Independent Auditor's Report

To the East Feliciana Parish Police Jury
Clinton, LA 70722

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the East Feliciana Parish Police Jury, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the East Feliciana Parish Police Jury's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified, qualified, and adverse audit opinions.

Basis for Adverse Opinion on Aggregate Discretely Presented Component Units and Qualified Opinion on Governmental Activities

The financial statements referred to above do not include financial data for the East Feliciana Parish Police Jury's legally separate component units. Accounting principles generally accepted in the United States of America require financial data for those component units to be reported with the financial data of the East Feliciana Parish Police Jury's primary government unless the East Feliciana Parish Police Jury also issues financial statements for the financial reporting entity that include the financial data for its component units. The East Feliciana Parish Police Jury has not issued such reporting entity financial statements. The amount by which this departure would affect the assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues, and expenses of the aggregate discretely presented component units has not been determined.

As described in Note 15, there is a potential contingent liability to the financial statements of the governmental activities related to the parish coroner. The impact, if any, to the assets, deferred outflows of resources, liabilities, net position, and expenses of the governmental activities has not been determined.

Adverse Opinion

In our opinion, because of the significance of the matter discussed in the "*Basis for Adverse Opinion on Aggregate Discretely Presented Component Units and Qualified Opinion on Governmental Activities*" paragraph, the financial statements referred to above do not present fairly the financial position of the aggregate discretely presented component units of the East Feliciana Parish Police Jury, as of December 31, 2020, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the "*Basis for Adverse Opinion on Aggregate Discretely Presented Component Units and Qualified Opinion on Governmental Activities*" paragraph, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the East Feliciana Parish Police Jury, as of December 31, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major funds and aggregate remaining fund information of the East Feliciana Parish Police Jury, as of December 31, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 11-18 and 61-63, as well as the information presented in the Schedules of the Police Jury's Proportionate Share of the Net Pension Liability and the Schedules of the Police Jury's Contributions on pages 64-69, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions of the financial statements that collectively comprise the East Feliciana Parish Police Jury's basic financial statements. The accompanying schedules listed as Other Supplementary Information in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Cost of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The accompanying schedules listed as Other Supplementary Information in the table of contents and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules listed as Other Supplementary Information in the table of contents and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 10, 2022, on our consideration of the East Feliciana Parish Police Jury's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the East Feliciana Parish Police Jury's internal control over financial reporting and compliance.

Management's Discussion and Analysis

**East Feliciana Parish Police Jury
Management's Discussion and Analysis
As of and for the Year Ended December 31, 2020**

Introduction

The East Feliciana Parish Police Jury is pleased to present its Annual Financial Statements developed in compliance with Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – Management's Discussion and Analysis – For State and Local Governments* (GASB 34), as amended. The amendment of GASB Statement No. 34, including the adoption of GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and applicable standards are more fully described in *Footnote 1 – Summary of Significant Accounting Policies*.

The Police Jury's discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Police Jury's financial activity, (c) identify changes in the Police Jury's financial position, (d) identify any significant variations from the Police Jury's financial plan, and (e) identify individual fund issues or concerns.

As with other sections of this financial report, the information contained within this MD&A should be considered only a part of a greater whole. The readers of this statement should take time to read and evaluate all sections of this report, including the footnotes and the other Required Supplementary Information ("RSI") that is provided in addition to this MD&A.

Financial Highlights

- At December 31, 2020, the Police Jury's assets exceeded its liabilities by \$21,060,265 (net position). Of this amount, \$2,646,530 (unrestricted net position) may be used to meet the Police Jury's ongoing obligations to its citizens.
- For the year ended December 31, 2020, the total net position increased by \$300,959.

Overview of the Annual Financial Report

This discussion and analysis is intended to serve as an introduction to the East Feliciana Parish Police Jury's financial statements. The East Feliciana Parish Police Jury's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the East Feliciana Parish Police Jury's finances in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the East Feliciana Parish Police Jury's assets and liabilities using the accrual basis of accounting, the difference between the assets and liabilities is reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the East Feliciana Parish Police Jury is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

**East Feliciana Parish Police Jury
Management's Discussion and Analysis
As of and for the Year Ended December 31, 2020**

The governmental activities of the East Feliciana Parish Police Jury include general government, public safety, public works, cultural and recreation, health and welfare, and economic development. The East Feliciana Parish Police Jury does not at this time have any business-type activities.

The government-wide financial statements can be found on pages 20-21 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The East Feliciana Parish Police Jury, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related and legal requirements. All of the funds of the Police Jury can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, government fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term effects of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The East Feliciana Parish Police Jury maintains six individual governmental funds. Information is presented separately in the governmental fund statements of revenues, expenditures, and changes in fund balances for the General, Roads and Bridges, and Solid Waste, each of which are considered to be major funds. Data from the other three governmental funds is combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The East Feliciana Parish Police Jury adopts an annual appropriated budget for its general and special revenue funds. Budgetary comparison statements for the major funds have been provided herein to demonstrate compliance with those budgets.

The basic governmental fund financial statements can be found on pages 23-28 of this report.

**East Feliciana Parish Police Jury
Management's Discussion and Analysis
As of and for the Year Ended December 31, 2020**

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are reflected in the government-wide financial statements because the resources of those funds are *not* available to support the East Feliciana Parish Police Jury's own programs.

The basic fiduciary fund financial statements can be found on pages 30-31 of this report.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 33 through 57 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information. This includes the combined and combining and individual fund statements and schedules which can be found on pages 71-72 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The following table provides a summary of the Police Jury's net position for the current year as compared to the prior year. For more detailed information, see the Statement of Net Position on page 20 of this report.

Total Net Position	<u>\$ 21,060,265</u>	<u>\$ 20,759,306</u>

One of the largest portions of the East Feliciana Parish Police Jury's net position (60 percent) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding. The East Feliciana Parish Police Jury uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the East Feliciana Parish Police Jury's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the East Feliciana Parish Police Jury's net position (27 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance or *unrestricted net position* (13 percent) may be used to meet the government's on-going obligations to its citizens.

The Police Jury's activities increased its total net position by \$300,959 during the current fiscal year.

In order to further understand what makes up the changes in net position, the table on the following page provides a summary of the results of the Police Jury's activities for the current year as compared to the prior year. An analysis of the primary sources of these changes follows the table. For more detailed information, see the Statement of Activities on page 21 of this report.

Governmental Activities

Governmental activities decreased the East Feliciana Parish Police Jury's net position by \$300,959. Key elements of this change in net position as shown on the previous page are as follows:

- Total Revenues increased by \$226,448 or two percent during the year primarily due to the increase in operating grants in the amount of \$577,954 offset by decreases in capital grants in the amount of \$254,747.
- Total Expenses increased by \$317,132 or by approximately three percent during the year. The largest increases during 2020 were in health and welfare of \$183,502, street expenses in the amount of \$86,514, and sanitation expenses of \$82,195. These increases were partially offset by decreases to general government expenses of \$103,438.
- The increase in net position for 2020 was \$300,959, which was a decrease from the previous year by \$90,684.

Fund Financial Analysis

As noted earlier, the Police Jury uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Police Jury's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Police Jury's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the Police Jury's net resources available for spending at the end of the year.

As of the end of the current fiscal year, the East Feliciana Parish Police Jury's governmental funds reported combined ending fund balances of \$8,142,328, an increase of \$1,362,343. Approximately eight percent of this total amount, \$631,589 constitutes *unassigned fund balance*, which is available for spending at the government's discretion.

