## INDEPENDENT AUDITORS' REPORT

December 22, 2023

Honorable Wayland LaFargue, Mayor  
and the Town Council  
Town of Kinder, Louisiana

### Opinions

We have audited the accompanying financial statements of the governmental activities, the business activities, and each major fund of the Town of Kinder, Louisiana (the "Town"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business activities, and each major fund of the Town as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, and the pension liability information on pages 43 through 52 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management of the Town has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this omitted information.

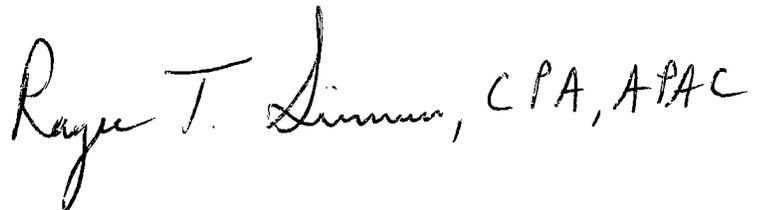

**Other Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The schedule of compensation paid to Mayor and council members, schedule of compensation, benefits and other payments to chief executive officer, and the justice system funding schedule for a collecting/dispersing entity as required by Act 87 of the 2020 Louisiana regular legislative session are presented as other supplementary information ("OSI") on pages 54 through 56 for purposes of additional analysis and are not a required part of the basic financial statements. Such OSI is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The OSI has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion this OSI is fairly stated in all material respects in relation to the basic financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2023, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

Royce T. Scimemi, CPA, APAC

FUND FINANCIAL STATEMENTS (FFS)

## MAJOR FUND DESCRIPTIONS

### General Fund

The General Fund is used to account for resources traditionally associated with governments which are not required to be accounted for in another fund.

### Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

#### Sales Tax Fund

To account for the receipt and use of proceeds of the Town's restricted sales and use taxes.

#### Gaming Fund

To account for the receipt and expenditure of funds in accordance with the compact agreement with the Coushatta Tribe of Louisiana.

#### HUD Fund

To account for the receipt and expenditure of federal financial assistance for low-income housing.

#### DMV Fund

To account for the receipt and expenditure of funds collected on transactions with the state motor vehicle department.

### Debt Service Fund

#### Sales Tax Bond Sinking Fund

To account for the accumulation of resources for, and the payment of bond principal, interest, and related costs. It is funded by sales tax revenues.

### Enterprise Funds

#### Water Fund

To account for the provision of water services to residents of the Town. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collection.

#### Sewer Fund

To account for the provision of sewerage services to residents of the Town. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collection.

#### Gas Fund

To account for the provision of gas services to residents of the Town. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collection.

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Kinder, Louisiana (the "Town"), was created under the provisions of the Lawrason Act. The purpose of the Town is to provide services to its citizens, which include sewer, water and gas utilities, and police protection. The Town has a board of five elected council members who are compensated. The Town is located in Allen Parish, Louisiana and its population is approximately 2,170. There are approximately 30 employees working for the Town.

1. Reporting Entity

As the municipal governing authority, for reporting purposes, the Town is considered a separate financial reporting entity. The financial reporting entity consists of (a) the primary government (municipality), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. GASB Statement No. 14 established criteria for determining which component units should be considered part of the Town for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

- a. Appointing a voting majority of an organization's governing body, and
  - (1) The ability of the municipality to impose its will on that organization, and/or
  - (2) The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the municipality.
- b. Organizations for which the municipality does not appoint a voting majority but are fiscally dependent on the municipality.
- c. Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

As required by accounting principles generally accepted in the United States of America, these financial statements present the financial data of the Town (the primary government) which has no component units under the above criteria.

2. Basis of Presentation

The accompanying basic financial statements have been prepared in conformity with governmental accounting principles generally accepted in the United States of America and with GASB Statement 34, "Basic Financial Statements and Management's Discussion and Analysis-for State and Local Governments", issued in June 1999.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the Town as a whole. They include all funds of the reporting entity. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities presents a comparison between direct expenses and program revenues for each of the functions of the Town's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular program or function. Program revenues include (a) fees and charges paid by the recipients of services offered by the Town and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

#### Fund Financial Statements

The Town uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain Town functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts. The various funds of the Town are classified into two categories: governmental and proprietary/enterprise. The emphasis of fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Town; if the total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 10 percent of the corresponding total for all governmental and enterprise funds of that category or type; or if the total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The Town reports the following major funds:

The General Fund is used to account for resources traditionally associated with governments which are not required to be accounted for in another fund.

The DMV Fund is used to account for the receipt and expenditure of funds collected on transactions with the state motor vehicle department.

The Gaming Fund is used to account for the receipt and expenditure of funds in accordance with the compact agreement with the Coushatta Tribe of Louisiana.

The HUD Fund is used to account for the receipt and expenditure of federal financial assistance for low-income housing.

The Sales Tax Fund is used to account for the receipt and use of proceeds of the Town's restricted sales and use taxes.

The Sales Tax Bond Sinking Fund is used to account for the accumulation of resources for, and the payment of bond principal, interest, and related costs. It is funded by sales tax revenues.

The Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges that are reported as program revenues; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues generally result from providing services and producing and delivering goods in

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

connection with an enterprise fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All other revenues and expenses are reported as non-operating revenues and expenses. The Town enterprise funds account for water, sewer, and gas services.

**3. Measurement Focus/Basis of Accounting**

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

**Measurement Focus**

On the government-wide statement of net position and statement of activities, both governmental and business-type activities are presented using the "economic resources" measurement focus as defined in item b. below. In the fund financial statements, the "current financial resources" measurement focus is used as appropriate:

a. All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balances as their measure of available spendable financial resources at the end of the period.

b. The proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or non-current) associated with their activities are reported. Proprietary fund equity is classified as net position.

**Basis of Accounting**

In the government-wide statement of net position and statement of activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures (including capital outlays) generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

The proprietary funds utilize the accrual basis of accounting, under which revenues are recognized when earned and expenses are recorded when the liability is incurred, or economic asset used. The Town applies all applicable FASB pronouncements in accounting and reporting for its proprietary funds.

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

4. Budgets and Budgetary Accounting

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for the general, special revenue, and enterprise funds. All annual appropriations lapse at fiscal year-end.

Prior to the beginning of each fiscal year, the Mayor submits a budget to the Town Council. The budget is prepared by fund, function, and activity, and includes information on the past year, current year estimates and requested appropriations for the next fiscal year.

The Town Council holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated. Any changes in the revenue estimates must be by an affirmative vote of most of the government's council. Expenditures may not legally exceed budgeted appropriations at the activity level.

The original budget and one amendment during the year are reflected in the budget comparisons.

5. Deposits

Deposits include amounts in demand deposits, interest-bearing demand deposits, and time deposits.

State statutes authorize the Town to invest in obligations of the U.S. Treasury and U.S. government agencies, or time certificates of deposit of state banks organized under the laws of Louisiana and national banks having an office in the State of Louisiana, as stipulated in La. R.S. 33:2955, or any other federally insured investment.

As of June 30, 2023, the Town had deposits (book balances) totaling \$2,841,069. These deposits are stated at cost, which approximates market. Custodial credit risk is the risk that, in the event of bank failure, the Town's deposits may not be returned. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance, or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must always equal or exceed the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. On June 30, 2023, the Town has \$3,128,165 in deposits (collected bank balances). These deposits are secured from custodial credit risk by \$648,583 of federal deposit insurance and \$2,479,582 of pledged securities held by the custodial banks in the name of the fiscal agent banks or letters of credit from Federal Home Loan Bank.

