MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year ended December, 2022

The Management's Discussion and Analysis of the Village of Castor's financial performance presents a narrative overview and analysis of the Village's financial activities for the year ended December 31, 2022. This document focuses on the current year's activities, resulting changes, and currently known facts. Please read this document in conjunction with the additional information contained in the Village of Castor's financial statements, which begin on page 8.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities provide information about the activities of the Village as a whole and present a longer-term view of the Village's finances. These statements tell how the services were financed in the short-term as well as what remains for future spending.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities. The Village uses funds to ensure and demonstrate compliance with finance related laws and regulations. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources at the end of the year. As the Government-Wide Financial Statements includes the long-term view, comparisons between these two views may provide insight into the long-term impact of short-term financing decreases. Both the governmental funds balance sheet and the governmental funds operating statement provide a reconciliation to assist in understanding the difference between these two views.

The Village conducts its day-to-day operations through a governmental fund, the General Fund, and a business-type activity, the Village's utility system.

A summary of the basic government-wide financial statements is as follows:

Governmental Activities

- The Village's assets exceeded its liabilities by \$226,900 for the year ending December 31, 2022. This is an increase of \$1,367 from the prior year.

Business Type Activities

- The Proprietary Fund, the water/sewer system, had a decrease in net position of \$22,892 for the year ending December 31, 2022. This compares to a decrease of \$30,839 for the prior year.

General Fund Budgetary Highlights

The actual revenues were \$1,615 less than the budgeted amount for the year and actual expenditures were \$2,641 more than the budgeted amount for the year which exceeds the variance allowed by the Louisiana Local Government Budget Act.

Economic Factors and Next Year's Budget

The budget for FY 2023 should not significantly differ from FY 2022.

We have reviewed the accompanying financial statements of the governmental activities, business-type activities, and each major fund of the Village of Castor (Village) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the Table of Contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the Village's personnel. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with *Statements on Standards for Accounting and Review Services* promulgated by the Accounting and Review Services Committee of the AICPA, and the standards applicable to review engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of Village of Castor and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Other Matter Paragraphs

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Budgetary Comparison Schedule, as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. The information is the responsibility of management. We have reviewed the information and, based on our review, we are not aware of any material modifications that should be made to the information in order for it to be in accordance with accounting principles generally accepted in the United States of America. We have not audited the information and, accordingly, do not express an opinion on such information.

Supplementary Information

The accompanying Schedule of Compensation, Benefits, and Other Payments to the Agency Head or Chief Executive Officer and Justice System Funding Schedule-Collecting/Disbursing are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information is the representation of management. We have reviewed the information and, based on our review, we are not aware of any material modifications that should be made to the information in order for it to be in accordance with accounting principles generally accepted in the United States of America. We have not audited the supplementary information and, accordingly, do not express an opinion on such information.

Other Reporting Requirements

In accordance with the *Louisiana Governmental Audit Guide* and the provisions of state law, we have issued a report dated May 8, 2023, on the results of our agreed-upon procedures on page 34 through 37. Pages 38 through 40 present the Louisiana Attestation Questionnaire.

NOTES TO FINANCIAL STATEMENTS

Village of Castor
Notes to Financial Statements
December 31, 2022

Introduction:

Pursuant to the provisions of Section 11, of Act No. 136, of the Session Acts of the General Assembly of the State of Louisiana, approved July 13, 1898, and Acts amendatory thereof, the Village of Castor, Louisiana, (Village) was declared a corporation by Proclamation executed by Governor John M. Parker on June 26, 1920. The Village is located in Ward 3 of Bienville Parish, State of Louisiana, and is managed by an elected Mayor and three aldermen. The Village provides a basic range of municipal services. These include police protection, public works (streets and lights), public improvements, sewer/water services, planning and zoning, social, cultural and general administration services. Management is compensated for services rendered to the Village. The Village has seven employees.