The general fund is the chief operating fund of the East Feliciana Parish Police Jury. At the end of the current fiscal year, unassigned fund balance of the general fund was \$631,589. As a measure of the general fund's liquidity, it may be useful to compare unassigned fund balance to total fund operating expenditures plus other financing uses totaling \$2,814,252. Unassigned fund balance represents approximately 22 percent of total general fund operating expenditures and other financing source outflows.

The fund balance of the East Feliciana Parish Police Jury's general fund decreased by \$264,153 during the current fiscal year.

The Roads and Bridges Fund had an increase in fund balance for the current year of \$1,091,220, for an ending total of \$1,712,788 at December 31, 2020.

The Solid Waste Fund has a total fund balance of \$4,739,481 which increased by \$82,860.

**East Feliciana Parish Police Jury
Management's Discussion and Analysis
As of and for the Year Ended December 31, 2020**

Major Fund Budgetary Highlights

Total revenues and other sources and total expenditures and other uses for the East Feliciana Parish Police Jury were within five percent of budgeted revenues and other sources and expenditures and other uses for the fiscal year ending December 31, 2020, except as follows:

- Roads and Bridges fund expenditures and other uses were above budgeted expenditures and other uses by 127 percent. This was due to expenditures from the FEMA projects that were incurred at the end of the fiscal year.
- Solid Waste fund expenditures and other uses were above budgeted expenditures and other uses by seven percent. This was primarily due to actual expenditures related to waste collections being higher than anticipated and budgeted.

Capital Assets and Debt Administration

Capital Assets

The East Feliciana Parish Police Jury's investment in capital assets for its governmental activities as of December 31, 2020, amounted to \$12,996,144 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, machinery and equipment, and infrastructure.

The following table provides a summary of the Police Jury's capital assets (net of depreciation) at the end of the current year as compared to the prior year. For more detailed information, see Note 7 to the financial statements on page 44 of this report.

Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the East Feliciana Parish Police Jury's budget for the 2020 fiscal year:

- The two major revenue sources for the general fund, excluding sales taxes, are ad valorem taxes and severance taxes. Ad valorem taxes increased \$77,485 in 2020. Ad valorem taxes were budgeted at \$486,000 for 2021. Severance tax decreased \$62,342 in 2020. Severance tax for the General Fund was budgeted at \$173,000 for 2021.
- Sales tax revenues increased by approximately \$84,761 in 2020. The General Fund, Roads and Bridges Fund, and Solid Waste Fund combined have budgeted sales tax revenues at \$4,322,521 for 2021.

East Feliciana Parish Police Jury
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds
to the Government-Wide Statement of Activities
For the year ended December 31, 2020

Amounts reported for governmental activities in the Statement of Activities are different because:

Net Change in Fund Balances, Total Governmental Funds, Statement E \$ 1,362,343

Governmental funds report capital outlays as expenditures. However, in the statement of activities the costs of these assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period, net of the gain on the sale of capital assets, which also is not reflected in the fund basis financial statements.

Expenditures for capital assets	\$	538,464	
Less:			
Current year depreciation		(893,749)	(355,285)

The issuance of long-term debt (bonds, leases, etc.) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Repayment of Principal		82,150	82,150
------------------------	--	--------	--------

Some expenses do not require the use of current financial resources and, therefore, are not recorded as an expenditure in the governmental funds, but are recorded as an expense in the statement of activities:

Change in compensated absences			(6,737)
Pension expense			(27,543)

Insurance which covers future periods is reflected in expenditures on the governmental funds. However, the statement of net position accounts for the expenses as a prepaid item.			1,206
---	--	--	-------

Some revenues in the statement of activities do not provide current financial resources and are not reported as revenue in the governmental funds:

Deferred inflows of resources for ad valorem taxes collected after year end, but not available soon enough to pay for current expenditures changed by the following amount.			(70,997)
---	--	--	----------

Deferred inflows of resources for FEMA payments collected after year end, but not available soon enough to pay for current expenditures changed by the following amount.			(705,482)

East Feliciana Parish Police Jury
Notes to the Financial Statements
As of and for the Year Ended December 31, 2020

Introduction

The East Feliciana Parish Police Jury is the governing authority for East Feliciana Parish and is a political subdivision of the State of Louisiana. The police jury is governed by nine jurors representing various districts within the parish. The jurors serve four-year terms.

Louisiana Revised Statute 33:1236 gives the police Jury various powers in regulating and directing the affairs of the parish and its inhabitants. The more notable of those are the power to make regulations for its own government; to regulate the construction and maintenance of roads, bridges, and drainage systems; to regulate the sale of alcoholic beverages; and to provide for the health and welfare of the poor, disadvantaged, and unemployed in the parish. Funding to accomplish these tasks is provided by ad valorem taxes, beer and alcoholic beverage permits, state revenue sharing, and various other state and federal grants.

East Feliciana Parish is located in the southeast portion of Louisiana, and has a population of approximately 21,360 residents. The area of East Feliciana Parish includes 455 square miles wherein 288 miles of road are maintained. The East Feliciana Parish Police Jury employs an estimated 69 employees.

In accomplishing its objectives, the Police Jury also has the authority to create special districts (component units) within the Parish. The districts perform specialized functions, such as fire protection, water distribution, sewerage collection and disposal, and health care facilities.

As the governing authority of the Parish, for reporting purposes, the Police Jury is the financial reporting entity for East Feliciana Parish. The financial reporting entity consists of (a) the primary government (Police Jury), (b) organizations for which the primary government is financially accountable; and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No.14, as amended, established criteria for determining the governmental reporting entity and component units that should be considered part of the East Feliciana Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. These criteria include:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the Police Jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Police Jury.
2. Organizations for which the Police Jury does not appoint a voting majority but are fiscally dependent on the Police Jury.
3. Organizations for which the reporting entity financial statements would be misleading if data or the organization is not included because of the nature or significance of the relationship.

**East Feliciana Parish Police Jury
Notes to the Financial Statements
As of and for the Year Ended December 31, 2020**

Based on the previous criteria, the Police Jury has determined that the following component units are part of the reporting entity:

Component Unit	Criteria Used
Audubon Regional Library	2, 3
Water District No. 7	1, 3
Gas Utility District No. 1	1, 3
Gas Utility District No. 2	1, 3
East Feliciana Council on Aging	2, 3
East Feliciana Parish Sheriff	2, 3
East Feliciana Parish Clerk of Court	2, 3
East Feliciana Parish Tax Assessor	2, 3
20th Judicial District Attorney	2, 3
East Feliciana Parish Emergency Communications Commission	1, 2
East Feliciana Parish Fire Protection District	1, 3

The primary government's (Police Jury) financial statements include all funds under the Police Jury's control and certain organizations for which the Jury maintains the accounting records. The Police Jury maintains the accounting records for the 20th Judicial District Criminal Court Fund. This fund is considered a part of the Police Jury and is included in the primary government financial statements as it is not considered to be a separate reporting entity. The Police Jury has chosen to issue financial statements of the primary government (Police Jury) only; therefore, none of the previously listed component units are included in the accompanying financial statements. The effect of the omission of these component units is unknown. The financial statements for the above component units can be found at the Louisiana Legislative Auditor at www.la.la.gov.

GASB Statement No. 14 provides for the issuance of primary government financial statements that are separate from those of the reporting entity. However, the primary government's (Police Jury) financial statements are not a substitute for the reporting entity's financial statements. The accompanying primary government financial statements have been prepared in conformity with generally accepted accounting principles as applied to governmental units. These financial statements are not intended to and do not report on the reporting entity but rather are intended to reflect only the financial statements of the primary government (Police Jury).