6. Investments

Local governments in Louisiana are authorized to invest in the Louisiana Asset Management Pool, Inc. (LAMP), a nonprofit corporation formed by an initiative of the State Treasurer and organized under the laws of the State of Louisiana, which operates a local government investment pool. LAMP is governed by a board of directors comprising the State Treasurer, representatives from various organizations of local government, the Government Finance Officers Association of Louisiana, and the Society of Louisiana CPA's. Only local governments having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term high-quality investments. LAMP is not registered with the SEC as an investment company. LAMP's annual financial statements can be obtained from the Louisiana Legislative Auditor's website.

The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest. Accordingly, LAMP investments are restricted to securities issued, guaranteed, or backed by the U.S. Treasury, the U.S. Government, or one of its agencies, enterprises, or instrumentalities,

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

as well as repurchase agreements collateralized by those securities. The dollar-weighted-average portfolio maturity of LAMP assets is restricted to not more than 90 days and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments. LAMP is designed to be highly liquid to give its participants immediate access to their account balances. The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the value of the pool shares.

The LAMP investments totaled \$294,405 on June 30, 2023. In accordance with GASB Codification Section 150.126, the investment in LAMP is not categorized in the three risk categories provided by GASB Codification Section 150.125 because the investment is in the pool of funds (LAMP is a 2a7-like investment pool) and therefore not evidenced by securities that exist in physical or book entry form. Also, pooled investments are excluded from the concentration of credit risk 5 percent disclosure requirement and foreign currency risk is not applicable to 2a7-like pools.

On June 30, 2023, the weighted-average maturity cannot exceed 90 days. The weighted-average maturity for LAMP's total investments was 18 days as of June 30, 2023. LAMP is rated AAAM by Standard & Poors. The Town does not have credit or interest rate risk policies for investments.

The Town uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures of investments in debt and equity securities that are classified as available-for-sale on a recurring basis. FASB ASC 820-10 defines fair value, establishes a consistent framework for measuring fair value, and expands disclosure requirements for fair value measurements. FASB ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Town can access at the measurement date.

Level 2 inputs are quoted prices (unadjusted) other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability.

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

The fair value measurements and levels within the fair value hierarchy of those measurements for the assets reported at fair value on a recurring basis on June 30, 2023 are as follows:

	<u>Fair Value</u>	Quoted Price in Active Markets Identical Assets <u>Level 1</u>	Significant Observable Inputs <u>Level 2</u>	Significant Unobservable Inputs <u>Level 3</u>	<u>Cost</u>
Investments subject to categorization:

DMV fund	10	-	10
Sales tax bond sinking fund	1,421	-	1,421
Gas fund	749	177	926
Sewer fund	2,338	-	2,338
Water fund	<u>598</u>	<u>37</u>	<u>635</u>
Total	<u>\$ 28,647</u>	<u>\$ (17,113)</u>	<u>\$ 11,534</u>

Interest Rate Risk: The Town's policy on investments states that safety of principal is the foremost objective, followed by liquidity and yield. Each investment transaction shall seek to first ensure that capital losses are avoided no matter the sources.

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

Credit Rate Risk: The Town's policy states that investment decisions should not incur unreasonable risks in order to obtain current investment income and requires the overall quality rating to be no lower than AA- as measured by Standard & Poor's or the equivalent rating (Aa3) by Moody's Investor Service.

Concentration of Credit Risk: The Town's investment portfolio consisted of 25% mutual funds, 51% US treasury notes, and 24% in LAMP.

Custodial Credit Risk-Investments: For an investment, this is the risk that, in the event of the failure of the counter party, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town's policy addresses custodial credit risk for investments by requiring that they must be held by national banks, state-chartered banks, a national or state trust company in the name of the Town or LAMP.

7. Interfund Receivables/Payables

During operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified on the balance sheet as due from other funds or due to other funds.

8. Accounts Receivable

Uncollectible amounts due for ad valorem taxes and other receivables of governmental funds are recognized as bad debts at the time information becomes available which would indicate that the receivable is not collectible.

There appears to be a concentration of credit risk about general accounts receivable and more specifically, accounts receivable for gas, water and sewer user fees in the enterprise funds. The Town's ability to collect the amounts due from the users of the Town's gas, water and sewer systems and others (as reflected on the financial statements) may be affected by significant economic fluctuations, natural disaster, or other calamity in this one concentrated geographic location.

9. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Town maintains a threshold level of \$1,500 or more for capitalization of asset purchases.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation netted in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by asset type is as follows:

Buildings	20-50 years
Equipment and furniture	3-40 years
Water, sewer, and gas systems	20-66 years
Infrastructure	25-50 years

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

10. Statement of Cash Flows

For the statement of cash flows for the proprietary funds, the Town considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents. Investments with a maturity of more than three months are considered non-cash equivalents. The statement reflects ending cash and cash equivalents of \$741,855 which represents unrestricted and restricted amounts of \$470,178 and \$271,677, respectively. The cash and certificates of deposit are broken down further as follows:

	<u>Sewer Fund</u>	<u>Water Fund</u>	<u>Gas Fund</u>	<u>Totals</u>
Cash and cash equivalents-Unrestricted	\$ 157,658	\$ 251,121	\$ 61,399	\$ 470,178
Cash and cash equivalents-Restricted	<u>66,226</u>	<u>81,675</u>	<u>123,776</u>	<u>271,677</u>
Total cash per the statement of cash flows	<u>\$ 223,884</u>	<u>\$ 332,796</u>	<u>\$ 185,175</u>	<u>\$ 741,855</u>

11. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported as a long-term liability on the statement of net position but not on the fund balance sheet. No expenditure is reported for these amounts in the fund financial statements. Vested or accumulated vacation leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees. In accordance with generally accepted accounting principles, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits for police personnel that the Town estimates will be taken as "terminal leave" prior to retirement.

The Town has the following policy relating to vacation and sick leave:

Employees of the Town receive 80 hours to 200 hours of vacation leave each year, depending on their length of service. Upon termination, the employee is entitled to any unused vacation leave. In addition, employees may accumulate up to 240 hours of sick leave. Only police employees retiring at or after age 65 are entitled to any unused sick leave.

On June 30, 2023, employees of the Town have accumulated \$84,266 in leave privileges.

12. Long-Term Debt

The accounting treatment of long-term debt depends on whether the financed assets are used in governmental fund operations or proprietary fund operations and whether the long-term debt is reported in the government-wide or fund financial statements.

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements. The long-term debt consists primarily of sewer revenue refunding bonds and sales tax bonds.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payments of principal and interest are reported as expenditures. The accounting for proprietary fund long-term debt is the same in the fund statements as it is in the government-wide statements.

**13. Equity Classification**

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Invested in capital assets, net of related debt – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - Consists of all other net position that does not meet the definition of a or b above.

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the Town's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

In the fund statements, governmental fund equity is classified as fund balance and is further classified as follows:

- a. Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
- b. Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- c. Committed – amounts that can be used for specific purposes determined by a formal action of the Mayor and Council. They are the highest level of decision-making authority for the Town. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Mayor and Council.
- d. Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Town's adopted policy, only the Mayor and Council members may assign amounts for specific purposes.

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

- e. Unassigned – includes positive fund balance within the general fund which has not been classified with the above-mentioned categories and when applicable, negative fund balances in other governmental funds.