1. Summary of Significant Accounting Policies:

A. REPORTING ENTITY-

The Village is the basic level of government which has financial accountability and control over all activities related to the Village operations and services provided. The Village is not included in any other governmental "reporting entity" as defined by GASB pronouncements, since the Village Mayor and Board of Aldermen are elected by the public and have decision making authority to levy taxes, the power to designate management, the ability to significantly influence operations and primary accountability for fiscal matters. In addition, there are no component units as defined in Governmental Accounting Standards Board Statement 14, which are included in the Village's reporting entity.

The financial statements of the Village of Castor, Louisiana are prepared in accordance with generally accepted accounting principles (GAAP). The Village of Castor's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

B. BASIS OF PRESENTATION-

Government-Wide Financial Statements (GWFS)

The Statement of Net Position and Statement of Activities report information about the reporting government as a whole. They include all funds of the reporting entity. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

The Statement of Net Position presents the governmental-type activities on a consolidated basis, and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations.

Village of Castor
Notes to Financial Statements
December 31, 2022

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Village's governmental activities. Direct expenses are those that are specifically associated with a program or function. Program revenues include (a) fees and charges paid by the recipient for goods or services offered by the program, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

C. FUND ACCOUNTING-

The accounts of the Village are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds maintained is consistent with legal and managerial requirements.

The Village maintains two funds. One is categorized as a governmental fund and one as a proprietary fund. The emphasis on fund financial statements is on major governmental and enterprise funds; each displayed in a separate column. The Village considers both funds to be major.

The funds of the Village are described below:

Governmental Fund

General Fund

The General Fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund.

Proprietary Fund

Enterprise Fund

Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Village's enterprise fund is the Utility Fund.

D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING-

Basis of accounting refers to when revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual Basis - Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities display information about the Village as a whole. Both of these statements have been prepared using the economic measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Modified Accrual Basis - Fund Financial Statements (FFS)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., when they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Village considers all revenues "available" if collected within 60 days after year-end. Expenditures are generally recorded under the modified accrual basis of accounting when the related liability is incurred. The exceptions to this general rule are that (1) unmatured principal and interest on long-term debt, if any, are recorded when due and (2) claims and judgments and compensated absences are recorded as expenditures when paid with expendable available financial resources.

E. CASH AND INTEREST-BEARING DEPOSITS-

For purposes of the Statement of Net Position and Statement of Cash Flows, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposit of the Village.

F. CAPITAL ASSETS-

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Village maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of that asset or materially extend the life of that asset are not capitalized.

Village of Castor
Notes to Financial Statements
December 31, 2022

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of useful lives by type of asset is as follows:

Buildings and improvements	40 years
Equipment and vehicles	3-16 years
Utility system and improvements	10-50 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

G. RESTRICTED ASSETS-

Restricted assets include cash, interest-bearing deposits, and investments of the proprietary fund that are legally restricted as to their use. The restricted assets are related to utility meter deposits.

H. COMPENSATED ABSENCES-

There is no formal leave policy for the Village, therefore no entry is made to record compensated absences.

I. EQUITY CLASSIFICATIONS-

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net resources with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provision or enabling legislation.
- c. Unrestricted net position - All other net resources that do not meet the definition of "restricted" or "net investment in capital assets".

Village of Castor
Notes to Financial Statements
December 31, 2022

When an expense is incurred for the purposes for which both restricted and unrestricted net position is available, management applies unrestricted resources first, unless a determination is made to use restricted resources. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expense.

In the fund statements, governmental fund equity is classified as fund balance and displayed in five components. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- a. Nonspendable fund balance - amounts that are not in a spendable form (such as prepaid expenses) or are required to be maintained intact;
- b. Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- c. Committed fund balance - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- d. Assigned fund balance - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- e. Unassigned fund balance - amounts that are available for any purpose; positive amounts are reported only in the general fund.

The General Fund has an unassigned fund balance of \$120,823. If applicable, the Village would typically use restricted fund balances first, followed by committed resources and assigned resources as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first and to defer the use of these other classified funds.