Also considered in the determination of component units of the reporting entity were the various municipalities and nonprofit entities of the Parish. It was determined that these governmental and nonprofit entities are not component units of East Feliciana Parish Police Jury reporting entity. These entities have separately elected governing bodies, are legally separate, and are fiscally independent of the Police Jury. They are considered by the Police Jury to be separate autonomous entities and issue financial statements separate from those of East Feliciana Parish Police Jury reporting entity.

1. Summary of Significant Accounting Policies

A. Government-Wide and Fund Financial Statements

The accompanying basic financial statements of the East Feliciana Parish Police Jury have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. These financial statements are presented in accordance with GASB Statement No. 34, *Basic Financial Statements, Management's*

East Feliciana Parish Police Jury
Notes to the Financial Statements
As of and for the Year Ended December 31, 2020

Discussion and Analysis, for State and Local Governments. Statement No. 34 established standards for financial reporting, with presentation requirements originally including a statement of net assets (or balance sheet), a statement of activities, and a statement of cash flows. The definition and composition of these statements, as originally defined in GASB Statement No. 34, are as amended by GASB Statements included in the following paragraphs. The Police Jury has also adopted the provisions of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, that require capital contributions to the Police Jury to be presented as a change in net position.

GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, effective for financial statement periods ending after December 15, 2012, provides guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures. Concepts Statement No. 4, *Elements of Financial Statements*, introduced and defined *Deferred Outflows of Resources* as a consumption of net assets by the government that is applicable to a future reporting period, and *Deferred Inflows of Resources* as an acquisition of net assets by the government that is applicable to a future reporting period, respectively. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities. GASB Concepts Statement 4 identifies net position as the residual of all other elements presented in a statement of financial position. This Statement amends the net asset reporting requirements in Statement No. 34, *Basic Financial Statements— and Management’s Discussion and Analysis—for State and Local Governments*, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. The definition and reporting of net position is further described in *Footnote J – Net Position and Fund Balance*. The Police Jury adopted GASB Statement No. 63 for the fiscal year ended December 31, 2012.

The East Feliciana Parish Police Jury has also previously adopted GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The application of this standard to long-term debt offerings of the Police Jury is more fully described in *Footnote I – Long-Term Obligations*.

At December 31, 2020 the Police Jury had deferred outflows and deferred inflows of resources in the governmental activities Statement of Net Position of \$288,640 and \$402,436, respectively, related to pension. At December 31, 2020 the Police Jury had deferred inflows of resources in the governmental funds Balance Sheet of \$44,163 related to accounts receivable on Ad Valorem taxes not collected in the period of availability and \$400,876 related to accounts receivable on grants not collected in the period of availability.

The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who

East Feliciana Parish Police Jury
Notes to the Financial Statements
As of and for the Year Ended December 31, 2020

purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the later are excluded from the government-wide financial statements. Major individual governmental funds are presented as separate columns in the fund financial statements.

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessment receivable, if any, due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The Police Jury reports the following major governmental funds:

- The *General Fund* is the Police Jury's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *Road District and Maintenance Fund* is a special revenue fund used to account for the operations and road maintenance of parish roads.
- The *Solid Waste Management Sales Tax Fund* is a special revenue fund used to account for the operations of a solid waste program for the Parish of East Feliciana.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule, if applicable, are payments-in-lieu of taxes and other charges between the government's enterprise operations. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions,

East Feliciana Parish Police Jury
Notes to the Financial Statements
As of and for the Year Ended December 31, 2020

including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted net positions are available for use, it is the Police Jury's policy to use restricted resources first, then unrestricted resources as they are needed.

When restricted, committed, assigned, or unassigned fund balances are available, the Police Jury considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds as needed, unless it has been provided for otherwise in the restrictions, commitment, or assignment actions.

C. Deposits and Investments

The Police Jury's cash and cash equivalents are considered to be cash on hand, demand deposits, time deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the Police Jury's investment policy limits the Police Jury to investments allowed under R.S. 33:2955.

Investments for the Police Jury are reported at fair value, except nonparticipating investment contracts which are reported at cost.

D. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown net of an allowance for uncollectible amounts. Uncollectible accounts due for Ad Valorem taxes are recognized as bad debts through the establishment of an allowance account at the time information becomes available which would indicate the uncollectibility of the particular receivable.

Property Taxes

Property taxes are levied on or about October 1st for the current year and are invoiced/collected by the East Feliciana Parish Sheriff. Taxes are due by December 31st following the levy date and are considered delinquent after the due date. The General, Health Unit, and Library Funds benefit from authorized and levied ad valorem taxes on property located within the Parish, (1) General Fund – 2.77 mills except the Town of Jackson which is 1.38 mills; (2) Health Unit – 3.00 mills; and (3) Library Fund – 2.5 mills.

Sales and Use Taxes

The Police Jury receives the following sales taxes approved by the voters of the Parish: (1) 1% designated for roads and bridges; (2) 1% designated for solid waste management; and (3) 1% split between the General Fund and Roads and Bridges fund.

The Police Jury and the East Feliciana Parish School Board have entered into an agreement in which the School Board is to collect the sales and use taxes for a stipulated fee. The School Board remits the tax proceeds to the Police Jury on a monthly basis.

**East Feliciana Parish Police Jury
Notes to the Financial Statements
As of and for the Year Ended December 31, 2020**

E. Inventories and Prepaid Items

The Police Jury utilizes the “purchase method” of accounting for supplies in governmental funds whereby expendable operating supplies are recognized as expenditures when purchased. The Police Jury did not record any inventory at December 31, 2020, as the amount is not material. Certain payments for insurance reflect cost applicable to future accounting periods. The Government Wide financial statements reflect prepaid insurance cost applicable to future accounting periods. The Police Jury recognizes expenditures for insurance and similar services extending over more than one accounting period when paid in the fund financial statements.

F. Restricted Net Position

For the government-wide statement of net position, net position is reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments and are imposed by law through constitutional provisions or enabling legislation.

G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Police Jury maintains a threshold level of \$2,500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings	40 Years
Roads, Bridges, and Infrastructure	40 - 50 Years
Equipment	5 - 10 Years
Furniture/Computers	7 Years
Vehicles	5 Years

H. Compensated Absences

Full-time employees of the Police Jury earn annual leave depending on length of service as follows: a) one week after one year of service; b) two weeks after two years of service; c) three weeks after five years of service; and d) four weeks after ten years of service.

Hourly employees of the Police Jury earn annual leave depending on length of service as follows: a) one week after one year of service; b) two weeks after three years of service; c) three weeks after six years of service; and d) four weeks after twelve years of service. Only one week of annual leave may be carried over to the next calendar year. Employees are not paid for their unused annual leave at year end, but are paid accumulated, unused leave upon termination at the employee's current rate of pay.

Sick leave shall be earned on the basis of years of employment as follows:

- 1) Full-time employees – forty hours after one year, plus twelve hours for each additional year of service
- 2) Part-time employees – prorated on the number of days worked per year as follows:
 - a) three days a week (156 days yearly) = 62% or seven hours per year
 - b) two days a week (104 days yearly) = 40% or five hours per year
 - c) five days per month (60 days yearly) = 23% or three hours per year

Only 320 hours (8 weeks) can be carried forward each year. Two weeks is the maximum amount of sick time that can be earned in one year. Employees are not paid for any accumulated sick leave at termination.