The Town's policy is to use restricted fund balances first unless prohibited by legal or contractual provisions, and then use less restrictive classifications - committed, assigned, and lastly unassigned amounts of fund balance in that order when expenditures are made.

**14. Interfund Transactions**

Quasi-external transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

**15. Sales Taxes**

1% Sales Tax

Proceeds of the 1% sales and use tax levied by the Town are dedicated to the following purposes:

- 1. 75% to be used for capital improvements; and
- 2. 25% to be used for capital improvements and/or repairs and maintenance.

The tax does not expire.

0.3% Sales Tax

Proceeds of the 0.3% sales and use tax levied by the Town are dedicated to the following purposes:

- 1. 90% to be used for operating and maintaining the Town's sewerage system; and
- 2. 10% to be used for operating and maintaining the Town's library.

The tax expires on December 31, 2027.

**16. Use of Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**17. Revenues, Expenditures, and Expenses**

**Program Revenues**

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

Program revenues included in the statement of activities are derived directly from the program itself or from parties outside the Town's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the Town's general revenues.

**Revenues**

Ad valorem taxes and the related state revenue sharing are recorded in the year taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent after December 31. The taxes are generally collected in December, January and February of the fiscal year. Sales taxes are considered as "measurable" when in the hands of the sales tax collector and are recognized as revenue at that time. Interest on interest-bearing deposits is recorded or accrued as revenues when earned. Substantially all other revenues are recorded when received.

**Expenditures/expenses**

The Town's primary expenditures include salaries and insurance, which are recorded when the liabilities are incurred. Capital expenditures and purchases of various operating supplies are regarded as expenditures at the time purchased.

**Other Financing Sources (Uses)**

Transfers between funds that are not expected to be repaid are accounted for as other financing sources (uses) when the transfers are authorized by the Town.

**18. Environmental Remediation Costs**

The Town accrues for losses associated with environmental remediation obligations when such losses are probable and reasonably estimable. Accruals for estimated losses from environmental remediation obligations generally are recognized no later than completion of the remedial feasibility study. Such accruals are adjusted as further information develops or circumstances change. Costs of future expenditures for environmental remediation obligations are not discounted to their present value.

**19. Subsequent Events**

Management has evaluated subsequent events through December 22, 2023, the date the financial statements were issued.

**20. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Municipal Police Employees Retirement System (MPERS) and additions to/deductions from MPERS's fiduciary net position have been determined on the same basis as they are reported by MPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**21. Deferred outflows/inflows of resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time.

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

**NOTE B - PROPERTY TAXES**

For the year ended June 30, 2023, taxes of 14.68 mills were levied on property with assessed valuations totaling \$14,403,260 and were dedicated as follows:

General corporate purposes	14.68 mills
Total property taxes levied were \$211,440.	

Property tax millage rates are adopted in July for the calendar year in which the taxes are levied and recorded. All taxes are due and collectible when the assessment rolls are filed on or before November 15th of the current year and become delinquent after December 31. Property taxes not paid by the end of February are subject to lien.

**NOTE C - RECEIVABLES**

The following is a summary of receivables for June 30, 2023:

<u>Class of Receivable:</u>	<u>Governmental Activities</u>	<u>Business- Type Activities</u>
Taxes:		
Sales and use	\$ 140,678	\$ -
Intergovernmental	116,473	-
Interest	471	-
Gaming	83,975	-
Charges for services	-	167,865
Other	<u>47,607</u>	<u>-</u>
Total	<u>\$ 389,204</u>	<u>\$ 167,865</u>

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

Note D – CAPITAL ASSETS

A summary of changes in capital assets for the year ended June 30, 2023 follows:

	<u>Beginning of Year</u>	<u>Additions</u>	<u>Deletions</u>	<u>End of Year</u>
<b>Governmental Activities:</b>				
Land	\$ 265,511	\$ -	\$ -	\$ 265,511
Buildings	2,710,432	207,494	-	2,917,926

Sewer system	11,278,374	-	-	11,278,374
Gas system	<u>755,474</u>	<u>49,591</u>	<u>-</u>	<u>805,065</u>
Totals at historical cost	14,457,568	291,558	-	14,749,126
Less accumulated depreciation for:				
Water system	1,732,440	40,451	-	1,772,891
Sewer system	6,679,314	311,758	-	6,991,072
Gas system	<u>639,050</u>	<u>13,195</u>	<u>-</u>	<u>652,245</u>
Total accumulated depreciation	<u>9,050,804</u>	<u>365,404</u>	<u>-</u>	<u>9,416,208</u>
<b>Business-Type Activities</b>				
Capital Assets, net	<u>\$ 5,406,764</u>	<u>\$ (73,846)</u>	<u>\$ -</u>	<u>\$ 5,332,918</u>

Depreciation expense for the year ended June 30, 2023 was \$294,000 and \$365,404 for the governmental activities and the business-type activities, respectively.

Depreciation expense was charged to governmental activities as follows:

General and administrative	\$ 81,035
Streets	151,472
Police	<u>61,493</u>
	<u>\$ 294,000</u>

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

The construction in progress for the waste-water treatment plant in the sewer fund was just beginning with engineering fees incurred totaling \$301,830. The project is expected to cost about \$4.7 million. This project will be primarily funded by a federal grant totaling about \$4.03 million.

NOTE E - ACCOUNTS PAYABLE

The following is a summary of payables at June 30, 2023:

<u>Class of Payable:</u>	Governmental Activities <u>Funds</u>	Business-Type Activities <u>Funds</u>
Trade accounts	\$ 80,009	\$ 57,254

NOTE F - PENSION PLAN

All employees of the Town are members of the federal social security system.

Police officers of the Town are eligible to participate in the Municipal Police Employees Retirement System of Louisiana (System or MPERS). This system is a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. Pertinent information relative to the plan follows:

Municipal Police Employees Retirement System of Louisiana

*Plan Description.* Membership in the System is mandatory for any full-time police officer employed by a municipality of the State of Louisiana and engaged in law enforcement, empowered to make arrests, provided he or she does not have to pay social security and provided he or she meets the statutory criteria. The System provides retirement benefits for municipal police officers. The projections of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date. Benefit provisions are authorized within Act 189 of 1973 and amended by LRS 11:2211-11:2233. The following is a brief description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Membership Prior to January 1, 2013:

A member is eligible for regular retirement after he has been a member of the System and has 25 years of creditable service at any age or has 20 years of creditable service and is age 50 or has 12 years creditable service and is age 55. A member is eligible for early retirement after he has been a member of the System for 20 years of creditable service at any age with an actuarially reduced benefit. Benefit rates are 3⅓% of average final compensation (average monthly earnings during the highest 36 consecutive months or joined months if service was interrupted) per number of years of creditable service not to exceed 100% of final salary. Upon the death of an active contributing member, or disability retiree, the plan provides for surviving spouses and minor children. Under certain conditions outlined in the statutes, the benefits range from 40% to 60% of the member's average final compensation for the surviving spouse. In addition, each child under age 18 receives benefits equal to 10% of the member's average final compensation or \$200 per month, whichever is greater.

