)	1.0% Increase (7.85%)
Sheriff's proportionate share of the net pension liability (asset)	<u>\$ 30,095,184</u>	<u>\$ 16,995,450</u>	<u>\$ 6,072,563</u>

Pension Plan Fiduciary Net Position. The Sheriff's Pension and Relief Fund has issued a stand-alone audit report on their financial statements for the year ended June 30, 2022. Access to the report can be found on the Louisiana Legislative Auditor's website, www.la.la.gov.

Note 12 - DEFERRED COMPENSATION PLAN

The Sheriff offers its employees participation in the Louisiana Public Employees Deferred Compensation Plan adopted by the Louisiana Deferred Compensation Commission and established in accordance with Internal Revenue Code Section 457. Complete disclosures relating to the plan are included in the separately issued audit report for the plan, available from the Louisiana Legislative Auditor, Post Office Box 94397, Baton Rouge, Louisiana 70804-9397. During the year then ended June 30, 2023, the Sheriff contributed \$312,857 to the Plan.

Note 13 - TAXES PAID UNDER PROTEST

The unsettled balance due to taxing authorities in the Fiduciary Fund as of June 30, 2023 includes \$2,272 of taxes paid under protest and interest earned on the investment of these funds. These funds are held pending resolution of the protest and are accounted for in the Tax Collector Custodial Fund.

Note 14 - LITIGATION, CLAIMS, AND RISK MANAGEMENT

The Sheriff's Office is exposed to various risks of losses related to general liability, auto liability; property, and group health benefits. For the year ending June 30, 2023, the Sheriff purchased commercial liability insurance to cover risk of loss related to torts or negligence by employees. Commercial insurance has also been obtained to cover real and personal property, general liability, automobile, crime, and law enforcement liability. Management believes coverage obtained will adequately cover any future claims.

As of June 30, 2023, the Sheriff is involved in various lawsuits claiming damages. Some of these lawsuits seek substantial amounts. The Sheriff plans to vigorously oppose these suits and, based on the advice of counsel, does not believe their ultimate disposition will materially affect the accompanying financial statements.

Note 15 - COMMITMENTS AND CONTINGENCIES

The Terrebonne Parish Clerk of Court is required to remit specific costs back to the Sheriff's Office for process services provided by the Sheriff's Office related to court cases. The Sheriff identifies an estimate of approximately \$845,000 is due to the Sheriff's Office for services rendered on both settled and unsettled court cases. This amount, which is unrecorded, is identified by the Sheriff's internal audit and confirmed by the Terrebonne Parish Clerk of Court.

SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Timothy Soignet,
Terrebonne Parish Sheriff,
Houma, Louisiana.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the General Fund and the Fiduciary Fund of the Terrebonne Parish Sheriff (the “Sheriff”) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Sheriff’s basic financial statements and have issued our report thereon dated December 8, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Sheriff’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Sheriff’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Sheriff’s financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weakness. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sheriff's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Sheriff's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sheriff's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We were engaged by the Sheriff to perform this agreed-upon procedures engagement and conducted our engagement in accordance with the attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on these C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Sheriff and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance.