The cost of current leave privileges, computed in accordance with GASB Codification Section C60, is recognized in the governmental funds as a current-year expenditure when leave is actually taken. The compensated absences payable balance is recorded in the government-wide financial statement of net position.

I. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts, as well as issuance costs, were previously deferred and amortized over the life of the bonds using the effective interest method. Bonds payable were reported net of the applicable bond premium or discount.

The Police Jury adopted GASB 65 for the fiscal year end December 31, 2012, which required governmental entities to expense bond issuance costs in the period incurred. The Police Jury also adopted GASB 63, which has changed net assets to net position and utilizes deferred inflows and outflows.

In the fund financial statements, governmental fund types recognize bond premiums and discounts as well as bond issuance costs during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are now expended in the period occurred under GASB 65.

J. Net Position and Fund Balance

GASB Statement No. 34, *Basic Financial Statements, Management's Discussion and Analysis, for State and Local Governments*, required reclassification of net assets into three separate components. GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, revised the terminology by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. GASB Statement No. 63 requires the following components of net position:

- **Net Investment in Capital Assets Component of Net Position**

The *net investment in capital assets* component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position. If there are significant unspent related debt proceeds or deferred inflows of resources at the end of the reporting period, the portion of the debt or deferred inflows of resources attributable to the unspent amount should not be included in the calculation of net investment in capital assets. Instead, that portion of the debt or deferred inflows of resources should be included in the same net position component (restricted or unrestricted) as the unspent amount.

- **Restricted Component of Net Position**

The *restricted* component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the restricted assets reported.

- **Unrestricted Component of Net Position**

The *unrestricted* component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

In the fund statements, governmental fund equity is classified as fund balance. The Police Jury adopted GASB 54 for the year ended December 31, 2011. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used.

- **Nonspendable.** These are amounts that cannot be spent either, because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- **Restricted.** These are amounts that can be spent only for specific purposes, because of constitutional provisions, enabling legislation or constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- **Committed.** These are amounts that can be used only for specific purposes determined by a formal decision of the highest level of decision-making authority, which is the Board. To be reported as

East Feliciana Parish Police Jury
Notes to the Financial Statements
As of and for the Year Ended December 31, 2020

committed amounts, they cannot be used for any other purposes unless the government takes the same highest-level action to remove or change the constraint.

- **Assigned.** These are amounts that do not meet the criteria to be classified as restricted or committed, but are intended to be used for specific purposes based on the discretion of the Board.
- **Unassigned.** These are all other spendable amounts that are available for any purpose, based on the discretion of the Board. Positive amounts are reported only in the general fund.

K. Comparative Data/Reclassifications

Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation. All prior period adjustments recorded in the current period have been reflected in prior period data presented wherever possible.

L. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events within the control of the Police Jury, which are either unusual in nature or infrequent in occurrence.

M. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results could differ from those estimates.

N. Reconciliations of Government-Wide and Fund Financial Statements

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position is presented in Statement D of the basic financial statements. Explanation of certain differences between the governmental fund statement of revenues, expenses, and changes in fund balances and the government-wide statement of activities is presented in Statement F of the basic financial statements.

2. Stewardship, Compliance and Accountability

There were no funds that had deficit balances at December 31, 2020.

East Feliciana Parish Police Jury
Notes to the Financial Statements
As of and for the Year Ended December 31, 2020

3. Cash and Cash Equivalents

At December 31, 2020, the Police Jury has cash and cash equivalents (book balances) totaling, as follows:

	<u>2020</u>
Demand Deposits	\$ 160,889
Time and Savings Deposits	<u>6,683,551</u>
	<u>\$ 6,844,440</u>

These demand deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Even though the pledged securities may be considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Police Jury that the fiscal agent has failed to pay deposited funds upon demand.

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned. The Police Jury does not have a formal policy for custodial risk. At December 31, 2020, the Police Jury has \$7,772,745 in deposits (collected bank balances), consisting of \$180,736 in demand deposits and \$7,592,009 in time and savings deposits. The demand deposits are secured from risk by \$250,000 of federal deposit insurance. The time and savings deposits are secured from risk by \$250,000 of federal deposit insurance and the remaining \$7,342,009 is secured by pledged securities. The remaining \$7,342,009 secured by pledged securities is exposed to custodial credit risk because while the amount is secured, such securities are held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

4. Investments

Investments are categorized into these three categories of credit risk:

1. Insured or registered, or securities held by the Police Jury or its agent in the Police Jury's name
2. Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the Police Jury's name
3. Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the Police Jury's name

The Police Jury's investments are carried at fair value, except nonparticipating investment contracts which are reported at cost.

Interest Rate Risk: The Police Jury does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value arising from increasing interest rates.

The Police Jury had no investments at December 31, 2020.

5. Receivables

The Governmental Fund receivables at December 31, 2020 consist of the following:

Government Receivables	General Fund	Road and Bridges Fund	Solid Waste Fund	Other Funds	Total
Accounts	\$ -	\$ -	\$ -	\$ -	\$ -
Ad Valorem Taxes	531,439	-	-	583,884	1,115,323
Sales and Use Taxes	132,086	-	424,587	-	556,673
Severance Taxes	24,393	51,675	-	-	76,068
Federal Grants	-	717,793	-	-	717,793
Due from Other Governments	31,583	-	-	-	31,583
Other	43,374	-	-	6,524	49,898
Total Government Receivables	\$ 762,875	\$ 769,468	\$ 424,587	\$ 590,408	\$ 2,547,338

6. Interfund Receivables/Payables and Transfers

The following is a detailed list of interfund balances reported in the fund financial statements on December 31, 2020:

Interfund Balances	Due From Other Funds	Due To Other Funds
Major Funds:		
General Fund	\$ -	\$ 551,989
Roads and Bridges Fund	6,566	1,425,000
Solid Waste Fund	1,925,000	-
Non-Major Funds:		
Criminal Court Fund	3,713	-
Health Unit	29,492	-
Coroner Fund	12,218	-
Total Interfund Balances	\$ 1,976,989	\$ 1,976,989

The reason for the interfund receivables/payables balances is the General Fund pays payroll expenses and accounts payable for other funds. The interfund balances are generally repaid on a monthly basis.

The following is a detailed list of interfund transfers reported in the fund financial statements during the year ended December 31, 2020:

Interfund Transfers	Transfers In From Other Funds	Transfers Out To Other Funds
Major Funds:		
General Fund	\$ 12,058	\$ 59,970
Roads and Bridges Fund	-	-
Solid Waste Fund	-	-
Non-Major Funds:		
Criminal Court Fund	36,000	-
Health Unit	-	117,800
Coroner Fund	129,712	-
Total Interfund Transfers	\$ 177,770	\$ 177,770

The primary reason for the operating transfers was to fund operating requirements per budget approvals.

Total Governmental Activities Capital Assets, Net	\$ 13,351,429	\$ (355,285)	\$ -	\$ 12,996,144

Depreciation was charged to governmental functions as follows:

General Government	\$ 184,178
Public Safety	88,731
Public Works	62,668
Streets	558,172
	\$ 893,749

Capital asset additions consisted of \$96,597 for building improvements to the HVAC System at the parish prison, \$91,027 for building improvements to the Courthouse lighting, \$9,911 video conference system for the meeting room, \$3,495 for culvert cleaner equipment, and received a donation of the Clinton Presbyterian Church at a fair market value of \$40,000. The Police Jury also incurred \$83,899 in construction in progress related to the John Thomas Lane Bridge replacement and \$214,035 in construction in progress related to the Curruth Road Bridge replacement. Both of these projects were still in progress at year-end.