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

Membership Commencing January 1, 2013:

Member eligibility for regular retirement, early retirement, disability, and survivor benefits is based on Hazardous Duty and Non-Hazardous Duty sub-plans. Under the Hazardous Duty sub-plan, a member is eligible for regular retirement after he has been a member of the System and has 25 years of creditable service at any age or has 12 years of creditable service at age 55. Under the Non-Hazardous Duty sub-plan, a member is eligible for regular retirement after he has been a member of the System and has 30 years of creditable service at any age, 25 years of creditable service at age 55, or 10 years of creditable service at age 60. Under both sub-plans, a member is eligible for early retirement after he has been a member of the System for 20 years of creditable service at any age, with an actuarially reduced benefit from age 55. Under the Hazardous and Non-Hazardous Duty sub-plans, the benefit rates are 3% and 2½%, respectively, of average final compensation (average monthly earnings during the highest 60 consecutive months or joined months if service was interrupted) per number of years of creditable service not to exceed 100% of final salary. Upon death of an active contributing member, or disability retiree, the plan provides for surviving spouses and minor children. Under certain conditions outlined in the statutes, the benefits range from 25% to 55% of the member's average final compensation for the surviving spouse. In addition, each child under age 18 receives 10% of average final compensation or \$200 per month whichever is greater. If a deceased member had less than 10 years of service, the beneficiary will receive a refund of employee contributions only.

Cost-of-Living Adjustments: The Board of Trustees is authorized to provide annual cost-of-living adjustments (COLA) computed on the amount of the current regular retirement, disability, beneficiary, or survivor's benefit, not to exceed 3% in any given year. The Board is authorized to provide an additional 2% COLA, computed on the member's original benefit, to all regular retirees, disability, survivors, and beneficiaries who are 65 years of age or older on the cut-off date which determines eligibility. No regular retiree, survivor or beneficiary shall be eligible to receive a COLA until benefits have been received at least one full fiscal year and the payment of such COLA, when authorized, shall not be effective until the lapse of at least one-half of the fiscal year. Members who elect early retirement are not eligible for a COLA until they reach regular retirement age. A COLA may only be granted if funds are available from interest earnings more than normal requirements, as determined by the actuary.

Deferred Retirement Option Plan: A member is eligible to elect to enter the deferred retirement option plan (DROP) when he is eligible for regular retirement based on the members' sub-plan participation. Upon filing the application for the program, the employee's active membership in the MPERS is terminated. At the entry date into the DROP, the employee and employer contributions cease. The amount to be deposited into the DROP account is equal to the benefit computed under the retirement plan elected by the participant at the date of application. The duration of participation in the DROP is 36 months or less. If employment is terminated after the three-year period, the participant may receive his benefits by lump sum payment or a true annuity. If employment is not terminated, active contributing membership into the MPERS shall resume and upon later termination, the member shall receive as additional retirement benefit based on the additional service. For those eligible to enter DROP prior to January 1, 2004, DROP accounts shall earn interest after the termination of DROP participation at a rate of half of one percentage point below the percentage rate of return of the MPERS's investment portfolio as certified by the actuary on an annual basis but will never lose money. For those eligible to enter DROP after January 1, 2004, an irrevocable election is made to earn interest based on the MPERS's investment portfolio return or a money market investment return. This could result in a negative earnings rate being applied to the account. If the member elects a money market investment return, the funds are transferred to a government money market account and earn interest at the money market rate.

Initial Benefit Option Plan: In 1999, the State Legislature authorized the MPERS to establish an Initial Benefit Option, which is available to members who are eligible for regular retirement and have not

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

participated in DROP. The Initial Benefit Option program provides both a one-time single sum payment of up to 36 months of regular monthly retirement benefits, plus a reduced monthly retirement benefit for life. Interest is computed on the balance based on same criteria as DROP.

The MPERS issues an annual publicly available financial report that includes financial statements and required supplementary information for the MPERS. That report may be obtained by writing to the Municipal Police Employees Retirement System of Louisiana, 7722 Office Park Boulevard, Suite 200, Baton Rouge, Louisiana 70809-7601, or by calling (225) 929-7411 or on the internet at [www.lampers.org](http://www.lampers.org).

*Funding Policy.* Plan members are required by state statute to contribute 10% of their annual covered salary and the Town is required to contribute at an actuarially determined rate. As provided by La. R.S. 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. For the fiscal year ended June 30, 2023, the required rate is 31.25% of annual covered payroll. The Town's contributions to the MPERS for the years ending June 30, 2023, 2022, and 2021 were \$109,584, \$96,253 and \$97,648, respectively. These amounts are equal to the required contributions for each year. The amount payable for legally required contributions by the Town on June 30, 2023 was \$10,365.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

On June 30, 2023, the Town reported a liability of \$1,071,273 for its proportionate share of net pension liability (NPL). The net pension liability was measured as of June 30, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating municipalities, actuarially determined. On June 30, 2022, the Town's proportion was 0.104803%, which was an increase of 0.009461% from its proportion measured as of June 30, 2021. The Town's proportionate share of revenue recognized for non-employer pension contributions to the plan was \$23,314 through the measurement date.

For the year ended June 30, 2023, the Town recognized pension expense of \$209,144. On June 30, 2023, the Town recognized deferred outflows of resources and deferred inflows of resources related to pensions from the following:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 5,284	\$ 8,731
Net difference between projected and actual earnings on pension plan investments	191,256	7,968
Changes of assumptions	36,953	-
Changes in proportion of beginning NPL	62,076	-
Differences between Town contributions and proportionate share of contributions	-	423
Town contributions after the measurement date	<u>109,584</u>	<u>-</u>
Totals	<u>\$ 405,153</u>	<u>\$ 17,122</u>

The \$109,584 reported as deferred outflows of resources related to pensions resulting from the Town contributions after the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

Year ended June 30:	
2024	\$ 77,951
2025	70,147
2026	30,027
2027	100,322
2028	-
Thereafter	-
Total	<u>\$ 278,447</u>

*Actuarial assumptions.* The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry Age Normal Cost	
Investment Rate of Return	6.75%, net of investment expense	
Expected Remaining Service Lives	4 years	
Inflation rate	2.5%	
Salary increases, including inflation and merit	<u>Years of Service</u>	<u>Salary Growth Rate</u>
	1-2	12.30%
	Above 2	4.70%

**Mortality** For annuitants and beneficiaries, the Pub-2010 Public Retirement Plan Mortality Table for Safety Below-Median Healthy Retirees multiplied by 115% for males and 125% for females, each with full generational projection using the MP2019 scale.

For disabled lives, the Pub-2010 Public Retirement Plans Mortality Table for Safety Disabled Retirees multiplied by 105% for males and 125% for females, each with full generational projection using the MP2019 scale.

For employees, the Pub-2010 Public Retirement Plans Mortality Table for Safety Below-Median Employees multiplied by 115% for males and 125% for females, each with full generational projection using the MP2019 scale.

**Cost-of-Living Adjustments** The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost-of-living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.

*Mortality Rate.* The mortality rate assumption used was set based upon an experience study performed by the prior actuary on plan data for the period July 1, 2014 through June 30, 2019 and review of similar law enforcement mortality. A change was made to full generational mortality which combines the use of base mortality table with appropriate mortality improvement scales. To set the base mortality table, actual plan mortality experience was assigned a credibility weighting and combined with a standard table to produce current levels of mortality.