J. ESTIMATES-

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenue, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

Village of Castor
Notes to Financial Statements

K. OPERATING REVENUES AND EXPENSES-

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing noncapital financing, or investing activities.

L. EXPENDITURES/EXPENSES-

In the government-wide financial statements, expenses are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures are classified as follows:

Governmental Funds - By Character
Proprietary Fund - By Operating and Nonoperating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

M. BUDGET-

Prior to the beginning of each fiscal year, the Village adopts a budget for the next fiscal year. The budget is open for public inspection. All budgetary appropriations lapse at the end of the fiscal year. The budget is prepared on the modified accrual basis of accounting.

2. Cash and Cash Equivalents:

The cash and cash equivalents of the Village of Castor are subject to the following risk:

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Village will not be able to recover its deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Village that the fiscal agent bank has failed to pay deposited funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the Village's name.

Bank account balances at December 31, 2022, totaled \$278,831 and were fully secured by FDIC Insurance.

3. Restricted Assets:

The Enterprise Fund has restricted assets as follows:

Customer Deposits	\$ <u>5,563</u>
-------------------	-----------------

4. Property Taxes:

The Village levies taxes on real and business personal property located within its boundaries. Property taxes are levied by the Village on property values assessed by the Bienville Parish Tax Assessor and approved by the State of Louisiana Tax Commission.

For the year ended December 31, 2022, 6.5 mills were levied on property in the Village for general purposes per La. Constitution Article VI, Part II, Section 27(A).

The property tax calendar is as follows:

Assessment Date	January 1
Levy Date	June 1
Tax Bills Mailed	November 15
Total Taxes are Due	December 31
Penalties and Interest are Added	January 1
Lien Date	No Set Policy
Tax Sale	No Set Policy

Assessed values are established by the Bienville Parish Tax Assessor each year on a uniform basis at the following percent of fair market value:

Land	10%
Residential	10%
Industrial	15%
Machinery	15%
Commercial	15%
Public Service (excluding land)	25%

A reevaluation of all property is required to be completed no less than every four years. A reevaluation was completed for the tax roll of January 1, 2020.

5. The Louisiana Industrial Ad Valorem Tax Exemption program (Louisiana Administrative Code, Title 13, Chapter 5) is a state incentive program which abates, up to ten years, local ad valorem taxes on a manufacturer's new investment and annual capitalized additions related to the manufacturing site. Applications to exempt qualified property for five years are approved by the Louisiana Economic Development's Board of Commerce and Industry. The exemption may be renewed for an additional five years. Under agreements entered into by the State of Louisiana, through the Louisiana Industrial Ad Valorem Tax Exemption program, the Village of Castor ad valorem tax revenues were reduced by \$6,287 for the fiscal year ending December 31, 2022.

Depreciation expense of \$7,547 was charged to the general government function, and \$56,475 was charged to the business-type activities.

7. Receivables:

The following is a summary of receivables at December 31, 2022:

<u>Class of Receivable</u>	<u>General Fund</u>	<u>Proprietary Fund</u>	<u>Total</u>
Water & Sewer Sales	\$0	\$6,345	\$6,345

Substantially all receivables are considered to be fully collectible, and no allowance for uncollectibles is used.

8. Compensation Paid to Board Members:

The members of the Village Council received no compensation for their services.

9. Related Party Transactions:

The Village had no identified related party transactions for the year ended December 31, 2022.

10. Pending Litigation:

The Village is currently named, along with most water districts in the state of Louisiana, as a defendant in a civil suit. Attorneys for the defense are of the opinion that the plaintiff will be unable to establish a cause of action against the Village, thereby granting the Village full dismissal. In the event a dismissal is not granted, any judgements rendered in favor of the plaintiff or payment resulting from compromise settlements, if any, will be within the limits of the Village's liability insurance.