8. Prepaid Insurance

Insurance costs which cover future periods are recognized in the governmental fund financial statements when the expenditure is made. However, in the government-wide financial statements the expenditure for insurance applicable to future periods is reclassified as prepaid insurance on the statement of net position. Total insurance expense on a government wide basis, excluding insurance related to employees such as health and workers compensation insurance was \$231,651. Prepaid insurance was \$48,488.

12. Retirement Systems

Substantially all Police Jury employees are members of the Parochial Employees' Retirement System of Louisiana (System) or Registrar of Voters Employees' Retirement System. These systems are cost-sharing multiple-employer defined benefit pension plans administered by a separate board of trustees.

The Police Jury implemented Governmental Accounting Standards Board (GASB) Statement 68 on *Accounting and Financial Reporting for Pensions* and Statement 71 on *Pension Transition for Contributions Made Subsequent to the Measurement Date* – an amendment of GASB 68. These standards require the Police Jury to record its proportional share of each of the pension plans' net pension liability and report the following disclosures:

A. Parochial Employees' Retirement System of Louisiana (System)

Plan Description: Parochial Employees' Retirement System of Louisiana is the administrator of a cost sharing multiple employer defined benefit pension plan. The System was established and provided for by Louisiana Revised Statute (LRS) Title 11, Sections 1901 through 2025, specifically, and other general laws of the State of Louisiana. The System provides retirement benefits to employees of taxing districts of a parish or any branch or section of a parish within the State which does not have their own retirement system and which elect to become members of the System.

East Feliciana Parish Police Jury
Notes to the Financial Statements
As of and for the Year Ended December 31, 2020

Substantially all full-time employees of the Police Jury are members of the Parochial Employees' Retirement System of Louisiana (System). The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All participating employees of the Police Jury are members of Plan A.

Eligibility Requirements:

All permanent parish government employees (except those employed by Orleans, Lafourche and East Baton Rouge Parishes) who work at least 28 hours a week shall become members on the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate. As of January 1997, elected officials, except coroners, justices of the peace and parish presidents may no longer join the Retirement System.

Retirement Benefits:

Any member of Plan A can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

1. Any age with thirty (30) or more years of creditable service.
2. Age 55 with twenty-five (25) years of creditable service.
3. Age 60 with a minimum of ten (10) years of creditable service.
4. Age 65 with a minimum of seven (7) years of creditable service.

For employees hired after January 1, 2007:

1. Age 55 with 30 years of service
2. Age 62 with 10 years of service
3. Age 67 with 7 years of service

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to three percent of the member's final average compensation multiplied by his/her years of creditable service. However, under certain conditions as outlined in the statutes, the benefits are limited to specified amounts.

Survivor Benefits:

Upon the death of any member of Plan A with five (5) or more years of creditable service who is not eligible for retirement, the plan provides for benefits for the surviving spouse and minor children as outlined in the statutes. Any member of Plan A, who is eligible for normal retirement at time of death, the surviving spouse shall receive an automatic Option 2 benefit as outlined in the statutes.

DROP Benefits:

Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the Retirement System. DROP is an option for that member who is eligible for normal retirement. In lieu of terminating employment and accepting a service retirement, any member of Plan A or B who is eligible to retire may elect to participate in the Deferred Retirement Option Plan (DROP) in which they are enrolled for three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account. Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date.

East Feliciana Parish Police Jury
Notes to the Financial Statements
As of and for the Year Ended December 31, 2020

For individuals who become eligible to participate in the Deferred Retirement Option Plan on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in the Plan will be placed in liquid asset money market investments at the discretion of the board of trustees. These subaccounts may be credited with interest based on money market rates of return or at the option of the System, the funds may be credited to self-directed subaccounts. The participant in the self-directed portion of this Plan must agree that the benefits payable to the participant are not the obligations of the state or the System, and that any returns and other rights of the Plan are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

Disability Benefits:

For Plan A, a member shall be eligible to retire and receive a disability benefit if they were hired prior to January 1, 2007 and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan A shall be paid a disability benefit equal to the lesser of an amount equal to three percent of the member's final average compensation multiplied by his years of service, not to be less than fifteen, or three percent multiplied by years of service assuming continued service to age 60 for those members who are enrolled prior to January 1, 2007 and to age 62 for those members who are enrolled January 1, 2007 and later.

Cost of Living Increases:

The Board is authorized to provide a cost of living allowance for those retirees who retired prior to July 1973. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements.

In addition, the Board may provide an additional cost of living increase to all retirees and beneficiaries who are over age sixty-five equal to 2% of the member's benefit paid on October 1, 1977, (or the member's retirement date, if later). Also, the Board may provide a cost of living increase up to 2.5% for retirees 62 and older. (RS 11:1937). Lastly, Act 270 of 2009 provided for further reduced actuarial payments to provide an annual 2.5% cost of living adjustment commencing at age 55.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Parochial Employees' Retirement System, Post Office Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (225) 928-1361.

Funding Policy. Contributions for all members are established by state statute. Under Plan A, members are required to contribute 11.5 percent of their annual covered salary and the Police Jury is required to contribute at an actuarially determined rate, according to state statute. The current rate is 12.25 percent of annual covered payroll. Contributions to the System include one-fourth (1/4) of one percent of the taxes shown to be collectible by the tax rolls of each parish, except Orleans and East Baton Rouge Parishes. The System also receives revenue sharing funds each year as appropriated by the Legislature. These tax dollars and revenue sharing are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. These additional sources of income are used as additional employer contributions and are considered support from non-contributing entities. Non-employer contributions are recognized as revenue and excluded from pension expense for the year ended December 31, 2020. During the year ending December 31, 2020, the Police Jury recognized revenue as a result of support received from non-employer contributing entities of \$14,533 for its participation in Parochial Employees' Retirement System of Louisiana-Plan A.

East Feliciana Parish Police Jury
Notes to the Financial Statements
As of and for the Year Ended December 31, 2020

The East Feliciana Parish Police Jury's contributions to the System under Plan A for the years ending December 31, 2020 and 2019 were \$146,247, and \$130,955, respectively, equal to the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: At December 31, 2020, the Police Jury reported a liability of \$8,454 for its proportionate share of the net pension liability of the System. The net pension liability was measured as of December 31, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Police Jury's proportion of the net pension liability was based on a projection of the Police Jury's long-term share of contributions to the pension plan relative to the projected contribution of all participating, actuarially determined. At December 31, 2019, the Police Jury's proportion was 0.179590%, which was an increase of 0.000286% from its proportion measured as of December 31, 2018.

For the year ended December 31, 2020, the Police Jury recognized pension expense for the Parochial Employees' Retirement System of \$169,472 representing its proportionate share of the System's net expense, including amortization of deferred amounts.