The best estimates of the arithmetic nominal rates of return for each major asset class included in the System's target allocation as of June 30, 2022 (the measurement date) are summarized in the following table:

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Portfolio Real Rate of Return</u>
Equity	55.50%	3.60%
Fixed Income	30.50%	0.85%
Alternative	<u>14.00%</u>	<u>0.95%</u>
Totals	100.00%	5.40%
Inflation		<u>2.66%</u>
Expected Arithmetic Return		8.06%

*Discount rate.* The discount rate used to measure the total pension liability was 6.750%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the MPERS's actuary. Based on those assumptions, the MPERS's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the Town's proportionate share of pension liability to changes in the discount rate.* The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 6.750% as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.750%) and one percentage point higher (7.750%) than the current rate as of June 30, 2022:

	<b>1% Decrease 5.750%</b>	<b>Discount Rate 6.750%</b>	<b>1% Increase 7.750%</b>
Town's proportionate share of the net pension liability	\$1,499,577	\$1,071,273	\$713,497

*Change in Net Pension Liability:* The changes in the net pension liability for the year ended June 30, 2022, were recognized in the current reporting period as pension expense except as follows:

*Differences between Expected and Actual Experience:*

The differences between expected and actual experience about economic or demographic factors in the measurement of the total pension liability were recognized as pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan. The differences between expected and actual experience resulted in a deferred outflow of resources in the amount of \$5,284 and a deferred inflow of resources in the amount of \$8,731 for the year ended June 30, 2023.

*Differences between Projected and Actual Investment Earnings:*

The differences between projected and actual investment earnings on pension plan investments were recognized in pension expense using the straight-line amortization method over a closed five-year period. The differences between projected and actual investment earnings resulted in a deferred outflow of resources of \$191,256 and in a deferred inflow of resources in the amount of \$7,968 for the year ended June 30, 2023.

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

*Changes of Assumptions or Other Inputs:*

The changes of assumptions about future economic or demographic factors were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan. The changes of assumptions or other inputs resulted in a deferred outflow of resources in the amount of \$36,953 for the year ended June 30, 2023.

*Change in Proportion:*

Changes in the employer's proportionate shares of the collective net pension liability and collective deferred outflows of resources and deferred inflows of resources since the prior measurement date were recognized in employer's pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided pensions through the pension plan. Changes in employer's portion of the beginning net pension liability resulted in a deferred outflow of resources of \$62,076 for the year ended June 30, 2023.

*Differences Between Town's Contributions and Proportionate Share of Contributions:*

Differences between contributions remitted to the System and the employer's proportionate share are recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided pensions through the pension plan. Differences between Town contributions and proportionate share of contributions resulted in a deferred inflow of resources of \$423 for the year ended June 30, 2023.

**NOTE G - LONG-TERM LIABILITIES**

A summary of changes in long-term liabilities for the year ended June 30, 2023 follows:

	<u>Beginning of Year</u>	<u>Issued</u>	<u>Retired</u>	<u>End of Year</u>
Bonds payable	\$ 3,769,448	\$ 111,714	\$ 103,000	\$ 3,778,162
Other liabilities:				
Accrued leave benefits	<u>78,142</u>	<u>6,124</u>	<u>-</u>	<u>84,266</u>
Long-Term Liabilities	<u>\$ 3,847,590</u>	<u>\$ 117,838</u>	<u>\$ 103,000</u>	<u>\$ 3,862,428</u>

The payments on the sewer revenue bonds will be paid out of the Sales Tax Fund and/or the Sewer Fund. The accrued leave benefits liabilities will be paid by the General Fund. The long-term debt is comprised of the following individual issues:

Accrued Leave Payable-Governmental	\$ 78,808
Accrued Leave Payable-Proprietary	5,458

Utilities Revenue Refunding Bonds Payable-Proprietary:

\$3,660,000 Sewer revenue refunding bonds dated 06/08/2021 due in annual installments of \$90,000 to \$165,000 from 03/01/2022 through 03/01/2051; interest at 1.15% to 3% (secured by utility revenues)	3,475,000
--	-----------

Taxable Sales Tax Bond Payable-Governmental

\$3,350,000 Sales tax bonds dated 08/26/2021 due in annual installments of \$137,000 to \$164,000 from 08/01/2022 through 08/01/2041; interest at 0.95% (secured by sales tax revenues)	<u>303,162</u>
Total	<u>\$ 3,862,428</u>

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

The annual requirements to amortize all revenue and sales tax bonds outstanding at June 30, 2023 are as follows:

<u>Fiscal Year Ending</u>	<u>Principal Payments</u>	<u>Interest Payments</u>	<u>Totals</u>
2024	\$ 111,000	\$ 80,909	\$ 191,909
2025	236,000	79,213	315,213
2026	242,000	77,777	319,777
2027	104,162	74,932	179,094
2028	100,000	73,163	173,163
2029-2033	535,000	338,325	873,325
2034-2038	590,000	284,100	874,100
2039-2043	660,000	215,512	875,512
2044-2048	750,000	118,150	868,150
2049-2051	450,000	21,375	471,375
Totals	<u>\$3,778,162</u>	<u>\$1,363,456</u>	<u>\$ 5,141,618</u>

In accordance with La. R.S. 39:562, the Town is legally restricted from incurring long-term bonded debt (payable solely from ad valorem taxes) more than 35% of the assessed value of taxable property in the Town. On June 30, 2023 the statutory limit is \$5,041,141.

**NOTE H - COMPONENTS OF RESTRICTED ASSETS**

	<u>On Deposit</u>	<u>Required</u>	<u>Over (Under)</u>
Restricted assets consisted of the following at June 30, 2023:			
Cash accounts in general fund primarily by federal grants	\$ 499,766	\$ 499,766	\$ -
Cash account in sales tax bond sinking fund	336,640	336,640	-
Utilities refunding bond sinking account	66,226	64,322	1,904
Customer deposits – gas and water and sewer	<u>205,451</u>	<u>205,451</u>	<u>-</u>
Total restricted assets	<u>\$1,108,083</u>	<u>\$1,106,179</u>	<u>\$ 1,904</u>

**NOTE I - RISK MANAGEMENT**

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Town. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

**NOTE J - CONTINGENCIES**

The Town participates in a number of federal and state grant programs that are either partially or fully funded by grants received from other governmental units. Such grants are subject to audit by the grantor agencies which could result in requests for reimbursement to the granting agency for expenditures that are disallowed under the terms of the grant. Based on past experience, the Town believes that any disallowed costs as a result of such audits will be immaterial.

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

NOTE K - TRIBAL STATE COMPACT COMPLIANCE

The \$402,179 in operating transfers out of the gaming fund to the other funds were used entirely for reimbursement of police salaries of \$402,179.

NOTE L - LOCAL SERVICES AGREEMENT

On September 8, 1997 the Town entered into a local services agreement with the Allen Parish Libraries Board of Control, a subdivision of the Allen Parish Police Jury. The purpose was to construct a building in the Town to be used as a public library. The Town agreed to purchase land for the building, construct a building, be responsible for certain repairs, insure the building against loss, provide liability insurance and borrow money to accomplish the purposes of the agreement.

NOTE M - DEFERRED COMPENSATION PLAN

The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all full-time employees who have been employed by the Town for 12 consecutive months, permits them to defer a portion of their salaries until future years. The Town will match one-hundred percent (100%) of the employee's contribution to a maximum of five percent (5%) of the employee's salary. The deferred compensation is not available to employees until termination, retirement, or unforeseeable emergency. Deferred compensation is available to employees' beneficiaries in case of death. The amount of deferred compensation reported as expense during the reporting period was \$14,432. The balance due to the plan for both employer and employee contributions at the end of the reporting period was \$0.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the Town (without being restricted to the provisions of benefits under the plan), subject only to the claims of the Town's general creditors. Participants' rights under the plan are equal to those of general creditors of the Town in an amount equal to the fair market value of the deferred account for each participant.