11. Subsequent Events:

Management has evaluated events through May 8, 2022, the date which the financial statements were available for issue. There were no items to be reported as subsequent events.

**INDEPENDENT ACCOUNTANT'S REPORT
ON APPLYING AGREED-UPON PROCEDURES**

To Village of Castor and the Louisiana Legislative Auditor

We have performed the procedures enumerated below, which were agreed to by the management of the Village of Castor and the Legislative Auditor (the specified parties), on the Village's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended December 31, 2022, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. The Village's Mayor and Aldermen are responsible for its financial records and compliance with applicable laws and regulations. The sufficiency of these procedures is solely the responsibility of the specified parties. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

PUBLIC BID LAW

1. Obtain documentation for all expenditures made during the year for materials and supplies exceeding \$60,000, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 36:1551-3-:1755 (the state procurement code) or R.S. 38:2211-2296 (the public bid law), whichever is applicable; and report whether the expenditures were made in accordance with these laws.

No expenditures were found to be in violation.

CODE OF ETHICS FOR PUBLIC OFFICIALS AND PUBLIC EMPLOYEES

2. Obtain a list of the immediate family members of each board member as defined by RS 42:1101-1124 (the ethics law).

Management provided us with the required list including the noted information.

3. Obtain a list of all employees paid during the fiscal period.

Management provided the requested information.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedures (3) were also included on the listing obtained from management in agreed-upon procedures (2) as immediate family members.

No employees were listed as immediate family members.

5. Obtain a list of all disbursements made during the year; and a list of outside business interests of board members, employees, and board members' and employees' immediate families. Report whether any vendors appear on both lists

Management provided the requested information. None of the business interests of board members, employees, and their immediate families appeared as vendors on the list of disbursements.

BUDGETING

6. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget. There were no amendments to the budget during the year.

7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.

We traced the adoption of the budget to the minutes of the Village, no amendments were noted. The original budget was adopted by a unanimous decision.

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more.

We compared the revenues and expenditures for the final budget to actual revenues and expenditures. Actual revenues and expenditures were in compliance with the 5% rule.

ACCOUNTING AND REPORTING

9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements, and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:

- (a) Report whether the six disbursements agree to the amount and the payee in the supporting documentation.

Each of the six selected disbursements agreed to the amount and payee in the supporting documentation.

- (b) Report whether the six disbursements were coded to the correct fund and general ledger account.

Each of the six selected disbursements were coded to the correct general ledger account.

- (c) Report whether the six disbursements were approved in accordance with management's policies and procedures.

The Village's policies and procedures state that the Mayor must approve all disbursements, with subsequent approval by the Village's Council of Aldermen. Documentation supporting each of the six selected disbursements included the signature of the chairman of the Village Council. In addition, approval by the full commission of each disbursement is annotated in the monthly files.

MEETINGS

10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.

Management represented that the Village is only required to post a notice of each meeting and the accompanying agenda on the door of the Town Hall of Castor, the site of their meetings. Management has asserted that such documents were properly posted.

DEBT

11. Obtain bank deposit slips for the fiscal year, and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

We inspected copies of all bank deposits for the period under examination and noted no deposits that appeared to be proceeds of bank loans, bonds, or like indebtedness.

ADVANCES AND BONUSES

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

Not applicable.

STATE AUDIT LAW

13. Report whether the agency provided a timely report in accordance with R.S. 24:513.

The Village's report is due on June 30, 2022, and will be submitted timely.

14. Inquire of management and report whether the agency entered into any contracts that utilize state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

The Village was not on the state noncompliance list. Management represented that the District did not enter into any contracts that utilized state funds.

PRIOR-YEAR COMMENTS

15. Obtain and report management's representation as to whether any prior-year suggestions, exceptions, recommendations, and/or comments have been resolved.

Our prior report, dated June 28, 2022, included a budget comment for failure to amend the budget as actual expenditures were more than budgeted expenditures by more than the 5% allowed.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Village's compliance with the foregoing matters. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on the Village's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.