At December 31, 2020, the Police Jury reported deferred outflows of resources and deferred inflows of resources related to the Parochial Employees' Retirement System from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ (75,683)
Changes of assumptions	118,072	-
Net difference between projected and actual earnings on pension plan investments	-	(316,904)
Changes in proportion and differences between employer contributions and proportionate share of contributions	11,181	(2,125)
Employer contributions subsequent to the measurement date	146,247	-
Total	\$ 275,500	\$ (394,712)

The Police Jury reported a total of \$146,247 as deferred outflow of resources related to pension contributions made subsequent to the measurement period of December 31, 2019 which will be recognized as a reduction in net pension liability in the year ended December 31, 2021.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year</u>	
2020	\$ (55,349)
2021	\$ (71,564)

Actuarial Assumptions. A summary of the actuarial methods and assumptions used in determining the total pension liability as of December 31, 2019 is as follows:

Valuation Date	December 31, 2019
Actuarial Cost Method	Entry Age Normal

Actuarial Assumptions:

Expected Remaining Service Lives	4 years
Investment Rate of Return	6.50%, net of investment expense, including inflation
Salary Increases	Plan A—4.75%
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.
Mortality	Pub-2010 Public Retirement Plans Mortality Table for Health Retirees multiplied by 130% for males and 125% for females using MP2018 scale for annuitant and beneficiary mortality. For employees, the PUB-2010 Public Retirement Plans Mortality Tables for General Employees multiplied by 130% for males and 125% for females using MP2018 scale. Pub-2010 Public Retirement Plans Mortality Table for Disabled Retirees multiplied by 130% for males and 125% for females using MP2018 scale for disabled annuitants.
Inflation Rate	2.40%

The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirements Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the capital asset pricing model (top-down), a treasury yield curve approach (bottom-up), and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected

inflation of 2.00% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.18% for the year ended December 31, 2019.

Best estimates of real rates of return for each major asset class included in Parochial Employees' Retirement System target asset allocation as of December 31, 2019 are summarized in the following table:

Asset Class	Target Asset Allocation	Long-Term Expected Portfolio Real Rate of Return
Fixed Income	35%	1.05%
Equity	52%	3.41%
Alternatives	11%	0.61%
Real Assets	2%	0.11%
Totals	<u>100%</u>	<u>5.18%</u>
Inflation		<u>2.00%</u>
Expected Arithmetic Nominal Return		<u>7.18%</u>

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2013 through December 31, 2017. The data was assigned credibility weighting and combined with a standard table to produce current levels of mortality. As a result of this study, mortality for employees was set equal to PUB-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generation projection using the MP2018 scale. In addition, mortality for annuitants and beneficiaries was set equal to PUB-2010 Public Retirement Plans Mortality Table for Healthy Retirees multiplied by 130% for males and 125% for females, each with full generation projection using the MP2018 scale. For Disabled annuitants mortality was set equal to PUB-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females, each with full generation projection using the MP2018 scale.

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the net pension liability of the participating employers calculated using the discount rate of 6.50%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is one percentage point lower, or one percentage point higher than the current rate as of December 31, 2019:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
Rates	5.50%	6.50%	7.50%

B. Registrar of Voters Employees' Retirement System of Louisiana (System)

Plan Description: The Registrar of Voters Employee's Retirement system of Louisiana (System) is a cost-sharing multiple-employer defined benefit pension plan established by Act 215 of the 1954 under Revised Statute 11:2032, as amended, to provide retirement benefits to registrars of voters, their deputies, and their permanent employees in each parish of the State of Louisiana.

Any member hired prior to January 1, 2013, is eligible for normal retirement after he has 20 years of creditable service and is age 55 or has 10 years of creditable service and is age 60. Any member with 30 years of creditable service, regardless of age, may retire. Regular retirement benefits for members hired prior to January 1, 2013, are calculated at 3.22% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

Any member hired on or after January 1, 2013, is eligible for normal retirement after he has attained 30 years of creditable service and is age 55; has attained 20 years of creditable service and is age 60; or has attained 10 years of creditable service and is age 62. Regular retirement benefits for members hired on or after January 1, 2013, are calculated at 3.00% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation. Retirement benefits for members hired on or after January 1, 2013, that have attained 30 years of creditable service with at least 20 years of creditable service in the System, are calculated at 3.33% of the average annual compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

Any member whose withdrawal from service occurs prior to attaining the age of 60 years, who shall have completed 10 or more years of creditable service and shall not have received a refund of his accumulated contributions, shall become eligible for a deferred allowance beginning upon his attaining the age of 60 years.

Disability benefits are provided to active contributing members with at least 10 years of service established in the System and who have been officially certified as disabled by the State Medical Disability Board. The disabled member who has attained the age of 60 years shall be entitled to a regular retirement allowance.

The disabled member who has not yet attained age 60 shall be entitled to a disability benefit equal to the lesser of 3.00% of his average final compensation multiplied by the number of creditable years of service (not to be less than 15 years) or 3.33% of average final compensation multiplied by the years of service assuming continued service to age 60. Disability benefits may not exceed two-thirds of earnable compensation.

If a member who has less than five years of credited service dies due to any cause other than injuries sustained in the performance of his official duties, his accumulated contributions are paid to his designated beneficiary. If the member has five or more years of credited service and is not eligible to retire, automatic Option 2 benefits are payable to the surviving spouse. These benefits are based on the retirement benefits accrued at the member's date of death with Option 2 factors used as if the member had continued in service to earliest normal retirement age. If a member has no surviving spouse and the member has five or more years of creditable service, the surviving minor children under 18 or disabled children shall be paid 80% of the accrued retirement benefit in equal shares until the age of majority or for the duration of the handicap for a handicapped child. Upon the death of any former member with 10 or more years of service, automatic Option 2 benefits are payable to the surviving spouse. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions.

East Feliciana Parish Police Jury
Notes to the Financial Statements
As of and for the Year Ended December 31, 2020

In lieu of terminating employment and accepting a service retirement allowance, any member with 10 or more years of service at age 60; 20 or more years of service at age 55; or 30 or more years of service at any age may elect to participate in the Deferred Retirement Option Plan (DROP) for up to three years and defer the receipt of benefits. Upon commencement of participation in the plan, membership in the System terminates. During participation in the plan, employer contributions are payable, but employee contributions cease. The monthly retirement benefits that would have been payable, had the person elected to cease employment and received a service retirement allowance, are paid into the DROP fund. This fund does not earn interest. In addition, no cost of living increases are payable to participants until employment which made them eligible to become members of the System has been terminated for at least one full year.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the plan may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or any other method of payment if approved by the Board of Trustees. The monthly benefits that were being paid into the Deferred Retirement Option Plan fund will begin to be paid to the retiree. If the participant dies during participation in the plan, a lump sum equal to his account balance in the plan fund shall be paid to his named beneficiary or, if none, to his estate. If employment is not terminated at the end of the three years, payments in the plan fund cease, and the person resumes active contributing membership in the System.

Cost of living provision for the System allows the Board of Trustees to provide an annual cost of living increase of 2.0% of the eligible retiree's original benefit if certain funding criteria are met. Members are eligible to receive a cost of living adjustment once they have reached the age of 60 and have been retired at least one year. Funding criteria for granting cost of living adjustments is dependent on the funded ratio.

Requests for further information should be directed to Registrar of Voters Employees' Retirement System of Louisiana, P.O. Box 57, Jennings, Louisiana 70546.

Funding Policy: Members are required by state statute to contribute 7% of their annual covered salary and the Police Jury is required to contribute at an actuarially determined rate. The 2020 Employer current rate is 18% of annual covered payroll. Contributions to the System include ad valorem taxes and state revenue sharing funds. These additional sources of income are used as additional employer contributions and considered support from non-employer contributing entities. Non-employer contributions are recognized as revenue and excluded from pension expense for the year ended June 30, 2020. During the year ending December 31, 2020, the Police Jury recognized revenue as a result of support received from non-employer contributing entities of \$6,771 for its participation in System.