*In management's opinion, the Town has no liability for losses under the plan. However, the Town does have the duty of due care that would be required of an ordinary prudent investor. The Town believes it is unlikely that it will use the plan assets to satisfy the claims of general creditors in the future.*

NOTE N - ON-BEHALF PAYMENTS FOR SALARIES

The State of Louisiana pays a portion of the salaries of the Town's police officers. These on-behalf payments have been recorded in the accompanying financial statements in accordance with GASB Statement 24 as intergovernmental revenues and expenditures as follows:

Intergovernmental Revenues:	
State	<u>\$ 60,675</u>
Expenditures:	
Salaries	<u>\$ 60,675</u>

**Town of Kinder, Louisiana**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

NOTE O – OPERATING TRANSFERS

Operating transfers consisted of the following at June 30, 2023:

	Transfers <u>In</u>	Transfers <u>Out</u>
Major funds:		
General Fund	\$ 873,047	\$ 172,392
Sales Tax Fund	8,826	705,771
Gaming Fund	-	402,179
Sales Tax Bond Sinking Fund	183,143	-
Water Fund	144,333	15,729
Sewer Fund	308,029	175,415
Gas Fund	<u>54,568</u>	<u>100,460</u>
	<u>\$1,571,946</u>	<u>\$1,571,946</u>

Operating transfers are used to move revenues from the fund that is required by statute or budget to collect them to the fund that is required by statute or budget to expend them. Typically, most of the operating transfers from proprietary funds are made into the General Fund. The Gaming Fund transfers to the General Fund in the amount of \$402,179 are used to cover a portion of police salaries. Operating transfers totaling \$183,143 were transferred from the Sales Tax Fund to the Sales Tax Bond Sinking Fund for debt service payments. The Sales Tax Fund also transferred debt service payments of \$174,067 to the Sewer Fund. The interfund balances result from the credit/debit card collections by the Water Fund that belong to the Gas and Sewer Funds that have not been transferred by the end of each month. Also, the interfund balances result from the payment of payroll in the General Fund that is subsequently reimbursed by the Gas and Water Funds.

**TOWN OF KINDER, LOUISIANA**

**Notes to Required Supplementary Information  
for the Year Ended June 30, 2023**

(1) Budget and Budgetary Accounting

The Town follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The Town Clerk prepares a proposed budget and presents it to the Mayor and Council prior to ninety days before the beginning of each fiscal year.
2. After the proposed budget is presented to the Mayor and Council, the Mayor publishes the proposed budget and notifies the public that the proposed budget is available for public inspection. At the same time, a public hearing is called.
3. A public hearing is held by the Mayor and Council on the proposed budget at least ten days after publication of the call for the hearing.
4. Any changes in the proposed annual operating budget require a majority vote of the Mayor and Council.
5. No later than the last regular meeting of the fiscal year, the Mayor and Council adopt the annual operating budget for the ensuing fiscal year.
6. Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
7. Budget appropriations lapse at year-end.

(2) Excess of Expenditures Over Appropriations

Formal budgetary integration is employed as a management control device during the year, and encumbrance accounting is not used by the Town. Budgeted amounts included in the accompanying financial statements include the original adopted and final budget amounts. The budget was amended once during the year.

(3) Pension Information

The schedule of the Town's proportionate share of the net pension liability and the schedule of the Town's pension contributions show information for 10 years.

### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

December 22, 2023

Honorable Wayland LaFargue, Mayor  
and the Town Council  
Town of Kinder, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Kinder, Louisiana (the "Town"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements and have issued our report thereon dated December 22, 2023.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses or significant deficiencies. However, material weaknesses or significant deficiencies may exist that were not identified.

Honorable Wayland LaFargue, Mayor  
and the Town Council  
Town of Kinder, Louisiana  
December 22, 2023  
Page 2

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of the Town's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2023-1 C.

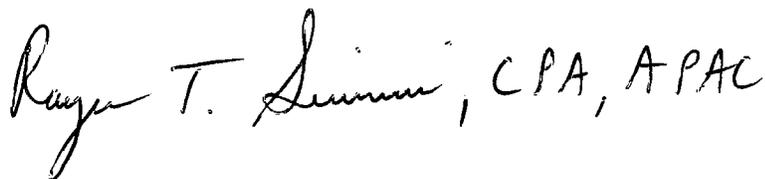

Town of Kinder, Louisiana's Response to Findings

*Government Auditing Standards* requires the auditor to perform limited procedures on the Town's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The Town of Kinder, Louisiana's response to the findings identified in our audit is described in the accompanying management's corrective action plan for the current year audit findings and responses. The Town of Kinder, Louisiana's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor of the State of Louisiana as a public document.

### INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE FOR THE U.S. DEPARTMENT OF TREASURY CORONAVIRUS STATE AND LOCAL FISCAL RECOVERY FUNDS PROGRAM (CSLFRF) REQUIREMENTS FOR AN ALTERNATIVE CSLFRF COMPLIANCE EXAMINATION ENGAGEMENT

December 22, 2023

Honorable Wayland LaFargue, Mayor  
and the Town Council  
Town of Kinder, Louisiana

We have examined the Town of Kinder, Louisiana's (the "Town") compliance with the compliance requirements "activities allowed or unallowed" and "allowable cost/cost principles" (the specified requirements) as described in Part IV "Requirements for an Alternative Compliance Examination Engagement for Recipients That Would Otherwise be Required to Undergo a Single Audit or Program-Specific Audit as a Result of Receiving Coronavirus State and Local Fiscal Recovery Funds" of the CSLFRF section of the 2022 OMB *Compliance Supplement* (referred to herein as "Requirements for an Alternative CSLFRF Compliance Examination Engagement") during the year ended June 30, 2023. Management of the Town is responsible for the Town's compliance with the specified requirements. Our responsibility is to express an opinion on the Town's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the AICPA; the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in the "Requirements for an Alternative CSLFRF Compliance Examination Engagement." Those standards and requirements require that we plan and perform the examination to obtain reasonable assurance about whether the Town complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Town complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Honorable Wayland LaFargue, Mayor  
and the Town Council  
Town of Kinder, Louisiana  
December 22, 2023  
Page 2

Our examination does not provide a legal determination on the Town's compliance with specified requirements.

In our opinion, the Town complied, in all material respects, with the specified requirements referenced above during the year ended June 30, 2023.

**Other Reporting Required by *Government Auditing Standards***

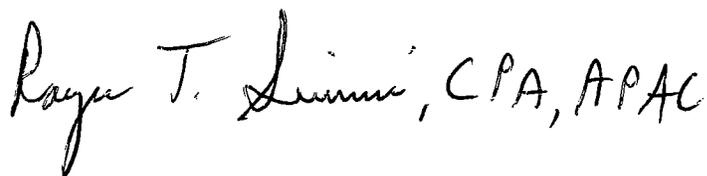

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud, and noncompliance with provisions of laws, regulations, contracts or grant agreements that have a material effect on the Town's compliance with the specified requirements and any other instances that warrant the attention of those charged with governance. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on the Town's compliance with the specified requirements and not for the purpose of expressing an opinion on the internal control over the specified requirements or on compliance and other matters; accordingly, we express no such opinions. The results of our tests disclosed no matters that are required to be reported under *Government Auditing Standards*.

**Intended Purpose**

The purpose of this examination report is solely to express an opinion on whether the Town complied, in all material respects with the specified requirements referenced above during the year ended June 30, 2023. Accordingly, this report is not suitable for any other purpose.

## INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Honorable Wayland LaFargue, Mayor  
And the Town Council  
Town of Kinder, Louisiana

December 22, 2023

We have performed the procedures enumerated below on the control and compliance (C/C) areas, identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2022, through June 30, 2023. The Town of Kinder, Louisiana (the "Town") management is responsible for those C/C areas identified in the SAUPs.

The Town has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period July 1, 2022, through June 30, 2023. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

### 1) *Written Policies and Procedures*

A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:

- i. ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.

**No exceptions were found because of this procedure.**

- ii. ***Purchasing***, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bids and price quotes.

**No exceptions were found because of this procedure.**

- iii. ***Disbursements***, including processing, reviewing, and approving.

**No exceptions were found because of this procedure.**

- iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

**No exceptions were found because of this procedure.**

- v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.

**No exceptions were found because of this procedure.**

- vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

**No exceptions were found because of this procedure.**

- vii. **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

**No exceptions were found because of this procedure.**

- viii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

**No exceptions were found because of this procedure.**

- ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

**No exceptions were found because of this procedure.**

- x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

**No exceptions were found because of this procedure.**

- xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

**No exceptions were found because of this procedure.**

- xi. ***Prevention of Sexual Harassment***, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

**No exceptions were found because of this procedure.**

## ***2) Board or Finance Committee***

---

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and

- i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

**The minutes reflected that the managing council met monthly without exception.**

- ii. For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*

**Monthly income statements with budgetary comparisons and variances were provided to the Council and Mayor by handout. The minutes reflect this activity for all meetings that occurred without exception.**

- iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

**The general fund did not have a negative ending unassigned fund balance in the prior year audit report.**

- iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

**The only prior year finding related to a budget overage on revenues. The Town now monitors both revenues and expenditures and amends as needed.**

### 3) *Bank Reconciliations*

---

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);  
**The listing was provided by management. All reconciliations were prepared within the two-month time frame as applicable without exception.**
  - ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and  
**The Town Clerk reviewed and initialed all bank reconciliations tested. The Town Clerk also occasionally makes deposits, handles cash at collections points, and does sign checks (Exception). Note that there are also two other members of managements that sign the checks (Compensating Control).**  
**Management Response/Corrective Action: The Town has a small number of employees performing these essential accounting functions and segregation of duties can be difficult when employees are absent. Since the Town Clerk is responsible for overseeing all essential accounting functions and only occasionally handles cash, no corrective action was deemed necessary.**
  - iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.  
**There were no outstanding checks for more than 12 months from the closing statement date.**

### 4) *Collections (excluding electronic funds transfers)*

---

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).  
**The listing was provided by management without exception.**
- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that

- i. Employees responsible for cash collections do not share cash drawers/registers;  
**Four of the Town's employees that collect non-police payments share two cash drawers (Exception).**  
**Management Response/Corrective Action: The Town has a small number of employees and there are two main drawers that collect payments. There are, at times, four employees working that assist customers with utility and other payments. The drawers are centrally located within open view of the other employees and two cameras record the transactions during normal working hours (Compensating Control). No corrective action was deemed necessary.**
- ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;  
**The Town has a formal process to reconcile sequentially pre-numbered receipts and cash collections to the general ledger by revenue source, but this reconciliation is done by an employee who is also responsible for some cash collections and some of the associated recording of transactions as well as preparing/making bank deposits (Exception).**  
**Management Response/Corrective Action: Management tries to limit the amount of cash collections by the same employee reconciling bank accounts. However, the Town has a small number of employees and assistance is sometimes needed when other employees are not available for customer transactions. No corrective action was deemed necessary.**
- iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and  
**Since the collection data for each collection location is integrated with the accounting system and automatically posts at the end of each day, each employee who collects cash is also responsible for collection entries to the general ledger (Exception).**  
**Management Response/Corrective Action: Since the collection and accounting systems are integrated, management believes that no corrective action is deemed necessary.**
- iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, is (are) not also responsible for collecting cash, unless another employee/official verifies the reconciliation.  
**There is an employee who is responsible for reconciling cash collections to the general ledger who also occasionally collects cash. However, another employee verifies the reconciliation.**

- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.

**Each employee that is responsible for handling cash is bonded without exception.**

- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:

- i. Observe that receipts are sequentially pre-numbered.

**Receipts were sequentially pre-numbered where applicable without exception.**

- ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

**When applicable, sequentially pre-numbered receipts, system reports, and other related collection documentation were traced to deposit slips without exception.**

- iii. Trace the deposit slip total to the actual deposit per the bank statement.

**The deposit slip totals on the tested 10 deposits were traced to the bank statement deposit without exception.**

- iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

**All deposits were made within one business day of receipt at the collection location where applicable without exception.**

- v. Trace the actual deposit per the bank statement to the general ledger.

**The 10 tested deposits were traced to the general ledger where applicable without exception.**

**5) *Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)***

---

- A) Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

**The listing was provided by management without exception.**

- B) For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that:
- i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;  
**Three of the five transactions tested had documentation of two employees involved in initiating the purchase request, approving a purchase, and placing an order or making the purchase (Exception).**  
**Management Response/Corrective Action: Management will correct this by having the initiating employee initial the purchase orders on all non-recurring transactions that are generated by another employee who also initials them before they are placed.**
  - ii. At least two employees are involved in processing and approving payments to vendors;  
**In the tested transactions, two employees were involved in processing and approving payment to vendors without exception.**
  - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;  
**In the tested transactions, the accounts payable clerk was responsible for processing payments and had the authority to add/modify vendor files. However, another employee is responsible for periodically reviewing changes to the vendor files.**
  - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and  
**In the tested transactions, the employee responsible for signing checks gave the signed checks to another employee to mail who is not responsible for processing payments without exception.**
  - v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.  
**The Town attaches the voided check and a copy of the invoice for each ACH transaction. However, there was no authorizing signature on either to verify approval (Exception).**  
**Management Response/Corrective Action: An employee with signature authority will initial the invoices or voided checks attached to the bank statements showing approval for all ACH transactions.**

*[Note: Findings related to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]*

- C) For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and

**Management provided the entire transaction population without exception.**

- i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and

**We were able to match the disbursements tested to the related original itemized invoices without exception. However, no other supporting documentation was provided to indicate the deliverables referenced on the invoice were received by the Town (Exception).**

**Management Response/Corrective Action: An employee will review items as they are received and initial the invoices or receiving reports verifying that what was ordered was actually received.**

- ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.