The East Feliciana Parish Police Jury's contribution to the Registrar of Voters employees' Retirement System for the years ending December 31, 2020, and 2019 was \$5,211 and \$5,066 respectively equal to the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: At December 31, 2020, the Police Jury reported a liability of \$46,037 for its proportionate share of the net pension liability of the System. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Police Jury's proportion of the net pension liability was based on a projection of the Police Jury's long-term share of contributions to the pension plan relative to the projected contribution of all participating, actuarially determined. At June 30, 2020, the Police Jury's proportion was 0.213700%, which was an increase of 0.002901% from its proportion measured as of June 30, 2019.

Notes to the Financial Statements
As of and for the Year Ended December 31, 2020

For the year ended December 31, 2020, the Police Jury recognized pension expense of \$9,529 representing its proportionate share of the system's net expense including amortization of deferred amounts.

At December 31, 2020, the Police Jury reported deferred outflows of resources and deferred inflows of resources related to the Registrar of Voters' Pension System from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ (7,431)
Changes of assumptions	8,488	-

Total	\$ 13,140	\$ (7,724)

The Police Jury reported a total of \$2,606 as deferred outflow of resources related to pension contributions made subsequent to the measurement period of June 30, 2020 which will be recognized as a reduction in net pension liability in the year ended December 31, 2021.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

During the year ended June 30, 2020, mortality assumptions were set after reviewing an experience study performed on plan data for the period July 1, 2014 through June 30, 2019. The data was assigned credibility weighting and combined with a standard table to produce current levels of mortality. The mortality was then projected forward to a period equivalent to the estimated duration of the System's liabilities. The mortality tables selected were set forward or set back to approximate mortality improvement.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rate of return by the target asset allocation percentage and by adding expected inflation. The resulting long-term rate of return is 8.75% for the year ended June 30, 2020.

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of June 30, 2020 are summarized in the following table:

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Real Return Arithmetic Basis</u>	<u>Long-Term Expected Portfolio Real Rate of Return</u>

employers will be made at the actuarially determined rates approved by the Public Retirement Systems' Actuarial Committee, taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents the net pension liability of the participating employers calculated using the discount rate of 6.40%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is one percentage point lower, or one percentage point higher than the current rate as of June 30, 2020:

13. Tax Abatements

The Louisiana Industrial Ad Valorem Tax Exemption Program (ITEP) is an original state incentive program, which offers an attractive tax incentive for manufacturers who make a commitment to jobs and payroll in the state. Applications to exempt qualified property for five years are approved by the Board of Commerce and Industry. The exemption may be renewed for an additional five years. For the fiscal year ending December 31, 2020, an estimated \$107,287 in Police Jury ad valorem tax revenues were abated by the State of Louisiana through this abatement program.

14. Constraints on Fund Balance and Net Position

At December 31, 2020, the Police Jury had \$7,510,739 in restricted fund balance and restricted net position related to special revenue funds resources that have been legally restricted for the purpose of road improvements, fire protection, and other services as required by the designation of ad valorem and sales taxes.

15. Contingent Liabilities

Coroners hold a unique position in Louisiana. They are state officials who perform state functions yet their jurisdiction is limited to the parish in which they hold office. Further, the Legislature places the responsibility of compensating coroners for their services on the parish in which they hold office. In all cases, parishes are responsible for paying the necessary and unavoidable expenses for the operation of the coroner's office. The East Feliciana Parish Police Jury compensates the parish coroner by salary and fees. Since 2016, the Police Jury has approved the Coroner's budget at less than requested. In August 2018, the Police Jury president appointed a two-person committee to help resolve these differences. There were two meetings held. After the second meeting, on July 2, 2019, all the outstanding fees, not including

salaries or mileage reimbursements, for 2018 and 2019 were approved and paid. Salary issues and some mileage reimbursements for all years since 2016 are still not settled. Any amount exceeding \$30,000 in salaries, plus benefits, has not been approved by the Police Jury. During the entire term of the current coroner, payroll checks have been processed for the amount allowed in the adopted budgets. The coroner has returned all of his salary checks. Those checks have been voided. As a result of the July 2, 2019 meeting, \$40,500 was transferred from the General Fund to the Coroner's Fund to help pay the majority of the 2018 invoices. These 2018 invoices were paid during the year ended December 31, 2019. The 2018 expenses paid did not include salaries nor mileage reimbursements. 2019 invoices were paid from the current adopted budget. No further funds have been identified at this time to cover any of the prior years' unpaid requests. In March 2020, the Police Jury was served a suit regarding salary, mileage, and expenses of the coroner's office. The amount of unpaid expenses and salary has not been determined, and no liability has been recorded in the financial statements of the East Feliciana Police Jury. The potential liabilities may be material to the governmental activities as reported in the auditor's opinion.

16. Construction Commitments

The Police Jury has active construction projects as of December 31, 2020.

Road and Bridges Fund – Federal grants have been awarded to the Police Jury for the following projects:

- a) Road Repairs – At December 31, 2020, the award amount and estimated cost of the project is \$4,351,660. Cost incurred through December 31, 2020 are \$3,933,435 for this project. In 2019, the Police Jury executed a professional services contract for Engineering services for all three projects. The cost under this contract for this project was \$372,222. As of December 31, 2020 all costs have been incurred under this contract for this project. In 2019 the Police Jury entered into a construction contract for this project with a contract cost of \$3,654,692. In October 2020, a change order was executed on this contract revising the contract cost to \$3,641,685.32. As of December 31, 2020 the construction under this contract was complete at a final cost of \$3,251,087. As construction was completed and accepted in 2020, there is no remaining commitment on this contract and the contract was complete with an underrun of \$390,597.91. Subsequent to year end, the project began the federal award closeout process. No final cost for the project has been finalized and approved to date.
- b) Carruth Road Bridge Replacement - At December 31, 2020, the award amount and estimated cost of the project is \$793,613. Cost incurred through December 31, 2020 are \$168,953.86 for this project. In 2019, the Police Jury executed a professional services contract for Engineering services for all three projects. The cost under this contract for this project was \$144,380. As of December 31, 2020, \$137,717 has been incurred under this contract for this project leaving a remaining commitment of \$6,663. Following bidding, a change to the project was requested by the Police Jury which encompassed: (1) A change in cost for overall increases in construction costs since project estimate and (2) a change in scope of work for an alternate concrete bridge as a least cost alternative. An updated project worksheet version with the updated cost and revised scope was approved subsequent to year end revising the award and estimated cost of the project to \$2,215,798. On October 15, 2020 the Police Jury entered into a construction contract for this project with a contract cost of \$1,948,469.90. The construction contract is for the construction of the alternate concrete bridge in lieu of the planned, estimated and approved timber bridge thus reflecting a significant change in scope of work for the project. As of December 31, 2020 \$89,313 has been incurred under this construction contract for this project leaving a remaining commitment of \$1,859,157. These \$89,313 in construction costs, while incurred and reported within expenditures in the fund

financial statements, are not expenditures of federal awards in the year ending December 31, 2020. If deemed eligible, they will be expenditures of federal awards in the year the project worksheet revision with the change in scope of work is approved – 2021. Additionally, during the year ended December 31, 2020, additional engineering costs of \$90,019 were incurred related to the change in scope of work. Subsequent to year end, supplemental services agreements were executed for these expenditures as supplements to the 2019 professional services contract for engineering. While incurred and reported within expenditures in the fund financial statements, the \$90,019 in additional engineering costs are not expenditures of federal awards in the year ending December 31, 2020. If deemed eligible, they will be expenditures of federal awards in the year the project worksheet revision with the change in scope of work is approved – 2021.

- c) John Thomas Lane Bridge Replacement - At December 31, 2020, the award amount and estimated cost of the project is \$272,467. Cost incurred through December 31, 2020 are \$91,192 for this project. In 2019, the Police Jury executed a professional services contract for Engineering services for all three projects. The cost under this contract for this project was \$84,939. As of December 31, 2020, \$74,369 has been incurred under this contract for this project leaving a remaining commitment of \$10,570. In 2020, the Police Jury accepted bids for construction on this project. Following bidding, a change to the project was requested by the Police Jury which encompassed: (1) A change in cost for overall increases in construction costs since project estimate and (2) a change in scope of work for an alternate concrete bridge as a least cost alternative. An updated project worksheet version with the updated cost and revised scope was approved subsequent to year end revising the award and estimated cost of the project to \$846,097. Subsequent to year end, the construction contract for this project was executed on January 4, 2021 for the construction of the alternate concrete bridge. During the year ended December 31, 2020, additional engineering costs of \$71,537 were incurred related to the change in scope of work. Subsequent to year end, supplemental services agreements were executed for these expenditures as supplements to the 2019 professional services contract for engineering. While incurred and reported within expenditures in the fund financial statements, the \$90,019 in additional engineering costs are not expenditures of federal awards in the year ending December 31, 2020. If deemed eligible, they will be expenditures of federal awards in the year the project worksheet revision with the change in scope of work is approved – 2021.

17. COVID-19 Pandemic

In December 2019, COVID-19 emerged and has subsequently spread worldwide. The World Health Organization has declared COVID-19 a pandemic and this pandemic has resulted in federal, state, and local governments and private entities mandating various restrictions, including travel restrictions, restrictions on public gatherings, stay at home orders, and quarantining of people that may have been exposed to the virus.

COVID-19 and actions taken to mitigate it have and are expected to continue to have adverse effects on the economy. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed by the federal government to alleviate some of the effects of the COVID-19 pandemic. Among the CARES Act key provisions were funds designated for programs for state and local governments, which included the creation of the Coronavirus Relief Fund for direct aid for state and local governments to assist in expenditures associated with COVID-19. The State of Louisiana appropriated 45% of the \$1.8 billion received from this fund to local governments. The Police Jury received \$506,904 of CARES Act funds during the fiscal year. As the COVID-19 pandemic is complex and rapidly

evolving, we cannot reasonably estimate the duration or severity of this pandemic nor its full impact on the entity, its financial position, change in financial position, or cash flows.

18. Subsequent Events

Subsequent events have been evaluated by management through January 10, 2022, the date the report was available for issuance. Subsequent to year end, project changes were approved as detailed in Note 16. No other events were noted that require recording or disclosure in the financial statements for the fiscal year ending December 31, 2020.

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the primary government, East Feliciana Parish Police Jury, under programs of the federal government for the year ended December 31, 2020. The information in this Schedule is presented in accordance with requirements of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the East Feliciana Parish Police Jury, it is not intended to and does not present the financial position, changes in net position, or cash flows of the East Feliciana Parish Police Jury.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Note 3 - Indirect Cost Rate

The East Feliciana Parish Police Jury has elected not to use the 10-percent de minimis direct cost rate allowed under the Uniform Guidance.

Note 4 - Subsequent Events - Disaster Grants - Public Assistance (Presidentially Declared Disaster)

Disaster Grant-Public Assistance - During the year ended December 31, 2020, expenditures of federal awards of \$31,233 was incurred related to the Carruth Road Bridge Replacement project and \$10,676 related to the John Thomas Bridge Replacement project. Additionally, during the year ended December 31, 2020, \$179,332 in expenditures were incurred related to the Carruth Road Bridge Replacement incident and \$71,537 related to the John Thomas Bridge Replacement incident, but which are not included above as an expenditure of federal awards. Subsequent to year end, a significant change in scope of work and cost of the related projects were approved in updated Project Worksheets. These additional \$179,332 and \$71,537 in additional expenditures, if included in the subsequently approved Project Worksheets and deemed eligible, will be reported in the Schedule of Expenditures of Federal Awards for the year ended December 31, 2021.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To East Feliciana Parish Police Jury
Clinton, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the East Feliciana Parish Police Jury as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the East Feliciana Parish Police Jury's basic financial statements, and have issued our report thereon dated January 10, 2022. The financial statements of the East Feliciana Parish Police Jury's legally separate component units were not audited in accordance with *Government Auditing Standards* and as a result, our report included an adverse opinion on the aggregate discretely presented component units of the East Feliciana Parish Police Jury. Accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Police Jury's legally separate component units.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the East Feliciana Parish Police Jury's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the East Feliciana Parish Police Jury's internal control. Accordingly, we do not express an opinion on the effectiveness of the East Feliciana Parish Police Jury's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant

East Feliciana Parish Police Jury

deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the East Feliciana Parish Police Jury's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as finding 2020-001.

East Feliciana Parish Police Jury's Response to Findings

The East Feliciana Parish Police Jury's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The East Feliciana Parish Police Jury's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To East Feliciana Parish Police Jury
Clinton, Louisiana

Report on Compliance for Each Major Federal Program

We have audited the East Feliciana Parish Police Jury's (Police Jury) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Police Jury's major federal programs for the year ended December 31, 2020. The Police Jury's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Police Jury's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Police Jury's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Police Jury's compliance.

Opinion on Each Major Federal Program

In our opinion, the East Feliciana Parish Police Jury, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

Report on Internal Control over Compliance

Management of the East Feliciana Parish Police Jury, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Police Jury's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Police Jury's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Section II Financial Statement Findings

Finding 2020-001 Local Budget Act (Noncompliance)

Criteria: Louisiana Revised Statute 39:1311 requires that total expenditures and other uses must not exceed budgeted expenditures and other uses by 5% or more and revenues and other sources must meet budgeted revenue and other sources by 5% or more.

Condition: The Police Jury's actual expenditures and other uses in the Roads and Bridges Fund and the Solid Waste Fund exceeded the total budgeted expenditures and other uses by five percent or more.

Cause: Budget variances in the Roads and Bridges Fund were due to accounts payable, related to FEMA projects, at year end were higher than anticipated due to unexpected expenditures near year end. Budget variances in the Solid Waste Fund were due to waste collections expenditures were higher than anticipated.

Effect: Apparent noncompliance with the above referenced statute.

Recommendation: The budget should be amended when budget variances greater than 5% are evident.

Management's Response: We will continue to monitor budget compliance.

Finding 2019-C1 Local Budget Act (Noncompliance)

Criteria: Louisiana Revised Statute 39:1311 requires that total expenditures and other uses must not exceed budgeted expenditures and other uses by 5% or more and revenues and other sources must meet budgeted revenue and other sources by 5% or more.

Condition: The Police Jury's actual revenues and other sources in the General Fund and Solid Waste fund were below the total budgeted revenue and other sources by five percent or more. Actual expenditures and other uses in the General Fund and the Roads and Bridges Fund exceeded the total budgeted expenditures and other uses by five percent or more.

Cause: Budget variances in the General Fund and Solid Waste fund were caused by transfers to and from other funds not being made. Budget variances in the Roads and Bridges Fund were due to accounts payable, related to FEMA projects, at year end were higher than anticipated due to unexpected expenditures near year end.

Effect: Apparent noncompliance with the above referenced statute.

Recommendation: The budget should be amended when budget variances greater than 5% are evident.

Management's Response: We will continue to monitor budget compliance.

Current Year Status: Partially resolved. Partially repeated and reported in current year within finding 2020-001