**The disbursement documentation included evidence of segregation of duties (i.e., the payment processing employee and the approving employee were two different employees).**

- D) Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

**Of the 5 electronic disbursements tested, none had evidence of an approval by a person authorized to disburse funds or by two authorizing signatures which is the Town's policy for other non-electronic payments (Exception).**

**Management Response/Corrective Action: The Town's finance clerk (the person who process the payments) will initial each invoice before it goes to the Town Clerk and another authorized person (employee/mayor/or council member) for final approval before the payment is processed and paid by electronic funds transfers.**

**6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)**

---

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

**The listing was provided by management without exception.**

- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and

- i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and

**We were able to gather evidence for the month tested that the monthly statements and supporting documentation were reviewed and approved in writing by someone other than the authorized card holder without exception.**

- ii. Observe that finance charges and late fees were not assessed on the selected statements. **In the tested disbursements, there was an interest charge for \$3.60 (Exception).**

**Management Response/Corrective Action: Management will pay each statement in full to avoid any associated interest or penalties.**

- C. Using the monthly statements or combined statements selected under procedure #7B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

**Each transaction tested was supported by an original itemized receipt that identified precisely what was purchased and written documentation of the business/public purpose. There were no meals purchased during the month tested.**

**7) *Travel and Travel-Related Expense Reimbursements (excluding card transactions)***

---

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected

**The listing was provided by management without exception.**

- i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov));

**The Town utilized a per diem rate of \$60 per day for meals and incidental expenses in the transactions tested. This amount was \$9 less than the GSA rate for the area traveled of \$69 per day.**

- ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;

**The one transaction tested that was a reimbursement for actual cost was supported by an original itemized receipt that identified precisely what was purchased.**

- iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and

**In all transactions tested, we were provided with documentation of the business/public purpose of the transaction.**

- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

**Each of the five transactions tested were reviewed and approved in writing by someone other than the person receiving reimbursement.**

**8) *Contracts***

---

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:

**The listing was provided by management without exception.**

- i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;  
**There were no contracts tested that were required to be bid in accordance with the Louisiana Public Bid Law. No exception was found because of this procedure.**
- ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);  
**All of the contracts tested were approved by the Mayor in accordance with the Town policy. No exceptions were found because this procedure.**
- iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and  
**No amendments or change orders were made to contracts tested. No exceptions were found because of this procedure.**
- iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.  
**All tested payments matched supporting invoices and agreed with the terms and conditions of the contracts. No exceptions were found because of this procedure.**

## ***9) Payroll and Personnel***

---

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.  
**Management provided the required listing without exception. Paid salaries and wages for only one of the five selected employees/officials agreed with the authorized salaries/pay rates contained in the personnel files (Exception).**  
**Management Response/Corrective Action: The paid salaries and wages were properly authorized. Management will update personnel files for the authorized updated pay rates.**
- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and
  - i. Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);  
**Documentation of daily attendance and leave for all employees tested was provided without exception.**

- ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;

**Supervisor's approval of attendance and leave for all employees tested was provided without exception.**

- iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and

**The leave accrued or taken during the pay period tested was reflected in the cumulative leave records without exception.**

- iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.

**Paid salaries and wages for the selected employees/officials were not in agreement with the authorized salaries/pay rates contained in the personnel files because only the initial pay rate is provided (Exception). Each raise should be reflected in the employee's payroll file to document ongoing authorization.**

**Management Response/Corrective Action: The paid salaries and wages were properly authorized. Management will update personnel files for the authorized updated pay rates.**

- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.

**The listing was provided by management without exception. The employees/officials tested were paid in accordance with the Town's termination policy without exception.**

- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

**Management represented that all payments were made timely and any associated forms were filed timely without exception.**

## 10) Ethics

---

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and

- i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and

**The documentation provided demonstrated that four of the five tested employees/officials had completed their one hour of ethics training during the fiscal period (Exception).**

**Management Response/Corrective Action: Management will remind employees of this training requirement. Management will also audit the file annually to verify that employees have completed their training for each year. All certificates will be kept in a folder at Town Hall.**

- ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

**Since there were no changes in the Town's ethics policy during the fiscal year, there was no need for any notifications.**

- B) Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

**Upon inquiry, management advised that the Town Clerk is the ethics designee.**

### ***11) Debt Service***

---

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.

**Management provided the listing of bonds/notes issued during the fiscal year without exception. Sales tax bonds were issued during the fiscal year and documentation of approval by State Bond Commission was provided without exception.**

- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

**We verified that reserve balances and payments required by debt covenants were maintained and paid, as applicable, in accordance with the debt covenants without exception.**

### ***12) Fraud Notice***

---

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.

**Management has represented that the Town did not have any misappropriation of public funds or assets during the fiscal year. No exceptions were found because of this procedure.**

- B. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

**The Town of Kinder office did have the required notice required by R.S. 24:523.1 posted in a conspicuous place upon its premises and on the Town's website. No exceptions were found because of this procedure.**

### 13) Information Technology Disaster Recovery/Business Continuity

- A. Perform the following procedures, **verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."**

- i. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.

**We performed the procedure and discussed the results with management. The Town's critical data is backed up daily to a cloud-based program. These backups are tested regularly and accessible to the Town as needed. Management performed the procedure of retrieving the backups and verified that the data was restored. The data is not stored on a local medium, but it is encrypted during the transfer. No exceptions were found because of this procedure.**

- ii. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

**We performed the procedure and discussed the results with management. The Town's data backups are tested regularly and accessible to the clerk and accounts payable clerk as needed. We observed evidence that the testing and verification was successfully performed within the past 3 months. No exceptions were found because of this procedure.**

- iii. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and

observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

**We performed the procedure and discussed the results with management. The listing was provided by management without exception. The Town pays an IT company monthly for services to maintain/update all computer software (including antivirus) and hardware. Each of the computers selected had current and active antivirus software, operating systems, and accounting software system that were currently supported by the vendor without exception.**

- B. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.

**There were only 2 terminated employees. We verified that both former employees were removed from the network within a reasonable amount of time after termination.**

#### ***14) Prevention of Sexual Harassment***

---

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.

**We were provided documentation that two of the five employees/officials tested had completed at least one hour of sexual harassment training during the fiscal year (Exception).**

**Management Response/Corrective Action: Management will remind employees of this training requirement and to print verification of attendance after completion annually. Management will also audit the file annually to verify that employees have completed their sexual harassment training.**

- B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

**The Town's sexual harassment policy and complaint procedure was posted on its website. We did visually observe that the Town's sexual harassment policy and complaint procedure was posted in a conspicuous location on the premises without exception.**

- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:

**The Town did not complete its annual sexual harassment report (Exception).**

**Management Response/Corrective Action: Management will complete its annual sexual harassment report and ensure that all elements of the applicable requirements of R.S. 42:344 are included.**

- i. Number and percentage of public servants in the agency who have completed the training requirements;

**The Town did not complete its annual sexual harassment report (Exception).**

**Management Response/Corrective Action: Management will complete its annual sexual harassment report and ensure that all elements of the applicable requirements of R.S. 42:344 are included.**

- ii. Number of sexual harassment complaints received by the agency;

**Management represented that no sexual harassment complaints were received by the Town during the fiscal year.**

- iii. Number of complaints which resulted in a finding that sexual harassment occurred;

**Since there were no complaints received, there could be no associated findings that sexual harassment occurred.**

- iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and

**Not applicable.**

- v. Amount of time it took to resolve each complaint.

**Not applicable.**

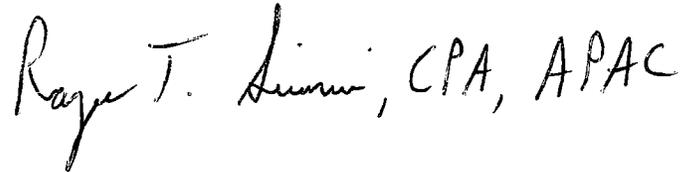

We were engaged by the Town to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

Independent Accountants' Report on Applying Agreed-Upon Procedures-Continued  
Honorable Wayland LaFargue, Mayor and the Town Council  
Town of Kinder, Louisiana  
December 22, 2023

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

Royce T. Scimemi, CPA, APAC  
Oberlin, Louisiana

A handwritten signature in black ink that reads "Royce T. Scimemi, CPA, APAC". The signature is written in a cursive style with a large initial 'R'.
